New York, NY, May 12, 2025 – Getty Images Holdings, Inc. (“Getty Images” or the “Company”) (NYSE: GETY), a preeminent global visual content creator and marketplace, today reported financial results for the first quarter ended March 31, 2025.

“Results in the first quarter were consistent with our expectations, with growth highlighted by gains across our subscription business, and continued customer value delivered through our offerings,” said Craig Peters, Chief Executive Officer for Getty Images. “We remain committed to investing in the core assets of our company and continuing to evolve our offering in ways that deepen our relevance for our customers. We believe this strategy positions us well to achieve our 2025 outlook and beyond.”

“We delivered a solid performance during a challenging start to the year, with positive operating metrics and a growing annual subscription business,” said Jenn Leyden, Chief Financial Officer. “Looking ahead to the rest of 2025, we are optimistic about the opportunities to build momentum and expand our customer base, while recognizing the need to focus on execution in the current environment and maintain our financial discipline.”

First Quarter 2025 Financial Summary:

- Revenue of \$224.1 million increased 0.8% year over year and 2.6% on a currency neutral basis.

 - \$41.5 million increase in foreign exchange loss primarily due to revaluation of the Euro Term Loan,
 - \$13.7 million decrease in income from operations primarily due to approximately \$18.0 million of merger related expenses in Q1’25, and
 - \$5.5 million increase in loss on extinguishment of debt tied to the Q1’25 Term Loan refinancing.
- Net Loss Margin for Q1’25 was 45.8% compared to Net Income Margin of 6.1% in Q1’24.

The year-on-year decrease was driven in large part by \$55.2 million of voluntary debt paydowns over the past twelve months and \$12.5 million of outflows related to the refinancing transaction completed in Q1 2025. The Company has \$150.0 million available through its Revolver, which remains undrawn, for total available liquidity of \$264.6 million.
- During the quarter, the company completed the refinancing of its existing term loan structure, replacing its old term loans, which were set to mature in February 2026, with new loans now maturing in February 2030.
- Total debt was \$1.36 billion, which included \$300.0 million in senior notes and a Term Loan balance of \$1.06 billion, consisting of \$580.0 million in USD and \$476.1 million in USD equivalent of Euros, converted using exchange rates as of March 31, 2025.
- On May 5, 2025, the Company completed a permitted voluntary loan to bond exchange for its \$580 million of USD fixed rate loans. In total, \$539.9 million of loans were exchanged into new fixed rate notes with the same 2030 maturity and 11.25% interest rate as the USD fixed rate loans.

Non-GAAP Financial Measures

In order to assist investors in understanding the core operating results that our management uses to evaluate the business and for financial planning, we present the following non-GAAP measures: (1) Adjusted EBITDA, (2) Adjusted EBITDA Margin, (3) Adjusted EBITDA less capex (4) Adjusted Net Income and Adjusted Earnings Per Share and (5) Free Cash Flow. The presentation of this financial information is not intended to be considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with U.S. GAAP.

The Company believes that these measures are relevant and provide useful information widely used by analysts, investors and other interested parties in our industry to provide a baseline for evaluating and comparing our operating performance, and in the case of free cash flow, our liquidity results. We also evaluate our revenue on an as reported (U.S. GAAP) and currency neutral basis. We believe presenting currency neutral information provides valuable supplemental information regarding our comparable results, consistent with how we evaluate our performance internally.

Reconciliations of these non-GAAP measures to the most comparable GAAP measures are provided below.

The Company does not reconcile its forward-looking non-GAAP financial measures to the corresponding U.S. GAAP measures, due to variability and difficulty in making accurate forecasts and projections and/or certain information not being ascertainable or accessible; and because not all of the information, such as foreign currency impacts necessary for a quantitative reconciliation of these forward-looking non-GAAP financial measures to the most directly comparable U.S. GAAP financial measure, is available to the Company without unreasonable efforts. For the same reasons, the Company is unable to address the probable significance of the unavailable information. The Company provides non-GAAP financial measures that it believes will be achieved, however it cannot accurately predict all of the components of the adjusted calculations and the U.S. GAAP measures may be materially different than the non-GAAP measures.

Reconciliation of Adjusted Net Income and Adjusted Earnings Per Share

Adjusted Net Income and Adjusted Earnings Per Share are non-GAAP financial measures that we use to provide a more meaningful comparison of our core operating results from period to period. These measures exclude the impact of certain items that we believe are not indicative of our core operating performance. These adjustments include, but are not limited to, foreign exchange gains (losses), net and other non-recurring items. The following
