NEW YORK, May 11, 2026 (GLOBE NEWSWIRE) -- Getty Images Holdings, Inc. ("Getty Images" or the "Company") (NYSE: GETY), a preeminent global visual content creator and marketplace, today reported financial results for the first quarter ended March 31, 2026.

"The first quarter reflected the dynamic market environment we are operating in," said Craig Peters, Chief Executive Officer of Getty Images. "While certain areas remain challenged, most notably Agency and microstock, the vast majority of our business continues to see growth and opportunity, supported by strong customer renewals, high-quality content and coverage, and the value we provide to our customers. I remain excited about what lies ahead as our unique foundational pillars — our content and coverage, the expertise of our teams, the commitment of our customers, and the strength of our brands — position us to grow with existing customers and reach new markets."

"Even with navigating some headwinds in Q1, we continue to expect our financial results to be within our previously stated full year guidance—as we focus on driving to our core strengths, optimizing returns and maintaining financial flexibility," said Jenn Leyden, Chief Financial Officer of Getty Images.

### First Quarter 2026 Financial Summary:

- Revenue of \$226.6 million increased 1.1% year over year and decreased 2.5% on a currency neutral basis.
  - Creative revenue of \$126.2 million, down 4.5% year over year and 8.0% on a currency neutral basis.
  - Editorial revenue of \$91.7 million, up 11.0% year over year and 7.1% on a currency neutral basis.
  - Other revenue of \$8.6 million, down \$0.7 million from \$9.3 million in Q1'25.
  - Annual Subscription Revenue grew to 57.4% of total revenue, up from 57.2% in Q1'25.
- Net Loss of \$4.4 million, compared to a Net Loss of \$102.6 million in Q1'25. Primary drivers of the year-on-year improvement include:
  - \$62.0 million decrease in tax expense primarily due to nondeductible interest, changes in valuation allowance and significantly larger book loss in the first quarter 2025,
  - \$39.9 million improvement in foreign exchange gain primarily due to revaluation of the Euro Term Loan,
  - \$8.1 million increase in Other non-operating income driven by interest income earned on merger-related funds held in escrow,
  - \$5.5 million decrease in loss on extinguishment of debt tied to the Q1'25 Term Loan refinancing,
  - \$4.2 million increase in income from operations primarily due to a \$14.8 million year-on-year decrease in merger related expenses in Q1'26, and
  - \$21.5 million increase in interest expense primarily due to the higher rates following the 2025 refinancing transactions and the incremental debt raised in 2025 in connection with the planned merger.
- Net Loss Margin for Q1'26 was 2.0% compared to Net Loss Margin of 45.8% in Q1'25.
- On a non-GAAP basis, adjusted Net Loss\* was \$6.5 million, as compared to \$58.3 million adjusted Net Loss\* in the prior year.
- Adjusted EBITDA\* of \$61.6 million, down 12.2% year over year and 15.2% on a currency neutral basis.
- Adjusted EBITDA Margin\* was 27.2% for Q1'26 compared to 31.3% in the prior year period. The decrease in rate was primarily due to a combination of higher cost of revenue driven by revenue mix and revenue recognition impacts, as well as some higher costs tied to our Winter Olympics coverage. The Company expects cost of revenue and SG&A rates to normalize over the balance of the year, with adjusted EBITDA margins expected to return to the typical 30% range.
- Adjusted EBITDA less capex\* was \$45.5 million, down 16.3% year over year and 19.4% on a currency neutral basis.

### Liquidity and Balance Sheet:

- Net cash provided by operating activities of \$40.0 million in Q1'26, compared to \$15.4 million in the prior year period.
- Free cash flow\* of \$24.0 million in Q1'26, compared to \$(0.3) million in the prior year period, with the improvement primarily driven by a decrease in cash interest expense and merger cost outflows, and changes in working capital.
- Ending cash balance was \$96.6 million, up \$6.5 million from December 31, 2025 and down \$18.0 million from March 31,

2025.

- Total debt was \$2.0 billion, which included \$1.2 billion in Senior Secured Notes, Term Loan balance of \$521.0 million, consisting of \$40.1 million in USD and \$480.9 million in USD equivalent of Euros, converted using exchange rates as of March 31, 2026, and \$300.0 million of Senior Unsecured Notes. The Company had \$150.0 million available through its revolving credit facility, which remained undrawn as of March 31, 2026, for total available liquidity of \$246.6 million.
- On April 16, 2026, the United States Court of Appeals for the Second Circuit denied the Company's petition for rehearing in connection with the Alta and CRCM warrant litigation. On April 23, 2026, the Company paid \$110.9 million in judgment and associated interest related to this matter. This matter had been fully reserved for in prior periods. The Company drew \$120.0 million from its revolving credit facility on April 22, 2026, the proceeds of which were used in part to pay the judgment.
- As of March 31, 2026 the Company had \$33.7 million of insurance recovery receivable related to the warrant litigation, representing receivables from third-party insurance carriers for these legal claims. Subsequent to March 31, 2026, \$30.0 million has been received from insurance carriers and the remainder is available to the Company.

\* Non-GAAP Net Income (Loss), Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted EBITDA less capex, and Free Cash Flow are non-GAAP financial measures. Refer to the Reconciliation of GAAP and Non-GAAP Financial Measures section below.

### Financial Outlook for Full Year 2026

The following table summarizes Getty Images' fiscal year 2026 guidance, including a normalized revenue outlook that excludes the impact of the \$40 million of accelerated revenue recognized in Q4 2025 from two multi-year licensing agreements. This guidance remains unchanged from guidance communicated earlier this year.

	2026 Guidance	Normalized Revenue Growth
Revenue	\$948 million to \$988 million	
Revenue YoY	-3.4% to 0.6%	0.7% to 4.9%
Revenue YoY, Currency Neutral	-4.5% to -0.5%	-0.5% to 3.7%
Adjusted EBITDA	\$279 million to \$295 million	
Adjusted EBITDA YoY	-12.9% to -8.1%	-2.4% to 2.9%
Adjusted EBITDA YoY, Currency Neutral	-13.9% to -9.1%	-3.6% to 1.7%

The guidance has been prepared based on the following foreign currency exchange rates: the Euro at 1.17 and GBP at 1.34, which remains unchanged. In addition, the Adjusted EBITDA guidance now includes approximately \$6.9 million of one-off increases in SG&A, up from \$5.6 million previously, as the Company continues to accelerate its SOX compliance efforts. This acceleration is in anticipation of needing to be SOX 404(b) compliant assuming the pending merger with Shutterstock is consummated in 2026.

## Previously Announced Merger Agreement with Shutterstock

On January 7, 2025, Getty Images announced that it entered into a merger agreement with Shutterstock to combine in a merger of equals transaction, creating a premier visual content company. The proposed transaction was approved by Shutterstock stockholders on June 10, 2025, the DOJ has concluded its review and the applicable waiting period under the Hart-Scott-Rodino Act has expired, without conditions and the Proposed Transaction remains subject to other customary closing conditions, including regulatory approval in the United Kingdom.

Following submission of a briefing paper, on April 22, 2025, the United Kingdom Competition and Markets Authority ("CMA") invited Getty Images to submit a Merger Notice and their review process is ongoing. On October 20, 2025, Getty Images received notice from the CMA of their intent to refer the proposed merger to a Phase 2 review process unless acceptable undertakings to address their competition concerns are offered. On November 3, 2025, the CMA announced that despite the offer of a comprehensive package of remedies by Getty Images and Shutterstock, it has referred the merger to a Phase 2 review process.

On February 19, 2026, the CMA issued its interim report as part of its ongoing Phase 2 review, finding that the merger is not expected to result in a substantial lessening of competition in the global stock (creative) content market however the CMA also found that the merger may result in a lessening of competition in the UK editorial market.

On March 11, 2026, the CMA published an Invitation to Comment on Remedies and published a Notice of Extension, extending its reference period by eight weeks to June 14, 2026. On March 12, 2026, Getty Images and Shutterstock responded to the Interim Report.

On April 16, 2026, the CMA issued a provisional decision with respect to the appropriate remedy to address the competition concerns provisionally identified in the Interim Report.

Getty Images and Shutterstock are actively engaged with the CMA ahead of the CMA's final decision. Based on the merits of the transaction and market realities, Getty Images and Shutterstock remain hopeful that the CMA will reach a conclusion consistent with the DOJ and other regulators around the globe.

Both parties continue to expect the transaction to close in 2026.

For additional information associated with the transaction, please see the Company filings from time to time with the Securities and Exchange Commission.

We believe presenting currency neutral information provides valuable supplemental information regarding our comparable results, consistent with how we evaluate our performance internally.

Reconciliations of these non-GAAP measures to the most comparable GAAP measures are provided below.

The Company does not reconcile its forward-looking non-GAAP financial measures to the corresponding U.S. GAAP measures, due to variability and difficulty in making accurate forecasts and projections and/or certain information not being ascertainable or accessible; and because not all of the information, such as foreign currency impacts necessary for a quantitative reconciliation of these forward-looking non-GAAP financial measures to the most directly comparable U.S. GAAP financial measure, is available to the Company without unreasonable efforts. For the same reasons, the Company is unable to address the probable significance of the unavailable information. The Company provides non-GAAP financial measures that it believes will be achieved, however it cannot accurately predict all of the components of the adjusted calculations and the U.S. GAAP measures may be materially different than the non-GAAP measures.

### Reconciliation of Adjusted Net Income and Adjusted Earnings Per Share

Adjusted Net Income and Adjusted Earnings Per Share are non-GAAP financial measures that we use to provide a more meaningful comparison of our core operating results from period to period. These measures exclude the impact of certain items that we believe are not indicative of our core operating performance. These adjustments include, but are not limited to, foreign exchange gains (losses), net and other non-recurring items. The following table reconciles Net Income (Loss) and Earnings (Loss) Per Share, the most directly comparable GAAP measures, to Adjusted Net Income (Loss) and Adjusted Earnings (Loss) Per Share for the periods presented:
