To the Shareholders of CC Neuberger Principal Holdings II:

You are cordially invited to attend the Extraordinary General Meeting (the “Shareholders Meeting”) of CC Neuberger Principal Holdings II (“CCNB”) on [●], 2022 at 9:00 a.m., Eastern Time, at the offices of Kirkland & Ellis LLP located at 601 Lexington Avenue, 50th Floor, New York, New York 10022, and via a virtual meeting, for the purpose of voting on CCNB’s proposed Business Combination (as defined below) with Griffey Global Holdings, Inc. (“Getty Images”) and the other matters described in the accompanying proxy statement/prospectus.

The board of directors of CCNB (the “CCNB Board”) has unanimously approved the Business Combination Agreement, dated December 9, 2021 (the “Business Combination Agreement”), by and among CCNB, Vector Holding, LLC, a Delaware limited liability company and wholly-owned direct subsidiary of CCNB (“New CCNB”), Vector Domestication Merger Sub, LLC, a Delaware limited liability company and wholly-owned subsidiary of New CCNB (“Domestication Merger Sub”), Vector Merger Sub 1, LLC, a Delaware limited liability company and a wholly-owned subsidiary of CCNB (“G Merger Sub 1”), Vector Merger Sub 2, LLC, a Delaware limited liability company and a wholly-owned subsidiary of CCNB (“G Merger Sub 2”), Getty Images and Griffey Investors, L.P., a Delaware limited partnership, solely for the purposes of certain sections set forth therein, pursuant to which (a) on the business day prior to the date of the closing of the Business Combination (the “Closing Date”), New CCNB will statutorily convert from a Delaware limited liability company to a Delaware corporation (the “Statutory Conversion”), (b) on the Closing Date following the Domestication Merger, G Merger Sub 1 will be merged with and into Getty Images, with Getty Images surviving the merger as an indirect wholly-owned subsidiary of New CCNB (the “First Getty Merger”) and (c) immediately after the First Getty Merger, Getty Images will be merged with and into G Merger Sub 2 with G Merger Sub 2 surviving the merger as an indirect wholly-owned subsidiary of New CCNB (the “Second Getty Merger”) and together with the First Getty Merger, the “Getty Mergers”).

The transactions contemplated by the Business Combination Agreement, including the Statutory Conversion, the Domestication Merger, the First Getty Merger and the Second Getty Merger, are referred to herein as the “Business Combination.” A copy of the Business Combination Agreement is attached to the accompanying proxy statement/prospectus as Annex A.

In addition, in connection with CCNB’s initial public offering (“IPO”), CCNB entered into (a) that certain Forward Purchase Agreement, dated August 4, 2020 (the “Forward Purchase Agreement”), with Neuberger Berman Opportunistic Capital Solutions Master Fund LP (“NBOKS”), which provides for the purchase of up to 20,000,000 shares of Class A common stock of New CCNB ("New CCNB Class A Common Stock"), par value $0.0001 per share (the “Forward Purchase Shares”), plus 3,750,000 redeemable warrants to purchase one share of New CCNB Class A Common Stock at $11.50 per share (the “Forward Purchase Warrants” and, together with the Forward Purchase Shares, the “Forward Purchase Securities”), for a purchase price of $200,000,000 or $10.00 per share of New CCNB Class A Common Stock (the “Forward Purchase Amount”), in a private placement to close concurrently with the closing of CCNB’s initial business combination (which will be the Business Combination should it occur) The purchase of the Forward Purchase Securities will be made regardless of whether any Class A ordinary shares of CCNB (“CCNB Class A Ordinary Shares”) included in the units issued in the IPO (“public shares”) are redeemed by CCNB’s public shareholders. The Forward Purchase Securities will be issued only in connection with the closing of the Business Combination (the “Closing”). The proceeds from the sale of Forward Purchase Securities will be...
part of the consideration payable under the Business Combination Agreement. Getty Images is a third party beneficiary of CCNB's rights to enforce NBOKS' obligation to fund pursuant to the Forward Purchase Agreement (as amended by the NBOKS Side Letter (as defined below)), subject to the terms and conditions set forth therein and (b) that certain Backstop Facility Agreement (the “Backstop Agreement”), dated November 16, 2020, with NBOKS, substantially in the form attached as Annex J to the accompanying proxy statement/prospectus, pursuant to which NBOKS agreed to, subject to (i) the availability of capital it has committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis and the other terms and conditions included therein and (ii) the terms of the Business Combination Agreement, allocate up to an aggregate of $300,000,000 to subscribe for shares of New CCNB Class A Common Stock at $10.00 per share in connection with the Business Combination, which amount will not exceed the number of shares of CCNB subject to redemption (the “Backstop”). The Backstop Agreement will terminate automatically upon the termination of the Business Combination Agreement or otherwise in accordance with its terms. Getty Images is a third party beneficiary of CCNB’s rights to enforce NBOKS’ obligation to fund pursuant to the Backstop Agreement (as amended by the NBOKS Side Letter), subject to the terms and conditions set forth therein.

In connection with the signing of the Business Combination Agreement, New CCNB, CCNB and NBOKS entered into a side letter to (i) the Forward Purchase Agreement and (ii) the Backstop Agreement, attached here as Annex E to this proxy statement/prospectus (the “NBOKS Side Letter”), which NBOKS Side Letter provides for the assignment of CCNB’s obligations under the Forward Purchase Agreement and the Backstop Agreement to New CCNB to facilitate the Business Combination.

Concurrently with the execution of the Business Combination Agreement, CCNB and New CCNB entered into the Subscription Agreements with the Sponsor and Getty Investments (the “PIPE Subscription Agreements”). Additionally, on December 28, 2021, CCNB and New CCNB entered into the Permitted Equity Subscription Agreement with Multiply Group (the “Permitted Equity Subscription Agreement”). Pursuant to the PIPE Subscription Agreements and the Permitted Equity Subscription Agreement, the Sponsor, Getty Investments and Multiply Group agreed to subscribe for and purchase, and CCNB and New CCNB agreed to issue and sell to such investors, on the Closing Date, an aggregate of 22,500,000 shares of New CCNB Class A Common Stock for a purchase price of $10.00 per share, for aggregate gross proceeds of $225,000,000. The shares of New CCNB Class A Common Stock to be issued pursuant to the PIPE Subscription Agreements and the Permitted Equity Subscription Agreement have not been registered under the Securities Act, and will be issued in reliance on the availability of an exemption from such registration. The PIPE Subscription Agreements and the Permitted Equity Subscription Agreement provide for certain customary registration rights. For additional information, see “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Subscription Agreements and Permitted Equity Subscription Agreement.”

New CCNB intends to apply to list its common stock and warrants on the New York Stock Exchange (the “NYSE”) under the symbols “GETY” and “GETY WS,” respectively, upon the Closing. CCNB’s publicly-traded ordinary shares, units (if not previously separated) and warrants are currently listed on the NYSE under the symbols “PRPB,” “PRPB.U” and “PRPB WS,” respectively. CCNB’s publicly-traded units will automatically separate into the component securities (that is, common stock and warrants) upon consummation of the Business Combination.

CCNB is providing the accompanying proxy statement/prospectus and accompanying proxy card to its shareholders in connection with the solicitation of proxies to be voted at an extraordinary general meeting to be held on [*], 2022 for the purpose of voting on the Business Combination and the other matters described herein. Whether or not you plan to attend the Shareholders Meeting, we urge all of CCNB's shareholders to read the accompanying proxy statement/prospectus, including the Annexes and the accompanying financial statements of CCNB and Getty Images, carefully and in their entirety. In particular, we urge you to read carefully the section titled “Risk Factors” beginning on page 64 of the accompanying proxy statement/prospectus.

The CCNB Board has unanimously approved the Business Combination Agreement and unanimously recommends that our shareholders vote “FOR” all of the proposals presented to CCNB Shareholders at the Shareholders Meeting. When you consider the CCNB Board recommendation of these proposals, you should keep in mind that directors and officers of CCNB have interests in the Business Combination that may conflict with your interests as a shareholder. See the section titled “Shareholder Proposal 2: The Business Combination Proposal — Interests of CCNB's Directors and Officers and Others in the Business Combination” in the accompanying proxy statement/prospectus.
Pursuant to CCNB’s amended and restated memorandum and articles of association (the “Existing Organizational Documents”), CCNB’s public shareholders may request that CCNB redeem all or a portion of such shareholder’s public shares for cash if the Business Combination is consummated. Holders of units must elect to separate the units into the underlying public shares and public warrants prior to exercising their Redemption Right (as defined in the accompanying proxy statement/prospectus) with respect to the public shares. If holders hold their units in an account at a brokerage firm or bank, holders must notify their broker or bank that they elect to separate the units into the underlying public shares and public warrants, or if a holder holds units registered in its own name, the holder must contact Continental Stock Transfer & Trust Company (the “Transfer Agent”). CCNB’s transfer agent, directly and instruct it to do so. The Redemption Right includes the requirement that a holder must identify itself as a beneficial holder, such as by providing its legal name, phone number and address to the Transfer Agent, in order to validly redeem its shares. **Public shareholders may elect to redeem public shares even if they vote “for” the Business Combination Proposal.** If the Business Combination is not consummated, all public shares submitted for redemption will be returned to the respective holder, broker or bank, and CCNB instead may search for an alternative initial business combination. If the Business Combination is consummated, and if a public shareholder properly exercises its Redemption Right with respect to all or a portion of the public shares that it holds and timely delivers its share certificates (if any) and other redemption forms to the Transfer Agent, CCNB will redeem such public shares for a per-share price, payable in cash, equal to the pro rata portion of the trust account established by CCNB pursuant to that certain trust agreement, dated August 4, 2020, established at the consummation of the IPO (the “Trust Account”), calculated as of two business days prior to the consummation of the Business Combination. For illustrative purposes, as of September 30, 2021, this would have amounted to approximately $10.01 per issued and outstanding public share. If a public shareholder exercises its Redemption Right in full, then it will be electing to exchange its public shares for cash and will no longer own such public shares. The redemption will take place following the Domestication Merger and accordingly its shares of New CCNB Class A Common Stock will be redeemed immediately after consummation of the Business Combination. See “Shareholders Meeting — Redemption Rights” in the accompanying proxy statement/prospectus for a detailed description of the procedures to be followed if you wish to redeem your public shares for cash.

Notwithstanding the foregoing, a shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares. Accordingly, if a shareholder, alone or acting in concert or as a group, seeks to redeem more than 15% of the public shares, then any such shares in excess of that 15% limit would not be redeemed for cash.

The Business Combination Agreement provides that the obligation of Getty Images to consummate the Business Combination is conditioned on, among other things, as of 6:00 a.m. Eastern Time on the Closing Date, the amount equal to (a) the sum of the aggregate outstanding principal amount of indebtedness for borrowed money under the (i) Credit Agreement dated as of February 19, 2019, by and among Abe Investment Holdings, Inc. (as the parent borrower), Getty Images, Inc. (as a borrower), Griffin Midco (DE), LLC, J.P. Morgan Chase Bank, N.A., as the administrative agent, and the other parties thereto, (ii) unsecured notes in the aggregate principal amount of $300,000,000 issued pursuant to the Indenture, dated as of February 19, 2019, by and among Getty Images, Inc. (as the company) and Wilmington Trust, National Association (as the trustee), as supplemented by that certain First Supplemental Indenture, dated as of February 19, 2019, by and among Getty Images, Inc. (as the company), Wilmington Trust, National Association (as the trustee) and the subsidiary guarantors party thereto from time to time (the “Senior Unsecured Notes”) and (iii) any new debt financing, minus (b) the Available Cash (as defined in the accompanying proxy statement/prospectus) (collectively, “Net Funded Indebtedness”) being equal to or less than $1,350,000,000 (the “Maximum Net Indebtedness Amount”) and, such condition, the “Net Funded Indebtedness Condition”). If this Net Funded Indebtedness Condition is not met, and such condition is not waived by Getty Images, then the Business Combination Agreement may be terminated and the proposed Business Combination may not be consummated. The Business Combination Agreement is also subject to the satisfaction or waiver of certain other closing conditions as described in the accompanying proxy statement/prospectus. There can be no assurance that any party to the Business Combination Agreement would waive any such closing condition of the Business Combination Agreement. In addition, in no event will CCNB redeem public shares in an amount that would cause CCNB’s net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) to be less than $5,000,001.

**Your vote is very important.** Whether or not you plan to attend the Shareholders Meeting, please vote as soon as possible by following the instructions in the accompanying proxy statement/prospectus to make sure
that your shares are represented at the Shareholders Meeting. If you hold your shares in “street name” through a bank, broker or other nominee, you will need to follow the instructions provided to you by your bank, broker or other nominee to ensure that your shares are represented and voted at the Shareholders Meeting. The transactions contemplated by the Business Combination Agreement will be consummated only if the Business Combination Proposal and Domestication Merger Proposal (collectively, the “Required CCNB Shareholder Proposals”) are approved at the Shareholders Meeting. Each of the Required CCNB Shareholder Proposals is cross-conditioned on the approval of each other. The Adjournment Proposal (as defined in the accompanying proxy statement/prospectus) is not conditioned on the approval of any other proposal set forth in the accompanying proxy statement/prospectus.

If you sign, date and return your proxy card without indicating how you wish to vote, your proxy will be voted FOR each of the proposals presented at the Shareholders Meeting. If you fail to return your proxy card or fail to instruct your bank, broker or other nominee how to vote, and do not attend the Shareholders Meeting in person, the effect will be, among other things, that your shares will not be counted for purposes of determining whether a quorum is present at the Shareholders Meeting. If you are a shareholder of record and you attend the Shareholders Meeting and wish to vote in person, you may withdraw your proxy and vote in person (including by voting online at the meeting if the meeting is conducted virtually).

We look forward to your participation at the Shareholders Meeting.

Chinh E. Chu
Director and Chief Executive Officer of CC Neuberger Principal Holdings II

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES REGULATORY AGENCY HAS APPROVED OR DISAPPROVED THE TRANSACTIONS DESCRIBED IN THIS PROXY STATEMENT/PROSPECTUS, PASSED UPON THE MERITS OR FAIRNESS OF THE BUSINESS COMBINATION OR RELATED TRANSACTIONS OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE DISCLOSURE IN THIS PROXY STATEMENT/PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY CONSTITUTES A CRIMINAL OFFENSE.

This proxy statement/prospectus is dated [•], 2022, and is expected to be first mailed to CCNB Shareholders on or about [•], 2022.
To the Shareholders of CC Neuberger Principal Holdings II:

You are cordially invited to attend the extraordinary general meeting in lieu of the annual general meeting (the "Shareholders Meeting") of CC Neuberger Principal Holdings II, a Cayman Islands exempted company ("CCNB"), at 9:00 a.m., Eastern Time, on [•], 2022 at the offices of Kirkland & Ellis LLP located at 601 Lexington Avenue, 50th Floor, New York, New York 10022, and via a virtual meeting, or at such other time, on such other date and at such other place to which the meeting may be adjourned or postponed.

As all shareholders will no doubt be aware, due to the current novel coronavirus ("COVID-19") global pandemic, there are restrictions in place in many jurisdictions relating to the ability to conduct in-person meetings. As part of our precautions regarding COVID-19, we are planning for the possibility that the meeting may be held virtually over the Internet, but the physical location of the meeting will remain at the location specified above for the purposes of our amended and restated memorandum and articles of association (the "Existing Organizational Documents"). If we take this step, we will announce the decision to do so via a press release and posting details on our website that will also be filed with the SEC as proxy material. You are cordially invited to attend the Shareholders Meeting to conduct the following important items of business:

1. **Domestication Merger Proposal** — To consider and vote upon a proposal by special resolution to approve CCNB merging with and into Vector Domestication Merger Sub, LLC ("Domestication Merger Sub") in accordance with Section 18-209 of the DLLCA and ceasing to exist in the Cayman Islands in accordance with Part XVI the Companies Act, with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB (the "Domestication Merger"), and all outstanding securities of CCNB will convert to outstanding securities of New CCNB, as described in more detail in the accompanying proxy statement/prospectus (the "Domestication Merger Proposal");

2. **Business Combination Proposal** — To consider and vote upon a proposal to approve the Business Combination Agreement, dated December 9, 2021 (the "Business Combination Agreement"), by and among CCNB, New CCNB, Domestication Merger Sub, Vector Merger Sub 1, LLC, a Delaware limited liability company and a wholly-owned subsidiary of CCNB ("G Merger Sub 1"), Vector Merger Sub 2, LLC, a Delaware limited liability company and a wholly-owned subsidiary of CCNB ("G Merger Sub 2"), Griffey Global Holdings, Inc., a Delaware corporation ("Getty Images") and Griffey Investors, L.P., a Delaware limited partnership, solely for the purposes of certain sections set forth therein, a copy of which is attached as Annex A to this proxy statement/prospectus, and approve the transactions contemplated thereby (including the Getty Mergers) (the "Business Combination" and such proposal, the "Business Combination Proposal"); and

3. **Adjournment Proposal** — To consider and vote upon a proposal to approve the adjournment of the Shareholders Meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for, or otherwise in connection with, the approval of the Business Combination Proposal. This proposal will only be presented at the Shareholders Meeting (i) to the extent necessary to ensure that any legally required supplement or amendment to the proxy statement/prospectus is provided to CCNB Shareholders, (ii) if there are insufficient voting interests of CCNB represented (either in person or by proxy) to constitute a quorum, (iii) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining approval of the Required CCNB Shareholder Proposals, (iv) if the holders of public shares have elected to redeem such shares such that the Net Funded Indebtedness Condition (as defined in the accompanying proxy statement/prospectus) would not be satisfied, or (v) in the case of clauses "(ii)" and "(iii)", upon the reasonable request of Getty Images (the "Adjournment Proposal").
The above matters are more fully described in this proxy statement/prospectus. We urge you to read carefully the proxy statement/prospectus in its entirety, including the Annexes and accompanying financial statements of CCNB and Getty Images.

It is anticipated that, upon completion of the Business Combination, and assuming no holders of CCNB Class A Ordinary Shares included in the units issued in the IPO (such shares “public shares,” and such holders, “public shareholders”) exercise their Redemption Right (as defined in the accompanying proxy statement/prospectus): (i) CCNB’s public shareholders will retain an ownership interest of approximately 21.9% of the issued and outstanding shares of New CCNB Common Stock; (ii) CC Neuberger Principal Holdings II Sponsor LLC, a Delaware limited liability company (the “Sponsor”) and its affiliates, including CCNB Sponsor 2 Holdings LLC (“CC Holdings”) and Neuberger Berman Opportunistic Capital Solutions Master Fund LP (“NBOKS”, and together with CC Holdings, the “Founder Holders”), and our current independent directors Joel Alsfine, James Quella and Jonathan Gear (collectively, the “Independent Directors”) will own approximately 10.7% of the issued and outstanding shares of New CCNB Common Stock (excluding 2,570,000 shares of New CCNB Series B-1 Common Stock and 2,570,000 shares of New CCNB Series B-2 Common Stock subject to certain vesting restrictions pursuant to the Sponsor Side Letter, any shares to be issued to the Sponsor in connection with the PIPE Investment and NBOKS in connection with the Backstop Agreement); (iii) the PIPE Investors will own approximately 4.0% of the issued and outstanding shares of New CCNB Common Stock pursuant to the PIPE Investment and (iv) Multiply Group will own approximately 2.0% of the issued and outstanding shares of New CCNB Common Stock pursuant to the Permitted Equity Financing and (v) Getty Images Stockholders will own approximately 61.4% of the issued and outstanding shares of New CCNB Common Stock. The Getty Family Stockholders will own approximately 36.4% of the issued and outstanding shares of New CCNB Common Stock (not including shares purchased in connection with the PIPE Investment), and the other limited partners of the Partnership will own approximately 16.8% of the issued and outstanding shares of New CCNB Common Stock. These levels of ownership assume (A) that prior to the Closing no CCNB Warrants will be exercised, (B) that at or after the Closing no New CCNB Warrants or Forward Purchase Warrants will be exercised, (C) a net exercise of Getty Images’ rollover common and rollover vested options on a post-exercise basis at $10 per share at the time of exercise (excluding the exercise of Getty Images’ unvested options), (D) no additional Permitted Equity Financing is entered into prior to the Closing and (E) the Optional Equity Cure Amount is zero.

The Record Date for the Shareholders Meeting is [•], 2022. Only shareholders of record at the close of business on that date may vote at the Shareholders Meeting or any adjournment thereof. A complete list of our shareholders of record entitled to vote at the Shareholders Meeting will be available for ten days before the Shareholders Meeting at our principal executive offices for inspection by shareholders during ordinary business hours for any purpose germane to the Shareholders Meeting.

Pursuant to the Existing Organizational Documents, we are providing our public shareholders with the opportunity to redeem, upon the consummation of the Business Combination, public shares then held by them for a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account (the “Trust Account”) established in connection with our initial public offering (the “IPO”), calculated as of two business days prior to the consummation of the Business Combination, including interest earned on the funds held in the Trust Account and not previously released to us to pay our tax obligations, divided by the number of then outstanding public shares, subject to the limitations described herein. The per-share amount we will distribute to investors who properly redeem their public shares will not be reduced by the transaction expenses incurred in connection with the Business Combination. For illustrative purposes, as of September 30, 2021, the estimated per share redemption price would have been approximately $10.01. Public shareholders may elect to redeem their shares even if they vote “FOR” the Business Combination.

You will be entitled to receive cash for any public shares to be redeemed only if you:

(i) hold public shares or (b) hold public shares through units and you elect to separate your units into the underlying public shares and public warrants prior to exercising your Redemption Right (as defined in the accompanying proxy statement/prospectus) with respect to the public shares; and

(ii) prior to 5:00 p.m., Eastern Time, on [•], 2022, (a) submit a written request to Continental Stock Transfer & Trust Company, CCNB’s transfer agent (the “Transfer Agent”), that CCNB redeem your
public shares for cash and (b) deliver your share certificates (if any) and other redemptions forms to the Transfer Agent, physically or electronically through The Depository Trust Company.

Holders of units must elect to separate the underlying public shares and public warrants prior to exercising their Redemption Right with respect to the public shares. Any request for redemption, once made by a public shareholder, may not be withdrawn once submitted to CCNB unless CCNB’s board of directors (the “CCNB Board”) determines (in its sole discretion) to permit the withdrawal of such redemption request (which it may do in whole or in part).

A public shareholder, together with any of his, her or its affiliates or any other person with whom it is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended), will be restricted from redeeming in the aggregate his, her or its shares or, if part of such a group, the group’s shares, in excess of 15% of the shares included in the units sold in our IPO. We have no specified maximum redemption threshold under the Existing Organizational Documents, other than the aforementioned 15% threshold, except that in no event will we redeem ordinary shares in an amount that would cause our net tangible assets to be less than $5,000,001. Each redemption of public shares by our public shareholders will reduce the amount in our Trust Account. Holders of our outstanding public warrants do not have redemption rights in connection with the Business Combination. Unless otherwise specified, the information in this proxy statement/prospectus assumes that none of our public shareholders exercise their Redemption Right with respect to their public shares.

The Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business Combination Proposal. As of the date of this proxy statement/prospectus, the Sponsor and the Independent Directors own, collectively, approximately 23.7% of our issued and outstanding Ordinary Shares, including all of the Founder Shares. Additionally, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have, for no additional consideration, agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price.

The Business Combination is conditioned on the approval of the Business Combination Proposal and the Domestication Merger Proposal (collectively, the “Required CCNB Shareholder Proposals”) at the Shareholders Meeting. The Adjournment Proposal is not conditioned on the approval of any other proposal set forth in this proxy statement/prospectus.

It is important for you to note that in the event the Required CCNB Shareholder Proposals do not receive the requisite vote for approval, CCNB will not consummate the Business Combination. Unless CCNB amends its Existing Organizational Documents (which requires a special resolution as a matter of Cayman Islands law, being the affirmative vote of holders of a majority of at least two-thirds of the outstanding CCNB ordinary shares, who, being present and entitled to vote at a meeting of CCNB’s shareholders, vote at such meeting) and amends certain other agreements into which CCNB has entered in order to extend the life of CCNB, in the event CCNB does not consummate the Business Combination and fails to complete an initial business combination by August 4, 2022, CCNB will be required to dissolve and liquidate the Trust Account by returning the then remaining funds in such account to the public shareholders.

Approval of the Business Combination Proposal requires an ordinary resolution as a matter of Cayman Islands law, being the affirmative vote of a majority of the holders of CCNB ordinary shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting. Approval of the Domestication Merger Proposal requires a special resolution as a matter of Cayman Islands law, being the affirmative vote of holders of a majority of at least two-thirds of the outstanding CCNB ordinary shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting. Approval of the Adjournment Proposal requires an ordinary resolution as a matter of Cayman Islands law, being the affirmative vote of a majority of the holders of CCNB ordinary shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting. The CCNB Board unanimously recommends that you vote “FOR” each of these proposals.
IF YOU RETURN YOUR PROXY CARD WITHOUT AN INDICATION OF HOW YOU WISH TO VOTE, YOUR SHARES WILL BE VOTED IN FAVOR OF EACH OF THE SHAREHOLDER PROPOSALS. YOU MAY EXERCISE YOUR RIGHTS TO DEMAND THAT CCNB REDEEM YOUR SHARES FOR A PRO RATA PORTION OF THE FUNDS HELD IN THE TRUST ACCOUNT WHETHER YOU VOTE FOR OR AGAINST THE SHAREHOLDER PROPOSALS. TO EXERCISE YOUR REDEMPTION RIGHT, YOU MUST TENDER YOUR SHARES TO CCNB'S TRANSFER AGENT AT LEAST TWO BUSINESS DAYS PRIOR TO THE SHAREHOLDERS MEETING. YOU MAY TENDER YOUR SHARES FOR REDEMPTION BY EITHER DELIVERING YOUR SHARE CERTIFICATES (IF ANY) AND OTHER REDEMPTION FORMS TO THE TRANSFER AGENT OR BY DELIVERING YOUR SHARES ELECTRONICALLY THROUGH THE DEPOSITORY TRUST COMPANY. IF THE BUSINESS COMBINATION IS NOT COMPLETED, THEN THESE TENDERED SHARES WILL NOT BE REDEEMED FOR CASH AND WILL BE RETURNED TO THE APPLICABLE SHAREHOLDER. IF YOU HOLD THE SHARES IN STREET NAME, YOU WILL NEED TO INSTRUCT THE ACCOUNT EXECUTIVE AT YOUR BROKER OR BANK TO WITHDRAW THE SHARES FROM YOUR ACCOUNT IN ORDER TO EXERCISE YOUR REDEMPTION RIGHT. SEE THE SECTION TITLED “SHAREHOLDERS MEETING — REDEMPTION RIGHT” FOR MORE SPECIFIC INSTRUCTIONS.

The Adjournment Proposal is not conditioned upon the approval of any other proposal set forth in this proxy statement/prospectus. The transactions contemplated by the Business Combination Agreement will be consummated only if the Required CCNB Shareholder Proposals are approved at the Shareholders Meeting.

Shareholder Proposal 1: The Domestication Merger Proposal

As discussed in this proxy statement/prospectus, CCNB is asking its shareholders to approve by special resolution the Domestication Merger Proposal. Under the Business Combination Agreement, the approval of the Domestication Merger Proposal is also a condition to the consummation of the Business Combination. The CCNB Board has unanimously approved and recommends that the CCNB Shareholders approve, and CCNB Shareholders are being asked to consider and vote upon a proposal to approve (the “Domestication Merger Proposal”), CCNB merging with and into Domestication Merger Sub in accordance with Section 18-209 of the DLLCA and cease to exist in the Cayman Islands in accordance with Part XVI the Companies Act, with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB. Accordingly, while CCNB is currently incorporated as an exempted company under the Cayman Islands Companies Act, upon the effectiveness of the Domestication Merger, CCNB will cease to exist in the Cayman Islands and New CCNB will be governed by the DGCL. We encourage shareholders to carefully consult the information set out below under “Comparison of Corporate Governance and Shareholder Rights.”
In connection with the Domestication Merger, effective as of 12:01 a.m. Eastern Time on the Closing Date and prior to the Closing, (i) each CCNB Class A Ordinary Share outstanding immediately prior to the Domestication Merger will no longer be outstanding and will automatically be converted into the right of the holder thereof to receive one share of New CCNB Pre-Closing Class A Common Stock, (ii) each CCNB Class B Ordinary Share outstanding immediately prior to the Domestication Merger will no longer be outstanding and will automatically be converted into the right of the holder thereof to receive one share of New CCNB Pre-Closing Class B Common Stock, and (iii) each CCNB Warrant outstanding immediately prior to the Domestication Merger will automatically cease to represent a right to acquire CCNB Class A Ordinary Shares and will instead represent a right to acquire shares of New CCNB Pre-Closing Class A Common Stock on the same contractual terms and conditions as were in effect immediately prior to the Domestication Merger in accordance with and subject to the terms of the Warrant Assumption Agreement. Pursuant to the Domestication Merger, CCNB will file the requisite documents in order to receive a certificate merger from the Registrar of Companies of the Cayman Islands.

In connection with the Domestication Merger, following the Domestication Merger but prior to the consummation of the PIPE Investment, the Permitted Equity Financing and the consummation of the transactions contemplated by the Forward Purchase Agreement and the Backstop Agreement (if applicable), at the Closing, New CCNB will amend and restate the New CCNB Pre-Closing Certificate of Incorporation in the form of the New CCNB Post-Closing Certificate of Incorporation to provide for, among other things, the shares of New CCNB Class A Common Stock and the shares of New CCNB Class B Common Stock and, following and contingent upon the filing of the New CCNB Certification of Incorporation, (i) the shares of New CCNB Pre-Closing Class A Common Stock will thereafter be shares of New CCNB Class A Common Stock and (ii) (a) a number of shares of New CCNB Pre-Closing Class B Common Stock equal to the number of Sponsor Earn-Out Shares will thereafter be shares of New CCNB Class B Common Stock and (b) the remaining shares of New CCNB Pre-Closing Class B Common Stock will automatically be converted to shares of New CCNB Class A Common Stock in accordance with the Sponsor Side Letter. As discussed in this proxy statement/prospectus, CCNB is asking its shareholders to approve by ordinary resolution the Business Combination Agreement and the transactions contemplated thereby, including the Business Combination. The Business Combination Agreement provides that, among other things, CCNB will acquire a majority of the equity interests in Getty Images through a series of mergers, with Getty Images becoming an indirect subsidiary of New CCNB. After consideration of the factors identified and discussed in the section titled “Shareholder Proposal 2: The Business Combination Proposal — CCNB Board’s Reasons for the Approval of the Business Combination” the CCNB Board concluded that the Business Combination met all of the requirements disclosed in the prospectus for the IPO, including that the businesses of Getty Images had a fair market value of at least 80% of the balance of the funds in the trust account at the time of execution of the Business Combination Agreement. For more information about the transactions contemplated by the Business Combination Agreement, see “Shareholder Proposal 2: The Business Combination Proposal.” CCNB shareholders should read carefully this proxy statement/prospectus in its entirety for more detailed information concerning the Business Combination Agreement, which is attached as Annex A to this proxy statement/prospectus and the transactions contemplated thereby.

In accordance with the terms and subject to the conditions of the Business Combination Agreement, at the effective time of the First Getty Merger (and, for the avoidance of doubt, following the Partnership Liquidation) (the “First Effective Time”), (a) each Getty Images Share that is issued and outstanding immediately prior to the First Effective Time (including Getty Images Shares resulting from the Partnership Liquidation, but excluding Getty Images Shares as to which appraisal rights have been properly exercised in accordance with Delaware law and Getty Images Shares held by Getty Images as treasury stock) will be cancelled and converted into the right to receive the applicable portion of the merger consideration, in accordance with the applicable portion of the merger consideration in accordance with an allocation schedule to be provided by Getty Images (the “Allocation Schedule”) that will set forth the allocation of the merger consideration (including the Earn-Out Shares (as defined below)) among the equityholders of Getty Images, consisting of (i) with respect to each holder of Getty Images Common Shares, a number of shares of New CCNB Common Stock equal to the Per Common Share Merger Consideration as determined under the
merger agreement and further described below as the “Per Common Share Merger Consideration,” (ii) with respect to the preferred stockholder, (A) a number of shares of New CCNB Class A Common Stock equal to the Preferred Stock Consideration in respect of its Company Preferred Shares (subject to the “Preferred Stock Consideration Adjustment” further described herein) and (B) the Preferred Cash Consideration (subject to the “Cash Adjustment Amount” further described herein) and (b) each Getty Images Option (whether vested or unvested) to purchase Getty Images Common Shares that is outstanding as of immediately prior to the First Effective Time will be converted into an option to purchase a number of shares of New CCNB Class A Common Stock based on the Option Exchange Ratio (as defined below) with an exercise price per share of New CCNB Class A Common Stock calculated in accordance with the terms of the Business Combination Agreement. In addition to the consideration to be paid at Closing, New CCNB will issue to equityholders of Getty Images an aggregate of up to 65,000,000 shares of New CCNB Class A Common Stock, issuable upon and subject to the occurrence of the applicable vesting events, as more specifically set forth in “Shareholder Proposal 2: The Business Combination Proposal — Consideration to Getty Equityholders in the Business Combination”. Please read the section titled “Shareholder Proposal 2: The Business Combination Proposal” for further details.

Shareholder Proposal 3: The Adjournment Proposal

CCNB is proposing the Adjournment Proposal to allow the Board to adjourn the Shareholders Meeting (i) for one period of no longer than twenty calendar days, to the extent necessary to ensure that any legally required supplement or amendment to this proxy statement/prospectus is provided to CCNB Shareholders, (ii) for each case for one period of no longer than ten calendar days, (a) if as of the time for which the Shareholders Meeting is originally scheduled (as set forth in the Form S-4), there are insufficient CCNB Ordinary Shares represented (either in person or by proxy) to constitute a quorum necessary to conduct the business of the Shareholders Meeting, (b) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining approval of the Business Combination Proposal or the Domestication Merger Proposal, or (c) if CCNB Shareholders redeem an amount of CCNB Class A Ordinary Shares such that the condition to Getty Images’ obligation to consummate the Business Combination that the Net Funded Indebtedness will be equal to or less than the Maximum Net Indebtedness Amount is not satisfied (prior to the implementation of any adjustment to the Preferred Cash Consideration and the Preferred Stock Consideration and prior to any Optional Equity Cure Amount) or (iv) in the case of clauses “(a)” and “(b)”, upon the reasonable request of Getty Images, as further described under the section titled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination”). The CCNB Board has unanimously approved and recommends that the CCNB Shareholders approve the Adjournment Proposal if presented.

Each of the Domestication Merger Proposal and the Business Combination Proposal is interdependent upon the other and must be approved in order for CCNB to complete the Business Combination as contemplated by the Business Combination Agreement. The Adjournment Proposal is not conditioned upon the approval of any other proposal.

CCNB Board’s Reasons for the Approval of the Business Combination

The CCNB Board, in evaluating the Business Combination, consulted with CCNB’s management and financial, legal and other advisors. In reaching its unanimous resolution (i) that it was advisable, to enter into the Business Combination Agreement and the ancillary documents to which CCNB is or will be a party and to consummate the transactions contemplated thereby (including the Mergers), (ii) to adopt and approve the execution, delivery and performance by CCNB of the Business Combination Agreement, the ancillary documents to which CCNB is or will be a party and the transactions contemplated thereby (including the Mergers), (iii) to recommend that the CCNB Shareholders entitled to vote thereon vote in favor of the approval of the Business Combination Agreement and other proposals related thereto, and (iv) that such proposals, including the proposal to approve the Business Combination Agreement, be submitted to the CCNB Shareholders for approval, the CCNB Board considered a range of factors, including, but not limited to, the factors discussed below. In light of the number and wide variety of factors considered in connection with its evaluation of the Business Combination, the CCNB Board did not consider it practicable to, and did not attempt to, quantify or otherwise assign relative weights to the specific factors that it considered in reaching its determination and supporting its decision. The CCNB Board viewed its decision as being based
on all of the information available and the factors presented to and considered by it. In addition, individual directors may have given different weight to different factors. This explanation of the CCNB Board’s reasons for the Business Combination and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under “Cautionary Note Regarding Forward-Looking Statements.”

Before reaching its decision, the CCNB Board discussed the material of its management’s due diligence activities, which included:

- Extensive meetings and calls with Getty Images’ Management team regarding competitive landscape and positioning, content library, product and technology functionality and features, historical and projected financial performance, and the historical acquisition of Unsplash, amongst other topics;
- Evaluation of potential value-creation opportunities to develop a comprehensive value-add plan, including organic revenue growth acceleration with new and existing customers, new product offerings, increased marketing spend and international expansion, AI / ML and data and analytics opportunities to enhance the customer experience and value proposition, leveraging our management’s experience with other data and analytics market leaders, pursuit of strategic partnerships and NFT monetization opportunities, tuck-in and transformative acquisitions, and appropriate investor communications strategies and alignment with environment, social and governance goals leveraging both Neuberger Berman’s and Getty Images’ extensive resources;
- Research on the global creative economy, with the assistance of a leading global third-party consulting firm specifically focused on the global pre-shot image and video industry, including historical and projected growth trends, competitive landscape, customer perceptions, pricing, and video and editorial trends, among other topics;
- Calls with industry experts, including former and current executives of competitors and customers;
- Evaluation of NFT monetization opportunities with the assistance of third-party advisors and leading thinkers in the NFT space with whom our management has relationships;
- Technical review of software architecture, AI / ML, infrastructure, integration, corporate IT services, security & privacy, and other key components of Getty Images’ technological infrastructure led by a leading third-party technology consultant and other advisors with significant experience in the industry;
- Other due diligence activities relating to quality of earnings, accounting, legal, tax, insurance, operations and other matters conducted in conjunction with external advisors, including international and U.S. legal firms, among others;
- Financial and valuation analyses, including the Getty Images Internal Forecasts and the Getty Images Organic Long-Term Growth Model provided by Getty Images; and
- Research on the public trading values of comparable companies to Getty Images.

The CCNB Board considered a number of factors pertaining to Getty Images and the Business Combination as generally supporting its decision to enter into the Business Combination Agreement and the transactions contemplated thereby, including, but not limited to, the following material factors:

- **Strong Competitive Differentiation.** Getty Images is an iconic, blue-chip company with scarcity value. With over 469 million assets, and underpinned by a very attractive base of exclusive content that only exists on its platform, Getty Images has an extremely high quality content library. The depth, breadth, and quality of the library enables strong network efforts across both content creators and consumers. Moreover, Getty Images owns a significant portion of its library, which includes a premier archive comprised of videos and images of countless memorable historical and culturally iconic events. Furthermore, Getty Images has a differentiated Editorial business, which covers the world of news, sports and entertainment. Getty Images’ Editorial business is unique in scale as well as content, combining contemporary coverage of more than 150 million rights-managed assets per year with one of the largest privately held archives containing over 135 million archive images dating from 2000 all the way back to the beginning of photography. Getty Images invests to generate its own coverage through an editorial team of more than 300 dedicated staff and combines this with
coverage from a network of contributors, including over 250 content partners, such as AFP, Disney, Universal, Globo, ITN, Bloomberg, BBC Studios, CBS, The Boston Globe, Fairfax Media, NBC News, ITN, Sony Pictures Entertainment, Sky News, Formula One, NBA, NHL, MLB, NASCAR, FIFA and the International Olympic Committee.

- **Accelerating Tailwinds in an Attractive Industry.** The CCNB Board considered that the visual content space is an attractive industry with historically strong growth trends across several dimensions that are expected to accelerate. These growth projections are driven and supported by strong tailwinds, driven by accelerating demand for visual and digital content from continued corporate investment as well as the rapidly expanding content-creation-economy made up of amateur and professional creators. Getty Images covers all these segments of the market with its three core brands: Getty Images, iStock, and Unsplash. Increasing demand for visual content is driven by corporations and media companies’ need to maintain a presence across an expanding spectrum of platforms, which are increasingly visual and require high frequency publishing through advertising and direct posts. InsightSlice estimates the global digital content market is expected to grow from $11 billion in 2019 to $38 billion in 2030, reflecting an approximate 12% CAGR. Additionally, over the top providers and video advertising are fueling unprecedented demand for high-quality video content, of which Getty Images is a leading provider. Per PubMatic, global digital video ad spend is expected to grow from $60 billion in 2020 to $111 billion in 2024, reflecting an approximate 17% CAGR. Demand is continuing to increase in the corporate segment as corporations bring their creative teams in-house to manage their increasing content needs. The World Federation of Advertisers’ estimates 74% of in-house creative teams were established in the last 5 years. SMBs are also driving demand as the SMB segment itself grows and the individual companies increase their demand for visual content as they build out their online and digital presences. Kaufman Index estimated 540,000 new SMBs are created in the US each month, according to a 2017 report, and Clutch estimates that in 2018, 61% of SMBs invested in social media marketing.

- **Significant Value Creation Opportunity.** The CCNB Board considered the opportunity for significant value creation. Getty Images has the opportunity to accelerate organic revenue growth by executing and capitalizing on opportunities such as increasing subscription revenue, continuing to further penetrate the corporate segment and continuing to upsell incremental products such as video and music to its customer base. Additionally, Getty Images has been able to achieve high ROI on its marketing investment, and the CCNB Board expects to invest in incremental marketing, unlocked through a de-levered balance sheet as a result of the Business Combination, to further accelerate organic growth. There also exists substantial whitespace opportunity in the international market that incremental marketing spend can help capture. Lastly, Getty Images is well positioned to pursue additional upsell through new strategic partnerships, including leveraging its deep and unique owned library to pursue sustainable NFT monetization opportunities, strategic and financially accretive M&A and continued data and technology investments to deliver the best digital content to its customers in a cost effective and value-added manner.

- **Subscription Revenue.** Getty Images has increased its annual subscription revenue from ~29% of total revenue (excl. certain retired products) in 2015 to ~46% in 2020. The CCNB Board believes there is opportunity for Getty Images to increase this to ~60% as a long-term run rate. Historical financial information shows that annual subscribers exhibit an impressive 102% retention figure, based on annual subscriber revenue retention in LTM Q3 2021, and also shows that subscribers spend incremental dollars above and beyond the cost of their subscription. Getty Images has taken an approach to increase the attractiveness of the subscription products over time; for example, it recently introduced a subscription on iStock that includes video in addition to images.

- **Increasing Demand from Corporations.** Getty Images has benefitted from increasing demand for visual content across its corporate customers and the CCNB Board believes this trend will continue. The World Federation of Advertisers recently estimated that 74% of in-house creative teams were established in the last 5 years. Consumption of imagery and video is expected to continue expanding as corporations continue to bring their creative marketing in-house to manage the breadth and frequency of content consumption, while balancing the cost of their marketing campaigns. As a leading provider of high quality, differentiated content, the CCNB Board believes Getty Images is well positioned to capture this opportunity.

19
• **Video Upsell.** Getty Images video revenues grew 20% in 2020 as compared to 2019 despite COVID and more than 24% in the first three quarters of 2021 as compared to 2020. The CCNB Board believes demand for video represents a great growth lever for the business and represents significant opportunity for organic revenue acceleration. Despite strong historical performance, less than 20% of Getty Images and less than 10% of iStock customers currently purchase video. We expect more customers to use video in the future, which we believe creates a stickier customer that consumes and spends more on our platform. In 2020, first time video customers spent approximately 88% more in the year following the year of their first video purchase.

• **Sales & Marketing.** Getty Images has historically demonstrated attractive ROI on its sales and marketing spend. Return on dollars of digital marketing spend, both based on a new customer count and new customer revenue basis, have grown +60% and +40%, respectively from 2019 to H1 2021. Over that same time period, Getty Images customer acquisition cost has declined ~35%. The CCNB Board believes there is substantial opportunity for strategic sales and marketing spend in the future to drive incremental revenue growth.

• **Geographic Expansion.** The CCNB Board anticipates that there is a significant opportunity to increase penetration and market share in Rest of World markets by investing in digital marketing, search engine optimization and further localization of its services and content in underpenetrated geographies. Getty Images is well-positioned from a brand, content, and product perspective across 18 languages and 24 currencies to capture an increased share of these attractive market opportunities.

• **NFT & Partnerships.** The CCNB Board believes that Getty Images has the opportunity for NFT revenue monetization. Getty Images strives to deliver high-quality imagery to tell meaningful stories, regardless of medium, and to that extent, it views the NFT opportunity as an extension of that mission. One key point of differentiation as it relates to the NFT revenue opportunity is that Getty Images has scaled ownership of high-quality, relevant content, which will be essential to capturing and monetizing the NFT opportunity. The CCNB Board believes that Getty Images will take a measured approach towards NFTs with the intent to create a recurring, sustainable, and profitable source of value for Getty Images and its stakeholders over time. The CCNB Board also believes that Getty Images will be able to expand upon its strong base of strategic partnerships, such as the partnership that it currently has with the BBC or with the various partnerships it has with the major sports leagues. Expanded content and rights will provide incremental revenue opportunity for Getty Images.

• **Management Team.** The CCNB Board believes that Getty Images has a strong team of key management executives, including reports to C-suite executives, and that under the leadership of Getty Images’ Chief Executive Officer, Getty Images has been able successful in effectuating a business transformation over the past several years, including significant improvements in its technology, search and international capabilities, transition to a differentiated subscription offering, streamlining of products, and realignment of its digital marketing and sales force. Getty Images' management team, whose leadership is expected to provide important continuity in advancing Getty Images' strategic and growth goals, has done an impressive job of reorienting Getty Images’ strategy and positioning the business for accelerated growth going forward. Moreover, the CCNB Board believes that Getty Images’ management team has fostered a winning culture of excellence and respect within the organization.

• **Transaction Proceeds.** The fact that (i) the Business Combination is expected to provide approximately $1.4 billion of gross proceeds to New CCNB, assuming no redemptions by the CCNB Shareholders of their CCNB Class A Ordinary Shares and (ii) such proceeds are expected to provide sufficient funding required for Getty Images’ targeted deleveraging, continuing growth and cash flow needs (including taking into account the closing condition related to maximum net leverage in favor of Getty Images and the related Net Funded Indebtedness Condition, which provides CCNB with additional comfort that New CCNB will enter the public markets with reasonable leverage levels despite the uncertainty associated with redemptions if the transaction is consummated);

• **Due Diligence.** The CCNB Board reviewed and discussed in detail the results of the due diligence examination of Getty Images conducted by CCNB’s management team and CCNB’s financial, technical, market consultants, technology consultants and legal advisors, which included a substantial
number of meetings with the management team and advisors of Getty Images regarding Getty Images’ business and business plan, operations, prospects and forecasts (including the assumptions and key variables underlying the Getty Images Forecasted Financial Information), valuation analyses with respect to the Business Combination, review of significant contracts and other material matters, as well as general financial, technical, market, legal, tax and accounting due diligence.

- **Financial Condition.** The CCNB Board reviewed factors such as Getty Images’ historical financial results, outlook and business and financial plans, as well as the financial profiles of publicly traded companies in the visual content industries and other shared economy companies, and certain relevant information with respect to companies that could have been potential alternate transaction counterparties to Getty Images for CCNB. In reviewing these factors, the CCNB Board believed that Getty Images was well-positioned in its industry for strong potential future growth and represented a significant opportunity for value creation from the CCNB shareholders.

- **Fairness Opinion.** The CCNB Board took into account the opinion of Solomon, dated December 9, 2021, to the CCNB Board, to the effect that, as of such date, and subject to the various assumptions, considerations, qualifications and limitations set forth in its written opinion, the aggregate Merger Consideration (as defined in such opinion) derived from the Transaction Equity Value to be paid by CCNB to Company Equityholders (as defined in such opinion) pursuant to in the Business Combination Agreement, is fair, from a financial point of view, to CCNB, as more fully described below in the section titled “Shareholder Proposal 2: The Business Combination Proposal — Opinion of Solomon Partners Securities, LLC.” The CCNB Board was not required under the Existing Organizational Documents to obtain the fairness opinion but did so as part of its due diligence and evaluation of the Business Combination.

- **Reasonableness of Consideration.** Following a review of the financial data provided to CCNB, including the Getty Images Forecasted Financial Information and the data underlying such projections, and the due diligence of Getty Images’ business conducted by CCNB’s management and CCNB’s advisors, and taking into account the opinion from Solomon, dated December 9, 2021, to the CCNB Board, to the effect that, as of such date and subject to the various assumptions, considerations, qualifications and limitations set forth in its written opinion, the aggregate Merger Consideration (as defined in such opinion) derived from the Transaction Equity Value to be paid by CCNB to Company Equityholders (as defined in such opinion) pursuant to the Business Combination Agreement, is fair, from a financial point of view, to CCNB, the CCNB Board determined that the aggregate consideration to be paid in the Business Combination was fair to CCNB. The CCNB Board viewed the Business Combination as fair and compelling from both an intrinsic and extrinsic valuation perspective. From an intrinsic valuation perspective, the Business Combination features a mid-single digit pro forma free cash flow yield at entry, with mid to high single digit plus expected organic revenue growth and high incremental margins, low capital intensity, and substantial upside opportunities. From an extrinsic, or relative, valuation perspective, the implied 15x FY’22E EV/EBITDA entry valuation multiple for Getty Images was a 4.0x less than Shutterstock, Inc. (“Shutterstock”) and 9.0x less than the median of the public companies referenced by Solomon in its presentation on December 8, 2021 (which information was as of December 7, 2021).

- **Substantial Post-Closing Economic Interest in New CCNB.** If the Business Combination is consummated, CCNB shareholders (other than CCNB shareholders that sought redemption of their CCNB Class A Ordinary Shares) would have a substantial economic interest in New CCNB and as a result would have a continuing opportunity to benefit from the success of New CCNB following the consummation of the Business Combination.

- **Lock-Up.** Getty Images Equityholders have agreed to be subject to a 180-day lock-up in respect of their shares of New CCNB Common Stock received in the Business Combination (subject to certain customary exceptions). In addition, the Sponsor and the Independent Directors have agreed to be subject to a twelve-month lock-up in respect of their Founder Shares (subject to certain customary exceptions).

- **Additional Capital Committed at Signing.** The CCNB Board took into account that the agreement of the Sponsor and Getty Investments to invest an aggregate of $150 million in PIPE Investment in New CCNB at Closing at $10.00 per share (with the understanding that the New CCNB Class A
Common Shares to be acquired by the PIPE Investors in the PIPE Investment or the Permitted Equity Financing would not be subject to a lock-up period following the closing of the Business Combination). See the section titled “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Subscription Agreements and Permitted Equity Subscription Agreements” of this proxy statement/prospectus for additional information.

- **Highly Committed Shareholders Aligned for Future Value Creation.** The fact that existing holders of Getty Images Common Shares intend to retain 100% of the value of their existing equity stake in New CCNB equity in connection with the consummation of the Business Combination, reflecting the desire to participate in future equity value creation. Similarly, NBOKS will invest $200 million of additional capital into the transaction, pursuant to the Forward Purchase Agreement (as amended by the NBOKS Side Letter), alongside CCNB’s public shareholders, in addition to the investments to be made by the Sponsor and Getty Investments in connection with the PIPE Investment. In addition, pursuant to the Backstop Facility Agreement (as amended by the NBOKS Side Letter), NBOKS also agreed to, subject to certain terms and conditions, fund redemptions by CCNB Shareholders in connection with the Business Combination in an amount of up to $300 million.

- **Support of Key Equityholders.** The CCNB Board noted the fact that key Getty Images Equityholders representing approximately 100% of the then issued and outstanding equity of Getty Images delivered written consents, demonstrating such Getty Images Equityholders’ support of the Business Combination. See the section titled "Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination" of this proxy statement/prospectus for additional information.

- **Other Alternatives.** CCNB completed its IPO in May 2020 with the objective of consummating an attractive business combination. Since that time, as more fully described in “Shareholder Proposal 2: The Business Combination Proposal - Background of the Business Combination”, CCNB has evaluated numerous opportunities for a potential business combination. The CCNB Board believes, based on the terms of the Business Combination, its review of Getty Images’ business and the financial data provided to CCNB, including the Getty Images Forecasted Financial Information, and the due diligence of Getty Images conducted by CCNB’s management and CCNB’s advisors, that a business combination with Getty Images represent a combination with a high quality business in the most attractive valuation and therefore would create the best available opportunity to maximize value for CCNB’s shareholders.

- **Consistency with CCNB Business Strategy.** Getty Images is consistent with the key industry and business characteristics CCNB identified at the creation of its business, and the proposed Business Combination is at a reasonable valuation. The target business characteristics included high barriers to entry, significant streams of recurring revenue, attractive stead-state margins, high incremental margins and attractive free cash flow characteristics. The CCNB Board believes that Getty Images is consistent with these criteria.

- **Negotiated Transaction.** The financial and other terms of the Business Combination Agreement, and the fact that such terms and conditions were the product of arm’s length negotiations between CCNB and Getty Images.

- **Maximum Net Leverage.** The fact that CCNB negotiated mechanics with respect to achieving a desired amount of maximum net leverage as reflected by the Net Funded Indebtedness Condition and related covenant regarding limitations of waiver of such condition to the extent that CCNB would be required to close into a situation with greater than an agreed level of maximum leverage to ensure New CCNB will enter the public markets at a reasonable leverage level for a similar situated company, well positioned for growth and support of its operations.

The CCNB Board also considered a variety of uncertainties and risks and other potentially negative factors related to Getty Images’ business and prospects and related to the Business Combination including, but not limited to, the following:

- **Macroeconomic Risks.** The risk that the future financial performance of Getty Images and New CCNB may not meet the CCNB Board’s expectations due to factors in Getty Images’ control or out
of its control, including due to economic cycles or other macroeconomic factors (including those set forth in the section titled “Risk Factors” of this proxy statement/prospectus).

- **Business Risks.** The risks that (i) Getty Images may be unable to offer relevant quality and diversity of content to satisfy customer needs, including continued licensing of content owned by third parties, which may become unavailable to it on commercially reasonable terms or may not be available at all, (ii) Getty Images may lose the right to use “Getty Images” trademarks in the event it experiences a change of control or otherwise in each case in accordance with the Restated Option Agreement, (iii) the third parties’ search engines, which Getty Images relies on to drive traffic to its website may change their search engine algorithms or pricing in ways that could negatively affect Getty Images’ business, results of operations, financial condition and prospects, (iv) Getty Images may be unable to adequately maintain, adapt and upgrade its websites and technology systems to ingest and deliver higher quantities of new content and allow existing and new customers to successfully search for its content, (v) because Getty Images’ business is highly competitive, Getty Images may face intense competition from a number of companies, which could reduce its revenues, margins and results of operations, (vi) if Getty Images cannot continue to innovate technologically, develop, market and sell new products and services or enhance existing technology and products and services to meet customer requirements, its ability to grow revenue could be impaired and (vii) any recession that has occurred or may occur in the future may impact Getty Images’ business, results of operations, financial condition and prospects, and other business risks (including those set forth in the section titled “Risk Factors” of this proxy statement/prospectus).

- **Industry Risks.** Risks associated with (i) the business being highly competitive, and Getty Images facing intense competition from a number of companies, which could reduce Getty Images revenues, margins and operating results, (ii) changes to customers’ industries that could adversely affect Getty Images’ future revenues and limit its future growth prospects and results of operations and (iii) Getty Images operating in new and rapidly changing markets, which makes it difficult for Getty Images to evaluate its future prospects and may increase the risk that Getty Images will not be successful, or other industry risks (including those set forth in the section titled “Risk Factors” of this proxy statement/prospectus).

- **COVID-19.** Uncertainties regarding the potential impacts of the COVID-19 virus and related economic disruptions (such as actions by public health and governmental authorities, businesses, other organizations and individuals to address the outbreak, including travel bans and restrictions, quarantines, shelter-in-place, stay-at-home or total lock-down orders and business limitations and shutdowns) on Getty Images’ business operations, financial condition and demand for its products.

- **Redemption Risk.** The potential that a significant number of CCNB Shareholders may elect to redeem their shares prior to the consummation of the Business Combination and pursuant to the Existing Organizational Documents, which would reduce the gross proceeds to New CCNB from the Business Combination, which would increase net leverage and, therefore, could hinder New CCNB’s ability to continue its development and growth (however the CCNB Board considered this in light of the protection negotiated with respect to maximum net leverage at Closing discussed above).

- **Stockholder Vote.** The risk that CCNB’s shareholders may fail to provide the respective votes necessary to effect the Business Combination.

- **Closing Conditions.** The fact that the completion of the Business Combination is conditioned on the satisfaction of certain closing conditions that are not within CCNB’s control.

- **Transaction Litigation.** The possibility of litigation challenging the Business Combination or that an adverse judgment granting injunctive relief could delay or prevent consummation of the Business Combination.

- **Listing Risks.** The challenges associated with preparing Getty Images, a privately held entity, for the applicable disclosure, controls and listing requirements to which New CCNB will be subject as a publicly traded company on the NYSE.

- **Potential Benefits May Not Be Achieved.** The risk that the potential benefits of the Business Combination may not be fully achieved or may not be achieved within the expected timeframe.
• **Liquidation of CCNB.** The risks and costs to CCNB if the Business Combination is not completed, including the risk of diverting management focus and resources from other business combination opportunities, which could result in CCNB being unable to effect a business combination by August 4, 2022 and result in the liquidation of CCNB.

• **Exclusivity.** The fact that the Business Combination Agreement includes an exclusivity provision that prohibits CCNB from soliciting other business combinations, which restricts its ability, so long as the Business Combination Agreement is in effect, to consider other potential business combinations.

• **Post-Business Combination Ownership and Corporate Governance in New CCNB.** The fact that current CCNB Shareholders will hold a minority position in New CCNB, and the fact that the New CCNB Board will be classified and that all New CCNB directors will not be elected annually.

• **Fees and Expenses.** The expected fees and expenses associated with the Business Combination, some of which would be payable regardless of whether the Business Combination is ultimately consummated.

In addition to considering the factors described above, the CCNB Board also considered other factors including, without limitation:

• **Interests of Certain Persons.** The Sponsor and certain members of the CCNB Board and executive officers of CCNB and the Sponsor may have interests in the Business Combination Proposal, the other proposals described in this proxy statement/prospectus and the Business Combination that are different from, or in addition to, those of CCNB shareholders generally (see the section titled “— Interests of CCNB’s Directors and Officers and Others in the Business Combination” of this proxy statement/prospectus), including (without limitation) (i) the fact that Koch Financial Assets III, LLC (an affiliate of Koch Icon in a separately managed Koch business unit, a key equityholder of Getty Images whose consent is required to approve the Business Combination on behalf of Getty Images) is an anchor investor with a significant capital commitment to and a meaningful economic interest in NBOKS and (ii) the fact that certain governance rights were granted to the Sponsor pursuant to the Stockholder Agreement, including the right to nominate one director on behalf of the Sponsor to be appointed to the New CCNB Board. CCNB’s directors reviewed and considered these interests during the negotiation of the Business Combination and in evaluating and unanimously approving, as members of the CCNB Board, the Business Combination Agreement and the transactions contemplated therein, including the Mergers.

• **Other Risks.** The various risks associated with the Business Combination, the business of Getty Images, and the business of CCNB, as described in the section titled “Risk Factors” of this proxy statement/prospectus.

The CCNB Board concluded that the potential benefits expected to be received by CCNB and its shareholders as a result of the Business Combination outweighed the potentially negative factors and other risks associated with the Business Combination. Accordingly, the CCNB Board unanimously resolved (i) that it was advisable, to enter into the Business Combination Agreement and the ancillary agreements to which CCNB is or will be a party and the other transactions contemplated hereby and thereby (including the Mergers), (ii) to adopt and approve the execution, delivery and performance by CCNB of the Business Combination Agreement and the ancillary agreements to which CCNB is or will be a party and the other transactions contemplated hereby and thereby (including the Mergers), (iii) to recommend that the CCNB shareholders entitled to vote thereon vote in favor of the approval of the Business Combination Agreement and other proposals related thereto, and (iv) to direct that such proposals, including the proposal to approve the Business Combination Agreement, be submitted to the CCNB Shareholders for approval.

**Related Agreements**

**Stockholders Agreement**

On December 9, 2021, the Sponsor, the equityholders of the Sponsor, certain equityholders of Getty Images and certain other parties thereto entered into the Stockholders Agreement with New CCNB relating to, among other things, the composition of the New CCNB Board following the Closing, certain voting

Pursuant to the Stockholders Agreement, (i) the Sponsor and the Independent Directors (together with their respective successors and any permitted transferees) agreed to be subject to a twelve month lock-up period in respect of their Founder Shares (subject to certain customary exceptions) and (ii) the Getty Family Stockholders (together with their respective successors and any permitted transferees) and Koch Icon (together with its respective successors and any permitted transferees) agreed to be subject to a 180-day lock-up period in respect of their shares of New CCNB Common Stock received in the Business Combination (subject to certain customary exceptions). Registration Rights Agreement

At the closing of the Business Combination, New CCNB will enter into the Registration Rights Agreement, substantially in the form attached as Annex L to this proxy statement/prospectus, with the Sponsor, the Independent Directors, Getty Investments, Koch Icon and certain equityholders of Getty Images (such persons, the “Holders”). Pursuant to the terms of the Registration Rights Agreement, the Holders will be entitled to certain piggyback registration rights and customary demand registration rights. The Registration Rights Agreement provides that New CCNB will agree that, as soon as practicable, and in any event within 30 days after the Closing, New CCNB will file with the SEC a shelf registration statement. New CCNB will use its commercially reasonable efforts to have such shelf registration statement declared effective as soon as practicable after the filing thereof, but no later than the 90th day (or the 120th day if the SEC notifies New CCNB that it will “review” such shelf registration statement) following the filing deadline, in each case subject to the terms and conditions set forth therein; and New CCNB will not be subject to any form of monetary penalty for its failure to do so.

Warrant Assumption Agreement

In connection with the Business Combination, the Transfer Agent, CCNB and New CCNB will enter into the Warrant Assumption Agreement, effective immediately upon the completion of the Domestication Merger and conditioned on the occurrence of the Closing, pursuant to which, among other things, CCNB will assign to New CCNB all of CCNB’s right, title and interest in and to, and New CCNB will assume all of CCNB liabilities and obligations under the Existing Warrant Agreement. As a result, effective immediately following the completion of the Domestication Merger, each Warrant will automatically cease to represent a right to acquire CCNB Class A Ordinary Shares and will instead represent a right to acquire shares of New CCNB Pre-Closing Class A Common Stock, and, following and contingent upon the filing of the New CCNB Post-Closing Certificate of Incorporation, shares of New CCNB Class A Common Stock pursuant to the terms and conditions of the Existing Warrant Agreement (as amended by the Warrant Assumption Agreement).

Sponsor Side Letter

Concurrently with the execution of the Business Combination Agreement, the Sponsor, the Independent Directors, CC Holdings, NBOKS, CCNB, New CCNB, and the Company entered into the Sponsor Side Letter, pursuant to which, (a) in connection with the Domestication Merger, each Founder Share will automatically be converted into the right to receive one share of New CCNB Pre-Closing Class B Common Stock, (b) in accordance with the New CCNB Pre-Closing Certificate of Incorporation, at the Closing, the shares of New CCNB Pre-Closing Class B Common Stock would automatically convert into shares of
New CCNB Class A Common Stock (the “Automatic Conversion”), and (c) in lieu of the Automatic Conversion, at the Closing simultaneously and contingent upon with the filing of the New CCNB Post-Closing Certificate of Incorporation, in accordance with the terms of the Sponsor Side Letter, (i) each share of New CCNB Pre-Closing Class B Common Stock held by a “Sponsor Party” (as defined therein) listed on Schedule I thereto under the heading “Class B Conversion Shares” will automatically be converted into one share of New CCNB Class A Common Stock, (ii) each share of New CCNB Pre-Closing Class B Common Stock held by a Sponsor Party listed on Schedule I thereto under the heading “Series B-1 Earn-Out Shares” will automatically be converted into one share of New CCNB Series B-1 Common Stock and (iii) each share of New CCNB Pre-Closing Class B Common Stock held by a Sponsor Party listed on Schedule I thereto under the heading “Series B-2 Earn-Out Shares” will automatically be converted into one share of New CCNB Series B-2 Common Stock (the shares of New CCNB Series B-2 Common Stock together with the shares of New CCNB Series B-1 Common Stock, the “Restricted Sponsor Shares”). All such Restricted Sponsor Shares are restricted shares that are subject to certain performance-based conversion events and upon the occurrence of a B-1 Vesting Event or a B-2 Vesting Event (as defined in the New CCNB Post-Closing Certificate of Incorporation). Each Restricted Sponsor Share will accrue and be entitled to dividend declared by the New CCNB Board in respect of a share of New CCNB Series B-1 Common Stock or a share of New CCNB Series B-2 Common Stock pursuant to and in accordance with the New CCNB Post-Closing Certificate of Incorporation. Any Restricted Sponsor Shares that have not converted into shares of New CCNB Class A Common Stock by the tenth anniversary of the Closing, as applicable, will be automatically forfeited, and any accrued dividends will be forfeited in connection therewith. The Sponsor Side Letter is attached to this proxy statement/prospectus as Annex G.

Subscription Agreements and Permitted Equity Subscription Agreement

Concurrently with the execution of the Business Combination Agreement, CCNB and New CCNB entered into the Subscription Agreements with the Sponsor and Getty Investments. Additionally, on December 28, 2021, CCNB and New CCNB entered into the Permitted Equity Subscription Agreement with Multiply Group. The shares of New CCNB Class A Common Stock to be issued pursuant to the PIPE Financing have not been registered under the Securities Act, and will be issued in reliance on the availability of an exemption from such registration. The PIPE Subscription Agreements and the Permitted Equity Subscription Agreement provide for certain customary registration rights. For additional information, see “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Subscription Agreements and Permitted Equity Subscription Agreement”.

NBOKS Side Letter

In connection with the signing of the Business Combination Agreement, New CCNB, CCNB, and NBOKS entered into a side letter to (a) the Forward Purchase Agreement, pursuant to which, among other things, NBOKS confirmed the allocation to CCNB of $200,000,000 under the Forward Purchase Agreement and its agreement to, at Closing, subscribe for 20,000,000 shares of New CCNB Class A Common Stock, and 3,750,000 Forward Purchase Warrants (as defined therein) and (b) the Backstop Agreement whereby NBOKS agreed to (subject to (i) the availability of capital it has committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis and the other terms and conditions included therein and (ii) the terms of the Business Combination Agreement), at Closing, subscribe for shares of New CCNB Class A Common Stock to fund redemptions by shareholders of CCNB in connection with the Business Combination in an amount of up to $300,000,000 (clauses “(a)” and “(b),” collectively, the “NBOKS Side Letter”), which NBOKS Side Letter provides for the assignment of CCNB’s obligations under the Forward Purchase Agreement and the Backstop Agreement to New CCNB to facilitate the Business Combination. The NBOKS Side Letter is attached to this proxy statement/prospectus as Annex F.

Fourth Amendment to Restated Option Agreement

In connection with the entry into the Business Combination Agreement, Getty Investments and certain equityholders and/or affiliates of Getty Images (the “Getty Family Entities”) delivered an amendment (the
“Fourth Amendment to Restated Option Agreement”) to that certain Restated Option Agreement, dated as of
February 9, 1998, pursuant to which the Restated Option Agreement will automatically terminate if, and on
the date following the Closing Date on which, the Getty Family Stockholders (together with their respective
successors and any permitted transferees) beneficially own less than 27,500,000 shares of New CCNB
Common Stock (as adjusted for stock splits, stock combinations, and similar transactions). The Fourth
Amendment to Restated Option Agreement is attached to this proxy statement/prospectus as Annex Q.

The Shareholders Meeting

Date, Time and Place of Shareholders Meeting

CCNB’s shareholders meeting is to be held at 9:00 a.m., Eastern Time, on [•], 2022, at the offices of
Kirkland & Ellis LLP located at 601 Lexington Avenue, 50th Floor, New York, New York 10022, and via a
virtual meeting, or at such other time, on such other date and at such other place to which the meeting may
be adjourned. As part of our precautions regarding COVID-19, we are planning for the possibility that the
meeting may be held virtually over the Internet. If we take this step, we will announce the decision to do so
via a press release and posting details on our website that will also be filed with the SEC as proxy material.
Only shareholders who held CCNB Ordinary Shares at the close of business on the Record Date will be
entitled to vote at the Shareholders Meeting.

Record Date; Outstanding Shares; Shareholders Entitled to Vote

CCNB has fixed the close of business on [•], 2022, as the Record Date for determining the CCNB
Shareholders entitled to notice of and to attend and vote at the Shareholders Meeting. As of the close of
business on such date, there were 82,800,000 CCNB Class A Ordinary Shares and 25,700,000 CCNB
Class B Ordinary Shares outstanding and entitled to vote. The CCNB Class A Ordinary Shares and the
CCNB Class B Ordinary Shares vote together as a single class, except in the election of directors, as to
which only the CCNB Class B ordinary shares vote, and each share is entitled to one vote per share at the
Shareholders Meeting.

The Sponsor and the Independent Directors own 25,700,000 CCNB Class B Ordinary Shares. The
Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent
Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after
our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business
Combination Proposal. As of the date of this proxy statement/prospectus, the Sponsor and the Independent
Directors own, collectively, approximately 23.7% of our issued and outstanding Ordinary Shares, including
all of the Founder Shares.

Quorum and Required Vote

A quorum of CCNB Shareholders is necessary to hold the Shareholders Meeting. The holders of a
majority of the outstanding CCNB Ordinary Shares present in person, by proxy or by authorized
representative shall constitute a quorum for the Shareholders Meeting. Each of the Domestication Merger
Proposal and the Business Combination Proposal is interdependent upon the other and must be approved in
order for CCNB to complete the Business Combination as contemplated by the Business Combination
Proposal. The Adjournment Proposal is not conditioned upon the approval of any of the other proposals.
The Business Combination Proposal and the Adjournment Proposal will require an ordinary resolution as a
matter of Cayman Islands law, being the affirmative vote of the holders of a majority of the outstanding
CCNB Ordinary Shares, who, being present and entitled to vote at a meeting of CCNB’s shareholders, vote
at such meeting. The Domestication Merger Proposal will require a special resolution as a matter of Cayman
Islands law, being the affirmative vote of the holders of at least two-thirds of the outstanding CCNB
Ordinary Shares, who, being present and entitled to vote at a meeting of CCNB’s shareholders, vote at such
meeting. If any of the Domestication Merger Proposal or the Business Combination Proposal fails to receive
the required approval, neither will be approved and the Business Combination will not be completed.

Redemption Right

Pursuant to the Existing Organizational Documents, a public shareholder may request of CCNB that the
Company redeem all or a portion of its public shares for cash if the Business Combination is consummated.
As a holder of public shares, you will be entitled to receive cash for any public shares to be redeemed only
if you:
• (a) hold public shares, or (b) if you hold public shares through units, you elect to separate your units into the underlying public shares and public warrants prior to exercising your Redemption Right with respect to the public shares;

• submit a written request to the Transfer Agent, in which you (a) request that the Company redeem all or a portion of your public shares for cash, and (b) identify yourself as the beneficial holder of the public shares, such as by providing your legal name, phone number and address; and

• deliver your public shares to the Transfer Agent, physically or electronically through DTC.

Public shareholders may seek to have their public shares redeemed by CCNB, regardless of whether they vote for or against the Business Combination Proposal or any other proposals and whether they held public shares as of the Record Date or acquired them after the Record Date. Any public shareholder who holds public shares of CCNB on or before [•], 2022 (two (2) business days before the Shareholders Meeting) will have the right to demand that his or her public shares be redeemed for a full pro rata share of the aggregate amount then on deposit in the Trust Account, less any taxes then due but not yet paid. For illustrative purposes, based on funds in the Trust Account of approximately $828,600,000 on September 30, 2021 and including anticipated additional interest through the closing of the Business Combination (assuming interest accrues at recent rates and no additional tax payments are made out of the Trust Account), the per share redemption price is expected to be approximately $10.01. A public shareholder that has properly tendered his or her public shares for Redemption will be entitled to receive his or her pro rata portion of the aggregate amount then on deposit in the Trust Account in cash for such public shares only if the Business Combination is completed. If the Business Combination is not completed, the redemptions will be canceled and the tendered public shares will be returned to the relevant public shareholders as appropriate.

CCNB public shareholders who seek to redeem their public shares must demand redemption no later than 5:00 p.m., Eastern Time, on [•], 2022 (two business days before the Shareholders Meeting) by (i) submitting a written request to the Transfer Agent that CCNB redeem such public shareholder’s public shares for cash, (ii) affirmatively certifying in such request to the Transfer Agent for redemption if such public shareholder is acting in concert or as a “group” (as described in Section 13(d)(3) of the Exchange Act) with any other shareholder with respect to public shares of CCNB and (iii) delivering their public shares, either physically or electronically using DTC’s DWAC System, at the public shareholder’s option, to the Transfer Agent prior to the Shareholders Meeting. If a public shareholder holds the public shares in street name, such public shareholder will have to coordinate with his or her broker to have such public shares certificated or delivered electronically. Certificates that have not been tendered to the Transfer Agent (either physically or electronically) in accordance with these procedures will not be redeemed for cash. There is a nominal cost associated with this tendering process and the act of certificating the shares or delivering them through the DWAC system. The Transfer Agent will typically charge the tendering broker a nominal fee and it would be up to the broker whether or not to pass this cost on to the redeeming public shareholder. In the event the Business Combination is not completed, this may result in an additional cost to public shareholders for the return of their shares.

Notwithstanding the foregoing, a public shareholder, together with any of his, her or its affiliates or any other person with whom it is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended), will be restricted from redeeming in the aggregate his, her or its shares or, if part of such a group, the group’s shares, in excess of 15% of the shares included in the units sold in our IPO. We have no specified maximum redemption threshold under the Existing Organizational Documents, other than the aforementioned 15% threshold, except that in no event will we redeem ordinary shares in an amount that would cause our net tangible assets to be less than $5,000,001. Each redemption of public shares by our public shareholders will reduce the amount in our Trust Account.

Additionally, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have, for no additional consideration, agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price. The closing price of CCNB Class A Ordinary Shares on the date immediately prior to the date of this proxy statement/prospectus was $[•]. The cash held in the Trust Account as of September 30, 2021, was approximately $10.01 per Public Share.
Prior to exercising their Redemption Right, shareholders should verify the market price of CCNB Class A Ordinary Shares as they may receive higher proceeds from the sale of their shares in the public market than from exercising their Redemption Right if the market price per share is higher than the Redemption price. CCNB cannot assure its shareholders that they will be able to sell their CCNB Class A Ordinary Shares in the open market, even if the market price per share is higher than the Redemption price stated above, as there may not be sufficient liquidity in its securities when its shareholders wish to sell their shares. A public shareholder who properly exercises its Redemption Right pursuant to the procedures set forth herein will be entitled to receive a full pro rata portion of the aggregate amount then on deposit in the Trust Account, less any amounts necessary to pay CCNB’s taxes.

For more information, see “Shareholders Meeting — Redemption Right”

**Appraisal Rights**

None of the unit holders or warrant holders have dissent rights in connection the Business Combination under Cayman Islands law. CCNB shareholders may be entitled to give notice to CCNB prior to the extraordinary general meeting that they wish to dissent to the Business Combination and to receive payment of fair market value for his or her CCNB shares if they follow the procedures set out in the Companies Act, noting that any such dissention rights may be limited pursuant to Section 239 of the Companies Act which states that no such dissention rights shall be available in respect of shares of any class for which an open market exists on a recognized stock exchange at the expiry date of the period allowed for written notice of an election to dissent provided that the merger consideration constitutes inter alia shares of any company which at the effective date of the merger are listed on a national securities exchange. It is CCNB’s view that such fair market value would equal the amount which CCNB shareholders would obtain if they exercise their redemption rights as described herein.

**Proxy Solicitation**

CCNB is soliciting proxies on behalf of the CCNB Board. This solicitation is being made by mail but also may be made by telephone or in person. CCNB and its directors, officers and employees may also solicit proxies in person, by telephone or by other electronic means. If a shareholder grants a proxy, it may still vote its shares in person if it revokes its proxy before the Shareholders Meeting. A shareholder may also change its vote by submitting a later-dated proxy as described in the section titled “Shareholders Meeting — Revoking Your Proxy; Changing Your Vote.”

**Interests of CCNB’s Directors and Officers and Others in the Business Combination**

In considering the recommendation of the CCNB Board to vote in favor of the approval of the Business Combination Proposal and the other proposals described in this proxy statement/prospectus, shareholders should understand that the Sponsor, the members of the CCNB Board and the executive officers of CCNB have interests in such proposals and the Business Combination that are different from, or in addition to, those of CCNB shareholders generally. The CCNB Board was aware of and considered these interests, among other matters, in evaluating the Business Combination, and in recommending to CCNB shareholders that they approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. CCNB’s shareholders should take these interests into account in deciding whether to approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus.

These interests include, among other things:

- the fact that, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price;

- the fact that, pursuant to the Sponsor Side Letter, 5,140,000 of the Founder Shares held by the Sponsor and the Independent Directors will be converted into the Restricted Sponsor Shares. For
more information, please see the section titled “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.”

- the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, CCNB will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding CCNB Class A Ordinary Shares for cash and, subject to the approval of its remaining shareholders and the CCNB Board, dissolving and liquidating;

- the fact that 25,700,000 Founder Shares, which are held by the Sponsor (in which certain of CCNB’s officers and directors hold an indirect interest), and the Independent Directors and were acquired for an aggregate purchase price of $25,000 prior to the IPO, would be worthless if the Business Combination or another business combination is not consummated by August 4, 2022, because the holders are not entitled to participate in any redemption or distribution with respect to such shares. Such securities may have a higher value than $25,000 (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $253.9 million based upon the closing price of $9.88 per public share on the NYSE on January 11, 2022;

- the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, the 18,560,000 Private Placement Warrants held by the Sponsor, in which CCNB’s officers and directors hold a direct or indirect interest and which were acquired for an aggregate purchase price of $18.6 million in a private placement that took place simultaneously with the consummation of the CCNB IPO, would become worthless. Such securities may have a higher value than $18.6 million (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $23.2 million based upon the closing price of $1.25 per public warrant on the NYSE on January 11, 2022;

- the fact that CCNB entered into the Forward Purchase Agreement with NBOKS, as amended by the NBOKS Side Letter, which provides for the purchase of up to 20,000,000 Forward Purchase Shares and 3,750,000 redeemable Forward Purchase Warrants to purchase one share of New CCNB Class A Common Stock, for an aggregate purchase price of $200 million, which investment will close concurrently with the Closing in accordance with the terms and subject to the conditions of the Forward Purchase Agreement (as amended by the NBOKS Side Letter);

- the fact that CCNB entered into the Backstop Agreement with NBOKS, as amended by the NBOKS Side Letter, whereby NBOKS agreed to (subject to (i) the availability of capital NBOKS has committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis and the other terms and conditions included therein and (ii) the terms of the Business Combination Agreement) at Closing, subscribe for shares of New CCNB Class A Common Stock at $10.00 per share to fund redemptions by shareholders of CCNB in connection with the Business Combination in an amount of up to $300,000,000;

- the fact that the Sponsor has entered into a commitment to invest an aggregate of $100 million in the PIPE Investment, pursuant to the terms of a Subscription Agreement entered among the Sponsor, CCNB and New CCNB;

- the fact that the Sponsor Group will pay an aggregate of $318,585,000, assuming no available Backstop, or up to $618,585,000 assuming full Backstop is subscribed for, for its investment in CCNB, as summarized in the table below. Following the consummation of the Business Combination, as a result of its previous investment in CCNB, the aggregate value of the Sponsor Group’s investment in New CCNB will be $822,871,820, based upon the respective closing prices of $9.88 per public share and $1.25 per public warrant on the NYSE on January 11, 2022:

(1) Excludes 2,558,000 shares of New CCNB Series B-1 Common Stock and 2,558,000 shares of New CCNB Series B-2 Common Stock held by the Sponsor following the Business Combination, which are each convertible into shares of New CCNB Class A Common Stock upon meeting certain vesting criteria as described in Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.∗
(2) Assumes that the full Backstop is subscribed for by NBOKS, and therefore this is the maximum amount of securities issued pursuant to the Backstop. To the extent not used, or used only partially, this number will be reduced.
(3) Excludes any New CCNB Warrants that may be issued upon conversion of Working Capital Loans.

- the fact that the Sponsor, CCNB’s officers and directors, and their respective affiliates are entitled to reimbursement for any out-of-pocket expenses incurred in connection with activities on CCNB’s behalf related to identifying, investigating, negotiating and completing an initial business combination. However, if CCNB fails to consummate a business combination by August 4, 2022, they will not have any claim against the Trust Account for reimbursement. Accordingly, CCNB may not be able to reimburse these expenses if the Business Combination or another business combination is not consummated within such period;
- the fact that the Sponsor and CCNB’s current officers and directors have agreed, for no additional consideration, to waive their rights to liquidating distributions from the Trust Account with respect to any Founder Shares held by them if CCNB fails to complete an initial business combination by August 4, 2022;
the fact that the Registration Rights Agreement will be entered into by, among others, the Sponsor and the Independent Directors;

the fact that, as of the date of the Business Combination Agreement, the Sponsor, the Founder Holders, the Independent Directors and certain other parties have entered into the Stockholders Agreement relating to, among other things, the composition of the New CCNB Board following the Closing (including certain governance rights granted to the Sponsor, including designation rights with respect to the New CCNB Board), certain voting provisions and lockup restrictions;

the fact that Koch Financial Assets III, LLC (an affiliate of Koch Icon in a separately managed Koch business unit, which is a key equityholder of Getty Images whose consent was required to approve the Business Combination on behalf of Getty Images) is an anchor investor in NBOKS;

the fact that James Quella, a member of the CCNB Board, was appointed by an affiliate of a member of the Sponsor to serve as a director and on the compensation committee and audit committee of Dun & Bradstreet Corporation.

the fact that the Sponsor will benefit from the completion of a business combination and may be incentivized to complete an acquisition of a less favorable target company or on terms less favorable to shareholders rather than liquidate;

the fact that the Sponsor and its affiliates can earn a positive rate of return on their investment, even if other CCNB shareholders experience a negative rate of return in New CCNB;

the fact that CCNB’s directors and officers will be eligible for continued indemnification and continued coverage under a directors’ and officers’ liability insurance policy after the Business Combination and pursuant to the Business Combination Agreement; and

the fact that at the option of the Sponsor, an aggregate amount of $800,000 outstanding under a Working Capital Loan made by the Sponsor to CCNB on January 7, 2022 is repayable in full upon consummation of the Business Combination or, at the option of the Sponsor, be converted (in whole or in part) into Private Placement Warrants in connection with the consummation of the Business Combination, and such amount (including amounts due under the outstanding promissory note) will likely be written off if an initial business combination is not consummated by August 4, 2022.

In addition, certain persons who are expected to become members of the New CCNB Board after the completion of the Business Combination may have interests in the Business Combination that are different from, or in addition to, the interests of the CCNB Shareholders. See “Shareholder Proposal 2: The Business Combination Proposal — Interests of CCNB’s Directors and Officers and Others in the Business Combination.” for additional information.

The Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business Combination Proposal. As of the date of this proxy statement/prospectus, the Sponsor and the Independent Directors own, collectively, approximately 23.7% of our issued and outstanding CCNB Ordinary Shares, including all of the Founder Shares. Additionally, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors), or their respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Required CCNB Shareholder Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Required CCNB Shareholder Proposals. Such a purchase may include a contractual acknowledgement that such
shareholder, although still the record or beneficial holder of such public shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its Redemption Right. In the event that the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) or their respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their Redemption Right, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Business Combination Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Domestication Merger Proposal, (3) otherwise limit the number of public shares electing to redeem and (4) CCNB’s net tangible assets (as determined in accordance with Rule 3a51-1 (g)(1) of the Exchange Act) being at least $5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the Shareholders Meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be submitted at the Shareholders Meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

The existence of financial and personal interests of one or more of CCNB’s directors may result in a conflict of interest on the part of such director(s) between what he/she or they may believe is in the best interests of CCNB and its shareholders and what he/she or they may believe is best for himself/herself or themselves in determining to recommend that shareholders vote for the proposals. In addition, CCNB’s officers have interests in the Business Combination that may conflict with your interests as a shareholder.

Recommendation to Shareholders of CCNB

The CCNB Board has unanimously approved each of the CCNB Shareholder Proposals.

The CCNB Board unanimously recommends that shareholders:

• Vote “FOR” the Domestication Merger Proposal;
• Vote “FOR” the Business Combination Proposal; and
• Vote “FOR” the Adjournment Proposal.

In considering the recommendation of the CCNB Board to vote in favor of the approval of the Business Combination Proposal and the other proposals described in this proxy statement/prospectus, shareholders should understand that the Sponsor, the members of the CCNB Board and executive officers of CCNB have interests in such proposals and the Business Combination that are different from, or in addition to, those of CCNB Shareholders generally. The CCNB Board was aware of and considered these interests, among other matters, in evaluating the Business Combination, and in recommending to CCNB Shareholders that they approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. CCNB’s shareholders should take these interests into account in deciding whether to approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. See the section titled “Shareholder Proposal 2: The Business Combination Proposal — Interests of Certain Persons in the Business Combination.”
**Sources and Uses of Funds for the Business Combination**

The following tables summarize the sources and uses for funding the Business Combination (i) assuming that none of the CCNB Class A Ordinary Shares are redeemed in connection with the Business Combination and (ii) assuming that the contractual maximum number of CCNB Class A Ordinary Shares with the available backstop are redeemed in connection with the Business Combination, while still satisfying the Net Funded Indebtedness Condition. For an illustration of the number of shares and percentage interests outstanding under scenarios that assume redemptions of the CCNB Class A Ordinary Shares in an illustrative redemption scenario, in a contractual maximum redemption with no backstop scenario and a charter redemption limitation scenario, see "Risk Factors — The public shareholders will experience immediate dilution as a consequence of the issuance of New CCNB Class A Common Stock as consideration in the Business Combination and in the Forward Purchase Agreement, Backstop Agreement and PIPE Financing."

Material U.S. Federal Income Tax Consequences of the Domestication Merger

As discussed more fully under the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders” below, the Domestication Merger, together with the Statutory Conversion, generally should qualify as a reorganization within the meaning of Section 368(a)(1)(F) of the Code. However, due to the absence of direct guidance on the application of Section 368(a)(1)(F) of the Code to a corporation holding only investment-type assets, such as CCNB, this result is not entirely clear. In the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization within the meaning of Section 368(a)(1)(F) of the Code, U.S. Holders (as defined in such section) of CCNB Class A Ordinary Shares will be subject to Section 367(b) of the Code and as a result:

- A U.S. Holder of CCNB Class A Ordinary Shares whose CCNB Class A Ordinary Shares have a fair market value of less than $50,000 on the date of the Domestication Merger, and who on the date of the Domestication Merger owns (actually and constructively) less than 10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less than 10% of the total value of all classes of CCNB Ordinary Shares, will generally not recognize any gain or loss on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion) and will generally not be required to include any part of CCNB’s earnings in income pursuant to the Domestication Merger;

- A U.S. Holder of CCNB Class A Ordinary Shares whose CCNB Class A Ordinary Shares have a fair market value of $50,000 or more on the date of the Domestication Merger, and who on the date of the Domestication Merger owns (actually and constructively) less than 10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less than 10% of the total value of all classes of CCNB Ordinary Shares, will generally recognize gain (but not loss) on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion) pursuant to the Domestication Merger. As an alternative to recognizing gain, such U.S. Holders may file an election to include in income as a dividend the “all earnings and profits amount” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to their CCNB Class A Ordinary Shares, provided certain other requirements are satisfied. CCNB does not expect to have significant cumulative earnings and profits on the date of the Domestication Merger; and

- A U.S. Holder of CCNB Class A Ordinary Shares who on the date of the Domestication Merger owns (actually and constructively) 10% or more of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote or 10% or more of the total value of all classes of CCNB

(1) Figures exclude impact of cash and cash equivalents as well as outstanding payables at CCNB.
(2) As of September 30, 2021.
(3) Assumes that the maximum number of CCNB Class A Ordinary Shares that can be redeemed are redeemed, while still satisfying the Net Funded Indebtedness Condition, requiring the Net Funded Indebtedness to be equal or less than $1,350.0 million per the Business Combination Agreement.
(4) Reflects estimates as of March 31, 2022, inclusive of prepayment fees, net of the Preferred Stock Consideration.
(5) Represents an estimated amount, inclusive of IPO deferred underwriting fee and financial advisor, accounting, legal and other diligence fees related to the Business Combination.
Ordinary Shares will generally be required to include in income as a dividend the “all earnings and profits amount” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to its CCNB Class A Ordinary Shares on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion). Any such U.S. Holder that is a corporation may, under certain circumstances, effectively be exempt from taxation on a portion or all of the deemed dividend pursuant to Section 245A of the Code. CCNB does not expect to have significant cumulative earnings and profits on the date of the Domestication Merger.

Furthermore, even in the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization under Section 368(a)(1)(F) of the Code, a U.S. Holder of CCNB Class A Ordinary Shares or public warrants may, in certain circumstances, still recognize gain (but not loss) upon the exchange of its CCNB Class A Ordinary Shares or public warrants for the common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) pursuant to the Domestication Merger under the “passive foreign investment company,” or PFIC, rules of the Code. Proposed Treasury Regulations with a retroactive effective date have been promulgated under Section 1291(f) of the Code which generally require that a U.S. person who disposes of stock of a PFIC (including for this purpose exchanging public warrants for newly issued warrants in the Domestication Merger) must recognize gain equal to the excess, if any, of the fair market value of the common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) received in the Domestication Merger and the U.S. Holder’s adjusted tax basis in the corresponding CCNB Class A Ordinary Shares or public warrants surrendered in exchange therefor, notwithstanding any other provision of the Code. Because CCNB is a blank check company with no current active business, we believe that CCNB may be classified as a PFIC for U.S. federal income tax purposes. As a result, these proposed Treasury Regulations, if finalized in their current form, may require a U.S. Holder of CCNB Class A Ordinary Shares or public warrants to recognize gain on the exchange of such shares or warrants for common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) pursuant to the Domestication Merger, unless such U.S. Holder has made certain tax elections with respect to such U.S. Holder’s CCNB Class A Ordinary Shares. A U.S. Holder cannot currently make the aforementioned elections with respect to such U.S. Holder’s public warrants. The tax on any such gain so recognized would be imposed at the rate applicable to ordinary income and an interest charge would apply based on complex rules designed to offset the tax deferral to such U.S. Holder on the undistributed earnings, if any, of CCNB. It is not possible to determine at this time whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted. For a more complete discussion of the potential application of the PFIC rules to U.S. Holders as a result of the Domestication Merger, see the discussion in the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders — U.S. Holders — PFIC Considerations.”

Additionally, the Domestication Merger may cause Non-U.S. Holders (as defined in “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders”) to become subject to U.S. federal withholding taxes on any dividends paid in respect of such Non-U.S. Holder’s New CCNB Common Stock after the Domestication Merger.

The tax consequences of the Domestication Merger are complex and will depend on a holder’s particular circumstances. All holders are urged to consult their tax advisors on the tax consequences to them of the Domestication Merger, including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws. For a more complete discussion of the U.S. federal income tax considerations of the
Domestication Merger, including with respect to public warrants, see “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders.”

Regulatory Matters

Under the HSR Act and the rules that have been promulgated thereunder, certain transactions may not be consummated unless information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. The Business Combination is subject to these requirements and may not be completed until the expiration of a 30-day waiting period following the filing of the required Notification and Report Forms with the Antitrust Division and the FTC or until early termination is granted. CCNB and Getty Images filed the required forms under the HSR Act with the Antitrust Division and the FTC on January 6, 2022 and requested early termination of the waiting period under the HSR Act.

At any time before or after consummation of the Business Combination, notwithstanding expiration or termination of the waiting period under the HSR Act, the applicable competition authorities in the United States or any other applicable jurisdiction could take such action under applicable antitrust laws as such authority deems necessary or desirable in the public interest, including seeking to enjoin the consummation of the Business Combination, conditionally approving the Business Combination upon divestiture of Getty Images’ assets, subjecting the completion of the Business Combination to regulatory conditions or seeking other remedies. Private parties may also seek to take legal action under the antitrust laws under certain circumstances. CCNB cannot assure you that the Antitrust Division, the FTC, any state attorney general, or any other government authority will not attempt to challenge the Business Combination on antitrust grounds, and, if such a challenge is made, CCNB cannot assure you as to its result.

CCNB, New CCNB and Getty Images are not aware of any material regulatory approvals or actions that are required for completion of the Business Combination other than the expiration or early termination of the waiting period under the HSR Act. It is presently contemplated that if any such additional regulatory approvals or actions are required, those approvals or actions will be sought. There can be no assurance, however, that any additional approvals or actions will be obtained.

Emerging Growth Company

CCNB is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, as amended (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies, including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. CCNB has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, CCNB, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of CCNB’s financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.
We will remain an emerging growth company until the earlier of: (1) the last day of the fiscal year (a) following the fifth anniversary of the closing of the IPO, (b) in which we have total annual gross revenue of at least $1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common equity that is held by non-affiliates exceeds $700 million as of the end of the prior fiscal year's second fiscal quarter; and (2) the date on which we have issued more than $1.00 billion in non-convertible debt securities during the prior three-year period. References herein to “emerging growth company” have the meaning associated with it in the JOBS Act.

Risk Factor Summary

In evaluating the Proposals set forth in this proxy statement/prospectus, you should carefully read this proxy statement/prospectus, including the Annexes, and especially consider the factors discussed in the section titled “Risk Factors.” The occurrence of one or more of the events or the circumstances described in the section titled “Risk Factors,” alone or in combination with other events or circumstances, may adversely affect Getty Images’ and CCNB’s ability to complete or realize the anticipated benefits of the Business Combination, and may have a material adverse effect on the business, cash flows, financial condition or results of operations of Getty Images. These risks include the following:

**Risks Related to Getty Images**

- Getty Images’ inability to attract new and retain existing and repeat customers;
- Getty Images’ inability to offer relevant, quality and diversity of content to satisfy customer needs;
- The intense competition Getty Images faces could reduce Getty Images’ revenues, margins and operating results;

- Getty Images’ inability to expand Getty Images’ operations into new products, services and technologies;
- Failure to technologically or develop, market and sell new products and services, or enhance existing technology and products and services to meet customer requirements;
- Getty Images’ reliance on third parties to drive traffic to Getty Images’ website, and these providers changing their search engine algorithms;
- Getty Images’ failure to successfully expand into new international markets;
- Risks relating to global regulatory, operational, financial and economic changes and instability;
- Failure to increase customer and supplier awareness of certain of Getty Images’ new and emerging products and services;

- Getty Images’ inability to grow at historic growth rates or at all;
• Getty Images’ failure to meet Getty Images’ growth objectives and strategies;

• Getty Images’ failure to protect the proprietary information of Getty Images’ customers and Getty Images’ networks against security breaches;
• Getty Images’ inability to acquire or integrate new content and product lines;

• Risks related to Getty Images’ use of independent contractors;
• Getty Images’ inability to protect and enforce our intellectual property rights;
• Infringement on intellectual property rights of third parties;
• An increase in government regulation of the industries and markets in which Getty Images operates, including with respect to the internet and e-commerce;

• Getty Images’ inability to obtain additional capital on commercially reasonable terms; and
• Complaints or litigation that may adversely affect Getty Images’ business and reputation

Risks Related to the Business Combination and CCNB

• CCNB and Getty Images will incur significant transaction and transition costs in connection with the Business Combination.
• If the conditions to the Business Combination Agreement are not met, the Business Combination may not occur.
• The Sponsor and each of CCNB’s officers and directors agreed to vote in favor of our initial business combination, including the Business Combination in particular, as applicable, regardless of how CCNB’s shareholders vote.
• Since the Sponsor and our directors and executive officers have interests that are different, or in addition to (and which may conflict with), the interests of our shareholders, a conflict of interest may have existed in determining whether the Business Combination with New CCNB is appropriate as our initial business combination and in recommending that shareholders vote in favor of approval of the CCNB Shareholder Proposals. Such interests include that the Sponsor and our directors and executive officers, will lose their entire investment in us if our initial business combination is not completed, and that the Sponsor will benefit from the completion of an initial business combination and may be incentivized to complete the Business Combination, even if it is with a less favorable target company or on less favorable terms to shareholders, rather than liquidate CCNB.
• The ability of our public shareholders to exercise their Redemption Right with respect to a large number of our shares could increase the probability that the Business Combination would be unsuccessful and that you would have to wait for liquidation in order to redeem your shares.

A significant portion of our total outstanding shares are restricted from immediate resale but may be sold into the market in the near future. This could cause the market price of shares of New CCNB Class A Common Stock to drop significantly, even if New CCNB’s business is doing well.

# QUESTIONS AND ANSWERS ABOUT THE PROPOSALS FOR SHAREHOLDERS

The questions and answers below highlight only selected information from this document and only briefly address certain commonly asked questions about the proposals to be presented at the Shareholders Meeting, including with respect to the proposed Business Combination. The following questions and answers do not include all the information that is important to our shareholders. We urge shareholders to read carefully this entire proxy statement/prospectus, including the Annexes and the other documents referred to herein, to fully understand the proposed Business Combination and the voting procedures for the Shareholders Meeting, which will be held on [•], 2022 at 9:00 a.m., Eastern Time, at the offices of Kirkland & Ellis LLP located at 601 Lexington Avenue, 50th Floor, New York, New York 10022, and via a virtual meeting, or at such other time, on such other date and at such other place to which the meeting may be adjourned.

Q. Why am I receiving this proxy statement/prospectus?

A. You are receiving this proxy statement/prospectus in connection with the Shareholders Meeting of CCNB’s shareholders. CCNB is holding the Shareholders Meeting to consider and vote upon the Proposals described below. Your vote is important. You are encouraged to vote as soon as possible after carefully reviewing this proxy statement/prospectus.

CCNB’s shareholders are being asked to consider and vote upon the Domestication Merger Proposal to approve CCNB merging with and into Domestication Merger Sub in accordance with Section 18-209 of the DLLCA and ceasing to exist in the Cayman Islands in accordance with Part XVI the Companies Act, with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB, and all outstanding securities of CCNB will convert to outstanding securities of New CCNB. The form of the proposed New CCNB Post-Closing Certificate of Incorporation and New CCNB Post-Closing Bylaws are attached to this proxy statement/prospectus as Annex B and Annex C, respectively. See the section titled “Shareholder Proposal 1: The Domestication Merger Proposal.”

CCNB’s shareholders are also being asked to consider and vote upon the Business Combination Proposal to approve the Business Combination Agreement and the Business Combination contemplated thereby. The Business Combination Agreement provides that, among other things, CCNB will acquire a majority of the equity interests in Getty Images through a series of mergers, with Getty Images becoming an indirect subsidiary of New CCNB. Shareholder approval of the Business Combination Agreement and the transactions contemplated thereby is required by the Business Combination Agreement and the Existing Organizational Documents. A copy of the Business Combination Agreement is attached to this proxy statement/prospectus as Annex A and CCNB encourages its shareholders to read it in its entirety. See the section titled “Shareholder Proposal 2: The Business Combination Proposal.”

CCNB’s shareholders are also being asked to consider and vote upon the Adjournment Proposal to approve the adjournment of the Shareholders Meeting to a later date or dates, including, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for, or otherwise in connection with, the approval of the Business Combination Proposal. This proposal will only be presented at the Shareholders Meeting (i) to the extent necessary to ensure that any legally required supplement or amendment to the proxy statement/prospectus is provided to CCNB Shareholders, (ii) if there are insufficient voting interests of CCNB represented (either in person or by proxy) to constitute a quorum, (iii) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining approval of the Required CCNB Shareholder Proposals, (iv) if the holders of public shares have elected to redeem such shares such that the Net Funded Indebtedness Condition (as defined in the accompanying proxy statement/prospectus) would not be satisfied, or (v) in the case of clauses “(ii)” and “(iii)”, upon the reasonable request of Getty Images. See the section titled “Shareholder Proposal 3: The Adjournment Proposal.”

The holders of a majority of the outstanding CCNB Ordinary Shares present in person, by proxy or by authorized representative shall constitute a quorum for the Shareholders Meeting.

**YOUR VOTE IS IMPORTANT. YOU ARE ENcouraged TO VOTE AS SOON AS POSSIBLE AFTER CAREFULLY REVIEWING THIS PROXY STATEMENT/PROSPECTUS.**

Q. When and where will the Shareholders Meeting be held?

A. The Shareholders Meeting will be held at 9:00 a.m., Eastern Time, on [•], 2022, at the offices of
Kirkland & Ellis LLP located at 601 Lexington Avenue, 50th Floor, New York, New York 10022, and via a virtual meeting, or at such other time, on such other date and at such other place to which the meeting may be adjourned. As part of our precautions regarding COVID-19, we are planning for the possibility that the meeting may be held virtually over the Internet. If we take this step, we will announce the decision to do so via a press release and posting details on our website that will also be filed with the SEC as proxy material. Only shareholders who held ordinary shares at the close of business on the Record Date will be entitled to vote at the Shareholders Meeting.

Q. What is being voted on at the Shareholders Meeting?
A. At the Shareholders Meeting, the shareholders of CCNB are being asked to vote on the following CCNB Shareholder Proposals:
   (1) The Domestication Merger Proposal;
   (2) The Business Combination Proposal; and
   (3) The Adjournment Proposal.

Q. Are the CCNB Shareholder Proposals conditioned on one another?
A. Each of the Domestication Merger Proposal and the Business Combination Proposal (together, the “Required CCNB Shareholder Proposals”) is interdependent upon the other and each must be approved in order for CCNB to complete the Business Combination contemplated by the Business Combination Agreement. The Business Combination Proposal and the Adjournment Proposal will require an ordinary resolution as a matter of Cayman Islands law, being the affirmative vote of a majority of the holders of CCNB Ordinary Shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting. The Adjournment Proposal is not conditioned upon the approval of any of the other proposals. The Domestication Merger Proposal will require a special resolution as a matter of Cayman Islands law, being the affirmative vote of holders of a majority of at least two-thirds of the outstanding CCNB Ordinary Shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting.

Q. Why is CCNB proposing the Domestication Merger?
A. The CCNB Board believes that it would be in the best interests of CCNB to effect the Domestication Merger to enable New CCNB to avoid certain taxes that would be imposed on New CCNB if New CCNB were to conduct an operating business in the United States as a foreign corporation following the Business Combination. In addition, the CCNB Board believes Delaware provides a recognized body of corporate law that will facilitate corporate governance by New CCNB’s officers and directors following the Closing. Delaware maintains a favorable legal and regulatory environment in which to operate. For many years, Delaware has followed a policy of encouraging companies to incorporate there and in furtherance of that policy, has adopted comprehensive, modern and flexible corporate laws that are regularly updated and revised to meet changing business needs. As a result, many major corporations have initially chosen Delaware as their domicile or have subsequently reincorporated in Delaware in a manner similar to the procedures CCNB is proposing. Due to Delaware’s longstanding policy of encouraging incorporation in that state and consequently its prevalence as the state of incorporation, the Delaware courts have developed a considerable expertise in dealing with corporate issues and a substantial body of case law has developed construing the DGCL and establishing public policies with respect to Delaware corporations. It is anticipated that the DGCL will continue to be interpreted and explained in a number of significant court decisions that may provide greater predictability with respect to New CCNB’s corporate legal affairs following the Closing.

The Domestication Merger will not occur unless the CCNB Shareholders have approved the Domestication Merger Proposal and the Business Combination Proposal and the Business Combination Agreement is in full force and effect prior to the Domestication Merger. The Domestication Merger will only occur on the Closing Date prior to the consummation of the Business Combination.
Q. What is involved with the Domestication Merger?
A. The Domestication Merger will require CCNB to file certain documents in both the Cayman Islands and the State of Delaware to effectuate the merger of CCNB with and into Domestication Merger Sub. At the effective time of the Domestication Merger, which will be 12:01 a.m. on the Closing Date, the surviving company of the Domestication Merger will not be a company incorporated under the laws of the Cayman Islands, and New CCNB (of which Domestication Merger Sub will be a wholly-owned direct subsidiary) will survive the Domestication Merger as a Delaware corporation and, simultaneously with the Business Combination, will change its name to “Getty Images Holdings, Inc.” The Existing Organizational Documents will be replaced by the New CCNB Pre-Closing Certificate of Incorporation, and following the consummation of the Business Combination, the New CCNB Post-Closing Certificate of Incorporation and Bylaws and your rights as a shareholder will cease to be governed by the laws of the Cayman Islands and will be governed by Delaware law.

Q. When do you expect that the Domestication Merger will be effective?
A. The Domestication Merger is expected to become effective at 12:01 a.m. on the Closing Date and in connection with the completion of the Business Combination.

Q. How will the Domestication Merger affect my securities of CCNB?
A. Pursuant to the Domestication Merger and without further action on the part of CCNB’s shareholders, each outstanding CCNB Ordinary Share will be exchanged on a one-for-one basis for shares of New CCNB Common Stock, and each of the outstanding CCNB Warrants will be converted into and become New CCNB Warrants. Although it will not be necessary for you to exchange your certificates representing CCNB Ordinary Shares after the Domestication Merger, New CCNB will, upon request, exchange your CCNB Ordinary Share certificates for the applicable number of shares of New CCNB Common Stock, and all certificates for securities issued after the Domestication Merger will be certificates representing securities of New CCNB.

Q. What are the material U.S. federal income tax consequences of the Domestication Merger to holders of CCNB Class A Ordinary Shares and public warrants?
A. As discussed more fully under the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders” below, the Domestication Merger, together with the Statutory Conversion, generally should qualify as a reorganization within the meaning of Section 368(a)(1)(F) of the Code. However, due to the absence of direct guidance on the application of Section 368(a)(1)(F) of the Code to a corporation holding only investment-type assets, such as CCNB, this result is not entirely clear. In the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization within the meaning of Section 368(a)(1)(F) of the Code, U.S. Holders (as defined in such section) of CCNB Class A Ordinary Shares will be subject to Section 367(b) of the Code and as a result:

• a U.S. Holder of CCNB Class A Ordinary Shares whose CCNB Class A Ordinary Shares have a fair market value of less than $50,000 on the date of the Domestication Merger, and who on the date of the Domestication Merger owns (actually and constructively) less than 10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less than 10% of the total value of all classes of CCNB Ordinary Shares, will generally not recognize any gain or loss on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion) and will generally not be required to include any part of CCNB’s earnings in income pursuant to the Domestication Merger;

• a U.S. Holder of CCNB Class A Ordinary Shares whose CCNB Class A Ordinary Shares have a fair market value of $50,000 or more on the date of the Domestication Merger, and who on the date of the Domestication Merger owns (actually and constructively) less than 10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less than 10% of the total value of all classes of CCNB Ordinary Shares will generally recognize gain (but not loss) on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation...
following the Statutory Conversion) pursuant to the Domestication Merger. As an alternative to recognizing gain, such U.S. Holders may file an election to include in income as a dividend the “all earnings and profits amount” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to their CCNB Class A Ordinary Shares, provided certain other requirements are satisfied. CCNB does not expect to have significant cumulative earnings and profits on the date of the Domestication Merger; and

- a U.S. Holder of CCNB Class A Ordinary Shares who on the date of the Domestication Merger owns (actually and constructively) 10% or more of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote or 10% or more of the total value of all classes of CCNB Ordinary Shares will generally be required to include in income as a dividend the “all earnings and profits amount” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to its CCNB Class A Ordinary Shares on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion). Any such U.S. Holder that is a corporation may, under certain circumstances, effectively be exempt from taxation on a portion or all of the deemed dividend pursuant to Section 245A of the Code. CCNB does not expect to have significant cumulative earnings and profits on the date of the Domestication Merger.

Furthermore, even in the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization under Section 368(a)(1)(F) of the Code, a U.S. Holder of CCNB Class A Ordinary Shares or public warrants may, in certain circumstances, still recognize gain (but not loss) upon the exchange of its CCNB Class A Ordinary Shares or public warrants for the common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) pursuant to the Domestication Merger under the “passive foreign investment company,” or PFIC, rules of the Code. Proposed Treasury Regulations with a retroactive effective date have been promulgated under Section 1291(f) of the Code which generally require that a U.S. person who disposes of stock of a PFIC (including for this purpose exchanging public warrants for newly issued warrants in the Domestication Merger) must recognize gain equal to the excess, if any, of the fair market value of the common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) received in the Domestication Merger and the U.S. Holder’s adjusted tax basis in the corresponding CCNB Class A Ordinary Shares or public warrants surrendered in exchange therefor, notwithstanding any other provision of the Code. Because CCNB is a blank check company with no current active business, we believe that CCNB may be classified as a PFIC for U.S. federal income tax purposes. As a result, these proposed Treasury Regulations, if finalized in their current form, may require a U.S. Holder of CCNB Class A Ordinary Shares or public warrants to recognize gain on the exchange of such shares or warrants for common stock or warrants of the Delaware corporation pursuant to the Domestication Merger, unless such U.S. Holder has made certain tax elections with respect to such U.S. Holder’s public warrants. The tax on any such gain so recognized would be imposed at the rate applicable to ordinary income and an interest charge would apply based on complex rules designed to offset the tax deferral to such U.S. Holder on the undistributed earnings, if any, of CCNB. It is not possible to determine at this time whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted. For a more complete discussion of the potential application of the PFIC rules to U.S. Holders as a result of the Domestication Merger, see the discussion in the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders — U.S. Holders — PFIC Considerations.”

Additionally, the Domestication Merger may cause Non-U.S. Holders (as defined in “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders”) to become subject to U.S. federal withholding taxes on any dividends paid in respect of such Non-U.S. Holder’s New CCNB Common Stock after the Domestication Merger.
The tax consequences of the Domestication Merger are complex and will depend on a holder’s particular circumstances. All holders are urged to consult their tax advisors on the tax consequences to them of the Domestication Merger, including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws. For a more complete discussion of the U.S. federal income tax considerations of the Domestication Merger, including with respect to public warrants, see “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders.”

Q. What are the material U.S. federal income tax consequences to holders of CCNB Class A Ordinary Shares that exercise their Redemption Right?

A. As discussed more fully under the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders” below, a U.S. Holder (as defined in such section) that exercises its Redemption Right to receive cash in exchange for its New CCNB Common Stock will generally be treated as selling such New CCNB Common Stock, resulting in the recognition of capital gain or capital loss. There may be certain circumstances in which the redemption may be treated as a distribution for U.S. federal income tax purposes depending on the amount of New CCNB Common Stock that such U.S. Holder owns or is deemed to own (including through the ownership of warrants).

Additionally, because the Domestication Merger will occur prior to the redemption of U.S. Holders exercising their Redemption Right, such U.S. Holders will be subject to the potential tax consequences of Section 367(b) of the Code and the potential tax consequences of the PFIC rules as a result of the Domestication Merger.

All holders of CCNB Class A Ordinary Shares considering exercising their Redemption Right are urged to consult their tax advisors on the tax consequences to them of an exercise of their Redemption Right, including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws.

Q. Why is CCNB proposing the Business Combination?

A. CCNB was incorporated to effect a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses or entities. Since CCNB’s organization, the CCNB Board has sought to identify suitable candidates in order to effect such a transaction. In its review of Getty Images, the CCNB Board considered a variety of factors weighing positively and negatively in connection with the Business Combination. After careful consideration, the CCNB Board has determined that the Business Combination presents a highly attractive business combination opportunity and is in the best interests of CCNB’s Shareholders. The CCNB Board believes that, based on its review and consideration, the Business Combination with Getty Images presents an opportunity to increase shareholder value. However, there can be no assurance that the anticipated benefits of the Business Combination will be achieved. Approval of the Business Combination by CCNB’s Shareholders is required by the Business Combination Agreement and the Existing Organizational Documents.

Q. What will happen in the Business Combination?

A. The Business Combination consists of a series of transactions pursuant to which: (a) on the day prior to the Closing Date, New CCNB will statutorily convert from a Delaware limited liability company to a Delaware corporation; (b) at 12:01 a.m. on the Closing Date, CCNB will be merged with and into
Domestication Merger Sub, with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB and New CCNB will survive the Domestication Merger as the public company with (i) each CCNB Class A Ordinary Share being converted into the right of the holder thereof to receive one share of New CCNB Pre-Closing Class A Common Stock, (ii) each CCNB Class B Ordinary Share being converted into the right of the holder thereof to receive one share of New CCNB Class B Common Stock and (iii) each CCNB Warrant ceasing to represent a right to acquire CCNB Class A Ordinary Shares and instead representing a right to acquire shares of New CCNB Pre-Closing Class A Common Stock; (c) on the Closing Date, at the Closing and prior to the PIPE Financing and the consummation of the transactions contemplated by the Forward Purchase Agreement and the Backstop Agreement, if applicable, New CCNB will amend and restate the New CCNB Pre-Closing Certificate of Incorporation in the form of the New CCNB Post-Closing Certificate of Incorporation to provide for, among other things, New CCNB Class A Common Stock and New CCNB Class B Common Stock, which New CCNB Class B Common Stock will be subject to stock price based vesting; (d) on the Closing Date, at the Closing and contingent upon the filing of the New CCNB Post-Closing Certificate of Incorporation, the transactions contemplated by the Sponsor Side Letter will be consummated, including the conversion of the New CCNB Pre-Closing Class B Common Stock into New CCNB Class A Common Stock and New CCNB Class B Common Stock; (e) on the Closing Date, at the Closing and prior to the Getty Mergers, New CCNB will consummate the PIPE Financing and the transactions contemplated by the Forward Purchase Agreement and the Backstop Agreement, if applicable; (f) on the Closing Date following the consummation of the PIPE Financing and the Backstop Agreement, if applicable, G Merger Sub 1 will be merged with and into Getty Images in the First Getty Merger, with Getty Images surviving the First Getty Merger as a direct wholly-owned subsidiary of Domestication Merger Sub; and (g) immediately after the First Getty Merger, Getty Images will be merged with and into G Merger Sub 2 in the Second Getty Merger, with G Merger Sub 2 surviving the Second Getty Merger as a direct wholly-owned subsidiary of Domestication Merger Sub.

Q. **What consideration will be received in connection with the Business Combination?**

A. In accordance with the terms and subject to the conditions of the Business Combination Agreement, at the effective time of the First Getty Merger (and, for the avoidance of doubt, following the Partnership Liquidation) (the “First Effective Time”), (a) each Getty Images Share that is issued and outstanding immediately prior to the First Effective Time (including Getty Images Shares resulting from the Partnership Liquidation, but excluding Getty Images Shares as to which appraisal rights have been properly exercised in accordance with Delaware law and Getty Images Shares held by Getty Images as treasury stock) will be cancelled and converted into the right to receive the applicable portion of the merger consideration, in accordance with the applicable portion of the merger consideration in accordance with an allocation schedule to be provided by Getty Images (the “Allocation Schedule”) that will set forth the allocation of the merger consideration (including the Earn-Out Shares (as defined below)) among the equityholders of Getty Images, consisting of (i) with respect to each holder of Getty Images Common Shares, a number of shares of New CCNB Common Stock equal to the Per Common Share Merger Consideration as determined under the merger agreement and further described below as the “Per Common Share Merger Consideration,” (ii) with respect to the preferred stockholder, (A) a number of shares of New CCNB Class A Common Stock equal to the Preferred Stock Consideration in respect of its Company Preferred Shares (subject to the “Preferred Stock Consideration Adjustment” further described herein) and (B) the Preferred Cash Consideration (subject to the “Cash Adjustment Amount” further described herein) and (b) each Getty Images Option (whether vested or unvested) to purchase Getty Images Common Shares that is outstanding as of immediately prior to the First Effective Time will be converted into an option to purchase a number of shares of New CCNB Class A Common Stock based on the Option Exchange Ratio (as defined below) with an exercise price per share of New CCNB Class A Common Stock calculated in accordance with the terms of the Business Combination Agreement. In addition to the consideration to be paid at Closing, New CCNB will issue to equityholders of Getty Images an aggregate of up to 65,000,000 shares of New CCNB Class A Common Stock, issuable upon and subject to the occurrence of the applicable vesting events, as more specifically set forth in “Shareholder Proposal 2: The Business Combination Proposal — Consideration to Getty Equityholders in the Business Combination”. Please read the section titled “Shareholder Proposal 2: The Business Combination Proposal” for further details.
Q: What are the material differences, if any, in the terms and price of securities issued at the time of CCNB's initial public offering as compared to the securities that will be issued as part of the PIPE Financing at the Closing? Will the Sponsor or any of its directors, officers or affiliates participate in the PIPE Financing?

A: Units were the units issued at the time of the IPO consisting of CCNB Class A Ordinary Shares and public warrants, at an offering price per unit of $10.00. At the Closing, the CCNB Class A Ordinary Shares will convert into shares of New CCNB Class A Common Stock and the public warrants will convert into New CCNB Warrants. The PIPE Investors and Multiply Group will receive New CCNB Class A Common Stock at a price per share of $10.00 as part of the PIPE Financing at the Closing, and will therefore hold the same security as the holders of Class A Ordinary Shares immediately following the Business Combination, although the PIPE Investors and Multiply Group as such will not receive any public warrants. The PIPE Financing will raise an aggregate of $225,000,000, of which $190.0 million will be funded by the Sponsor and $50.0 million will be funded by Getty Investments.

Q: What equity stake will the current shareholders of CCNB, Multiply Group and the current shareholders of Getty Images hold in Getty Images immediately after the Closing?

A: It is anticipated that, upon completion of the Business Combination, and assuming no holders of CCNB Class A Ordinary Shares included in the units issued in the IPO (such shares “public shares,” and such holders, “public shareholders”) exercise their Redemption Right (as defined in the accompanying proxy statement/prospectus); (i) CCNB’s public shareholders will retain an ownership interest of approximately 21.9% of the issued and outstanding shares of New CCNB Common Stock; (ii) CC Neuberger Principal Holdings II Sponsor LLC, a Delaware limited liability company (the “Sponsor”) and its affiliates, including CCNB Sponsor 2 Holdings LLC (“CC Holdings”) and Neuberger Berman Opportunistic Capital Solutions Master Fund LP (“NBOKS”), and together with CC Holdings, the “Founder Holders”), and our current independent directors Joel Alsfine, James Quella and Jonathan Gear (collectively, the “Independent Directors”) will own approximately 10.7% of the issued and outstanding shares of New CCNB Common Stock (excluding 2,570,000 shares of New CCNB Series B-1 Common Stock and 2,570,000 shares of New CCNB Series B-2 Common Stock subject to certain vesting restrictions pursuant to the Sponsor Side Letter, any shares to be issued to the Sponsor in connection with the PIPE Investment and NBOKS in connection with the Backstop Agreement); (iii) the PIPE Investors will own approximately 4.0% of the issued and outstanding shares of New CCNB Common Stock pursuant to the PIPE Investment and (iv) Multiply Group will own approximately 2.0% of the issued and outstanding shares of New CCNB Common Stock pursuant to the Permitted Equity Financing and (v) Getty Images Stockholders will own approximately 61.4% of the issued and outstanding shares of New CCNB Common Stock. The Getty Family Stockholders will own approximately 36.4% of the issued and outstanding shares of New CCNB Common Stock (not including shares purchased in connection with the PIPE Investment), and the other limited partners of the Partnership will own approximately 16.8% of the issued and outstanding shares of New CCNB Common Stock. These levels of ownership assume (A) that prior to the Closing no CCNB Warrants will be exercised, (B) that at or after the Closing no New CCNB Warrants or Forward Purchase Warrants will be exercised, (C) a net exercise of Getty Images’ rollover common and rollover vested options on a post-exercise basis at $10 per share at the time of exercise (excluding the exercise of Getty Images’ unvested options), (D) no additional Permitted Equity Financing is entered into prior to the Closing and (E) the Optional Equity Cure Amount is zero. If all of the New CCNB Warrants (excluding any Private Placement Warrants that may be issued upon conversion of Working Capital Loans) and Forward Purchase Warrants were exercisable and immediately exercised upon completion of the Business Combination on a 1:1 basis for cash, CCNB’s public shareholders (other than the PIPE Investors) would receive in aggregate approximately 24.0% of the shares of New CCNB Common Stock on a fully diluted basis, and the Sponsor Group would receive in aggregate approximately 14.9% of the shares of New CCNB Common Stock on a fully diluted basis assuming that the Sponsor Group does not transfer any of the New CCNB Warrants held by them prior to the Closing or New CCNB Warrants held by them at or after the Closing; however, the New CCNB Warrants are subject to restrictions on the timing of their exercise and may also be exercisable on a cashless basis by reference to the fair market value of the New CCNB Class A Common Stock, and these percentages are therefore indicative only. Therefore, the voting rights of such shareholders will slightly differ from the indicated ownership percentages.
Q. What interests do the current CCNB Shareholders and CCNB’s other current officers and directors have in the Business Combination?

A: When you consider the recommendation of the CCNB Board to vote in favor of approval of the Business Combination Proposal and the other proposals described in this proxy statement/prospectus, you should keep in mind that the Sponsor, the members of the CCNB Board and the executive officers of CCNB have interests in such proposals and the Business Combination that are different from, or in addition to, those of CCNB Shareholders and warrant holders generally. The CCNB Board was aware of and considered these interests, among other matters, in evaluating the Business Combination, and in recommending to CCNB Shareholders that they approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. CCNB’s Shareholders should take these interests into account in deciding whether to approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. These interests include, among other things:

• the fact that, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price;

• the fact that, pursuant to the Sponsor Side Letter, 5,140,000 of the Founder Shares held by the Sponsor and the Independent Directors will be converted into the Restricted Sponsor Shares. For more information, please see the section titled “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.”

• the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, CCNB will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding CCNB Class A Ordinary Shares for cash and, subject to the approval of its remaining shareholders and the CCNB Board, dissolving and liquidating;

• the fact that 25,700,000 Founder Shares, which are held by the Sponsor (in which certain of CCNB’s officers and directors hold an indirect interest), and the Independent Directors and were acquired for an aggregate purchase price of $25,000 prior to the IPO, would be worthless if the Business Combination or another business combination is not consummated by August 4, 2022, because the holders are not entitled to participate in any redemption or distribution with respect to such shares. Such securities may have a higher value than $25,000 (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $253.9 million based upon the closing price of $9.88 per public share on the NYSE on January 11, 2022;

• the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, the 18,560,000 Private Placement Warrants held by the Sponsor, in which CCNB’s officers and directors hold a direct or indirect interest and which were acquired for an aggregate purchase price of $18.6 million in a private placement that took place simultaneously with the consummation of the CCNB IPO, would become worthless. Such securities may have a higher value than $18.6 million (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $23.2 million based upon the closing price of $1.25 per public warrant on the NYSE on January 11, 2022;

• the fact that CCNB entered into the Forward Purchase Agreement with NBOKS, as amended by the NBOKS Side Letter, which provides for the purchase of up to 20,000,000 Forward Purchase Shares and 3,750,000 redeemable Forward Purchase Warrants to purchase one share of New CCNB Class A Common Stock, for an aggregate purchase price of $200 million, which investment will close concurrently with the Closing in accordance with the terms and subject to the conditions of the Forward Purchase Agreement (as amended by the NBOKS Side Letter);

• the fact that CCNB entered into the Backstop Agreement with NBOKS, as amended by the NBOKS Side Letter, whereby NBOKS agreed to (subject to (i) the availability of capital NBOKS has
committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis and the other terms and conditions included therein and (ii) the terms of the Business Combination Agreement) at Closing, subscribe for shares of New CCNB Class A Common Stock at $10.00 per share to fund redemptions by shareholders of CCNB in connection with the Business Combination in an amount of up to $300,000,000;

• the fact that the Sponsor has entered into a commitment to invest an aggregate of $100 million in the PIPE Investment, pursuant to the terms of a Subscription Agreement entered among the Sponsor, CCNB and New CCNB;

• the fact that the Sponsor Group will pay an aggregate of $318,585,000, assuming no available Backstop, or up to $618,585,000 assuming full Backstop is subscribed for, for its investment in CCNB, as summarized in the table below. Following the consummation of the Business Combination, as a result of its previous investment in CCNB, the aggregate value of the Sponsor Group’s investment in New CCNB will be $822,871,820, based upon the respective closing prices of $9.88 per public share and $1.25 per public warrant on the NYSE on January 11, 2022:

(1) Excludes 2,558,000 shares of New CCNB Series B-1 Common Stock and 2,558,000 shares of New CCNB Series B-2 Common Stock held by the Sponsor following the Business Combination, which are each convertible into shares of New CCNB Class A
Common Stock upon meeting certain vesting criteria as described in Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.*

(2) Assumes that the full Backstop is subscribed for by NBOKS, and therefore this is the maximum amount of securities issued pursuant to the Backstop. To the extent not used, or used only partially, this number will be reduced.

(3) Excludes any New CCNB Warrants that may be issued upon conversion of Working Capital Loans.

- the fact that the Sponsor, CCNB’s officers and directors, and their respective affiliates are entitled to reimbursement for any out-of-pocket expenses incurred in connection with activities on CCNB’s behalf related to identifying, investigating, negotiating and completing an initial business combination. However, if CCNB fails to consummate a business combination by August 4, 2022, they will not have any claim against the Trust Account for reimbursement. Accordingly, CCNB may not be able to reimburse these expenses if the Business Combination or another business combination is not consummated within such period;
- the fact that the Sponsor and CCNB’s current officers and directors have agreed, for no additional consideration, to waive their rights to liquidating distributions from the Trust Account with respect to any Founder Shares held by them if CCNB fails to complete an initial business combination by August 4, 2022;
- the fact that the Registration Rights Agreement will be entered into by, among others, the Sponsor and the Independent Directors;
- the fact that, as of the date of the Business Combination Agreement, the Sponsor, the Founder Holders, the Independent Directors and certain other parties have entered into the Stockholders Agreement relating to, among other things, the composition of the New CCNB Board following the Closing (including certain governance rights granted to the Sponsor, including designation rights with respect to the New CCNB Board), certain voting provisions and lockup restrictions;
- the fact that Koch Financial Assets III, LLC (an affiliate of Koch Icon in a separately managed Koch business unit, which is a key equityholder of Getty Images whose consent was required to approve the Business Combination on behalf of Getty Images) is an anchor investor with a significant capital commitment to and a meaningful economic interest in NBOKS;
- the fact that James Quella, a member of the CCNB Board, was appointed by an affiliate of a member of the Sponsor to serve as a director and on the compensation committee and audit committee of Dun & Bradstreet Corporation.
- the fact that the Sponsor will benefit from the completion of a business combination and may be incentivized to complete an acquisition of a less favorable target company or on terms less favorable to shareholders rather than liquidate;
- the fact that the Sponsor and its affiliates can earn a positive rate of return on their investment, even if other CCNB shareholders experience a negative rate of return in New CCNB;
- the fact that CCNB’s directors and officers will be eligible for continued indemnification and continued coverage under a directors’ and officers’ liability insurance policy after the Business Combination and pursuant to the Business Combination Agreement; and
- the fact that at the option of the Sponsor, an aggregate amount of $800,000 outstanding under a Working Capital Loan made by the Sponsor to CCNB on January 7, 2022 is repayable in full upon consummation of the Business Combination or, at the option of the Sponsor, be converted (in whole or in part) into Private Placement Warrants in connection with the consummation of the Business Combination, and such amount (including amounts due under the outstanding promissory note) will likely be written off if an initial business combination is not consummated by August 4, 2022.

In addition, certain persons who are expected to become members of the New CCNB Board after the completion of the Business Combination may have interests in the Business Combination that are different from, or in addition to, the interests of the CCNB Shareholders. See “Shareholder Proposal 2: The Business Combination Proposal — Interests of CCNB’s Directors and Officers and Others in the Business Combination,” for additional information.
The Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business Combination Proposal. As of the date of this proxy statement/prospectus, the Sponsor and the Independent Directors own, collectively, approximately 23.7% of our issued and outstanding CCNB Ordinary Shares, including all of the Founder Shares. Additionally, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors), or their respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Required CCNB Shareholder Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Required CCNB Shareholder Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of such public shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its Redemption Right. In the event that the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) or their respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their Redemption Right, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Business Combination Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Domestication Merger Proposal, (3) otherwise limit the number of public shares electing to redeem and (4) CCNB’s net tangible assets (as determined in accordance with Rule 3a51-1 (g)(1) of the Exchange Act) being at least $5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the Shareholders Meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be submitted at the Shareholders Meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

The existence of financial and personal interests of one or more of CCNB’s directors may result in a conflict of interest on the part of such director(s) between what he/she or they may believe is in the best interests of CCNB and its shareholders and what he/she or they may believe is best for himself/herself or themselves in determining to recommend that shareholders vote for the proposals. In addition, CCNB’s officers have interests in the Business Combination that may conflict with your interests as a shareholder.

Q: Did the CCNB Board obtain a third-party valuation or fairness opinion in determining whether or not to proceed with the Business Combination?

A: Yes. The CCNB Board obtained a fairness opinion from Solomon, dated December 9, 2021, to the
CCNB Board, to the effect that, as of such date, and subject to the various assumptions, considerations, qualifications and limitations set forth in its written opinion, the aggregate Merger Consideration (as defined in such opinion) derived from the Transaction Equity Value to be paid by CCNB to the Company Equityholders (as defined in such opinion) pursuant to the Business Combination Agreement, is fair, from a financial point of view, to CCNB. The CCNB Board was not required under the Existing Organizational Documents to obtain the fairness opinion but did so as part of its due diligence and evaluation of the Business Combination. For a description of the opinion issued by Solomon to the CCNB Board, please see “Shareholder Proposal 2: The Business Combination Proposal — Opinion of Solomon Partners Securities, LLC.”

Q. Who will have the right to nominate or appoint directors to New CCNB’s Board after the consummation of the Business Combination?

A. Subject to the rights set forth under the Stockholders Agreement, each holder of New CCNB Common Stock has the exclusive right to vote for the election of directors following the consummation of the Business Combination. In the case of election of directors all matters to be voted on by stockholders must be approved by a plurality of the votes entitled to be cast by all stockholders present in person or represented by proxy, voting together as a single class.

New CCNB’s Board will be divided into three classes designated Class I, Class II and Class III. Under the Stockholders Agreement, subject to certain step down provisions, Getty Investments will have the right to nominate three board members (each, a “Getty Family Director”), Koch Icon will have the right to nominate two board members (each, a “Koch Director”) and CC Capital, on behalf of the Sponsor, will have the right to nominate one board member (the “Sponsor Director”). One of the Getty Family Directors will serve on the New CCNB Board as a Class I director following the Business Combination with a term ending at New CCNB’s 2023 annual meeting of stockholders. One Getty Family Director, one Koch Director and the Sponsor Director will serve on the New CCNB Board as Class II directors with terms ending at New CCNB’s 2024 annual meeting of stockholders. One Getty Family Director and one Koch Director will be nominated as Class III directors with terms ending at New CCNB’s 2025 annual meeting of stockholders.

CCNB Shareholders are not being asked to vote on the election of directors at the Shareholders Meeting to which this proxy statement/prospectus relates.

Q. What happens to the funds deposited in the Trust Account after consummation of the Business Combination?

A. Following the closing of our IPO, an amount equal to $828,000,000 ($10.00 per unit) of the net proceeds from our IPO and the sale of the Private Placement Warrants was placed in the Trust Account. At September 30, 2021, approximately $828.5 million was held in the Trust Account for the purposes of consummating an initial business combination (which will be the Business Combination should it occur). These funds will remain in the Trust Account, except for the withdrawal of interest to pay taxes, if any, until the earliest of (a) the completion of a business combination (including the Closing) or (b) the redemption of all of the public shares if we are unable to complete a business combination by August 4, 2022, subject to applicable law.

If our initial business combination (which will be the Business Combination should it occur) is paid for using equity or debt securities or not all of the funds released from the Trust Account are used for payment of the consideration in connection with our initial business combination (which will be the Business Combination should it occur) or used for redemptions or purchases of the public shares, New CCNB following the Closing may apply the balance of the cash released to us from the Trust Account for general corporate purposes, including for maintenance or expansion of operations of New CCNB following the Closing, the payment of principal or interest due on indebtedness incurred in completing our Business Combination, to fund the purchase of other companies or for working capital. See “Summary of the Proxy Statement/Prospectus — Cash Sources and Uses of Funds for the Business Combination.”
Q. What happens if a substantial number of the public shareholders vote in favor of the Business Combination Proposal and exercise their Redemption Right?

A. Our public shareholders are not required to vote “FOR” the Business Combination in order to exercise their Redemption Right. Accordingly, the Business Combination may be consummated even though the funds available from the Trust Account and the number of public shareholders are reduced as a result of redemptions by public shareholders.

If a public shareholder exercises its Redemption Right, such exercise will not result in the loss of any warrants that it may hold. Assuming that 55,954,347 CCNB Class A Ordinary Shares held by its public shareholders (or approximately 67.58% of the CCNB Class A Ordinary Shares outstanding) were redeemed, each of the retained outstanding public warrants (which will be New CCNB Warrants following the Closing) would have a value of approximately $1.25 per warrant based on the closing price of the public warrants on the NYSE on January 11, 2022. If a substantial number of, but not all, CCNB public shareholders exercise their Redemption Right, but choose to exercise their retained warrants, any non-redeeming shareholders would experience dilution to the extent such warrants are exercised and additional shares of New CCNB Class A Common Stock are issued.

The Business Combination Agreement provides that Getty Images’ obligation to consummate the Business Combination is conditioned on, among other things, Getty Images’ Net Funded Indebtedness being equal to or less than the Maximum Net Indebtedness Amount. If this condition is not met, and such condition is not waived by New CCNB, then the Business Combination Agreement may be terminated and the proposed Business Combination may not be consummated. In addition, in no event will CCNB redeem Class A Ordinary Shares in an amount that would cause our net tangible assets (as determined in accordance with Rule 4a11-1 (g)(1) of the Exchange Act) to be less than $5,000,001.

The below sensitivity sets forth (x) the potential additional dilutive impact of each of the below additional dilution sources in a no redemption scenario, an illustrative redemption scenario, a contractual maximum redemption with available backstop scenario, a contractual maximum redemption with no backstop scenario and a charter redemption limitation scenario, and (y) the effective underwriting fee incurred in connection with the IPO in each redemption scenario.

(1) This scenario assumes that no CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders.

(2) This scenario assumes that 41,480,000 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders and that the Backstop is fully subscribed for.

(3) This scenario assumes that 75,954,347 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders, which, based on the amount of $828,527,493 in the Trust Account as of September 30, 2021, represents the maximum amount of redemptions that would still enable us to have sufficient cash to satisfy the Net Funded Indebtedness Condition, and that the full Backstop is subscribed for.

(4) This scenario assumes that 25,973,447 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders, which, based on the amount of $828,527,493 in the Trust Account as of September 30, 2021, represents the maximum amount of redemptions that would still enable us to have sufficient cash to satisfy the Net Funded Indebtedness Condition, and that the Backstop is not subscribed for.

(5) This scenario assumes that 82,380,318 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders, which, based on the amount of $828,527,493 in the Trust Account as of September 30, 2021, represents the maximum amount of redemptions that would still enable us to have sufficient cash to satisfy the reservation in the Existing Organizational Documents that prohibits us from redeeming our Class A Ordinary Shares in an amount that would result in our failure to have net tangible assets equaling or exceeding $5,000,001, that the full Backstop is subscribed for and the Optional Equity Cure Amount is funded as described in footnote 11 below.

(6) Includes 20,560,000 Founder Shares that will be converted into shares of New CCNB Class A Common Stock and 20,000,000 shares of New CCNB Class A Common Stock purchased by NBOKS pursuant to the Forward Purchase Agreement. Excludes 2,570,000 shares of New CCNB Series B-1 Common Stock and 2,570,000 shares of New CCNB Series B-2 Common Stock subject to certain vesting restrictions pursuant to the Sponsor Side Letter. Excludes shares to be issued to the Sponsor in connection with the PIPE Investment and NBOKS in connection with the Backstop Agreement.

(7) Includes shares to be issued to Getty Investments and the Sponsor in connection with the PIPE Investment.

(8) Includes shares to be issued to Multiply Group in connection with the Permitted Equity Financing.

(9) Includes shares to be issued to NBOKS in connection with the Backstop Agreement.

(10) Includes 201,091,526 shares of New CCNB Class A Common Stock issued to Getty Images Stockholders and 16,167,719 shares of New CCNB Class A Common Stock underlying vested Getty Images Options calculated on a net exercise basis, which represents an aggregate 23,388,265 outstanding vested Getty Images Options less implied share buybacks of approximately 7,720,546.

(11) Assumes the Optional Equity Cure Amount is funded by either (i) a subscription by Getty Images Stockholders of shares of
New CCNB Class A Common Stock under a PIPE Subscription Agreement or (ii) the Preferred Stock Consideration will be increased by a number of shares of New CCNB Class A Common Stock obtained by dividing (x) the Cash Adjustment Amount by (y) $10.00.

(12) The Equity % with respect to each Additional Dilution Source set forth below, including the Total Additional Dilution Sources, includes the full amount of shares issued with respect to the applicable Additional Dilution Source in the numerator and the full amount of shares issued with respect to the Total Additional Dilution Sources in the denominator. For example, in the Illus[...](14) shares issued pursuant to the New CCNB Warrants (representing approximately 10.7% of the previously outstanding 366,719,245 shares), divided by (b) (i) 366,719,245 shares (the number of shares outstanding prior to any issuance pursuant to the New CCNB Warrants) plus (ii) [•] shares issued pursuant to the New CCNB Warrants, 3,750,000 shares issued pursuant to the Forward Purchase Warrants, 41,975,093 shares issued pursuant to the Rollover Options, [•] shares issued pursuant to the 2022 Equity Incentive Plan, [•] shares issued pursuant to the 2022 Employee Stock Purchase Plan and 6,000,000 shares issued pursuant to the 2022 Earn-out Plan.

(13) Excludes any New CCNB Warrants that may be issued upon conversion of Working Capital Loans.

(14) The level of redemption also impacts the effective underwriting fee incurred in connection with the IPO. In a no redemption scenario, based on the approximately $568.6 million in the Trust Account, the effective underwriting fees represent an effective deferred underwriting fee of approximately 5.1% as a percentage of the amount remaining in the Trust Account. In an illustrative redemption scenario, based on the approximately $568.6 million in the Trust Account, the effective underwriting fee would be approximately 5.1% as a percentage of the amount remaining in the Trust Account following redemption. In a maximum redemption scenario with available Backstop, based on the approximately $268.6 million in the Trust Account, the effective underwriting fee would be approximately 10.8% as a percentage of the amount remaining in the Trust Account following redemption. In the Maximum Redemption Scenario, the Equity % with respect to the New CCNB Warrants would be calculated as follows: (a) 39,260,000 shares issued pursuant to the New CCNB Warrants (representing approximately 10.7% of the previously outstanding 366,719,245 shares), divided by (b) (i) 366,719,245 shares (the number of shares outstanding prior to any issuance pursuant to the New CCNB Warrants) plus (ii) [•] shares issued pursuant to the New CCNB Warrants, 3,750,000 shares issued pursuant to the Forward Purchase Warrants, 41,975,093 shares issued pursuant to the Rollover Options, [•] shares issued pursuant to the 2022 Equity Incentive Plan, [•] shares issued pursuant to the 2022 Employee Stock Purchase Plan and 6,000,000 shares issued pursuant to the 2022 Earn-out Plan.

Q. What conditions must be satisfied to complete the Business Combination?

A. The consummation of the Business Combination is subject to the satisfaction or waiver of certain customary closing conditions of the respective parties, including, without limitation: (a) the approval and adoption of each of the Business Combination Proposal and the Domestication Merger Proposal by CCNB Shareholders and the transactions contemplated thereby; (b) the waiting period (or any extension thereof) applicable to the consummation of the transactions contemplated by the Business Combination Agreement will have expired or been terminated; (c) there will not be any applicable law in effect that makes the consummation of the transactions contemplated by the Business Combination Agreement illegal or any order in effect preventing the consummation of the transactions contemplated thereby; (d) the shares of New CCNB Class A Common Stock to be issued in connection with the Business Combination having been approved for listing on the NYSE; (e) the absence of a Company Material Adverse Effect (as defined in the Business Combination Agreement) since the Effective Date, (f) New CCNB’s Net Funded Indebtedness (as defined in the Business Combination Agreement) being equal to or less than the Maximum Net Indebtedness Amount, (g) CCNB having at least $5,000,001 of net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) remaining after the Closing, (h) this registration statement on Form S-4 will have become effective in accordance with the provisions of the Securities Act, no stop order will have been issued by the SEC and no proceeding seeking such stop order has been threatened or initiated by the SEC that remains pending; and (i) CCNB’s share redemption will have been completed in accordance with the terms of the Business Combination Agreement, CCNB’s governing documents, the Trust Agreement and this Form S-4; and (j) the Domestication Merger having been consummated. See the section titled “Shareholder Proposal 2: The Business Combination Proposal” for a summary of the terms of the Business Combination Agreement and additional information regarding the terms of the Business Combination Proposal.

Q. When do you expect the Business Combination to be completed?

A. It is currently expected that the Business Combination will be completed in the first half of 2022. This timing depends, among other things, on the approval of the Required CCNB Shareholder Proposals to be presented at the Shareholders Meeting. However, the Shareholders Meeting could be adjourned if the Adjournment Proposal is adopted at the Shareholders Meeting and CCNB elects to adjourn the
Shareholders Meeting to a later date or dates to permit further solicitation and vote of proxies as permitted by the Business Combination Agreement.

**Q. What happens if the Business Combination is not completed?**

**A.** If a shareholder has tendered shares to be redeemed but the Business Combination is not completed, the redemptions will be canceled and the tendered shares will be returned to the relevant shareholders as appropriate. The current deadline set forth in the Existing Organizational Documents for CCNB to complete its initial business combination (which will be the Business Combination should it occur) is August 4, 2022 (24 months after the closing of the IPO).

**Q. What differences will there be between the current constitutional documents of CCNB and the New CCNB Post-Closing Certificate of Incorporation and the New CCNB Post-Closing Bylaws following the Closing?**

**A.** The consummation of the Business Combination is conditioned, among other things, on the Domestication Merger. Accordingly, in addition to voting on the Business Combination, CCNB’s Shareholders also are being asked to consider and vote upon a proposal to approve the Domestication Merger, and replace our Existing Organizational Documents, in each case, under Cayman Islands law with the New CCNB Post-Closing Certificate of Incorporation, in each case, under the DGCL, which differ materially from the Existing Organizational Documents in the following respects:

Q. **Why is CCNB proposing the Adjournment Proposal?**

A. CCNB’s Shareholders are also being asked to consider and vote upon the Adjournment Proposal to approve the adjournment of the Shareholders Meeting to a later date or dates, including, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for, or otherwise in connection with, the approval of the Business Combination Proposal. This proposal will only be presented at the Shareholders Meeting (i) to the extent necessary to ensure that any legally required supplement or amendment to the proxy statement/prospectus is provided to CCNB.
Shareholders, (ii) if there are insufficient voting interests of CCNB represented (either in person or by proxy) to constitute a quorum, (iii) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining approval of the Required CCNB Shareholder Proposals, (iv) if the holders of public shares have elected to redeem such shares such that the Net Funded Indebtedness Condition (as defined in the accompanying proxy statement/prospectus) would not be satisfied, or (v) in the case of clauses “(ii) and "(iii)", upon the reasonable request of Getty Images. See the section titled “Shareholder Proposal 3: The Adjournment Proposal" for additional information.

Q. Who is entitled to vote at the Shareholders Meeting?
A. CCNB has fixed [•], 2022 as the Record Date. If you are a shareholder of CCNB at the close of business on the Record Date, you are entitled to vote on matters that come before the Shareholders Meeting.

Q. How do I vote?
A. If you are a record owner of your shares, there are two ways to vote your CCNB Class A Ordinary Shares at the Shareholders Meeting:

   You Can Vote By Signing and Returning the Enclosed Proxy Card. If you vote by proxy card, your “proxy,” whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by the CCNB Board “FOR” the Domestication Merger Proposal, the Business Combination Proposal and the Adjournment Proposal (if presented). Votes received after a matter has been voted upon at the Shareholders Meeting will not be counted.

   You Can Attend the Shareholders Meeting and Vote in Person. When you arrive, you will receive a ballot that you may use to cast your vote.

If your shares are held in “street name” or are in a margin or similar account, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted. If you wish to attend the Shareholders Meeting and vote in person and your shares are held in “street name,” you must obtain a legal proxy from your broker, bank or nominee. That is the only way CCNB can be sure that the broker, bank or nominee has not already voted your shares.

Q. What if I do not vote my CCNB Class A Ordinary Shares or if I abstain from voting?
A. The approval of the Business Combination Proposal and the Adjournment Proposal will require an ordinary resolution as a matter of Cayman Islands law, being the affirmative vote of a majority of the holders of CCNB Ordinary Shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting. The Domestication Merger Proposal will require a special resolution as a matter of Cayman Islands law, being the affirmative vote of the holders of a majority of at least two-thirds of the outstanding CCNB Ordinary Shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting. Abstentions and broker non-votes will be considered present for the purposes of establishing a quorum but, as a matter of Cayman Islands law, will not constitute a vote cast at the Shareholders Meeting and therefore will have no effect on the approval of each of the CCNB Shareholder Proposals.

Q. What Proposals must be passed in order for the Business Combination to be completed?
A. The Business Combination will not be completed unless the Domestication Merger Proposal and the Business Combination Proposal are approved. If CCNB does not complete an initial business combination (which will be the Business Combination should it occur) by August 4, 2022, CCNB will be required to dissolve and liquidate itself and return the monies held within its Trust Account to its public shareholders unless CCNB submits and its shareholders approve an extension.

Q. How does the CCNB Board recommend that I vote on the Proposals?
A. The CCNB Board unanimously recommends that the holders of CCNB Class A Ordinary Shares entitled to vote on the CCNB Shareholder Proposals, vote as follows:
“FOR” approval of the Domestication Merger Proposal;
“FOR” approval of the Business Combination Proposal; and
“FOR” approval of the Adjournment Proposal, if presented.

Q. How many votes do I have?
A. CCNB Shareholders have one vote per each CCNB Class A Ordinary Shares held by them on the Record Date for each of the CCNB Shareholder Proposals to be voted upon.

Q. How will the Sponsor and CCNB officers and directors vote in connection with the CCNB Shareholder Proposals?
A. As of the Record Date, the Sponsor and the Independent Directors owned of record, collectively, an aggregate of 25,700,000 CCNB Class B Ordinary Shares, representing approximately 23.7% of the issued and outstanding CCNB Ordinary Shares. Pursuant to the Insider Letter Agreement, the Sponsor and CCNB’s officers and directors have agreed to vote the ordinary shares owned by them in favor of the CCNB Shareholder Proposals. The Sponsor and CCNB’s officers and directors, as of the Record Date, have not acquired any CCNB Class A Ordinary Shares during or after our IPO in the open market. However, any subsequent purchases of CCNB Class A Ordinary Shares prior to the Record Date by the Sponsor or CCNB’s officers and directors in the aftermarket will make it more likely that the CCNB Shareholder Proposals will be approved as such shares would be voted in favor of the CCNB Shareholder Proposals. As of the Record Date, there were 108,500,000 ordinary shares outstanding.

Q. How do the public warrants differ from the Private Placement Warrants and what are the related risks for any holders of New CCNB Warrants following the Business Combination?
A. The Private Placement Warrants will be identical to the public warrants in all material respects, except that the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of the initial Business Combination and they will not be redeemable by New CCNB so long as they are held by the Sponsor or its permitted transferees. The Sponsor, or its permitted transferees, will have the option to exercise the Private Placement Warrants on a cashless basis. If the Private Placement Warrants are held by holders other than the Sponsor or its permitted transferees, the Private Placement Warrants will be redeemable by New CCNB in all redemption scenarios and exercisable by the holders on the same basis as the public warrants.

As a result, following the Business Combination, New CCNB may redeem your public warrants prior to their exercise at a time that is disadvantageous to you, thereby significantly impairing the value of such warrants. New CCNB will have the ability to redeem outstanding New CCNB Warrants at any time after they become exercisable and prior to their expiration, at a price of $0.01 per warrant, provided that the closing price of the shares of New CCNB Class A Common Stock equals or exceeds $18.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading day period ending on the third trading day prior to the date on which a notice of redemption is sent to the warrantholders. New CCNB will not redeem the warrants as described above unless a registration statement under the Securities Act covering the shares of New CCNB Class A Common Stock issuable upon exercise of such warrants is effective and a current prospectus relating to those shares of New CCNB Class A Common Stock is available throughout the 30-day redemption period. If and when the New CCNB Warrants become redeemable by New CCNB, it may exercise its redemption right even if it is unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding New CCNB Warrants could force you (i) to exercise your New CCNB Warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) to sell your New CCNB Warrants at the then-current market price when you might otherwise wish to hold your New CCNB Warrants, or (iii) to accept the nominal redemption price which, at the time the outstanding New CCNB Warrants are called for redemption, is likely to be substantially less than the market value of your New CCNB Warrants.

In addition, New CCNB will have the ability to redeem the outstanding New CCNB Warrants at any time after they become exercisable and prior to their expiration, at a price of $0.10 per warrant if, among
other things, the closing price of the shares of New CCNB Class A Common Stock equals or exceeds $10.00 per share (as adjusted for share sub-divisions, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like) on the trading day prior to the date on which a notice of redemption is sent to the warrant holders. In such a case, the holders will be able to exercise their New CCNB Warrants prior to redemption for a number of shares of New CCNB Class A Common Stock determined based on a table in which the number of shares of New CCNB Class A Common Stock is based on the redemption date and the fair market value of the shares of New CCNB Class A Common Stock. Recent trading prices for the CCNB Class A Ordinary Shares have not exceeded the $10.00 per share threshold at which the New CCNB Warrants would become redeemable. Please see the notes to CCNB’s financial statements included elsewhere in this proxy statement/prospectus. The value received upon exercise of the New CCNB Warrants (i) may be less than the value the holders would have received if they had exercised their New CCNB Warrants at a later time where the underlying share price is higher and (ii) may not compensate the holders for the value of the New CCNB Warrants.

In each case, New CCNB may only call the New CCNB Warrants for redemption upon a minimum of 30 days’ prior written notice of redemption to each holder, provided that holders will be able to exercise their New CCNB Warrants prior to the time of redemption and, at New CCNB’s election, any such exercise may be required to be on a cashless basis.

Q. Do I have redemption rights with respect to my CCNB Class A Ordinary Shares?
A. Under Section 49.5 of the Existing Organizational Documents, prior to the completion of the Business Combination, CCNB will provide all of the public shareholders with the opportunity to have their shares redeemed upon the completion of the Business Combination, subject to certain limitations, for cash equal to the applicable Redemption Price (as defined in the Existing Organizational Documents); provided, however, that CCNB may not redeem such shares to the extent that such redemption would result in CCNB having net tangible assets (as determined under the Exchange Act) of less than $5,000,001 upon the completion of the Business Combination.

Public shareholders may seek to have their shares redeemed regardless of whether they vote for or against the Business Combination, whether or not they were holders of CCNB Class A Ordinary Shares as of the Record Date or acquired their shares after the Record Date. Any public shareholder who holds CCNB Class A Ordinary Shares on or before [*], 2022 (two business days before the Shareholders Meeting) will have the right to demand that his, her or its shares be redeemed for a pro rata share of the aggregate amount then on deposit in the Trust Account, less any taxes then due but not yet paid, at the completion of the Business Combination; provided that such public shareholders follow the procedures provided for exercising such redemption as set forth in the Existing Organizational Documents, as described below, by such date. However, the proceeds held in the Trust Account could be subject to claims that could take priority over those of public shareholders exercising such redemption right, regardless of whether such shareholders vote for or against the Business Combination Proposal and whether such shareholders are holders of CCNB Class A Ordinary Shares as of the Record Date. Therefore, the per-share distribution from the Trust Account in such a situation may be less than originally anticipated due to such claims. A public shareholder will be entitled to receive cash for these shares only if the Business Combination is completed. For more information, see “Shareholders Meeting — Redemption Right.”

Q. Can the Sponsor and the Independent Directors redeem their Founder Shares in connection with the consummation of the Business Combination?
A. The Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed, for no additional consideration, to waive their redemption rights with respect to their Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination.

Q. May the Sponsor, CCNB directors, officers, advisors or their affiliates purchase shares in connection with the Business Combination?
A. The Sponsor and CCNB’s directors, officers, advisors or their affiliates may purchase CCNB Class A
Ordinary Shares in privately negotiated transactions or in the open market either prior to or after the Closing, including from CCNB Shareholders who would have otherwise exercised their Redemption Right. However, the Sponsor, directors, officers and their affiliates have no current commitments or plans to engage in such transactions and have not formulated any terms or conditions for any such transactions. If CCNB engages in such transactions, any such purchases will be subject to limitations regarding possession of any material nonpublic information not disclosed to the seller of such shares and they will not make any such purchases if such purchases are prohibited by Regulation M under the Exchange Act. Any such purchase after the Record Date would include a contractual acknowledgement that the selling shareholder, although still the record holder of CCNB Class A Ordinary Shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its Redemption Right. In the event the Sponsor or CCNB’s directors, officers or advisors or their affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their Redemption Right, such selling shareholders would be required to revoke their prior elections to redeem their shares. Any such privately negotiated purchases may be effected at purchase prices that are in excess of the per-share pro rata portion of the aggregate amount then on deposit in the Trust Account.

Q. Is there a limit on the number of shares I may redeem?
A. Each public shareholder, together with any affiliate or any other person with whom such public shareholder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from seeking a Redemption Right with respect to 15% or more of the public shares. Accordingly, any shares held by a public shareholder or “group” in excess of such 15% cap will not be redeemed by CCNB. Any public shareholder who holds less than 15% of the public shares may have all of the public shares held by him or her redeemed for cash.

Q. How do I exercise my redemption right?
A. If you are a public shareholder and you seek to have your shares redeemed, you must (i) demand, no later than 5:00 p.m., Eastern Time, on [*], 2022 (two business days before the Shareholders Meeting), that CCNB redeem your shares for cash, (ii) affirmatively certify in your request to CCNB’s Transfer Agent for redemption if you “ARE” or “ARE NOT” acting in concert or as a “group” (as defined in Section 13d-3 of the Exchange Act) and (iii) submit your request in writing to CCNB’s Transfer Agent, at the address listed at the end of this section and delivering your share certificates (if any) and other redemption forms to CCNB’s Transfer Agent physically or electronically using The DTC’s DWAC system at least two business days prior to the vote at the Shareholders Meeting.

Any request for redemption, once made by a public shareholder, may not be withdrawn once submitted to CCNB unless the CCNB Board determines (in its sole discretion) to permit the withdrawal of such redemption requests (which it may do in whole or in part). In addition, if you deliver your share certificates (if any) and other redemption forms for redemption to CCNB’s Transfer Agent and later decide prior to the Shareholders Meeting not to elect redemption, you may request that CCNB’s Transfer Agent return the shares (physically or electronically). You may make such request by contacting CCNB’s Transfer Agent at the phone number or address listed at the end of this section.

Any corrected or changed written demand of redemption rights must be received by CCNB’s secretary two business days prior to the vote taken on the Business Combination Proposal at the Shareholders Meeting. No demand for redemption will be honored unless the holder’s share certificates (if any) and other redemption forms have been delivered (either physically or electronically) to the Transfer Agent at least two business days prior to the vote at the Shareholders Meeting.

Public shareholders seeking to exercise their Redemption Right and opting to deliver physical certificates should allot sufficient time to obtain physical certificates from the Transfer Agent and time to effect delivery. It is CCNB’s understanding that shareholders should generally allot at least two weeks to obtain physical certificates from the Transfer Agent. However, CCNB does not have any control over this process and it may take longer than two weeks. Shareholders who hold their shares in street name will have to coordinate with their banks, brokers or other nominees to have the shares certificated or delivered.
electronically. There is a cost associated with this tendering process and the act of certificating the shares or delivering them through the DWAC system. The Transfer Agent will typically charge a nominal fee to the tendering broker and it would be up to the broker whether or not to pass this cost on to the redeeming shareholder. In the event the Business Combination is not completed, this may result in an additional cost to shareholders for the return of their shares.

If a public shareholder properly demands redemption as described above, then, if the Business Combination is completed, CCNB will redeem the shares subject to the redemptions for cash. Such amount will be paid promptly after completion of the Business Combination. If you exercise your redemption right, then you will be exchanging your CCNB Class A Ordinary Shares for cash and will no longer own these shares following the Business Combination.

If you are a public shareholder and you exercise your redemption right, it will not result in either the exercise or loss of any CCNB Warrants that you may hold. Your CCNB Warrants will continue to be outstanding following a redemption of your CCNB Class A Ordinary Shares and will become exercisable in connection with the completion of the Business Combination.

If you intend to seek redemption of your public shares, you will need to deliver your share certificates (if any) and other redemption forms (either physically or electronically) to CCNB’s Transfer Agent prior to the meeting, as described in this proxy statement/prospectus. If you have questions regarding the certification of your position or delivery of your shares, please contact:

Q. If I am a holder of units, can I exercise redemption right with respect to my units?

A. No. Holders of issued and outstanding units must elect to separate the units into the underlying public shares and public warrants prior to exercising redemption right with respect to the public shares. If you hold your units in an account at a brokerage firm or bank, you must notify your broker or bank that you elect to separate the units into the underlying public shares and public warrants, or if you hold units registered in your own name, you must contact the Transfer Agent directly and instruct them to do so. The Redemption Right includes the requirement that a holder must identify itself as a beneficial holder, such as by providing its legal name, phone number and address to the Transfer Agent in order to validly redeem its shares. You are requested to cause your public shares to be separated and delivered to the Transfer Agent by 5:00 p.m., Eastern Time, on [•], 2022 (two business days before the Shareholders Meeting) in order to exercise your Redemption Right with respect to your public shares.
RISK FACTORS

You should carefully review and consider the following risk factors and the other information contained in this proxy statement/prospectus, including the financial statements and notes to the financial statements included herein, in evaluating the Business Combination and the proposals to be voted on at the Shareholders Meeting. The following risk factors apply to the business and operations of Getty Images and its consolidated subsidiaries and will also apply to the business and operations of New CCNB following the Closing. The occurrence of one or more of the events or circumstances described in these risk factors, alone or in combination with other events or circumstances, may adversely affect the ability to complete or realize the anticipated benefits of the Business Combination, and may have a material adverse effect on the business, cash flows, financial condition and results of operations of New CCNB following the Closing. You should carefully consider the following risk factors in addition to the other information included in this proxy statement/prospectus, including matters addressed in the section titled “Cautionary Note Regarding Forward-Looking Statements.” We may face additional risks and uncertainties that are not presently known to us, or that we currently deem immaterial, which may also impair our business or financial condition. The following discussion should be read in conjunction with the financial statements and notes to the financial statements included herein.

Risks Related to the COVID-19 Pandemic and Global Economic Conditions

The effect of the COVID-19 pandemic on our operations, and the operations of our customers, partners and suppliers, has had, and is expected to continue to have an effect on our business, financial condition, cash flows and results of operations.

In December 2019, a novel coronavirus disease (“COVID-19”) was initially reported and on March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. COVID-19 has had a widespread and detrimental effect on the global economy as a result of the continued increase in the number of cases and affected countries and actions by public health and governmental authorities, businesses, other organizations, and individuals to address the outbreak, including travel bans and restrictions, quarantines, shelter in place, stay at home or total lock-down orders and business limitations and shutdowns. Despite recent developments of vaccines, the duration and severity of COVID-19, mutations and possible additional mutations and the degree of their impact on our business is uncertain and difficult to predict. The continued spread of the outbreak could result in one or more of the following conditions that could have a material adverse impact on our business operations and financial condition: decreased business spending by our customers and prospective customers, reduced demand for our products, lower renewal rates by our customers; increased customer losses/churn and turnover of talent; increased challenges in or cost of acquiring new customers and talent; reduction in the amount of content uploaded by our contributors and/or reduction in the number of contributors on our site because of reduced royalties earned by our contributors; inability of our contributors who create customized exclusive content (“Custom Content”) and editorial photographers to complete assignments because of travel and in-person event restrictions, including event organizer or league shut down or postponement of sports and entertainment events; increased competition; increased risk in collectability of accounts receivable; reduced productivity due to remote work arrangements; lost productivity due to illness and/or illness of family members; inability to hire key roles; adverse effects on our strategic partners’ businesses; impairment charges; extreme currency exchange-rate fluctuations; inability to recover costs from insurance carriers; business continuity concerns for us and our third-party vendors; inability of counterparties to perform under their agreements with us; increased risk of vulnerability to cybersecurity attacks or breaches resulting from a greater number of our employees working remotely for extended periods of time; and challenges with internet infrastructure due to high loads. Our inability to respond to and manage the potential impact of such events effectively could have a material adverse effect on our business, financial condition and results of operations.

As we generally recognize revenue from our customers as content is downloaded, the impact to our reported revenue resulting from recent and near-term changes in our sales activity due to COVID-19 may
not be fully apparent until future periods. Our efforts to help mitigate the negative impact of the outbreak on our business may not be effective, and we may be affected by a protracted economic downturn. Furthermore, while many governmental authorities around the world have and continue to enact legislation to address the impact of COVID-19, including measures intended to mitigate some of the more severe anticipated economic effects of the virus, we may not benefit from such legislation or such legislation may prove to be ineffective in addressing COVID-19’s impact on our and our customer’s businesses and operations. Even after the COVID-19 outbreak has subsided, we may continue to experience negative impacts to our business as a result of COVID-19’s global economic impact and any recession that has occurred or may occur in the future. Further, as the COVID-19 situation is unprecedented and continuously evolving, COVID-19 may also affect our operating and financial results in a manner that is not presently known to us or in a manner that we currently do not consider to present significant risks to our operations.

We are operating on a hybrid working model of in person and remote work. It is possible that continued remote work arrangements may have a negative impact on our operations, the execution of our business plans, the productivity and availability of key personnel and other employees necessary to conduct our business.

In addition, the overall uncertainty regarding the economic impact of the COVID-19 pandemic and the impact on our revenue growth, could impact our cash flows from operations and liquidity. To the extent the COVID-19 pandemic adversely affects our business and financial results, it may also have the effect of heightening many of the other risks described in this “Risk Factors” section.

**The impact of worldwide economic, political and social conditions may adversely affect our business and results of operations.**

Global economic, political and social conditions can affect the business of our customers and the markets they serve, as well as disrupt the business of our vendors, third-party resellers and strategic partners. Numerous external forces beyond our control, including generally weak or uncertain economic conditions, negative or uncertain political climates, changes in government and global health epidemics, can adversely affect our financial condition. Particularly, our financial condition is affected by worldwide economic conditions and their impact on content generation and marketing and advertising spending. Expenditures by our customers generally tend to reflect overall economic conditions, and to the extent that the economy stagnates as a result of macro conditions, companies may reduce their spending with us. This could have a serious adverse impact on our business. To the extent that overall economic conditions reduce spending on digital content, our ability to retain current and obtain new customers could be hindered, which could reduce our revenue and negatively impact our business. In addition, if we are unable to successfully anticipate changing economic, political and social conditions, we may be unable to effectively plan for and respond to those changes and our business could be negatively affected.

Further, economic, political and social macro developments in the United States, Europe, and Asia could negatively affect our ability to conduct business in those territories. Financial difficulties experienced by our customers, third-party resellers, vendors and strategic partners due to economic volatility or unfavorable changes could result in these companies scaling back operations, exiting businesses, merging with other businesses or filing for bankruptcy protection and potentially ceasing operations, all of which could adversely affect our business, financial condition and results of operations.

**Operational Risks Relating to Our Business**

*Our business depends in large part on our ability to attract new and retain existing and repeat customers.*

A majority of our revenue is derived from customers who have licensed content from us in the past. We are also increasingly relying on committed revenues. We must ensure that existing customers remain active customers and that we are successful in renewing our committed content agreements, including Premium Access agreements and iStock annual subscriptions. Our future performance largely depends on our ability to attract new and retain existing customers. We employ various customer experience, content, marketing and pricing strategies to incentivize customers to seek and use our content. Our customer experience strategies may be unsuccessful, due to lack of available and desirable content, the depth and breadth of our current and future product offerings, lack of differentiated content, a decline or failure in the quality and accuracy of our search algorithms, the features and functionality of our websites, payment
systems and effectiveness of our sales support. As new and emerging platforms and content distribution systems emerge, customers may no longer want to source content from distributors such as us. In addition, our marketing strategies may not attract new customers, our content strategies may not attract relevant content from a suitably diverse network of suppliers and our pricing strategies may discourage purchases. To the extent that we are unable to attract new customers, our costs to acquire and retain customers increase, or our existing customers do not continue to license content from us for these or any other reasons, our results of operations and financial condition could be materially and adversely affected.

We may be unable to offer relevant quality and diversity of content to satisfy customer needs, including due to an inability to license content owned by third-parties, which may become unavailable to us on commercially reasonable terms or may not be available at all.

We generate a significant majority of our revenue from content that we distribute to third parties. We typically acquire rights in such content from suppliers through licenses, either on an exclusive or non-exclusive basis, with the ability to grant sublicenses. If we are unable to renew our supply agreements with third-party suppliers or if such suppliers otherwise fail to continue to provide us with relevant content or cease providing content that we currently or may in the future license, we may be unable to offer our customers the depth and breadth of content they may demand. In addition, other digital content distributors who currently or in the future may offer competing content and services may offer content suppliers higher royalties, easier submission workflows and platforms, less rigorous ingestion practices, and/or exclusivity incentives, and/or take other actions that could make it more difficult or impossible for us to license existing or new content from third party suppliers. Such third party suppliers may choose to stop distributing new content with us or remove their existing content from our collection. If we are unable to continue to offer a wide variety of content at reasonable prices with acceptable license rights, our financial condition and results of operations could be materially and adversely affected and future growth prospects limited.

Our business is highly competitive, and we face intense competition from a number of companies, which could reduce our revenues, margins and results of operations.

The digital media content industry is and has been fragmented and intensely competitive, and competition may intensify in the future. Increased competition may result in our loss of market share, pricing pressure and reduced profit margins, any of which could materially and adversely affect our business and results of operations.

We compete with a wide array of entities, including large media companies and individual content creators. These competitors include:

- traditional stock content providers;
- other online platforms from which imagery may be sourced that provide both paid and no-cost licenses, including content created on demand;
- other specialized editorial and video content providers that are established in local, content or product-specific market segments;
- independent photographers, filmmakers, musicians and related agencies; and
- crowd-sourced distribution platforms, social networking and image hosting services.

Many of our competitors have or may obtain significantly greater financial, marketing or other resources or greater brand awareness than we have. Some of these competitors may be able to respond more quickly to new or expanding technology and devote more resources to product development, marketing or content acquisition than we can. Industry consolidation could result in stronger competitors that are better able to compete for customers. This could lead to more variability in results of operations as we compete with larger competitors and could have a material adverse effect on our business, results of operations, and financial condition.

In addition, new competitors may enter our market. They and existing competitors could focus investment in creating, sourcing, archiving, indexing, reviewing, searching, purchasing or delivering content more easily or more affordably. While we believe that there are obstacles to creating global scale and a
meaningful network effect between customers and content suppliers, the barriers to creating a website platform that allows for the sale of digital content are low, which could result in greater competition. New entrants, as well as existing competitors, may raise significant amounts of capital (or leverage relationships with other competitors or investors) and they may choose to prioritize increasing their market share and brand awareness over profitability, including, for example, by investing more in content offerings, marketing or pricing strategies such as offering higher royalties for exclusivity or lowering content prices. Some of these new competitors may also invest in other existing competitors, increasing market pressure on our offerings.

Competitors could develop products or services that render ours less desirable or obsolete. External factors such as our competitors’ pricing and marketing strategies could impede our ability to meet customer expectations. Our competitors may be able to attract talented staff from us and others to devote greater resources to research and development of products and technologies. Increased competition and pricing pressures may result in reduced sales, lower margins, losses or the failure of our product and services to maintain and grow their current market share, any of which could harm our business. If we are unable to compete successfully against competitors, our financial condition, growth prospects and results of operations could be materially and adversely affected.

**We may be unsuccessful in executing our business strategy.**

The success of our business and our future growth prospects relies on our ability to execute our business strategies in creating content and expanding our global customer base. There can be no assurance that we will be able to continue to execute any or all of our strategies, including our ability to provide a proprietary platform and infrastructure as well as our acquisition strategy. Failure to execute these strategies on a timely and cost-effective basis could have a material and adverse effect on our financial condition and results of operations and could limit our growth prospects.

**Failure to achieve our projected cost savings could adversely affect our results of operations and eliminate potential funding for growth.**

As part of our ongoing business operations, we have identified strategies and taken steps to reduce operating costs and free up resources to invest in our business. In addition, we have been historically focused on reducing our costs and may not be able to achieve or maintain targeted cost reductions. These strategies include reducing the costs associated with maintaining and developing our websites, customer support and international product line expansion. We continue to evaluate and implement further cost savings initiatives. However, the ability to reduce our operating costs through these initiatives is subject to risks and uncertainties, and we cannot be sure that these activities, or any other activities that we may undertake in the future, will achieve the desired cost savings and efficiencies. Failure to achieve such desired savings could adversely affect our results of operations and financial condition and curtail investment in growth opportunities.

**We may lose the right to use “Getty Images” trademarks in the event we experience a change of control or otherwise exceed the permitted usage of this trademark.**

We own trademark registrations and applications for the name “Getty Images.” We use “Getty Images” as a corporate identity, as do certain of our subsidiaries. We refer to these trademark registrations and trademark applications as the “Getty Images Trademarks.” Pursuant to the Restated Option Agreement and the Fourth Amendment to the Restated Option Agreement, in the event that a third-party or parties not affiliated with Getty Investments, acquires a controlling interest in us, for so long as the Getty Family Stockholders (together with their respective successors and any permitted transferees) beneficially own more than 27,500,000 shares of New CCNB Class A Common Stock (the “Ownership Threshold”), Getty Investments has the option (the “Option”) to acquire, for a nominal sum, all rights to the Getty Images Trademarks. If the Getty Family Stockholders (together with their respective successors and any permitted transferees) fall below the Ownership Threshold, their option referred to herein will terminate. After an exercise of the Option, we would have to cease such use. Getty Investments may also exercise the option if we cease all use of the Getty Images Trademarks. We may not sell, transfer or encumber the Getty Images Trademarks, or any interest therein, without the prior written consent of Getty Investments. In addition, we may not use the
Getty Images Trademarks for any direct-to-consumer sales beyond an incidental and limited level. The loss of rights to the Getty Images Trademarks could have a material adverse effect on our business, results of operations and financial condition.

We operate in new and rapidly changing markets, which makes it difficult to evaluate our future prospects and may increase the risk that we will not be successful.

The market for commercial digital imagery and other content is a rapidly changing market, characterized by changing technologies, intense price competition, the introduction of new competitors, evolving industry standards, changing and diverse regulatory environments, frequent new service announcements and changing consumer demands and behaviors. Our inability to anticipate these changes and adapt our business, platform, and offerings could undermine our business strategy. Our business strategy and projections, including those related to our revenue growth and profitability, rely on a number of assumptions about the market for commercial digital content, including the size and projected growth of the imagery and video markets over the next several years. Some or all of these assumptions may be incorrect. In particular, our growth is highly dependent upon the continued demand for commercial digital content. To the extent that demand for commercial digital content does not continue to grow as expected or decreases, our revenue growth and profitability may be materially and adversely affected. Our growth strategy is dependent, in part, on our ability to timely and effectively launch new products and services, the development of which are uncertain, complex and costly. In addition, we may be unable successfully and efficiently to address advancements in distribution technology, marketing and pricing strategies and content breadth and availability in certain or all of these markets, which could materially and adversely affect our growth prospects and results of operations.

The limited history of some of the markets in which we operate makes it difficult to effectively assess our future prospects, and our business and prospects should be considered in light of the risks and difficulties we may encounter in these evolving markets. We cannot accurately predict whether our products and services will achieve significant acceptance by potential customers in significantly larger numbers or at the same or higher price points than at present. Our historic growth rates should therefore not be relied upon as an indication of future growth, financial condition or results of operations.

Expansion of our operations into new products, services and technologies, including content categories, is inherently risky and may subject us to additional business, legal, financial and competitive risks.

Historically, our operations have been focused on our marketplace for digital content. Further expansion of our operations and our marketplace into additional products and services, such as non-fungible tokens (“NFTs”), artificial intelligence (“AI”), machine learning (“ML”) and data products, involves numerous risks and challenges, including potential new competition, increased capital requirements and increased marketing spend to achieve customer awareness of these new products and services. Growth into additional content, product and service areas may require changes to our existing business model and cost structure and modifications to our infrastructure and may expose us to new regulatory and legal risks, any of which may require expertise in areas in which we have little or no experience. There is no guarantee that we will be able to generate sufficient revenue from sales of such products and services to offset the costs of developing, acquiring, managing and monetizing such products and services and our business may be adversely affected.

If we continue to grow our revenue could be impaired.

Our growth largely depends on our ability to innovate and add value to our existing creative platform and to provide our customers and contributors with a scalable, high-performing technology infrastructure that can efficiently and reliably handle increased customer and contributor usage globally, as well as the deployment of new features. For example, NFTs, AI and ML products require additional capital and resources. Without improvements to our technology and infrastructure, our operations might suffer from unanticipated system disruptions, slow performance or unreliable service levels, any of which could negatively affect our reputation and ability to attract and retain customers and contributors. We are currently making, and plan to continue making, significant investments to maintain and enhance the technology and
infrastructure and to evolve our information processes and computer systems in order to run our business more efficiently and remain competitive. We may not achieve the anticipated benefits, significant growth or increased market share from these investments for several years, if at all. If we are unable to manage our investments successfully or in a cost-efficient manner, our business and results of operations may be adversely affected.

Our growth also depends, in part, on our ability to identify and develop new products and services and enhance existing products and services. The process of developing new products and services and enhancing existing products and services and bringing products or enhancements to market in a timely manner is complex, costly and uncertain and we may not execute successfully on our vision or strategy because of challenges such as product planning and timing, technical hurdles, or a lack of resources. The success of our products depends on several factors, including our ability to:

- anticipate customers’ and contributors’ changing needs or emerging technological trends;
- timely develop, complete and introduce innovative new products and enhancements;
- differentiate our products from those of our competitors;
- effectively market our products and gain market acceptance;
- adopt new technologies without alienating our current contributors;
- price our products competitively; and
- provide timely, effective and accurate support to our customers and contributors.

We may be unable to successfully identify new product opportunities or enhancements, develop and bring new products to market in a timely manner, or achieve market acceptance of our products. There can be no assurance that products and technologies developed by others will not render our products or technologies obsolete or less competitive. If we are unsuccessful in innovating our technology or in identifying new or enhancing our existing product offerings, our ability to compete in the marketplace, to attract and retain customers and contributors and to grow our revenue could be impaired.

The manner in which our customers’ industries change could adversely affect our future revenues and limit our future growth prospects.

Our customer base is diverse, but trends in their industries present risks to our business. In recent years, traditional outlets for media and advertising, such as newspapers, magazines, book publishing and television, have experienced consolidation and undergone other significant changes, and, in many cases, also experienced diminishing readership and viewership, as applicable, and ultimately periodic declines in revenues and profitability. Corporate in-house content users have experienced reduced budgets and shifts in use patterns that have changed the way they acquire and use our content, including an increase in reliance on in-house creative and marketing capabilities instead of outsourcing this work to agencies. We have also seen an increasing shift away from print media to digital and online media use. Content used online has historically been characterized by lower resolutions and lower price points but potentially significantly higher volumes than print-based applications. If we are unable to adapt our content offerings and distribution technology to address any current or future changes to customer industries, our future growth prospects and results of operation could be materially and adversely affected.

We rely on third parties to drive traffic to our website, and these providers may change their search engine algorithms or pricing in ways that could negatively affect our business, results of operations, financial condition and prospects.

Our success depends on our ability to attract customers in a cost-effective manner. With respect to our marketing channels, we rely heavily on relationships with providers of online services, search engines, social media, and affiliate websites and e-commerce businesses to provide content, advertising banners and other links that direct customers to our websites. We rely on these relationships to provide significant sources of traffic to our website. In particular, we rely on search engines as important marketing channels. Search engine companies change their natural search engine algorithms periodically, and our ranking in natural searches have been in the past, and may be in the future, adversely affected by such changes. Search engine
companies may also determine that we are not in compliance with their guidelines and consequently penalize us in their algorithms as a result. If search engines change or penalize us with their algorithms, terms of service, display and featuring of search results, or if competition increases for advertisements, we may be unable to cost-effectively drive consumers to our websites.

Our relationships with our affiliate websites are not long term in nature and often do not require any specific performance commitments. As competition for online advertising has increased, the cost for some of these services has also increased. A significant increase in the cost of the affiliate websites could adversely impact our ability to attract customers cost effectively and harm our business, results of operations, financial condition and prospects.

Our operation in and continued expansion into international markets is important for our business. As we continue to expand internationally, we face additional business, political, regulatory, operational, financial and economic risks, any of which could increase our costs or otherwise limit our growth.

Operating internationally and continuing to expand our business to attract new customers and content suppliers in geographies other than North America and Western Europe is important to our continued success and growth. For each of the years ended December 31, 2019 and 2020 and the nine months ended September 30, 2021, approximately 50% of our revenue was derived from customers located outside of the United States. We expect to continue to devote resources to international expansion through exploring acquisition and foreign distributor partnership opportunities, as well as through expanding our foreign language marketing of offerings and further localizing our content library and user experience for foreign markets. Our ability to expand our business and to attract talented employees, customers and content suppliers in an increasing number of international markets requires considerable management attention and resources and is subject to the particular challenges of supporting a growing business in an environment of multiple languages, cultures, customs, political regimes, legal systems, alternative dispute systems, regulatory systems and commercial infrastructures. Expanding our international focus may subject us to risks that we have not faced before or increase risks that we currently face, certain of which are described elsewhere in these “Risk factors,” including risks associated with:

- modifying and customizing our content, technology, pricing and marketing efforts to appeal to foreign customers and attract foreign content suppliers;
- changes to domestic and international intellectual property, privacy and rights of publicity laws;
- higher costs associated with doing business internationally, including increased taxes and foreign currency fluctuations;
- legal, political or systemic restrictions on the ability of U.S. companies to do business in foreign countries, including, among others, restrictions imposed by the U.S. Office of Foreign Assets Control ("OFAC") on the ability of U.S. companies to do business in certain specified foreign countries or with certain specified organizations and individuals;
- difficulty in staffing and strains on our systems and staff in managing widespread operations and ensuring compliance with foreign laws and regulations, including local laws, the U.S. Foreign Corrupt Practices Act, the UK Anti-Bribery Act, the UK Modern Slavery Act, or other anti-corruption or anti-money laundering laws, tax regulations, disclosure requirements, privacy laws, biometric, data protection, rights of publicity, human rights, employment, technology laws and laws relating to content;
- government regulation of e-commerce and restrictions on communications, distribution of content and media, including censorship;
- disruption in the political, economic or military stability of markets in which we operate;
- currency restrictions that may limit our ability to repatriate profits;
- differences in payment cycles, increased credit risks and increased payment fraud levels;
- lack of adoption by certain jurisdictions of e-commerce and internet payment platforms and adoption of different platforms by different jurisdictions;
- reduced and more costly protection of our intellectual property;
• currency exchange fluctuations, hyperinflation and deflation fluctuations;
• potential adverse tax consequences of doing business in certain jurisdictions;
• recruiting and retaining talented and capable management and employees in foreign countries; and
• the difficulties of establishing, adapting and maintaining the systems and operations for compliance with and management of these risks.

These risks may make it impossible or prohibitively expensive to effectively maintain operations in or expand to new international markets, or delay entry into such markets, which could materially and adversely affect our ability to grow our business. Additionally, the entry of local competitors in certain markets may impede our ability to grow our business in those markets.

Unless we increase customer and supplier awareness of certain of our new and emerging products and services, our revenue may not continue to grow.

We believe that our ability to attract and retain new customers depends in part on our ability to increase our brand awareness within our industry with respect to newer, emerging product lines, as well as by leveraging the brand recognition from our developed product lines. In addition, our ability to attract new customers depends in part on our ability to refresh and expand our content offerings, maintain and improve the underlying technology platforms supporting these offerings and to attract and retain new content suppliers to these new and developing product lines. In order to increase the number of our customers and suppliers for these new product lines, we may be required to expend greater resources on advertising, marketing, and other brand-building efforts to preserve and enhance customer and supplier awareness of our core brand, as well as accept lower margins to attract suppliers. If we are unable to increase market awareness of our new and emerging products and services or otherwise take advantage of evolving consumer trends and preferences, our growth prospects, results of operations and financial condition may be materially and adversely affected.

The impact of currency fluctuations could adversely and materially affect our business and results of operations.

Our foreign operations are exposed to foreign exchange rate fluctuations as our financial results are translated from the local currency into U.S. dollars upon consolidation. If the U.S. dollar weakens against foreign currencies, the translation of these foreign currency denominated transactions will result in increased revenue, operating expenses and net income. Similarly, if the U.S. dollar strengthens against foreign currencies, the translation of these foreign currency denominated transactions will result in decreased revenue, operating expenses and net income. As exchange rates vary, sales and other results of operations, when translated, may differ materially from expectations. For the nine months ended September 30, 2021 and the year ended December 31, 2020, 47% and 45% of our revenue was denominated in foreign currencies, respectively. In addition, approximately 34% and 32% of our SG&A and capital expenditures for the nine months ended September 30, 2021 and the year ended December 31, 2020 were denominated in foreign currencies, respectively.

Because we report our financial results in U.S. dollars, fluctuations in foreign currencies (including the British Pound, Australian and Canadian dollars, Japanese Yen and Euro) have had and will continue to have a material effect on our financial performance. Volatility in foreign currency fluctuations may continue as a result of economic and political circumstances beyond our control.

A decline in value of any foreign currency against the U.S. dollar will tend to have a negative effect on our financial performance, while an increase in value of these currencies against the U.S. dollar will tend to have a positive impact on reported financial performance. This fluctuation risk increases as we expand into foreign markets.

We currently, and may in the future, enter into certain derivatives or other financial instruments to hedge against this foreign exchange risk.

We may be unable to adequately maintain, adapt and upgrade our websites and technology systems to ingest and deliver higher quantities of new content and allow existing and new customers to successfully search for our content.

To remain competitive, we must continue to add substantial quantities of the most relevant content desired by our customers. Our ability to ingest such content is directly related to the ease of access,
sophistication, protections and reliability of the technology relating to our ingestion tools. Our failure to address deficiencies could result in a decrease or inability to ingest enough new content, thereby causing customers to seek other sources, which could materially and adversely affect our results of operations and financial condition.

Even if we are able to ingest sufficient new content, we must also add new functionality and features to our websites to allow customers to search for the relevant content we offer. A significant component of our technology strategy is the improvement of the compatibility of our websites with third-party search engines that direct traffic to our site and, specifically, to content that reflects searched key words. The search algorithms developed by third-party search engines are typically not publicly known and are subject to unanticipated changes, which could significantly affect the number of new customers we attract to our sites. In addition, we continually seek to improve search functions within our site to enable customers to locate the most relevant and appropriate content for their particular use. If we do not address any current or future deficiencies with respect to potential or existing customers’ ability to search for content on the internet or on our websites, we may be unsuccessful in acquiring and retaining customers and ultimately licensing the most relevant content, which could materially and adversely affect our results of operations and financial condition. In addition, the expansion and improvement of our systems and websites may require us to commit substantial financial, operational and technical resources, with no assurance that our business will improve.

We may not be able to continue the growth of our business at rates reflective of our historical growth rates or at all.

We have experienced growth in terms of revenues, customers and content offerings, and we may not be able to maintain our historical rate of growth in certain product lines or replicate this growth with other product lines or across geographies. For the period commencing with the nine months ended September 20, 2019 to the nine month period ending September 30, 2021, our revenue and Adjusted EBITDA have grown at a compound annual growth rate ("CAGR") of 7.6% and 13.3%, respectively. Our growth strategy may require us to commit substantial financial, operational and technical resources to current operations, which may divert such resources away from other potentially profitable ventures, without any guarantee of a similar return on any such investments. Further, even if we do achieve the desired growth, such growth could also strain our ability to maintain reliable operation of our websites or our relationships with customers and content suppliers and acquire relevant content. This in turn could negatively impact our ability to develop and improve our operational, financial and management controls and systems. If we fail to effectively manage or support future growth, or if we are otherwise negatively impacted by our efforts to grow our product lines, our business, results of operations and financial condition may be materially and adversely affected.

We may not meet our growth objectives and strategies, which may impact our competitiveness and results of operations.

As part of our business, we seek to achieve profitable growth by attracting new customers and retaining existing customers through various customer experience, content, marketing and pricing strategies, incentivizing customers to seek our content. As we continue to invest in growth opportunities, including investments in new technologies and capabilities, we may experience unfavorable demand for our content or we may be unable to deploy these technology-based solutions successfully or profitably. Our inability to invest effectively in new growth opportunities could impact our competitiveness and render it difficult for us to meet our growth objectives and strategies, which could adversely impact our business, financial condition or results of operations.

Technological interruptions that impair access to our websites or the efficiency of our websites and technology systems could damage our reputation and brand and adversely affect our results of operations.

The digitization and satisfactory internet distribution of our content is a key component of the efficient functioning of our websites and our business. We will need to continue to invest in and improve our websites and systems, network infrastructure, content ingestion, and customer experience in order to ensure consistent performance, reliability, and accessibility, and to accommodate our expanding product
offerings, anticipated increased site traffic, sales volume, and processing of the resulting information and transactions. If we experience significant disruptions or difficulties as a result of or during any such technology updates or upgrades, we may face system interruptions, poor website response times, inability to refresh or add content, diminished customer services, impaired quality and speed of order processing, and potential problems with our internal control over financial reporting. Substantial or repeated system disruptions or failures would reduce the attractiveness of our websites significantly and negatively impact our brand and reputation for both customers and content providers. Even a disruption as brief as a few minutes could have a negative impact on activities on our websites or systems and could therefore result in a loss of customers, revenue, partners, content providers or data. Because some of the causes of system interruptions may be outside of our control, we may not be able to remedy such interruptions in a timely manner, or at all.

Our ability to license content and offer other related services also depends on the maintenance of a reliable network backbone with the necessary speed, data capacity and security, as well as the timely development of complementary capabilities, to provide reliable website internet access and services. The internet has experienced, and is likely to continue to experience, significant growth in the number of users and bandwidth requirements. As a result, problems caused by viruses, worms, malware and similar programs could negatively impact internet infrastructure and cause it to be unable to support the user demand associated with such users and bandwidth requirements. The internet has experienced a variety of outages and other delays as a result of damage to portions of its infrastructure, and it could face outages and delays in the future, which could reduce the level of internet usage generally as well as the level of usage of our services. In addition, if telecommunications providers lose service to their customers, our customers will not be able to access our websites. Our websites and systems have in the past experienced, and may in the future experience, temporary system interruptions for a variety of reasons, including security breaches and other security incidents, viruses, telecommunication and other network failures, power failures, programming errors, data corruption, denial-of-service attacks or an overwhelming number of visitors trying to reach our websites during periods of strong demand. Even a brief disruption in service that causes portions of our websites to be unavailable to customers or prevents us from efficiently uploading content to our websites, or taking, processing or fulfilling orders could have a significant impact on our financial performance. System disruptions and difficulties, whether as a result of our internally developed systems or those of third-party providers, may inconvenience our customers and content providers and/or result in negative publicity, and may negatively affect our ability to provide services and the volume of content we license and deliver over the internet, thereby causing users to perceive our sites as not functioning properly and causing them to use another website or other methods to obtain the products or services we offer.

We rely upon third-party service providers, such as co-location and cloud service providers, for certain of our data centers and application hosting, and we are dependent on these third parties to provide continuous power, cooling, internet connectivity and physical security for our servers. Certain of these third-party providers have in the past experienced, and may in the future experience, interruptions in operations, that could harm our business. In such events, or in the event that we are unable to agree upon satisfactory terms for continued relationships, we could be forced to enter into relationships with other service providers or assume hosting responsibilities ourselves, potentially at a greater cost or on less favorable terms to us. Although our use of cloud services and multiple production data centers enables us to provide rapid content delivery to our customers and to support business continuity in the event of an emergency, a system disruption at an active data center or third-party hosting service provider could result in a noticeable disruption and/or performance degradation on our websites.

Additionally, some of the computer and communications hardware necessary to operate our corporate functions are located in metropolitan areas worldwide, which systems and operations could be damaged or interrupted by fire, flood, power loss, telecommunications failure, earthquake and similar events. We do not have redundancy for all of our systems, many of our critical applications reside in only one of our data centers or in the cloud, and our disaster recovery planning may not account for all eventualities. Occasionally, we migrate data among data centers and to third-party hosted environments. If a transition among data centers or to third-party service providers encounters unexpected interruptions, unforeseen complexity, or unplanned disruptions despite precautions undertaken during the process, this may impair our delivery of products and services to customers and result in increased costs and liabilities, which may harm our results of operations and our business.
It is also possible that hardware or software failures or errors in our systems (or those of our third-party service providers) could result in data loss or corruption, cause the information that we collect or maintain to be incomplete or contain inaccuracies that our customers regard as significant, or cause us to fail to meet customer expectations or comply with regulatory notification requirements. Furthermore, our ability to collect and report data may be delayed or interrupted by a number of factors, including access to the internet, the failure of our network or software systems, security breaches or significant variability in visitor traffic on customer websites.

Technological disruptions to our websites or internal communications and operating systems for any of the foregoing reasons could negatively impact our reputation and the perceived or actual functionality of our operations, which could harm our business and reputation, and cause a material and adverse effect on our financial condition.

Our failure to protect the proprietary information of our customers and our networks against security breaches could damage our reputation and expose us to liability and protracted and costly litigation.

An important component of our global business is the secure transmission of proprietary information and the transaction of commerce over the internet. We and our third-party service providers collect and maintain proprietary information in connection with servicing our customers and content suppliers and other related processes on our websites and systems, and, in particular, in connection with processing and remitting payments to and from our customers and content suppliers, and are therefore exposed to security and fraud-related risks, which are likely to become more challenging as we expand our operations and as technology evolves. In addition, we collect proprietary information of third-party vendors and distributors, as well as our employees. Although we maintain security features on our websites and systems, and utilize encryption and authentication technology, our security measures may not detect or prevent all attempts to hack our systems, denial-of-service attacks, viruses, malicious software, break-ins, phishing attacks, social engineering, security breaches or other attacks and similar disruptions that may jeopardize the security of information stored in and transmitted by our websites and system. We rely on encryption and authentication technology licensed from third parties to provide the security and authentication to effectively secure transmission of the proprietary information that we process for our customers, employees, vendors, distributors and content suppliers, and such technology may fail to function properly or may be compromised or breached. Additionally, we use third-party co-location and cloud service vendors for our data centers and application hosting, and other third-party vendors for some of the software and services that we use to operate the business, and their security measures may not prevent security breaches and other disruptions that may jeopardize the security of information stored in and transmitted through their systems. Further, some of the software and services that we use to operate our business, including our internal e-mail and customer relationship management software, are hosted by third parties. It is possible that a breach of any of these systems could go undetected for an extended period of time.

If these services were to experience a security breach or be interrupted or were to cause us to lose control of proprietary information, our business operations could be disrupted, and we could be exposed to liability and costly litigation. A party that is able to circumvent our security measures could misappropriate proprietary information, cause interruption in our operations, damage or misuse our websites or systems, distribute or delete content owned by our content suppliers, customers, vendors or employees, and misuse the information that they misappropriate. Additionally, our systems may be breached by third parties without our being aware that our systems or data have been compromised. We may be required to expend significant capital and other resources to protect against such security breaches or to alleviate problems caused by such breaches. In addition, a significant cyber-security breach could result in major credit card associations’ payment networks and companies offering other payment methods prohibiting us from processing future transactions on their networks and systems. Security and fraud-related issues are likely to become more challenging as we expand our operations and the related prevention, maintenance and risks associated with them could have a material and adverse effect on our financial condition.

Although cybersecurity and the continued development and enhancement of the processes, practices and controls that are designed to protect our systems, computers, software, data and networks from attack, damage or unauthorized access are a high priority for us, our efforts may not be enough to prevent a party from circumventing our security measures, or the security measures of our third-party service providers,
and accessing and misusing the proprietary information of our employees, customers and contributors. Accounts created with weak or recycled passwords could allow cyber-attackers to gain access to confidential data.

Additionally, failure by customers, vendors or content providers to remove accounts of their own employees, or the granting of accounts by the customer, vendor or content provider in an uncontrolled manner, may allow for access by former or unauthorized representatives. Security researchers, criminal hackers and other third parties regularly develop new techniques to penetrate computer and network security measures and, certain parties have in the past managed to obtain limited unauthorized access to certain of our systems and misused some of our systems and software. Outside parties have in the past attempted and may in the future attempt to fraudulently induce our employees or users of our products or services to disclose proprietary information or sensitive, personal, or confidential information via illegal electronic spamming, phishing or other tactics. Unauthorized parties may also attempt to gain physical access to our facilities in order to infiltrate our information systems or attempt to gain logical access to our products, services, or information systems for the purpose of exfiltrating content and data. These actual and potential breaches of our security measures and the accidental loss, inadvertent disclosure or unauthorized dissemination of proprietary information or sensitive, personal or confidential data about us, our employees, our customers or their end users, including the potential loss or disclosure of such information or data as a result of hacking, fraud, trickery or other forms of deception, could expose us, our employees, our customers or the individuals affected to a risk of loss or misuse of this information. This may result in litigation and liability or fines, our compliance with costly and time intensive notice requirements, governmental inquiry or oversight or a loss of customer confidence, any of which could harm our business or damage our brand and reputation, possibly impeding our present and future success in retaining and attracting new customers and content suppliers and thereby requiring time and resources to repair our brand and reputation, and could cause harm to our business, financial condition and results of operations. In addition, our failure to adequately control fraudulent credit card transactions could damage our reputation and brand. Any one of the foregoing occurrences could result in a material and adverse effect on our business and results of operations.

As the techniques used to obtain unauthorized access, attack, disable or degrade services, or sabotage systems, are constantly evolving in sophisticated ways to avoid detection, we may be unable to anticipate these techniques or implement adequate preventative measures. We may also be required to expend significant capital and other resources to protect against security breaches or to alleviate problems caused by such breaches. Any actual breach, the perceived threat of a breach or a perceived breach could cause our customers, contributors and other third parties to cease doing business with us, or subject us to lawsuits, regulatory fines and other action or liability, any of which could harm our reputation, business, financial condition and results of operation.

Any compromise of security may result in our being out of compliance with U.S. federal and state laws, and international laws and contractual commitments, and we may be subject to lawsuits, fines, criminal penalties, statutory damages, and other costs, including for provision of breach notices and credit monitoring to our customers. Any failure, or perceived failure, by us to comply with our posted privacy policies or with any regulatory requirements or orders or other federal, state, or international privacy, security or consumer protection-related laws and regulations, could result in proceedings or actions against us by governmental entities or others, subject us to significant penalties and negative publicity, and adversely affect our results of operations.

**We may not be successful in acquiring or integrating new content and product lines.**

Our strategy to increase market share and enhance profitability is to leverage our existing expertise into what we believe are underserved product and geographic markets. As part of this strategy, we have in the past acquired and invested in, and may in the future seek to acquire or invest in new businesses, products, collections and product offerings, or technologies that could complement or expand our business. Acquisitions or new partnerships may require significant capital infusions or investments and may negatively impact our results of operations. Further, the evaluation and negotiation of potential acquisitions and partnerships, as well as the integration of acquired businesses or onboarding of new partners, may divert management time and other resources. Certain other risks related to such acquisitions and investments that may have a material effect on our business or prevent us from benefiting from such investments include:
• costs incurred in performing due diligence and professional fees relating to potential acquisitions and partnerships;
• use of cash resources or incurrence of debt to fund acquisitions and investments;
• assumption of actual or contingent liabilities, known and unknown;
• amortization expense related to acquired intangible assets, impairment of any goodwill acquired and other adverse accounting consequences;
• difficulties and expenses in integrating the sales, marketing, operations, products, services, technology and financial and information systems of an acquired company, particularly in emerging geographic markets;
• retention of key employees, customers, and suppliers of an acquired business; and
• an adverse review of an acquisition or potential acquisition, or limitations put on such acquisitions, by a regulatory body.

These risks may make it impossible or prohibitively expensive to execute our business and investment strategies or delay execution of such strategies, which would materially and adversely affect our growth prospects and financial condition.

Risks Relating to Personnel

The loss of key personnel, an inability to attract and retain additional personnel or difficulties in the integration of new members of our management team into our Company could affect our ability to successfully grow our business.

Our future success depends in large part upon the continued service of the members of our executive management team and key employees. All members of our executive management team are subject to employment agreements. In addition, our success also depends on our ability to attract and retain qualified technical, sales and marketing, customer support, financial and accounting, legal and other managerial personnel, as well as high quality photographers for our product line covering entertainment, sports and news (“Editorial”). The competition for skilled personnel in the industries in which we operate is intense. Our personnel generally may terminate their employment at any time for any reason. We may incur significant costs to attract and retain highly skilled personnel, and we may lose new employees to our competitors before we realize the benefit of our investment in recruiting them. As we move into new geographies, we will need to attract and recruit skilled personnel across functional areas. Some of our employees in Brazil, Germany, France and Spain are subject to collective bargaining agreements and employees in other jurisdictions may unionize. If we fail to attract new personnel or if we suffer increases in costs or business operations interruptions as a result of a labor dispute, or fail to retain and motivate our current personnel, we might not be able to operate our businesses effectively or efficiently, serve our customers properly or maintain the quality of our content and services.

We may be exposed to risks related to our use of independent contractors.

We rely on independent third parties to provide certain services for our Company. The state of the law regarding independent contractor status varies from jurisdiction to jurisdiction and is subject to change based on court decisions and regulation. For example, on April 30, 2018, the California Supreme Court adopted a new standard for determining whether a company “employs” or is the “employer” for purposes of the California Wage Orders in its decision in the Dynamex Operations West, Inc. v. Superior Court case. This standard was expanded and codified in California via Assembly Bill 5, which was signed into law in September 2019 and became effective as of January 1, 2020. The Dynamex decision and Assembly Bill 5 altered the analysis of whether an individual, who is classified by a hiring entity as an independent contractor in California, has been properly classified as an independent contractor. Assembly Bill 5 was amended to include exclusions for photographers, videographers and editors where specific requirements are met. In addition, independent workers have been the subject of widespread national discussion and it is possible that other jurisdictions may enact laws similar to Assembly Bill 5 or that otherwise impact our business and
our relationships with independent third parties. As a result, there is significant uncertainty regarding the future of the worker classification regulatory landscape.

From time to time, we may be involved in lawsuits and claims that assert that certain independent contractors should be classified as our employees. Adverse determinations regarding the status of any of our independent contractors could, among other things, entitle such individuals to the reimbursement of certain expenses and to the benefit of wage-and-hour laws, and could result in the Company being liable for income taxes, employment, social security, and withholding taxes and benefits for such individuals. Any such adverse determination could result in a material reduction of the number of subcontractors we can use for our business or significantly increase our costs to serve our customers, which could adversely affect our business, financial condition and results of operations.

**Risks Related to Our Intellectual Property and Confidential Information**

**Our business and prospects would suffer if we are unable to protect and enforce our intellectual property rights and confidential information.**

The success of our business depends on our ability to protect and enforce our patents, trademarks, copyrights and other intellectual property rights and other confidential information, including our intellectual property rights underlying our owned content library, websites and search algorithms. Despite our efforts to protect our intellectual property rights, which may afford only limited legal protections, unauthorized parties have attempted, and may continue to attempt, to copy and use aspects of our intellectual property and other confidential information. Effective legal protection for our patents, trademarks, copyrights and other intellectual property assets may not be available or practical in every country in which we operate or intend to operate. Moreover, policing our intellectual property rights is difficult, costly and may not always be effective. To the extent any unauthorized parties, which may include our competitors, are successful in copying and using aspects of our intellectual property or confidential information, including our search algorithms and our trade secrets, our business could be harmed.

We or one of our affiliates have registered “Getty Images,” “iStock,” “Unsplash” and other marks and logos as trademarks in the United States and other jurisdictions. Nevertheless, competitors may adopt trademarks similar to ours, or purchase keywords in internet search engine marketing programs that are confusingly similar to our trademarks, thereby impeding our ability to build brand identity and possibly leading to confusion among existing and potential new customers. In addition, there could be infringement claims by third parties regarding any of our trademarks or our use of other intellectual property that could damage our reputation and brand, prove costly to defend irrespective of their validity, and, if such claims are ultimately validated, materially and adversely affect our financial condition and results of operations.

We currently own the www.gettyimages.com, www.istock.com and www.unsplash.com internet domain names in addition to various other domain names. Domain names are generally regulated by internet regulatory bodies. If we lose the ability to use a domain name in a particular country, we would be forced either to incur significant additional expenses to market our products within that country or to elect not to sell products in that country. Either result could harm our business and results of operations. The regulation of domain names in the United States and in foreign countries is subject to change, including the establishment of additional top-level domains and domain name registrars or the modification of the requirements for holding domain names. As a result, we may not be able to acquire or maintain the domain names that utilize our brand names in the United States or other countries in which we conduct business or in which we may conduct business in the future.

In order to protect our trade secrets and other confidential information, we rely in part on confidentiality agreements with our employees, consultants and third parties with whom we have relationships. These agreements may not prevent disclosure of trade secrets and other confidential information and may not provide an adequate remedy in the event of misappropriation or any unauthorized disclosure or independent discovery of our trade secrets and confidential information. Costly and time-consuming litigation could be necessary to enforce or determine the scope of our trade secret rights and related confidentiality and nondisclosure provisions. Failure to adequately protect our trade secrets and other confidential information could adversely affect our competitive business position.
Litigation or proceedings before the U.S. Patent and Trademark Office, U.S. Copyright Office or other governmental authorities and administrative bodies in the United States and foreign countries may be necessary in the future to enforce and protect our patent rights, copyrights, trademarks, trade secrets, domain names and other intellectual property rights and to determine the validity, enforcement and scope of the intellectual property rights of others. Furthermore, the monitoring and protection of our intellectual property rights may become more difficult, costly and time consuming as we continue to expand internationally, particularly in those markets, such as China and certain other developing countries in Asia, in which legal protection of intellectual property rights is less robust than in the United States and in Europe. Our efforts to enforce or protect our intellectual property rights may be ineffective and could result in substantial costs and diversion of resources and management time, each of which could materially and adversely affect our results of operations.

We rely on intellectual property laws and contractual restrictions to protect the content in our library. Certain countries do not prioritize the enforcement of intellectual property laws, and litigation in those countries may be costly and ineffective. Consequently, these intellectual property laws afford us only limited protection. Unauthorized parties have attempted, and may continue to attempt, to improperly use our content. We cannot guarantee that we will be able to prevent the unauthorized use of our content or that we will be successful in stopping such use once it is detected.

Our products and services may infringe on intellectual property rights of third parties, which could require us to incur substantial costs and distract our management. Media, internet and technology companies are frequently the target of litigation based on allegations of infringement, misappropriation or other violations of intellectual property rights or rights related to their use of technology. Some internet, technology and media companies, including some of our competitors, own large numbers of patents, copyrights, trademarks, trade secrets and other intellectual property rights, which they may use as a basis to assert claims against us. We have developed proprietary technology and a robust infrastructure to power our products and services, and this technology is critical to our business. Third parties may in the future assert that the technology we have developed or the content that we display and distribute infringes, misappropriates or otherwise violates their intellectual property rights, and as we face increasing competition, the possibility of intellectual property rights claims against us grows. Such litigation may involve patent holding companies or other adverse patent owners who have no relevant product revenue, and therefore our own issued and pending patents may provide little or no deterrence to these patent owners in bringing intellectual property rights claims against us. Existing laws and regulations are evolving and subject to different interpretations, and various federal and state legislative or regulatory bodies may change current laws or regulations or enact new ones. We cannot guarantee that our technology is not infringing or violating any third-party intellectual property rights or rights related to the use of technology, or that it will not infringe or violate such rights in the future.

We license a significant majority of the content in our library from third parties, and we cannot guarantee that each supplier holds the rights or releases he or she claims or that such rights and releases are adequate. From time to time we receive notices from third parties claiming that certain content that we license infringes their intellectual property rights. In such circumstances, we may not be able to obtain licenses to use those rights on commercially reasonable terms or at all, we may have to stop selling such content, and we may have to pay damages or satisfy indemnification commitments to our customers, or we may incur significant expense to defend against claims of infringement. While we offer our customers indemnification for only certain specified amounts of legal costs and direct damages arising from the use of images, video or music licensed through us, our contractual liability limitations with respect to such indemnification obligations may not be enforceable in all jurisdictions. We maintain insurance policies to cover potential intellectual property disputes; however, such insurance does not cover all exposures, including the potential damages associated with any willful infringements.

We cannot predict whether assertions of third-party intellectual property rights or any infringement or misappropriation or other claims arising from such assertions will substantially harm our business or results of operations. If we are forced to defend against any infringement or misappropriation or other claims, whether they are with or without merit, are settled out of court, or are determined in our favor, we may be required to expend significant time and financial resources on the defense of such claims.
Furthermore, an adverse outcome of a dispute may require us to: pay damages, potentially including statutory damages and attorneys’ fees if we are found to have willfully infringed a party’s intellectual property rights; expend additional development resources to redesign our technology; enter into potentially unfavorable royalty or license agreements in order to obtain the right to use necessary technologies, content, or materials; and/or indemnify our partners and/or other third parties. Royalty or licensing agreements, if required or desirable, may be unavailable on terms acceptable to us, or at all, and may require significant royalty payments and other expenditures. In addition, any lawsuits regarding intellectual property rights, regardless of their success or merit, could be expensive to resolve, cause harm to our reputation, and would divert the time and attention of our management and technical personnel.

Although we have insurance to cover indemnification claims, we have incurred, and will continue to incur, legal fees and other expenses, as well as a diversion of management time and resources related to such claims and related settlements, which may increase over time, and adversely affect our financial condition and results of operations.

Risks Relating to Legal and Regulatory Matters

An increase in government regulation of the industries and markets in which we operate, including with respect to the internet and e-commerce, could have a negative impact on our business.

Existing or future laws and other regulations that may materially affect our business include, but are not limited to, those that govern or restrict:

- privacy and biometric issues and data collection, processing, retention and transmission;
- data and cybersecurity;
- automatic contract or subscription renewal;
- credit card fraud and processing;
- consumer protection;
- advertising, marketing and sales of our content and services;
- pricing and taxation of goods and services offered over the internet;
- website content, or the manner in which products and services may be offered, paid for and/or marketed over the internet;
- sources of liability for companies involved in internet services or e-commerce;
- piracy and intellectual property rights;
- internet neutrality and internet access;
- controls on overseas suppliers and other similar anti-terrorism controls, anti-bribery and anti-corruption conduct and policies; and
- outsourcing, contracting and employment.

For example, we are subject to numerous laws and regulations at the international and United States national and state level, including the following:

- The United States Foreign Corrupt Practices Act and the UK Anti-Bribery Act (and similar global legislation), which prohibits corporations and individuals from engaging in specified activities to obtain or retain business or to influence a person working in an official capacity. Under these acts, it is generally illegal to pay, offer to pay, or authorize the payment of anything of value to any foreign government official, government staff member, political party, or political candidate in an attempt to obtain or retain business, or to otherwise influence a person working in an official capacity.

- The UK Modern Slavery Act, which prohibits corporations and individuals from engaging in the trafficking of or facilitation of trafficking of humans. Under this Act, it is illegal to engage in or do business with any individual or entity that engages in such trafficking and obligates companies and individuals to put in place appropriate controls to mitigate against such risks.
• OFAC regulations, under which all U.S. individuals and businesses are prohibited from engaging in transactions with countries subject to comprehensive trade embargoes (such as Cuba and Iran) unless a specific exemption from the regulations exists (such as those for information, all materials and people-to-people exchanges) or a license is obtained from OFAC. Transactions with persons, groups or entities designated as terrorists or as their supporters or associates are also prohibited. A list of Specially Designated Nationals consisting of “drug kingpins,” terrorists and others considered a danger to the United States, is maintained by the Treasury Department’s Office of Foreign Assets Control. Known as the “OFAC List,” it contains over 5,000 names and is updated often. No U.S. person, individual or business in the United States, or, in some instances, the foreign subsidiaries of U.S. companies, may conduct any kind of business with anyone on the OFAC List, and companies are expected to keep track of all changes to this list. Penalties for violations of these rules can be severe, including having the violator’s assets frozen or forfeited and up to $250,000 or twice the transaction value per violation in fines.

• The Illinois Biometric Information Privacy Act ("IBIPA") regulates the collection, use, safeguarding, and storage of “biometric identifiers” by private entities. While the statute specifically excludes photographs from its scope to date there has been no dispositive judicial interpretations of that language.

• The Washington Biometric Privacy Law, which oversees the collection, use and storage of “biometric identifiers,” which include fingerprints, voiceprints, eye retinas, irises and other unique biological identifiers or characteristics used to identify a specific individual, while specifically excluding photographs from its scope.

• Several foreign jurisdictions and U.S. states have adopted, and other jurisdictions are expected to enact, statutes that regulate the use, transmission and storage of personal data and require reporting certain breaches of the security of personal data.

• Several jurisdictions, including the United Kingdom and the United States, are in the process of adopting or reforming or expected to adopt or reform legislation that impacts the content we distribute, including the EU Copyright Directive, the Copyright Act, the Digital Millennium Copyright Act, and various statutes and regulations impacting rights of publicity for those depicted in imagery.

We currently license content to customers in approximately 150 countries and the different laws that apply in each of those foreign countries may be more or less restrictive than those that apply to companies operating solely within the United States, creating tension in compliance obligations across borders. The adoption, modification or interpretation of laws or regulations in any of these countries relating to our business could adversely affect the manner in which we conduct our business or the overall popularity or growth in use of the internet.

On December 14, 2017, the Federal Communications Commission voted to repeal net neutrality regulations that prohibit blocking, degrading or prioritizing certain types of internet traffic. In response to the FCC action, several states have adopted legislation that requires entities providing broadband internet access service in the state to comply with net neutrality requirements or prohibits state and local government agencies from contracting with internet service providers that engage in certain network management activities based on paid prioritization, content blocking or other discrimination. Congress and numerous other states have also proposed legislation regarding net neutrality. The FCC’s action has been challenged in federal court and the future impact of the repeal, the court challenges and any Congressional or state action remains uncertain. Users who access our marketplace through devices such as smart phones, laptops, and tablet computers must have a high-speed internet connection, such as Wi-Fi, 3G, or 4G, to use our services. Currently, this access is provided by telecommunications companies and internet access service providers that have significant and increasing market power in the broadband and internet access marketplace. If the repeal of net neutrality remains in effect, these providers could take measures that affect their customers’ ability to use our products and services, such as degrading the quality of the data packets we transmit over their lines, giving our packets low priority, giving other packets higher priority than ours, blocking our packets entirely, or attempting to charge their customers more for using our products and services. To the extent that internet service providers implement usage-based pricing, including meaningful bandwidth caps, or otherwise try to monetize access to their networks, we could incur greater operating expenses and customer
acquisition and retention could be negatively impacted. Furthermore, to the extent network operators were
to create tiers of internet access service and either charge us or their customers for availability of our
services through these tiers, our business could be negatively impacted.

In addition, the rapid growth of the internet and the proliferation in the use of content therein has
created tensions and instability in the application of traditional intellectual property law concepts to such
uses.

Compliance with new regulations or legislation or new interpretations of existing regulations or
legislation could cause us to incur additional expenses, lose the ability to transact business in the way we
have historically done or, make it more difficult to renew subscriptions automatically, make it more difficult
to attract new customers or otherwise require us to alter our business model, or cause us to divert resources
and funds to address government or private investigatory or adversarial proceedings. Any of these outcomes
could have a material adverse effect on our business, financial condition or results of operations.

Our operations may expose us to greater than anticipated income and transaction tax liabilities that could harm our
financial condition and results of operations.

We are subject to income and other taxes in the United States and numerous other jurisdictions.
Significant judgment is required in determining our worldwide provision for taxes. In the ordinary course of
our business, we are involved in many transactions where the ultimate tax determination may be uncertain.
Although we believe our tax provisions are reasonable, the final determination of tax audits and any related
litigation could be materially different from our historical income tax provisions and reserves for uncertain
tax positions. We have created reserves with respect to such tax liabilities where we believe it to be
appropriate. The final determination of such tax liabilities could have a material effect on our tax provision,
net income, earnings per share, or cash flows in the period or periods for which that determination is made
as well as subsequent periods. Furthermore, we have operations in various taxing jurisdictions in the United
States and in other countries, and there is a risk that our tax liabilities in future taxable periods in one or
more jurisdictions could exceed our estimated tax liabilities or our tax liabilities in prior taxable periods
despite our plan to structure our activities in a manner so as to minimize our tax liabilities.

In addition, there are a number of applicable and potential government regulations that may impact the
Company:

For example, the U.S. federal tax legislation commonly referred to as the Tax Cuts and Jobs Act (the
“TCJA”), enacted in December 2017, resulted in fundamental changes to the Code, including, among many
other things, a reduction to the federal corporate income tax rate, a partial limitation on the deductibility of
business interest expense, a limitation on the deductibility of certain director and officer compensation
expense, limitations on net operating loss carrybacks and carryovers and changes relating to the scope and
timing of U.S. taxation on earnings from international business operations. Subsequent legislation, the
Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) enacted on March 27, 2020,
relaxed certain of the limitations imposed by the TCJA for certain taxable years, including the limitation on
the use and carryback of net operating losses and the limitation on the deductibility of business interest
expense. The exact impact of the TCJA and the CARES Act for future years is difficult to quantify, but
these changes could materially affect our effective tax rate in future periods. In addition, several legislative
proposals have been set forth that would, if enacted, make significant changes to U.S. tax laws. Such
proposals include a potential increase in the U.S. corporate income tax rate. Congress may consider, and
could include, some or all of these proposals in connection with tax reform that may be undertaken. It is
unclear whether these or similar changes will be enacted and, if enacted, how soon any such changes could
take effect. The passage of any legislation as a result of these proposals and other similar changes in U.S.
federal income tax laws could have an adverse impact on our effective rate of tax in future periods.

We may have exposure to sales or other transaction taxes (including VAT) on our past and future
transactions. A successful assertion by any jurisdiction that we failed to pay such sales or other transaction
taxes, or the imposition of new laws requiring the payment of such taxes, could result in substantial tax
liabilities related to past sales, create increased administrative burdens or costs, discourage customers from
purchasing images from us, or otherwise materially and adversely affect our financial condition and results
of operations. Further, we are currently subject to and in the future may become subject to additional
compliance requirements for certain of these taxes. Where appropriate, we have made accruals for these taxes, which are reflected in our consolidated financial statements.

Due to the large and expanding scale of our international business activities, any changes in the U.S. taxation of such activities may increase our worldwide effective tax rate and harm our financial condition and results of operations. In addition, tax authorities in a number of U.S. states, as well as the U.S. Congress, are reviewing the appropriate tax treatment of companies engaged in e-commerce, and new state tax regulations might subject us to additional state sales and other taxes. If one or more U.S. local, state or non-U.S. jurisdictions impose sales tax collection obligations on us, our sales into such state or jurisdiction might decrease because the effective cost of purchasing goods from us increases for those residing in these states or jurisdictions. We might also incur significant financial and organizational burdens in order to set up the infrastructure required to comply with these applicable new tax regulations.

We collect, store, process, transmit and use personally identifiable information and other data, which subjects us to governmental regulation and other legal obligations in many jurisdictions related to privacy, information security and data protection. Our actual or perceived failure to comply with such legal obligations by us, or by our third-party service providers or partners, could harm our business.

It is not always clear how existing laws governing issues such as property ownership, sales and other taxes, and personal privacy apply to the internet and e-commerce, as the vast majority of these laws were adopted prior to the advent of the internet and do not contemplate or address the unique issues raised by the internet or e-commerce. Regulatory scrutiny of privacy, data collection, use of data and data protection continues to intensify both within the United States and globally. The personal information and other data we collect, store, process and use is increasingly subject to legislation and regulations in numerous jurisdictions around the world, especially in Europe. These laws often develop in ways we cannot predict and some laws may be in conflict with one another. This may significantly increase our cost of doing business, particularly as we expand our localization efforts. For example, the General Data Protection Regulation (the "GDPR") imposes stringent operational requirements for controllers and processors of personal data of individuals in the European Economic Area (the "EEA"), and noncompliance can trigger fines of up to the greater of €20 million or 4% of global annual revenues. Further, following the U.K.’s formal exit from the E.U. in January 2020, we became subject to the GDPR as incorporated into U.K. law. In June 2021, the European Commission formally approved an adequacy decision for the U.K. on data protection in which they deemed the U.K.’s data protection regime sufficient to protect E.U. personal data. Additionally, although we are making use of the E.U. Standard Contractual Clauses with regard to the transfer of certain personal data to countries outside the EEA, recent legal developments in Europe have created complexity and regulatory compliance uncertainty regarding certain transfers of personal information from the EEA to the United States. For example, on July 16, 2020, the Court of Justice of the European Union ("CJEU") invalidated the E.U.-U.S. Privacy Shield Framework ("Privacy Shield") under which personal information could be transferred from the E.U. to U.S. entities who had self-certified under the Privacy Shield program. While the CJEU upheld the adequacy of E.U.-specified standard contractual clauses as an adequate mechanism for cross-border transfers of personal data, it made clear that reliance on them alone may not necessarily be sufficient in all circumstances and that their use must be assessed on a case-by-case basis taking into account the surveillance laws in and the right of individuals afforded by the destination country. The CJEU went on to state that, if the competent supervisory authority believes that the standard contractual clauses cannot be complied with in the destination country and the required level of protection cannot be secured by other means, such supervisory authority is under an obligation to suspend or prohibit that transfer unless the data exporter has already done so itself. We currently rely on a mixture of mechanisms to transfer personal data from our E.U. business to the U.S. (having previously relied on Privacy Shield) and are evaluating what additional mechanisms may be required to establish adequate safeguards for personal information. As supervisory authorities issue further guidance on personal information export mechanisms, including circumstances where the standard contractual clauses cannot be used and/or start taking enforcement action, we could suffer additional costs, complaints, and/or regulatory investigations or fines. Moreover, if we are otherwise unable to transfer personal information between and among countries and regions in which we operate, it could affect the manner in which we provide our services and could adversely affect our financial results.
Several other foreign jurisdictions have adopted or are considering adopting new or updated comprehensive privacy legislation to offer additional data privacy for individuals, such as: Brazil, where a General Data Privacy Law that imposes detailed rules for the collection, use, processing and storage of personal data in Brazil was signed into law in August 2018 and took effect in 2020, with enforcement beginning in August 2021; and India, where in July 2018 a committee formed by the Indian government issued a report and draft data protection bill that was updated in December 2019 by the Ministry of Electronics and Information Technology and remains subject to continuing joint parliamentary review. Additionally, data privacy laws have been enacted in a number of jurisdictions, including, but not limited to, the European Union and certain U.S. states such as Illinois and California, which regulate the collection of certain biometric data regarding individuals, including their facial images, and the use of such data, including in facial recognition systems. Similar laws have also been introduced in several additional states. We have entered into certain contractual agreements that may implicate or make use of such technology. Such laws may have the effect of adversely impacting our ability to grow our business in that area. Although we are closely monitoring regulatory developments in this area, any actual or perceived failure by us to comply with any regulatory requirements or orders or other domestic or international privacy or consumer protection-related laws and regulations could result in proceedings or actions against us by governmental entities or others (e.g., class action litigation), subject us to significant penalties and negative publicity, require us to change our business practices, increase our costs and/or adversely affect our business.

Data protection legislation is also becoming increasingly common in the United States at both the federal and state level. For example, in June 2018, the State of California enacted the CCPA, which came into effect on January 1, 2020. The CCPA requires, among other things, companies that collect personal information about California residents to make new disclosures to those residents about their data collection, use and sharing practices, allows residents to opt out of certain data sharing with third parties, and provides a new cause of action for data breaches. However, the California Privacy Rights Act ("CPRA"), certified by the California Secretary of State to appear as a ballot initiative, was passed by Californians during the November 3, 2020 election. The CPRA, which will come into effect on January 1, 2023 (with a look back to January 2022), amends and expands the CCPA to add additional disclosure obligations (including an obligation to disclose retention periods or criteria for categories of personal information), grant consumers additional rights (including rights to correct their data, limit the use and disclosure of sensitive personal information, and opt out of the sharing of personal information for certain targeted behavioral advertising purposes), and establishes a privacy enforcement agency known as the California Privacy Protection Agency ("CPPA"). The CPPA will serve as California’s chief privacy regulator, which will likely result in greater regulatory activity and enforcement in the privacy area. Other states have also considered or are considering privacy laws similar to the CCPA. Additionally, the Federal Trade Commission and many state attorneys general are interpreting federal and state consumer protection laws to impose standards for the online collection, use, dissemination and security of data. The scope and interpretation of data privacy and cybersecurity regulations continues to evolve, and we believe that the adoption of increasingly restrictive regulations in this area is likely in the near future within the U.S. at both state and federal levels. The burdens imposed by the CCPA, the CPRA and other similar laws that may be enacted at the federal and state level may require us to modify our data processing practices and policies and to incur substantial costs in order to comply with these laws and to investigate, and defend against potential private class-action litigation or litigation brought by regulatory authorities.

Further, we may be or become subject to data localization laws mandating that data collected in a foreign country be processed and stored only within that country. In 2018, India introduced a bill, which was updated in December 2019, requiring local storage of certain personal data of Indian data principals. Such data localization requirements may have cost implications for us, impact our ability to utilize the efficiencies and value of our global network, and affect our strategy. Further, if other countries in which we have customers were to adopt data localization laws, we could be required to expand our data storage facilities there or build new ones in order to comply with these laws. The expenditure this would require, as well as costs of ongoing compliance, could harm our financial condition.

We are subject to payments-related risks that may result in higher operating costs or the inability to process payments, either of which could harm our financial condition and results of operations.

Non-payment or late payments of amounts due to us by customers could significantly and negatively affect our business and financial performance. A portion of our customers typically purchase our products
on payment terms, and therefore we assume a credit risk for non-payment in the ordinary course of business. We evaluate the credit-worthiness of new customers and perform ongoing financial condition evaluations of our existing customers; however, there can be no assurance that our allowances for uncollected accounts receivable balances will be sufficient. As of September 30, 2021, our allowance for doubtful accounts was $7.0 million. If the volume of sales to enterprise customers continues to grow, we expect to increase our allowance for doubtful accounts primarily as the result of changes in the volume of sales to customers who pay on payment terms.

We accept payments using a variety of methods, including credit cards and debit cards, which are subject to additional regulations and compliance requirements and are susceptible to incidences of fraud. For certain payment methods, including credit and debit cards, we pay interchange and other fees, which may increase over time and raise our operating costs and lower profitability, and rely on third parties to provide processing services, who may be unwilling or unable to provide these services to us. We are also subject to payment card association operating rules, certification requirements and rules governing electronic funds transfers, which could change or be reinterpreted to make it difficult or impossible for us to comply. We may be required to provide cash deposits to our credit card processors. If we fail to comply with these rules or requirements, we could be subject to civil and criminal penalties or forced to cease our operations, fines and higher transaction fees or we could lose our ability to accept credit and debit card payments from consumers or facilitate other types of online payments. To date, we have experienced minimal losses from credit card fraud, but we continue to face the risk of significant losses from this type of fraud, which could adversely affect our financial condition and results of operation.

We are also subject to, or voluntarily comply with, several other laws and regulations relating to money laundering, international money transfers, privacy and information security and electronic fund transfers. If we were found to be in violation of applicable laws or regulations, we could be subject to civil and criminal penalties or forced to cease our operations.

If our goodwill or other intangible assets become impaired, we may be required to record a significant charge to earnings.

Under generally accepted accounting principles, we review our intangible assets for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. We expect to have substantial balances of goodwill and identified intangible assets as a result of the Business Combination. We are required to test goodwill and any other intangible asset with an indefinite life for possible impairment on the same date each year and on an interim basis if there are indicators of a possible impairment. We are also required to evaluate amortizable intangible assets and fixed assets for impairment if there are indicators of a possible impairment. There is significant judgment required in the analysis of a potential impairment of goodwill, identified intangible assets and fixed assets. If, as a result of a general economic slowdown, deterioration in one or more of the markets in which we operate or in our financial performance and/or future outlook, the estimated fair value of our long-lived assets decreases, we may determine that one or more of our long-lived assets is impaired. An impairment charge could have a material adverse effect on our results of operations and financial position. We may be required to record a significant charge to earnings in our financial statements during the period in which any impairment of our goodwill or other intangible assets is determined, thereby materially and adversely affecting our results of operations.

Our ability to obtain additional capital on commercially reasonable terms may be limited.

After giving effect to the Business Combination, although we believe our cash, cash equivalents and short-term investments, as well as future cash from operations and cash available, provide adequate resources to fund ongoing operating requirements for the foreseeable future, we may need to seek additional financing to compete effectively.
If we are unable to obtain capital on commercially reasonable terms, it could:

- reduce funds available to us for purposes such as working capital, capital expenditures, strategic acquisitions and investments and other general corporate purposes;
- restrict our ability to introduce new products or exploit business opportunities;
- increase our vulnerability to economic downturns and competitive pressures in the markets in which we operate; and
- place us at a competitive disadvantage.

We are, from time to time, subject to various litigation, the unfavorable outcomes of which might have a material adverse effect on our financial condition, results of operations and cash flow.

From time to time, we may become subject to various legal and regulatory proceedings relating to our business. Due to the inherent uncertainties of litigation and regulatory proceedings, we cannot determine with certainty the ultimate outcome of any such litigation or proceedings. If the final resolution of any such litigation or proceedings is unfavorable, our financial condition, results of operations and cash flows could be materially affected. For a description of our current legal proceedings, see “Information About Getty Images — Legal Proceedings.”

Risks Related to the Business Combination and CCNB

Throughout this section, unless otherwise indicated or the context otherwise requires, references to “CCNB,” “we,” “us,” “our” and other similar terms refer to CC Neuberger Principal Holdings II and its subsidiaries, prior to the Business Combination and to New CCNB and its consolidated subsidiaries following the Closing.

If the sale of the Forward Purchase Securities does not close, we may lack sufficient funds to consummate the Business Combination.

In connection with the IPO, CCNB entered into the Forward Purchase Agreement with NBOKS, which provides for the purchase of up to 20,000,000 CCNB Class A Ordinary Shares and 3,750,000 Forward Purchase Warrants to purchase one CCNB Class A Ordinary Share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of an initial business combination (which will be the Business Combination should it occur). In connection with the Business Combination, New CCNB, CCNB and NBOKS entered into the NBOKS Side Letter, pursuant to which CCNB assigned its rights and obligations under the Forward Purchase Agreement to New CCNB to facilitate the Business Combination Agreement and NBOKS confirmed the allocation to CCNB of $200,000,000 under the Forward Purchase Agreement and its agreement to, at Closing, subscribe for 20,000,000 shares of New CCNB Class A Common Stock, and 3,750,000 New CCNB Warrants. The proceeds from the sale of Forward Purchase Securities, together with the amounts available to us from the Trust Account (after giving effect to any redemptions of public shares and the payment of deferred underwriting commissions) and any other equity or debt financing obtained by us in connection with the Business Combination (including the PIPE Financing), will be used as part of the consideration to the sellers in the Business Combination, expenses in connection with the Business Combination, or for working capital in New CCNB following the Closing. The Forward Purchase Agreement contains customary closing conditions, the fulfillment of which is a condition for NBOKS to purchase the Forward Purchase Securities, including that the Business Combination must be consummated substantially concurrently with, and immediately following, the purchase of Forward Purchase Securities. The forward purchase agreement will also allow NBOKS to be excused from its purchase obligation in connection with the Business Combination if NBOKS does not have sufficient committed capital allocated to the Forward Purchase Agreement to fulfill its funding obligations under such Forward Purchase Agreement in respect of such Business Combination. If the sale of the Forward Purchase Securities does not close for any reason, including by reason of the failure of NBOKS to fund the purchase securities, we may lack sufficient funds to consummate the Business Combination and we may need to seek alternative financing. In the event of such a failure to fund, we may not be able to obtain additional funds to account for such shortfall on terms favorable to us or at all.
The Sponsor and each of CCNB’s officers and directors agreed to vote in favor of our initial business combination, including the Business Combination in particular, as applicable, regardless of how CCNB’s shareholders vote.

Unlike other blank check companies in which the initial shareholders agree to vote their founder shares and any public shares purchased by them during or after such company’s initial public offering in accordance with the majority of votes cast by the public shareholders in connection with an initial business combination, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business Combination Proposal. As of the Record Date, the Sponsor and the Independent Directors owned approximately 23.7% of our issued and outstanding CCNB Ordinary Shares, including all of the Founder Shares, and will be able to vote all such shares at the Shareholders Meeting. Accordingly, it is more likely that the approval of the CCNB Shareholder Proposals will be received for the Business Combination than would be the case if the Sponsor and each of CCNB’s officers and directors agreed to vote any CCNB Ordinary Shares owned by them in accordance with the majority of the votes cast by CCNB’s public shareholders.

Since the Sponsor and our directors and executive officers have interests that are different, or in addition to (and which may conflict with), the interests of our shareholders, a conflict of interest may have existed in determining whether the Business Combination with New CCNB is appropriate as our initial business combination and in recommending that shareholders vote in favor of approval of the CCNB Shareholder Proposals. Such interests include that the Sponsor and our directors and executive officers will lose their entire investment in us if our initial business combination is not completed, and that the Sponsor will benefit from the completion of an initial business combination and may be incentivized to complete the Business Combination, even if it is with a less favorable target company or on less favorable terms to shareholders, rather than liquidate CCNB.

In considering the recommendation of the CCNB Board to vote in favor of the approval of the Business Combination Proposal and the other proposals described in this proxy statement/prospectus, shareholders should understand that the Sponsor, the members of the CCNB Board and the executive officers of CCNB have interests in such proposals and the Business Combination that are different from, or in addition to, those of CCNB shareholders generally. The CCNB Board was aware of and considered these interests, among other matters, in evaluating the Business Combination, and in recommending to CCNB shareholders that they approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. CCNB’s shareholders should take these interests into account in deciding whether to approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus.

These interests include, among other things:

- the fact that, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price;
- the fact that, pursuant to the Sponsor Side Letter, 5,140,000 of the Founder Shares held by the Sponsor and the Independent Directors will be converted into the Restricted Sponsor Shares. For more information, please see the section titled “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.”
- the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, CCNB will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding CCNB Class A Ordinary Shares for cash and, subject to the approval of its remaining shareholders and the CCNB Board, dissolving and liquidating;
- the fact that 25,700,000 Founder Shares, which are held by the Sponsor (in which certain of CCNB’s officers and directors hold an indirect interest), and the Independent Directors and were acquired for an aggregate purchase price of $25,000 prior to the IPO, would be worthless if the Business Combination or another business combination is not consummated by August 4, 2022, because the
holders are not entitled to participate in any redemption or distribution with respect to such shares. Such securities may have a higher value than $25,000 (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $253.9 million based upon the closing price of $9.88 per public share on the NYSE on January 11, 2022; 

• the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, the 18,560,000 Private Placement Warrants held by the Sponsor, in which CCNB’s officers and directors hold a direct or indirect interest and which were acquired for an aggregate purchase price of $18.6 million in a private placement that took place simultaneously with the consummation of the CCNB IPO, would become worthless. Such securities may have a higher value than $18.6 million (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $23.2 million based upon the closing price of $1.25 per public warrant on the NYSE on January 11, 2022; 

• the fact that CCNB entered into the Forward Purchase Agreement with NBOKS, as amended by the NBOKS Side Letter, which provides for the purchase of up to 20,000,000 Forward Purchase Shares and 3,750,000 redeemable Forward Purchase Warrants to purchase one share of New CCNB Class A Common Stock, for an aggregate purchase price of $200 million, which investment will close concurrently with the Closing in accordance with the terms and subject to the conditions of the Forward Purchase Agreement (as amended by the NBOKS Side Letter); 

• the fact that CCNB entered into the Backstop Agreement with NBOKS, as amended by the NBOKS Side Letter, whereby NBOKS agreed to (subject to (i) the availability of capital NBOKS has committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis and the other terms and conditions included therein and (ii) the terms of the Business Combination Agreement) at Closing, subscribe for shares of New CCNB Class A Common Stock at $10.00 per share to fund redemptions by shareholders of CCNB in connection with the Business Combination in an amount of up to $300,000,000; 

• the fact that the Sponsor has entered into a commitment to invest an aggregate of $100 million in the PIPE Investment, pursuant to the terms of a Subscription Agreement entered among the Sponsor, CCNB and New CCNB; 

• the fact that the Sponsor Group will pay an aggregate of $318,585,000, assuming no available Backstop, or up to $618,585,000 assuming full Backstop is subscribed for, for its investment in CCNB, as summarized in the table below. Following the consummation of the Business Combination, as a result of its previous investment in CCNB, the aggregate value of the Sponsor Group’s investment in New CCNB will be $822,871,820, based upon the respective closing prices of $9.88 per public share and $1.25 per public warrant on the NYSE on January 11, 2022:

(1) Excludes 2,558,000 shares of New CCNB Series B-1 Common Stock and 2,558,000 shares of New CCNB Series B-2 Common Stock held by the Sponsor following the Business Combination, which are each convertible into shares of New CCNB Class A Common Stock upon meeting certain vesting criteria as described in Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.”

(2) Assumes that the full Backstop is subscribed for by NBOKS, and therefore this is the maximum amount of securities issued pursuant to the Backstop. To the extent not used, or used only partially, this number will be reduced.

(3) Excludes any New CCNB Warrants that may be issued upon conversion of Working Capital Loans.

- the fact that the Sponsor, CCNB’s officers and directors, and their respective affiliates are entitled to reimbursement for any out-of-pocket expenses incurred in connection with activities on CCNB’s behalf related to identifying, investigating, negotiating and completing an initial business combination. However, if CCNB fails to consummate a business combination by August 4, 2022, they will not have any claim against the Trust Account for reimbursement. Accordingly, CCNB may not be able to reimburse these expenses if the Business Combination or another business combination is not consummated within such period;
- the fact that the Sponsor and CCNB’s current officers and directors have agreed, for no additional consideration, to waive their rights to liquidating distributions from the Trust Account with respect to any Founder Shares held by them if CCNB fails to complete an initial business combination by August 4, 2022;
- the fact that the Registration Rights Agreement will be entered into by, among others, the Sponsor and the Independent Directors;
- the fact that, as of the date of the Business Combination Agreement, the Sponsor, the Founder Holders, the Independent Directors and certain other parties have entered into the Stockholders Agreement relating to, among other things, the composition of the New CCNB Board following the Closing (including certain governance rights granted to the Sponsor, including designation rights with respect to the New CCNB Board), certain voting provisions and lockup restrictions;
- the fact that Koch Financial Assets III, LLC (an affiliate of Koch Icon in a separately managed Koch business unit, which is a key equityholder of Getty Images whose consent was required to approve the Business Combination on behalf of Getty Images) is an anchor investor with a significant capital commitment to and a meaningful economic interest in NBOKS;
- the fact that James Quella, a member of the CCNB Board, was appointed by an affiliate of a member of the Sponsor to serve as a director and on the compensation committee and audit committee of Dun & Bradstreet Corporation.
• the fact that the Sponsor will benefit from the completion of a business combination and may be incentivized to complete an acquisition of a less favorable target company or on terms less favorable to shareholders rather than liquidate;

• the fact that the Sponsor and its affiliates can earn a positive rate of return on their investment, even if other CCNB shareholders experience a negative rate of return in New CCNB;

• the fact that CCNB’s directors and officers will be eligible for continued indemnification and continued coverage under a directors’ and officers’ liability insurance policy after the Business Combination and pursuant to the Business Combination Agreement; and

• the fact that at the option of the Sponsor, an aggregate amount of $800,000 outstanding under a Working Capital Loan made by the Sponsor to CCNB on January 7, 2022 is repayable in full upon consummation of the Business Combination or, at the option of the Sponsor, be converted (in whole or in part) into Private Placement Warrants in connection with the consummation of the Business Combination, and such amount (including amounts due under the outstanding promissory note) will likely be written off if an initial business combination is not consummated by August 4, 2022.

In addition, certain persons who are expected to become members of the New CCNB Board after the completion of the Business Combination may have interests in the Business Combination that are different from, or in addition to, the interests of the CCNB Shareholders. See “Shareholder Proposal 2: The Business Combination Proposal — Interests of CCNB’s Directors and Officers and Others in the Business Combination” for additional information.

The Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business Combination Proposal. As of the date of this proxy statement/prospectus, the Sponsor and the Independent Directors own, collectively, approximately 23.7% of our issued and outstanding CCNB Ordinary Shares, including all of the Founder Shares. Additionally, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors), or their respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Required CCNB Shareholder Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Required CCNB Shareholder Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of such public shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its Redemption Right. In the event that the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) or their respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their Redemption Right, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Business Combination Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Domestication Merger Proposal, (3) otherwise limit the number of public shares electing to redeem and (4) CCNB’s net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least $5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at
a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the Shareholders Meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be submitted at the Shareholders Meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

The existence of financial and personal interests of one or more of CCNB’s directors may result in a conflict of interest on the part of such director(s) between what he/she or they may believe is in the best interests of CCNB and its shareholders and what he/she or they may believe is best for himself/herself or themselves in determining to recommend that shareholders vote for the proposals. In addition, CCNB’s officers have interests in the Business Combination that may conflict with your interests as a shareholder.

The process of taking a company public by means of a business combination with a special purpose acquisition company (“SPAC”) is different from taking a company public through an underwritten offering and may create risks for our unaffiliated investors.

An underwritten offering involves a company engaging underwriters to purchase its shares and resell them to the public. An underwritten offering imposes statutory liability on the underwriters for material misstatements or omissions contained in the registration statement unless they are able to sustain the burden of providing that they did not know and could not reasonably have discovered such material misstatements or omissions. This is referred to as a “due diligence” defense and results in the underwriters undertaking a detailed review of the company’s business, financial condition and results of operations. Going public via a business combination with a SPAC does not involve any underwriters and does not generally necessitate the level of review required to establish a “due diligence” defense as would be customary on an underwritten offering.

In addition, going public via a business combination with a SPAC does not involve a book-building process as is the case in an underwritten public offering. In any underwritten public offering, the initial value of a company is set by investors who indicate the price at which they are prepared to purchase shares from the underwriters. In the case of a SPAC transaction, the value of the company is established by means of negotiations between the target company, the SPAC and, in some cases, “PIPE” investors who agree to purchase shares at the time of the business combination. The process of establishing the value of a company in a SPAC business combination may be less effective than the book-building process in an underwritten public offering and also does not reflect events that may have occurred between the date of the business combination agreement and the closing of the transaction. In addition, underwritten public offerings are frequently oversubscribed resulting in additional potential demand for shares in the aftermarket following the underwritten public offering. There is often no such book of demand built up in connection with SPAC transaction and no underwriters with the responsibility of stabilizing the share price which may result in the share price being harder to sustain after the consummation of the business combination.

The exercise of CCNB’s directors’ and executive officers’ discretion in agreeing to changes or waivers in the terms of the Business Combination may result in a conflict of interest when determining whether such changes to the terms of the Business Combination or waivers of conditions are appropriate and in CCNB’s shareholders’ best interest.

In the period leading up to the closing of the Business Combination, events may occur that, pursuant to the Business Combination Agreement, would require CCNB to agree to amend the Business Combination Agreement, to consent to certain actions taken by Getty Images or to waive rights that CCNB is entitled to under the Business Combination Agreement. Such events could arise because of changes in the course of Getty Images’ business, a request by Getty Images to undertake actions that would otherwise be prohibited by the terms of the Business Combination Agreement or the occurrence of other events that would have a
material adverse effect on New CCNB’s business and would entitle CCNB to terminate the Business Combination Agreement. In any such circumstances, it would be at CCNB’s discretion, acting through the CCNB Board, to grant its consent or waive those rights. The existence of financial and personal interests of one or more of the directors described in the preceding risk factors may result in a conflict of interest on the part of such director(s) between what he, she or they may believe is best for CCNB and its shareholders and what he, she or they may believe is best for himself, herself or themselves in determining whether or not to take the requested action. As of the date of this proxy statement/prospectus, CCNB does not believe there will be any changes or waivers that CCNB’s directors and executive officers would be likely to make after shareholder approval of the CCNB Shareholder Proposals has been obtained. While certain changes could be made without further shareholder approval, CCNB intends to circulate a new or amended proxy statement/prospectus and resolicit CCNB’s shareholders if changes to the terms of the Business Combination that would have a material impact on its shareholders are required prior to the vote on the CCNB Shareholder Proposals.

CCNB and Getty Images will incur significant transaction and transition costs in connection with the Business Combination.

CCNB and Getty Images have incurred and expect to incur significant, non-recurring costs in connection with consummating the Business Combination. CCNB and Getty Images may also incur unanticipated costs associated with the Business Combination, including costs driven by Getty Images becoming a public company and the listing on the NYSE of the shares of New CCNB Class A Common Stock, and these unanticipated costs may have an adverse impact on the results of operations of Getty Images following the effectiveness of the Business Combination. All expenses incurred in connection with the Business Combination Agreement and the transactions contemplated thereby, including all legal, accounting, consulting, investment banking and other fees, expenses and costs, will be for the account of the party incurring such fees, expenses and costs. At the Closing, pursuant to the terms of the Business Combination Agreement, Getty Images will pay or cause to be paid certain transaction expenses incurred in connection with the Business Combination to the extent due and payable.

Subsequent to our completion of our initial business combination, we may be required to subsequently take write-downs or write-offs, restructuring and impairment or other charges or file for bankruptcy protection, which could have a significant negative effect on our financial condition, results of operations and the price of our securities, which could cause you to lose some or all of your investment.

We cannot assure you that the due diligence conducted in relation to Getty Images has identified all material issues or risks associated with Getty Images, its business or the industry in which it competes, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of Getty Images and outside of our control will not later arise. As a result of these factors, we may be forced to later write-down or write-off assets, restructure our operations, or incur impairment or other charges or file for bankruptcy protection, which could result in our reporting losses. For example, following an investment by one of our founders in Constellation Healthcare Technologies Inc. (“CHT”), CHT filed for bankruptcy protection. Even if our due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about us or our securities. In addition, charges of this nature may cause us to violate net worth or other covenants to which we may be subject as a result of assuming pre-existing debt held by a target business or by virtue of our obtaining post-combination debt financing. Accordingly, any shareholders or warrant holders who choose to remain shareholders or warrant holders following the Business Combination could suffer a reduction in the value of their securities. Such shareholders and warrant holders are unlikely to have a remedy for such reduction in value.

Our Existing Warrant Agreement designates the courts of the State of New York or the United States District Court for the Southern District of New York as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by holders of our warrants, which could limit the ability of warrant holders to obtain a favorable judicial forum for disputes with us.

Our Existing Warrant Agreement provides that, subject to applicable law, (i) any action, proceeding or claim against us arising out of or relating in any way to the Existing Warrant Agreement, including under
the Securities Act, will be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and (ii) we irrevocably submit to such jurisdiction, which jurisdiction will be the exclusive forum for any such action, proceeding or claim. We will waive any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.

Notwithstanding the foregoing, these provisions of the Existing Warrant Agreement do not apply to suits brought to enforce any liability or duty created by the Exchange Act (which provides for the exclusive jurisdiction of the federal courts with respect to all suits brought to enforce a duty or liability created by the Exchange Act or the rules and regulations thereunder) or any other claim for which the federal district courts of the United States of America are the sole and exclusive forum. Any person or entity purchasing or otherwise acquiring any interest in any of our warrants will be deemed to have notice of and to have consented to the forum provisions in our Existing Warrant Agreement. If any action, the subject matter of which is within the scope of the forum provisions of the Existing Warrant Agreement, is filed in a court other than a court of the State of New York or the United States District Court for the Southern District of New York (a “foreign action”) in the name of any holder of our warrants, such holder will be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located in the State of New York in connection with any action brought in any such court to enforce the forum provisions (an “enforcement action”), and (y) having service of process made upon such warrant holder in any such enforcement action by service upon such warrant holder’s counsel in the foreign action as agent for such warrant holder.

This choice-of-forum provision may limit a warrant holder’s ability to bring a claim in a judicial forum that it finds favorable for disputes with us, which may discourage such lawsuits. Alternatively, if a court were to find this provision of our Existing Warrant Agreement inapplicable or unenforceable with respect to one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could materially and adversely affect our business, financial condition and results of operations and result in a diversion of the time and resources of our management and the CCNB Board.

The ability to successfully effect the Business Combination and to be successful thereafter will be dependent upon the efforts of our key personnel, some of whom may be from CCNB and Getty Images, and some of whom may join New CCNB following the Closing. The loss of key personnel or the hiring of ineffective personnel after the Business Combination could negatively impact the operations and profitability of New CCNB’s business following the Closing.

Our ability to successfully effect the Business Combination and be successful thereafter will be dependent upon the efforts of our key personnel. Although some of CCNB’s key personnel may remain with the target business in senior management or advisory positions following the Business Combination, we expect Getty Images’ current management to remain in place. We cannot assure you that we will be successful in integrating and retaining such key personnel, or in identifying and recruiting additional key individuals we determine may be necessary following the Business Combination.

The ability of our public shareholders to exercise their Redemption Right with respect to a large number of our shares could increase the probability that the Business Combination would be unsuccessful and that you would have to wait for liquidation in order to redeem your shares.

The Business Combination Agreement requires us to meet the Net Funded Indebtedness Condition at Closing. We do not know how many shareholders will ultimately exercise their Redemption Right in connection with the Business Combination. As such, the Business Combination is structured based on our expectations (and those of the other parties to the Business Combination Agreement) as to the number of shares that will be submitted for redemption. In the event that our public shareholders exercise their Redemption Right with respect to a number of our shares such that the Net Funded Indebtedness Condition is not met and Getty Images elects to proceed with the Closing, then:

- first, Getty Images will have an option to cause New CCNB to enter into a PIPE Subscription Agreement with the Getty Images Stockholders with a subscription amount of, when added to Available Cash, the Optional Equity Cure Amount; and
- second, if the Optional Equity Cure Amount is not sufficient to satisfy the Net Funded Indebtedness Condition, then:
• the Preferred Cash Consideration will be decreased by the Cash Adjustment Amount; and
• the Preferred Stock Consideration will be increased by a number of shares of New CCNB Class A Common Stock equal to the quotient obtained by dividing (x) the Cash Adjustment Amount by (y) $10.00. If following the application of the above two bullet points in this section, the Net Funded Indebtedness Condition is not satisfied, the Net Funded Indebtedness Condition will not be permitted to be waived and the Closing will not occur without the consent of each of CCNB and Getty Images.

If too many of our public shareholders elect to redeem their shares and additional third-party financing is not available to us, there is an increased probability that our initial business combination would be unsuccessful. If the Business Combination is unsuccessful, you would not receive your pro rata portion of the funds in the Trust Account until we liquidate the Trust Account. If you are in need of immediate liquidity, you could attempt to sell your shares in the open market; however, at such time our shares may trade at a discount to the pro rata amount per share in the Trust Account. In either situation, you may suffer a material loss on your investment or lose the benefit of funds expected in connection with your exercise of the Redemption Right of our public shares until we liquidate or you are able to sell your shares in the open market.

During the pendency of the Business Combination, neither CCNB nor Getty Images will be able to enter into a business combination with another party because of restrictions in the Business Combination Agreement. Furthermore, certain provisions of the Business Combination Agreement will discourage third parties from submitting alternative takeover proposals, including proposals that may be superior to the arrangements contemplated by the Business Combination Agreement.

Certain covenants in the Business Combination Agreement impede our ability to make acquisitions or complete other transactions that are not in the ordinary course of business pending completion of the Business Combination. As a result, we may be at a disadvantage to our competitors during that period. In addition, while the Business Combination Agreement is in effect, neither we nor Getty Images may solicit, initiate or take any action to knowingly facilitate or encourage any inquiries or the making, submission or announcement of, any alternative acquisition proposal, such as a merger, material sale of assets or equity interests or other business combination, with any third party, even though any such alternative acquisition could be more favorable to our shareholders than the Business Combination. In addition, if the Business Combination is not completed, these provisions will make it more difficult to complete an alternative business combination following the termination of the Business Combination Agreement due to the passage of time during which these provisions have remained in effect.

During the pendency of the Business Combination, Getty Images and CCNB are prohibited from entering into certain transactions that might otherwise be beneficial to Getty Images, CCNB or their respective shareholders.

Until the earlier of consummation of the Business Combination or termination of the Business Combination Agreement, Getty Images and CCNB are subject to certain limitations on the operations of their businesses, each as summarized under the “Shareholder Proposal 2: The Business Combination Proposal — Business Combination Agreement — Covenants of the Parties”. The limitations on Getty Images’ and CCNB’s conduct of their businesses during this period could have the effect of delaying or preventing other strategic transactions and may, in some cases, make it impossible to pursue business opportunities that are available only for a limited time.

Uncertainties about the Business Combination during the pre-Closing period may cause third parties to delay or defer decisions concerning Getty Images or seek to change existing arrangements.

There may be uncertainty regarding whether the Business Combination will occur. This uncertainty may cause third parties to delay or defer decisions concerning Getty Images, which could negatively affect Getty Images’ business. Third parties may seek to change existing agreements with Getty Images as a result of the Business Combination for these or other reasons.
The announcement and pendency of the Business Combination could adversely affect Getty Images’ business, cash flows, financial condition or results of operations.

The announcement and pendency of the Business Combination could cause disruptions in and create uncertainty surrounding Getty Images’ business, including with respect to Getty Images’ relationships with existing and future customers, suppliers and employees, which could have an adverse effect on Getty Images’ business, cash flows, financial condition or results of operations, irrespective of whether the Business Combination is completed. The business relationships of Getty Images may be subject to disruption as customers, suppliers and other persons with whom Getty Images has a business relationship may delay or defer certain business decisions or might decide to seek to terminate or renegotiate their relationships or consider entering into business relationships with other parties. The risk, and adverse effect, of any such disruptions could be exacerbated by a delay in the consummation of the Business Combination.

If the conditions to the Business Combination Agreement are not met, the Business Combination may not occur.

Even if the Business Combination Agreement is approved by our shareholders, specified conditions must be satisfied or waived before the parties to the Business Combination Agreement are obligated to complete the Business Combination. For a list of the material closing conditions contained in the Business Combination Agreement, see the section titled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination — Conditions to Closing of the Business Combination. CCNB, New CCNB and Getty Images may not satisfy all of the Closing conditions in the Business Combination Agreement. If the Closing conditions are not satisfied or waived, the Business Combination will not occur, or will be delayed pending later satisfaction or waiver, and such non-occurrence or delay may cause us and Getty Images to each lose some or all of the intended benefits of the Business Combination.

Because CCNB is incorporated under the laws of the Cayman Islands, in the event the Business Combination is not completed, you may face difficulties in protecting your interests, and your ability to protect your rights through the U.S. federal courts may be limited.

We are an exempted company incorporated under the laws of the Cayman Islands. As a result, it may be difficult for investors to effect service of process within the United States upon our directors or executive officers, or enforce judgments obtained in the U.S. courts against our directors or officers.

Until the Domestication Merger is effected, CCNB corporate affairs are governed by the Existing Organizational Documents, the Cayman Islands Companies Act (as the same may be supplemented or amended from time to time) and the common law of the Cayman Islands. CCNB is also subject to the federal securities laws of the United States. The rights of shareholders to take action against the directors, actions by minority shareholders and the fiduciary responsibilities of directors of CCNB under Cayman Islands law are to a large extent governed by the common law of the Cayman Islands. The common law of the Cayman Islands is derived in part from comparatively limited judicial precedent in the Cayman Islands as well as from English common law, the decisions of whose courts are of persuasive authority, but are not binding on a court in the Cayman Islands. The rights of our shareholders and the fiduciary responsibilities of CCNB’s directors under Cayman Islands law are different from what they would be under statutes or judicial precedent in some jurisdictions in the United States. In particular, the Cayman Islands has a different body of securities laws as compared to the United States, and certain states, such as Delaware, may have more fully developed and judicially interpreted bodies of corporate law. In addition, Cayman Islands companies may not have standing to initiate a shareholders derivative action in a federal court of the United States.

The courts of the Cayman Islands are unlikely (i) to recognize or enforce against us judgments of courts of the United States predicated upon the civil liability provisions of the federal securities laws of the United States or any state; and (ii) in original actions brought in the Cayman Islands, to impose liabilities against us predicated upon the civil liability provisions of the federal securities laws of the United States or any state, so far as the liabilities imposed by those provisions are penal in nature. In those circumstances, although there is no statutory enforcement in the Cayman Islands of judgments obtained in the United States, the courts of the Cayman Islands will recognize and enforce a foreign money judgment of a foreign court of competent jurisdiction without retrial on the merits based on the principle that a judgment of a competent
foreign court imposes upon the judgment debtor an obligation to pay the sum for which judgment has been
given provided certain conditions are met. For a foreign judgment to be enforced in the Cayman Islands,
such judgment must be final and conclusive and for a liquidated sum, and must not be in respect of taxes or
a fine or penalty, inconsistent with a Cayman Islands judgment in respect of the same matter, impeachable
on the grounds of fraud or obtained in a manner, or be of a kind the enforcement of which is, contrary to
natural justice or the public policy of the Cayman Islands (awards of punitive or multiple damages may well
be held to be contrary to public policy). A Cayman Islands court may stay enforcement proceedings if
concurrent proceedings are being brought elsewhere.

As a result of all of the above, public shareholders may have more difficulty in protecting their interests
in the face of actions taken by management, members of the board of directors or controlling shareholders
than they would as public shareholders of a U.S. company.

If the Business Combination is not completed, potential alternative target businesses may have leverage over us in
negotiating an initial business combination and our ability to conduct due diligence on an initial business
combination as we approach our dissolution deadline may decrease, which could undermine our ability to complete
an initial business combination on terms that would produce value for our shareholders.

Any potential target business with which we enter into negotiations concerning a business combination
will be aware that we must complete our initial business combination within 24 months from the closing of
the IPO. Consequently, a potential target may obtain leverage over us in negotiating a business combination,
knowing that we may be unable to complete a business combination with another target business by
August 4, 2022. This risk will increase as we get closer to the time frame described above. In addition, we
may have limited time to conduct due diligence and may enter into our initial business combination on
terms that we would have rejected upon a more comprehensive investigation.

The Sponsor, as well as Getty Images, and their respective directors, officers, advisors or affiliates may elect to
purchase public shares or public warrants, which may influence a vote on the Business Combination and reduce the public “float” of our CCNB Class A Ordinary Shares.

At any time at or prior to the Business Combination, during a period when they are not then aware of
any material nonpublic information regarding us or our securities and subject to customary interim
operating covenants set forth in the Business Combination Agreement, the Sponsor, as well as Getty Images, and their respective directors, executive officers, advisors or their affiliates may purchase public
shares or warrants in privately negotiated transactions or in the open market. There is no limit on the
number of securities the Sponsor, as well as Getty Images and their respective directors, officers, advisors or
their affiliates may purchase in such transactions, subject to compliance with applicable law, NYSE rules
and their own governance, contractual and legal restrictions. Additionally, at any time at or prior to our
initial business combination, subject to applicable securities law (including with respect to material
nonpublic information), the Sponsor, as well as Getty Images, and their directors, officers, advisors or
affiliates may enter into transactions with investors and others to provide them with incentives to acquire
public shares, vote in favor of the CCNB Shareholder Proposals or not redeem their public shares. The
purpose of any such purchases of shares and other transactions could be to (i) increase the likelihood of
satisfaction of the requirements that: (a) the Business Combination Proposal is approved by the affirmative
vote of the holders of at least a majority of the issued CCNB Class A Ordinary Shares who are present in
person or represented by proxy and entitled to vote thereon and who vote at the Shareholders Meeting; and
(b) the Domestication Merger Proposal is approved by the affirmative vote of the holders of at least two-
thirds of the issued CCNB Class A Ordinary Shares who are present in person or represented by proxy and
entitled to vote thereon and who vote at the Shareholders Meeting; and (ii) otherwise limit the number of
public shares electing to redeem, also in order to ensure that the Net Funded Indebtedness Condition is
satisfied and that CCNB’s net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the
Exchange Act) are at least $5,000,001 after giving effect to the transactions contemplated by the Business
Combination Agreement, the PIPE Financing and the redemptions of CCNB Class A Ordinary Shares.
However, they have no current commitments, plans or intentions to engage in such transactions and have
not formulated any terms or conditions for any such transactions. None of the funds in the Trust Account
will be used to purchase public shares or public warrants in such transactions. Such purchases may include a
contractual acknowledgment that such
shareholder, although still the record holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its Redemption Right.

In the event that the Sponsor, as well as Getty Images, and their respective directors, officers, advisors or their affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their Redemption Right or submitted a proxy to vote against our initial business combination, such selling shareholders would be required to revoke their prior elections to redeem their shares and any proxy to vote against our initial business combination. The purpose of any such purchases of shares could be to (i) vote such shares in favor of the Business Combination and thereby increase the likelihood of obtaining shareholder approval of the CCNB Shareholder Proposals, (ii) reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with the Business Combination or (iii) satisfy the Net Funded Indebtedness Condition in the Business Combination Agreement, where it appears such requirement otherwise not be met. Any such purchases of our securities may result in the completion of the Business Combination that may not otherwise have been possible.

In addition, if such purchases are made, the public “float” of our CCNB Class A Ordinary Shares or public warrants and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Because of our limited resources and the significant competition for initial business combination opportunities, if the Business Combination is not completed, it may be more difficult for us to complete an initial business combination. If we do not complete our initial business combination within the required time period, our public shareholders may receive only approximately $10.00 per public share, or less in certain circumstances, on the redemption of their shares, and our warrants will expire worthless.

We have encountered, and expect to continue to encounter, intense competition from other entities having a business objective similar to ours, including private investors (which may be individuals or investment partnerships), other special purpose acquisition companies and other entities, domestic and international, competing for the types of businesses we intend to acquire. Many of these individuals and entities are well-established and have extensive experience in identifying and effecting, directly or indirectly, acquisitions of companies operating in or providing services to various industries. Many of these competitors may possess greater resources or more specialized industry knowledge related to a specific business combination target than we do and our financial resources will be relatively limited when contrasted with those of some of these competitors. Additionally, the number of blank check companies looking for business combination targets has increased compared to recent years and many of these blank check companies are sponsored by entities or persons that have significant experience with completing business combinations. While we believe there are numerous target businesses we could potentially acquire, should the Business Combination fail, with the net proceeds of the IPO, exercise of the underwriters’ over-allotment option, and the sale of CCNB Warrants, our ability to compete with respect to the acquisition of certain target businesses that are sizable may be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing the acquisition of certain target businesses. Furthermore, we are obligated to offer holders of our public shares the right to redeem their shares for cash at the time of our initial business combination in conjunction with a shareholder vote. Target companies will be aware that this may reduce the resources available to us for our initial business combination. Any of these obligations may place us at a competitive disadvantage in successfully negotiating an initial business combination. If we do not complete our initial business combination within the required time period, our public shareholders may receive only approximately $10.00 per public share, or less in certain circumstances, on the liquidation of our Trust Account and our warrants will expire worthless.

If third parties bring claims against us, the proceeds held in the Trust Account could be reduced and the per-share redemption amount received by shareholders may be less than $10.00 per public share (which was the offering price in our IPO).

Our placing of funds in the Trust Account may not protect those funds from third-party claims against us. Although we will seek to have all vendors, service providers (except our independent registered public
accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of our public shareholders, such parties may not execute such agreements, or even if they execute such agreements, they may not be prevented from bringing claims against the Trust Account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the Trust Account. If any third party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, our management will consider whether competitive alternatives are reasonably available to the company, and will only enter into an agreement with such third party if management believes that such third party’s engagement would be in the best interests of the company under the circumstances. The underwriters of the IPO have not executed an agreement with us waiving such claims to the monies held in the Trust Account.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the Trust Account for any reason.

Upon redemption of our public shares, if we do not complete our initial business combination within the prescribed timeframe, or upon the exercise of the Redemption Right, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per-share redemption amount received by public shareholders could be less than the $10.00 per public share initially held in the Trust Account, due to claims of such creditors. Pursuant to the Sponsor Side Letter, the form of which is filed as an exhibit to our registration statement, the Sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or other similar agreement or business combination agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) $10.00 per public share and (ii) the actual amount per public share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than $10.00 per public share due to reductions in the value of the trust assets, in each case net of the interest that may be withdrawn to pay our tax obligations, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under our indemnity of the underwriters of the IPO against certain liabilities, including liabilities under the Securities Act. Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. However, we have not asked the Sponsor to reserve for such indemnification obligations, nor have we independently verified whether the Sponsor has sufficient funds to satisfy its indemnity obligations and we believe that the Sponsor’s only assets are securities of our company. Therefore, we cannot assure you that the Sponsor would be able to satisfy those obligations. As a result, if any such claims were successfully made against the Trust Account, the funds available for our initial business combination and redemptions could be reduced to less than $10.00 per public share. In such event, we may not be able to complete our initial business combination, and you would receive such lesser amount per share in connection with any redemption of your public shares. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

Additionally, if we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us that is not dismissed, or if we otherwise enter compulsory or court supervised liquidation, the proceeds held in the Trust Account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy claims deplete the Trust Account, we may not be able to return to our public shareholders $10.00 per share (which was the offering price in our IPO).
Our directors may decide not to enforce the indemnification obligations of the Sponsor, resulting in a reduction in the amount of funds in the Trust Account available for distribution to our public shareholders.

In the event that the proceeds in the Trust Account are reduced below the lesser of (i) $10.00 per public share and (ii) the actual amount per public share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than $10.00 per public share due to reductions in the value of the trust assets, in each case net of the interest that may be withdrawn to pay our tax obligations, and the Sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against the Sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against the Sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the Trust Account available for distribution to our public shareholders may be reduced below $10.00 per public share.

If, after we distribute the proceeds in the Trust Account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and the members of our board of directors may be viewed as having breached their fiduciary duties to our creditors, thereby exposing the members of our board of directors and us to claims of punitive damages.

If, after we distribute the proceeds in the Trust Account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover some or all amounts received by our shareholders. If any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover some or all amounts received by our shareholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith by paying public shareholders from the Trust Account prior to addressing the claims of creditors, thereby exposing itself and us to claims of punitive damages.

If, before distributing the proceeds in the Trust Account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our shareholders and the per-share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced.

If, before distributing the proceeds in the Trust Account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the Trust Account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy claims deplete the Trust Account, the per-share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced.

New CCNB will be a holding company with no business operations of its own and will depend on cash flow from Getty Images to meet its obligations.

Following the Business Combination, New CCNB will be a holding company with no business operations of its own or material assets other than the stock of its subsidiaries. All of its operations will be conducted by its subsidiary, Getty Images, and its subsidiaries. As a holding company, New CCNB will require dividends and other payments from its subsidiaries to meet cash requirements. The terms of any credit facility may restrict New CCNB’s subsidiaries from paying dividends and otherwise transferring cash or other assets to it. If there is an insolvency, liquidation or other reorganization of any of New CCNB’s subsidiaries, New CCNB’s stockholders may have no right to proceed against their assets. Creditors of those subsidiaries will be entitled to payment in full from the sale or other disposal of the assets of those subsidiaries before New CCNB, as an equity holder, would be entitled to receive any distribution from that
sale or disposal. If Getty Images is unable to pay dividends or make other payments to New CCNB when needed, New CCNB will be unable to satisfy its obligations.

**If we are deemed to be an investment company under the Investment Company Act, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete the Business Combination.**

If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including:

- restrictions on the nature of investment; and
- restrictions on the issuance of securities, each of which may make it difficult for us to complete the Business Combination.

In addition, we may have imposed upon us burdensome requirements, including:

- registration as an investment company;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations.

In order not to be regulated as an investment company under the Investment Company Act, unless we can qualify for an exclusion, we must ensure that we are engaged primarily in a business other than investing, reinvesting or trading of securities and that our activities do not include investing, reinvesting, owning, holding or trading “investment securities” constituting more than 40% of our assets (exclusive of U.S. government securities and cash items) on an unconsolidated basis. Our business is to identify and complete an initial business combination and thereafter to operate the post-transaction business or assets for the long term. We do not plan to buy businesses or assets with a view to resale or profit from their resale. We do not plan to buy unrelated businesses or assets or to be a passive investor.

We do not believe that our anticipated principal activities and the Business Combination will subject us to the Investment Company Act. To this end, the proceeds held in the Trust Account may only be invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. Pursuant to the trust agreement, the trustee is not permitted to invest in other securities or assets. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long term (rather than on buying and selling businesses in the manner of a merchant bank or private equity fund), we intend to avoid being deemed an “investment company” within the meaning of the Investment Company Act. The Trust Account is intended as a holding place for funds pending the earliest to occur of either: (i) the completion of our initial business combination (which will be the Business Combination should it occur); (ii) the redemption of any public shares properly tendered in connection with a shareholder vote to amend our Existing Organizational Documents that would affect the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination (which will be the Business Combination should it occur) or to redeem 100% of our public shares if we have not consummated an initial business combination within 24 months from the closing of the IPO; or (iii) absent an initial business combination (which will be the Business Combination should it occur) within 24 months from the closing of the IPO, our return of the funds held in the Trust Account to our public shareholders as part of our redemption of the public shares. If we do not invest the proceeds as discussed above, we may be deemed to be subject to the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to complete a Business Combination. If we are unable to complete the Business Combination, or if we have not consummated our initial business combination within the required time period, our public shareholders may only receive their pro rata portion of the funds in the Trust Account that are available for distribution to public shareholders and our warrants will expire worthless.
You may only be able to exercise your public warrants on a “cashless basis” under certain circumstances, and if you do so, you will receive fewer CCNB Class A Ordinary Shares (if exercised prior to the Domestication Merger) or shares of New CCNB Class A Common Stock (if exercised following the Domestication Merger) from such exercise than if you were to exercise such warrants for cash.

The Existing Warrant Agreement provides that in the following circumstances holders of warrants who seek to exercise their warrants will not be permitted to do for cash and will, instead, be required to do so on a cashless basis in accordance with Section 3(a)(9) of the Securities Act: (i) if the CCNB Class A Ordinary Shares issuable upon exercise of the warrants are not registered under the Securities Act in accordance with the terms of the Existing Warrant Agreement; (ii) if we have so elected and the CCNB Class A Ordinary Shares or shares of New CCNB Class A Common Stock, as applicable, are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of “covered securities” under Section 18(b)(1) of the Securities Act; and (iii) if we have so elected and we call the public warrants for redemption. If you exercise your public warrants on a cashless basis, you would pay the warrant exercise price by surrendering all of the warrants for that number of CCNB Class A Ordinary Shares (if exercised prior to the Domestication Merger) or shares of New CCNB Class A Common Stock (if exercised following the Domestication Merger) equal to the quotient obtained by dividing (x) the product of the number of CCNB Class A Ordinary Shares (if exercised prior to the Domestication Merger) or shares of New CCNB Class A Common Stock (if exercised following the Domestication Merger) underlying the warrants, multiplied by the excess of the “fair market value” (as defined in the next sentence) of our CCNB Class A Ordinary Shares (if exercised prior to the Domestication Merger) or shares of New CCNB Class A Common Stock (if exercised following the Domestication Merger) over the exercise price of the warrants by (y) the fair market value. The “fair market value” is the average reported last sale price of the CCNB Class A Ordinary Shares (if exercised prior to the Domestication Merger) or shares of New CCNB Class A Common Stock (if exercised following the Domestication Merger) for the 10 trading days ending on the third trading day prior to the date on which the notice of exercise is received by the warrant agent or on which the notice of redemption is sent to the holders of warrants, as applicable. As a result, you would receive fewer shares of CCNB Class A Ordinary Shares (if exercised prior to the Domestication Merger) or shares of New Class A CCNB Common Stock (if exercised following the Domestication Merger) from such exercise than if you were to exercise such warrants for cash.

CCNB is an emerging growth company and a smaller reporting company within the meaning of the Securities Act, and if CCNB takes advantage of certain exemptions from disclosure requirements available to “emerging growth companies” or “smaller reporting companies,” this could make CCNB's securities less attractive to investors and may make it more difficult to compare CCNB's performance with other public companies.

CCNB is an “emerging growth company” within the meaning of the Securities Act, as modified by the JOBS Act, and may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in CCNB’s periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. As a result, CCNB’s shareholders may not have access to certain information they may deem important. CCNB could be an emerging growth company for up to five years, although circumstances could cause CCNB to lose that status earlier, including if the market value of CCNB Class A Ordinary Shares held by non-affiliates exceeds $700 million as of any June 30 before that time, in which case CCNB would no longer be an emerging growth company as of the following fiscal year end. We cannot predict whether investors will find CCNB securities less attractive as a result of its reliance on these exemptions, the trading prices of CCNB’s securities may be lower than they otherwise would be, there may be a less active trading market for CCNB’s securities and the trading prices of CCNB’s securities may be more volatile.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting
standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. CCNB has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, CCNB, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of CCNB’s financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Additionally, CCNB is a “smaller reporting company” as defined in Item 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. CCNB will remain a smaller reporting company until the last day of the fiscal year in which (i) the market value of CCNB’s ordinary shares held by non-affiliates exceeds $250 million as of the prior June 30, or (ii) CCNB’s annual revenue exceeded $100 million during such completed fiscal year and the market value of CCNB’s ordinary shares held by non-affiliates exceeds $700 million as of the prior June 30. To the extent CCNB takes advantage of such reduced disclosure obligations, it may also make comparison of CCNB’s financial statements with other public companies difficult or impossible.

The price of the shares of New CCNB Class A Common Stock and New CCNB’s Warrants may be volatile.

Upon consummation of the Business Combination, the price of shares of New CCNB Class A Common Stock and New CCNB Warrants may fluctuate due to a variety of factors, including:

- changes in the industries in which New CCNB and its customers operate;
- variations in its operating performance and the performance of its competitors in general;
- the impact of the COVID-19 pandemic on the markets and the broader global economy;
- actual or anticipated fluctuations in CCNB’s annual or interim operating results;
- publication of research reports by securities analysts about New CCNB or its competitors or its industry;
- the public’s reaction to New CCNB’s press releases, its other public announcements and its filings with the SEC;
- New CCNB’s failure or the failure of its competitors to meet analysts’ projections or guidance that New CCNB or its competitors may give to the market;
- additions and departures of key personnel;
- changes in laws and regulations affecting its business;
- failure to comply with laws or regulations, including the Sarbanes-Oxley Act, or failure to comply with the requirements of the NYSE;
- actual, potential or perceived control, accounting or reporting problems;
- commencement of, or involvement in, litigation involving New CCNB;
- changes in New CCNB’s capital structure, such as future issuances of securities or the incurrence of additional debt;
- the volume of New CCNB capital stock available for public sale;
- general economic and political conditions such as recessions, interest rates, fuel prices, foreign currency fluctuations, international tariffs, social, political and economic risks and epidemics and pandemics (including the ongoing COVID-19 pandemic), acts of war or terrorism; and
- the other factors described in this “Risk Factors” section.

These market and industry factors may materially reduce the market price of shares of New CCNB Class A Common Stock and New CCNB Warrants regardless of the operating performance of New CCNB.
A significant portion of our total outstanding shares are restricted from immediate resale but may be sold into the market in the near future. This could cause the market price of shares of New CCNB Class A Common Stock to drop significantly, even if New CCNB’s business is doing well.

Sales of a substantial number of shares of New CCNB Class A Common Stock in the public market could occur at any time. These sales, or the perception in the market that the holders of a large number of shares intend to sell shares, could reduce the market price of New CCNB Class A Common stock.

We may be required to file one or more registration statements prior to or shortly after the Closing to provide for the resale of certain restricted shares from time to time. As restrictions on resale end and the registration statements are available for use, the market price of shares of New CCNB Class A Common Stock could decline if the holders of currently restricted shares sell them or are perceived by the market as intending to sell them.

The public shareholders will experience immediate dilution as a consequence of the issuance of New CCNB Class A Common Stock as consideration in the Business Combination and in the Forward Purchase Agreement, Backstop Agreement and PIPE Financing.

The issuance of additional shares of New CCNB Class A Common Stock in the Business Combination (including the PIPE Financing) will dilute the equity interests of our existing shareholders and may adversely affect prevailing market prices for the public shares and/or public warrants. The public shareholders who do not redeem their public shares may experience dilution from several additional sources to varying degrees in connection with and after the Business Combination. Additionally, New CCNB following the Closing may determine, subject to the receipt of any stockholder or stock exchange approvals that may be required, to issue additional shares of New CCNB Class A Common Stock or other equity securities of equal or senior rank in connection with privately negotiated transactions following the consummation of the Business Combination.

The issuance of additional shares of New CCNB Class A Common Stock (or other equity securities of equal or senior rank) could have the following effects for holders of public shares who elect not to redeem their shares:

- your proportionate ownership interest in New CCNB following the Closing will decrease;
- the relative voting strength of each previously outstanding share of New CCNB Common Stock following the Business Combination will be diminished; or
- the market price of the shares of New CCNB Class A Common Stock and the public warrants may decline.

The below sensitivity sets forth (x) the potential additional dilutive impact of each of the below additional dilution sources in a no redemption scenario, an illustrative redemption scenario, a contractual maximum redemption with available backstop scenario, a contractual maximum redemption with no backstop scenario and a charter redemption limitation scenario, and (y) the effective underwriting fee incurred in connection with the IPO in each redemption scenario.

(1) This scenario assumes that no CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders.
(2) This scenario assumes that 41,480,000 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders and that the Backstop is fully subscribed.
(3) This scenario assumes that 55,654,347 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders, which, based on the amount of $828,527,493 in the Trust Account as of September 30, 2021, represents the maximum amount of...
redemptions that would still enable us to have sufficient cash to satisfy the Net Funded Indebtedness Condition, and that the full Backstop is subscribed for.

(4) This scenario assumes that 25,973,447 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders, which, based on the amount of $828,527,493 in the Trust Account as of September 30, 2021, represents the maximum amount of redemptions that would still enable us to have sufficient cash to satisfy the Net Funded Indebtedness Condition, and that the full Backstop is subscribed for.

(5) This scenario assumes that 82,380,318 CCNB Class A Ordinary Shares are redeemed by CCNB’s public shareholders, which, based on the amount of $828,527,493 in the Trust Account as of September 30, 2021, represents the maximum amount of redemption that would still enable us to have sufficient cash to satisfy the provision in the Existing Organizational Documents that prohibits us from redeeming our Class A Ordinary Shares in an amount that would result in our failure to have net tangible assets equaling or exceeding $5,000,001, that the full Backstop is subscribed for and the Optional Equity Cure Amount is funded as described in footnote 11 below.

(6) Includes 20,560,000 Founder Shares that will be converted into shares of New CCNB Class A Common Stock and 20,000,000 shares of New CCNB Class A Common Stock purchased by NBOKS pursuant to the Forward Purchase Agreement. Includes 2,570,000 shares of New CCNB Series B-1 Common Stock and 2,570,000 shares of New CCNB Series B-2 Common Stock subject to certain vesting restrictions pursuant to the Sponsor Side Letter. Excludes shares to be issued to the Sponsor in connection with the PIPE Investment and NBOKS in connection with the Backstop Agreement.

(7) Includes shares to be issued to Getty Investments and the Sponsor in connection with the PIPE Investment.

(8) Includes shares to be issued to Getty Investments and the Sponsor in connection with the PIPE Investment.

(9) Includes shares to be issued to NBOKS in connection with the Backstop Agreement.

(10) Includes 201,991,526 shares of New CCNB Class A Common Stock issued to Getty Images Stockholders and 16,167,719 shares of New CCNB Class A Common Stock underlying vested Getty Images Options calculated on a net exercise basis, which represents an aggregate 23,388,265 outstanding vested Getty Images Options less implied share buybacks of approximately $7,220,546.

(11) Assumes the Optional Equity Cure Amount is funded by either (i) a subscription by Getty Images Stockholders of shares of New CCNB Class A Common Stock under a PIPE Subscription Agreement or (ii) the Preferred Stock Consideration will be increased by a number of shares of New CCNB Class A Common Stock obtained by dividing (y) the Cash Adjustment Amount by (y) $10.00.

(12) The Equity % with respect to each Additional Dilution Source set forth below, including the Total Additional Dilution Sources, includes the full amount of shares issued with respect to the applicable Additional Dilution Source in the numerator and the full amount of shares issued with respect to the Total Additional Dilution Sources in the denominator. For example, in the Illustrative Redemption Scenario, the Equity % with respect to the New CCNB Warrants would be calculated as follows: (a) 39,260,000 shares issued pursuant to the New CCNB Warrants (representing approximately 10.7% of the previously outstanding 366,719,245 shares), divided by (b) (i) 366,719,245 shares (the number of shares outstanding prior to any issuance pursuant to the New CCNB Warrants) plus (ii) 3,750,000 shares issued pursuant to the Warrant Purchase Warrants, 41,975,093 shares issued pursuant to the Rollover Options, [•] shares issued pursuant to the 2022 Equity Incentive Plan, [•] shares issued pursuant to the 2022 Employee Stock Purchase Plan and 6,000,000 shares issued pursuant to the 2022 Earn-out Plan.

(13) Excludes any New CCNB Warrants that may be issued upon conversion of Working Capital Loans.

(14) The level of redemption also impacts the effective underwriting fee incurred in connection with the IPO. In a no redemption scenario, based on the approximately $828.6 million in the Trust Account, CCNB’s approximately $26.8 million in deferred underwriting fees represents an effective deferred underwriting fee of approximately 3.3% as a percentage of cash in the Trust Account. In an illustrative redemption scenario, based on the approximately $414.3 million in the Trust Account, the effective underwriting fee would be approximately 7.0% as a percentage of the amount remaining in the Trust Account following redemptions. In a maximum redemption scenario, with available Backstop, based on the approximately $286.8 million in the Trust Account, the effective underwriting fee would be approximately 10.8% as a percentage of the amount remaining in the Trust Account following redemption. In the maximum redemption scenario with no Backstop, based on the approximately $568.6 million in the Trust Account, the effective underwriting fee would be approximately 5.1% as a percentage of the amount remaining in the Trust Account following redemption. In the charter redemption scenario, based on the approximately $5,100,001 in the Trust Account, the effective underwriting fee would be approximately 57.6% as a percentage of the amount remaining in the Trust Account following redemption.

The provisions of our Existing Organizational Documents that relate to our pre-initial business combination activity (and corresponding provisions of the agreement governing the release of funds from our Trust Account) may be amended with the approval of holders of at least two-thirds of our CCNB Ordinary Shares who attend and vote at a general meeting of the company (or 65% of our CCNB Ordinary Shares with respect to amendments to the trust agreement governing the release of funds from our Trust Account), which is a lower amendment threshold than that of some other special purpose acquisition companies. It may be easier for us, therefore, to amend our Existing Organizational Documents to facilitate the completion of an initial business combination that some of our shareholders may not support.

The Existing Organizational Documents provide that any of their provisions related to pre-initial business combination activity (including the requirement to deposit proceeds of the IPO and the private
placement of warrants into the Trust Account and not release such amounts except in specified circumstances, and to provide the Redemption Right (to public shareholders as described herein) may be amended if approved by special resolution, meaning the affirmative vote of holders of at least two-thirds of the outstanding CCNB Ordinary Shares who, being present and entitled to vote attend at the Shareholders Meeting, vote at the Shareholders Meeting, and corresponding provisions of the trust agreement governing the release of funds from our Trust Account may be amended if approved by holders of not less than 65% of our CCNB Ordinary Shares; provided that the provisions of our Existing Organizational Documents relating to the rights of holders of CCNB Class B Ordinary Shares to appoint or remove directors prior to our initial Business Combination may only be amended by a special resolution passed by a majority of at least 90% our CCNB Ordinary Shares voting in a general meeting. The Sponsor and the Independent Directors, who collectively own 23.7% of our CCNB Ordinary Shares, will participate in any vote to amend our Existing Organizational Documents and/or trust agreement and will have the discretion to vote in any manner they choose. As a result, we may be able to amend the provisions of our Existing Organizational Documents which govern our pre-initial business combination behavior more easily than some other special purpose acquisition companies, and this may increase our ability to complete the Business Combination with which you do not agree. Our shareholders may pursue remedies against us for any breach of our Existing Organizational Documents.

The Sponsor, executive officers and directors have agreed, pursuant to agreements with us, that they will not propose any amendment to our Existing Organizational Documents that would affect the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we have not consummated an initial business combination within 24 months from the closing of the IPO, unless we provide our public shareholders with the opportunity to redeem their CCNB Class A Ordinary Shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (net of taxes paid or payable), divided by the number of then outstanding public shares. Our shareholders are not parties to, or third-party beneficiaries of, these agreements and, as a result, will not have the ability to pursue remedies against our Sponsor, executive officers or directors for any breach of these agreements. As a result, in the event of a breach, our shareholders would need to pursue a shareholder derivative action, subject to applicable law.

Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, including our ability to negotiate and complete the Business Combination, and results of operations.

We are subject to laws and regulations enacted by national, regional and local governments. In particular, we will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business, including our ability to negotiate and complete the Business Combination, and results of operations.

Our shareholders may be held liable for claims by third parties against us to the extent of distributions received by them upon redemption of their shares.

If we are forced to enter into an insolvent liquidation, any distributions received by shareholders could be disallowed as an unlawful payment if it was proved that immediately following the date on which the distribution was made, we were unable to pay our debts as they fall due in the ordinary course of business. As a result, a liquidator could seek to recover some or all amounts received by our shareholders. Furthermore, our directors may be viewed as having breached their fiduciary duties to us or our creditors and/or may have acted in bad faith, thereby exposing themselves and our company to claims, by paying public shareholders from the Trust Account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons. We and our directors and officers who knowingly and willfully authorized or permitted any distribution to be paid out of our share premium account while we were unable to pay our debts as they fall due in the ordinary course of business would be guilty of an offence and may be liable for a fine of approximately $18,292.68 and imprisonment for five years in the Cayman Islands.
**Risks for any holders of CCNB public warrants following the Business Combination.**

Following the Business Combination, New CCNB may redeem your New CCNB Warrants prior to their exercise at a time that is disadvantageous to you, thereby significantly impairing the value of such warrants. New CCNB will have the ability to redeem outstanding New CCNB Warrants at any time after they become exercisable and prior to their expiration, at a price of $0.01 per warrant, provided that the closing price of the shares of New CCNB Class A Common Stock equals or exceeds $18.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading day period ending on the third trading day prior to the date on which a notice of redemption is sent to the warrant holders. New CCNB will not redeem the warrants as described above unless a registration statement under the Securities Act covering the shares of New CCNB Class A Common Stock issuable upon exercise of such warrants is effective and a current prospectus relating to those shares of New CCNB Class A Common Stock is available throughout the 30-day redemption period. If and when the New CCNB Warrants become redeemable by New CCNB, it may exercise its redemption right even if it is unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding New CCNB Warrants could force you (i) to exercise your New CCNB Warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) to sell your New CCNB Warrants at the then-current market price when you might otherwise wish to hold your New CCNB Warrants, or (iii) to accept the nominal redemption price which, at the time the outstanding New CCNB Warrants are called for redemption, is likely to be substantially less than the market value of your New CCNB Warrants.

In addition, New CCNB will have the ability to redeem the outstanding New CCNB Warrants at any time after they become exercisable and prior to their expiration, at a price of $0.10 per warrant if, among other things, the closing price of the shares of New CCNB Class A Common Stock equals or exceeds $10.00 per share (as adjusted for share sub-divisions, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like) on the trading day prior to the date on which a notice of redemption is sent to the warrant holders. In such a case, the holders will be able to exercise their New CCNB Warrants prior to redemption for a number of shares of New CCNB Class A Common Stock determined based on the redemption date and the fair market value of our CCNB Class A Ordinary Shares.

The value received upon exercise of the New CCNB Warrants (i) may be less than the value the holders would have received if they had exercised their warrants at a later time where the underlying share price is higher and (ii) may not compensate the holders for the value of the warrants, including because the number of CCNB Class A Ordinary Shares received is capped at 0.365 CCNB Class A Ordinary Shares per warrant (subject to adjustment) irrespective of the remaining life of the warrants.

**We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.**

We have the ability to redeem outstanding public warrants at any time after they become exercisable and prior to their expiration, at a price of $0.01 per warrant, provided that the last reported sale price of our CCNB Class A Ordinary Shares equals or exceeds $18.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading-day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders. We will not redeem the warrants unless an effective registration statement under the Securities Act covering the issuance of the CCNB Class A Ordinary Shares issuable upon exercise of the warrants is effective and a current prospectus relating to those CCNB Class A Ordinary Shares is available throughout the 30-day redemption period, except if the warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding warrants could force you to (i) exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) sell your warrants at the then-current market price when you might otherwise wish to hold your warrants or (iii) accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, we expect would be substantially less than the market value of your warrants.

106
In addition, we have the ability to redeem the outstanding public warrants at any time after they become exercisable and prior to their expiration, at a price of $0.10 per warrant if, among other things, the last reported sale price of our CCNB Class A Ordinary Shares equals or exceeds $10.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like). In such a case, the holders will be able to exercise their warrants prior to redemption for a number of CCNB Class A Ordinary Shares determined based on the redemption date and the fair market value of our CCNB Class A Ordinary Shares. The value received upon exercise of the warrants (i) may be less than the value the holders would have received if they had exercised their warrants at a later time where the underlying share price is higher and (ii) may not compensate the holders for the value of the warrants, including because the number of ordinary shares received is capped at 0.365 CCNB Class A Ordinary Shares per warrant (subject to adjustment) irrespective of the remaining life of the warrants.

The Forward Purchase Warrants will be redeemable on the same terms as the warrants offered as part of the units being sold in the IPO.

The NYSE may not list New CCNB’s securities on its exchange, which could limit investors’ ability to make transactions in New CCNB’s securities and subject New CCNB to additional trading restrictions.

New CCNB intends to apply to have its securities listed on the NYSE upon consummation of the Business Combination. New CCNB will be required to demonstrate compliance with the NYSE’s listing requirements. We cannot assure you that New CCNB will be able to meet all listing requirements. Even if New CCNB’s securities are listed on the NYSE, New CCNB may be unable to maintain the listing of its securities in the future.

If New CCNB fails to meet the listing requirements and the NYSE does not list its securities on its exchange, New CCNB and CCNB would not be required to consummate the Business Combination. In the event that New CCNB elected to waive this condition, and the Business Combination was consummated without New CCNB’s securities being listed on the NYSE or on another national securities exchange, New CCNB could face significant material adverse consequences, including:

- a limited availability of market quotations for New CCNB’s securities;
- reduced liquidity for New CCNB’s securities;
- a determination that the shares of New CCNB Class A Common Stock are a “penny stock” which will require brokers trading in the shares of New CCNB Class A Common Stock to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for New CCNB’s securities;
- a limited amount of news and analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as “covered securities.”

If New CCNB’s securities were not listed on the NYSE, such securities would not qualify as covered securities and New CCNB would be subject to regulation in each state in which it offers its securities because states are not preempted from regulating the sale of securities that are not covered securities.

A market for New CCNB’s securities may not develop, which would adversely affect the liquidity and price of New CCNB’s securities.

An active trading market for New CCNB’s securities following the Business Combination may never develop or, if developed, it may not be sustained. You may be unable to sell your shares of New CCNB Class A Common Stock unless a market can be established and sustained. This risk will be exacerbated if there is a high level of redemptions of our public shares in connection with the Closing.

Reports published by analysts, including projections in those reports that differ from our actual results, could adversely affect the price and trading volume of our shares.

Securities research analysts may establish and publish their own periodic projections for New CCNB following consummation of the Business Combination. These projections may vary widely and may not
accurately predict the results we actually achieve. Our share price may decline if our actual results do not match the projections of these securities research analysts. Similarly, if one or more of the analysts who write reports on us downgrades our stock or publishes inaccurate or unfavorable research about our business, our share price could decline. If one or more of these analysts ceases coverage of us or fails to publish reports on us regularly, our share price or trading volume could decline. While we expect research analyst coverage following consummation of the Business Combination, if no analysts commence coverage of us, the market price and volume for our common stock could be adversely affected.

The New CCNB Post-Closing Certificate of Incorporation will designate the Court of Chancery of the State of Delaware as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by New CCNB’s stockholders, which could limit New CCNB’s stockholders’ ability to obtain a favorable judicial forum for disputes with New CCNB or its directors, officers, employees or stockholders.

The New CCNB Post-Closing Certificate of Incorporation will provide that, unless New CCNB consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for: (1) any derivative action or proceeding brought on behalf of New CCNB; (2) any action asserting a claim of breach of a fiduciary duty owed by, or other wrongdoing by, any current or former director, officer, other employee or stockholder of New CCNB to New CCNB or New CCNB’s stockholders, creditors or other constituents, or a claim of aiding and abetting any such breach of fiduciary duty; (3) any action or proceeding against New CCNB or any current or former director, officer or other employee of New CCNB or any stockholder (a) arising pursuant to any provision of the DGCL, the New CCNB Post-Closing Certificate of Incorporation or the New Post-Closing CCNB Bylaws (as each may be amended, restated, modified, supplemented or waived from time to time) or (b) as to which the DGCL confers jurisdiction on the Court of Chancery of the State of Delaware; (4) any action or proceeding to interpret, apply, enforce or determine the validity of the New CCNB Post-Closing Certificate of Incorporation or the New CCNB Post-Closing Bylaws (including any right, obligation or remedy thereunder); (5) any action asserting a claim against New CCNB or any director, officer or other employee of New CCNB or any stockholder, governed by the internal affairs doctrine; and (6) any action asserting an “internal corporate claim” as that term is defined in Section 115 of the DGCL. Any person or entity purchasing or otherwise acquiring any interest in shares of New CCNB Common Stock shall be deemed to have notice of and to have consented to the provisions of the New CCNB Post-Closing Certificate of Incorporation described above. This choice of forum provision may limit a stockholder’s ability to bring a claim in a judicial forum that it finds favorable for disputes with New CCNB or its directors, officers or other employees, which may discourage such lawsuits against New CCNB and its directors, officers and employees. Alternatively, if a court were to find these provisions of the New CCNB Post-Closing Certificate of Incorporation inapplicable to, or unenforceable in respect of, one or more of the specified types of actions or proceedings, New CCNB may incur additional costs associated with resolving such matters in other jurisdictions, which could adversely affect New CCNB’s business and financial condition.

Anti-takeover provisions in New CCNB’s governing documents could delay or prevent a change of control.

Certain provisions of the New CCNB Post-Closing Certificate of Incorporation and New CCNB Post-Closing Bylaws to become effective upon the consummation of the Business Combination may have an anti-takeover effect and may delay, defer or prevent a merger, acquisition, tender offer, takeover attempt or other change of control transaction that a stockholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by New CCNB’s stockholders.

These provisions provide for, among other things:

• the ability of the New CCNB Board following the Closing to issue one or more series of preferred stock;
• a classified board;
• a dual-class share structure;
• advance notice for nominations of directors by stockholders and for stockholders to include matters to be considered at New CCNB’s annual meetings;
• certain limitations on convening special stockholder meetings; and
• limiting the ability of stockholders to act by written consent.

These anti-takeover provisions could make it more difficult for a third party to acquire New CCNB, even if the third party’s offer may be considered beneficial by many of New CCNB’s stockholders. As a result, New CCNB’s stockholders may be limited in their ability to obtain a premium for their shares. These provisions could also discourage proxy contests and make it more difficult for you and other stockholders to elect directors of your choosing and to cause New CCNB to take other corporate actions you desire. See “Description of New CCNB’s Securities.”

Compliance obligations under the Sarbanes-Oxley Act may make it more difficult for us to effectuate the Business Combination, require substantial financial and management resources, and increase the time and costs of completing an acquisition.

The fact that we are a blank check company makes compliance with the requirements of the Sarbanes-Oxley Act particularly burdensome on us as compared to other public companies. Getty Images is not a publicly reporting company required to comply with Section 404 of the Sarbanes-Oxley Act and Getty Images management may not be able to effectively and timely implement controls and procedures that adequately respond to increased regulatory compliance and reporting requirements that will be applicable to Getty Images after the Business Combination. If New CCNB is not able to implement the requirements of Section 404, including any additional requirements once New CCNB is no longer an emerging growth company, in a timely manner or with adequate compliance, CCNB may not be able to assess whether its internal control over financial reporting are effective, which may subject CCNB to adverse regulatory consequences and could harm investor confidence and the market price of CCNB’s securities. Additionally, once New CCNB is no longer an emerging growth company, New CCNB will be required to comply with the independent registered public accounting firm attestation requirement on New CCNB’s internal control over financial reporting.

The CCNB Warrants are accounted for as liabilities and the changes in value of the CCNB warrants could have a material effect on our financial results.

On April 12, 2021, the Staff of the SEC issued a public statement (the “SEC Staff Statement”) entitled Staff Statement on Accounting and Reporting Considerations for Warrants Issued by SPACs. This SEC Staff Statement highlighted the complex nature of warrants issued in connection with a SPAC’s formation and initial registered offering and the potential accounting implications of certain terms that may be common in warrants included in SPAC transactions to determine if any errors exist in previously-filed financial statements. With this new public statement, we determined that a fresh evaluation of the accounting for the warrants was necessary, and we are now of the view that our warrants should have been accounted for as a liability, recorded at fair value at the date of issuance and marked to market at each balance sheet date.

As a result, included on our balance sheet as of September 30, 2021 contained elsewhere in this proxy statement/prospectus are derivative liabilities related to embedded features contained within our warrants. Accounting Standards Codification 815, Derivatives and Hedging (“ASC 815”), provides for the remeasurement of the fair value of such derivatives at each balance sheet date, with a resulting non-cash gain or loss related to the change in the fair value being recognized in earnings in the statement of operations. As a result of the recurring fair value measurement, our financial statements and results of operations may fluctuate quarterly, based on factors which are outside of our control. Due to the recurring fair value measurement, we expect that we will recognize non-cash gains or losses on our warrants each reporting period and that the amount of such gains or losses could be material.

We have identified a material weakness in our internal controls over financial reporting as of December 2, 2021, related solely to accounting for derivatives liabilities in conformity with the SEC Staff Statement for certain of our issued securities. The accounting changes have impacted the vast majority of blank check companies in a similar position to us. This material weakness could continue to adversely affect our ability to report our results of operations and financial condition accurately and in a timely manner.

Following this issuance of the SEC Staff Statement, on May 20, 2021, after consultation, management and our audit committee concluded that CCNB’s previously issued (i) unaudited quarterly financial statements
as of and for the period from May 12, 2020 (inception) through September 30, 2020, as previously restated in the Company’s Annual Report on Form 10-K/A as of December 31 2020, filed with the SEC on May 24, 2021 (the “Form 10-K/A”), (ii) audited financial statements as of December 31, 2020 and for the period from May 12, 2020 (inception) through December 31, 2020, as previously restated in the Form 10-K/A, (iii) unaudited interim financial statements included in the Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2021, filed with the SEC on May 24, 2021, (iv) unaudited interim financial statements included in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2021, filed with the SEC on August 16, 2021 and (v) footnote 2 to the unaudited interim financial statements and Item 4 of Part 1 included in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2021, filed with the SEC on November 10, 2021 (collectively, the “Affected Periods”), should be restated to report all public shares as temporary equity and make other related changes and should no longer be relied upon.

A material weakness is a deficiency, or a combination of deficiencies, in internal controls over financial reporting such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented, or detected and corrected on a timely basis.

Effective internal controls are necessary for us to provide reliable financial reports and prevent fraud, and a material weakness could result in us being unable to maintain compliance with securities law requirements regarding timely filing of periodic reports in addition to applicable stock exchange listing requirements, investors losing confidence in our financial reporting, our securities price declining or us facing litigation as a result of the foregoing. We have taken steps to remediate the material weakness identified, including a full review of the accounting practices for our issued securities in consultation with accounting and legal experts. These remediation measures may be time consuming and costly, and we cannot provide assurance that the measures we have taken to date, or any measures we may take in the future, will be sufficient to avoid potential future material weaknesses.

We will continue to devote significant effort and resources to the remediation and improvement of our internal control over financial reporting. While we have processes to identify and appropriately apply applicable accounting requirements, we plan to further enhance these processes to better evaluate our research and understanding of the nuances of the complex accounting standards that apply to our financial statements. Our plans at this time include providing enhanced access to accounting literature, research materials and documents and increased communication among our personnel and third-party professionals with whom we consult regarding complex accounting issues. The elements of our remediation plan can only be accomplished over time, and we can offer no assurance that these initiatives will ultimately have the intended effects.

Any failure to maintain such internal control could adversely impact our ability to report our financial position and results from operations on a timely and accurate basis. If our financial statements are not accurate, investors may not have a complete understanding of our operations. Likewise, if our financial statements are not filed on a timely basis, we could be subject to sanctions or investigations by the stock exchange on which our Ordinary Shares are listed, the SEC or other regulatory authorities. In either case, there could result a material adverse effect on our business. Failure to timely file will cause us to be ineligible to utilize short form registration statements on Form S-3, which may impair our ability to obtain capital in a timely fashion to execute our business strategies or issue shares to effect an acquisition. Ineffective internal controls could also cause investors to lose confidence in our reported financial information, which could have a negative effect on the trading price of our stock.

We can give no assurance that the measures we have taken and plan to take in the future will remediate the material weakness identified or that any additional material weaknesses or restatements of financial results will not arise in the future due to a failure to implement and maintain adequate internal control over financial reporting or circumvention of these controls. In addition, even if we are successful in strengthening our controls and procedures, in the future those controls and procedures may not be adequate to prevent or identify irregularities or errors or to facilitate the fair presentation of our financial statements.

110
For the period from May 12, 2020 (inception) through December 31, 2020, our independent registered public accounting firm has included an explanatory paragraph relating to our ability to continue as a going concern in its report on our audited financial statements included in our annual report, as restated, filed on December 12, 2021.

Our report from our independent registered public accounting firm for the period from May 12, 2020 (inception) through December 31, 2020 includes an explanatory paragraph stating that the liquidity condition and date for mandatory liquidation and subsequent dissolution raise substantial doubt about our ability to continue as a going concern. Our consolidated financial statements do not include any adjustments that may result from the outcome of this uncertainty. If a business combination is not consummated and we are not able to obtain sufficient funding, our business, prospects, financial condition and results of operations will be harmed and we may be unable to continue as a going concern. If we are unable to continue as a going concern, we may have to liquidate its assets and may receive less than the value at which those assets are carried on our audited financial statements, and it is likely that investors would lose part or all of their investment. Future reports from our independent registered public accounting firm may also contain statements expressing substantial doubt about its ability to continue as a going concern. If there remains substantial doubt about our ability to continue as a going concern, investors or other financing sources may be unwilling to provide additional funding to us on commercially reasonable terms, or at all, and our business may be harmed.

We may face litigation and other risks as a result of the material weakness in our internal control over financial reporting.

Following the issuance of the SEC Statement our management and our audit committee concluded that it was appropriate to restate our previously issued audited financial statements as of December 31, 2020 and for the period from May 12, 2020 (inception) through December 31, 2020. Our management and our audit committee also concluded that it was appropriate to restate our previously issued financial statements for the Affected Periods. We have identified a material weakness in our internal control over financial reporting. This material weakness could continue to adversely affect our ability to report our results of operations and financial condition accurately and in a timely manner. As part of the restatement, we identified a material weakness in our internal controls over financial reporting.

As a result of such material weakness, the Restatement, the change in accounting for the warrants, the change in classification of all of the public shares as temporary equity, and other matters raised or that may in the future be raised by the SEC, we face potential for litigation or other disputes which may include, among others, claims invoking the federal and state securities laws, contractual claims or other claims arising from the Restatement and material weaknesses in our internal control over financial reporting and the preparation of our financial statements. As of the date of this Annual Report, we have no knowledge of any such litigation or dispute. However, we can provide no assurance that such litigation or dispute will not arise in the future. Any such litigation or dispute, whether successful or not, could have a material adverse effect on our business, results of operations and financial condition or our ability to complete the Business Combination.

We may become involved in litigation, including securities class action litigation relating to the proposed Business Combination, that may materially adversely affect us.

From time to time, we may become involved in various legal proceedings relating to matters incidental to the ordinary course of our business, including intellectual property, commercial, product liability, employment, class action, whistleblower and other litigation and claims, and governmental and other regulatory investigations and proceedings. Such matters can be time-consuming, divert management’s attention and resources, cause us to incur significant expenses or liability or require us to change our business practices. Because the potential risks, expenses and uncertainties of litigation, we may, from time to time, settle disputes, even where we believe that we have meritorious claims or defenses. Because litigation is inherently unpredictable, we cannot assure you that the results of any of these actions will not have a material adverse effect on our business.

Following the Business Combination, our share price may be volatile and, in the past, companies that have experienced volatility in the market price of their stock have been subject to securities litigation,
including class action litigation. Getty Images may be the target of this type of litigation in the future. Litigation of this type could result in substantial costs and diversion of management’s attention and resources, which could have a material adverse effect on Getty Images’ business, financial condition, and results of operations. Any adverse determination in litigation could also subject Getty Images to significant liabilities.

**Risks Related to the Consummation of the Domesticalization Merger**

The Domesticalization Merger may result in adverse tax consequences for holders of CCNB Class A Ordinary Shares and public warrants, including public stockholders exercising their Redemption Right.

CCNB believes the Domesticalization Merger, together with the Statutory Conversion, generally should qualify as a reorganization within the meaning of Section 368(a)(1)(F) of the Code for U.S. federal income tax purposes. However, due to the absence of direct guidance on the application of Section 368(a)(1)(F) of the Code to a corporation holding only investment-type assets, such as CCNB, this result is not entirely clear. Accordingly, due to the absence of such guidance, it is not possible to predict whether the IRS or a court considering the issue would take a contrary position. If the Domesticalization Merger (together with the Statutory Conversion) fails to qualify as a reorganization under Section 368(a)(1)(F) of the Code, a U.S. Holder (as that term is defined in the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domesticalization Merger to CCNB Shareholders”) of CCNB Class A Ordinary Shares generally would recognize a gain or loss with respect to its CCNB Class A Ordinary Shares in an amount equal to the difference, if any, between the fair market value of the corresponding common stock of New CCNB (a Delaware corporation following the Statutory Conversion) received in the Domesticalization Merger and the U.S. Holder’s adjusted tax basis in its CCNB Class A Ordinary Shares surrendered. Additionally, because the Domesticalization Merger will occur immediately prior to the redemption of U.S. Holders that exercise their Redemption Right, U.S. Holders exercising their Redemption Right will be subject to the potential tax consequences of the Domesticalization Merger.

In the case of a transaction, such as the Domesticalization Merger (together with the Statutory Conversion), that qualifies as a reorganization under Section 368(a)(1)(F) of the Code, U.S. Holders of CCNB Class A Ordinary Shares will be subject to Section 367(b) of the Code and as a result:

- a U.S. Holder of CCNB Class A Ordinary Shares whose CCNB Class A Ordinary Shares have a fair market value of less than $50,000 on the date of the Domesticalization Merger, and who on the date of the Domesticalization owns (actually and constructively) less than 10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less than 10% of the total value of all classes of CCNB Ordinary Shares, will generally not recognize any gain or loss on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion) and will generally not be required to include any part of CCNB’s earnings in income pursuant to the Domesticalization Merger;

- a U.S. Holder of CCNB Class A Ordinary Shares whose CCNB Class A Ordinary Shares have a fair market value of $50,000 or more on the date of the Domesticalization Merger, and who on the date of the Domesticalization owns (actually and constructively) less than 10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less than 10% of the total value of all classes of CCNB Ordinary Shares, will generally recognize gain (but not loss) on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion) pursuant to the Domesticalization. As an alternative to recognizing gain, such U.S. Holders may file an election to include in income as a dividend the “all earnings and profits amount” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to their CCNB Class A Ordinary Shares, provided certain other requirements are satisfied. CCNB does not expect to have significant cumulative earnings and profits on the date of the Domesticalization Merger; and

- a U.S. Holder of CCNB Class A Ordinary Shares who on the date of the Domesticalization Merger owns (actually and constructively) 10% or more of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote or 10% or more of the total value of all classes of CCNB Ordinary Shares will generally be required to include in income as a dividend the “all earnings and

112
profits amount” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to its CCNB Class A Ordinary Shares on the exchange of CCNB Class A Ordinary Shares for shares in New CCNB (a Delaware corporation following the Statutory Conversion). Any such U.S. Holder that is a corporation may, under certain circumstances, effectively be exempt from taxation on a portion or all of the deemed dividend pursuant to Section 245A of the Code. CCNB does not expect to have significant cumulative earnings and profits on the date of the Domestication Merger.

Furthermore, even in the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization under Section 368(a)(1)(F) of the Code, a U.S. Holder of CCNB Class A Ordinary Shares or public warrants may, in certain circumstances, still recognize gain (but not loss) upon the exchange of its CCNB Class A Ordinary Shares or public warrants for the common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) pursuant to the Domestication Merger under the “passive foreign investment company,” or PFIC, rules of the Code. Proposed Treasury Regulations with a retroactive effective date have been promulgated under Section 1291(f) of the Code which generally require that a U.S. person who disposes of stock of a PFIC (including for this purpose exchanging public warrants for newly issued warrants in the Domestication Merger) must recognize gain equal to the excess, if any, of the fair market value of the common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) received in the Domestication Merger and the U.S. Holder’s adjusted tax basis in the corresponding CCNB Class A Ordinary Shares or public warrants surrendered in exchange therefor, notwithstanding any other provision of the Code. Because CCNB is a blank check company with no current active business, we believe that CCNB may be classified as a PFIC for U.S. federal income tax purposes. As a result, these proposed Treasury Regulations, if finalized in their current form, may require a U.S. Holder of CCNB Class A Ordinary Shares or public warrants to recognize gain on the exchange of such shares or warrants for common stock or warrants of New CCNB (a Delaware corporation following the Statutory Conversion) pursuant to the Domestication Merger, unless such U.S. Holder has made certain tax elections with respect to such U.S. Holder’s CCNB Class A Ordinary Shares. A U.S. Holder cannot currently make the aforementioned elections with respect to such U.S. Holder’s public warrants. The tax on any such gain so recognized would be imposed at the rate applicable to ordinary income and an interest charge would apply based on complex rules designed to offset the tax deferral to such U.S. Holder on the undistributed earnings, if any, of CCNB. It is not possible to determine at this time whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted.

Additionally, the Domestication Merger may cause Non-U.S. Holders (as defined in “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders” below) to become subject to U.S. federal withholding taxes on any dividends paid in respect of such Non-U.S. Holder’s Company shares after the Domestication Merger.

The tax consequences of the Domestication Merger are complex and will depend on a holder’s particular circumstances. All holders are strongly urged to consult their tax advisors for a full description and understanding of the tax consequences of the Domestication Merger, including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws. For a more complete discussion of the U.S. federal income tax consequences of the Domestication Merger, see the discussion in the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders.”

We may have been a passive foreign investment company, or “PFIC,” which could result in adverse U.S. federal income tax consequences to U.S. investors.

Because CCNB is a blank check company with no current active operating business, we believe that CCNB may be classified as a passive foreign investment company, or “PFIC,” for U.S. federal income tax purposes. If we have been a PFIC for any taxable year (or portion thereof) that is included in the holding period of a beneficial owner of CCNB Class A Ordinary Shares or public warrants who or that is a “U.S. Holder” as that term is defined in the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders,” such U.S. Holder may be subject to certain adverse U.S. federal income tax consequences and may be subject to additional reporting requirements, including as a result of the Domestication Merger.
Our PFIC status for any taxable year will not be determinable until after the end of such taxable year. If we determine we are a PFIC for any taxable year, upon written request, CCNB will endeavor to provide to a U.S. Holder such information as the IRS may require, including a PFIC annual information statement, in order to enable the U.S. Holder to make and maintain a “qualified electing fund” election, but there can be no assurance that we will timely provide such required information, and such election would be unavailable with respect to public warrants in all cases. The PFIC rules are complex and will depend on a holder’s particular circumstances. All holders are strongly urged to consult their tax advisors regarding the application and effect of the PFIC rules, including as a result of the Domestication Merger, and including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws. For a more complete discussion of the U.S. federal income tax consequences of the Domestication Merger, see the discussion in the section titled “Shareholder Proposal 2: The Business Combination Proposal — Material U.S. Federal Income Tax Consequences of the Domestication Merger to CCNB Shareholders.”

Risks Related to the Redemption

Public shareholders who wish to redeem their public shares for a pro rata portion of the Trust Account must comply with specific requirements for redemption that may make it more difficult for them to exercise their Redemption Right prior to the deadline. If shareholders fail to comply with the redemption requirements specified in this proxy statement/prospectus, they will not be entitled to redeem their public shares for a pro rata portion of the funds held in the Trust Account.

A public shareholder will be entitled to receive cash for any public shares to be redeemed only if such public shareholder: (i)(a) holds public shares, or (b) if the public shareholder holds public shares through units, the public shareholder elects to separate its units into the underlying public shares and public warrants prior to exercising its Redemption Right with respect to the public shares; (ii) submits a written request to the Transfer Agent, in which it (a) requests that Getty Images redeem all or a portion of its public shares for cash and (b) identifies itself as a beneficial holder of the public shares and provides its legal name, phone number and address; and (iii) delivers its share certificates (if any) and other redemption forms to the Transfer Agent, physically or electronically through DTC. Holders must complete the procedures for electing to redeem their public shares in the manner described above prior to 5:00 p.m., Eastern Time, on [•], 2022 (two business days before the initially scheduled vote at the Shareholders Meeting) in order for their shares to be redeemed. In order to obtain a physical share certificate, a shareholder’s broker and/or clearing broker, DTC and, the Transfer Agent, will need to act to facilitate this request. It is CCNB’s understanding that shareholders should generally allot at least two weeks to obtain physical certificates from the transfer agent. However, because CCNB does not have any control over this process or over DTC, it may take significantly longer than two weeks to obtain a physical stock certificate. If it takes longer than anticipated to obtain a physical certificate, public shareholders who wish to redeem their public shares may be unable to obtain physical certificates by the deadline for exercising their Redemption Right and thus will be unable to redeem their shares.

If the Business Combination is consummated, and if a public shareholder properly exercises its right to redeem all or a portion of the public shares that it holds and timely delivers its share certificates (if any) and other redemption forms to the Transfer Agent, New CCNB will redeem such public shares for a per-share price, payable in cash, equal to the pro rata portion of the Trust Account established at the consummation of our IPO, calculated as of two business days prior to the consummation of the Business Combination. Please see the section titled “Shareholders Meeting — Redemption Rights” for additional information on how to exercise your Redemption Right.

If a shareholder fails to receive notice of our offer to redeem our public shares in connection with our initial business combination, or fails to comply with the procedures for tendering its shares, such shares may not be redeemed.

We will comply with the proxy rules when conducting redemptions in connection with the Business Combination. Despite our compliance with these rules, if a shareholder fails to receive our proxy solicitation, such shareholder may not become aware of the opportunity to redeem its shares. In addition, the proxy solicitation that we will furnish to holders of our public shares in connection with the Business Combination will describe the various procedures that must be complied with in order to validly submit shares for
redemption. In the event that a shareholder fails to comply with these procedures disclosed in the proxy materials, its shares may not be redeemed.

If the Net Funded Indebtedness Condition is waived, we do not have a specified maximum redemption threshold. The absence of such a redemption threshold may make it possible for us to complete the Business Combination with which a substantial majority of our shareholders do not agree.

Our Existing Organizational Documents do not provide a specified maximum redemption threshold, except that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than $5,000,001 (such that we are not subject to the SEC’s “penny stock” rules). As a result, we may be able to complete the Business Combination even though a substantial majority of our public shareholders do not agree with the transaction and have redeemed their shares or, if we seek shareholder approval of the Business Combination and do not conduct redemptions in connection with the Business Combination pursuant to the tender offer rules, have entered into privately negotiated agreements to sell their shares to the Sponsor, officers, directors, advisors or any of their affiliates. We will file or submit a Current Report on Form 8-K to disclose any material arrangement entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be put to the Shareholders Meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

If you or a “group” of shareholders of which you are a part are deemed to hold an aggregate of more than 15% of the public shares, you (or, if a member of such a group, all of the members of such group in the aggregate) will lose the ability to redeem all such shares in excess of 15% of the public shares.

A public shareholder, together with his, her or its affiliates or any other person with whom it is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming in the aggregate his, her, or its shares or, if part of such a group, the group’s shares, in excess of 15% of the public shares (the “Excess Shares”). In order to determine whether a shareholder is acting in concert or as a group with another shareholder, CCNB will require each public shareholder seeking to exercise its Redemption Right to certify to CCNB whether such shareholder is acting in concert or as a group with any other shareholder. Such certifications, together with other public information relating to share ownership available to CCNB at that time, such as Section 13D, Section 13G and Section 16 filings under the Exchange Act, will be the sole basis on which CCNB makes the above-referenced determination. Your inability to redeem any such Excess Shares will reduce your influence over CCNB’s ability to consummate the Business Combination and you could suffer a material loss on your investment in CCNB if you sell such Excess Shares in open market transactions. Additionally, you will not receive redemption distributions with respect to such Excess Shares if CCNB consummates the Business Combination. As a result, you will continue to hold that number of shares aggregating to more than 15% of the public shares and, in order to dispose of such Excess Shares, would be required to sell your shares in open market transactions, potentially at a loss. CCNB cannot assure you that the value of such Excess Shares will appreciate over time following the Business Combination or that the market price of the public shares will exceed the per-share redemption price. Notwithstanding the foregoing, shareholders may challenge CCNB’s determination as to whether a shareholder is acting in concert or as a group with another shareholder in a court of competent jurisdiction.

However, CCNB’s Shareholders’ ability to vote all of their shares (including Excess Shares) for or against the Business Combination is not restricted by this limitation on redemption.

There is no guarantee that a shareholder’s decision whether to redeem its shares for a pro rata portion of the Trust Account will put the shareholder in a better future economic position.

CCNB can give no assurance as to the price at which a shareholder may be able to sell its public shares in the future following the completion of the Business Combination or any alternative business combination. Certain events following the consummation of any initial business combination, including the Business Combination, may cause an increase in CCNB share price and may result in a lower value realized now than a shareholder of CCNB might realize in the future had the shareholder not redeemed its shares. Similarly, if a shareholder does not redeem its shares, the shareholder will bear the risk of ownership of the public shares after the consummation of any initial business combination, and there can be no assurance that a
shareholder can sell its shares in the future for a greater amount than the redemption price set forth in this proxy statement/prospectus. A shareholder should consult the shareholder’s own financial advisor for assistance on how this may affect his, her or its individual situation.

The securities in which we invest the funds held in the Trust Account could bear a negative rate of interest, which could reduce the value of the assets held in trust such that the per-share redemption amount received by public shareholders may be less than $10.00 per share.

The proceeds held in the Trust Account will be invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act, which invest only in direct U.S. government treasury obligations. While short-term U.S. government treasury obligations currently yield a positive rate of interest, they have briefly yielded negative interest rates in recent years. Central banks in Europe and Japan pursued interest rates below zero in recent years, and the Open Market Committee of the Federal Reserve has not ruled out the possibility that it may in the future adopt similar policies in the United States. In the event that we are unable to complete our initial Business Combination or make certain amendments to our Existing Organizational Documents, our public shareholders are entitled to receive their pro-rata share of the proceeds held in the Trust Account, plus any interest income, net of taxes paid or payable (less, in the case we are unable to complete our initial business combination, $100,000 of interest). Negative interest rates could reduce the value of the assets held in trust such that the per-share redemption amount received by public shareholders may be less than $10.00 per share.
SHAREHOLDERS MEETING

Date, Time and Place of Shareholders Meeting

CCNB’s shareholders meeting is to be held at 9:00 a.m., Eastern Time, on [•], 2022, at the offices of Kirkland & Ellis LLP located at 601 Lexington Avenue, 50th Floor, New York, New York 10022, and via a virtual meeting, or at such other time, on such other date and at such other place to which the meeting may be adjourned. As part of our precautions regarding COVID-19, we are planning for the possibility that the meeting may be held virtually over the Internet. If we take this step, we will announce the decision to do so via a press release and posting details on our website that will also be filed with the SEC as proxy material. Only shareholders who held CCNB Ordinary Shares at the close of business on the Record Date will be entitled to vote at the Shareholders Meeting.

Purpose of the Shareholders Meeting

At the Shareholders Meeting, CCNB is asking holders of its CCNB Ordinary Shares:

- **Domestication Merger Proposal** — to consider and vote upon a proposal by special resolution to approve CCNB merging with and into Domestication Merger Sub in accordance with Section 18-209 of the DLLCA and ceasing to exist in the Cayman Islands in accordance with Part XVI the Companies Act, with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB, and all outstanding securities of CCNB will convert to outstanding securities of New CCNB (Shareholder Proposal 1);
- **Business Combination Proposal** — to consider and vote upon a proposal by ordinary resolution that the Business Combination Agreement and the consummation of the transactions contemplated thereby be authorized, approved and confirmed in all respects (Shareholder Proposal 2); and
- **Adjournment Proposal** — to consider and vote upon a proposal by ordinary resolution to adjourn the Shareholders Meeting (i) to the extent necessary to ensure that any legally required supplement or amendment to this proxy statement/prospectus is provided to CCNB shareholders, (ii) if there are insufficient CCNB Ordinary Shares represented (either in person or by proxy) to constitute a quorum necessary to conduct the business of the Shareholders Meeting, (iii) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining approval of the Business Combination Proposal or the Domestication Merger Proposal, (iv) if CCNB Shareholders redeem an amount of CCNB Class A Ordinary Shares such that the condition to Getty Images’ obligation to consummate the Business Combination that the Net Funded Indebtedness will be equal to or less than the Maximum Net Indebtedness Amount is not satisfied (prior to the implementation of any adjustment to the Preferred Cash Consideration and the Preferred Stock Consideration and prior to any Optional Equity Cure Amount) or (v) in the case of clauses “(i)”, “(ii)”, and “(iii)”, upon the reasonable request of Getty Images, as further described under the section titled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination” (Shareholder Proposal 3).

Recommendation of the CCNB Board with Respect to the CCNB Shareholder Proposals

The CCNB Board has unanimously approved each of the CCNB Shareholder Proposals.

The CCNB Board unanimously recommends that shareholders:

- Vote “FOR” the Domestication Merger Proposal;
- Vote “FOR” the Business Combination Proposal; and
- Vote “FOR” the Adjournment Proposal, if presented.

In considering the recommendation of the CCNB Board to vote in favor of the approval of the Business Combination Proposal and the other proposals described in this proxy statement/prospectus, shareholders should understand that the Sponsor, the members of the CCNB Board and executive officers of CCNB have interests in such proposals and the Business Combination that are different from, or in addition to, those of CCNB Shareholders generally. The CCNB Board was aware of and considered these interests,
among other matters, in evaluating the Business Combination, and in recommending to CCNB Shareholders that they approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. CCNB’s Shareholders should take these interests into account in deciding whether to approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. See the section titled “Shareholder Proposal 2: The Business Combination Proposal — Interests of Certain Persons in the Business Combination.”

Record Date; Outstanding Shares; Shareholders Entitled to Vote

CCNB has fixed the close of business on [+], 2022, as the Record Date for determining the CCNB shareholders entitled to notice of and to attend and vote at the Shareholders Meeting. As of the close of business on such date, there were 82,800,000 CCNB Class A Ordinary Shares and 25,700,000 CCNB Class B Ordinary Shares outstanding and entitled to vote. The CCNB Class A Ordinary Shares and the CCNB Class B Ordinary Shares vote together as a single class, except in the election of directors, as to which only the CCNB Class B Ordinary Shares vote, and each share is entitled to one vote per share at the Shareholders Meeting.

The Sponsor and the Independent Directors own 25,700,000 CCNB Class B Ordinary Shares. The Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business Combination Proposal. As of the date of this proxy statement/prospectus, the Sponsor and the Independent Directors own, collectively, approximately 23.7% of our issued and outstanding Ordinary Shares, including all of the Founder Shares.

Quorum and Required Vote

A quorum of CCNB Shareholders is necessary to hold the Shareholders Meeting. The holders of a majority of the outstanding CCNB Ordinary Shares present in person, by proxy or by authorized representative shall constitute a quorum for the Shareholders Meeting. Each of the Domestication Merger Proposal and the Business Combination Proposal are interdependent upon the others and must be approved in order for CCNB to complete the Business Combination as contemplated by the Business Combination Agreement. The Adjournment Proposal is not conditioned upon the approval of any of the other proposals. The Business Combination Proposal and the Adjournment Proposal will require an ordinary resolution as a matter of Cayman Islands law, being the affirmative vote of the holders of a majority of the outstanding CCNB Ordinary Shares, who, being present and entitled to vote at a meeting of CCNB’s Shareholders, vote at such meeting. The Domestication Merger Proposal will require a special resolution as a matter of Cayman Islands law, being the affirmative vote of the holders of at least two-thirds of the outstanding CCNB Ordinary Shares, who, being present and entitled to vote at a meeting of CCNB’s shareholders, vote at such meeting. If any of the Domestication Merger Proposal or the Business Combination Proposal fails to receive the required approval, neither will be approved and the Business Combination will not be completed.

Voting Your Shares

Each CCNB Ordinary Share that you own in your name entitles you to one vote. If you are a record owner of your shares and/or warrants, there are two ways to vote your CCNB Ordinary Shares at the Shareholders Meeting:

You Can Vote By Signing and Returning the Enclosed Proxy Card. If you vote by proxy card, your “proxy,” whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by the CCNB Board “FOR” the Domestication Merger Proposal, the Business Combination Proposal, and the Adjournment Proposal, if presented.

You Can Attend the Shareholders Meeting and Vote in Person. When you arrive, you will receive a ballot that you may use to cast your vote.

If your shares are held in “street name” or are in a margin or similar account, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted. If you wish to
attend the Shareholders Meeting and vote in person and your shares are held in “street name,” you must obtain a legal proxy from your broker, bank or nominee. That is the only way CCNB can be sure that the broker, bank or nominee has not already voted your shares.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes, will be considered present for the purposes of establishing a quorum, but, as a matter of Cayman Islands law, will not constitute a vote cast at the Shareholders Meeting and therefore will have no effect on the approval of each of the CCNB Shareholder Proposals.

Revoking Your Proxy; Changing Your Vote

If you are a record owner of your shares and you give a proxy, you may change or revoke it at any time before it is exercised by doing any one of the following:

- you may send another proxy card with a later date;
- you may notify CCNB’s Chief Financial Officer in writing before the Shareholders Meeting that you have revoked your proxy; or
- you may attend the Shareholders Meeting, revoke your proxy and vote in person as described above.

If your shares are held in “street name” or are in a margin or similar account, you should contact your broker for information on how to change or revoke your voting instructions.

Redemption Right

Pursuant to the Existing Organizational Documents, a public shareholder may request of CCNB that the Company redeem all or a portion of its public shares for cash if the Business Combination is consummated. As a holder of public shares, you will be entitled to receive cash for any public shares to be redeemed only if you:

- (a) hold public shares, or (b) if you hold public shares through units, you elect to separate your units into the underlying public shares and public warrants prior to exercising your Redemption Right with respect to the public shares;
- submit a written request to the Transfer Agent, in which you (a) request that the Company redeem all or a portion of your public shares for cash, and (b) identify yourself as the beneficial holder of the public shares, such as by providing your legal name, phone number and address; and
- deliver your share certificates (if any) and other redemption forms to the Transfer Agent, physically or electronically through DTC.

Public shareholders may seek to have their public shares redeemed by CCNB, regardless of whether they vote for or against the Business Combination Proposal or any other proposals and whether they held public shares as of the Record Date or acquired them after the Record Date. Any public shareholder who holds public shares of CCNB on or before [*], 2022 (two business days before the Shareholders Meeting) will have the right to demand that his or her public shares be redeemed for a full pro rata share of the aggregate amount then on deposit in the Trust Account, less any taxes then due but not yet paid. For illustrative purposes, based on funds in the Trust Account of approximately $828,600,000 on September 30, 2021 and including anticipated additional interest through the closing of the Business Combination (assuming interest accrues at recent rates and no additional tax payments are made out of the Trust Account), the per share redemption price is expected to be approximately $10.01. A public shareholder that has properly tendered his or her public shares for Redemption will be entitled to receive his or her pro rata portion of the aggregate amount then on deposit in the Trust Account in cash for such public shares only if the Business Combination is completed. If the Business Combination is not completed, the redemptions will be canceled and the tendered public shares will be returned to the relevant public shareholders as appropriate.

CCNB public shareholders who seek to redeem their public shares must demand redemption no later than 5:00 p.m., Eastern Time, on [*], 2022 (two business days before the Shareholders Meeting) by (i) submitting a written request to the Transfer Agent that CCNB redeem such public shareholder’s public
shares for cash, (ii) affirmatively certifying in such request to the Transfer Agent for redemption if such public shareholder is acting in concert or as a “group” (as described in Section 13(d)(3) of the Exchange Act) with any other shareholder with respect to public shares of CCNB and (iii) delivering their share certificates (if any) and other redemption forms, either physically or electronically using DTC’s DWAC System, at the public shareholder’s option, to the Transfer Agent prior to the Shareholders Meeting. If a public shareholder holds the public shares in street name, such public shareholder will have to coordinate with his or her broker to have such public shares certificated or delivered electronically. Certificates that have not been tendered to the Transfer Agent (either physically or electronically) in accordance with these procedures will not be redeemed for cash. There is a nominal cost associated with this tendering process and the act of certifying the shares or delivering them through the DWAC system. The Transfer Agent will typically charge the tendering broker a nominal fee and it would be up to the broker whether or not to pass this cost on to the redeeming public shareholder. In the event the Business Combination is not completed, this may result in an additional cost to public shareholders for the return of their shares.

Any demand to redeem such public shares once made may be withdrawn at any time up to the vote on the Business Combination. Furthermore, a public shareholder demands Redemption of such shares and subsequently decides prior to the applicable date not to elect to exercise such rights, he or she may simply request that the Transfer Agent return the shares (physically or electronically).

Any corrected or changed written demand of Redemption Right must be received by CCNB’s secretary two business days prior to the vote taken on the Business Combination Proposal at the Shareholders Meeting. No demand for Redemption will be honored unless the public shareholder’s share certificates (if any) and other redemption forms have been delivered (either physically or electronically) to the Transfer Agent at least two business days prior to the vote at the Shareholders Meeting.

Public shareholders seeking to exercise their Redemption Right and opting to deliver physical certificates should allow sufficient time to obtain physical certificates from the Transfer Agent and time to effect delivery. It is CCNB’s understanding that shareholders should generally allot at least two weeks to obtain physical certificates from the Transfer Agent. However, CCNB does not have any control over this process and it may take longer than two weeks. Shareholders who hold their shares in street name will have to coordinate with their banks, brokers or other nominees to have the shares certificated or delivered electronically. There is a cost associated with this tendering process and the act of certifying the shares or delivering them through the DWAC system. The Transfer Agent will typically charge a nominal fee to the tendering broker and it would be up to the broker whether or not to pass this cost on to the redeeming shareholder. In the event the Business Combination is not completed, this may result in an additional cost to shareholders for the return of their shares.

A public shareholder will be entitled to receive cash for these shares only if the shareholder properly demands Redemption as described above and the Business Combination is completed. If a public shareholder properly seeks Redemption and the Business Combination is completed, CCNB will redeem these shares for cash and the holder will no longer own these shares following the Business Combination. If the Business Combination is not completed for any reason, then the public shareholders who exercised their Redemption Right will not be entitled to receive cash for their shares. In such case, CCNB will promptly return any shares delivered by the public shareholders. CCNB and Getty Images will not complete the Business Combination if, immediately prior to the Closing and after payment of all transaction and other expenses payable by CCNB and payments for Redemptions (but without regard to any assets or liabilities of CCNB), CCNB does not have net tangible assets of at least $5,000,001. It is a condition of the obligation of Getty Images to complete the Business Combination that the Net Funded Indebtedness is equal to or less than $1,350,000.00. If this condition is not met, and such condition is not waived by Getty Images, subject to certain conditions described in the Business Combination Agreement, then the Business Combination Agreement may be terminated and the proposed Business Combination may not be consummated. For more information, see the section titled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination — Conditions to Closing of the Business Combination.”

Notwithstanding the foregoing, a public shareholder, together with any of his, her or its affiliates or any other person with whom it is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended), will be restricted from redeeming in the aggregate his, her or its shares or, if part of such a group, the group’s shares, in excess of 15% of the shares included in the units.

sold in our IPO. We have no specified maximum redemption threshold under the Existing Organizational Documents, other than the aforementioned 15% threshold, except that in no event will we redeem ordinary shares in an amount that would cause our net tangible assets to be less than $5,000,001. Each redemption of public shares by our public shareholders will reduce the amount in our Trust Account.

Additionally, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have, for no additional consideration, agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price. The closing price of CCNB Class A Ordinary Shares on the date immediately prior to the date of this proxy statement/prospectus was $[•]. The cash held in the Trust Account as of September 30, 2021, was approximately $10.01 per Public Share. Prior to exercising their Redemption Right, shareholders should verify the market price of CCNB Class A Ordinary Shares as they may receive higher proceeds from the sale of their shares in the public market than from exercising their Redemption Right if the market price per share is higher than the Redemption price. CCNB cannot assure its shareholders that they will be able to sell their CCNB Class A Ordinary Shares in the open market, even if the market price per share is higher than the Redemption price stated above, as there may not be sufficient liquidity in its securities when its shareholders wish to sell their shares. A public shareholder who properly exercises its Redemption Right pursuant to the procedures set forth herein will be entitled to receive a full pro rata portion of the aggregate amount then on deposit in the Trust Account, less any amounts necessary to pay CCNB’s taxes.

Appraisal Rights

None of the unit holders or warrant holders have dissent rights in connection the Business Combination under Cayman Islands law. CCNB shareholders may be entitled to give notice to CCNB prior to the extraordinary general meeting that they wish to dissent to the Business Combination and to receive payment of fair market value for his or her CCNB shares if they follow the procedures set out in the Companies Act, noting that any such dissent rights may be limited pursuant to Section 239 of the Companies Act which states that no such dissention rights shall be available in respect of shares of any class for which an open market exists on a recognized stock exchange at the expiry date of the period allowed for written notice of an election to dissent provided that the merger consideration constitutes inter alia shares of any company which at the effective date of the merger are listed on a national securities exchange. It is CCNB’s view that such fair market value would equal the amount which CCNB shareholders would obtain if they exercise their redemption rights as described herein.

Proxy Solicitation

CCNB is soliciting proxies on behalf of the CCNB Board. This solicitation is being made by mail but also may be made by telephone or in person. CCNB and its directors, officers and employees may also solicit proxies in person, by telephone or by other electronic means. CCNB will bear all of the costs of the solicitation, which CCNB estimates will be approximately $[•] in the aggregate. CCNB has engaged Morrow as proxy solicitor to assist in the solicitation of proxies.

CCNB will ask banks, brokers and other institutions, nominees and fiduciaries to forward the proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. CCNB will reimburse them for their reasonable expenses.

If a shareholder grants a proxy, it may still vote its shares in person if it revokes its proxy before the Shareholders Meeting. A shareholder may also change its vote by submitting a later-dated proxy as described in the section titled “— Revoking Your Proxy; Changing Your Vote.”

Householding

The SEC has adopted a rule concerning the delivery of annual reports and proxy statements. It permits CCNB, with your permission, to send a single notice of meeting and, to the extent requested, a single copy of this proxy statement/prospectus to any household at which two or more CCNB Shareholders reside if they
appear to be members of the same family. This rule is called “householding,” and its purpose is to help reduce printing and mailing costs of proxy materials.

A number of brokerage firms have instituted householding for shares held in “street name.” If you and members of your household have multiple accounts holding ordinary shares of CCNB, you may have received a householding notification from your broker. Please contact your broker directly if you have questions, require additional copies of this proxy statement/prospectus or wish to revoke your decision to household. These options are available to you at any time.

SHAREHOLDER PROPOSAL 1: THE DOMESTICATION MERGER PROPOSAL

Overview

As discussed in this proxy statement/prospectus, CCNB is asking its shareholders to approve the Domestication Merger Proposal. Under the Business Combination Agreement, the approval of the Domestication Merger Proposal is also a condition to the consummation of the Business Combination.

The CCNB Board has unanimously approved, and CCNB Shareholders are being asked to consider and vote upon a proposal to approve (the "Domestication Merger Proposal"), CCNB merging with and into Domestication Merger Sub in accordance with Section 18-209 of the DLLCA and cease to exist in the Cayman Islands in accordance with Part XVI the Cayman Islands Companies Act (As Revised) (the "Companies Act"), with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB.

In connection with the Domestication Merger, effective as of 12:01 a.m. Eastern Time on the Closing Date and prior to the Closing, (i) each CCNB Class A Ordinary Share outstanding immediately prior to the Domestication Merger shall no longer be outstanding and will automatically be converted into the right of the holder thereof to receive one share of New CCNB Pre-Closing Class A Common Stock, (ii) each CCNB Class B Ordinary Share outstanding immediately prior to the Domestication Merger will no longer be outstanding and will automatically be converted into the right of the holder thereof to receive one share of New CCNB Pre-Closing Class B Common Stock, and (iii) each CCNB Warrant outstanding immediately prior to the Domestication Merger will automatically cease to represent a right to acquire CCNB Class A Ordinary Shares and will instead represent a right to acquire shares of New CCNB Pre-Closing Class A Common Stock on the same contractual terms and conditions as were in effect immediately prior to the Domestication Merger in accordance with and subject to the terms of the Warrant Assumption Agreement. Pursuant to the Domestication Merger, CCNB will file the requisite documents in order to receive a certificate merger from the Registrar of Companies of the Cayman Islands.

In connection with the Domestication Merger, following the Domestication Merger but prior to the consummation of the PIPE Investment, the Permitted Equity Financing and the consummation of the transactions contemplated by the Forward Purchase Agreement and the Backstop Agreement (if applicable), on the Closing Date at the Closing, New CCNB will amend and restate the New CCNB Pre-Closing Certificate of Incorporation in the form of the New CCNB Post-Closing Certificate of Incorporation to provide for, among other things, the shares of New CCNB Class A Common Stock and the shares of New CCNB Class B Common Stock and, following and contingent upon the filing of the New CCNB Post-Closing Certificate of Incorporation, (i) the shares of New CCNB Pre-Closing Class A Common Stock will thereby be reclassified as shares of New CCNB Class A Common Stock and (ii) (a) a number of shares of New CCNB Pre-Closing Class B Common Stock equal to the number of Sponsor Earn-Out Shares will thereby be shares of New CCNB Class B Common Stock and (b) the remaining shares of New CCNB Pre-Closing Class B Common Stock will automatically be converted to shares of New CCNB Class A Common Stock in accordance with the Sponsor Side Letter.

The Domestication Merger Proposal, if approved, will approve the merger of CCNB with and into Domestication Merger Sub, with Domestication Merger Sub surviving as a wholly-owned subsidiary of New CCNB. Accordingly, while CCNB is currently incorporated as an exempted company under the Cayman Islands Companies Act, with effect from the Domestication Merger, CCNB will cease to exist in the Cayman Islands and New CCNB will be governed by the DGCL. We encourage shareholders to carefully consult the information set out below under "Comparison of Corporate Governance and Shareholder Rights." Additionally, (a) the New CCNB Pre-Closing Certificate of Incorporation and the New CCNB Pre-Closing Bylaws to be adopted by New CCNB, and which will be in effect following the Statutory Conversion (until thereafter changed or amended as provided therein or by applicable law), will provide, among other things, rights to two classes of common stock in a manner consistent with the Existing Organizational Documents of CCNB (prior to the Statutory Conversion) and (b) the New CCNB Post-Closing Certificate of Incorporation and New CCNB Post-Closing Bylaws to be adopted by New CCNB, and which will be in effect as of and following the Closing will differ in certain material respects from the Existing Organizational Documents of CCNB (prior to the Statutory Conversion) and the New CCNB Pre-Closing Certificate of Incorporation and the New CCNB Pre-Closing Bylaws (following the Statutory Conversion and applicable
to the existing CCNB Shareholders following the Domestication Merger and prior to the Closing) and we encourage shareholders to carefully consult the Existing Organizational Documents the New CCNB Pre-Closing Certificate of Incorporation, the New CCNB Pre-Closing Bylaws, attached hereto as Annex B and Annex C, respectively, and the New CCNB Post-Closing Certificate of Incorporation and New CCNB Post-Closing Bylaws, attached hereto as Annex D and Annex E, respectively.

Vote Required for Approval

The Domestication Merger Proposal is conditioned on the approval and adoption of the Business Combination Proposal at the Shareholders Meeting.

The Domestication Merger Proposal will be adopted and approved only if the CCNB Shareholders approve a special resolution under Cayman Islands law, being the affirmative vote of at least a two-thirds majority of CCNB Ordinary Shares who are present in person or represented by proxy and entitled to vote thereon and who vote at the Shareholders Meeting. Abstentions and broker non-votes will be considered present for the purpose of establishing a quorum but, as a matter of Cayman Islands law, will not constitute a vote cast at the Shareholders Meeting and therefore will have no effect on the approval of the Domestication Merger Proposal as a matter of Cayman Islands law.

As of the date of this proxy statement/prospectus, the Sponsor, the Founder Holders, and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote any CCNB Ordinary Shares owned by them in favor of the Domestication Merger Proposal. As of the date hereof, the Sponsor and the Independent Directors own, collectively, 23.7% of the issued and outstanding CCNB Ordinary Shares and have not purchased any public shares, but may do so at any time.

Resolution

The full text of the resolution to be voted upon is as follows:

RESOLVED, as a special resolution, that:

CCNB be authorized to merge with and into Vector Domestication Merger Sub, LLC so that Vector Domestication Merger Sub, LLC be the surviving company and all the undertaking, property and liabilities of CCNB vest in Vector Domestication Merger Sub, LLC by virtue of such merger pursuant to the Companies Act (As Revised); the Plan of Merger, a copy of which is attached to the proxy statement/prospectus as Annex P (the “Plan of Merger”), be authorized, approved and confirmed in all respects and CCNB be authorized to enter into the Plan of Merger; the Plan of Merger be executed by any one Director on behalf of the Company and any Director or Maples and Calder (Cayman) LLP, on behalf of Maples Corporate Services Limited, be authorized to submit the Plan of Merger, together with any supporting documentation, for registration to the Registrar of Companies of the Cayman Islands; and all actions taken and any documents or agreements executed, signed or delivered prior to or after the date hereof by any Director or officer of CCNB in connection with the transactions contemplated hereby be approved, ratified and confirmed in all respects.

Recommendation of the CCNB Board

THE CCNB BOARD UNANIMOUSLY RECOMMENDS THAT CCNB SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE DOMESTICATION MERGER PROPOSAL.

The existence of financial and personal interests of one or more of CCNB’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of CCNB and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, CCNB’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section titled “Shareholder Proposal 2: The Business Combination Proposal — Interests of CCNB’s Directors and Officers and Others in the Business Combination” for a further discussion of these considerations.
SHAREHOLDER PROPOSAL 2: THE BUSINESS COMBINATION PROPOSAL

Overview

CCNB is asking its shareholders to approve the Business Combination Agreement and the transactions contemplated thereby, including the Business Combination. CCNB shareholders should read carefully this proxy statement/prospectus in its entirety for more detailed information concerning the Business Combination Agreement, which is attached as Annex A to this proxy statement/prospectus and the transactions contemplated thereby. Please see the subsection titled “The Business Combination Agreement” below for additional information and a summary of certain terms of the Business Combination Agreement. You are urged to read carefully the Business Combination Agreement in its entirety before voting on this proposal.

Because we are holding a shareholder vote on the Business Combination, we may consummate the Business Combination only if it is approved by the affirmative vote of at least a majority of the holders of CCNB ordinary shares, who, being present and entitled to vote at the Shareholders Meeting, vote at the Shareholders Meeting.

The Business Combination Agreement

This subsection describes the material provisions of the Business Combination Agreement, but does not purport to describe all of the terms of the Business Combination Agreement. The following summary is qualified in its entirety by reference to the complete text of the Business Combination Agreement, which is attached as Annex A to this proxy statement/prospectus. You are urged to read the Business Combination Agreement in its entirety because it is the primary legal document that governs the Business Combination.

The Business Combination Agreement contains representations, warranties and covenants that the respective parties made to each other as of the date of the Business Combination Agreement or other specific dates. The assertions embodied in those representations, warranties and covenants were made for purposes of the contract among the respective parties and are subject to important qualifications and limitations agreed to by the parties in connection with negotiating the Business Combination Agreement. The representations, warranties and covenants in the Business Combination Agreement are also modified in part by the underlying disclosure schedules (the “disclosure schedules”), which are not filed publicly and which are subject to a contractual standard of materiality different from that generally applicable to shareholders and were used for the purpose of allocating risk among the parties rather than establishing matters as facts. We do not believe that the disclosure schedules contain information that is material to an investment decision. Additionally, the representations and warranties of the parties to the Business Combination Agreement may or may not have been accurate as of any specific date and do not purport to be accurate as of the date of this proxy statement/prospectus. Accordingly, no person should rely on the representations and warranties of the Business Combination Agreement or the summaries thereof in this proxy statement/prospectus as characterizations of the actual state of facts about CCNB or any of the other CCNB Parties, the Sponsor, Getty Images or any other matter.

The Business Combination Agreement; Structure of the Business Combination

On December 9, 2021, CCNB, New CCNB, G Merger Sub 1, G Merger Sub 2, Domestication Merger Sub, Getty Images and, solely for limited purposes expressly set forth therein, the Partnership, entered into the Business Combination Agreement, which provides for, among other things, the following transactions in connection with the Closing, prior to or on the Closing Date:

• on the business day prior to the Closing Date, New CCNB will statutorily convert from a Delaware limited liability company to a Delaware corporation (the “Statutory Conversion”), with a certificate of incorporation in the form of the New CCNB Pre-Closing Certificate of Incorporation, which will provide for, among other things, two classes of common stock in a manner consistent with the articles of incorporation of CCNB prior to the Statutory Conversion;

• effective as of 12:01 a.m. Eastern Time on the Closing Date and prior to the Closing, CCNB will be merged with and into Domestication Merger Sub, with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB (the “Domestication Merger”);
• on the Closing Date, at the Closing, New CCNB will amend and restate its certificate of incorporation in the form of the New CCNB Post-Closing Certificate of Incorporation;

• on the Closing Date, at the Closing and following and contingent upon the filing of the New CCNB Post-Closing Certificate of Incorporation, the transactions contemplated by the Sponsor Side Letter will be consummated in accordance with the terms thereof, including the conversion of the shares of New CCNB Pre-Closing Class B Common Stock into shares of New CCNB Class A Common Stock and shares of New CCNB Class B Common Stock;

• on the Closing Date, at the Closing and prior to the First Effective Time, New CCNB (as successor to CCNB) will consummate the PIPE Investment, the Permitted Equity Financing and the transactions contemplated by the Forward Purchase Agreement (as amended by the NBOKS Side Letter) and the Backstop Agreement (as amended by the NBOKS Side Letter) (if applicable). Pursuant to the Subscription Agreements and the Permitted Equity Subscription Agreement, the PIPE Investors and Multiply Group subscribed for and agreed to purchase, and CCNB and New CCNB agreed to issue and sell to such investors, on the Closing Date, an aggregate of 22,500,000 shares of New CCNB Class A Common Stock for a purchase price of $10.00 per share, for aggregate gross proceeds of $225,000,000. The shares of New CCNB Class A Common Stock to be issued pursuant to the Subscription Agreements and the Permitted Equity Subscription Agreement have not been registered under the Securities Act, and will be issued in reliance on the availability of an exemption from such registration. The Subscription Agreements and the Permitted Equity Subscription Agreement provide for certain customary registration rights. See the section titled “— Related Agreements” of this proxy statement/prospectus for additional information; and

• on the Closing Date following the Domestication Merger, G Merger Sub 1 will be merged with and into Getty Images, with Getty Images surviving the merger as an indirect wholly-owned subsidiary of New CCNB (the “First Getty Merger”) and, immediately after the First Getty Merger, Getty Images will be merged with and into G Merger Sub 2 with G Merger Sub 2 surviving the merger as an indirect wholly-owned subsidiary of New CCNB (the “Second Getty Merger” and together with the First Getty Merger, the “Getty Mergers”).

In connection with the Business Combination, certain related agreements have been, or will be entered into on or prior to the closing of the Business Combination, including the Subscription Agreements and Permitted Equity Subscription Agreement, the NBOKS Side Letter, the Warrant Assumption Agreement, the Sponsor Side Letter, the Registration Rights Agreement and the Stockholders Agreement (each as defined in the accompanying proxy statement/prospectus). See the section titled “— Related Agreements” of this proxy statement/prospectus for additional information.

**Consideration to Getty Equityholders in the Business Combination**

In accordance with the terms and subject to the conditions of the Business Combination Agreement, at the effective time of the First Getty Merger (and, for the avoidance of doubt, following the Partnership Liquidation) (the “First Effective Time”), (a) each Getty Images Share that is issued and outstanding immediately prior to the First Effective Time (including Getty Images Shares resulting from the Partnership Liquidation, but excluding Getty Images Shares as to which appraisal rights have been properly exercised in accordance with Delaware law and Getty Images Shares held by Getty Images as treasury stock) will be cancelled and converted into the right to receive the applicable portion of the merger consideration, in accordance with the applicable portion of the merger consideration in accordance with an allocation schedule to be provided by Getty Images (the “Allocation Schedule”) that will set forth the allocation of the merger consideration (including the Earn-Out Shares (as defined below)) among the equityholders of Getty Images, consisting of (i) with respect to each holder of Getty Images Common Shares, a number of shares of New CCNB Common Stock equal to the Per Common Share Merger Consideration as determined under the merger agreement and further described below as the “Per Common Share Merger Consideration,” (ii) with respect to the preferred stockholder, (A) a number of shares of New CCNB Class A Common Stock equal to the Preferred Stock Consideration in respect of its Company Preferred Shares (subject to the “Preferred Stock Consideration Adjustment” further described herein) and (B) the Preferred Cash Consideration (subject to the “Cash Adjustment Amount” further described herein) and (b) each Getty Images Option (whether vested or unvested) to purchase Getty Images Common Shares that is outstanding
as of immediately prior to the First Effective Time will be converted into an option to purchase a number of shares of New CCNB Class A Common Stock based on the Option Exchange Ratio (as defined below) with an exercise price per share of New CCNB Class A Common Stock calculated in accordance with the terms of the Business Combination Agreement. In addition to the consideration to be paid at Closing, New CCNB will issue to equityholders of Getty Images an aggregate of up to 65,000,000 shares of New CCNB Class A Common Stock, issuable upon and subject to the occurrence of the applicable vesting events, as more specifically set forth below. The consideration described in this paragraph is sometimes referred to in this proxy statement/prospectus as the “merger consideration.”

The “Per Common Share Merger Consideration” will be equal to (i) the sum of (a) Aggregate Company Common Stock Consideration plus (b) the aggregate exercise price in respect of the vested Getty Images Options divided by $10.00 divided by (ii) the Getty Images Common Shares issued and outstanding on a fully diluted basis.

The “Option Exchange Ratio” is the ratio (i) the numerator of which is the Per Common Share Value and (ii) the denominator of which is $10.00.

The “Per Common Share Value” is the quotient of (a) the sum of (i) the Transaction Common Equity Value plus (ii) the aggregate exercise price in respect of the Vested Company Options divided by (b) the Getty Images Common Shares issued and outstanding on a fully diluted basis.

**Adjustments to the Preferred Cash Consideration and the Preferred Stock Consideration**

The Preferred Cash Consideration and the Preferred Stock Consideration are subject to the following adjustments (the “Adjusted Consideration Amount”) if, as of 6:00 a.m. Eastern Time on the Closing Date, the Net Funded Indebtedness Condition is not satisfied and Getty Images elects to proceed with the Closing, then:

- first, Getty Images will have an option to cause New CCNB to enter into a PIPE Subscription Agreement with the Getty Images Stockholders with a subscription amount of, when added to Available Cash, the amount by which Net Funded Indebtedness exceeds Maximum Net Indebtedness (such amount, the “Optional Equity Cure Amount”); and
- second, if the Optional Equity Cure Amount is not sufficient to satisfy the Net Funded Indebtedness Condition, then:

  - the Preferred Cash Consideration will be decreased by an amount equal to the difference between (x) the amount of Net Funded Indebtedness after taking into account the Optional Equity Cure Amount minus (y) $1,350,000,00 (the “Cash Adjustment Amount”); and
  - the Preferred Stock Consideration will be increased by a number of shares of New CCNB Class A Common Stock equal to the quotient obtained by dividing (x) the Cash Adjustment Amount by (y) $10.00. If following the application of the above two bullet points in this section, the Net Funded Indebtedness Condition is not satisfied, the Net Funded Indebtedness Condition will not be permitted to be waived and the Closing will not occur without the consent of each of CCNB and Getty Images.

**Earn-Out Consideration**

During a period to expire 10 years from the Closing Date (the “Earn-Out Period”), as an additional consideration, within 10 business days after the occurrence of the applicable triggering event, as described below, New CCNB will issue to the Getty Images Stockholders (in accordance with their respective pro-rata portion) shares of New CCNB Class A Common Stock (subject to applicable adjustments) (as so adjusted, the “Earn-Out Shares”), upon the terms and subject to the conditions set forth in the Business Combination Agreement and the other agreements contemplated thereby: (i) a one-time issuance of one-third (1/3) of the Earn-Out Shares if the VWAP of the shares of New CCNB Class A Common Stock is greater than or equal to $12.50 over any 20 trading days within any 30 consecutive trading day period; (ii) a one-time issuance of one-third (1/3) of the Earn-Out Shares if the VWAP of the shares of New CCNB Class A Common Stock is greater than or equal to $15.00 over any 20 trading days within any 30 consecutive trading day period and (iii) a one-time issuance of one-third (1/3) of the Earn-Out Shares if the VWAP of the shares of New
CCNB Class A Common Stock is greater than or equal to $17.50 over any 20 trading days within any 30 consecutive trading day period. In addition, if there is a change of control of New CCNB prior to the expiration of the Earn-Out Period that will result in the holders of shares of New CCNB Class A Common Stock receiving a price per share equal to or in excess of the applicable price per share thresholds described above, then immediately prior to the consummation of such change of control transaction, New CCNB will issue the applicable portion of the Earn-Out Shares to Getty Images Stockholders (in accordance with their respective pro-rata portion) and the Getty Images Stockholders will be eligible to participate in such change of control transaction in respect of such applicable Earn-Out Shares.

**Aggregate Transaction Proceeds**

The aggregate transaction proceeds will be used for general corporate purposes after the Business Combination.

**Closing and Effective Time of the Business Combination**

**Recommendation of the CCNB Board**

Pursuant to the Business Combination Agreement, CCNB has agreed, not more than 30 days after the date on which CCNB commences the mailing of this proxy statement/prospectus to CCNB shareholders, that it will take all reasonably lawful actions to solicit from CCNB shareholders proxies in favor of the proposal to adopt the Business Combination Agreement and approve the Required CCNB Shareholder Proposals.

If at any time prior to obtaining the approval of the Required CCNB Shareholder Proposals, the CCNB Board determines in good faith, after consultation with its outside legal counsel, that, in response to an Intervening Event (as defined below), a failure to make the recommendation of CCNB Board that CCNB Shareholders vote in favor of the approval of CCNB Shareholder Proposals (any such action a “Change in Recommendation”) would be inconsistent with its fiduciary duties under applicable law, the CCNB Board may, prior to obtaining the approval of the CCNB Shareholder Proposals, make a Change in Recommendation; provided, however, that the CCNB Board will not be entitled to make, or agree or resolve to make, a Change in Recommendation unless (i) CCNB delivers to Getty Images a written notice (an “Intervening Event Notice”) advising Getty Images that the CCNB Board proposes to take such action and containing the material facts underlying the CCNB Board’s determination that an Intervening Event has occurred (it being acknowledged that such Intervening Event Notice will not itself constitute a breach of the Business Combination Agreement), and (ii) at or after 5:00 p.m., Eastern Time, on the fifth Business Day immediately following the day on which CCNB delivered the Intervening Event Notice (such period from the time the Intervening Event Notice is provided until 5:00 p.m. Eastern Time on the fifth Business Day immediately following the day on which CCNB delivered the Intervening Event Notice (it being understood that any material development with respect to an Intervening Event (as reasonably determined by the CCNB Board and notified to Getty Images) will require a new notice but with an additional four Business Day period (instead of a five Business Day period from the date of such notice), the “Intervening Event Notice Period”), the CCNB Board reaffirms in good faith (after consultation with its outside legal counsel) that the failure to make a Change in Recommendation would be inconsistent with its fiduciary duties under applicable law. If requested by Getty Images, CCNB will, and will cause its subsidiaries to, and will use its reasonable best efforts to cause its or their representatives to, during the Intervening Event Notice Period, engage in good faith negotiations with Getty Images and its representatives to make such adjustments in the terms and conditions of this Agreement so as to obviate the need for a Change in Recommendation.

The term “Intervening Event” means any material change, event, circumstance, occurrence, effect, development or state of facts, in each case, that was not known to the CCNB Board and was not reasonably foreseeable to the CCNB Board as of the Effective Date (or the consequences of which were not reasonably foreseeable to the CCNB Board as of the Effective Date) and that becomes known to the CCNB Board after the date of the Business Combination Agreement and prior to the receipt of the Required Vote, but specifically excluding, in each case, (i) any event, fact, development, circumstance or occurrence that relates to or is reasonably likely to give rise to or result in any offer, inquiry, proposal or indication of interest, written or oral relating to, with respect to CCNB, any business combination other than the transactions contemplated by the Business Combination Agreement, (ii) any change, event, circumstance, occurrence,
effect, development or state of facts to the extent that it is not permitted to be taken into account in determining whether a Company Material Adverse Effect has occurred or would reasonably be expected to occur pursuant to clauses (i), (ii), (iv), (v) and (x) of the definition thereof and (iii) the price or trading volume of the CCNB Class A Ordinary Shares or the CCNB Warrants.

Promptly following the Partnership Liquidation (and in any event prior to the Closing), Getty Images will deliver to CCNB all documents evidencing the occurrence of the Partnership Liquidation, including, without limitation, any consents or waivers obtained in connection therewith.

Survival of Representations, Warranties and Covenants

The representations, warranties, agreements and covenants in the Business Combination Agreement will not survive the Closing, except for agreements or covenants which by their terms contemplate performance after the Closing, and then only with respect to the period following the Closing (including any breaches occurring after the Closing), which will survive until thirty days following the date of the expiration, by its terms of the obligation of the applicable party under such covenant or agreement.

Notwithstanding anything to the contrary to the foregoing, none of the provisions set forth in the Business Combination Agreement will be deemed a waiver by any party of any right or remedy which such party may have at law or in equity in the case of Fraud (as defined in the Business Combination Agreement).

Termination

The Business Combination Agreement may be terminated under certain customary and limited circumstances at any time prior to the Closing, including, among others, the following:

• by the mutual written consent of CCNB and Getty Images;

• by either CCNB or Getty Images, (i) if any governmental entity will have issued an order or taken any other action having the effect of permanently preventing the consummation of the transactions contemplated by the Business Combination Agreement and such order or other action will have become final and non-appealable, and (ii) the terminating party’s breach of any representation or warranty, covenant or agreement in the Business Combination Agreement did not cause the relevant order or action;

• by either CCNB or Getty Images, if the transactions contemplated by the Business Combination Agreement are not consummated on or prior to June 9, 2022 (or forty-five days thereafter if (i)(a) a stop order has been issued by the SEC with respect to this proxy statement/prospectus and remains in effect or (b) a proceeding seeking such a stop order will have been threatened or initiated by the SEC and remains pending) and (ii) the party terminating the Business Combination Agreement is not in material breach of the representations, warranties, covenants or other agreements under the Business Combination Agreement;

• by Getty Images, subject to certain exceptions, if any of the representations or warranties made by any of the CCNB Parties become inaccurate in any material respect or if any CCNB Party breaches or fails to perform in any material respect any of its covenants or agreements under the Business Combination Agreement (including an obligation to consummate the Closing), in either case, which inaccuracy, breach or failure to perform (i) would render the condition to the obligations of Getty Images, as described in the section titled “— Conditions to Closing of the Business Combination” above not capable of being satisfied or (ii) after the giving of written notice of such breach or failure to perform to CCNB by Getty Images, cannot be cured or has not been cured by the earlier
of (a) June 9, 2022 and (b) thirty business days after receipt of such written notice and Getty Images has not waived such breach or failure in writing;

- by CCNB, subject to certain exceptions, if any of the representations or warranties made by Getty Images become inaccurate in any material respect or if Getty Images or the Partnership breach or fail to perform in any material respect any of its covenants or agreements under the Business Combination Agreement (including an obligation to consummate the Closing), in either case, which inaccuracy, breach or failure to perform (i) would render the condition to the obligations of the CCNB Parties, as described in the section titled “— Conditions to Closing of the Business Combination” above not capable of being satisfied or (ii) after the giving of written notice of such breach or failure to perform to Getty Images by CCNB, cannot be cured or has not been cured by the earlier of (a) June 9, 2022 and (b) thirty business days after receipt of such written notice and CCNB has not waived such breach or failure in writing;

- by Getty Images, prior to obtaining the Required Vote, no later than ten (10) business days after the CCNB Board (i) have made a Change in Recommendation or (ii) have failed to include in this proxy statement/prospectus the unanimous recommendation by the CCNB Board of the adoption of the Business Combination Agreement and approval of the CCNB Shareholder Proposals;

- by either CCNB or Getty Images, by written notice to the other party, if the Shareholders Meeting will have been held at which a vote on the Required CCNB Shareholder Proposals is taken and the Required Vote is not obtained at the Shareholders Meeting (subject to any adjournment, postponement or recess of the Shareholders Meeting);

- by CCNB, if (i) Getty Images does not deliver, or cause to be delivered to CCNB, the Getty Images Stockholders Consent within one (1) day of the Effective Date, or (ii) if the Pre-Closing Company Certificate of Incorporation has not been adopted by Getty Images at least one (1) business day prior to the First Effective Time, in each case, in accordance with the governing documents of Getty Images, the Company Stockholders Agreements and applicable law;

- If the Business Combination Agreement is validly terminated, none of the parties to the Business Combination Agreement will have any liability or any further obligation under the Business Combination Agreement other than confidentiality obligations and other customary post-termination obligations, except in the case of a Willful Breach (as defined in the Business Combination Agreement) of any covenant or agreement set forth in the Business Combination Agreement or Fraud (as defined in the Business Combination Agreement) with respect to the representations and warranties of Getty Images and CCNB, as the case may be.

**Expenses**

The fees and expenses incurred in connection with the Business Combination Agreement and the ancillary documents thereto, and the transactions contemplated thereby, including the fees and disbursements of counsel, financial advisors and accountants, will be paid by the party incurring such fees or expenses; provided that, (i) if the Business Combination Agreement is terminated in accordance with its terms, CCNB will pay, or cause to be paid, all unpaid CCNB expenses and Getty Images will pay, or cause to be paid, all unpaid Getty Images expenses; (ii) if the Closing occurs, then New CCNB will pay, or cause to be paid, all unpaid CCNB expenses and all unpaid Getty Images expenses.

**Governing Law**

The Business Combination Agreement is governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the law of any jurisdiction other than the State of Delaware.

**Amendments**

The Business Combination Agreement may be amended or modified only by a written agreement executed and delivered by (i) CCNB and Getty Images prior to the Closing and (ii) New CCNB and the Sponsor after the Closing.
Certain Agreements Related to the Business Combination

Stockholders Agreement

On December 9, 2021, the Sponsor, the equityholders of the Sponsor, certain equityholders of Getty Images and certain other parties thereto entered into the Stockholders Agreement with New CCNB relating to, among other things, the composition of the New CCNB Board following the Closing, certain voting provisions and lockup restrictions. Pursuant to the Stockholders Agreement, (i) the Sponsor and the Independent Directors (together with their respective successors and any permitted transferees) agreed to be subject to a twelve-month lock-up period in respect of their Founder Shares (subject to certain customary exceptions) and (ii) the Getty Family Stockholders (together with their respective successors and any permitted transferees) and Koch Icon (together with its respective successors and any permitted transferees) agreed to be subject to a 180-day lockup period in respect of their shares of New CCNB Common Stock received in the Business Combination (subject to certain customary exceptions). Pursuant to the Stockholders Agreement, the initial composition of the New CCNB Board following the Closing will be (a) three directors nominated by Getty Investments, (b) two directors nominated by Koch Icon, (c) one director nominated by CC Capital, (d) the chief executive officer of Getty Images, (which will initially be Craig Peters) and (e) a number of independent directors sufficient to comply with the requisite independence requirements of the NYSE. The number of nominees that each of Getty Investments, Koch Icon and CC Capital will be entitled to nominate pursuant to the Stockholders Agreement is subject to reduction based on the aggregate number of shares of New CCNB Common Stock held by such stockholders, as further described in the Stockholders Agreement attached as Annex K to this proxy statement/prospectus.

Registration Rights Agreement

At the closing of the Business Combination, New CCNB will enter into the Registration Rights Agreement, substantially in the form attached as Annex L to this proxy statement/prospectus, with the Sponsor, the Independent Directors, Getty Investments, Koch Icon and certain equityholders of Getty Images (such persons, the “Holders”). Pursuant to the terms of the Registration Rights Agreement, the Holders will be entitled to certain piggyback registration rights and customary demand registration rights.

The Registration Rights Agreement provides that New CCNB will agree that, as soon as practicable, and in any event within 30 days after the Closing, New CCNB will file with the SEC a shelf registration statement. New CCNB will use its commercially reasonable efforts to have such shelf registration statement declared effective as soon as practicable after the filing thereof, but no later than the 90th day (or the 120th day if the SEC notifies New CCNB that it will “review” such shelf registration statement) following the filing deadline, in each case subject to the terms and conditions set forth therein; and New CCNB will not be subject to any form of monetary penalty for its failure to do so.

Warrant Assumption Agreement

In connection with the Business Combination, the Transfer Agent, CCNB and New CCNB will enter into the Warrant Assumption Agreement, effective immediately upon the completion of the Domestication Merger and conditioned on the occurrence of the Closing, pursuant to which, among other things, CCNB will assign to New CCNB all of CCNB’s right, title and interest in and to, and New CCNB will assume all of CCNB liabilities and obligations under the Existing Warrant Agreement. As a result, effective immediately following the completion of the Domestication Merger, each Warrant will automatically cease to represent a right to acquire CCNB Class A Ordinary Shares and will instead represent a right to acquire shares of New CCNB Pre-Closing Class A Common Stock, and, following and contingent upon the filing of the New CCNB Post-Closing Certificate of Incorporation, shares of New CCNB Class A Common Stock pursuant to the terms and conditions of the Existing Warrant Agreement (as amended by the Warrant Assumption Agreement).

Sponsor Side Letter

Concurrently with the execution of the Business Combination Agreement, the Sponsor, the Independent Directors, CC Holdings, NBOKS, CCNB, New CCNB, and the Company entered into the Sponsor Side Letter, pursuant to which, (a) in connection with the Domestication Merger, each Founder Share will
automatically be converted into the right to receive one (1) share of New CCNB Pre-Closing Class B Common Stock, (b) in accordance with the New CCNB Pre-Closing Certificate of Incorporation, at the Closing, the shares of New CCNB Pre-Closing Class B Common Stock would automatically convert into shares of New CCNB Class A Common Stock (the "Automatic Conversion"), and (c) in lieu of the Automatic Conversion, at the Closing simultaneously and contingent upon with the filing of the New CCNB Post-Closing Certificate of Incorporation, in accordance with the terms of the Sponsor Side Letter, (i) each share of New CCNB Pre-Closing Class B Common Stock held by a Sponsor Party listed on Schedule I thereto under the heading "Class B Conversion Shares" will automatically be converted into one share of New CCNB Class A Common Stock, (ii) each share of New CCNB Pre-Closing Class B Common Stock held by a "Sponsor Party" (as defined therein) listed on Schedule I hereto under the heading "Series B-1 Earn-Out Shares" will automatically be converted into one share of New CCNB Series B-1 Common Stock and (iii) each share of New CCNB Pre-Closing Class B Common Stock held by a Sponsor Party listed on Schedule I hereto under the heading "Series B-2 Earn-Out Shares" will automatically be converted into one share of New CCNB Series B-2 Common Stock (the shares of New CCNB Series B-2 Common Stock together with the shares of New CCNB Series B-1 Common Stock, the "Restricted Sponsor Shares"). All such Restricted Sponsor Shares are restricted shares that are subject to certain performance-based conversion events and upon the occurrence of a B-1 Vesting Event or a B-2 Vesting Event (as defined in the New CCNB Post-Closing Certificate of Incorporation). The Restricted Sponsor Share will accrue and be entitled to a dividend declared by the New CCNB Board in respect of a share of New CCNB Series B-1 Common Stock or a share of New CCNB Series B-2 Common Stock pursuant to and in accordance with the New CCNB Post-Closing Certificate of Incorporation. Any Restricted Sponsor Shares that have not converted into shares of New CCNB Class A Common Stock by the tenth anniversary of the Closing, as applicable, will be automatically forfeited, and any accrued dividends will be forfeited in connection therewith. The Sponsor Side Letter is attached to this proxy statement/prospectus as Annex G.

Subscription Agreements and Permitted Equity Subscription Agreement

Concurrently with the execution of the Business Combination Agreement, CCNB and New CCNB entered into the Subscription Agreements with the Sponsor and Getty Investments. Additionally, on December 28, 2021, CCNB and New CCNB entered into the Permitted Equity Subscription Agreement with Multiply Group. Pursuant to the Subscription Agreements and the Permitted Equity Subscription Agreement, the PIPE Investors and Multiply Group agreed to subscribe for and purchase, and CCNB and New CCNB agreed to sell to such investors, on the Closing Date, an aggregate of 22,500,000 shares of New CCNB Class A Common Stock for a purchase price of $10.00 per share, for aggregate gross proceeds of $225,000,000. The shares of New CCNB Class A Common Stock to be issued pursuant to the Subscription Agreements and the Permitted Equity Subscription Agreement have not been registered under the Securities Act, and will be issued in reliance on the availability of an exemption from such registration.

The Subscription Agreements and the Permitted Equity Subscription Agreement provide for certain customary registration rights. In particular, the Subscription Agreements and the Permitted Equity Subscription Agreement provide that New CCNB is required to file with the SEC a registration statement registering the resale of such shares within forty-five calendar days following the Closing Date. Additionally, New CCNB is required to use its commercially reasonable efforts to have the registration statement declared effective as soon as practicable after the filing thereof, but no later than the earlier of (i) ninety calendar days after the filing thereof (or 120 calendar days after the filing thereof if the SEC notifies New CCNB that it will "review" the registration statement) and (ii) ten business day after the date New CCNB is notified (orally or in writing, whichever is earlier) by the SEC that the registration statement will not be "reviewed" or will not be subject to further review; and New CCNB will not be subject to any form of monetary penalty for its failure to do so. New CCNB will keep the registration statement effective until the earliest of: (i) the second anniversary of the Closing; (ii) the date the investors cease to hold any shares issued pursuant to the Subscription Agreements or the Permitted Equity Subscription Agreement (the "registrable shares"); or (iii) the first date all registrable shares held by the subscribers may be sold without restriction under Rule 144 within ninety days without the public information, volume or manner of sale limitations of such rule. The Form of Subscription Agreement is attached to this proxy statement/prospectus as Annex H, and the Form of Permitted Equity Subscription Agreement is attached to this proxy statement/prospectus as Annex I.
NBOKS Side Letter

In connection with the signing of the Business Combination Agreement, New CCNB, CCNB, and NBOKS entered into a side letter to (a) the Forward Purchase Agreement, pursuant to which, among other things, NBOKS confirmed the allocation to CCNB of $200,000,000 under the Forward Purchase Agreement and its agreement to, at Closing, subscribe for 20,000,000 shares of New CCNB Class A Common Stock, and 3,750,000 Forward Purchase Warrants (as defined therein) and (b) the Backstop Agreement whereby NBOKS agreed to (subject to (i) the availability of capital it has committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis and the other terms and conditions included therein and (ii) the terms of the Business Combination Agreement), at Closing, subscribe for shares of New CCNB Class A Common Stock to fund redemptions by shareholders of CCNB in connection with the Business Combination in an amount of up to $300,000,000 (clauses “(a)” and “(b),” collectively, the “NBOKS Side Letter”), which NBOKS Side Letter provides for the assignment of CCNB’s obligations under the Forward Purchase Agreement and the Backstop Agreement to New CCNB to facilitate the Business Combination. The NBOKS Side Letter is attached to this proxy statement/prospectus as Annex F.

Fourth Amendment to Restated Option Agreement

In connection with the entry into the Business Combination Agreement, the Getty Family Entities delivered the Fourth Amendment to Restated Option Agreement, pursuant to which the Restated Option Agreement will automatically terminate if, and on the date following the Closing Date on which, the Getty Family Stockholders (together with their respective successors and any permitted transferees) beneficially own less than 27,500,000 shares of New CCNB Common Stock (as adjusted for stock splits, stock combinations, and similar transactions). The Fourth Amendment to Restated Option Agreement is attached to this proxy statement/prospectus as Annex Q.

Interests of CCNB’s Directors and Officers and Others in the Business Combination

In considering the recommendation of the CCNB Board to vote in favor of the approval of the Business Combination Proposal and the other proposals described in this proxy statement/prospectus, shareholders should understand that the Sponsor, the members of the CCNB Board and the executive officers of CCNB have interests in such proposals and the Business Combination that are different from, or in addition to, those of CCNB shareholders generally. The CCNB Board was aware of and considered these interests, among other matters, in evaluating the Business Combination, and in recommending to CCNB shareholders that they approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. CCNB’s shareholders should take these interests into account in deciding whether to approve the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. These interests include, among other things:

- the fact that, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price;
- the fact that, pursuant to the Sponsor Side Letter, 5,140,000 of the Founder Shares held by the Sponsor and the Independent Directors will be converted into the Restricted Sponsor Shares. For more information, please see the section titled “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.”
- the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, CCNB will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding CCNB Class A Ordinary Shares for cash and, subject to the approval of its remaining shareholders and the CCNB Board, dissolving and liquidating;
- the fact that 25,700,000 Founder Shares, which are held by the Sponsor (in which certain of CCNB’s officers and directors hold an indirect interest) and the Independent Directors and were acquired
for an aggregate purchase price of $25,000 prior to the IPO, would be worthless if the Business Combination or another business combination is not consummated by August 4, 2022, because the holders are not entitled to participate in any redemption or distribution with respect to such shares. Such securities may have a higher value than $25,000 (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $253.9 million based upon the closing price of $9.88 per public share on the NYSE on January 11, 2022;

• the fact that if the Business Combination or another business combination is not consummated by August 4, 2022, the 18,560,000 Private Placement Warrants held by the Sponsor, in which CCNB’s officers and directors hold a direct or indirect interest and which were acquired for an aggregate purchase price of $18.6 million in a private placement that took place simultaneously with the consummation of the CCNB IPO, would become worthless. Such securities may have a higher value than $18.6 million (the price paid for such securities) at the time of the Business Combination, estimated to have an aggregate market value of $23.2 million based upon the closing price of $1.25 per public warrant on the NYSE on January 11, 2022;

• the fact that CCNB entered into the Forward Purchase Agreement with NBOKS, as amended by the NBOKS Side Letter, which provides for the purchase of up to 20,000,000 Forward Purchase Shares and 3,750,000 redeemable Forward Purchase Warrants to purchase one share of New CCNB Class A Common Stock, for an aggregate purchase price of $200 million, which investment will close concurrently with the Closing in accordance with the terms and subject to the conditions of the Forward Purchase Agreement (as amended by the NBOKS Side Letter);

• the fact that CCNB entered into the Backstop Agreement with NBOKS, as amended by the NBOKS Side Letter, whereby NBOKS agreed to (subject to (i) the availability of capital NBOKS has committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis and the other terms and conditions included therein and (ii) the terms of the Business Combination Agreement) at Closing, subscribe for shares of New CCNB Class A Common Stock at $10.00 per share to fund redemptions by shareholders of CCNB in connection with the Business Combination in an amount of up to $300,000,000;

• the fact that the Sponsor has entered into a commitment to invest an aggregate of $100 million in the PIPE Investment, pursuant to the terms of a Subscription Agreement entered among the Sponsor, CCNB and New CCNB;

• the fact that the Sponsor Group will pay an aggregate of $318,585,000, assuming no available Backstop, or up to $618,585,000 assuming full Backstop is subscribed for, for its investment in CCNB, as summarized in the table below. Following the consummation of the Business Combination, as a result of its previous investment in CCNB, the aggregate value of the Sponsor Group’s investment in New CCNB will be $822,871,820, based upon the respective closing prices of $9.88 per public share and $1.25 per public warrant on the NYSE on January 11, 2022:

(1) Excludes 2,558,000 shares of New CCNB Series B-1 Common Stock and 2,558,000 shares of New CCNB Series B-2 Common Stock held by the Sponsor following the Business Combination, which are each convertible into shares of New CCNB Class A Common Stock upon meeting certain vesting criteria as described in Shareholder Proposal 2: The Business Combination Proposal — Related Agreements — Sponsor Side Letter.

(2) Assumes that the full Backstop is subscribed for by NBOKS, and therefore this is the maximum amount of securities issued pursuant to the Backstop. To the extent not used, or used only partially, this number will be reduced.

(3) Excludes any New CCNB Warrants that may be issued upon conversion of Working Capital Loans.

- the fact that the Sponsor, CCNB’s officers and directors, and their respective affiliates are entitled to reimbursement for any out-of-pocket expenses incurred in connection with activities on CCNB’s behalf related to identifying, investigating, negotiating and completing an initial business combination. However, if CCNB fails to consummate a business combination by August 4, 2022, they will not have any claim against the Trust Account for reimbursement. Accordingly, CCNB may not be able to reimburse these expenses if the Business Combination or another business combination is not consummated within such period;
- the fact that the Sponsor and CCNB’s current officers and directors have agreed, for no additional consideration, to waive their rights to liquidating distributions from the Trust Account with respect to any Founder Shares held by them if CCNB fails to complete an initial business combination by August 4, 2022;
- the fact that the Registration Rights Agreement will be entered into by, among others, the Sponsor and the Independent Directors;
- the fact that, as of the date of the Business Combination Agreement, the Sponsor, the Founder Holders, the Independent Directors and certain other parties have entered into the Stockholders Agreement relating to, among other things, the composition of the New CCNB Board following the Closing (including certain governance rights granted to the Sponsor, including designation rights with respect to the New CCNB Board), certain voting provisions and lockup restrictions;
- the fact that Koch Financial Assets III, LLC (an affiliate of Koch Icon in a separately managed Koch business unit, which is a key equityholder of Getty Images whose consent was required to approve the Business Combination on behalf of Getty Images) is an anchor investor with a significant capital commitment to and a meaningful economic interest in NBOKS;
the fact that James Quella, a member of the CCNB Board, was appointed by an affiliate of a member of the Sponsor to serve as a director and on the compensation committee and audit committee of Dun & Bradstreet Corporation.

the fact that the Sponsor will benefit from the completion of a business combination and may be incentivized to complete an acquisition of a less favorable target company or on terms less favorable to shareholders rather than liquidate;

the fact that the Sponsor and its affiliates can earn a positive rate of return on their investment, even if other CCNB shareholders experience a negative rate of return in New CCNB;

the fact that CCNB’s directors and officers will be eligible for continued indemnification and continued coverage under a directors’ and officers’ liability insurance policy after the Business Combination and pursuant to the Business Combination Agreement; and

the fact that at the option of the Sponsor, an aggregate amount of $800,000 outstanding under a Working Capital Loan made by the Sponsor to CCNB on January 7, 2022 is repayable in full upon consummation of the Business Combination or, at the option of the Sponsor, be converted (in whole or in part) into Private Placement Warrants in connection with the consummation of the Business Combination, and such amount (including amounts due under the outstanding promissory note) will likely be written off if an initial business combination is not consummated by August 4, 2022.

In addition, certain persons who are expected to become members of the New CCNB Board after the completion of the Business Combination may have interests in the Business Combination that are different from, or in addition to, the interests of the CCNB Shareholders. See “Shareholder Proposal 2: The Business Combination Proposal — Interests of CCNB’s Directors and Officers and Others in the Business Combination” for additional information.

The Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote all of their Founder Shares and any public shares purchased during or after our IPO in favor of the proposals being presented at the Shareholders Meeting, including the Business Combination Proposal. As of the date of this proxy statement/prospectus, the Sponsor and the Independent Directors own, collectively, approximately 23.7% of our issued and outstanding CCNB Ordinary Shares, including all of the Founder Shares. Additionally, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to waive their Redemption Right with respect to any Founder Shares and any public shares they may hold in connection with the consummation of the Business Combination, and the Founder Shares will be excluded from the pro rata calculation used to determine the per-share redemption price.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) or their respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Required CCNB Shareholder Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Required CCNB Shareholder Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of such public shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its Redemption Right. In the event that the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) or their respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their Redemption Right, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Business Combination Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the Shareholders Meeting, vote in favor of the Domestication Merger Proposal, (3) otherwise limit the number of public
shares electing to redeem and (4) CCNB’s net tangible assets (as determined in accordance with Rule 3a51-1 (g)(1) of the Exchange Act) being at least $5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the Shareholders Meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be submitted at the Shareholders Meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

The existence of financial and personal interests of one or more of CCNB’s directors may result in a conflict of interest on the part of such director(s) between what he/she or they may believe is in the best interests of CCNB and its shareholders and what he/she or they may believe is best for himself/herself or themselves in determining to recommend that shareholders vote for the proposals. In addition, CCNB’s officers have interests in the Business Combination that may conflict with your interests as a shareholder.

Certain Engagements in Connection with the Business Combination and Related Transactions

Goldman Sachs and J.P. Morgan were each engaged by Getty Images to act as a financial advisor to Getty Images in connection with a potential business combination between CCNB and Getty Images, and will receive compensation in connection therewith. Neither Goldman Sachs nor J.P. Morgan provided any advice to CCNB, including, but not limited to, regarding the valuation of Getty Images or the terms of the business combination with Getty Images. CCNB and Getty Images have each signed a consent letter with Goldman Sachs acknowledging Goldman Sachs’ roles as financial advisor to Getty Images in connection with the Business Combination.

In addition, each of Goldman Sachs and J.P. Morgan (together with their respective affiliates) is a full service financial institution engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investing, hedging, market making, brokerage and other financial and non-financial activities and services. From time to time, Goldman Sachs and its affiliates have provided various investment banking and other commercial dealings unrelated to the potential business combination between CCNB and Getty Images or the PIPE financing to Getty Images and its affiliates, and CCNB and its affiliates, and has received customary compensation in connection therewith. From time to time, J.P. Morgan and its affiliates have had investment banking and other commercial relationships with Getty Images unrelated to the business combination between CCNB and Getty Images for which J.P. Morgan and such affiliates have received customary compensation.

In addition, Goldman Sachs, J.P. CCNB’s units, Class A ordinary shares and warrants are currently traded on NYSE under the symbols “PRPB.U,” “PRPB” and “PRPB WS.” New CCNB intends to apply to list its common stock and warrants on the NYSE under the symbols “GETY” and “GETY WS,” respectively, upon the Closing.

Background of the Business Combination

CCNB is a blank check company incorporated on May 12, 2020 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses.

The terms of the Business Combination Agreement are the result of arm’s-length negotiations between CCNB and Getty Images and certain of its equityholders and their respective representatives. The following is a brief description of the background of these negotiations and summarizes the key meetings and events that led to the signing of the Business Combination Agreement. The following chronology does not purport to catalogue every conversation or communication among the parties to the Business Combination Agreement or their representatives.

On August 4, 2020, CCNB consummated its IPO resulting in the sale of 82,800,000 units, including 10,800,000 Units sold as a result of the full exercise of the underwriters’ over-allotment option. Each Unit consists of one CCNB Class A Ordinary Share, and one-fourth of one redeemable warrant. Each whole warrant entitles the holder to purchase one CCNB Class A Ordinary Share at an exercise price of $11.50 per share, subject to adjustment.

The Units were sold at an offering price of $10.00 per Unit, generating gross proceeds of $828,000,000 (before underwriting discounts and commissions and offering expenses). Simultaneously with the consummation of the IPO and the sale of the Units, CCNB consummated a private placement of 18,560,000 Private Placement Warrants at a price of $1.00 per Private Placement Warrant, issued to the Sponsor, generating gross proceeds of $18,560,000.

$828,000,000 of the net proceeds from the IPO and certain proceeds from the private placement with our Sponsor were deposited in the Trust Account established for the benefit of CCNB’s public shareholders.

Prior to the consummation of its IPO, neither CCNB, nor anyone on its behalf, selected a target business or had any substantive discussions, formal or otherwise, with respect to such a transaction with a target business.

After the IPO, CCNB commenced an active search for businesses and assets to pursue a business combination. Representatives of CCNB contacted and were contacted by numerous companies, advisors and other persons with respect to potential transactions. CCNB had contact with numerous potential transaction counterparties and/or their advisors, which (i) were positioned, operationally and financially, to be successful as a public company and would benefit from the increased ability to access capital that a public listing would provide, (ii) had a significant total addressable market and growth and expansion opportunities, (iii) were profitable or had significant potential to become profitable, (iv) had a strong and experienced management team, (v) had a business model in place designed to address risks and uncertainties associated with a changing economic environment and changes in the industries in which such companies operate and (vi) had a strong competitive differentiation. Throughout this period, representatives of CCNB engaged in discussions and reviewed materials with potential transaction counterparties.

CCNB evaluated numerous potential transaction counterparties in addition to Getty Images, and engaged in varying levels of discussions, negotiations and due diligence with respect to those companies based on, among other factors, interest from, and due diligence access granted by, such companies and the terms on which such companies were willing to consider a potential transaction with CCNB (including with respect to valuation). CCNB’s due diligence efforts with potential transaction counterparties (which included, in many instances, meetings with the senior management of the companies and their respective advisors) included, among other things, investigation and review of (depending on the company): business plan and financial projections (including assumptions, opportunities and risks underlying such plan and projections); historical and expected financial performance; macroeconomic trends impacting the business
and the industry in which it operates; competitive positioning versus comparable companies in the applicable industry; growth opportunities; performance history of the senior management team; the company’s technology and potential impact from trends in the overall economy and industry in which the company operates; regulatory environment; and benefits/challenges related to such company engaging in a potential transaction with CCNB and becoming a public company. Of the potential transaction counterparties, CCNB entered into confidentiality agreements with 36 potential targets (including Getty Images) and held varying levels of substantive preliminary discussions, including management meetings, with these potential targets regarding potential business combinations, including submissions of non-binding indications of interest with respect to approximately 11 of these potential acquisition targets.

CCNB ultimately determined not to proceed with any of its other potential acquisition opportunities for a variety of reasons, including because (i) the potential counterparty pursued an alternative transaction or strategy, (ii) the potential counterparty did not meet the valuation expectations of CCNB, (iii) based on initial due diligence findings conducted by CCNB management, the potential counterparty did not meet the expectations of CCNB in terms of business quality, growth opportunities or otherwise or (iv) CCNB concluded that the opportunity was not as well suited for CCNB (including as compared to the Getty Images business combination opportunity once CCNB was made aware of such opportunity).

In March 2021, Craig Peters, Chief Executive Officer of Getty Images, representatives of the Getty Family Stockholders and Koch Icon and the Getty Images Board discussed pursuing various strategic alternatives, including a financing to reduce indebtedness or a public transaction through a traditional initial public offering or a special-purpose acquisition company (“SPAC”) transaction.

In May 2021, Getty Images began having discussions with Goldman Sachs & Co. LLC (“Goldman Sachs”) and J.P. Morgan Securities LLC (“J.P. Morgan”) as potential financial advisors in connection with its consideration of strategic alternatives. With the assistance of Goldman Sachs and J.P. Morgan’s M&A Advisory Group, Getty Images considered both an equity private placement, the proceeds of which would be used to reduce indebtedness, and a SPAC transaction.

In June 2021, Goldman Sachs and J.P. Morgan facilitated the introduction to several potential providers of an equity private placement, including Neuberger Berman. In the Neuberger Berman Kantor Group’s normal course of business, Charles Kantor, a member of the CCNB Board and a Managing Director and Senior Portfolio Manager of Neuberger Berman, initially met with Craig Peters following an introduction by J.P. Morgan, on June 29, 2021, to discuss a potential equity investment in Getty Images in connection with a private investment by clients and accounts of Neuberger Berman (outside of NBOKS). During the course of those discussions, Mr. Kantor considered that Getty Images would be a good candidate for a SPAC transaction as that would provide sizable proceeds for an upfront deleveraging as opposed to a private financing followed by a traditional initial public offering, and discussed the same with Mr. Peters and J.P. Morgan, including CCNB as a potential transaction partner. Mr. Kantor subsequently informed CCNB of Getty Images as a potentially interesting candidate for a transaction with CCNB.

At the request of Getty Images, on July 28, 2021, Brett Watson, a director of Getty Images and President of Koch Icon, sent an email to Chinh E. Chu, Chief Executive Officer of CCNB, Douglas Newton, Executive Vice President, Corporate Development of CCNB and Matthew Skurbe, Chief Financial Officer of CCNB, to discuss facilitating an initial introduction with Getty Images. On July 29, 2021, Goldman Sachs and J.P. Morgan met with Getty Images and representatives of the Getty Family Stockholders and Koch Icon to discuss the formal pursuit of a SPAC transaction and a list of potential SPAC candidates for Getty Images, which list included CCNB.

On July 30, 2021, Messrs. Chu, Newton and Skurbe had a call with Koch Icon personnel, including Brett Watson, to discuss Getty Images and facilitate an introduction to Getty Images’ financial advisors.

In August 2021, Getty Images engaged Goldman Sachs and J.P. Morgan as financial advisors in connection with its consideration of strategic alternatives.

On August 9, 2021, CCNB and Getty Images executed a confidentiality agreement, and subsequently Getty Images and its advisors began to share additional information regarding its business with CCNB. On the same day, Craig Peters and Milena Alberti-Perez, Getty Images’ then Senior Vice President and Chief Financial Officer, had a telephonic meeting with Messrs. Newton and Kantor, describing Getty Images, its
industry, financial performance, growth opportunities, competitive positioning and management team. Later that day, Getty Images provided CCNB and its representatives with access to a virtual data room and otherwise began providing business and financial due diligence materials to CCNB and its advisors in connection with CCNB’s evaluation of a potential business combination transaction.

From and after such time, CCNB and its representatives conducted key business and financial diligence, including on August 19, 2021 when Getty Images had a telephonic meeting with CCNB to provide an overview of their various offerings, in the form of a product demo, and on August 20, 2021, Getty Images had a telephonic meeting with CCNB to provide responses to initial diligence questions.

On August 24, 2021, a financial model consisting of Getty Images’ financial forecasts for fiscal years 2021 through 2023 prepared by Getty Images’ management team was uploaded to the online data room for CCNB. Please see the section of this proxy statement/prospectus entitled “— Certain Getty Images Projected Financial Information” for more information on the Getty Images Forecasted Financial Information used by the CCNB Board in connection with the evaluation of the transaction.

Over the course of the week of August 23, 2021, representatives of CCNB, Rothschild & Co US Inc. (“Rothschild”), CCNB’s financial advisor, Getty Images, Goldman Sachs and J.P. Morgan’s M&A Advisory Group, and Berenson & Company LLC, the Getty Family Stockholders’ financial advisor, held several discussions regarding the terms of a potential business combination transaction as part of an overall process conducted by Getty Images with respect to a transaction with a SPAC partner, including (i) the consideration to be received by existing Getty Images Equityholders, (ii) the size of any PIPE financing and expected participation of certain third-party investors in the PIPE financing, if any, (iii) post-closing governance rights, including board composition and a potential dual-class capital structure with high vote shares, (iv) potential concessions to be made by the Sponsor with respect to its Founder Shares (including conversion of Founder Shares into earn-out shares) and (v) potential exclusivity following entry by the parties into a letter of intent. As part of these discussions, the parties also discussed the scope and process for CCNB’s due diligence review of Getty Images in connection with its evaluation of the potential transaction, as well as the overall timeline and process with respect to a potential transaction.

Throughout the month of August 2021, representatives from CCNB and Getty Images and their financial advisors held telephonic due diligence sessions for purposes of furthering CCNB’s business and financial due diligence with respect to Getty Images. CCNB conducted preliminary business and financial due diligence with respect to Getty Images and researched Getty Images’ market outlook. As part of this process, CCNB conducted initial and follow-up conversations with advisors to assist with its due diligence review focused on topics including financial and commercial/market due diligence, among others. Additionally, CCNB conducted several conference calls and meetings with financial advisors regarding equity capital markets and demand for publicly traded visual media companies, current and historical valuation metrics, and public company comparables.

As part of Getty Images’ review of strategic alternatives, Getty Images approached multiple potential counterparties, including CCNB, and provided to CCNB and certain other potential counterparties a form of non-binding term sheet on August 23, 2021 (the “Term Sheet”). Getty Images instructed the potential counterparties, including CCNB, that a preliminary bid and markup of the Term Sheet was due on September 1, 2021.

On September 1, 2021, CCNB submitted to Getty Images a markup of the Term Sheet regarding a business combination between CCNB and Getty Images, with key transaction terms, including a proposed $4.4 – $4.5 billion enterprise value of Getty Images. The valuation was based on 13.00x and 13.25x, respectively, Getty Images’ projected 2022 adjusted EBITDA (including $10 million of public company costs) of $341 million, and assumed certain levels of debt, cash and transaction expenses. CCNB’s use of the 13.00x and 13.25x multiples was based on its review of comparable companies, its view of Getty Images’ appropriate trading range, diligence to date, and the M&A and capital markets expertise of CCNB’s officers. In addition, the combined company was required to pay down debt at the Closing to agreed targeted leverage levels of 3.5x net debt / 2022E EBITDA (excluding $50 million of cash that was not given credit in the net debt calculation). The total consideration included $400 million in cash (payable solely to Getty Images’ preferred stockholder) and approximately 188 to 196 million shares of New CCNB common stock (based on a $10 per share value of shares of New CCNB common stock) (issuable to Getty Images’ common stockholders).
and preferred stockholders and holders of vested options (upon the exercise thereof), which assumed, among other things, proceeds from a $150 million PIPE financing (including commitment by the Sponsor of up to $75 million). The draft Term Sheet also provided for a potential dual-class capital structure with high vote shares to be issued, upon Getty Images’ request, to the Getty Family Stockholders and certain of their related persons, which CCNB noted was subject to further discussion given expected impacts to valuation.

Additionally, the Term Sheet provided for (i) a post-closing incentive equity plan on customary terms for a public company in New CCNB’s industry, including an initial share reserve equal to 10% of the issued and outstanding shares of New CCNB Common Stock, (ii) 2.6 million (approximately 10% of the shares held by the Sponsor being converted into an earn-out in the form of a new class of restricted shares of New CCNB Common Stock which would vest upon New CCNB stock reaching a five-day VWAP of $13.50 per share post-closing (or in connection with a change of control or liquidation), (iii) the post-closing board of directors of the combined company and related go-forward nomination rights to be determined collaboratively by the Sponsor, New CCNB, Getty Images and its existing stockholders, and to include such number of independent directors as required by applicable law or exchange requirements, (iv) a 12-month lock-up period for the Sponsor and a 180-day lock-up period for Getty Images Equityholders, and (v) a binding mutual 30-day exclusivity period.

Between September 1, 2021 and September 17, 2021, representatives of CCNB and Getty Images engaged in discussions regarding the terms of the Term Sheet, and exchanged markups of the Term Sheet reflecting their respective positions, including through Kirkland & Ellis LLP (“Kirkland”), CCNB’s legal counsel, and Weil, Gotshal & Manges LLP (“Weil”), Getty Images’ legal counsel. The topics discussed and provisions negotiated included, among other things (i) justification of the valuation proposed by CCNB, (ii) the cash/stock mix of the consideration, including that cash would be cut back to the extent the minimum cash condition was waived, (iii) the size and commitments of the PIPE financing (including commitments by the Sponsor of up to $100 million and the Getty Family Stockholders of up to $50 million for a total PIPE financing of up to $150 million unless upsized prior to execution of the Business Combination Agreement), (iv) dual-class capital structure with high vote shares (which was agreed by the Getty Family Stockholders to be deleted in connection with the negotiation of the go-forward governance terms), (v) minimum cash required at closing, (vi) board composition, (vii) the size and term of earn-out for existing Getty Images’ Equityholders, (viii) the size and conversion terms of the shares held by the Sponsor that will be converted into an earn-out (whereby the Sponsor agreed to convert more of its Founder Shares into earn-out and revise the vesting terms) and (ix) additional due diligence required and overall timing required to sign a definitive transaction. Getty Images and CCNB also negotiated the terms of an acceptable consideration package, which was reflected in the Term Sheet described below. In connection with the negotiation of the Term Sheet, representatives of CCNB also held discussions with various representatives of the Getty Family Stockholders and Koch Icon, Getty Images’ majority equityholders regarding a potential business combination and key financial terms, including valuation, sources and uses, and the form of consideration to be delivered to existing equityholders.

During the same period of time and prior to the execution of the Term Sheet by CCNB, representatives of CCNB shared materials with members of the CCNB Board providing an overview of the proposal and Messrs. Newton and Kantor provided ongoing updates to all other members of the CCNB Board about the potential business combination with Getty Images (including negotiations with its majority equityholders, the Getty Family Stockholders and Koch Icon) and the preliminary transaction terms being negotiated in the Term Sheet, including an update on September 14, 2021 reflecting CCNB’s diligence as of such time and status of Term Sheet negotiations. During the discussions, the Board agreed that based on, among other considerations, the experience and performance history of Getty Images’ senior management team, Getty Images’ historical and projected profitability and opportunity for growth acceleration, the attractiveness of the visual content space demonstrated by historically strong growth trends that are expected to accelerate and Getty Images’ differentiated, high quality and exclusive content, sourced through strong relationships with successful content partners and contributors and Getty Images’ own staff photographers, and the then-current findings of CCNB’s ongoing diligence, that a transaction with Getty Images was the most attractive opportunity of the various potential targets CCNB was then-exploring, and that CCNB should proceed with finalizing Term Sheet negotiations and entering into a non-binding Term Sheet (including a binding mutual exclusivity provision in consideration of the time, effort and expense to be undertaken by both parties in connection with the proposed business combination) with respect to a transaction with Getty Images.
On September 17, 2021, CCNB and Getty Images executed the Term Sheet, which reflected, among other things, the following final negotiated terms: (i) a $4.8 billion enterprise value of Getty Images, (ii) a debt pay down by the combined company at the Closing to a leverage level to be agreed between the CCNB and Getty Images in the range of 3.75x-4.0x net debt / 2021E EBITDA with no preferred equity outstanding following the Business Combination, (iii) a total consideration to Getty Images’ Equityholders consisting of $535 million in cash payable solely to the holder of Getty Images’ Preferred Shares and approximately $2.288 billion (which included the $150 million equity rollover of Getty Images’ Preferred Stockholders) in New CCNB common stock (based on a $10 per share value of New CCNB common stock) (issuable to Getty Images Stockholders and holders of vested Getty Images Options (upon the exercise thereof)), which assumed, among other things, proceeds from a $150-250 million PIPE financing (including commitments by the Sponsor and the Getty Family Stockholders of up to $150 million, satisfying the anticipated PIPE financing amount required for sufficient transaction proceeds to achieve target net leverage, (iv) an earn-out for Getty Images’ Equityholders of up to 65 million shares of New CCNB Class A Common Stock (one-third (1/3) of which would vest upon the price of New CCNB Class A Common Stock reaching $12.50 per share, one-third (1/3) of which would vest upon the price of New CCNB Class A Common Stock reaching $15.00 per share and the remaining one-third (1/3) would vest upon the price of New CCNB Class A Common Stock reaching $17.50 per share) during a period of ten years post-closing (or in connection with a change of control transaction in which the price per share paid in such transaction exceeds any of the foregoing stock price targets), (v) a minimum cash condition of no less than $950 million, (vi) a post-closing incentive equity plan on customary terms for a public company in New CCNB’s industry, (vii) 20% of the Founder Shares being converted into an earn-out in the form of new class of restricted shares of New CCNB common stock (50% of which would vest upon the price of New CCNB Class A Common Stock reaching $12.50 per share and the remaining 50% would vest upon the price of New CCNB Class A Common Stock reaching $15.00 per share) during a period of 10 years post-closing (or in connection with a change of control transaction in which the price per share paid in such transaction exceeds any of the foregoing stock price targets), (viii) no dual class high vote structure, (xi) the post-closing board of directors of New CCNB consisting of one director designated by the Sponsor, three directors designated by Getty Investments, two directors designated by Koch Icon, the Chief Executive Officer of Getty Images and such number of independent directors as required by applicable law or exchange requirements as mutually agreed by Getty Investments and the Sponsor, (x) a 12-month lock-up period for the Sponsor and a 6-month lock-up period for Getty Images Equityholders, and (xi) a binding mutual 30-day exclusivity period.

Following the entry into the Term Sheet with Getty Images, and consistent with the exclusivity obligations on CCNB set forth therein, CCNB terminated discussions with all parties with whom CCNB had been having preliminary discussions and Getty Images terminated discussions with all Getty Images’ alternate transaction partners.

On September 24, 2021, representatives of Kirkland sent to Weil a due diligence request list for purposes of completing its legal due diligence review of Getty Images.

Over the course of the following weeks, CCNB’s advisors, including Rothschild, PricewaterhouseCoopers LLP (“PwC”), CCNB’s accounting and tax advisor, Crosslake Technologies (“Crosslake”), CCNB’s technology advisor, McKinsey & Company (“McKinsey”), CCNB’s market consultant, and Marsh USA Inc. (“Marsh”), CCNB’s insurance consultant, continued to conduct diligence regarding Getty Images’ business, including Getty Images’ overall addressable market, the commercial viability of Getty Images’ business plan and certain revenue, operating and cost variables underlying the Getty Images Forecasted Financial Information.

On September 20, 2021, Getty Images opened a virtual data room containing additional due diligence materials to CCNB and its advisors, and from September 17, 2021 through December 9, 2021, CCNB and its advisors, including Rothschild, Kirkland, PwC, Crosslake and Marsh continued to conduct a due diligence review of Getty Images’ business, including holding numerous diligence sessions with Getty Images’ management team and senior management team, which sessions were also attended by Getty Images’ advisors, including Goldman Sachs, J.P. Morgan’s M&A Advisory Group and Weil.

On September 22, 2021, representatives of Kirkland and Weil held a telephonic meeting to discuss deal documentation and align on legal work streams. On September 29, 2021, representatives of Kirkland held a legal due diligence call with Getty Images management.
On October 14, 2021, the CCNB Board met virtually to further discuss the terms of a potential transaction with Getty Images and to receive an update on the status of the ongoing business and financial due diligence review of Getty Images, with representatives of Rothschild and Kirkland in attendance for all or a portion of the meeting. During the meeting, representatives of the Sponsor and Rothschild provided an overview of valuation and preliminary business and financial due diligence findings to date, and a discussion ensued during which members of the CCNB Board asked various questions regarding such preliminary diligence findings and diligence focus areas, which were answered. The CCNB Board also discussed fiduciary duties, transaction timeline, the status of key transaction workstreams, including with respect to engagement with existing investors and the potential PIPE financing process (including commitments by the Sponsor and the Getty Family Stockholders) and any actual or perceived conflicts given the participation of Koch Icon as an equityholder in Getty Images while Koch Financial Assets III, LLC, an affiliate of Koch Icon in a separately managed Koch business unit, is an indirect, non-governing investor in the Sponsor (through an investment in NBOKS) (determining that no conflict of interest existed with respect to the members of the CCNB Board following discussion and disclosure of Koch Financial Assets III, LLC economic investment in NBOKS). The CCNB Board also discussed the retention of a reputable independent financial advisor to provide valuation analyses as well as an opinion regarding the fairness, from a financial point of view, of the consideration to be paid by CCNB in connection with a business combination with Getty Images. Following discussion, including with respect to the identity of potential independent financial advisors, the CCNB Board directed CCNB’s management to have discussions with Solomon regarding a potential engagement with respect to such opinion. The CCNB Board then reviewed and discussed the contemplated engagement of Rothschild as lead financial advisor for CCNB in connection with a business combination with Getty Images, and the terms thereof, as well as estimated transaction fees and expenses.

On October 18, 2021, Kirkland distributed the first draft of the Sponsor Side Letter to Weil, setting forth, among other things, the conversion of 5,140,000 Founder Shares into earn-out based securities.

On October 25, 2021, CCNB and Getty Images jointly engaged Credit Suisse Securities (USA) LLC ("Credit Suisse"), Goldman Sachs, J.P. Morgan’s Equity Capital Markets Group and Citigroup Global Markets Inc. ("Citigroup") as co-placement agents for any third-party PIPE Investment (collectively, the "Placement Agents") to the extent such incremental third party financing were to be committed pre-signing, given their expertise in Getty Images’ industry. The CCNB Board reviewed and discussed the engagement of Goldman Sachs and J.P. Morgan’s Equity Capital Markets Group as Placement Agents, and such engagement was contemplated notwithstanding Goldman Sachs’ and J.P. Morgan’s M&A Advisory Group’s existing roles as financial advisors to Getty Images in connection with the proposed business combination.

During the period following the execution of the Term Sheet through execution of the definitive documents, representatives of CCNB’s management kept the CCNB Board apprised as to the status of negotiations with Getty Images, the status of the due diligence conducted on Getty Images, the status of engagement with existing CCNB investors or potential future investors (including the possibility of pre- or post-signing investment in the combined company) and the timeline for executing on a definitive business combination with Getty Images.

On November 6, 2021, Kirkland distributed the first draft of the Business Combination Agreement to Weil. Between November 6, 2021 and December 9, 2021, Kirkland and CCNB, on the one hand, and Weil and Getty Images, on the other hand, exchanged drafts of the Business Combination Agreement and engaged in negotiations of such agreements. The various revised drafts of the Business Combination Agreement reflected the parties’ respective positions on, among other matters (i) a capital structure with one vote per common share, (ii) the overall suite of representations, warranties and covenants to be provided by each party under the Business Combination Agreement and the related ancillary documents, (iii) the transaction structure, (iv) the terms of the earn-out consideration payable to Getty Images’ Equityholders, (v) the mechanics of the consideration to be paid to the existing Getty Images Equityholders, including the consideration to be paid to the Getty Images’ preferred stockholder, consisting of a fixed amount of shares with the balance of the preferred consideration to be paid in cash, subject to adjustment in accordance with the terms of the Business Combination Agreement, (vi) the closing condition in favor of Getty Images relating to available cash and level of debt at closing (after taking into account, among other things, any new debt financing obtained by Getty Images and redemptions of CCNB’s stock), and the inability of Getty Images to waive such condition to the extent net leverage would be in excess of the agreed maximum net
leverage level at closing and (vii) the termination and/or modification of certain existing related party contracts between the Getty Family Stockholders and Getty Images, including the modifications to the Fourth Amendment to the Restated Option Agreement.

On November 23, 2021, Weil distributed to Kirkland an initial draft of the Stockholders Agreement which was prepared by Paul, Weiss, Rifkind, Wharton & Garrison LLP ("Paul Weiss") as counsel to the Getty Family Stockholders, and Weil, and which set forth, among other things, provisions with respect to New CCNB’s post-closing governance (including representation on New CCNB’s board of directors, board nomination rights, and standards for the fall-away of such rights), lock-up provisions, and certain other governance provisions. On December 3, 2021, Weil provided an initial draft of the Registration Rights Agreement, setting forth certain demand, registration and piggy-back rights, and rights related to expense reimbursement. On December 3, 2021, Paul Weiss provided an initial draft of the Fourth Amendment to the Restated Option Agreement, which provided that, among other things, the Restated Option Agreement would terminate to the extent the Getty Family Stockholders no longer hold 20% (or greater) of the total number of New CCNB Shares held by the Getty Family Stockholders (together with their successors and permitted transferees) as of immediately following the Closing (only including the shares issued as merger consideration and excluding any shares purchased by the Getty Family Stockholders in the PIPE Investment).

During the month of November and through the signing of the transaction, the parties negotiated the final forms of the ancillary agreements, including with respect to the waiver of anti-dilution protection by the Sponsor in the Sponsor Side Letter in addition to the conversion of Founder Shares, the scope of locked up equity, fall away for governance rights of the parties and rights with respect to New CCNB’s board of directors and related matters and the conditions upon which the Restated Option Agreement would terminate or the negotiated amendment to such Fourth Amendment to the Restated Option Agreement would terminate. For further information related to the final resolution of the foregoing items, please see the sections of this proxy statement/prospectus entitled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement” for a description of the material terms of the Business Combination Agreement and “Shareholder Proposal 2: The Business Combination Proposal — Related Agreements for a description of the material terms of the Subscription Agreement, the Stockholders Agreement, the Sponsor Side Letter, the Warrant Assumption Agreement, the NBOKS Side Letter and the Fourth Amendment to Restated Option Agreement. The negotiations also included counsel to NBOKS, Proskauer Rose LLP, with respect to the terms of the Sponsor Side Letter and the NBOKS Side Letter and counsels to certain of the key equityholders in Getty Images, including Jones Day as counsel to Koch Icon and Paul Weiss, with respect to the terms of the Stockholders Agreement and Fourth Amendment to Restated Option Agreement, their consent rights with respect to amendments and waivers with respect to the Business Combination Agreement and certain other matters (including representation on the New CCNB’s board of directors).

From November 8, 2021 through December 9, 2021, Kirkland, Weil and Sullivan & Cromwell LLP (“S&C”), counsel to the Placement Agents, exchanged drafts of the form of PIPE Subscription Agreement to be used in the PIPE Investment by the Sponsor and Getty Images, as well as by potential third party investors to the extent incremental PIPE provided by third parties were to be committed prior to execution of definitive documents. Kirkland, Weil and S&C negotiated the terms of the Subscription Agreements, particularly with respect to the conditions to closing the PIPE Investment, the representations and warranties of CCNB and the investors party thereto, the registration rights to be granted to the PIPE investors and the termination provisions set forth in the form of Subscription Agreement. Certain existing equityholders and potential future equityholders of CCNB or New CCNB, as applicable, in connection with a market check and investor education regarding the transaction and potential pre- or post-signing investment in New CCNB, were provided with a draft subscription agreement and information for due diligence purposes with respect to Getty Images and the proposed Business Combination. Kirkland, Weil and S&C responded to follow up questions and comments from such potential investors related thereto.

On each of October 18, 2021, November 1, 2021 and November 15, 2021, the parties agreed to extend the exclusivity period set forth in the Term Sheet through November 1, 2021, November 15, 2021 and December 9, 2021, respectively, based on the parties’ continued progress towards execution of definitive transaction documentation.
On November 18, 2021, the CCNB Board met virtually to further discuss the terms of a potential transaction with Getty Images and to receive an update on the status of negotiations with Getty Images and on the engagement with existing and potential investors as well as the status of the ongoing business and financial due diligence review of Getty Images, transaction timeline and the status of key transaction workstreams, with representatives of Rothschild, Solomon and Kirkland in attendance for all or a portion of the meeting. During the meeting, representatives of Rothschild and CCNB management team provided an overview of valuation and subsequent business and financial due diligence findings to date, and a discussion ensued during which members of the CCNB Board asked various questions regarding financing and investor engagement, subsequent diligence findings and diligence focus areas, which were answered.

Representatives of Solomon then provided an overview of the potential engagement of Solomon, including the scope and process of the potential opinion regarding the fairness, from a financial point of view, of the consideration to be paid by CCNB in connection with a business combination with Getty Images. Following such discussions, members of the CCNB Board discussed Solomon’s qualifications to serve as independent financial advisor and the terms of Solomon’s potential engagement. Following this and subsequent discussions, including Solomon’s agreeing to waive its right under a fee sharing agreement with an affiliate of Solomon to receive a portion of the deferred underwriting fees payable by CCNB to such affiliate in connection with the consummation of CCNB’s business combination, on December 7, 2021, CCNB engaged Solomon to act as an independent financial advisor. For more information about Solomon’s opinion, please see the section of this proxy statement/prospectus titled “Shareholder Proposal 2: The Business Combination Proposal — Opinion of Solomon, Partners Securities, LLC.”

On November 24, 2021, the CCNB Board met virtually to continue its discussion and evaluation of the potential business combination with Getty Images, with representatives of Kirkland in attendance for all or a portion of the meeting. During such meeting, representatives of CCNB’s management reviewed with the CCNB Board the Getty Images Forecasted Financial Information, including a detailed review of the key components of the Getty Images Forecasted Financial Information and the material assumptions used by Getty Images’ management in preparing the base projections used by CCNB management in preparing the Getty Images Forecasted Financial Information, and the CCNB management team’s assumptions in finalizing such model. Representatives of CCNB’s management then reviewed with the CCNB Board the results of the business, financial and legal due diligence findings conducted to date, including with respect to Getty Images’ overall addressable market, the commercial viability of Getty Images’ business plan and certain revenue, operating and cost variables underlying the Getty Images Forecasted Financial Information. A discussion ensued between members of the CCNB Board and representatives of CCNB’s management with respect to the key components of the Getty Images Forecasted Financial Information and the strategic rationale of a business combination with Getty Images. As part of this discussion, members of the CCNB Board asked various questions to representatives of CCNB’s management, which were answered. Following the discussion, on November 28, 2021, the Getty Images Forecasted Financial Information were provided to Solomon.

From November 24, 2021 through December 8, 2021, CCNB and its advisors finalized their due diligence review of Getty Images, and the parties continued to negotiate the terms of the final documentation with respect to the Business Combination, including the Business Combination Agreement, the Stockholders Agreement, the Sponsor Side Letter, the Fourth Amendment to Restated Option Agreement and the other ancillary agreements contemplated by the Business Combination Agreement. Among other things, the parties also finalized the terms of the earn-out consideration payable to Getty Images Equityholders, the change of the minimum cash condition provided in the Term Sheet to a maximum net leverage condition and related provision that such condition could not be waived by Getty Images unless resulting net leverage would not be greater than an agreed amount, the ability of CCNB to solicit Permitted Equity Financing (which is incremental PIPE Investment) between signing and closing, post-closing governance matters (including representation on New CCNB’s board of directors and rights with respect to independent directors), post-closing incentive equity plan and certain other matters.

On December 7, 2021, CCNB discussed the agreed valuation set forth in the Term Sheet with the Getty Images management team, and whether any revision down in valuation was warranted given then-current conditions in the overall market and trading price of Getty Images and the CCNB Board continued to believe that the agreed valuation was fully supported by the financial and other diligence performed on Getty Images by itself and its advisors. The parties engaged in discussions with respect
to valuation and the best positioning of New CCNB following the consummation of the transaction. Following these discussions, the parties determined to maintain the valuation agreed in the Term Sheet, but in order to ensure for the benefit of CCNB’s Shareholders that New CCNB would be well capitalized at closing, the parties agreed that CCNB could not be forced to close into an overleveraged transaction, and, therefore, Getty Images was not permitted to waive the maximum net leverage condition unless the Getty Family Stockholders or affiliates of Koch Icon (or other designees of Getty Images) provided incremental financing to New CCNB on the same terms as any Permitted Equity Financing so that net leverage was not in excess of the maximum agreed amount.

On December 8, 2021, CCNB, Getty Images and their respective representatives confirmed that the final proposed aggregate amount of the contemplated PIPE Investment would be $150 million, consisting entirely of committed subscription amounts by the Sponsor and Getty Investments; provided that, following discussions with existing and prospective equity investors the parties anticipated there could be potential upside in this PIPE Investment (in the form of Permitted Equity Financing) from third-party investors following signing (which was expressly permitted by the Business Combination Agreement). On December 9, 2021, a final version of the Subscription Agreement was distributed to the Sponsor and Getty Investments, which reflected the outcome of negotiations between the parties. Later that day, the Sponsor and Getty Investments confirmed their acceptance thereof, and delivered executed Subscription Agreements, to be released in connection with the execution of the definitive Business Combination Agreement.

On December 8, 2021, the CCNB Board met virtually to discuss and evaluate the terms of the potential business combination with Getty Images, with representatives of Rothschild, Solomon and Kirkland in attendance for all or a portion of the meeting. During such meeting, representatives of Kirkland reviewed with members of the CCNB Board (i) their fiduciary duties in connection with the potential transaction, (ii) conflicts disclosure with respect to interests of certain parties in the transaction (including Rothschild, Solomon, the members of the CCNB Board and the Sponsor and its affiliates), (iii) the material terms of the Business Combination Agreement and of the other key transaction documents and (iv) the resolutions they would be asked to approve if the CCNB Board determined to approve the transaction. As part of this discussion, the CCNB Board received a summary of disclosures with respect to potential conflicts of interests of the members of the CCNB Board, and the CCNB Board reviewed relationship disclosure letters provided by each of Rothschild and Solomon (including a disclosure memorandum provided by Solomon to CCNB dated November 24, 2021 which indicated, among other things, (i) that under a fee sharing agreement with an affiliate of Solomon, upon consummation of the Business Combination, Solomon would have been entitled to receive a portion of the deferred underwriting fee payable to such affiliate in connection with CCNB’s IPO but for the fact that Solomon had agreed to waive its right to receive the amount payable to it under such fee sharing agreement, and (ii) that during the two year period prior to the date of Solomon’s disclosure memorandum, Solomon had not received any investment banking fees from, among other related parties, any of Griffey Investors, L.P., Griffey Global Holdings, Inc., Griffey Holdings, Inc., Griffey Midco (DE), LLC, Abe Investment Holdings, Inc., Getty Images, Inc., Getty Investments L.L.C., The October 1993 Trust, The Options Settlement, Mark H. Getty / Mark Getty, Koch Icon, Koch Equity Development, or Koch Financial Assets III, LLC), which had been circulated to the CCNB Board prior to the meeting. The CCNB Board also discussed the potential participation by the Sponsor and Getty Investments in the PIPE financing and received an update regarding the final PIPE subscription amounts of $150 million, consisting entirely of committed PIPE subscription amounts by the Sponsor and Getty Investments, and following discussion on market conditions and developments relating to special purpose acquisition companies and the PIPE market as well as the level of indications received from prospective investors in the combined company, the CCNB Board resolved to proceed with an aggregate amount of the contemplated PIPE financing of $150 million, consisting entirely of committed PIPE subscription amounts by the Sponsor and Getty Investments, understanding that CCNB was permitted to raise additional financing in the form of Permitted Equity Financing following signing in an amount up to $200 million. The members of the CCNB Board discussed the terms of the Business Combination Agreement and ancillary agreements with Kirkland and the other advisors present. Then representatives from Solomon reviewed with the CCNB Board Solomon’s financial analysis of the proposed consideration to be paid by CCNB in the Business Combination, by reference to materials previously provided to the CCNB Board, and noted that Solomon was prepared to deliver to the CCNB Board an opinion with respect to the fairness, from a financial point of view, to CCNB of the aggregate Merger Consideration (as defined in Solomon’s written opinion) to be paid by CCNB to Company Equityholders (as defined in Solomon’s written opinion) pursuant to the
The members of the CCNB Board asked questions of Solomon with respect to its analysis, and the analysis was discussed. Following Solomon’s analysis, the members of the CCNB Board and the representatives present discussed the proposed transaction, remaining open items, and the process to approve the transaction.

During the course of December 8, 2021 and December 9, 2021, the parties discussed and agreed on the final terms of the Business Combination Agreement and the ancillary documents.

On December 9, 2021, the CCNB Board met virtually to evaluate and act on the proposed final terms of the potential business combination with Getty Images, with representatives of Rothschild, Solomon and Kirkland in attendance for all or a portion of the meeting. The CCNB Board discussed any key updates since the occurrence of the December 8, 2021 meeting. Next, a representative from Solomon rendered Solomon’s oral opinion to the CCNB Board (which was confirmed in writing by delivery of Solomon’s written opinion dated the same date) to the effect that, as of such date, and subject to the various assumptions, considerations, qualifications and limitations set forth in its written opinion, the aggregate Merger Consideration (as defined in such opinion) derived from the Transaction Equity Value to be paid by CCNB to Company Equityholders (as defined in such opinion) pursuant to the Business Combination Agreement is fair, from a financial point of view, to CCNB. Following further discussion, upon a motion duly made and seconded, the CCNB Board, among other things, unanimously (i) declared it advisable, to enter into the Business Combination Agreement and the ancillary agreements to which CCNB is or will be a party and the other transactions contemplated hereby and thereby (including the Mergers), (ii) adopted and approved the execution, delivery and performance by CCNB of the Business Combination Agreement and the ancillary agreements to which CCNB is or will be a party and the other transactions contemplated hereby and thereby (including the Mergers), (iii) resolved to recommend that the CCNB shareholders entitled to vote thereon vote in favor of the approval of the Business Combination Agreement and other proposals related thereto, and (iv) directed that such proposals, including the proposal to approve the Business Combination Agreement, be submitted to the CCNB shareholders for approval.

On the evening of December 9, 2021, the parties executed and delivered the Business Combination Agreement and certain other transaction documents, including the Subscription Agreements, the Sponsor Side Letter, the Stockholders Agreement, the Fourth Amendment to the Restated Option Agreement and certain other ancillary agreements contemplated thereby. On the morning of December 10, 2021, prior to the opening of trading on the NYSE, CCNB and Getty Images announced the execution of the Business Combination Agreement and the contemplated Business Combination.

On December 19, 2021, a prospective institutional investor indicated to CCNB that it wished to subscribe for approximately $75 million that would be considered a Permitted Equity Financing under the Business Combination Agreement. Over the course of the week of December 20, 2021, Kirkland and Weil exchanged drafts of the form of Permitted Equity Subscription Agreement for such incremental PIPE. Kirkland and Weil collectively negotiated the terms of the Permitted Equity Subscription Agreement with the prospective investor, particularly with respect to the conditions to closing the Permitted Equity Financing and the representations and warranties of CCNB set forth in the form of Permitted Equity Subscription Agreement, and Kirkland and Weil responded to follow up questions and comments from such prospective PIPE investor related thereto. On December 27, a final version of the Permitted Equity Subscription Agreement was distributed to such prospective investor, which reflected the outcome of negotiations between the parties and such prospective investor. On December 28, 2021, such prospective PIPE investor confirmed its acceptance thereof, and delivered an executed Subscription Agreement.

The CCNB Board, in evaluating the Business Combination, consulted with CCNB’s management and financial, legal and other advisors. In reaching its unanimous resolution (i) that it was advisable, to enter into the Business Combination Agreement and the ancillary documents to which CCNB is or will be a party and to consummate the transactions contemplated thereby (including the Mergers), (ii) to adopt and approve the execution, delivery and performance by CCNB of the Business Combination Agreement, the ancillary documents to which CCNB is or will be a party and the transactions contemplated thereby (including the Mergers), (iii) to recommend that the CCNB Shareholders entitled to vote thereon vote in favor of the approval of the Business Combination Agreement and other proposals related thereto, and (iv) that such
proposals, including the proposal to approve the Business Combination Agreement, be submitted to the CCNB Shareholders for approval, the CCNB Board considered a range of factors, including, but not limited to, the factors discussed below. In light of the number and wide variety of factors considered in connection with its evaluation of the Business Combination, the CCNB Board did not consider it practicable to, and did not attempt to, quantify or otherwise assign relative weights to the specific factors that it considered in reaching its determination and supporting its decision. The CCNB Board viewed its decision as being based on all of the information available and the factors presented to and considered by it. In addition, individual directors may have given different weight to different factors. This explanation of the CCNB Board’s reasons for the Business Combination and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under “Cautionary Note Regarding Forward-Looking Statements.”

Before reaching its decision, the CCNB Board discussed the material of its management’s due diligence activities, which included:

- Extensive meetings and calls with Getty Image’s management team regarding competitive landscape and positioning, content library, product and technology functionality and features, historical and projected financial performance, and the historical acquisition of Unsplash, amongst other topics;
- Evaluation of potential value-creation opportunities to develop a comprehensive value-add plan, including organic revenue growth acceleration with new and existing customers, new product offerings, increased marketing spend and international expansion, AI / ML and data and analytics opportunities to enhance the customer experience and value proposition, leveraging our management’s experience with other data and analytics market leaders, pursuit of strategic partnerships and NFT monetization opportunities, tuck-in and transformative acquisitions, and appropriate investor communications strategies and alignment with environment, social and governance goals leveraging both Neuberger Berman’s and Getty Images’ extensive resources;
- Research on the global creative economy, with the assistance of a leading global third-party consulting firm specifically focused on the global pre-shot image and video industry, including historical and projected growth trends, competitive landscape, customer perceptions, pricing, and video and editorial trends, among other topics;
- Calls with industry experts, including former and current executives of competitors and customers;
- Evaluation of NFT monetization opportunities with the assistance of third-party advisors and leading thinkers in the NFT space with whom our management has relationships;
- Technical review of software architecture, AI / ML, infrastructure, integration, corporate IT services, security & privacy, and other key components of Getty Images’ technological infrastructure led by a leading third-party technology consultant and other advisors with significant experience in the industry;
- Other due diligence activities relating to quality of earnings, accounting, legal, tax, insurance, operations and other matters conducted in conjunction with external advisors, including international and U.S. legal firms, among others;
- Financial and valuation analyses, including the Getty Images Internal Forecasts and the Getty Images Organic Long-Term Growth Model provided by Getty Images; and
- Research on the public trading values of comparable companies to Getty Images.

The CCNB Board considered a number of factors pertaining to Getty Images and the Business Combination as generally supporting its decision to enter into the Business Combination Agreement and the transactions contemplated thereby, including, but not limited to, the following material factors:

- **Strong Competitive Differentiation.** Getty Images is an iconic, blue-chip company with scarcity value. With over 469 million assets, and underpinned by a very attractive base of exclusive content that only exists on its platform, Getty Images has an extremely high quality content library. The depth, breadth, and quality of the library enables strong network efforts across both content creators and consumers. Moreover, Getty Images owns a significant portion of its library, which includes a premier archive comprised of videos and images of countless memorable historical and culturally iconic
events. Furthermore, Getty Images has a differentiated Editorial business, which covers the world of news, sports and entertainment. Getty Images’ Editorial business is unique in scale as well as content, combining contemporary coverage of more than 150 million rights-managed assets per year with one of the largest privately held archives containing over 135 million archive images dating from 2000 all the way back to the beginning of photography. Getty Images invests to generate its own coverage through an editorial team of more than 300 dedicated staff and combines this with coverage from a network of contributors, including over 250 content partners, such as AFP, Disney, Universal, Globo, ITN, Bloomberg, BBC Studios, CBS, The Boston Globe, Fairfax Media, NBC News, ITN, Sony Pictures Entertainment, Sky News, Formula One, NBA, NHL, MLB, NASCAR, FIFA and the International Olympic Committee.

- **Accelerating Tailwinds in an Attractive Industry.** The CCNB Board considered that the visual content space is an attractive industry with historically strong growth trends across several dimensions that are expected to accelerate. These growth projections are driven and supported by strong tailwinds, driven by accelerating demand for visual and digital content from continued corporate investment as well as the rapidly expanding content-creation-economy made up of amateur and professional creators. Getty Images covers all these segments of the market with its three core brands: Getty Images, iStock, and Unsplash. Increasing demand for visual content is driven by corporations and media companies’ need to maintain a presence across an expanding spectrum of platforms, which are increasingly visual and require high frequency publishing through advertising and direct posts. InsightSlice estimates the global digital content market is expected to grow from $11 billion in 2019 to $38 billion in 2030, reflecting an approximate 12% CAGR. Additionally, over the top providers and video advertising are fueling unprecedented demand for high-quality video content, of which Getty Images is a leading provider. Per PubMatic, global digital video ad spend is expected to grow from $60 billion in 2020 to $111 billion in 2024, reflecting an approximate 17% CAGR. Demand is continuing to increase in the corporate segment as corporations bring their creative teams in-house to manage their increasing content needs. The World Federation of Advertisers’ estimates 74% of in-house creative teams were established in the last 5 years. SMBs are also driving demand as the SMB segment itself grows and the individual companies increase their demand for visual content as they build out their online and digital presences. Kaufman Index estimated 540,000 new SMBs are created in the US each month, according to a 2017 report, and Clutch estimates that in 2018, 61% of SMBs invested in social media marketing.

- **Significant Value Creation Opportunity.** The CCNB Board considered the opportunity for significant value creation. Getty Images has the opportunity to accelerate organic revenue growth by executing and capitalizing on opportunities such as increasing subscription revenue, continuing to further penetrate the corporate segment and continuing to upsell incremental products such as video and music to its current base. Additionally, Getty Images has been able to achieve high ROI on its marketing investment, and the CCNB Board expects to invest in incremental marketing, unlocked through a de-levered balance sheet as a result of the Business Combination, to further accelerate organic growth. There also exists substantial whitespace opportunity in the international market that can help capture. Lastly, Getty Images is well positioned to pursue additional upside through new strategic partnerships, including leveraging its deep and unique owned library to pursue sustainable NFT monetization opportunities, strategic and financially accretive M&A, and continued data and technology investments to deliver the best digital content to its customers in a cost effective and value-added manner.

- **Subscription Revenue.** Getty Images has increased its annual subscription revenue from ~29% of total revenue (excl. certain retired products) in 2015 to ~60% in 2020. The CCNB Board believes there is opportunity for Getty Images to increase that to ~60% as a long-term run rate. Historical financial information shows that annual subscribers exhibit an impressive 102% retention figure, based on annual subscriber revenue retention in LTM Q3 2021, and also shows that subscribers spend incremental dollars above and beyond the cost of their subscription. Getty Images has taken an approach to increase the attractiveness of the subscription products over time; for example, it recently introduced a subscription on iStock that includes video in addition to images.

- **Increasing Demand from Corporations.** Getty Images has benefitted from increasing demand for visual content across its corporate customers and the CCNB Board believes this trend will continue.
The World Federation of Advertisers recently estimated that 74% of in-house creative teams were established in the last 5 years. Consumption of imagery and video is expected to continue expanding as corporations continue to bring their creative marketing in-house to manage the breadth and frequency of content consumption, while balancing the cost of their marketing campaigns. As a leading provider of high quality, differentiated content, the CCNB Board believes Getty Images is well positioned to capture this opportunity.

• **Video Upsell.** Getty Images video revenues grew 20% in 2020 as compared to 2019 despite COVID and more than 24% in the first three quarters of 2021 as compared to 2020. The CCNB Board believes demand for video represents a great growth lever for the business and represents significant opportunity for organic revenue acceleration. Despite strong historical performance, less than 20% of Getty Images and less than 10% of iStock customers currently purchase video. We expect more customers to use video in the future, which we believe creates a stickier customer that consumes and spends more on our platform. In 2020, first time video customers spent approximately 88% more in the year following the year of their first video purchase.

• **Sales & Marketing.** Getty Images has historically demonstrated attractive ROI on its sales and marketing spend. Return on dollars of digital marketing spend, both based on a new customer count and new customer revenue basis, have grown +60% and +40%, respectively from 2019 to H1 2021. Over that same time period, Getty Images customer acquisition cost has declined ~35%. The CCNB Board believes there is substantial opportunity for strategic sales and marketing spend in the future to drive incremental revenue growth.

• **Geographic Expansion.** The CCNB Board anticipates that there is a significant opportunity to increase penetration and market share in Rest of World markets by investing in digital marketing, search engine optimization and further localization of its services and content in underpenetrated geographies. Getty Images is well-positioned from a brand, content, and product perspective across 18 languages and 24 currencies to capture an increased share of these attractive market opportunities.

• **NFT & Partnerships.** The CCNB Board believes that Getty Images has the opportunity for NFT revenue monetization. Getty Images strives to deliver high-quality imagery to tell meaningful stories, regardless of medium, and to that extent, it views the NFT opportunity as an extension of that mission. One key point of differentiation as it relates to the NFT revenue opportunity is that Getty Images has scaled ownership of high-quality, relevant content, which will be essential to capturing and monetizing the NFT opportunity. The CCNB Board believes that Getty Images will take a measured approach towards NFTs with the intent to create a recurring, sustainable, and profitable source of value for Getty Images and its stakeholders over time. The CCNB Board also believes that Getty Images will be able to expand upon its strong base of strategic partnerships, such as the partnership that it currently has with the BBC or with the various partnerships it has with the major sports leagues. Expanded content and rights will provide incremental revenue opportunity for Getty Images.

• **Management Team.** The CCNB Board believes that Getty Images has a strong team of key management executives, including reports to C-suite executives, and that under the leadership of Getty Images’ Chief Executive Officer, Getty Images has been able successful in effectuating a business transformation over the past several years, including significant improvements in its technology, search and international capabilities, transition to a differentiated subscription offering, streamlining of products, and realignment of its digital marketing and sales force. Getty Images’ management team, whose leadership is expected to provide important continuity in advancing Getty Images’ strategic and growth goals, has done an impressive job of reorienting Getty Images’ strategy and positioning the business for accelerated growth going forward. Moreover, the CCNB Board believes that Getty Images’ management team has fostered a winning culture of excellence and respect within the organization.

• **Transaction Proceeds.** The fact that (i) the Business Combination is expected to provide approximately $1.4 billion of gross proceeds to New CCNB, assuming minimal redemptions by the CCNB Shareholders of their CCNB Class A Ordinary Shares and (ii) such proceeds are expected to provide sufficient funding required for Getty Images’ targeted deleveraging, continuing growth and cash flow needs (including taking into account the closing condition related to maximum net leverage in favor of Getty Images and the related Net Funded Indebtedness Condition, which provides
CCNB with additional comfort that New CCNB will enter the public markets with reasonable leverage levels despite the uncertainty associated with redemptions if the transaction is consummated).

- **Due Diligence.** The CCNB Board reviewed and discussed in detail the results of the due diligence examination of Getty Images conducted by CCNB’s management team and CCNB’s financial, technical, market consultants, technology consultants and legal advisors, which included a substantial number of meetings with the management team and advisors of Getty Images regarding Getty Images’ business and business plan, operations, prospects and forecasts (including the assumptions and key variables underlying the Getty Images Forecasted Financial Information), valuation analyses with respect to the Business Combination, review of significant contracts and other material matters, as well as general financial, technical, market, legal, tax and accounting due diligence.

- **Financial Condition.** The CCNB Board reviewed factors such as Getty Images’ historical financial results, outlook and business and financial plans, as well as the financial profiles of publicly traded companies in the visual content industries and other shared economy companies, and certain relevant information with respect to companies that could have been potential alternate transaction counterparties to Getty Images for CCNB. In reviewing these factors, the CCNB Board believed that Getty Images was well-positioned in its industry for strong potential future growth and represented a significant opportunity for value creation from the CCNB shareholders.

- **Fairness Opinion.** The CCNB Board took into account the opinion of Solomon, dated December 9, 2021, to the CCNB Board, to the effect that, as of such date, and subject to various assumptions, considerations, qualifications and limitations set forth in its written opinion, the aggregate Merger Consideration (as defined in such opinion) derived from the Transaction Equity Value to be paid by CCNB to Company Equityholders (as defined in such opinion) pursuant to the Business Combination Agreement, is fair, from a financial point of view, to CCNB, as more fully described below in the section titled “— Opinion of Solomon Partners Securities, LLC.” The CCNB Board was not required under the Existing Organizational Documents to obtain the fairness opinion but did so as part of its due diligence and evaluation of the Business Combination.

- **Reasonableness of Consideration.** Following a review of the financial data provided to CCNB, including the Getty Images Forecasted Financial Information and the data underlying such projections, and the due diligence of Getty Images’ business conducted by CCNB’s management and CCNB’s advisors, and taking into account the opinion from Solomon, dated December 9, 2021, to the CCNB Board, to the effect that, as of such date and subject to the various assumptions, considerations, qualifications and limitations set forth in its written opinion, the aggregate Merger Consideration (as defined in such opinion) derived from the Transaction Equity Value to be paid by CCNB to Company Equityholders (as defined in such opinion) pursuant to the Business Combination Agreement, is fair, from a financial point of view, to CCNB, the CCNB Board determined that the aggregate consideration to be paid in the Business Combination was fair to CCNB. The CCNB Board viewed the Business Combination as fair and compelling from both an intrinsic and extrinsic valuation perspective. From an intrinsic valuation perspective, the Business Combination features a mid-single digit pro forma free cash flow yield at entry, with mid to high single digit plus expected organic revenue growth and high incremental margins, low capital intensity, and substantial upside opportunities. From an extrinsic, or relative, valuation perspective, the implied 15x FY’22E EV/EBITDA entry valuation multiple for Getty Images was 4.0x less than Shutterstock and 9.0x less than the median of the public companies referenced by Solomon in its presentation on December 8, 2021 (which information was as of December 7, 2021).

- **Substantial Post-Closing Economic Interest in New CCNB.** If the Business Combination is consummated, CCNB shareholders (other than CCNB Shareholders that sought redemption of their CCNB Class A Ordinary Shares) would have a substantial economic interest in New CCNB and as a result would have a continuing opportunity to benefit from the success of New CCNB following the consummation of the Business Combination.

- **Lock-Up.** Getty Images Equityholders have agreed to be subject to a 180-day lock-up in respect of their shares of New CCNB Common Stock received in the Business Combination (subject to certain customary exceptions). In addition, the Sponsor and the Independent Directors have agreed to be subject to a twelve-month lock-up in respect of their Founder Shares (subject to certain customary exceptions).
• **Additional Capital Committed at Signing.** The agreement of the Sponsor and Getty Investments to invest an aggregate of $150 million in PIPE Investment in New CCNB at Closing at $10.00 per share (with the understanding that the New CCNB Class A Common Shares to be acquired by the PIPE Investors in the PIPE Investment or the Permitted Equity Financing would not be subject to a lock-up period following the closing of the Business Combination). See the section titled “— Related Agreements — Subscription Agreements and Permitted Equity Subscription Agreements” of this proxy statement/prospectus for additional information.

• **Highly Committed Shareholders Aligned for Future Value Creation.** The fact that existing holders of Getty Images Common Shares intend to retain 100% of the value of their existing equity stake in New CCNB equity in connection with the consummation of the Business Combination, reflecting the desire to participate in future equity value creation. Similarly, NBOKS will invest $200 million of additional capital into the transaction, pursuant to the Forward Purchase Agreement (as amended by the NBOKS Side Letter), alongside CCNB’s public shareholders, in addition to the investments to be made by the Sponsor and Getty Investments, LLC, in connection with the PIPE Investment. In addition, pursuant to the Backstop Facility Agreement (as amended by the NBOKS Side Letter), NBOKS also agreed to, subject to certain terms and conditions, fund redemptions by CCNB Shareholders in connection with the Business Combination in an amount of up to $300 million.

• **Support of Key Equityholders.** The CCNB Board noted the fact that key Getty Images Equityholders representing approximately 100% of the then issued and outstanding equity of Getty Images delivered written consents, demonstrating such Getty Images Equityholders’ support of the Business Combination. See the section titled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination” of this proxy statement/prospectus for additional information.

• **Other Alternatives.** CCNB completed its IPO in May 2020 with the objective of consummating an attractive business combination. Since that time, as more fully described in “Shareholder Proposal 2: The Business Combination Proposal - Background of the Business Combination”, CCNB has evaluated numerous opportunities for a potential business combination. The CCNB Board believes, based on the terms of the Business Combination, its review of Getty Images’ business and the financial data provided to CCNB, including the Getty Images Forecasted Financial Information, and the due diligence of Getty Images conducted by CCNB’s management and CCNB’s advisors, that a business combination with Getty Images represent a combination with a high quality business in the most attractive valuation and therefore would create the best available opportunity to maximize value for CCNB’s shareholders.

• **Consistency with CCNB Business Strategy.** Getty Images is consistent with the key industry and business characteristics CCNB identified at the creation of its business, and the proposed Business Combination is at a reasonable valuation. The target business characteristics included high barriers to entry, significant recurring revenue, attractive steady-state margins, high incremental margins and attractive free cash flow characteristics. The CCNB Board believes that Getty Images is consistent with these criteria.

• **Negotiated Transaction.** The financial and other terms of the Business Combination Agreement, and the fact that such terms and conditions were the product of arm’s length negotiations between CCNB and Getty Images.

• **Maximum Net Leverage.** The fact that CCNB negotiated mechanics with respect to achieving a desired amount of maximum net leverage as reflected by the Net Funded Indebtedness Condition and related covenant regarding limitations of waiver of such condition to the extent that CCNB would be required to close into a situation with greater than an agreed level of maximum leverage to ensure New CCNB will enter the public markets at a reasonable leverage level for a similar situated company, well positioned for growth and support of its operations.

The CCNB Board also considered a variety of uncertainties and risks and other potentially negative factors related to Getty Images’ business and prospects and related to the Business Combination including, but not limited to, the following:
• **Macroeconomic Risks.** The risk that the future financial performance of Getty Images and New CCNB may not meet the CCNB Board’s expectations due to factors in Getty Images’ control or out of its control, including due to economic cycles or other macroeconomic factors (including those set forth in the section titled “Risk Factors” of this proxy statement/prospectus).

• **Business Risks.** The risks that (i) Getty Images may be unable to offer relevant quality and diversity of content to satisfy customer needs, including continued licensing of content owned by third parties, which may become unavailable to it on commercially reasonable terms or may not be available at all, (ii) Getty Images may lose the right to use “Getty Images” trademarks in the event it experiences a change of control or otherwise in each case in accordance with the Restated Option Agreement, (iii) the third parties’ search engines, which Getty Images relies on to drive traffic to its website, may change their search engine algorithms or pricing in ways that could negatively affect Getty Images’ business, results of operations, financial condition and prospects, (iv) Getty Images may be unable to adequately maintain, adapt and upgrade its websites and technology systems to ingest and deliver higher quantities of new content and allow existing and new customers to successfully search for its content, (v) because Getty Images’ business is highly competitive, Getty Images may face intense competition from a number of companies, which could reduce its revenues, margins and results of operations, (vi) if Getty Images cannot continue to innovate technologically, develop, market and sell new products and services or enhance existing technology and products and services to meet customer requirements, its ability to grow revenue could be impaired and (vii) any recession that has occurred or may occur in the future may impact Getty Images’ business, results of operations, financial condition and prospects, and other business risks (including those set forth in the section titled “Risk Factors” of this proxy statement/prospectus).

• **Industry Risks.** Risks associated with (i) the business being highly competitive, and Getty Images facing intense competition from a number of companies, which could reduce Getty Images revenues, margins and operating results, (ii) changes to customers’ industries that could adversely affect Getty Images’ future revenues and limit its future growth prospects and results of operations and (iii) Getty Images operating in new and rapidly changing markets, which makes it difficult for Getty Images to evaluate its future prospects and may increase the risk that Getty Images will not be successful, or other industry risks (including those set forth in the section titled “Risk Factors” of this proxy statement/prospectus).

• **COVID-19.** Uncertainties regarding the potential impacts of the COVID-19 virus and related economic disruptions (such as actions by public health and governmental authorities, businesses, other organizations and individuals to address the outbreak, including travel bans and restrictions, quarantines, shelter-in-place, stay-at-home or total lock-down orders and business limitations and shutdowns) on Getty Images’ business operations, financial condition and demand for its products.

• **Redemption Risk.** The potential that a significant number of CCNB Shareholders may elect to redeem their shares prior to the consummation of the Business Combination and pursuant to the Existing Organizational Documents, which would reduce the gross proceeds to New CCNB from the Business Combination, which would increase net leverage and, therefore, could hinder New CCNB’s ability to continue its development and growth (however the CCNB Board considered this in light of the protection negotiated with respect to maximum net leverage at Closing discussed above).

• **Shareholder Vote.** The risk that CCNB’s shareholders may fail to provide the respective votes necessary to effect the Business Combination.

• **Closing Conditions.** The fact that the completion of the Business Combination is conditioned on the satisfaction of certain closing conditions that are not within CCNB’s control.

• **Transaction Litigation.** The possibility of litigation challenging the Business Combination or that an adverse judgment granting injunctive relief could delay or prevent consummation of the Business Combination.

• **Listing Risks.** The challenges associated with preparing Getty Images, a privately held entity, for the applicable disclosure, controls and listing requirements to which New CCNB will be subject as a publicly traded company on the NYSE.
• **Potential Benefits May Not Be Achieved.** The risk that the potential benefits of the Business Combination may not be fully achieved or may not be achieved within the expected timeframe.

• **Liquidation of CCNB.** The risks and costs to CCNB if the Business Combination is not completed, including the risk of diverting management focus and resources from other business combination opportunities, which could result in CCNB being unable to effect a business combination by August 4, 2022 and result in the liquidation of CCNB.

• **Exclusivity.** The fact that the Business Combination Agreement includes an exclusivity provision that prohibits CCNB from soliciting other business combinations, which restricts its ability, so long as the Business Combination Agreement is in effect, to consider other potential business combinations.

• **Post-Business Combination Ownership and Corporate Governance in New CCNB.** The fact that current CCNB Shareholders will hold a minority position in New CCNB, and the fact that the New CCNB Board will be classified and that all New CCNB directors will not be elected annually.

• **Fees and Expenses.** The expected fees and expenses associated with the Business Combination, some of which would be payable regardless of whether the Business Combination is ultimately consummated.

In addition to considering the factors described above, the CCNB Board also considered other factors including, without limitation:

• **Interests of Certain Persons.** The Sponsor and certain members of the CCNB Board, and executive officers of CCNB and the Sponsor may have interests in the Business Combination Proposal, the other proposals described in this proxy statement/prospectus and the Business Combination that are different from, or in addition to, those of CCNB shareholders generally (see the section titled “—Interests of CCNB’s Directors and Officers and Others in the Business Combination” of this proxy statement/prospectus), including (without limitation) (i) the fact that Koch Financial Assets III, LLC (an affiliate of Koch Icon in a separately managed Koch business unit, a key equityholder of Getty Images whose consent is required to approve the Business Combination on behalf of Getty Images) is an anchor investor with a significant capital commitment to and a meaningful economic interest in NBOKS and (ii) the fact that certain governance rights were granted to the Sponsor pursuant to the Stockholder Agreement, including the right to nominate one director on behalf of the Sponsor to be appointed to the New CCNB Board. CCNB’s directors reviewed and considered these interests during the negotiation of the Business Combination and in evaluating and unanimously approving, as members of the CCNB Board, the Business Combination Agreement and the transactions contemplated therein, including the Mergers.

• **Other Risks.** The various risks associated with the Business Combination, the business of Getty Images, and the business of CCNB, as described in the section titled “Risk Factors” of this proxy statement/prospectus.

The CCNB Board concluded that the potential benefits expected to be received by CCNB and its shareholders as a result of the Business Combination outweighed the potentially negative factors and other risks associated with the Business Combination. Accordingly, the CCNB Board unanimously resolved (i) that it was advisable, to enter into the Business Combination Agreement and the ancillary agreements to which CCNB is or will be a party and the other transactions contemplated hereby and thereby (including the Mergers), (ii) to adopt and approve the execution, delivery and performance by CCNB of the Business Combination Agreement and the ancillary agreements to which CCNB is or will be a party and the other transactions contemplated hereby and thereby (including the Mergers), (iii) to recommend that the CCNB shareholders entitled to vote thereon vote in favor of the approval of the Business Combination Agreement and other proposals related thereto, and (iv) to direct that such proposals, including the proposal to approve the Business Combination Agreement, be submitted to the CCNB Shareholders for approval.

**Satisfaction of 80% Test**

It is a requirement under the Existing Organizational Documents that any business acquired by CCNB have a fair market value equal to at least 80% of the balance of the funds in the trust account at the time of the execution of a definitive agreement for an initial business combination. Based on the financial analysis of

163
Getty Images and its subsidiaries generally used to approve the transaction, the CCNB Board determined that this requirement was met. The CCNB Board determined that the consideration being paid in the Business Combination, which amount was negotiated at arms-length, was fair to and in the best interests of CCNB and its shareholders and appropriately reflected the value of Getty Images and its subsidiaries. In reaching this determination, the CCNB Board concluded that it was appropriate to base such valuation in part on qualitative factors such as management strength and depth, competitive positioning, customer relationships, and technical skills, as well as quantitative factors such as the historical growth rate of Getty Images and its subsidiaries and its potential for future growth in revenue and profits. The CCNB Board believes that the financial skills and background of its members qualify it to conclude that the acquisition of Getty Images and its subsidiaries met this requirement and make the other determinations regarding the transaction.

**Certain Getty Images Projected Financial Information**

CCNB and Getty Images do not, as a matter of general practice, publicly disclose long-term forecasts or internal projections as to future revenues, earnings or other results due to, among other reasons, the uncertainty, unpredictability and subjectivity of the underlying assumptions and estimates. However, in connection with the proposed Business Combination, management of CCNB prepared certain non-public financial forecasts regarding Getty Images covering Getty Images fiscal years 2021 through 2026 (the “Getty Images Forecasted Financial Information”) based in part on (i) financial forecasts provided to CCNB by Getty Images for fiscal years 2021 through 2023, which were not for public disclosure (the “Getty Images Internal Forecasts”) and (ii) CCNB’s diligence and analysis of Getty Images and its prospects (including the Getty Images Organic Long-Term Growth Model discussed in the next sentence). As part of the process of preparing the Getty Images Forecasted Financial Information, CCNB compared its forecast to the Getty Images’ Long-term Organic Growth Model provided by Getty Images’ management to CCNB for diligence purposes and also disclosed in CCNB’s 8-K dated December 10, 2021 (the “Getty Images Organic Long-term Growth Model”). CCNB provided the Getty Images Forecasted Financial Information prepared by CCNB management to the CCNB Board. CCNB subsequently provided the Getty Images Forecasted Financial Information to Solomon, CCNB’s financial advisor providing a fairness opinion, for its use in advising CCNB and reliance in connection with its preparation of its financial analyses and fairness opinion as described in the section titled “— Opinion of Solomon Partners Securities, LLC.”

A summary of the Getty Images Forecasted Financial Information is not being included in this proxy statement/prospectus to influence your decision whether to vote for or against the proposals presented at the Shareholders Meeting (including the Required CCNB Shareholder Proposals), but is being included because such forecasts were made available by CCNB management to the CCNB Board and CCNB’s financial advisor. The Getty Images Forecasted Financial Information was prepared by CCNB management based in part on (i) the Getty Images Internal Forecasts and (ii) CCNB’s diligence and analysis of Getty Images and its prospects (including the Getty Images Organic Long-Term Growth Model), provided by Getty Images management to CCNB in connection with the Business Combination, and overall reflect a more conservative estimate of the Getty Images Internal Forecasts and are consistent with the Getty Images Long-term Organic Growth Model in all cases within the ranges included in such model.

The inclusion of this information should not be regarded as an indication that the CCNB Board, CCNB, Getty Images (or any of their respective affiliates, officers, directors, advisors or other representatives) or any other person considered, or now considers, the Getty Images Forecasted Financial Information to be necessarily predictive of actual future events or results of New CCNB’s, CCNB’s or Getty Images’ operations or results and should not be relied upon as such. Getty Images Internal Forecasts, upon which the Getty Images Forecasted Financial Information is based in part, and the Getty Images Forecasted Financial Information, are subjective in many respects. There can be no assurance that the projections contained in the Getty Images Forecasted Financial Information will be realized or that actual results will not be significantly different than those forecasted. The Getty Images Forecasted Financial Information covers multiple years and such information by its nature becomes less predictive with each successive year. As a result, the Getty Images Forecasted Financial Information summarized in this proxy statement/prospectus is not necessarily predictive of actual future events.

In addition, the Getty Images Forecasted Financial Information was prepared solely for internal use and not prepared with a view to publicly disclose such information or to comply with GAAP published
guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of forecasted financial information. The Getty Images Internal Forecasts and Getty Images Long-term Organic Growth Model were prepared in good faith by Getty Images management. The Getty Images Forecasted Financial Information included in this proxy statement/prospectus have been prepared by CCNB. Neither WithumSmith+Brown, PC, CCNB’s independent registered public accounting firm, Ernst & Young LLP, Griffey Global Holdings, Inc.'s independent registered public accounting firm, nor any other independent accountants or auditor, have audited, compiled, examined or performed any review or procedures with respect to the Getty Images Forecasted Financial Information summarized in this proxy statement/prospectus, nor have they expressed any opinion or provided any other form of assurance with respect to such information or the achievability of the projections contained therein. The Ernst & Young LLP report included in this proxy statement/prospectus relates to historical financial information of Griffey Global Holdings, Inc. It does not extend to the Getty Images Forecasted Financial Information, the Getty Images Internal Forecasts or the Getty Images Long-term Organic Growth Model, and should not be read as if it does.

The Getty Images Forecasted Financial Information is based on numerous variables and assumptions that were deemed to be reasonable as of the date on which such projections were finalized (as of November 24, 2021), including assumptions relating to, among other things, CCNB’s and Getty Images’ expectations relating to the business, earnings, cash flow, assets, liabilities and prospects of Getty Images and assumptions regarding the continuing nature of certain business decisions that, in reality, are subject to change. However, such assumptions are inherently uncertain and difficult or impossible to predict or estimate and most of them are beyond CCNB’s or Getty Images’ control. Assumptions that were used by Getty Images (with respect to Getty Images Internal Forecasts and the Getty Images Long-term Organic Growth Model provided to CCNB) and CCNB in developing the Getty Images Forecasted Financial Information include, but are not limited to, the following:

- exclusion of stock based compensation;
- a pro forma capital structure reflecting, but not limited to, assumptions such as no redemptions in connection with the Business Combination, $150 million in total PIPE Investment, $110 million in estimated transaction expenses, and balance sheet cash and debt figures estimated as of December 31, 2021, before debt repayment, which result in the exclusion of preferred equity in the projection period and lower debt levels due to repayment and lower interest expense;
- no unannounced acquisitions;
- ongoing investments in Getty Images’ existing entities for maintenance, integrity and other capital expenditures;
- exclusion of certain retired products unless otherwise noted and adjustment for non-recurring items;
- exclusion of restricted cash;
- no preferred equity is included in debt (as none will be outstanding at closing); and
- debt pay down to leverage levels of 3.6x net leverage based on FY 2022 adjusted EBITDA.

The above assumptions were also utilized in the presentation of the sources and uses of funds for the Business Combination as of November 24, 2021 which we note for completeness were subsequently updated (with no change to the previously approved projections) on December 7, 2021 to increase transaction expenses by $2 million and to roll forward balance sheet figures to reflect estimates as of March 31, 2022.

CCNB management believe these assumptions to be reasonable based on, among other things, CCNB’s due diligence of Getty Images and its industry as well as the conservatism in the Getty Images Forecasted Financial Information in relation to the Getty Images Internal Forecasts provided by Getty Images management. Furthermore, the Getty Images Forecasted Financial Information is within the range of the Getty Images Long-term Organic Growth Model provided by Getty Images to public investors. CCNB management developed the Getty Images Forecasted Financial Information in connection with its evaluation of the Business Combination utilizing reasonably available estimates and judgments at the time of its preparation as of November 24, 2021. The Getty Images Forecasted Financial Information does not take
into account the effect of any failure of the Business Combination to be completed and should not be viewed as accurate or continuing in that context.

The Getty Images Forecasted Financial Information summarized in this proxy statement/prospectus constitutes “forward-looking statements” and actual results may differ materially and adversely from those projected. For more information, see the section titled “Cautionary Statement Regarding Forward-Looking Statements.” In addition, the Getty Images Forecasted Financial Information and the summary provided herein reflect numerous estimates and assumptions with respect to Getty Images’ business, financial condition and results of operation that are subject to change and does not reflect revised prospects for CCNB’s, New CCNB’s and Getty Images’ respective businesses, changes in general business or economic conditions or any other transaction or event that has occurred or that may occur and that was not anticipated at the time the Getty Images Forecasted Financial Information was prepared on November 24, 2021. Any changes in such factors may cause the projections or the underlying estimates or assumptions to be inaccurate. Important factors that may affect actual results and cause the projections contained in the Getty Images Forecasted Financial Information not to be achieved include, but are not limited to, risks and uncertainties relating to CCNB’s, New CCNB’s and Getty Images’ business (including the ability to achieve strategic goals, objectives and targets), industry performance, the legal and regulatory environment, general business and economic conditions and other factors described under “Cautionary Note Regarding Forward-Looking Statements” and “Risk Factors” in this proxy statement/prospectus, or described or referenced in CCNB’s filings with the SEC, including CCNB’s annual report on Form 10-K for the fiscal year ended December 31, 2020, subsequent quarterly reports on Form 10-Q and current reports on Form 8-K. As a result, there can be no assurance that any of the projections will be realized or that actual results will not be significantly different from those projected.

There can be no assurance that the projections contained in the Getty Images Forecasted Financial Information will be realized or that CCNB, New CCNB’s or Getty Images’ future financial results will not vary materially from the Getty Images Forecasted Financial Information. Neither CCNB nor Getty Images, or any of their respective affiliates, officers, directors, advisors or other representatives, can give any assurance that actual results will not differ from the Getty Images Forecasted Financial Information, nor does any such party undertake any obligation to update or otherwise revise or reconcile the Getty Images Forecasted Financial Information to reflect circumstances existing, or developments or events occurring, after the date on which the Getty Images Forecasted Financial Information was finalized, or that may occur in the future, even if any or all of the assumptions underlying the Getty Images Forecasted Financial Information turn out to be incorrect. CCNB does not intend to make available publicly any update or other revision to the Getty Images Forecasted Financial Information, except as otherwise required by applicable law. None of CCNB or any of its affiliates, officers, directors, advisors or other representatives has made or makes any representation to any CCNB Shareholder, Getty Images Equityholder or any other person regarding the ultimate performance of New CCNB, CCNB or Getty Images, including as compared to the information contained in the Getty Images Forecasted Financial Information, or that the projections contained in the Getty Images Forecasted Financial Information will be achieved.

In light of the foregoing factors as well as the uncertainties inherent in the Getty Images Forecasted Financial Information, and given that the Shareholders Meeting will be held several months after the Getty Images Forecasted Financial Information was prepared, CCNB shareholders are cautioned not to place undue, if any, reliance on the information presented in this summary of the Getty Images Forecasted Financial Information.

The following tables, which are subject to the cautionary statements regarding the Getty Images Forecasted Financial Information above, presents a summary of the Getty Images Forecasted Financial Information prepared by CCNB management that was made available to the CCNB Board, and subsequently, Solomon.

Except to the extent required by applicable laws, by including a summary of the financial projections for Getty Images in this proxy statement/prospectus, CCNB undertakes no obligations and expressly disclaims any responsibility to update or revise, or publicly disclose any update or revision to, the Getty Images Forecasted Financial Information to reflect circumstances or events, including unanticipated events, that may have occurred or that may occur after the preparation of the Getty Images Forecasted Financial
Information contained herein, even in the event that any or all of the assumptions underlying the Getty Images Forecasted Financial Information are shown to be in error or change.

**Opinion of Solomon Partners Securities, LLC**

CCNB retained Solomon to serve as an independent financial advisor to the CCNB Board to provide to the CCNB Board a fairness opinion in connection with the Business Combination. Solomon is an internationally recognized investment banking firm which is regularly engaged in the valuation of businesses and securities in connection with mergers and acquisitions and valuations for corporate and other purposes.

At the meeting of the CCNB Board on December 9, 2021, Solomon rendered its oral opinion, subsequently confirmed in writing, that as of December 9, 2021, and based upon and subject to the various assumptions, considerations, qualifications and limitations set forth in its written opinion, the aggregate Merger Consideration (as defined below) derived from the aggregate transaction equity value of $2,912,000,000 (the "Transaction Equity Value") to be paid by CCNB to Company Equityholders (as defined below) pursuant to the Business Combination Agreement, is fair, from a financial point of view, to CCNB. In its opinion, Solomon noted that pursuant to the Business Combination Agreement, the Transaction Equity Value would be delivered in the form of cash (which for purposes of its’ opinion Solomon referred to as the “Cash Consideration”), which as of the date of its opinion Solomon understood was anticipated to be in the amount of $589 million, and shares of New CCNB Class A Common Stock or options therefor (which for purposes of its’ opinion Solomon referred to as the “Stock Consideration” and which together with the Cash Consideration, Solomon referred to as the “Merger Consideration”), based on a contractually agreed value of $10.00 per share (the “Reference Price”). While Solomon noted in its written opinion that pursuant to the Business Combination Agreement, the mix of Cash Consideration and Stock Consideration was subject to adjustment under certain circumstances, Solomon did not express any opinion as to such adjustment. Solomon understood that pursuant to the Business Combination Agreement, the aggregate Merger Consideration would be received by holders of shares of the Getty Images Preferred Shares, Getty Images Common Shares and vested Getty Images Options which for purposes of Solomon’s opinion were together referred to as the “Company Equityholders.”

The full text of the written opinion of Solomon, dated December 9, 2021, which sets forth the assumptions made, procedures followed, matters considered, limitations on and scope of the review undertaken by Solomon in rendering Solomon’s opinion, is attached to this proxy statement/prospectus as Annex O and incorporated by reference into this section of the proxy statement/prospectus. Solomon’s opinion was directed only to the fairness, from a financial point of view, to CCNB of the aggregate Merger Consideration derived from the Transaction Equity Value to be paid to Company Equityholders in connection with the Business Combination, was provided to the CCNB Board, in its capacity as such, in connection with its evaluation of the Business Combination, did not address any other aspect of the Business Combination and did not, and does not,
constitute a recommendation to any holder of CCNB’s capital stock as to how any such holder should vote or act with respect to the Business Combination or any other matter. The summary of Solomon’s opinion set forth in this proxy statement/prospectus is qualified in its entirety by reference to the full text of such opinion. Holders of CCNB common stock are urged to read Solomon’s opinion carefully and in its entirety. Solomon has consented to the use of Solomon’s opinion in this proxy statement/prospectus.

For the purposes of its opinion, Solomon:

- reviewed certain historical internal financial information and other data relating to Getty Images provided to Solomon by CCNB and approved for Solomon’s use by CCNB;
- reviewed certain financial projections, estimates and other data for Getty Images provided to Solomon by CCNB and approved for Solomon’s use by CCNB;
- reviewed certain pro forma financial effects of the Business Combination furnished to Solomon by CCNB;
- conducted discussions with members of the senior management and representatives of Getty Images and CCNB concerning the information described in the first three bullet points above, as well as the businesses and prospects of Getty Images and CCNB generally;
- compared the financial performance and condition of Getty Images with that of certain publicly traded companies that Solomon deemed relevant;
- reviewed a draft, dated December 8, 2021, of the Business Combination Agreement; and
- performed such other analyses and reviewed such other material and information as Solomon has deemed appropriate.

For purposes of its opinion, Solomon assumed and relied upon the accuracy and completeness of the information reviewed by Solomon for the purposes of its opinion and did not assume any responsibility for investigating the contents of such information and relied on such information being complete and correct. Solomon relied on assurances of the management and other representatives of CCNB that they were not aware of any facts or circumstances that would make such information inaccurate or misleading in any respect material to Solomon’s analysis or opinion. With respect to the financial projections and other data relating to Getty Images and CCNB which CCNB directed Solomon use for its analysis, Solomon has assumed that they were prepared in good faith and based upon assumptions which, in light of the circumstances under which they were made, were reasonable, and that such financial projections, and other data were appropriate bases upon which to evaluate, the future financial performance of Getty Images and CCNB and the other matters covered thereby. For purposes of its opinion, Solomon also assumed that (i) the Reference Price represented the fair market value of a share of New CCNB Class A Common Stock, (ii) any adjustments to or reallocation of the Merger Consideration in accordance with the Business Combination Agreement or otherwise would not be material to Solomon’s analysis or opinion, and (iii) Net Funded Indebtedness will be no greater than $1.35 billion. Solomon expressed no opinion as to any financial projections, estimates or other data or the assumptions on which they are based.

Solomon did not conduct a physical inspection of the facilities or property of Getty Images or CCNB. Solomon did not assume any responsibility for or performed any independent valuation or appraisal of the assets or liabilities (contingent, accrued, derivative, off-balance sheet or otherwise) of Getty Images or CCNB, nor had Solomon been furnished with any such valuation or appraisal, and Solomon had not considered any actual or potential arbitration, litigation, claims or possible unasserted claims, investigations or other proceedings to which Getty Images or CCNB is or in the future may be a party or subject. Furthermore, Solomon did not consider any tax, accounting, legal or regulatory effects of the Business Combination or the structure of the transaction contemplated by the Business Combination Agreement on any person or entity and Solomon assumed the correctness in all respects material to its analysis and opinion of all tax, accounting, legal and regulatory advice given to CCNB.

Solomon assumed that the final Business Combination Agreement, when signed by the parties thereto, would be substantially the same as the draft Business Combination Agreement reviewed by Solomon on December 8, 2021 and would not vary in any respect material to Solomon’s analysis or opinion. Solomon also assumed that the Business Combination would be consummated in accordance with the terms of the
Business Combination Agreement, without waiver, modification or amendment of any material term, condition or agreement and in compliance with all applicable laws, documents and other requirements and that, in the course of obtaining the necessary governmental, regulatory or third-party approvals, consents, waivers and releases for the Business Combination, including with respect to any divestitures or other requirements, no delay, limitation, restriction or condition will be imposed or occur that would have an adverse effect on the combined business or the Business Combination or that otherwise would be in any respect material to Solomon’s analysis or opinion. Solomon further assumed that all representations and warranties set forth in the Business Combination Agreement were and will be true and correct as of all the dates made or deemed made and that all parties to the Business Combination Agreement would comply with all covenants of such parties thereunder. In addition, for purposes of Solomon’s opinion and analysis, Solomon assumed that no Preferred Dividend (as defined in the Business Combination Agreement) would be paid prior to the effective time of the Getty Mergers.

Solomon’s opinion was necessarily based on economic, monetary, regulatory, market and other conditions as in effect on December 8, 2021, and other information made available to Solomon as of the date of the opinion. Although subsequent developments may affect Solomon’s opinion, Solomon has no obligation to update, revise or reaffirm its opinion. Solomon expressed no opinion as to what the value of the shares of New CCNB Class A Common Stock actually will be when issued pursuant to the Business Combination Agreement or the prices at which such New CCNB Class A Common Stock or any other securities of New CCNB may trade at any time. With CCNB’s consent, Solomon did not express any opinion on any potential future consideration, including equity interests of New CCNB such as the Earn-Out Shares, that may be received by Company Equityholders or others contingent on certain market prices for shares of New CCNB Class A Common Stock. In addition, Solomon was advised by CCNB that holders of unvested Getty Images Options will receive unvested New CCNB Options, which are not part of the Merger Consideration and to which CCNB instructed Solomon to ascribe no value for purpose of Solomon’s analysis and opinion. Accordingly, Solomon expressed no opinion as to the terms of such unvested options and Solomon assumed at CCNB’s direction that such unvested New CCNB Options do not affect the capital structure of New CCNB in a manner material to Solomon’s analysis. Solomon did not express any opinion as to fair value or the solvency of Getty Images, New CCNB or CCNB following the closing of the Business Combination. Solomon did not express any opinion as to the prices at which the securities of any of Getty Images, CCNB or New CCNB may be transferable at any future time or as to the impact of the Business Combination on, or as to, the solvency or viability of Getty Images, CCNB or New CCNB, or the ability for obligations associated with Getty Images, CCNB or New CCNB to be paid when they come due.

Furthermore, Solomon’s opinion did not address CCNB’s underlying business decision to undertake the Business Combination, and Solomon’s opinion did not address the relative merits of the Business Combination as compared to any alternative transactions or business strategies that might be available to CCNB. Solomon’s opinion is limited to the fairness, from a financial point of view, to CCNB of the aggregate Merger Consideration derived from the Transaction Equity Value to be paid to Company Equityholders in connection pursuant to the Business Combination Agreement and does not address any other term, aspect or implication of the Business Combination or the terms of the Business Combination Agreement or the documents referred to therein, including, without limitation, the form or structure of the Business Combination, the Statutory Conversion, the Domestication Merger, the Second Getty Merger, the allocation of the aggregate Merger Consideration among the Company Equityholders, the treatment of any guarantee, indemnification arrangement or other agreement, arrangement or understanding entered into in connection with, or contemplated by or resulting from, the Business Combination or otherwise.

Solomon’s opinion did not address the fairness, financial or otherwise, of any consideration to the holders of any class of securities, creditors or other constituencies of Getty Images, CCNB or New CCNB or any other entity or relative fairness. Solomon also expressed no view as to, and its opinion did not address, the fairness (financial or otherwise) of the amount or nature or any other aspect of any compensation to any officers, directors or employees of any parties to the Business Combination, or any class of such persons, relative to the Transaction Equity Value, the Merger Consideration or otherwise. The issuance of Solomon’s opinion was authorized by Solomon’s fairness opinion committee.

In connection with Solomon’s engagement, Solomon was not authorized to, and did not, solicit third-party indications of interest in the acquisition of all or a part of CCNB and Solomon was not requested to, and did not, participate in the negotiation or structuring of the Business Combination.
The following summarizes the significant financial analyses performed by Solomon and reviewed with the CCNB Board in connection with the delivery of Solomon’s opinion on December 9, 2021. The order of the financial analyses does not represent relative importance or weight given to those analyses by Solomon. The financial analyses summarized below include information presented in tabular format. In order to fully understand Solomon’s financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Solomon’s financial analyses.

Selected Publicly Traded Company Analysis

Solomon reviewed and compared selected financial information of Getty Images with similar information using publicly available information of the following publicly traded companies that share certain business characteristics to Getty Images, and that Solomon deemed relevant:

- Shutterstock
- Creative Economy
- IP Monetization
  - Universal Music Group N.V.
  - Warner Music Group Corp.
- Creative Tools
  - Adobe Inc.
  - Avid Technology, Inc.
  - Squarespace, Inc.
  - Wix.com Ltd.
- SMB Marketplaces
  - Etsy, Inc.
  - Fiverr International Ltd.
  - GoDaddy Inc.
  - Upwork Inc.
- Editorial Content
  - The New York Times Company
  - Thomson Reuters Corporation

Although none of the publicly traded companies are directly comparable to Getty Images, Solomon reviewed these companies because, among other things these companies have one or more similar operating and financial characteristics to Getty Images. However, in reviewing these companies, Solomon, in the exercise of its experience and judgement, placed greater reliance on Shutterstock, and less weight on certain of the companies listed under the SMB Marketplaces and Creative Tools subheadings.

For each of these companies, based on public filings and consensus Wall Street analyst estimates, Solomon calculated and compared each company’s enterprise value (calculated as equity value plus total debt, preferred stock and minority interest, less cash and cash equivalents (including marketable securities and bank deposits) and referred to as “EV”) as a multiple of such company’s adjusted earnings before interest, taxes, depreciation and amortization (referred to as “Adjusted EBITDA”) estimated for calendar year 2021 and projected for calendar year 2022, using the same sources described above. Set forth below are the mean, median, high and low multiples so observed:
Based on this data, as of December 7, 2021, Solomon developed and selected, based on its experience and judgment, the below reference ranges for the selected publicly traded companies. Solomon gave less weight to certain SMB Marketplace and Creative Tools companies from developing its reference range, because in Solomon’s view while certain elements of the business model are comparable, certain other characteristics are less comparable, which rendered them less instructive for purposes of valuing Getty Images as of such time. Solomon then applied the selected multiple ranges to Getty Images’ estimated 2021 Adjusted EBITDA and forecasted 2022 Adjusted EBITDA based on the financial projections, estimates and other data for Getty Images provided to Solomon by CCNB and approved for Solomon’s use. Solomon deducted Getty Images’ net debt of $1,627 million as of October 31, 2021 from Getty Images’ implied enterprise value in order to determine Getty Images’ equity value implied by the selected multiples. Based on the foregoing, Solomon calculated the equity value ranges for Getty Images as:

<table>
<thead>
<tr>
<th>Enterprise Value as a Ratio of:</th>
<th>Reference Range</th>
<th>Implied Equity Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>CY 2021 Estimated Adjusted EBITDA</td>
<td>18.5x – 25.5x</td>
<td>$3,775 million – $5,827 million</td>
</tr>
<tr>
<td>CY 2022 Projected Adjusted EBITDA</td>
<td>16.9x – 23.7x</td>
<td>$3,696 million – $5,833 million</td>
</tr>
</tbody>
</table>

**Discounted Cash Flow Analysis**

Solomon performed a discounted cash flow (“DCF”) analysis of Getty Images using the financial forecasts and other information approved for Solomon’s use by CCNB, as summarized in the section titled “— Certain Getty Images Projected Financial Information” of this proxy statement/prospectus to calculate the estimated present value of the future unlevered after-tax free cash flows projected to be generated by Getty Images from fiscal year 2022 to 2026, including the estimated present value of Getty Images’ terminal value. Solomon’s DCF analysis discounted the present value of free cash flow and present value of terminal equity value to December 8, 2021. Solomon performed a discounted cash flow analysis for Getty Images on a standalone basis.

To calculate Getty Images’ implied equity value, Solomon used net debt of Getty Images of $1,627 million, based on information provided by Getty Images’ management and approved for use by CCNB, which represents total debt of $1,785 million less cash of $158 million as of October 31, 2021. Based on its experience and judgment, Solomon believed it appropriate to utilize Adjusted EBITDA multiples ranging from 15.0x to 19.0x to apply to forecasted Adjusted EBITDA for fiscal year 2026 and discount rates ranging from 9.0% to 10.0%. These discount rates were based on Solomon’s judgment of the estimated range of Getty Images’ weighted average cost of capital. Based on the foregoing, the DCF analysis of Getty Images yielded implied equity values ranging from $3,465 million to $4,828 million.

**Miscellaneous**

In arriving at Solomon’s opinion, Solomon performed a variety of financial analyses, the material portions of which are summarized above. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods of financial analyses and the application of those methods to the particular circumstances and, therefore, such an opinion is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Solomon did not attribute any particular weight to any analysis or factor considered by it, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, Solomon believes that its analysis must be considered as a whole and that selecting portions of its analysis, without considering all such analyses, could create an incomplete view of the process underlying Solomon’s opinion. In addition, Solomon may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the
ranges of valuations resulting from any particular analysis described above should not be taken to be Solomon’s view of the actual value of Getty Images.

In performing its analyses, Solomon relied on numerous assumptions made by the management of CCNB and Getty Images with regard to current and future industry performance, general business and economic conditions and other matters, many of which are beyond the control of CCNB and Getty Images. Actual values will depend upon several factors, including changes in interest rates, dividend rates, market conditions, general economic conditions and other factors that generally influence the price of securities. The analyses performed by Solomon are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by such analyses. Such analyses were prepared solely as a part of Solomon’s analysis of the fairness, from a financial point of view, to CCNB of the aggregate Merger Consideration derived from the Transaction Equity Value to be paid to Company Equityholders in connection with the Business Combination and were provided to the CCNB Board in connection with the delivery of Solomon’s oral opinion. The analyses do not purport to be appraisals or necessarily reflect the prices at which businesses or securities might actually be sold, which are inherently subject to uncertainty. Because such analyses are inherently subject to uncertainty, neither CCNB nor Solomon, nor any other person, assumes responsibility for their accuracy. With regard to the publicly traded company analysis, Solomon selected public companies on the basis of various factors for reference purposes only; however, no public company utilized as a comparison is fully comparable to Getty Images. Accordingly, an analysis of the foregoing was not mathematical; rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the selected public companies and other factors that could affect the public trading value of the selected public companies to which Getty Images were being compared.

The Transaction Equity Value and aggregate Merger Consideration derived therefrom was determined through negotiations between CCNB and Getty Images and was approved by the CCNB Board. Solomon did not recommend any specific aggregate Transaction Equity Value or Merger Consideration to the CCNB Board or that any given aggregate Transaction Equity Value or Merger Consideration constituted the only appropriate aggregate Transaction Equity Value or Merger Consideration for the Business Combination. The decision to enter into the Business Combination Agreement was solely that of the CCNB Board. As described above, Solomon’s opinion and analyses were only one of many factors considered by the CCNB Board in its evaluation of the proposed transactions and should not be viewed as determinative of the views of CCNB with respect to the Business Combination.

Under the terms of Solomon’s engagement letter, dated December 7, 2021, CCNB has agreed to pay Solomon an aggregate fee of $2.0 million for its services, which fee was earned upon delivery of its opinion and which fee is payable upon the completion of CCNB’s initial business combination. In addition, CCNB has agreed to reimburse Solomon’s expenses and indemnify Solomon against certain liabilities related to or arising out of Solomon’s engagement.

Natixis, S.A. (“Natixis”), the holder of a majority of Solomon’s outstanding voting equity, is, together with its affiliates, engaged in advisory, underwriting and financing, principal investing, sales and trading, research, investment management, insurance and other financial and non-financial activities and services for various persons and entities. Natixis and its affiliates and employees, and funds or other entities they manage or in which they invest or have other economic interests or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of Getty Images, CCNB, and/or their respective affiliates or any currency or commodity that may be involved in the Business Combination. During the two years prior to the date of the opinion, Solomon’s affiliate, Natixis Securities Americas LLC (“NSA”), acted as a co-manager of CCNB’s initial public offering as well as the initial public offering of CCNB3, and received initial underwriting fees in connection therewith aggregating approximately $977,000 and will also be entitled to receive additional deferred underwriting fees aggregating less than $1.8 million upon, and subject to, the consummation of CCNB’s and CCNB3’s initial business acquisitions. Under a fee sharing arrangement between NSA and Solomon, Solomon received a portion of NSA’s initial underwriting fees in connection with the initial public offerings of CCNB and CCNB3 and would have been entitled to receive a portion of NSA’s deferred underwriting fees in connection with (and subject to) the consummation of CCNB’s initial business combination (including the Business Combination). However, in connection with
its engagement to provide a fairness opinion in connection with the Getty Mergers, Solomon waived its
closest to receive its portion of NSA's deferred underwriting fees in connection with CCNB's initial business
combination. Nevertheless, Solomon will be entitled to receive a portion of NSA's deferred underwriting
fees in connection with (and subject to) the consummation of CCNB's initial business combination.
Further, during the two years prior to the date of Solomon's opinion, Solomon provided investment banking
services to a management group that partnered with an affiliate of a member of CCNB's sponsor and other
investors to acquire Wilshire Associates, for which Solomon received compensation. Although Solomon has
not provided financial advisory services to Getty Images for which Solomon received compensation,
Solomon, Natixis and their respective affiliates in the future may provide such services to CCNB, New
CCNB, Getty Images and/or their respective affiliates and may receive compensation for rendering such
services.

The following is a discussion of the (i) material U.S. federal income tax consequences of the
Domestication Merger to the U.S. Holders (as defined below) of CCNB Class A Ordinary Shares and public
warrants, (ii) material U.S. federal income tax consequences to U.S. Holders and Non-U.S. Holders (as
defined below) of CCNB Class A Ordinary Shares that elect to have their CCNB Class A Ordinary Shares
redeemed for cash if the Business Combination is completed and (iii) material U.S. federal income tax
consequences for Non-U.S. Holders of owning and disposing of New CCNB’s common stock or warrants
after the Domestication Merger. This discussion is based on provisions of the Code, its legislative history,
final, temporary and proposed U.S. treasury regulations promulgated thereunder (“Treasury Regulations”),
published rulings and court decisions, all as currently in effect. These authorities are subject to change or
differing interpretations, possibly on a retroactive basis, which may affect the U.S. federal income tax
consequences described herein.

For purposes of this discussion, because any unit of CCNB consisting of one Class A ordinary share
and one-fourth of a public warrant is separable at the option of the holder, CCNB is treating any Class A
ordinary share and one-fourth of a public warrant held by a U.S. Holder in the form of a single unit as
separate instruments and is assuming that the unit itself will not be treated as an integrated instrument.
Accordingly, the separation of a unit of CCNB in connection with the consummation of the Business
Combination generally should not be a taxable event for U.S. federal income tax purposes. This position is
not free from doubt, and no assurance can be given that the IRS would not assert, or that a court would not
sustain, a contrary position. U.S. Holders of CCNB Class A Ordinary Shares and public warrants are urged
to consult their tax advisors concerning the U.S. federal, state, local and any non-U.S. tax consequences of
the transactions contemplated by the Business Combination (including any redemption) with respect to any
CCNB Class A Ordinary Shares and public warrants held through a unit of CCNB (including alternative
characterizations of a unit of CCNB).

For purposes of this summary, a “U.S. Holder” means a beneficial owner of CCNB Class A Ordinary
Shares or public warrants that is for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) that is
  created or organized (or treated as created or organized) in or under the laws of the United States,
  any state thereof or the District of Columbia;
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- a trust if (i) a U.S. court can exercise primary supervision over the trust's administration and one or
  more U.S. persons are authorized to control all substantial decisions of the trust, or (ii) it has a valid
  election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

A “Non-U.S. Holder” means a beneficial owner of CCNB Class A Ordinary Shares or public warrants
that, for U.S. federal income tax purposes, is an individual, corporation, estate or trust that is not a U.S.
Holder.

This discussion is general in nature and does not address all aspects of U.S. federal income taxation
that may be relevant to any particular holder based on such holder’s individual circumstances or status. In
particular, this discussion considers only holders that hold CCNB Class A Ordinary Shares or public warrants as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). In addition, this discussion does not address the alternative minimum tax, the Medicare tax on net investment income, or the U.S. federal income tax consequences to holders that are subject to special treatment under U.S. federal income tax law, such as:

- financial institutions or financial services entities;
- broker-dealers;
- persons that are subject to the mark-to-market accounting rules under Section 475 of the Code;
- tax-exempt entities;
- governments or agencies or instrumentalities thereof;
- insurance companies;
- regulated investment companies;
- real estate investment trusts;
- certain expatriates or former long-term residents of the United States;
- persons that acquired CCNB Class A Ordinary Shares pursuant to an exercise of employee options, in connection with employee incentive plans or otherwise as compensation;
- persons that hold CCNB Class A Ordinary Shares or public warrants as part of a straddle, constructive sale, hedging, redemption or other integrated transaction;
- persons whose functional currency is not the U.S. dollar;
- controlled foreign corporations;
- passive foreign investment companies;
- persons required to accelerate the recognition of any item of gross income with respect to CCNB Class A Ordinary Shares or public warrants as a result of such income being recognized on an applicable financial statement;
- persons who actually or constructively own 5 percent or more of the shares of CCNB by vote or value (except as specifically provided below);
- foreign corporations with respect to which there are one or more U.S. shareholders within the meaning of Treasury Regulation Section 1.367(b)-3(b)(1)(ii);
- persons that exercise appraisal rights in connection with the Business Combination; or
- the Sponsor or its affiliates.

This discussion does not address any tax laws other than the U.S. federal income tax law, such as gift or estate tax laws, state, local or non-U.S. tax laws or, except as discussed herein, any tax reporting obligations of a holder of CCNB Class A Ordinary Shares or public warrants. Additionally, this discussion does not address the tax treatment of partnerships or other pass-through entities or persons who hold CCNB Class A Ordinary Shares or public warrants through such entities. If a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of CCNB Class A Ordinary Shares or public warrants, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partner and such partnership. Holders of CCNB Class A Ordinary Shares or public warrants should consult with their tax advisors regarding the specific tax consequences to such holders. This discussion also assumes that any distribution made (or deemed made) on CCNB Class A Ordinary Shares or public warrants and any consideration received (or deemed received) by a holder in consideration for the sale or other disposition of CCNB Class A Ordinary Shares or public warrants will be in U.S. dollars. We have not sought, and do not intend to seek, a ruling from the U.S. Internal Revenue Service (“IRS”) as to any U.S. federal income tax consequences described herein. There can be no assurance that the IRS will agree with the discussion herein, or that a court would not sustain
any challenge by the IRS in the event of litigation. Moreover, there can be no assurance that future legislation, regulations, administrative rulings or court decisions will not adversely affect the accuracy of the statements in this discussion.

**THIS SUMMARY IS FOR GENERAL INFORMATION PURPOSES ONLY, AND IS NOT INTENDED TO BE, AND SHOULD NOT BE CONSTRUED AS, LEGAL OR TAX ADVICE TO ANY PARTICULAR HOLDER. THE U.S. FEDERAL INCOME TAX TREATMENT OF THE BENEFICIAL OWNERS OF CCNB CLASS A ORDINARY SHARES AND PUBLIC WARRANTS MAY BE AFFECTED BY MATTERS NOT DISCUSSED HEREIN AND DEPENDS IN SOME Instances ON DETERMINATIONS OF FACT AND INTERPRETATIONS OF COMPLEX PROVISIONS OF U.S. FEDERAL INCOME TAX LAW FOR WHICH NO CLEAR PRECEDENT OR AUTHORITY MAY BE AVAILABLE. WE URGE BENEFICIAL OWNERS OF CCNB CLASS A ORDINARY SHARES AND PUBLIC WARRANTS TO CONSULT THEIR TAX ADVISORS REGARDING THE SPECIFIC TAX CONSEQUENCES TO SUCH HOLDER OF THE DOMESTICATION MERGER, EXERCISING REDEMPTION RIGHTS, AND OWNING AND DISPOSING OF NEW CCNB'S COMMON STOCK AND WARRANTS AS A RESULT OF ITS PARTICULAR CIRCUMSTANCES, INCLUDING THE U.S. FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES THEREOF.**

**U.S. Holders**

**Tax Consequences of the Domestication Merger to U.S. Holders of CCNB Class A Ordinary Shares or Public Warrants**

The U.S. federal income tax consequences of the Domestication Merger, together with the Statutory Conversion, will depend primarily upon whether the Domestication Merger (together with the Statutory Conversion) qualifies as a “reorganization” within the meaning of Section 368 of the Code. Under Section 368(a)(1)(F) of the Code, a reorganization is a “mere change in identity, form, or place of organization of one corporation, however effected” (an “F Reorganization”). Pursuant to the Domestication Merger, on the business day prior to the Domestication Merger, New CCNB will convert into a Delaware corporation in accordance with the laws of the State of Delaware, and we will change our jurisdiction of incorporation by merging with and into Domestication Merger Sub, with the Domestication Merger Sub surviving such merger as a wholly-owned direct subsidiary of New CCNB.

The Domestication Merger, together with the Statutory Conversion, generally should qualify as a reorganization within the meaning of Section 368(a)(1)(F) of the Code for U.S. federal income tax purposes. This conclusion is not entirely clear, however, due to the absence of direct guidance on the application of Section 368(a)(1)(F) of the Code to a corporation, such as CCNB, that holds only investment-type assets. Accordingly, it is not possible to predict whether the IRS or a court considering the issue would take a contrary position.

In the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization within the meaning of Section 368(a)(1)(F) of the Code, except as otherwise provided herein, including with respect to the PFIC rules and Section 367 of the Code (as discussed below), a U.S. Holder of CCNB Class A Ordinary Shares or public warrants should not recognize gain or loss upon the exchange of its CCNB Class A Ordinary Share and public warrant surrendered in exchange therefor. The taxable year of CCNB should be deemed to end on the date of the Domestication Merger.

In the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as an F Reorganization, (i) a U.S. Holder’s tax basis in a share of common stock or a warrant of New CCNB received in connection with the Domestication Merger should generally be the same as its tax basis in the CCNB Class A Ordinary Share and public warrant surrendered in exchange therefor, increased by any amount included in the income of such U.S. Holder under Section 367(b) of the
Code (as discussed below) and (ii) the holding period for a New CCNB share or warrant received by a U.S. Holder should generally include such U.S. Holder’s holding period for the CCNB Class A Ordinary Share or public warrant surrendered in exchange therefor.

If the Domestication Merger (together with the Statutory Conversion) fails to qualify as a reorganization under Section 368, a U.S. Holder of CCNB Class A Ordinary Shares generally would recognize gain or loss with respect to its CCNB Class A Ordinary Shares or public warrants in an amount equal to the difference, if any, between the fair market value of the corresponding New CCNB Common Stock or warrants received in the Domestication Merger and the U.S. Holder’s adjusted tax basis in its CCNB Class A Ordinary Shares surrendered. The U.S. Holder’s basis in New CCNB Common Stock would be equal to the fair market value of those New CCNB Common Stock or warrants on the date of the Domestication Merger and such U.S. Holder’s holding period for New CCNB Common Stock or warrants would begin on the day following the date of the Domestication Merger. Shareholders who hold different blocks of CCNB Class A Ordinary Shares or public warrants (generally, shares of CCNB or public warrants purchased or acquired on different dates or at different prices) should consult their tax advisors to determine how the above rules apply to them, and the discussion above does not specifically address all of the consequences to U.S. Holders who hold different blocks of CCNB Class A Ordinary Shares or public warrants.

Because the Domestication Merger will occur prior to the redemption of U.S. Holders that exercise their Redemption Right with respect to CCNB Class A Ordinary Shares, U.S. Holders exercising such Redemption Right will be subject to the potential tax consequences of the Domestication Merger. All U.S. Holders considering exercising their Redemption Right with respect to their CCNB Class A Ordinary Shares are urged to consult with their tax advisors with respect to the potential tax consequences to them of the Domestication Merger and exercise of their Redemption Right.

Partial Foreign Investment Company (PFIC) Considerations

Even in the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization within the meaning of Section 368(a)(1)(F) of the Code, the Domestication Merger may still be a taxable event to U.S. Holders of CCNB Class A Ordinary Shares or public warrants under the passive foreign investment company, or PFIC, provisions of the Code, to the extent that Section 1291(f) of the Code applies, as described below. Because CCNB is a blank check company with no current active operating business, based upon the composition of its income and assets, and upon a review of its financial statements, CCNB believes that it may be a PFIC.

Effect of PFIC Rules on the Domestication Merger

Even in the case of a transaction, such as the Domestication Merger (together with the Statutory Conversion), that qualifies as a reorganization for U.S. federal income tax purposes under Section 368(a)(1)(F) of the Code, Section 1291(f) of the Code requires that, to the extent provided in Treasury Regulations, a U.S. person that disposes of stock of a PFIC must recognize gain, notwithstanding any other provision of the Code. No final Treasury Regulations are in effect under Section 1291(f) of the Code. Proposed Treasury Regulations under Section 1291(f) of the Code were promulgated in 1992, with a retroactive effective date once they become finalized. If finalized in their present form, these Treasury Regulations may require taxable gain recognition by a Non-Electing Shareholder, as described below, with respect to its exchange of CCNB Class A Ordinary Shares for New CCNB Common Stock and CCNB public warrants for New CCNB Warrants in the Domestication Merger if CCNB were classified as a PFIC at any time during such U.S. Holder’s holding period in respect thereof. Any such gain would generally be treated as an “excess distribution” made in the year of the Domestication Merger and subject to the special tax and interest charge rules discussed below under “Definition and General Taxation of a PFIC.” The proposed Treasury Regulations under Section 1291(f) of the Code should not apply to an Electing Shareholder, as described below, with respect to its CCNB Class A Ordinary Shares for which a timely QEF election, a QEF election with a purging election, or MTM election is made, as each such election is described below. It is not possible to determine at this time whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted.

Definition and General Taxation of a PFIC

A non-U.S. corporation will be a PFIC if either (a) at least seventy-five percent (75%) of its gross income in a taxable year, including its pro rata share of the gross income of any corporation in which it owns or is considered to own at least twenty-five percent (25%) of the shares by value, is passive income or (b) at least fifty percent (50%) of its assets in a taxable year, ordinarily determined based on fair market value and averaged quarterly over the year, including its pro rata share of the assets of any corporation in which it owns or is considered to own at least twenty-five percent (25%) of the shares by value, are held for the production of, or produce, passive income. Passive income generally includes dividends, interest, rents and royalties (other than certain rents or royalties derived from the active conduct of a trade or business) and gains from the disposition of passive assets. The determination of whether a foreign corporation is a PFIC is made annually.

If CCNB is determined to be a PFIC for any taxable year (or portion thereof) that is included in the holding period of a U.S. Holder of CCNB Class A Ordinary Shares or public warrants and, solely with respect to the CCNB Class A Ordinary Shares, the U.S. Holder did not make either (a) a timely “qualified election fund” (QEF) election for CCNB’s first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) CCNB Class A Ordinary Shares, (b) a QEF election along with a “purging election,” or (c) a “mark-to-market” (MTM) election, all of which are discussed further below, such U.S. Holder generally will be subject to special rules with respect to any gain recognized by the U.S. Holder on the sale or other disposition of its CCNB Class A Ordinary Shares and any “excess distribution” made to the U.S. Holder. Excess distributions are generally any distributions to such U.S. Holder during a taxable year of the U.S. Holder that are greater than 125% of the average annual distributions received by such U.S. Holder in respect of the CCNB Class A Ordinary Shares during the three preceding taxable years of such U.S. Holder or, if shorter, such U.S. Holder’s holding period for the CCNB Class A Ordinary Shares.

Under these rules, the U.S. Holder’s gain or excess distribution will be allocated ratably over the U.S. Holder’s holding period for the CCNB Class A Ordinary Shares or public warrants. The amount of gain allocated to the U.S. Holder’s taxable year in which the U.S. Holder recognized the gain or received the excess distribution, or to the period in the U.S. Holder’s holding period before the first day of CCNB’s first taxable year in which it qualified as a PFIC, will be taxed as ordinary income. The amount of gain allocated to other taxable years (or portions thereof) of the U.S. Holder and included in its holding period will be taxed at the highest tax rate in effect for that year and applicable to the U.S. Holder. The interest charge generally applicable to underpayments of tax will be imposed on the U.S. Holder in respect of the tax attributable to each such other taxable year of the U.S. Holder. Any “all earnings and profits amount” included in income by a U.S. Holder as a result of the Domestication Merger (discussed under “— Effects of Section 367(b) to U.S. Holders of CCNB Class A Ordinary Shares”) generally would be treated as gain subject to these rules.

In general, if CCNB is determined to be a PFIC, a U.S. Holder may avoid the tax consequences described above with respect to its CCNB Class A Ordinary Shares (but not public warrants) by making a timely QEF election (or a QEF election along with a purging election), or an MTM election, all as described below.

Impact of PFIC Rules on Certain U.S. Holders

The impact of the PFIC rules on a U.S. Holder of CCNB Class A Ordinary Shares will depend on whether the U.S. Holder has made a timely and effective election to treat CCNB as a qualified electing fund, or QEF, under Section 1295 of the Code, for CCNB’s first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) CCNB Class A Ordinary Shares, the U.S. Holder made a QEF election along with a “purging election,” or if the U.S. Holder made an MTM election, all as discussed below. A U.S. Holder of a PFIC that made either a timely and effective QEF election, a QEF election along with a purging election, or an MTM election is hereinafter referred to as an “Electing Shareholder.” A U.S. Holder of a PFIC that is not an Electing Shareholder is hereinafter referred to as a “Non-Electing Shareholder.”

The QEF election is made on a shareholder-by-shareholder basis and, once made, can be revoked only with the consent of the IRS. A U.S. Holder generally makes a QEF election by attaching a completed IRS Form 8621 (“Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing
Fund”), including the information provided in a “PFIC Annual Information Statement,” to a timely filed U.S. federal income tax return for the tax year to which the election relates. Retroactive QEF elections generally may be made only by filing a protective statement with such return and if certain other conditions are met or with the consent of the IRS. U.S. Holders should consult their tax advisors regarding the availability and tax consequences of a retroactive QEF election under their particular circumstances.

A U.S. Holder’s ability to make a QEF election with respect to its CCNB Class A Ordinary Shares is contingent upon, among other things, the provision by CCNB of certain information that would enable the U.S. Holder to make and maintain a QEF election. Upon written request, CCNB will endeavor to provide to a U.S. Holder such information as the IRS may require, including a PFIC annual information statement, in order to enable the U.S. Holder to make and maintain a QEF election, but there can be no assurance that CCNB will timely provide such information that is required to make and maintain the QEF election. A U.S. Holder is not able to make a QEF election with respect to public warrants. An Electing Shareholder making a valid and timely QEF election generally would not be subject to the adverse PFIC rules discussed above with respect to their CCNB Class A Ordinary Shares. As a result, such a U.S. Holder generally should not recognize gain or loss as a result of the Domestication Merger except to the extent described under “— Effects of Section 367(b) to U.S. Holders of CCNB Class A Ordinary Shares” and subject to the discussion above under “— Tax Consequences of the Domestication Merger to U.S. Holders of CCNB Class A Ordinary Shares,” but rather would include annually in gross income its pro rata share of the ordinary earnings and net capital gain of CCNB, whether or not such amounts are actually distributed.

As indicated above, if a U.S. Holder of CCNB Class A Ordinary Shares has not made a timely and effective QEF election with respect to CCNB’s first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) CCNB Class A Ordinary Shares, such U.S. Holder generally may nonetheless qualify as an Electing Shareholder by filing on a timely filed U.S. income tax return (including extensions) a QEF election and a purging election to recognize under the rules of Section 1291 of the Code any gain that it would otherwise recognize if the U.S. Holder sold its CCNB Class A Ordinary Shares for their fair market value on the “qualification date.” The qualification date is the first day of CCNB’s tax year in which CCNB qualifies as a QEF with respect to such U.S. Holder. The purging election can only be made if such U.S. Holder held CCNB Class A Ordinary Shares on the qualification date. The gain recognized by the purging election will be subject to the special tax and interest charge rules treating the gain as an excess distribution, as described above. As a result of the purging election, the U.S. Holder will increase the adjusted tax basis in its CCNB Class A Ordinary Shares by the amount of the gain recognized and will also have a new holding period in the CCNB Class A Ordinary Shares for purposes of the PFIC rules.

Alternatively, if a U.S. Holder, at the close of its taxable year, owns shares in a PFIC that are treated as marketable shares, the U.S. Holder may make an MTM election with respect to such shares for such taxable year. If the U.S. Holder makes a valid MTM election for the first taxable year of the U.S. Holder in which the U.S. Holder holds (or is deemed to hold) CCNB Class A Ordinary Shares and for which CCNB is determined to be a PFIC, such holder will not be subject to the PFIC rules described above in respect to its CCNB Class A Ordinary Shares. Instead, the U.S. Holder will include as ordinary income each year the excess, if any, of the fair market value of its CCNB Class A Ordinary Shares at the end of its taxable year over the adjusted basis in its CCNB Class A Ordinary Shares. The U.S. Holder also will be allowed to take an ordinary loss in respect of the excess, if any, of the adjusted basis of its CCNB Class A Ordinary Shares over the fair market value of its CCNB Class A Ordinary Shares at the end of its taxable year (but only to the extent of the net amount of previously included income as a result of the mark-to-market election). The U.S. Holder’s basis in its CCNB Class A Ordinary Shares will be adjusted to reflect any such income or loss amounts and any further gain recognized on a sale or other taxable disposition of the CCNB Class A Ordinary Shares will be treated as ordinary income. Shareholders who hold different blocks of CCNB Class A Ordinary Shares (generally, shares of CCNB purchased or acquired on different dates or at different prices) should consult their tax advisors to determine how the above rules apply to them. The MTM election is available only for shares that are regularly traded on a national securities exchange that is registered with the Securities and Exchange Commission, including NYSE, or on a foreign exchange or market that the IRS determines has rules sufficient to ensure that the market price represents a legitimate and sound fair market value. No assurance can be given that the CCNB Class A Ordinary Shares are considered to be regularly traded for purposes of the MTM election or whether the other requirements of this election are satisfied. If such an election is available and has been made, such U.S. Holders will generally not be subject to the special taxation
rules of Section 1291 of the Code discussed herein. However, if the MTM election is made by a Non-Electing Shareholder after the beginning of the holding period for the PFIC stock, then the Section 1291 rules will apply to certain dispositions of, distributions on and other amounts taxable with respect to CCNB Class A Ordinary Shares. An MTM election is not available with respect to public warrants. U.S. Holders should consult their own tax advisers regarding the availability and tax consequences of an MTM election in respect to CCNB Class A Ordinary Shares under their particular circumstances.

The rules dealing with PFICs and with the timely QEF election, the QEF election with a purging election, and the MTM election are very complex and are affected by various factors in addition to those described above. Accordingly, a U.S. Holder of CCNB Class A Ordinary Shares should consult its own tax advisor concerning the application of the PFIC rules to such securities under such holder’s particular circumstances.

Effects of Section 367(b) to U.S. Holders of CCNB Class A Ordinary Shares

In addition to the PFIC rules discussed above, Section 367 of the Code applies to certain non-recognition transactions involving foreign corporations, including a Domestication Merger of a foreign corporation in a reorganization within the meaning of Section 368(a)(1)(F) of the Code. Section 367 of the Code imposes U.S. federal income tax on certain United States persons in connection with transactions that would otherwise be tax-free. Section 367(b) of the Code will generally apply to U.S. Holders of CCNB Class A Ordinary Shares on the date of the Domestication Merger. Because the Domestication Merger will occur prior to the redemption of U.S. Holders that exercise their Redemption Right with respect to CCNB Class A Ordinary Shares, U.S. Holders exercising such Redemption Right will be subject to the potential tax consequences of Section 367(b) of the Code as a result of the Domestication Merger.

A. U.S. Holders Who Own More Than 10 Percent of the Voting Power or Value of CCNB

A U.S. Holder who beneficially owns (directly, indirectly or constructively) 10% or more of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote or 10% or more of the total value of all classes of CCNB Ordinary Shares (a “10% U.S. Shareholder”) must include in income as a dividend the “all earnings and profits amount” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to the CCNB Class A Ordinary Shares it directly owns within the meaning of Treasury Regulations under Section 367(b) of the Code. A U.S. Holder’s ownership of warrants will be taken into account in determining whether such U.S. Holder owns 10% or more of the total combined voting power of all classes of CCNB Ordinary Shares or 10% or more of the total value of all classes of CCNB Ordinary Shares. Complex attribution rules apply in determining whether a U.S. Holder owns 10% or more of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote or 10% or more of the total value of all classes of CCNB Ordinary Shares and all U.S. Holders are urged to consult their tax advisors with respect to these attribution rules.

A 10% U.S. Shareholder’s “all earnings and profits amount” with respect to its CCNB Class A Ordinary Shares is the net positive earnings and profits of CCNB attributable to its shares (as determined under Treasury Regulation Section 1.367(b)-2) but without regard to any gain that would be realized on a sale or exchange of such shares. Treasury Regulations under Section 367 provide that the “all earnings and profits amount” attributable to a shareholder’s stock is determined according to the principles of Section 1248 of the Code. In general, Section 1248 of the Code and the Treasury Regulations thereunder provide that the amount of earnings and profits attributable to a block of stock (as defined in Treasury Regulations under Section 1248 of the Code) in a foreign corporation is the ratably allocated portion of the foreign corporation’s earnings and profits generated during the period the shareholder held the block of stock.

CCNB does not expect to have significant cumulative net earnings and profits on the date of the Domestication Merger. If CCNB does not have positive cumulative net earnings and profits through the date of the Domestication Merger, then a 10% U.S. Shareholder should not be required to include in gross income an “all earnings and profits amount” with respect to its CCNB Class A Ordinary Shares. However, the determination of earnings and profits is a complex determination and may be impacted by numerous factors. It is possible that the amount of CCNB’s cumulative net earnings and profits could be positive through the date of the Domestication Merger in which case a 10% U.S. Shareholder would be required to include its “all earnings and profits amount” in income as a deemed dividend under Treasury Regulation Section 1.367(b)-2 as a result of the Domestication Merger. Any such U.S. Holder that is a
corporation may, under certain circumstances, effectively be exempt from taxation on a portion or all of the
deeded dividend pursuant to Section 245A of the Code.

B. U.S. Holders Whose CCNB Class A Ordinary Shares Have a Fair Market Value of $50,000 or More And
Who Own Less Than 10 Percent of the Voting Power of CCNB and Less than 10 percent of the Total Value
of CCNB

A U.S. Holder whose CCNB Class A Ordinary Shares have a fair market value of $50,000 or more on
the date of Domestication Merger and who beneficially owns (directly, indirectly or constructively) less than
10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less
than 10% of the total value of all classes of CCNB Ordinary Shares will recognize gain (but not loss) with
respect to the Domestication Merger unless such U.S. Holder elects to recognize the “all earnings and
profits” amount attributable to such holder as described below.

Unless such a U.S. Holder makes the “all earnings and profits” election as described below, such holder
generally must recognize gain (but not loss) with respect to New CCNB Common Stock received in the
Domestication Merger in an amount equal to the excess of the fair market value of New CCNB Common
Stock received over the U.S. Holder’s adjusted tax basis in the CCNB Class A Ordinary Shares deemed
surrendered in the Domestication Merger. Shareholders who hold different blocks of CCNB Class A
Ordinary Shares (generally, shares of CCNB purchased or acquired on different dates or at different prices)
should consult their tax advisors to determine how the above rules apply to them.

As an alternative to recognizing any gain as described in the preceding paragraph, such a U.S. Holder
may elect to include in income as a deemed dividend the “all earnings and profits amount” attributable to its
CCNB Class A Ordinary Shares under Section 367(b) of the Code. There are, however, a number of specific
conditions for making this election. This election must comply with applicable Treasury Regulations and
generally must include, among other things:

(i) a statement that the Domestication Merger is a Section 367(b) exchange;

(ii) a complete description of the Domestication Merger;

(iii) a description of any stock, securities or other consideration transferred or received in the
Domestication Merger;

(iv) a statement describing the amounts required to be taken into account for U.S. Federal income tax
purposes;

(v) a statement that the U.S. Holder is making the election and that includes (A) a copy of the
information that the U.S. Holder received from CCNB establishing and substantiating the “all
earnings and profits amount” with respect to the U.S. Holder’s CCNB Class A Ordinary Shares,
and (B) a representation that the U.S. Holder has notified CCNB (or New CCNB) that the U.S.
Holder is making the election; and

(vi) certain other information required to be furnished with the U.S. Holder’s tax return or otherwise
furnished pursuant to the Code or the Treasury Regulations thereunder.

In addition, the election must be attached by an electing U.S. Holder to such holder’s timely filed U.S.
federal income tax return for the taxable year in which the Domestication Merger occurs, and the U.S.
Holder must send notice of making the election to CCNB or New CCNB no later than the date such tax
return is filed. In connection with this election, CCNB may in its discretion provide each U.S. Holder
eligible to make such an election with information regarding CCNB’s earnings and profits upon written
request.

CCNB does not expect to have significant cumulative earnings and profits through the date of the
Domestication Merger. If that proves to be the case, U.S. Holders who make this election should generally
not have an income inclusion under Section 367(b) of the Code provided that the U.S. Holder properly
executes the election and complies with the applicable notice requirements. However, as noted above, if it
were determined that CCNB has positive cumulative earnings and profits through the date of the
Domestication Merger, a U.S. Holder that makes the election described herein could have an “all earnings
and profits amount” with respect to its CCNB Class A Ordinary Shares, and thus could be required to
include
that amount in income as a deemed dividend under Treasury Regulation Section 1.367(b)-3(b)(3) as a result of the Domestication Merger.

U.S. HOLDERS ARE STRONGLY URGED TO CONSULT A TAX ADVISOR REGARDING THE CONSEQUENCES OF MAKING AN ELECTION AND THE APPROPRIATE FILING REQUIREMENTS WITH RESPECT TO AN ELECTION.

C. U.S. Holders Whose CCNB Class A Ordinary Shares Have a Fair Market Value of Less Than $50,000 And Who Own Less Than 10 Percent of the Voting Power of CCNB and Less than 10% of the Total Value of CCNB

A U.S. Holder whose CCNB Class A Ordinary Shares have a fair market value of less than $50,000 on the date of Domestication Merger, and who on the date of the Domestication Merger owns (actually and constructively) less than 10% of the total combined voting power of all classes of CCNB Ordinary Shares entitled to vote and less than 10% of the total value of all classes of CCNB Ordinary Shares, should not be required to recognize any gain or loss under Section 367 of the Code in connection with the Domestication Merger and generally should not be required to include any part of the “all earnings and profits amount” in income.

All U.S. Holders of CCNB Class A Ordinary Shares are urged to consult their tax advisors with respect to the effect of Section 367 of the Code to their particular circumstances.

Tax Consequences to U.S. Holders That Elect to Exercise Redemption Rights

This section is addressed to U.S. Holders of CCNB Class A Ordinary Shares (which will be exchanged for New CCNB Common Stock in the Domestication Merger) that elect to exercise their Redemption Right to receive cash in exchange for New CCNB Class A Ordinary Shares and is subject in its entirety to the discussion of the Domestication Merger, the “passive foreign investment company,” or “PFIC,” rules and Section 367 of the Code as discussed above under the section titled “— Material U.S. Federal Income Tax Consequences of the Domestication Merger to U.S. Holders of CCNB Class A Ordinary Shares — U.S. Holders.” For purposes of this discussion, a “Converting U.S. Holder” is a U.S. Holder that elects to exercise their Redemption Right in respect of all or a portion of its CCNB Class A Ordinary Shares.

The U.S. federal income tax consequences to a U.S. Holder of CCNB Class A Ordinary Shares (which will first be exchanged for New CCNB Common Stock in the Domestication Merger) that exercises their Redemption Right to receive cash in exchange for all or a portion of its CCNB Class A Ordinary Shares will depend on whether the redemption qualifies as a sale of New CCNB Common Stock redeemed under Section 302 of the Code or is treated as a distribution under Section 301 of the Code with respect to the Converting U.S. Holder. If the redemption qualifies as a sale of such U.S. Holder’s New CCNB Common Stock redeemed, such U.S. Holder will generally recognize capital gain or capital loss equal to the difference, if any, between the amount of cash received and such U.S. Holder’s tax basis in New CCNB Common Stock redeemed. A U.S. Holder’s adjusted tax basis in its New CCNB Common Stock will generally be equal to the cost of such New CCNB Common Stock. This gain or loss should generally be long-term capital gain or loss if the holding period of such New CCNB Common Stock is more than one year at the time of the redemption. However, it is possible that because of the Redemption Right associated with the New CCNB Common Stock, the holding period of such shares may not be considered to begin until the date of such redemption (and, thus, it is possible that long-term capital gain or loss treatment may not apply). The deductibility of capital losses is subject to limitations. Shareholders who hold different blocks of New CCNB Common Stock (generally, shares of New CCNB purchased or acquired on different dates or at different prices) should consult their tax advisors to determine how the above rules apply to them.

The redemption of New CCNB Common Stock generally will qualify as a sale of New CCNB Common Stock redeemed if such redemption (i) is “substantially disproportionate,” (ii) results in a “complete termination” of such U.S. Holder’s interest in New CCNB or (iii) is “not essentially equivalent to a dividend” with respect to the Converting U.S. Holder. For purposes of such tests with respect to a Converting U.S. Holder, that Converting U.S. Holder may be deemed to own not only shares actually owned, but also constructively owned, which in some cases may include shares such holder may acquire pursuant to options (generally including New CCNB Warrants received in respect of public warrants in the
Domestication Merger) and shares owned by certain family members, certain estates and trusts of which the Converting U.S. Holder is a beneficiary and certain corporations and partnerships.

Generally, the redemption will be “substantially disproportionate” with respect to the Converting U.S. Holder if (i) the Converting U.S. Holder’s percentage ownership (including constructive ownership) of the outstanding voting shares (including all classes that carry voting rights) of New CCNB is reduced immediately after the redemption to less than 80% of the Converting U.S. Holder’s percentage interest (including constructive ownership) in such shares immediately before the redemption; (ii) the Converting U.S. Holder’s percentage ownership (including constructive ownership) of the outstanding New CCNB Common Stock (both voting and nonvoting) immediately after the redemption is reduced to less than 80% of such percentage ownership (including constructive ownership) immediately before the redemption; and (iii) the Converting U.S. Holder owns (including constructive ownership), immediately after the redemption, less than 50% of the total combined voting power of all classes of shares of New CCNB entitled to vote. There will be a complete termination of such U.S. Holder’s interest if either (i) all of New CCNB Common Stock actually and constructively owned by such U.S. Holder are redeemed or (ii) all of New CCNB Common Stock actually owned by such U.S. Holder are redeemed and such U.S. Holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of New CCNB Common Stock owned by certain family members and such U.S. Holder does not constructively own any other New CCNB Common Stock and otherwise complies with specific conditions. Whether the redemption will be considered “not essentially equivalent to a dividend” with respect to a Converting U.S. Shareholder will depend upon the particular circumstances of that U.S. Holder. However, the redemption generally must result in a meaningful reduction in the Converting U.S. Holder’s actual or constructive percentage ownership of New CCNB. Whether the redemption will result in a “meaningful reduction” in such U.S. Holder’s proportionate interest will depend on the particular facts and circumstances applicable to it. If the shareholder’s relative interest in the corporation is a small minority interest and the shareholder exercises no control over corporate affairs, taking into account the effect of redemptions by other shareholders, and its percentage ownership (including constructive ownership) is reduced as a result of the redemption, such U.S. Holder may be regarded as having a meaningful reduction in its interest pursuant to a published ruling in which the IRS indicated that even a small reduction in the proportionate interest of a small minority shareholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a “meaningful reduction.” A U.S. Holder should consult with its own tax advisors as to the tax consequences to it of any redemption of its New CCNB Common Stock.

If none of the tests described above applies and subject to the PFIC rules discussed above, the consideration paid to the Converting U.S. Holder will generally be treated as dividend income for U.S. federal income tax purposes to the extent of New CCNB’s current or accumulated earnings and profits. Any distribution in excess of such earnings and profits will reduce the Converting U.S. Holder’s basis in New CCNB Common Stock (but not below zero) and any remaining excess will be treated as capital gain realized on the sale or other disposition of New CCNB Common Stock. After the application of those rules, any remaining tax basis of the U.S. Holder in New CCNB Common Stock redeemed will generally be added to the U.S. Holder’s adjusted tax basis in its New CCNB Common Stock, or, if it has none, to the U.S. Holder’s adjusted tax basis in its New CCNB Warrants or possibly in other New CCNB Common Stock constructively owned by such U.S. Holder. Shareholders who hold different blocks of CCNB Class A Ordinary Shares (generally, shares of CCNB purchased or acquired on different dates or at different prices) should consult their tax advisors to determine how the above rules apply to them.

Because the Domestication Merger will occur prior to the redemption of U.S. Holders that exercise their Redemption Right, U.S. Holders exercising their Redemption Right will be subject to the potential tax consequences of Section 367(b) of the Code as a result of the Domestication Merger (discussed further above).

ALL U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE TAX CONSEQUENCES TO THEM OF A REDEMPTION OF ALL OR A PORTION OF THEIR COMPANY SHARES PURSUANT TO AN EXERCISE OF REDEMPTION RIGHTS.
Non-U.S. Holders

Tax Consequences for Non-U.S. Holders of Owning and Disposing of New CCNB’s Common Stock

Distributions on New CCNB Common Stock

Distributions of cash or property to a Non-U.S. Holder in respect of New CCNB Common Stock received in the Domestication Merger will generally constitute dividends for U.S. federal income tax purposes to the extent paid from New CCNB’s current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If a distribution exceeds New CCNB’s current and accumulated earnings and profits, the excess will generally be treated first as a tax-free return of capital to the extent of the Non-U.S. Holder’s adjusted tax basis in New CCNB Common Stock. Any remaining excess will be treated as capital gain and will be treated as described below under “— Gain on Disposition of New CCNB Common Stock.”

Dividends paid to a Non-U.S. Holder of New CCNB Common Stock generally will be subject to withholding of U.S. federal income tax at a 30% rate, unless such Non-U.S. Holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate as described below. However, dividends that are effectively connected with the conduct of a trade or business by the Non-U.S. Holder within the United States (and, if required by an applicable income tax treaty, attributable to a U.S. permanent establishment or fixed base of the Non-U.S. Holder) are not subject to such withholding tax, provided certain certification and disclosure requirements are satisfied (generally by providing an IRS Form W-8ECI). Instead, such dividends are subject to United States federal income tax on a net income basis in the same manner as if the Non-U.S. Holder were a United States person as defined under the Code. Any such effectively connected dividends received by a foreign corporation may be subject to an additional “branch profits tax” at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

A Non-U.S. Holder of New CCNB Common Stock who wishes to claim the benefit of an applicable treaty rate and avoid backup withholding, as discussed below, for dividends will be required (a) to complete the applicable IRS Form W-8 and certify under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits or (b) if New CCNB Common Stock are held through certain foreign intermediaries, to satisfy the relevant certification requirements of applicable United States Treasury Regulations. Special certification and other requirements apply to certain Non-U.S. Holders that are pass-through entities rather than corporations or individuals.

A Non-U.S. Holder of New CCNB Common Stock eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders are urged to consult their own tax advisors regarding their entitlement to the benefits under any applicable income tax treaty.

Gain on Disposition of New CCNB Common Stock

Subject to the discussion of backup withholding and FATCA below, any gain realized by a Non-U.S. Holder on the taxable disposition of New CCNB Common Stock or New CCNB Warrants generally will not be subject to U.S. federal income tax unless:

• the gain is effectively connected with a trade or business of the Non-U.S. Holder in the United States (and, if required by an applicable income tax treaty, attributable to a United States permanent establishment or fixed base of the Non-U.S. Holder);

• the Non-U.S. Holder is an individual who is present in the United States for a period or periods aggregating 183 days or more in the taxable year of the disposition, and certain other conditions are met; or

• New CCNB is or has been a “United States real property holding corporation” for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the Non-U.S. Holder’s holding period for such securities disposed of, and either (A) New CCNB Common Stock are not considered to be regularly traded on an established securities
A non-corporate Non-U.S. Holder described in the first bullet point immediately above will be subject to tax on the net gain derived from the sale under regular graduated U.S. federal income tax rates. An individual Non-U.S. Holder described in the second bullet point immediately above will be subject to a flat 30% tax on the gain derived from the sale, which may be offset by certain United States source capital losses, even though the individual is not considered a resident of the United States, provided that the individual has timely filed U.S. federal income tax returns with respect to such losses. If a Non-U.S. Holder that is a foreign corporation falls under the first bullet point immediately above, it will be subject to tax on its net gain in the same manner as if it were a United States person as defined under the Code and, in addition, may be subject to the branch profits tax equal to 30% (or such lower rate as may be specified by an applicable income tax treaty) of its effectively connected earnings and profits, subject to adjustments.

If the last bullet point immediately above applies to a Non-U.S. Holder, gain recognized by such Non-U.S. Holder on the sale, exchange or other disposition of New CCNB Common Stock or New CCNB Warrants generally will be subject to tax at generally applicable U.S. federal income tax rates. In addition, a buyer of such New CCNB Common Stock or New CCNB Warrants from a Non-U.S. Holder may be required to withhold U.S. income tax at a rate of 15% of the amount realized upon such disposition. New CCNB will generally be classified as a “U.S. real property holding corporation” if the fair market value of its “United States real property interests” equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business, as determined for U.S. federal income tax purposes. New CCNB does not expect to be classified as a “U.S. real property holding corporation” following the Business Combination. However, such determination is factual in nature and subject to change, and no assurance can be provided as to whether New CCNB is or will be a U.S. real property holding corporation with respect to a Non-U.S. Holder following the Business Combination or at any future time.

**Tax Consequences to Non-U.S. Holders That Elect to Exercise Redemption Rights**

This section is addressed to Non-U.S. Holders of CCNB Class A Ordinary Shares that elect to exercise their Redemption Right to receive cash in exchange for all or a portion of their CCNB Class A Ordinary Shares. For purposes of this discussion, a “Converting Non-U.S. Holder” is a Non-U.S. Holder that elects to exercise their Redemption Right in respect of all or a portion of its CCNB Class A Ordinary Shares.

Because the Domestication Merger will occur immediately prior to the redemption of Non-U.S. Holders that exercise their Redemption Right with respect to CCNB Class A Ordinary Shares, the U.S. federal income tax consequences to a Converting Non-U.S. Holder will depend on whether the redemption qualifies as a sale of New CCNB Common Stock redeemed, as described above under “— U.S. Holders — Tax Consequences to U.S. Holders That Elect to Exercise Redemption Rights.” If such a redemption qualifies as a sale of New CCNB Common Stock redeemed, the U.S. federal income tax consequences to the Converting Non-U.S. Holder generally will be as described above under “— Gain on Disposition of New CCNB Common Stock.” If such a redemption does not qualify as a sale of New CCNB Common Stock, the Converting Non-U.S. Holder generally will be treated as receiving a distribution, the U.S. federal income tax consequences of which are described above under “— Distributions on New CCNB Common Stock.”

**Converting Non-U.S. Holders of CCNB Class A Ordinary Shares considering exercising their Redemption Right should consult their own tax advisors as to whether the redemption of their shares will be treated as a sale or as a distribution under the Code.**

**Information Reporting and Backup Withholding**

New CCNB generally must report annually to the IRS and to each Non-U.S. Holder the amount of dividends paid to such holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may
also be made available to the tax authorities in the country in which the Non-U.S. Holder resides under the provisions of an applicable income tax treaty.

A Non-U.S. Holder generally will be subject to backup withholding for dividends paid to such holder unless such holder certifies under penalty of perjury that it is a Non-U.S. Holder (and the payor does not have actual knowledge or reason to know that such holder is a United States person as defined under the Code), or such holder otherwise establishes an exemption.

Information reporting and, depending on the circumstances, backup withholding generally will apply to the proceeds of a sale of New CCNB Common Stock within the United States or conducted through certain United States-related financial intermediaries, unless the beneficial owner certifies under penalty of perjury that it is a Non-U.S. Holder (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code), or such owner otherwise establishes an exemption.

Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a Non-U.S. Holder’s U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code and the Treasury Regulations and administrative guidance promulgated thereunder (commonly referred as the “Foreign Account Tax Compliance Act” or “FATCA”) generally impose withholding at a rate of 30% in certain circumstances on dividends in respect of, and (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of, securities (including New CCNB Common Stock and New CCNB Warrants) which are held by or through certain foreign financial institutions (including investment funds), unless any such institution (i) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. Accordingly, the entity through which New CCNB Common Stock and New CCNB Warrants are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of, New CCNB Common Stock and New CCNB Warrants held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions will generally be subject to withholding at a rate of 30%, unless such entity either (i) certifies to the applicable withholding agent that such entity does not have any “substantial United States owners” or (ii) provides certain information regarding the entity’s “substantial United States owners”, which will in turn be provided to the U.S. Department of Treasury.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends in respect of New CCNB Common Stock. While withholding under FATCA generally would also apply to payments of gross proceeds from the sale or other disposition of securities (including New CCNB Common Stock or New CCNB Warrants), proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued. All holders should consult their tax advisors regarding the possible implications of FATCA on their investment in New CCNB Common Stock and New CCNB Warrants.

Anticipated Accounting Treatment

The Business Combination is expected to be accounted for as a reverse recapitalization in accordance with GAAP, whereby CCNB is treated as the acquired company and Getty Images is treated as the acquirer. Accordingly, for accounting purposes, the Business Combination will be treated as the equivalent of Getty Images issuing stock for the net assets of CCNB, accompanied by a recapitalization. The net assets of CCNB
will be stated at historical cost, with no goodwill or other intangible assets recorded. Subsequently, results of operations presented for the period prior to the Business Combination will be those of Getty Images.

**Regulatory Matters**

Under the HSR Act and the rules that have been promulgated thereunder, certain transactions may not be consummated unless information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. The CCNB portion of the Business Combination is subject to these requirements and may not be completed until the expiration of a 30-day waiting period following the filing of the required Notification and Report Forms with the Antitrust Division and the FTC or until early termination is granted. CCNB and Getty Images filed the required forms under the HSR Act with the Antitrust Division and the FTC on January 6, 2022 and requested early termination of the waiting period under the HSR Act.

At any time before or after consummation of the Business Combination, notwithstanding expiration or termination of the waiting period under the HSR Act, the applicable competition authorities in the United States or any other applicable jurisdiction could take such action under applicable antitrust laws as such authority deems necessary or desirable in the public interest, including seeking to enjoin the consummation of the Business Combination, conditionally approving the Business Combination upon divestiture of Getty Images' assets, subjecting the completion of the Business Combination to regulatory conditions or seeking other remedies. Private parties may also seek to take legal action under the antitrust laws under certain circumstances. CCNB cannot assure you that the Antitrust Division, the FTC, any state attorney general, or any other government authority will not attempt to challenge the Business Combination on antitrust grounds, and, if such a challenge is made, CCNB cannot assure you as to its result.

CCNB, New CCNB and Getty Images are not aware of any material regulatory approvals or actions that are required for completion of the Business Combination other than the expiration or early termination of the waiting period under the HSR Act. It is presently contemplated that if any such additional regulatory approvals or actions are required, those approvals or actions will be sought. There can be no assurance, however, that any additional approvals or actions will be obtained.

**Vote Required for Approval**

The Business Combination Proposal is conditioned on the approval and adoption of the Domestication Merger Proposal at the Shareholders Meeting.

The Business Combination Proposal will be adopted and approved only if the CCNB Shareholders approve an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of CCNB Ordinary Shares who are present in person or represented by proxy and entitled to vote thereon and who vote at the Shareholders Meeting. Abstentions and broker non-votes will be considered present for the purpose of establishing a quorum but, as a matter of Cayman Islands law, will not constitute a vote cast at the Shareholders Meeting and therefore will have no effect on the approval of the Business Combination Proposal as a matter of Cayman Islands law.

As of the date of this proxy statement/prospectus, the Sponsor, the Founder Holders and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote any CCNB Ordinary Shares owned by them in favor of the Business Combination Proposal.

As of the date hereof, the Sponsor and the Independent Directors own collectively, approximately 23.7% of our issued and outstanding CCNB Ordinary Shares, including the Founder Shares, and have not purchased any public shares, but may do so at any time.

**Resolution**

The full text of the resolution to be voted upon is as follows:

“RESOLVED, as an ordinary resolution, that the Business Combination Agreement, dated as of December 9, 2021 (as it may be amended from time to time), a copy of which is attached to the proxy statement/prospectus as Annex A, by and among CC Neuberger Principal Holdings II, an exempted company incorporated in the Cayman Islands (“CC/NF”), Vector Holding, LLC, a Delaware limited liability company company
(“New CCNB”) and wholly-owned direct subsidiary of CCNB, Vector Domestication Merger Sub, LLC, a Delaware limited liability company and wholly-owned subsidiary of New CCNB, Vector Merger Sub 1, LLC, a Delaware limited liability company and a wholly-owned subsidiary of CCNB, Vector Merger Sub 2, LLC, a Delaware limited liability company and a wholly-owned subsidiary of CCNB, Griffey Global Holdings, Inc., a Delaware corporation and Griffey Investors, L.P., a Delaware limited partnership, solely for the purposes of certain sections set forth therein, and the consummation of the transactions contemplated thereby be authorized, approved and confirmed in all respects.”

Recommendation of the CCNB Board

THE CCNB BOARD UNANIMOUSLY RECOMMENDS THAT CCNB SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE BUSINESS COMBINATION PROPOSAL

The existence of financial and personal interests of one or more of CCNB’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of CCNB and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that CCNB Shareholders vote for the proposals. In addition, CCNB’s officers have interests in the Business Combination that may conflict with your interests as a CCNB Shareholder. See the section titled “— Interests of Certain Persons in the Business Combination” for a further discussion of these considerations.
SHAREHOLDER PROPOSAL 3: THE ADJOURNMENT PROPOSAL

Overview

CCNB is proposing the Adjournment Proposal to allow the Board to adjourn the Shareholders Meeting to (i) for one period of no longer than twenty calendar days to the extent necessary to ensure that any legally required supplement or amendment to this proxy statement/prospectus is provided to CCNB Shareholders, (ii), in each case, for one period of no longer than ten calendar days, (a) if as of the time for which the Shareholders Meeting is originally scheduled (as set forth in the Form S-4), there are insufficient CCNB Ordinary Shares represented (either in person or by proxy) to constitute a quorum necessary to conduct the business of the Shareholders Meeting, (b) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining approval of the Business Combination Proposal or the Domestication Merger Proposal, or (c) if CCNB Shareholders redeem an amount of CCNB Class A Ordinary Shares such that the condition to Getty Images’ obligation to consummate the Business Combination that the Net Funded Indebtedness will be equal to or less than the Maximum Net Indebtedness Amount is not satisfied (prior to the implementation of any adjustment to the Preferred Cash Consideration and the Preferred Stock Consideration and prior to any Optional Equity Cure Amount) or (iv) in the case of clauses “(a)” and “(b)”, upon the reasonable request of Getty Images, as further described under the section titled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination”).

Consequences if the Adjournment Proposal is Not Approved

If the Adjournment Proposal is not approved by CCNB Shareholders, the Board may not be able to adjourn the Shareholders Meeting to a later date in the event that there are insufficient votes for, or otherwise in connection with, the approval of the Business Combination Proposal or the Domestication Merger Proposal, or in the event that CCNB Shareholders redeem an amount of CCNB Class A Ordinary Shares such that the condition that the Net Funded Indebtedness will be equal to or less than the Maximum Net Indebtedness Amount would not be satisfied (prior to the implementation of any adjustment to the Preferred Cash Consideration and the Preferred Stock Consideration and prior to any Optional Equity Cure Amount, as further described under the section titled “Shareholder Proposal 2: The Business Combination Proposal — The Business Combination Agreement; Structure of the Business Combination”).

Vote Required for Approval

The Adjournment Proposal is not conditioned on the approval and adoption of any other proposal at the Shareholders Meeting.

The Adjournment Proposal will be adopted and approved only if the CCNB Shareholders approve an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of CCNB Ordinary Shares who are present in person or represented by proxy and entitled to vote thereon and who vote at the Shareholders Meeting. Abstentions and broker non-votes will be considered present for the purpose of establishing a quorum but, as a matter of Cayman Islands law, will not constitute a vote cast at the Shareholders Meeting and therefore will have no effect on the approval of the Adjournment Proposal as a matter of Cayman Islands law.

As of the date of this proxy statement/prospectus, the Sponsor, the Founder Holders, and certain of CCNB’s directors and/or officers (including the Independent Directors) have agreed to vote any CCNB Ordinary Shares owned by them in favor of the Adjournment Proposal. As of the date hereof, the Sponsor and the Independent Directors own, collectively, 23.7% of the issued and outstanding CCNB Ordinary Shares and have not purchased any public shares, but may do so at any time.

Resolution

The full text of the resolution to be voted upon is as follows:

“RESOLVED, as an ordinary resolution, to adjourn the Shareholders Meeting (A) for one period of no longer than twenty calendar days to the extent necessary to ensure that any legally required supplement
or amendment to this proxy statement/prospectus is provided to CCNB Shareholders, (B), in each case, for
one period of no longer than ten calendar days, (i) if as of the time for which the Shareholders Meeting is
originally scheduled (as set forth in the Form S-4), there are insufficient CCNB Ordinary Shares represented
(either in person or by proxy) to constitute a quorum necessary to conduct the business of the Shareholders
Meeting, (ii) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining
approval of the Business Combination Proposal or the Domestication Merger Proposal, or (iii) for one
period of no longer than ten calendar days if CCNB Shareholders redeem an amount of CCNB Class A
Ordinary Shares such that the condition to Getty Images’ obligation to consummate the Business
Combination that the Net Funded Indebtedness will be equal to or less than the Maximum Net Indebtedness
Amount is not satisfied (prior to the implementation of any adjustment to the Preferred Cash Consideration
and the Preferred Stock Consideration and prior to any Optional Equity Cure Amount) or (iv) in the case of
clauses (i) and (ii), upon the reasonable request of Getty Images.”

Recommendation of the CCNB Board

THE CCNB BOARD UNANIMOUSLY RECOMMENDS
THAT CCNB SHAREHOLDERS VOTE “FOR”
THE APPROVAL OF THE ADJOURNMENT PROPOSAL, IF PRESENTED

The existence of financial and personal interests of one or more of CCNB’s directors may result in a
conflict of interest on the part of such director(s) between what he or they may believe is in the best
interests of CCNB and its shareholders and what he or they may believe is best for himself or themselves in
determining to recommend that shareholders vote for the proposals. In addition, CCNB’s officers have
interests in the Business Combination that may conflict with your interests as a shareholder. See the section
titled “Shareholder Proposal 2: The Business Combination Proposal — Interests of CCNB’s Directors and
Officers and Others in the Business Combination” for a further discussion of these considerations.
The following unaudited pro forma condensed combined financial information presents the combination of the financial information of Getty Images and CCNB adjusted to give effect to the Business Combination, including the PIPE Investment and the transactions contemplated by the Forward Purchase Agreement and the Backstop Agreement. The following unaudited pro forma condensed combined financial information has been prepared in accordance with Article 11 of Regulation S-X.

CCNB is a blank check company incorporated in the Cayman Islands on May 12, 2020. CCNB was incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. CCNB has neither engaged in any operations nor generated any revenue to date. On August 4, 2020, CCNB consummated its initial public offering of 82,800,000 units at $10.00 per unit, generating gross proceeds, before expenses, of $828.0 million. Simultaneously with the closing of the initial public offering, CCNB consummated the private placement of 18,560,000 warrants at a price of $1.00 per warrant to the Sponsor, generating proceeds of approximately $18.6 million. Upon the closing of the IPO and the IPO Private Placement, an amount equal to $828.0 million was placed in a Trust Account. The Trust Account may be invested only in U.S. government securities with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, which invest only in direct U.S. government obligations. As of September 30, 2021, funds in the Trust Account totaled approximately $828.5 million.

Getty Images was incorporated in the state of Delaware on September 25, 2012. Getty Images is a world leader in serving the visual content needs of businesses with over 469 million assets available through its industry-leading sites; gettyimages.com, istock.com and unsplash.com. Getty Images serves businesses in almost every country in the world with websites in eighteen languages bringing content to media outlets, advertising agencies and corporations and, increasingly, serving individual creators and prosumers.

The unaudited pro forma condensed combined balance sheet as of September 30, 2021 combines the historical balance sheets of Getty Images and CCNB on a pro forma basis as if the Business Combination and related transactions had been consummated on September 30, 2021. The unaudited pro forma condensed combined statements of operations for the nine months ended September 30, 2021 and year ended December 31, 2020 combine the historical statements of operations of Getty Images and CCNB for such periods on a pro forma basis as if the Business Combination and related transactions had been consummated on January 1, 2020, the beginning of the earliest period presented.

The Business Combination and related transactions are as follows:

- the Business Combination;
- the Forward Purchase Agreement;
- the Backstop Agreement;
- the PIPE Financing; and
- the repayment of approximately $651.0 million of Getty Images’ existing debt in the no redemptions scenario and $391.1 million of Getty Images’ existing debt in the maximum redemptions with available backstop and maximum redemptions with no backstop scenarios.

The pro forma condensed combined financial information may not be useful in predicting the future financial condition and results of operations of New CCNB following the Closing. The actual financial position and results of operations may differ significantly from the pro forma amounts reflected herein due to a variety of factors.

The unaudited pro forma condensed combined financial information was derived from and should be read together with the accompanying notes to the unaudited pro forma condensed combined financial statements, audited and unaudited financial statements of Griffey Global Holdings, Inc. and CCNB included in this proxy statement/prospectus, the sections titled “Management’s Discussion and Analysis of Financial Condition and Results of Operations of Getty Images” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations of CCNB,” and other information relating to Getty Images and
The Business Combination is expected to be accounted for as a reverse recapitalization in accordance with GAAP, whereby CCNB is treated as the acquired company and Getty Images is treated as the acquirer. Accordingly, for accounting purposes, the Business Combination will be treated as the equivalent of Getty Images issuing stock for the net assets of CCNB, accompanied by a recapitalization. The net assets of CCNB will be stated at historical cost, with no goodwill or other intangible assets recorded. Subsequently, results of operations presented for the period prior to the Business Combination will be those of Getty Images.

Getty Images has been determined to be the accounting acquirer in the Business Combination based on the following predominate factors:

- Existing Getty Images Stockholders will have the greatest voting interest in New CCNB immediately following the Closing under the three redemption scenarios with over 60% of the voting interest in each scenario;
- Existing Getty Images Stockholders will have the ability to nominate a majority of the initial members of the New CCNB Board following the Closing;
- Getty Images’ senior management will be the senior management of New CCNB following the Closing; and
- Getty Images’ is the larger entity based on historical operating activity and has the larger employee base.

Pursuant to the Existing Organizational Documents, CCNB’s public shareholders may request that CCNB redeem all or a portion of such shareholder’s public shares for cash equal to their pro rata share of the aggregate amount on deposit (as of two business days prior to the Closing) in the Trust Account if the Business Combination is consummated.

The unaudited pro forma condensed combined financial statements present three redemption scenarios as follows:

- **Assuming No Redemptions:** This presentation assumes that none of the holders of CCNB Class A Ordinary Shares will exercise redemption rights with respect to their public shares;
- **Assuming Maximum Redemptions with Available Backstop:** This presentation assumes that holders of 55,954,347 CCNB Class A Ordinary Shares will exercise redemption rights with respect to their public shares for their pro rata share (approximately $10.01 per share) of the funds in the Trust Account, and CCNB has received $300.0 million from NBOKS as of Closing available for the Business Combination as a result of NBOKS’ subscription for up to 30,000,000 New CCNB Class A Shares at $10.00 per share pursuant to the Backstop Agreement. Pursuant to the Backstop Agreement, CCNB may have access to up to $300.0 million from NBOKS to replace funds from the Trust Account utilized to fund redemptions, which will be available for the Business Combination. The Backstop may be available to other CC Capital and NBOKS jointly-sponsored entities on a first come first serve basis and, therefore, the availability of this funding is uncertain. The maximum number of CCNB Class A Ordinary Shares that may be redeemed under this scenario is derived from the number of shares that could be redeemed in connection with the Business Combination at an assumed redemption price of approximately $10.01 in order for the Net Funded Indebtedness to be at least $1,350,000,000 (the “Maximum Net Indebtedness Amount”) pursuant to the Net Funded Indebtedness Condition in the Business Combination Agreement.
- **Assuming Maximum Redemptions with No Backstop:** This presentation assumes that CCNB would not have access to the $300.0 million from NBOKS pursuant to the Backstop Agreement and holders of 25,973,447 CCNB Class A Ordinary Shares will exercise their redemption rights for their pro rata share (approximately $10.01 per share) of the funds in the Trust Account. The share redemption amount in this scenario is derived from the maximum number of shares that may be redeemed without causing the Net Funded Indebtedness Condition to the Closing of the Business Combination to be unsatisfied if the Backstop is not available.

Immediately after the Business Combination, New CCNB will change its name to “Getty Images Holdings, Inc.”

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

1. Basis of Presentation

The Business Combination is expected to be accounted for as a reverse recapitalization in accordance with GAAP, whereby CCNB is treated as the acquired company and Getty Images is treated as the acquirer. Accordingly, for accounting purposes, the Business Combination is expected to be treated as the equivalent of Getty Images issuing stock for the net assets of CCNB, accompanied by a recapitalization. The net assets of CCNB will be stated at historical cost, with no goodwill or other intangible assets recorded.

Subsequently, results of operations presented for the period prior to the Business Combination will be those of Getty Images.

The unaudited pro forma condensed combined balance sheet as of September 30, 2021 gives pro forma effect to the Business Combination and related transactions as if they had been consummated on September 30, 2021. The unaudited pro forma condensed combined statements of operations for the nine months ended September 30, 2021 and year ended December 31, 2020 give pro forma effect to the Business Combination and related transaction as if they had been consummated on January 1, 2020.

The unaudited pro forma condensed combined balance sheet as of September 30, 2021 has been prepared using, and should be read in conjunction with, the following:

- Getty Images’ unaudited condensed consolidated balance sheet as of September 30, 2021 and the related notes included elsewhere in this proxy statement/prospectus; and
- CCNB’s unaudited condensed balance sheet as of September 30, 2021 and the related notes included elsewhere in this proxy statement/prospectus.

The unaudited pro forma condensed combined statement of operations for the nine months ended September 30, 2021 has been prepared using, and should be read in conjunction with, the following:

- Getty Images’ unaudited condensed consolidated statement of operations for the nine months ended September 30, 2021 and the related notes included elsewhere in this proxy statement/prospectus; and
- CCNB’s unaudited condensed statement of operations for the nine months ended September 30, 2021 and the related notes included elsewhere in this proxy statement/prospectus.

The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2020 has been prepared using, and should be read in conjunction with, the following:

- Getty Images’ audited consolidated statement of operations for the year ended December 31, 2020 and the related notes included elsewhere in this proxy statement/prospectus; and
- CCNB’s audited statement of operations for the period from May 12, 2020 (inception) through December 31, 2020 and the related notes included elsewhere in this proxy statement/prospectus.

Management has made significant estimates and assumptions in its determination of the pro forma adjustments. As the unaudited pro forma condensed combined financial information has been prepared based on these preliminary estimates, the final amounts recorded may differ materially from the information presented.

The unaudited pro forma condensed combined financial information does not give effect to any synergies, operating efficiencies, tax savings or cost savings that may be associated with the Business Combination and related transactions.

The pro forma adjustments reflecting the completion of the Business Combination and related transactions are based on currently available information and assumptions and methodologies that management believes are reasonable under the circumstances. The unaudited condensed pro forma adjustments, which are described in the accompanying notes, may be revised as additional information becomes available and is evaluated. Therefore, it is likely that the actual adjustments will differ from the pro forma adjustments and it is possible the difference may be material. Management believes that its assumptions and methodologies provide a reasonable basis for presenting all of the significant effects of the
Business Combination and related transactions based on information available to management at the current
time and that the pro forma adjustments give appropriate effect to those assumptions and are properly
applied in the unaudited pro forma condensed combined financial information.

The unaudited pro forma condensed combined financial information is not necessarily indicative of
what the actual results of operations and financial position would have been had the Business Combination
and related transactions taken place on the dates indicated, nor are they indicative of the future consolidated
results of operations or financial position of the post-combination company. They should be read in
conjunction with the historical financial statements and notes thereto of Getty Images and CCNB.

2. Accounting Policies

Upon consummation of the Business Combination, management will perform a comprehensive review
of Getty Images and CCNB’s accounting policies. As a result of the review, management may identify
differences between the accounting policies of the two entities which, when conformed, could have a
material impact on the financial statements of New CCNB following the Closing. Based on its initial
analysis, management did not identify any differences that would have a material impact on the unaudited
pro forma condensed combined financial information.

3. Adjustments to Unaudited Pro Forma Condensed Combined Financial Information

The following unaudited pro forma condensed combined financial information has been prepared in
accordance with Article 11 of Regulation S-X. The unaudited pro forma condensed combined financial
information has been prepared to illustrate the effect of the Business Combination and related transactions
and has been prepared for informational purposes only.

The pro forma combined provision for income taxes does not necessarily reflect the amounts that
would have resulted had New CCNB following the Closing filed consolidated income tax returns during the
periods presented.

The pro forma basic and diluted earnings per share amounts presented in the unaudited pro forma
condensed combined consolidated statement of operations are based upon the number of New CCNB’s
shares outstanding, assuming the Business Combination and related transactions occurred on January 1,
2020.

Transaction Accounting Adjustments to Unaudited Pro Forma Condensed Combined Balance Sheet

The pro forma adjustments included in the unaudited pro forma condensed combined balance sheet as
of September 30, 2021 are as follows:

(b) Reflects the settlement of $29.0 million in deferred underwriting commissions.

unaudited pro forma condensed combined statement of operations for the year ended December 31,
2020 as discussed in Note 3(cc) below.

For the Getty Images transaction costs:

The costs expensed through accumulated deficit, which include amounts allocated to the public warrant, private placement warrant and forward purchase warrant liabilities of CCNB assumed as part of the Business Combination and related transactions, are included in the unaudited pro forma condensed combined statement of operations for the year ended December 31, 2020 as discussed in Note 3(dd)

This is a non-recurring item.

This is a non-recurring item.

4. Net Income (Loss) per Share

Represents the net income (loss) per share calculated using the historical weighted average shares outstanding, and the issuance of additional shares in connection with the Business Combination and related transactions, assuming the shares were outstanding since January 1, 2020. As the Business Combination and related transactions are being reflected as if they had occurred at the beginning of the periods presented, the calculation of weighted average shares outstanding for basic and diluted net income (loss) per share assumes that the shares issuable relating to the Business Combination and related transactions have been outstanding for the entire periods presented. When assuming maximum redemptions, this calculation is adjusted to eliminate such redeemed shares for the entire period.

The unaudited pro forma condensed combined financial information has been prepared assuming three alternative levels of redemption for the nine months ended September 30, 2021 and year ended December 31, 2020:

INFORMATION ABOUT CCNB

Overview

We are a blank check company incorporated on May 12, 2020 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses (an "initial business combination"). We may pursue an initial business combination target in any industry or sector. Our Sponsor is CC Neuberger Principal Holdings II Sponsor LLC, a Delaware limited liability company.

Significant Activities Since Inception

On August 4, 2020, we consummated the IPO of 82,800,000 units, including the issuance of 10,800,000 additional units as a result of the underwriters' exercise of their over-allotment option in full, at $10.00 per unit, generating gross proceeds of $828.0 million, and incurring offering costs of approximately $46.3 million, inclusive of approximately $29.0 million in deferred underwriting commissions.

Simultaneously with the closing of the IPO, we consummated the IPO Private Placement of 18,560,000 warrants (each, a "Private Placement Warrant" and collectively, the "Private Placement Warrants"), at a price of $1.00 per Private Placement Warrant, in a private placement to the Sponsor, generating gross proceeds of approximately $18.6 million.

Upon the closing of the IPO and the IPO Private Placement, $828.0 million ($10.00 per unit) of the net proceeds of the IPO and the sale of the Private Placement Warrants were placed in the Trust Account, located in the United States, with Continental Stock Transfer & Trust Company acting as trustee, and invested in United States "government securities" within the meaning of Section 2(a)(16) of the Investment Company Act, having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations, as determined by us, until the earlier of: (i) the completion of an initial business combination and (ii) the distribution of the Trust Account as described below.

CCNB’s units, public shares and public warrants are currently listed on the NYSE under the symbols “PRPB.U” “PRPB” and “PRPB WS,” respectively.

Financial Position

As of September 30, 2021, we had in the Trust Account $828,527,494 available to consummate an initial business combination after payment of the estimated expenses of our IPO and $28,980,000 of deferred underwriting fees. With the funds available, we offer a target business a variety of options such as creating a liquidity event for its owners, providing capital for the potential growth and expansion of its operations or strengthening its balance sheet by reducing its debt ratio. Because we are able to complete our initial business combination using CCNB’s cash, debt or equity securities, or a combination of the foregoing, we have the flexibility to use the most efficient combination that will allow us to tailor the consideration to be paid to the target business to fit its needs and desires.

Effecting a Business Combination

General

CCNB is not presently engaged in and will not engage in, any substantive commercial business until it completes the Business Combination with Getty Images or an initial business combination with another target business.

Fair Market Value of Target Business

The NYSE Listing Rules require that our business combination be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (less any deferred underwriting commissions and taxes payable on interest earned) at the time of our signing a
definitive agreement in connection with our initial business combination. The CCNB Board determined that this test was met in connection with the proposed Business Combination.

**Lack of Business Diversification**

For an indefinite period of time after the completion of our initial business combination, the prospects for our success may depend entirely on the future performance of a single business. Unlike other entities that have the resources to complete business combinations with multiple entities in one or several industries, it is probable that we will not have the resources to diversify our operations and mitigate the risks of being in a single line of business. By completing our initial business combination with only a single entity, our lack of diversification may:

- subject us to negative economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact on the particular industry in which we operate after our initial business combination; and
- cause us to depend on the marketing and sale of a single product or limited number of products or services.

**Redemption Rights for Public Shareholders upon Completion of the Business Combination**

We are providing our public shareholders with the opportunity to redeem all or a portion of their public shares upon the completion of our Business Combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to the consummation of the Business Combination, including interest earned on the funds held in the Trust Account and not previously released to us to pay our tax obligations, if any, divided by the number of the then-outstanding shares of public shares, subject to the limitations described herein. The amount in the Trust Account was approximately $10.01 per public share as of September 30, 2021. The per share amount we will distribute to shareholders who properly redeem their shares will not be reduced by the deferred underwriting commissions that we will pay to the underwriters of our IPO.

**Limitations on Redemption Rights**

Notwithstanding the foregoing, the Existing Organizational Documents provide that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than $5,000,001 (so that we do not then become subject to the SEC’s “penny stock” rules). In addition, a public shareholder, together with any Affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemptions with respect to more than an aggregate of 15% of the public shares.

**Redemption of Public Shares and Liquidation If No Business Combination**

We have until August 4, 2022 to complete an initial business combination. If we are unable to consummate an initial business combination by August 4, 2022, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (less up to $100,000 of interest to pay dissolution expenses and net of taxes paid or payable), divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any) and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the CCNB Board, liquidate and dissolve, subject in the case of clauses “(ii)” and “(iii),” to our obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law. Our Existing Organizational Documents provide that, if we wind up for any other reason prior to the consummation of the initial business combination, we will follow the foregoing procedures with respect to the liquidation of the Trust Account as promptly as reasonably possible but not more than 10 business days thereafter, subject to applicable Cayman Islands law.
Our Sponsor and each member of our management team have entered into an agreement with us, pursuant to which they have agreed to waive their rights to liquidating distributions from the Trust Account with respect to any founder shares or private placement shares they hold if we fail to consummate an initial business combination by August 4, 2022 (although they will be entitled to liquidating distributions from the Trust Account with respect to any public shares they hold if we fail to complete our initial business combination by August 4, 2022).

Our Sponsor, executive officers and directors have agreed, pursuant to agreements with us, that they will not propose any amendment to our Existing Organizational Documents that would affect the substance or timing of our obligation to provide for the redemption of our public shares in connection with the Business Combination or to redeem 100% of our public shares if we have not consummated an initial business combination by August 4, 2022, unless we provide our public shareholders with the opportunity to redeem their public shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (net of taxes paid or payable), divided by the number of then outstanding public shares. Our shareholders are not parties to, or third-party beneficiaries of, these agreements and, as a result, will not have the ability to pursue remedies against our Sponsor, executive officers or directors for any breach of these agreements. As a result, in the event of a breach, our shareholders would need to pursue a shareholder derivative action, subject to applicable law. However, we may not redeem our public shares in an amount that would cause our net tangible assets to be less than $5,000,001 (so that we do not then become subject to the SEC’s “penny stock” rules). If this optional redemption right is exercised with respect to an excessive number of public shares such that we cannot satisfy the net tangible asset requirement, we would not proceed with the amendment or the related redemption of our public shares at such time. This redemption right will apply in the event of the approval of any such amendment, whether proposed by our Sponsor, any executive officer, director or director nominee, or any other person.

We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the proceeds of our IPO held outside the Trust Account, plus up to $100,000 of funds from the Trust Account available to us to pay dissolution expenses, although we cannot assure you that there will be sufficient funds for such purpose.

If we were to expend all of the net proceeds of our IPO and the sale of the private placement units, other than the proceeds deposited in the Trust Account, and without taking into account interest, if any, earned on the Trust Account, the per-share redemption amount received by shareholders upon our dissolution would be $10.00. The proceeds deposited in the Trust Account could, however, become subject to the claims of our creditors which would have higher priority than the claims of our public shareholders. We cannot assure you that the actual per-share redemption amount received by shareholders will not be less than $10.00. While we intend to pay such amounts, if any, we cannot assure you that we will have funds sufficient to pay or provide for all creditors’ claims.

Although we will seek to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of our public shareholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the Trust Account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the Trust Account. If any third party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party’s engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any
negotiations, contracts or agreements with us and will not seek recourse against the Trust Account for any reason. In order to protect the amounts held in the Trust Account, our Sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the Trust Account to below the lesser of (i) $10.00 per public share and (ii) the actual amount per public share held in the Trust Account as of the date of the liquidation of the Trust Account if less than $10.00 per public share due to reductions in the value of the trust assets, in each case net of the interest that may be withdrawn to pay our tax obligations, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to seek access to the Trust Account, nor will it apply to any claims under our indemnity of the underwriters of our IPO against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, our Sponsor will not be responsible to the extent of any liability for such third-party claims. However, we have not asked our Sponsor to reserve for such indemnification obligations, nor have we independently verified whether our Sponsor has sufficient funds to satisfy its indemnity obligations and we believe that our Sponsor’s only assets are securities of our company. Our Sponsor may not be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties, including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the Trust Account are reduced below the lesser of (i) $10.00 per public share and (ii) the actual amount per public share held in the Trust Account as of the date of the liquidation of the Trust Account if less than $10.00 per public share due to reductions in the value of the trust assets, in each case net of the interest that may be withdrawn to pay our tax obligations, and our Sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our Sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our Sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than $10.00 per public share.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the Trust Account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy claims deplete the Trust Account, we cannot assure you we will be able to return $10.00 per public share to our public shareholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover some or all amounts received by our shareholders. In addition, the CCNB Board may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith by paying public shareholders from the Trust Account prior to addressing the claims of creditors, thereby exposing itself and us to claims of punitive damages.

We do not intend to have any full time employees prior to the completion of our initial business combination.

Corporate Governance

**Number and Terms of Office of Officers and Directors**

The CCNB Board is divided into three classes, with only one class of directors being appointed in each year, and with each class (except for those directors appointed prior to our first annual general meeting) serving a three-year term. In accordance with the NYSE corporate governance requirements, we are not required to hold an annual general meeting until one year after our first fiscal year end following our listing on the NYSE. The term of office of the first class of directors, consisting of Joel Alsfine, will expire at our first annual general meeting. The term of office of the second class of directors, consisting of James Quella and Jonathan Gear, will expire at our second annual general meeting. The term of office of the third class of directors, consisting of Charles. Kantor and Chinh E. Chu, will expire at our third annual general meeting.

Prior to the completion of an initial business combination, any vacancy on the CCNB Board may be filled by a nominee chosen by holders of a majority of our Founder Shares. In addition, prior to the completion of an initial business combination, holders of a majority of our Founder Shares may remove a member of the CCNB Board for any reason.

Our officers are appointed by the CCNB Board and serve at the discretion of the CCNB Board, rather than for specific terms of office. The CCNB Board is authorized to appoint persons to the offices as set forth in our amended and restated memorandum and articles of association as it deems appropriate. Our Existing Organizational Documents provide that our officers may consist of one or more chairmen of the board, chief executive officers, a president, chief financial officer, vice presidents, secretary, treasurer and such other offices as may be determined by the CCNB Board.

Director Independence

The NYSE listing standards require that a majority of the CCNB Board be independent. An “independent director” is defined generally as a person who has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company). We have three “independent directors” as defined in the NYSE listing standards and
applicable SEC rules. The CCNB Board has determined that Joel Alsfine, Jonathan Gear and James Quella are “independent directors” as defined in the NYSE listing standards and applicable SEC rules. Our independent directors will have regularly scheduled meetings at which only independent directors are present.

Executive Officer and Director Compensation

None of our executive officers or directors has received any cash compensation for services rendered to us. Commencing on the date that our securities were first listed on the NYSE through the earlier of consummation of our initial business combination and our liquidation, we have paid and will pay $20,000 per month to an affiliate of our Sponsor for office space, secretarial and administrative services provided to us. In addition, our Sponsor, executive officers and directors, or any of their respective affiliates have been and will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable initial business combinations. In the future, we, upon consultation with the compensation committee of the CCNB Board, may decide to compensate our executive officers and other employees. Our audit committee reviews on a quarterly basis all payments that are made to our Sponsor, executive officers or directors, or our or their affiliates. Any such payments prior to an initial business combination are made using funds held outside the Trust Account. Other than quarterly audit committee review of such reimbursements, we do not expect to have any additional controls in place governing our reimbursement payments to our directors and executive officers for their out-of-pocket expenses incurred in connection with identifying and consummating an initial business combination. Other than these payments and reimbursements, no compensation of any kind, including finder’s and consulting fees, will be paid by the company to our Sponsor, executive officers and directors, or any of their respective affiliates, prior to completion of our initial business combination.

We do not intend to take any action to ensure that members of our management team maintain their positions with us after the consummation of our initial business combination, although it is possible that some or all of our executive officers and directors may remain directors or negotiate employment or consulting arrangements to remain with us after our initial business combination. The existence or terms of any such employment or consulting arrangements to retain their positions with us may influence our management’s motivation in identifying or selecting a target business but we do not believe that the ability of our management to remain with us after the consummation of our initial business combination will be a determining factor in our decision to proceed with any potential business combination. We are not party to any agreements with our executive officers and directors that provide for benefits upon termination of employment.

Committees of the CCNB Board of Directors

The CCNB Board has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. Each of our audit committee, compensation committee and nominating and corporate governance committee is comprised solely of independent directors. Each committee operates under a charter that was approved by the CCNB Board and has the composition and responsibilities described below. The charter of each committee is available on our website. The information that may be contained on or accessible through our corporate website or any other website that we may maintain is not part of this proxy statement/prospectus or the registration statement of which this proxy statement/prospectus is a part.

Audit Committee

We have established an audit committee of the CCNB Board. Joel Alsfine, Jonathan Gear and James Quella serve as members of our audit committee. Under the NYSE listing standards and applicable SEC rules, we are required to have at least three members of the audit committee, all of whom must be independent. Joel Alsfine, Jonathan Gear and James Quella are independent.

Joel Alsfine serves as the Chairman of the audit committee. Each member of the audit committee meets the financial literacy requirements of the NYSE, and the CCNB Board has determined that Joel Alsfine, Jonathan Gear and James Quella each qualifies as an "audit committee financial expert” as defined in applicable SEC rules. The primary purpose of our audit committee is to assist the CCNB Board’s oversight of:
• the integrity of our financial statements;
• our compliance with legal and regulatory requirements;
• the qualifications, engagement, compensation, independence and performance of our independent
  registered public accounting firm;
• our process relating to risk management and the conduct and systems of internal control over
  financial reporting and disclosure controls and procedures
• the performance of our internal audit function.

The audit committee is governed by a charter that complies with the rules of the NYSE.

Compensation Committee

We have established a compensation committee of the CCNB Board. The members of our
compensation committee are Joel Alsfine, Jonathan Gear, and James Quella, with James Quella serving as
chairman of the compensation committee. Joel Alsfine, Jonathan Gear and James Quella are independent.
The primary purpose of our compensation committee is to assist the CCNB Board in overseeing our
management compensation policies and practice, including:
• determining and approving the compensation of our executive officers; and
• reviewing and approving incentive compensation and equity compensation policies and programs.

The compensation committee is governed by a charter that complies with the rules of the NYSE. This
charter provides that the compensation committee may, in its sole discretion, retain or obtain the advice of a
compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment,
compensation and oversight of the work of any such adviser. However, before engaging or receiving advice
from a compensation consultant, external legal counsel or any other adviser, the compensation committee
will consider the independence of each such adviser, including the factors required by the NYSE and the
SEC.

Nominating and Corporate Governance Committee

We have established a nominating and corporate governance committee. The members of our
nominating and corporate governance are Joel Alsfine, Jonathan Gear, and James Quella, with James Quella
serving as chairman of the nominating and corporate governance committee. Joel Alsfine, Jonathan Gear
and James Quella are independent.
The primary purpose of our nominating and corporate governance committee will be to assist the
CCNB Board in:
• identifying, screening and reviewing individuals qualified to serve as directors and recommending to
  the CCNB Board candidates for nomination for election at the annual general meeting or to fill
  vacancies on the CCNB Board;
• developing, recommending to the CCNB Board and overseeing implementation of our corporate
governance guidelines;
• coordinating and overseeing the annual self-evaluation of the CCNB Board, its committees,
  individual directors and management in the governance of the company; and
• reviewing on a regular basis our overall corporate governance and recommending improvements as
  and when necessary.

The nominating and corporate governance committee is governed by a charter that complies with the
rules of the NYSE.

Director Nominations

The CCNB Board will also consider director candidates recommended for nomination by our
shareholders during such times as they are seeking proposed nominees to stand for election at the next

annual general meeting (or, if applicable, an extraordinary general meeting). Our shareholders that wish to nominate a director for election to the CCNB Board should follow the procedures set forth in our Existing Organizational Documents.

We have not formally established any specific minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the CCNB Board considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom and the ability to represent the best interests of our shareholders.

Compensation Committee Interlocks and Insider Participation

None of our executive officers currently serves, and in the past year has not served, as a member of the compensation committee of any entity that has one or more executive officers serving on the CCNB Board.

Code of Ethics

We have adopted a code of ethics and business conduct (our “Code of Ethics”) applicable to our directors, officers and employees. We have posted a copy of our Code of Ethics and the charters of our audit committee, compensation committee and nominating and corporate governance committee on our website https://www.ccnbprincipal.com/ under “CC Neuberger Principal Holdings II”. In addition, a copy of the Code of Ethics will be provided without charge upon request from us. We intend to disclose any amendments to or waivers of certain provisions of our Code of Ethics in a Current Report on Form 8-K.

Corporate Governance Guidelines

The CCNB Board has adopted corporate governance guidelines in accordance with the corporate governance rules of the NYSE that serve as a flexible framework within which the CCNB Board and its committees operate. These guidelines cover a number of areas including board membership criteria and director qualifications, director responsibilities, board agenda, roles of the chairman of the board, chief executive officer and presiding director, meetings of independent directors, committee responsibilities and assignments, board member access to management and independent advisors, director communications with third parties, director compensation, director orientation and continuing education, evaluation of senior management and management succession planning. A copy of our corporate governance guidelines has been posted on the CCNB website.
MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF CCNB

Unless the context otherwise requires, all references in this section to the “Company,” “we,” “us” or “our” refer to CCNB prior to the consummation of the Business Combination. The following discussion and analysis of CCNB’s financial condition and results of operations should be read in conjunction with CCNB’s consolidated financial statements and notes to those statements included in this proxy statement/prospectus. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors. Please see “Cautionary Note Regarding Forward-Looking Statements” and “Risk Factors” in this proxy statement/prospectus.

Overview

We are a blank check company incorporated on May 12, 2020 (inception) as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses that we have not yet selected. We may pursue a business combination in any industry or sector. Our sponsor is CC Neuberger Principal Holdings II Sponsor LLC, a Delaware limited liability company.

Our registration statement for our IPO was declared effective on July 30, 2020. On August 4, 2020, we consummated the IPO of 82,800,000 units, including the issuance of 10,800,000 units as a result of the underwriters’ exercise of their over-allotment option, at $10.00 per unit, generating gross proceeds of $828.0 million, and incurring offering costs of approximately $46.3 million, inclusive of approximately $29.0 million in deferred underwriting commissions.

Simultaneously with the closing of the IPO, we consummated the IPO Private Placement of 18,560,000 Private Placement Warrants at a price of $1.00 per Private Placement Warrant to our Sponsor, generating gross proceeds to the Company of $18,560,000.

Upon the closing of the IPO and the IPO Private Placement, $828.0 million ($10.00 per unit) of the net proceeds of the IPO and the sale of the Private Placement Warrants were placed in the Trust Account, located in the United States, with Continental Stock Transfer & Trust Company acting as trustee, and invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended, or the Investment Company Act, having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations, as determined by the Company, until the earlier of: (i) the completion of an initial business combination and (ii) the distribution of the Trust Account.

If we are unable to complete a business combination within 24 months from the closing of the IPO, or August 4, 2022 (the "Combination Period"), we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (less up to $100,000 of interest to pay dissolution expenses and net of taxes paid or payable), divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any) and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and our board of directors, liquidate and dissolve, subject in the case of clauses (ii) and (iii), to our obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law. Our Existing Organizational Documents provides that, if we wind up for any other reason prior to the consummation of the initial business combination, we will follow the foregoing procedures with respect to the liquidation of the Trust Account as promptly as reasonably possible but not more than 10 business days thereafter, subject to applicable Cayman Islands law.

Proposed Business Combination

On December 9, 2021, we entered into the Business Combination Agreement. In connection with the Business Combination Agreement, we also entered into the Subscription Agreements, the NBOKS Side
Letter, the Sponsor Side Letter, and the Stockholders Agreement. See “Certain Relationships and Related Person Transactions — Stockholders Agreement.”

Results of Operations

Our entire activity since inception through September 30, 2021 is related to our formation, the preparation for the IPO, and since the closing of the IPO, the search for a prospective initial business combination. We have neither engaged in any operations nor generated any revenues to date. We will not generate any operating revenues until after completion of our initial business combination. We will generate non-operating income in the form of interest income on cash and cash equivalents. We expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. Additionally, we recognize non-cash gains and losses within other income (expense) related to changes in recurring fair value measurement of our warrant liabilities at each reporting period.

For the three months ended September 30, 2021, we had net income of approximately $10.1 million, which consisted of a gain of $10.4 million from the change in fair value of the derivative liabilities and approximately $101,000 on investments held in the Trust Account, partially offset by approximately $423,000 in general and administrative costs.

For the three months ended September 30, 2020, we had net loss of approximately $32.7 million, which consisted of $31.0 million loss from changes in fair value of warrant liabilities, $1.6 million of financing costs and approximately $211,000 in general and administrative costs, which were partially offset by $102,000 in net gain earned on investments held in the Trust Account.

For the nine months ended September 30, 2021, we had net income of approximately $29.7 million, which consisted of a gain of approximately $31.0 million from the change in fair value of the derivative liabilities and approximately $236,000 of investments held in the Trust Account, partially offset by approximately $1.5 million in general and administrative costs.

For the period from May 12, 2020 (inception) through September 30, 2020, we had net loss of approximately $32.7 million, which consisted of $31.0 million loss from changes in fair value of warrant liabilities, $1.6 million of financing costs and approximately $228,000 in general and administrative costs, which were partially offset by $102,000 in net gain earned on investments held in the Trust Account.

Liquidity and Capital Resources

As of September 30, 2021, we had approximately $361,000 in our operating bank account and working capital of approximately $413,000.

Prior to the completion of the IPO, our liquidity needs had been satisfied through the payment of $25,000 from our Sponsor to cover certain expenses on our behalf in exchange for the issuance of the Founder Shares, and a loan of approximately $267,000 pursuant to a note agreement issued to our Sponsor (the “Note”). Subsequent to the consummation of the IPO and IPO Private Placement, our liquidity needs have been satisfied with the proceeds from the consummation of the IPO Private Placement not held in the Trust Account. We fully repaid the Note on September 10, 2020. In addition, in order to fund working capital deficiencies or finance transaction costs in connection with a business combination, our Sponsor may, but is not obligated to, provide us Working Capital Loans. As of September 30, 2021, there were no amounts outstanding under any Working Capital Loans.

Based on the foregoing, management believes that we will have sufficient working capital and borrowing capacity from our Sponsor or an affiliate of our Sponsor, or our officers and directors to meet our needs through the earlier of the consummation of a business combination or August 4, 2022. Over this time period, we will be using these funds for paying existing accounts payable, identifying and evaluating prospective initial business combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination.
Going Concern

In connection with the Company’s assessment of going concern considerations in accordance with Financial Accounting Standard Board’s Accounting Standards Updated (“ASU”) 2014-15, “Disclosure of Uncertainties about an Entity’s Ability to Continue as a Going Concern”, management has determined that the mandatory liquidation and subsequent dissolution related to the Combination Period described above raises substantial doubt about the Company’s ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after August 4, 2022.

We continue to evaluate the impact of the COVID-19 pandemic and have concluded that the specific impact is not readily determinable as of the date of the condensed balance sheet. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Contractual Obligations

Registration and Shareholder Rights

The holders of the Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any CCNB Class A Ordinary Shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration and shareholder rights agreement. The holders of these securities are entitled to make up to three demands, excluding short form demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the completion of the Business Combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

We granted the underwriters a 45-day option from the date of the prospectus to purchase up to 10,800,000 additional units at the IPO price less the underwriting discounts and commissions. On August 4, 2020, we closed the issuance of such additional units pursuant to the underwriters’ full exercise of the over-allotment option.

The underwriters were entitled to an underwriting discount of $0.20 per unit, or approximately $16.6 million in the aggregate, paid upon the closing of the IPO. In addition, the underwriters are entitled to a deferred underwriting commission of $0.35 per unit, or approximately $29.0 million in the aggregate. The deferred underwriting commission will become payable to the underwriters from the amounts held in the Trust Account solely in the event that we complete a business combination, subject to the terms of the underwriting agreement.

Administrative Support Agreement

Commencing on the effective date of the registration statement on Form S-1 related to the IPO through the earlier of consummation of the initial business combination and the Company’s liquidation, we reimburse the Sponsor for office space, secretarial and administrative services provided to us in the amount of $20,000 per month. We incurred approximately $60,000 and $180,000 in general and administrative expenses in the accompanying condensed statements of operations for the three and nine months ended September 30, 2021, respectively, and accrued $280,000, in accrued expenses — related party, related to the administrative support agreement.

Forward Purchase Arrangement

In connection with the IPO, we entered into the Forward Purchase Agreement with NBOKS, which provides for the purchase of up to 20,000,000 Class A Ordinary Shares and 3,750,000 redeemable warrants to purchase one CCNB Class A Ordinary Share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of an initial business combination.
In connection with the Business Combination, New CCNB, CCNB and NBOKS entered into the NBOKS Side Letter, pursuant to which NBOKS confirmed the allocation to CCNB of $200,000,000 under the Forward Purchase Agreement and its agreement to, at Closing, subscribe for 20,000,000 shares of New CCNB Class A Common Stock, and 3,750,000 New CCNB Warrants. The Forward Purchase Securities will be issued only in connection with the Closing.

Critical Accounting Policies

This management’s discussion and analysis of our financial condition and results of operations is based on our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of our financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities in our financial statements. On an ongoing basis, we evaluate our estimates and judgments, including those related to fair value of financial instruments and accrued expenses. We base our estimates on historical experience, known trends and events and various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The Company has identified the following as its critical accounting policies:

Derivative Liabilities

We do not use derivative instruments to hedge exposures to cash flow, market or foreign currency risks. We evaluate all of our financial instruments, including issued stock purchase warrants, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to the Financial Accounting Standards Board’s ("FASB") Accounting Standards Codification ("ASC") Topic 480 “Distinguishing Liabilities from Equity” ("ASC 480") and FASB ASC Topic 815, “Derivatives and Hedging” ("ASC 815"). The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

We issued an aggregate of 20,700,000 warrants associated with units issued to investors in our IPO and the underwriters’ exercise of their overallotment option and we issued 18,560,000 Private Placement Warrants. In addition, we entered into a Forward Purchase Agreement in connection with the IPO which provides for an affiliate of our Sponsor to purchase of up to $200,000,000 of units, with each unit consisting of one CCNB Class A Ordinary Share and three-sixteenths of one warrant to purchase one CCNB Class A Ordinary Share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of the initial business combination. All of our outstanding warrants and the Forward Purchase Agreement are recognized as derivative assets and liabilities in accordance with ASC 815.

For equity-linked contracts that are classified as assets or liabilities, we record the fair value of the equity-linked contracts at each balance sheet date and record the change in the statements of operations as a (gain) loss on change in fair value of derivative liabilities. Our public warrants were initially valued using a binomial lattice pricing model when the public warrants were not yet trading and did not have observable pricing and are now valued based on public market quoted prices. Our Private Placement Warrants are valued using a binomial lattice pricing model when the warrants are subject to the make-whole table, or otherwise are valued using a Black-Scholes pricing model. Our Forward Purchase Agreement is valued utilizing observable market prices for public shares and warrants, relative to the present value of contractual cash proceeds, each adjusted for the probability of executing a successful business combination. The assumptions used in preparing these models include estimates such as volatility, contractual terms, discount rates, dividend rate, expiration dates and risk-free rates.

The estimates used to calculate the fair value of our derivative assets and liabilities change at each balance sheet date based on our stock price and other assumptions described above. If our assumptions change or we experience significant volatility in our stock price or interest rates, the fair value calculated from one balance sheet period to the next could be materially different.
CCNB Class A Ordinary Shares Subject to Possible Redemption

We account for our CCNB Class A Ordinary Shares subject to possible redemption in accordance with the guidance in ASC Topic 480 “Distinguishing Liabilities from Equity.” CCNB Class A Ordinary Shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable CCNB Class A Ordinary Shares (including CCNB Class A Ordinary Shares that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within our control) are classified as temporary equity. At all other times, CCNB Class A Ordinary Shares are classified as shareholders’ deficit. Our CCNB Class A Ordinary Shares feature certain redemption rights that are considered to be outside of our control and subject to the occurrence of uncertain future events. Accordingly, as of September 30, 2021 and December 31, 2020, 82,800,000 CCNB Class A Ordinary Shares subject to possible redemption are presented at redemption value as temporary equity, outside of the shareholders’ deficit section of our balance sheet.

Immediately upon the closing of the IPO, we recognized the accretion from initial book value to redemption amount. The change in the carrying value of redeemable shares of CCNB Class A Ordinary Shares resulted in charges against additional paid-in capital and accumulated deficit.

The Company recognizes changes in redemption value immediately as they occur and adjusts the carrying value of redeemable common stock to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock are affected by charges against additional paid in capital and accumulated deficit.

Net Income (Loss) Per Ordinary Share

We have two classes of shares: CCNB Class A Ordinary Shares and CCNB Class B Ordinary Shares. Income and losses are shared pro rata between the two classes of shares. Net loss per share is computed by dividing net loss by the weighted-average number of ordinary shares outstanding during the periods. Accretion associated with the CCNB Class A Ordinary Shares subject to possible redemption is excluded from earnings per share as the redemption value approximates fair value.

Off-Balance Sheet Arrangements

As of September 30, 2021, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K.

JOBS Act

The Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”) contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We qualify as an “emerging growth company” and under the JOBS Act are allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, the financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Recent Accounting Pronouncements

In August 2020, the FASB issued ASU No. 2020-06, Debt — Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging — Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity (“ASU 2020-06”), which simplifies accounting for convertible instruments by removing major separation models required under U.S. GAAP. The ASU also removes certain settlement conditions that are required for equity-linked contracts to qualify for the derivative scope exception, and it simplifies the diluted earnings per share calculation in certain areas. We adopted ASU 2020-06 on January 1, 2021. Adoption of the ASU did not impact our financial position, results of operations or cash flows.

Our management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material impact on our financial statements.

- **Creative**: Creative refers to photos, illustrations, vectors, and videos that are released for commercial use. Creative content covers a wide variety of subjects, including lifestyle, business, science, health and beauty, sports, transportation, and travel. Content is available for immediate use by a wide range of customers for any project, allowing customers to tailor the content to their target geographies and audiences. This content includes over 150 million digital assets. For the nine months ended September 30, 2021 and year ended December 31, 2020, our Creative segment represented 64.9% and 65.4% of revenue (of which 41.4% and 42.7% was generated through our annual subscription products), respectively. We primarily source Creative content from a broad network of professional, semi-professional, and amateur photographers, many of whom are exclusive to Getty Images and iStock.

- **Editorial**: Editorial refers to photos and video, which cover the world of news, sports and entertainment. From red carpet events to sports to conflict zones and beyond, each year we cover and represent more than 160,000 events around the globe. Our Editorial business combines contemporary coverage of more than 150 million rights managed assets per year with one of the largest privately held archives containing over 135 million archive images dating from 2000 all the way back to the beginning of photography. We invest to generate our own coverage through an editorial team of more than 300 dedicated staff and we combine this with coverage from our network of contributors, including over 50 premium content partners. For the nine months ended September 30, 2021 and year ended December 31, 2020, our Editorial segment represented 33.4% and 32.7% of revenue (of which 53.6% and 53.9% was generated through our annual subscription products), respectively.

- **Other**: For the nine months ended September 30, 2021 and year ended December 31, 2020, our Other segment represented 1.7% and 2.0% of revenue, respectively. Products within Other include music licensing, digital asset management and distribution services, wall décor sales, data revenues and certain retired products such as Rights Managed.

Diverse and Growing, Long-Tenured Customer Base

Getty Images is privileged to work with the world’s leading companies every day. In 2020, nearly 75% of Getty Images’ booked revenues (the amount of revenue invoiced to customers) were from customers that have a tenure of 10 years or more. While our iStock website added more than 400,000 new customers in 2020, almost 50% of revenue came from customers with a tenure of 10 years or more.

We also have strong revenue diversification. In 2020, our top ten customers contributed less than 5% of our booked revenue (the amount of revenue invoiced to customers).

In recent years, Getty Images has shifted revenues towards subscription products to drive revenue growth and durability. In 2020, annual subscriptions represented close to 50% of total revenue (excluding certain retired products). We offer a complete range of subscription products on both our Getty Images and iStock websites. Our Premium Access offering is available through the Getty Images website and offers all of Getty Images’ Creative and Editorial and video content in one subscription. We similarly continue to see more subscription adoption in e-commerce and recently introduced an iStock subscription, which includes video, a unique offering in its space. In all cases, our annual subscriptions provide greater customer and revenue visibility and upside through expanded consumption, cross-sell and upsell via our dedicated Customer Success team.

Reinvigorated Go-To-Market Strategy Bolstered by Improved Marketing Deployment and Accelerated Return on Investment

Since 2019, we have improved our marketing efficiency, which has driven acceleration in our new customer growth, with new customers per million dollars of digital marketing spend increasing by more than 67% in the first half of 2021 when compared to the same period in 2019. We shifted our marketing mix to take advantage of free website traffic through affiliate partnerships, expanded our geographic investment, invested in search engine optimization, and implemented a rigorous data-driven e-commerce program. These steps have significantly improved our marketing returns, resulting in decreased customer acquisition cost and improved revenue growth and customer lifetime value.
Demonstrated Acquisition Track Record

In April 2021, Getty Images acquired Unsplash, an established free image platform with scaled global traffic and an API offering with over 16,000 integrations across the creative economy. As of June 30, 2021, Unsplash had 1.8 billion downloads and 27 million monthly users.

As a result of the Unsplash acquisition, we now own one of the largest free image sites, through which we have been able to successfully leverage our experience with affiliate marketing to drive and monetize incremental iStock traffic. In addition, we have commenced monetization of Unsplash’s API customers and grown its ad-supported revenues.

Global Digital Visual Content Market

We believe the industry is poised for accelerating growth as a result of the following long-term trends:

- **Increasing demand for visual content:** Corporations and media companies need to maintain a presence across an expanding spectrum of owned and third-party digital and non-digital platforms. These platforms are increasingly visual (e.g., YouTube, Instagram, TikTok, Pinterest) and demand high frequency publishing through advertisements and direct posts. InsightSlice estimates the global digital content market is expected to grow from $11 billion in 2019 to $38 billion in 2030 at a ~12% CAGR.

- **Increasing demand for video:** The expansion of over the top (“OTT”) providers and video advertising is creating unprecedented demand for high-quality video content. PubMatic expects global digital video ad spend to grow from $60 billion in 2020 to $111 billion in 2024 at a ~17% CAGR.

- **Increasing demand from corporations:** Consumption of imagery and video is steadily expanding as corporations bring their creative marketing in-house to manage the breadth and frequency of content consumption, while balancing the cost of their marketing campaigns. The World Federation of Advertisers recently estimated that 74% of in-house creative teams were established in the last 5 years.

- **Increasing demand from SMBs:** SMBs continue to create and strengthen their online presence, creating a corresponding demand for visual content. Clutch estimates that in 2018 61% of SMBs invested in social media marketing. The SMB market is sizeable and continues to grow with Upwork estimating in 2020 that the global freelance sector income was close to $1.2 trillion. In a report published in 2017, Kaufman Index estimated 540,000 new SMBs are created in the U.S. each month.
Democratization and expansion of the creator economy: Today, anyone can be a creator due to the gig economy and proliferation of platforms that simplify creation and distribution. eMarketer estimates there are over 46 million amateur content creators. These creators increasingly access pre-shot content to support their projects and productions.

Getty Images’ Business Transformation

Over the past three years, we have reoriented our strategy and made significant business investments to enable enhanced future performance. Key initiatives implemented include:

- Unification and migration of our end-to-end platform to the cloud.
- Investment in best-in-class customer relationship management tools and technologies.
- Transition of a significant share of our business to a differentiated subscription offering with strong retention characteristics.
- Successfully exited legacy declining products (Creative Rights Managed, Unauthorized Use and Thinkstock) to simplify our offering, reduce customer friction, and to focus our resources.
- Invested in search engine optimization and altered our digital marketing deployment to accelerate new customer growth through our iStock brand.
- Launched our Custom Content offering to allow customers to efficiently secure brand and product-specific imagery through our global contributor network.
- Restructured our Sales, Customer Success Management, and Customer Service functions to take advantage of our global scale to reduce costs and improve service levels.
- Acquired Unsplash, which allows us to tap into the growth of the creator economy long tail.

We believe that our transformation and investments, together with the changes driving industry growth, set the stage for Getty Images’ next phase of durable and accelerating growth.

Growth Strategies

Getty Images is well-positioned to continue generating revenue and cash flow growth by capitalizing on the increasing demand for visual content driven by long-term trends through our differentiated end-to-end content offering, our established brands and corresponding market coverage, and our strong value proposition to customers and content providers. We anticipate our future growth to be driven by the following strategies:

Continue to be agile: We quickly and successfully transitioned to a work-from-home environment in response to COVID-19. We expect to maintain enhanced workplace flexibility, including remote and hybrid working environments, which will support improved employee engagement, recruitment, and retention as well as real estate cost efficiencies. Our entertainment segment continues to be impacted by the postponement and cancellation of entertainment events (e.g., movie premiers, concerts, fashion shows, award shows, etc.) around the globe. This has impacted our related licensing, assignment, and services revenues from this segment. We expect these events and corresponding revenues to return and we have maintained full capabilities to service these needs at such point in time.

Capturing growth in the Corporate Segment: The corporate segment has been a clear and steady source of growth over the last several years and we believe a large corporate market opportunity still exists. Currently, less than 50% of the top 3,000 global corporations have licensed content from Getty Images, including iStock. Of those corporations that have licensed content from Getty Images, less than 10% spend US$50,000 or more annually. To further capture this opportunity, we realigned our sales force and their incentives to target further penetration and upsell of the corporate market. Furthermore, we increased our customer service capabilities and resources against the segment and launched new products, such as Custom Content, and upgraded others, such as Media Manager, to better meet corporate needs. Through continued investment and focus, Management believes that it can further accelerate growth across the corporate segment.
**Accelerate our penetration across high-growth geographies:** We are focused on deepening our international reach by investing in digital marketing, search engine optimization and further localization of our services and content in geographies where we are underpenetrated. We are well-positioned from a brand, content, and product perspective across 18 languages and 24 currencies to capture an increased share of these attractive, underpenetrated market opportunities.

**Continued emphasis on subscription offerings:** We have achieved growth in our Average Annual Revenue per User ("ARPU") and corresponding Lifetime Value ("LTV") as we increase our subscription revenue mix. Annual subscription revenues now comprise roughly half our core product revenues, and we expect to further increase penetration over time through an emphasis on our e-commerce offerings.

![Annual Subscription Revenue](chart1)

1 Represents annual subscription product revenues as a percentage of total revenue (excluding certain retailed products).

**Continue to grow video consumption:** Video revenues grew 20% in 2020 as compared to 2019 despite COVID and more than 24% in the first three quarters of 2021 as compared to 2020. However, less than 20% of Getty Images and less than 10% of iStock customers purchase video. We expect more customers to use video in the future, which we believe creates a stickier customer that consumes and spends more on our platform. In 2020, first time customers spent approximately 88% more in the year following the year of their first video purchase.

![Video Attachment Rate](chart2)

1 Attachment is calculated as % of downloads who download video from all offer up screen of subscription and non-subscription products.

230
Increase wallet share within existing customer base: We expect to increase wallet share with existing customers through the cross selling of products such as Custom Content, music, and Media Manager, our digital asset management product. These offerings drive significant increases in ARPU from our corporate customers and drive high customer retention.

Monetize reach into evolving creator economy: Our acquisition of Unsplash strengthens our position in the rapidly growing “creative long-tail” economy. Unsplash attracts over 20 million visitors per month and has over 16,000 API integrations. Traffic has grown approximately 50% in the last three years, which we believe reflects the significant opportunity across the “long tail” creator economy. In addition to growing the existing advertising revenue streams, we expect to monetize existing API integrations through licensing fees and to introduce premium content (with corresponding license protections) to Unsplash users.

Opportunities for AI and data analytics: Our scaled data and library of content and metadata are a unique asset. We have and will continue to leverage Artificial Intelligence and Machine Learning capabilities to improve the relevance and effectiveness of our imagery and our search efficiency. We are continuously investing to bring unique capabilities and insights to increase customer stickiness and to drive new revenue streams.

Participate in the growing NFT market: We believe our expansive and proprietary visual archives and exclusive relationships with Image Partners such as the NBA, FIFA, Formula One and NASCAR present significant opportunities within the NFT market as it continues to develop.

Pursue accretive and strategic acquisitions: The Business Combination will significantly reduce our financial leverage, which will position us to pursue inorganic growth through acquisitions. Getty Images has a successful track record of executing and integrating acquisitions. We have been able to leverage our content, brands, and large customer base to enter related, but adjacent markets to achieve efficiencies and accelerate growth.

Competitive Strengths

We believe we have the following competitive strengths:

Preeminent Global Visual Content and Creator Marketplace: We operate a scalable marketplace with global reach and a powerful, defensible “network effect”. Our product offering is well-positioned and differentiated across all visual licensing segments, which affords us the ability to bundle these offerings into unified subscriptions. Through our staff, propriety data and research, exclusive contributors, premium content...
partners, archive and unique access, we create sustainable differentiation versus competitors and offer compelling value proposition to our global customers and content providers.

**Positioned to Capitalize on the Accelerating Long-Term Demand for Visual Content:** We represent an efficient, reliable, and high-quality solution to customers who need to maintain a presence and publish across more platforms and projects with increased frequency. We offer a unique range of editorial and creative content across stills and videos from both contemporary and archival libraries. In addition, we enable our customers to utilize these assets efficiently by providing the necessary protections, services, technologies, and data. Our well-respected and well-known brands in Getty Images, iStock and Unsplash address the needs across the full spectrum of customers, including enterprises, SMBs, and the “creative long tail”.

**Robust Margin Profile and Free Cash Flow Generation:** Our investments in technology and other capabilities in different functional areas of the business have enabled us to maintain an efficient cost base that can scale to support business growth. For the nine months ended September 30, 2021, our cost of revenue as a percentage of revenue is under 30% and our Adjusted EBITDA Margins exceed 30%.

**Our Content Contributors**

The content we license to our customers is sourced from more than 450,000 photographers, illustrators and videographers, and Image Partners from almost every country in the world. We do not rely on any single individual or group of suppliers to meet our content needs. Content sourced from any single content supplier accounted for no more than 4% of revenue in 2020. As of September 30, 2021, Getty Images owned or licensed more than 469 million images and videos.

Over 100 staff photographers and videographers and almost 80,000 contributors and Image Partners provide content to Getty Images on an exclusive basis. These exclusive relationships allow for transparent information and the sharing of research and insights with contributors. Approximately 70% of our revenue was generated from exclusive content during the LTM June 30, 2021. During the twelve months ended December 31, 2020, we paid approximately $208 million in royalties to our content contributors.

**Independent contributors**

Independent contributors typically fund their own production costs and retain copyright ownership of their content but enter into contracts with Getty Images granting global distribution and pricing rights, often on an exclusive basis. These content sourcing agreements also provide representations and warranties by content suppliers as to the copyrights and other intellectual property rights in the content, including representations as to the released nature of the content, if relevant.
Image Partners

Image Partners are third-party companies that license their collection of content through us. We generally act as our Image Partners’ primary or exclusive distribution channel, enabling us to commercialize their editorial coverage of news, entertainment and sporting events and their fully released creative content. Image Partners provide both their wholly-owned and third-party contributor content to us for license through our extensive global network.

Staff and Freelance photographers/videographers

We have over 100 full-time staff photographers and videographers, who supply Editorial photos and video content across news, sports, and entertainment. These staff professionals are award-winning experts in their fields and are employed by Getty Images. For most staff-produced content, we pay very limited, if any, royalties. We also utilize our global network of freelance photographers to cover events. In many cases, we own the resulting copyright and pay no royalties as these photographers are paid a set rate to shoot the event.

Archive

Getty Images owns one of the largest privately-held archives of photo content globally with access to over 135 million images dating back to the beginning of photography. Additionally, we exclusively represent and maintain unique archives such as Hulton, Bettman, Sygma and Gamma. These key collections often hold historical significance and are irreplaceable. We believe they are a key differentiator versus competitors.

Competition

The market for digital content and related services is highly competitive and rapidly evolving. We believe that we are well positioned to be a key source of content for our customers when considering the principal competitive factors:

- the quality, exclusivity, relevance, and breadth of the content in a company’s collections, as well as the ongoing ability to source new content globally;
- the exclusive nature of contributing photographers, illustrators, videographers, and other partners under contract with a company;
- effective use of current technology, including, but not limited to, search functionality and the use of artificial intelligence;
- access and exclusivity as it relates to events where editorial content is created;
- ability to deliver content, especially editorial content, contemporaneously with events being covered;
- localization, customer service, and customer relationships;
- ability to deliver a variety of content types with different purchase options tailored to customer needs and budgets;
- accessibility of content and speed and ease of search and fulfillment across geographies and user types; and
- global sales and marketing efforts to attract, service and retain new and existing customers, including, but not limited to, the financial ability to support significant digital marketing spend and sales and service teams.

Our current and potential domestic and international competitors range from large established companies to emerging start-ups across different industries. Our competitors include: online marketplaces and traditional stock content suppliers of current and archival creative and editorial imagery and stock video; specialized visual content companies in specific geographic regions; providers of free images, music and video and related tools, websites specializing in image search, recognition, discovery and consumption; websites that host and store images, art and other related products; those providers of visual content creation and editing tools that include integrated stock content in their product offering; providers of cloud-based digital asset management tools; social networking and social media services; and commissioned photographers.
and photography agencies. There is also a very large number of small stock photography and video agencies, image content aggregators and individual photographers throughout the world with whom we compete. We also compete for content contributors on the basis of several similar factors including ease and speed of the upload and content review process; the volume of customers who license their submitted content; contributor commission models and practices; the degree to which contributors are protected from legal risk; brand recognition and reputation; the effective use of technology; the global nature of our interfaces; and customer service. Additionally, we compete with in-house or self-created content. We believe our principal competitors for creative content are Shutterstock and AdobeStock and our principal competitors for editorial content include the Associated Press and Reuters.

Intellectual Property

A significant portion of the content that we distribute is licensed to us from individual photographers and videographers and Image Partners. Content suppliers typically prefer to retain copyright ownership of their work and, as a result, copyright to content remains with the artists in most cases, even while we maintain the right to market, display, distribute and license the imagery, illustration or video on their behalf, globally. We own the copyrights to imagery and video produced by staff photographers as well as any created on a work-for-hire basis, and to imagery and video acquired from third parties. We also own numerous trademarks and have the rights to corresponding internet domain names such as Getty Images (www.gettyimages.com), iStock (www.istock.com) and Unsplash (www.unsplash.com), which are important to the business and have significant value. Depending on the jurisdiction, trademarks are valid as long as they are in use and / or their registrations are properly maintained, and they have not been found to have become generic. We have successfully recovered domain names that include infringing trademarks in the past and intend to continue to enforce our rights in the future. Although we own the Getty Trademarks, in certain specified scenarios, Getty Investments has the option to acquire, for a nominal sum, all rights to the Getty Trademarks. See “Risk factors — Operational risks relating to our business — We may lose the right to use “Getty Images” trademarks in the event we experience a change of control.” We also own copyrights, including certain content on our web properties, publications and designs, as well as patents, including with respect to our display a-systems and search capabilities. These intellectual property rights are important to our business and marketing efforts. The duration of the protection afforded to our intellectual property depends on the type of property in question, the laws and regulations of the relevant jurisdiction and the terms of our license agreements with others. We protect our intellectual property rights by relying on federal, state, and common law rights, including registration, in the United States and applicable foreign jurisdictions, as well as contractual restrictions. We enforce and protect our intellectual property rights through litigation from time to time, and by controlling access to our intellectual property and proprietary technology, in part, by entering into confidentiality and proprietary rights agreements with our employees, consultants, contractors, and vendors. In this way, we have historically chosen to protect our software and other technological intellectual property as trade secrets. We further control the use of our proprietary technology and intellectual property through provisions in our websites’ terms of use and license agreements.

Locations and Facilities

Our major US offices are located in New York and Seattle, and our major offices in the rest of the world are located in London, Dublin, and Calgary. In all, we have staff in 20 countries across the globe. We lease these offices and all of our other office spaces around the world.

Our Culture and Values

At the core of our business is a mission to move the world. We pursue our mission through our images, videos, and illustrations which seek to inform, drive debate, entertain, inspire, and challenge historical biases. By capturing powerful imagery, we strive to make an impact for today and for posterity. Our imagery moves hearts and minds across the globe, shifting perceptions and powering commerce and ideas at the same time.

234
Beyond our mission, we also hold ourselves accountable to a shared culture which is customer-focused, results-driven, team-oriented and which maximizes the contribution of our employees toward our shared goals (our “Leadership Principles”):

- We are trustworthy, transparent and honest.
- We always raise the bar.
- We collectively bring solutions.
- We care, are kind, courteous and respectful.
- We are inclusive of different voices, perspectives and experiences.
- We are one Getty Images with no silos.
- We deliver on our commitments and commercial goals.
- We put the customer at the heart of everything we do.
- We reject biased behavior and discrimination.

**Employees**

As of September 30, 2021, we had 1,608 employees, of which approximately 63% were located in the Americas region, approximately 29% in the EMEA region, and the remainder in the APAC region. Some of our employees in Brazil, Germany, France and Spain are subject to collective bargaining agreements that set minimum salaries, benefits, working conditions and/or termination requirements. We consider our employee relations to be satisfactory. See “Risk Factors — The loss of key personnel, an inability to attract and retain additional personnel or difficulties in the integration of new members of our management team into our Company could affect our ability to successfully grow our business.”

**Diversity and Inclusion**

Our vision for diversity and inclusion is a Getty Images whose employees, contributors, and imagery reflects the diversity of our customers and markets around the globe and our culture enables individuals to come to work as themselves, be treated with respect and be given equal opportunities, and will ensure their perspectives and experiences are included in our decision making.

We are committed to building a diverse community and creating an environment in which all can thrive. How we hire, develop, and compensate at all levels and in all departments, including our global network of content creators, must address systemic bias.

We are committed to supporting our employees, where all experiences and backgrounds are respected and where everyone comes together to produce amazing imagery, support our customers and impact the world. We are committed to eradicating and dismantling inequities and barriers that prevent individuals from being seen, heard, valued and respected for their full authentic selves.

We are committed to a work environment that is a safe and inclusive space for all individuals. We are committed to open dialogue and provide resources and training in support of our collective learning journey. We are committed to providing authentic and positive depiction across all marginalized communities.

We maintain a Global Advisory Committee on Diversity and Inclusion comprised of 26 employees from our global employee base. The committee’s responsibilities encompass auditing and advising the business’ diversity and inclusion efforts and progress while supporting and engaging local offices, Employee Resource Groups (“ERGs”) and employees.

**Employee Opportunity**

Our more than 1,600 employees represent the diverse communities they live and work in around the world. They speak more than 18 languages, come from more than 30 countries, and include working parents, military spouses and veterans. They bring a wide berth of perspectives and experiences to drive our Mission.

235
We seek to ensure our employees are recognized and rewarded, feel empowered and inspired as they live out our Leadership Principles every day. We foster an environment of transparency, always seeking to learn and improve our employee experience. We do this by engaging with employees in regular feedback loops, including live discussions and a bi-annual engagement survey, and that feedback then provides insights that fuel all of our employee programming from learning and development to our total rewards approaches and everything in between. Internationally, we customize our compensation and benefits to remain competitive and responsive to our employees’ needs, including global mental health and well-being programs to support the burdens of the pandemic.

We provide many opportunities for learning and growth, cultivating a culture of curiosity. These include formal and informal mentoring opportunities, high potential programming, leadership learning, content development hours to inform on our product offerings, and tailored learning across all functions. We believe in providing learning across various platforms and media as well, recognizing the learning differences of our employees.

We are defining a future of work that is more flexible, digital, and purposeful. Our approach aims to empower employees to do their best work in the setting that works for them, supporting employee flexibility while balancing business needs.

Government Regulation

The legal environment of the internet is evolving rapidly throughout the world. Numerous laws and regulations have been adopted at the national and state level in the United States and across the globe that could have an impact on our business. These laws and regulations include the following:

- The Digital Millennium Copyright Act (the “DMCA”), which regulates digital material and created updated copyright laws to address the unique challenges of regulating the use of digital content.
- The Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003 and similar laws adopted by a number of states, which regulate the format, functionality and distribution of commercial solicitation e-mails, create criminal penalties for unmarked sexually-oriented material, and control other online marketing practices.
- The Children’s Online Privacy Protection Act and the Prosecutorial Remedies and Other Tools to End Exploitation of Children Today Act of 2003, which regulate the collection or use of information, and restrict the distribution of certain materials, as related to certain protected age groups. In addition, the Protection of Children from Sexual Predators Act of 1998 provides for reporting and other obligations by online service providers in the area of child pornography.
- The Federal Trade Commission Act and numerous state “mini-FTC” acts, which bar “deceptive” and “unfair” trade practices, including in the contexts of online advertising and representations made in privacy policies and other online representations.
- The European Union General Data Protection Regulation (“GDPR”), which governs how we can collect and process the personal data of, primarily, European Union residents.
- The California Consumer Privacy Act of 2018 (“CCPA”), which governs how we can collect and process the personal data of California residents.
- The Illinois Biometric Information Privacy Act (“BIPA”), which governs the use of biometric identifiers that are used to access sensitive information.

In particular, we are subject to U.S. federal and state, and foreign laws and regulations regarding privacy and data protection as well as foreign, federal and state regulation. Foreign data protection, privacy, content regulation, consumer protection, and other laws and regulations can be more restrictive than those in the United States and often have extraterritorial application, and the interpretation and application of these laws are continuously evolving and remain in flux. See “Risk Factors — We collect, store, process, transmit and use personally identifiable information and other data, which subjects us to governmental regulation..."
and other legal obligations related to privacy, information security and data protection in many jurisdictions. Any cybersecurity breaches or our actual or perceived failure to comply with such legal obligations by us, or by our third-party service providers or partners, could harm our business.”

In addition, from a taxation perspective, there are applicable and potential government regulatory matters that may impact us. In particular, certain provisions of the Tax Cuts and Jobs Act of 2017 (the “TCJA”) have had and will continue to have a significant impact on our financial position and results of operations. The TCJA continues to be subject to further regulatory interpretation and technical corrections by the U.S. Treasury Department and the I.R.S. and therefore, the full impact of the TCJA on our tax provision may continue to evolve. Further, we continue to remain subject to uncertainty related to foreign jurisdictions’ potential reactions to the TCJA, as well as evolving regulatory views and legislation regarding taxation of e-commerce businesses such as the Organization for Economic Cooperation and Development (OECD) Base Erosion and Profit Shifting (BEPS) proposals and other country specific digital tax initiatives. As these and other tax laws and related regulations continue to evolve, our financial results could prospectively be materially impacted. See “Risk Factors — Our operations may expose us to greater than anticipated income and transaction tax liabilities that could harm our financial condition and results of operations.”

Legal Proceedings

Although we are not currently a party to any litigation that we believe would have material adverse effect on our business, results of operations, financial condition or cash flows, third parties have asserted claims against us regarding intellectual property rights, employment matters, privacy issues and matters arising during the ordinary course of business. Although we cannot be certain of the outcome of any litigation or the disposition of any claims, nor the amount of damages and exposure that we could incur, we currently believe that the final disposition of such matters will not have a material adverse effect on our business, results of operations, financial condition or cash flows. In addition, in the ordinary course of our business, we are also subject to periodic threats of lawsuits, investigations and claims. Regardless of the outcome, litigation can have an adverse impact on us because of related defense and settlement costs, diversion of management resources and other factors. See “Risk factors — Operational risks relating to our business — We are currently subject to various litigation, the unfavorable outcomes of which might have a material adverse effect on our financial condition, operating results and cash flow.”

Business Overview and Recent Developments

In 1995, Mark Getty and Jonathan Klein co-founded the predecessor to Getty Images, Inc. in London. In September 1997, Getty Communications, as it was then known, was merged with PhotoDisc, Inc. to form Getty Images, Inc.

Griffey Global Holdings, Inc. (Getty Images or the “Company”) was incorporated in Delaware on September 25, 2012. In October of the same year, the Company indirectly acquired Getty Images. Getty Images Inc. and its subsidiaries collectively represent the operations of the Company.

Getty Images is a world leader in serving the visual content needs of businesses with over 469 million assets available through its industry-leading sites; gettyimages.com, istock.com and unsplash.com. New content and coverage is added daily, with 8-10 million new assets added each quarter, over 120 million visits to the websites each quarter and approximately 2.3 billion searches annually. The Company serves over 749 thousand purchasing customers in almost every country in the world with websites in 18 languages bringing the world’s best content to media outlets, advertising agencies and corporations of all sizes and, increasingly, serving individual creators and prosumers.

In support of its content, Getty Images employs over 100 staff photographers and videographers, distributes the content of over 450,000 contributors and more than 300 content partners. Over 75,000 of our contributors and the majority of our content partners are exclusive to the Company, creating content that can’t be found anywhere else. Each year, we cover more than 160,000 global events across news, sport and entertainment, providing a depth and breadth of coverage that is unmatched. Getty Images also maintains one of the largest and best privately-owned photographic archives in the world with over 135 million images across geographies, time periods and verticals.

Through our content and coverage, Getty Images moves the world — whether the goal is commercial or philanthropic, revenue-generating or society-changing, market-disrupting or headline-driving. Impact of COVID-19

The COVID-19 pandemic is significantly impacting economies around the world. During this time, ensuring that our customers continue to have access to our extensive library of visual content, including the latest global news coverage and exclusive images, and that our employees remain safe is of utmost importance. The economic uncertainty caused by COVID-19 has had an impact on our customers, which has resulted in an unfavorable impact, to varying degrees geographically, on our revenue for the year ended December 31, 2020 and the nine months ended September 30, 2021 and 2020. While we cannot predict with any level of certainty the size or duration, we expect these unfavorable impacts to persist well into 2022. Our global event coverage has been negatively impacted as a result of wide-spread, COVID-19 related government, event organizer or league shut down or postponement of sports and entertainment events, adversely impacting our paid assignment and editorial licensing revenues. The changing global economy and impact on our operations, and the operations of our customers, partners and contributors, could have a material adverse effect on our business, financial condition, cash flows and results of operations. We have taken steps to ensure our employees remain safe and healthy, including enabling our employees to work from home whenever possible and we have been able to effectively deliver our services remotely. While COVID-19 is having significant worldwide impact, we remain confident that we have the right team and have taken the right steps to allow us to get through this difficult time. See “Risk Factors — The effect of the COVID-19 pandemic on our operations, and the operations of our customers, partners and suppliers, has had, and is expected to continue to have an effect on our business, financial condition, cash flows and results of operations.”

Proposed Business Combination

Getty Images, the Partnership, CCNB, New CCNB, Domestication Merger Sub, G Merger Sub 1, G Merger Sub 2, entered into the Business Combination Agreement on December 9, 2021 for the purposes of certain sections set forth in this proxy statement/prospectus, pursuant to which (i) on the Closing Date, New CCNB will statutorily convert from a Delaware limited liability company to a Delaware corporation and at 12:01 a.m. on the Closing Date, CCNB will be merged with and into Domestication Merger Sub, with Domestication Merger Sub surviving the merger as a wholly-owned direct subsidiary of New CCNB, (ii) on the Closing Date following the Domestication Merger, G Merger Sub 1 will be merged with and into Getty Images, with Getty Images surviving the merger as an indirect wholly-owned subsidiary of New CCNB and (iii) immediately after the First Getty Merger, Getty Images will be merged with and into G Merger Sub 2 with G Merger Sub 2 surviving the merger as an indirect wholly owned subsidiary of New CCNB.

The Business Combination is expected to be accounted for as a reverse recapitalization in accordance with GAAP. Under this method of accounting, CCNB will be treated as the acquired company and Getty Images will be treated as the acquirer for financial reporting purposes. Accordingly, for accounting purposes, the financial statements of New CCNB will represent a continuation of the financial statements of Getty Images, with the Business Combination treated as the equivalent of Getty Images issuing stock for the historical net assets of CCNB, accompanied by a recapitalization. The net assets of CCNB will be stated at historical cost, with no goodwill or other intangible assets recorded. Operations prior to the Business Combination will be those of Getty Images.

As a consequence of the Business Combination, Getty Images will become the successor to an SEC-registered and NYSE-listed company which will require Getty Images to hire additional personnel and implement procedures and processes to address public company regulatory requirements and customary practices. Getty Images expects to incur additional annual expenses as a public company for, among other things, directors’ and officers’ liability insurance, director fees and additional internal and external accounting and legal and administrative resources, including increased audit and legal fees.

Total purchasing customers is the count of total customers who made a purchase within the reporting period based on billed revenue. This metric provides management and investors with an understanding of both how we are growing our purchasing customer base and combined with revenue, an understanding of our average revenue per purchasing customer. This metric differs from total customers which is a count of all downloading customers, irrespective of whether they made a purchase in the period. The increase in total purchasing customers during the year ended December 31, 2020 and last twelve months (“LTM”) ended September 30, 2021, as compared to the year ended December 31, 2019 and LTM ended September 30, 2020 reflects growth in new customers, consistency of purchasing patterns of our existing customers and our ability to produce relevant content for our customers.

Total active annual subscribers is the count of customers who purchased an annual subscription product during the reporting period. This metric provides management and investors with visibility into the rate at which we are growing our subscriber base and is highly correlated to the percentage of our revenue that comes from annual subscription products. Annual subscription revenue as a percentage of total revenue was approximately 46.2% for the year ended December 31, 2020 and 45.4% for the LTM ended September 30, 2021, as compared to 43.2% for the year ended December 31, 2019 and 46.4% for the LTM ended September 30, 2020. Growth in annual subscribers reflects the Company’s deliberate focus on expanding its subscription offerings for customers to provide comprehensive content solutions across all price points.

Annual paid download volume is a count of the number of content downloads by our customers in the reported period. This metric informs both management and investors about the volumes at which customers are engaging with our content over time. Growth in paid download volumes is a signal that our content is meeting the evolving needs of our customers. Annual paid download volume decreased to 83 million in the year ended December 31, 2020, as compared to 84 million for the year ended December 31, 2019, which reflects some COVID-19 impact. Annual paid download volume increased to 87 million for the LTM period ended September 30, 2021, as compared to 84 million for the LTM period ended September 30, 2020.

LTM annual subscriber revenue retention rate calculates retention of total revenue for customers on an annual subscription product, comparing the customer’s total billed revenue (inclusive of both annual subscription and non-annual subscription products) in the LTM period to the next twelve month period (“NTM”). For example, LTM annual subscriber booked revenue (the amount of revenue invoiced to customers) for the period ended September 30, 2021 was 102.3% of revenue from these customers in the period ended September 30, 2020. Revenue retention rate informs management and investors on the degree to which we are maintaining or growing revenue from our annual subscriber base. As subscriptions as percentage of total revenue continues to grow, revenue retention for these customers is a key driver of the predictability of our financial model with respect to revenue. LTM annual subscriber revenue retention rate decreased to 87.9% in the year ended December 31, 2020, as compared to 97.5% for the year ended December 31, 2019, reflecting some COVID-19 impact. LTM annual subscriber revenue retention rate increased to 102.3% for the nine months ended September 30, 2021, as compared to 90.4% for the nine months ended September 30, 2020.

Image and Video collection is a count of the total images and videos in our content library as of the reporting date. Management and investors can view growth in the size, both depth and breadth, of the
content library as an indication of our ability to continue to expand our content offering with premium, high quality, contemporary content to meet the evolving needs of our customers. Image and video collection increased to 426 million and 17 million, respectively, during the year ended December 31, 2020, as compared to 400 million and 12 million, respectively, for the year ended December 31, 2019. Image and video collection increased to 450 million and 19 million, respectively, for the period ended September 30, 2021, as compared to 422 million and 16 million, respectively, for the period ended September 30, 2020.

Video attachment rates is a measure of the percentage of total customer downloaders who are video downloaders. Customer demand for video content continues to grow and represents a significant opportunity for revenue growth for Getty Images. The video attachment rate provides management and investors with an indication of our customers’ level of engagement with our video content offering. Our expansion of video across our subscription products and the launch of the new iStock video editor tool in 2021 are strategic initiatives focused on further increasing the attachment rate over time. The increase in video attachment rates from the year ended December 31, 2019 to the year ended December 31, 2020 and from the period ended September 30, 2020 to the period ended September 30, 2021, reflects the increase in video demand from our customers.

Executive Summary

Revenue

We generate revenue by licensing content to customers through multiple license models and purchase options, as well as by providing related services to our customers. The key image licensing model in the pre-shot market is RF. Content licensed on a RF basis is subject to a standard set of terms, allowing the customer to use the image for an unlimited duration and without limitation on the use or application. Prior to 2020 we had an additional pre-shot licensing model, RM. Content licensed on a RM basis was offered at prices that varied depending on the intended use or application of the content, license duration and level of exclusivity, among other factors. This was retired during the first quarter of 2020 to simplify our product offering and we moved to a RF-only creative images offering. We concluded that the RM creative image licensing model no longer met our customers’ needs, especially given the flexibility demanded by digital marketing and the increasing reuse of imagery. Within our video offering, we also offer a licensing model known as Rights-Ready. The Rights-Ready model offers a limited selection of broader usage categories, thus simplifying the purchase process.

In addition to licensing imagery and video, we also generate revenue from custom content solutions, photo & video assignments, music content in some of our subscriptions, print sales, data licensing and licensing our digital asset management systems to help customers manage their owned and licensed digital content.

References to "reported revenue" in this discussion and analysis are to our revenue as reported in our historical audited consolidated financial statements and unaudited condensed consolidated financial statements for the relevant periods and reflect the effect of changes in foreign currency exchange rates. References to “currency neutral” (“Currency Neutral” or “CN”) revenue growth (expressed as a percentage) in this section refer to our revenue growth (expressed as a percentage), excluding the effect of changes in foreign currency exchange rates. See “— Non-GAAP Financial Measures” for additional information regarding Currency Neutral revenue growth (expressed as a percentage).

Cost of revenue (exclusive of depreciation and amortization shown separately below)

The ownership rights to the majority of the content we license are retained by the owners, and licensing rights are provided to us by a large network of content suppliers. When we license content entrusted to us by content suppliers, we pay royalties to them at varying rates depending on the license model and the use of that content that our customers select. Suppliers who choose to work with us under contract typically receive royalties of 20% to 50% of the total license fee we charge customers, depending on the basis on which their content is licensed by our customers. We also own the copyright to certain content in our collections (wholly-owned content), including content produced by our staff photographers for our editorial product, for which we do not pay any third-party royalties. Cost of revenue includes certain costs of our assignment photo shoots, but excludes amortization associated with creating or buying content. Cost
of revenue consists primarily of royalties owed to content contributors, comprised of photographers, filmmakers, Image Partners and third party music content providers. We expect our cost of revenue as a percentage of revenue to vary based on changes in revenue mix by product, as royalty rates vary depending on license model and use of content.

**Selling, general and administrative expenses**

Selling, general and administrative expenses ("SG&A") primarily consists of staff costs, marketing expense, occupancy costs, professional fees and other general operating charges. We expect our selling, general and administrative expenses to increase in absolute dollars but decrease as a percentage of revenue in the near term. Absolute dollar spending will increase as we continue to expand our operations and hire additional personnel to support our growth, in addition to incurring incremental expenses to comply with the additional requirements of being a public company. Lastly, we expect our marketing to increase in absolute dollars but to stay relatively constant as a percentage of revenue. However, the Company will continue to evaluate opportunities to incrementally invest in marketing as may be appropriate.

**Depreciation**

Depreciation expense consists of internally developed software, content and equipment depreciation. We record property and equipment at cost and reflect balance sheet balances net of accumulated depreciation. We record depreciation expense on a straight-line basis. We depreciate leasehold improvements over the shorter of the respective lives of the leases or the useful lives of the improvements.

We expect depreciation expense to remain stable as we continue to innovate and invest in the design, user experience and performance of our websites.

**Amortization**

Amortization expense consists of the amortization of intangible assets related to acquired customer relationships, trademarks and other intangible assets. We expect amortization expense to decrease in the coming years as some of our intangibles become fully amortized.

**Restructuring costs**

Restructuring costs consist of lease loss expenses and employee termination costs. In 2019, we committed to certain restructuring actions intended to simplify the business and improve operational efficiencies, which resulted in headcount reductions.

**Factors affecting results of operations**

A shift in the product mix of our revenue may affect our overall cost of revenue as a percentage of revenue. Our revenues and profitability are also subject to fluctuations in foreign exchange rates. The weakening or strengthening of our reporting currency, the U.S. dollar, during any given period as compared to currencies that we collect revenues in, most notably, the Euro and British pound, impacts our reported revenues.

Our future financial condition and results of operation will also be dependent upon various factors that generally affect the digital content industry, including the general trends affecting the media, marketing and advertising customer bases that we target. In addition, our financial condition and results of operation will continue to be affected by factors that affect internet commerce companies and by general macroeconomic factors such as the global uncertainty caused by the COVID-19 pandemic.

Consolidated Revenue. For the nine months ended September 30, 2021, reported revenue was $679.6 million as compared to reported revenue of $593.8 million for the nine months ended September 30, 2020. On a reported basis, revenue increased by 14.5% (11.0% CN) for the nine months ended September 30, 2021.

Creative. In Creative, revenue increased on a reported basis 14.0% (10.5% CN) for the nine months ended September 30, 2021. Our Premium Royalty Free ALC product drove continued growth, a result of simplifying our licensing model for our customers. In addition, sales and marketing initiatives along with a focus on cultivating new customers grew our E-Commerce business. Lastly, our increased outbound sales focus on production and broadcast customers stimulated strong growth across our Creative video content, which includes numerous exclusive content collections.
In Editorial, revenue increased on a reported basis 16.8% (13.4% CN) for the nine months ended September 30, 2021. The increase was driven largely by recovery from the prior-year COVID-19 impacts. The increase was seen across assignments, editorial and editorial video and primarily in Sport and Entertainment. While we have seen some improvement in Entertainment, large events have still not returned to full scale relative to pre-COVID-19 levels.

This category includes music licensing, digital asset management and distribution services, print sales, data licensing revenues and certain retired products including Rights Managed. Revenue for the nine months ended September 30, 2021 from our Other products decreased on a reported basis by 6.5% (8.2% CN). The decrease for the nine months ended September 30, 2021 was driven primarily by the retirement of our Rights Managed licensing model.

Cost of revenue (exclusive of depreciation and amortization). Cost of revenue for the nine months ended September 30, 2021 was $183.1 million (26.9% of revenue) compared to $165.3 million (27.8% of revenue) in the prior year period. The decrease in cost of revenue as a percentage of revenue compared to the prior year period was due primarily to revenue mix by product. Generally, cost of revenue rates will vary period over period based on changes in revenue mix by product, as royalty rates vary depending on the license model and use of content.

Selling, general and administrative expense. Reported SG&A expense increased by $36.4 million or 15.3% for the nine months ended September 30, 2021. SG&A fluctuations from the prior year period include the following:

- increase in staff costs of $34.5 million for the nine months ended September 30, 2021. The change is largely driven by increases in salaries due to normal recurring annual salary raises as well as the reduced cost basis in the second and third quarters of 2020 as we implemented several cost control initiatives during the onset of COVID-19, including compensation reductions which were reversed in the fourth quarter of 2020. Additionally, 2021 results reflect an increase in our bonus and commission expense resulting from our strong operating results in the current year.
- increases in marketing spend of 5.2% ($1.9 million) for the nine months ended September 30, 2021. This increase is largely due to a lower marketing spend in 2020 tied to cost control initiatives implemented during the onset of COVID-19 that we have since reversed. For the nine months ended September 30, 2021, marketing spend as a percentage of sales decreased to 5.6% from the nine months ended September 30, 2020 ratio of 6.1%.

Depreciation expense. For the nine months ended September 30, 2021, depreciation expense was $38.6 million which was in line with the prior year period.

Amortization expense. For the nine months ended September 30, 2021, amortization expense increased by $1.9 million compared to the equivalent period in 2020. The increase was driven by increases in intangible assets related to our acquisition of Unsplash.

Restructuring costs. For the nine months ended September 30, 2021, the decrease in restructuring costs from prior period was $10.1 million. The decline was driven by a reduction in employee termination costs.

Other operating expense — net. We recognized insignificant amounts of other operating expense, net for the nine months ended September 30, 2021 and 2020.

Interest expense. We recognized interest expense of $92.2 million for the nine months ended September 30, 2021. Our interest expense primarily consists of interest charges on our outstanding term loans, 2019 Senior Notes, the unused portion of our revolving credit facility, the amortization of original issue discount on our term loans, and amortization of deferred debt financing fees.

Fair value adjustment for swaps and foreign currency exchange contract — net. We recognized fair value adjustment gains for our swaps and foreign currency exchange contracts, net of $12.5 million for the nine months ended September 30, 2021, compared with net losses of $15.6 million for the nine months ended September 30, 2020.
Unrealized foreign exchange gains (losses) — net. We recognized unrealized foreign exchange gains, net of $26.9 million for the nine months ended September 30, 2021, compared with losses of $21.3 million for the nine months ended September 30, 2020.

Other non-operating income — net. We recognized insignificant amounts of other non-operating income, net for the nine months ended September 30, 2021 and 2020.

Income tax expense. We recorded an income tax expense of $19.2 million for the nine months ended September 30, 2021, as compared to income tax expense of $20.8 million for the nine months ended September 30, 2020. The change in tax expense compared to the prior year is primarily due to a release of uncertain tax position reserve, partially offset by increases in pre-tax income in certain jurisdictions, jurisdictions with losses and tax attributes for which no tax benefit can be recognized, and an increase in foreign withholding tax expense. We determine our provision for income taxes for the interim period using an estimate of our annual effective rate. We record any changes to the estimated annual rate in the interim period in which the change occurs.

Our effective income tax rate for the nine months ended September 30, 2021 was 20.2%. The most significant drivers of the difference between our 2021 statutory U.S. federal income tax rate of 21.0% and our effective tax rate are release of uncertain tax position reserve, partially offset by increases in pre-tax income in certain jurisdictions, jurisdictions with losses and tax attributes for which no tax benefit can be recognized, and an increase in foreign withholding tax expense. Our effective income tax rates for the nine months ended September 30, 2020 was (88.8%). The most significant drivers of the difference between our 2020 statutory U.S. federal income tax rate of 21.0% and our effective tax rate are jurisdictions with losses, tax attributes for which no tax benefit can be recognized and tax expense that is not analogous to pretax income, primarily withholding tax and U.S. income tax.

**Consolidated Revenue.** For the year ended December 31, 2020, reported revenue was $815.4 million, as compared to reported revenue of $849.0 million for the year ended December 31, 2019. On a reported basis, revenue decreased by 4.0% (4.1% CN) for the year ended December 31, 2020.

**Creative.** In Creative, revenue increased on a reported basis 2.9% (2.8% CN) for the year ended December 31, 2020. The increase was driven by strong increases in our Creative video and Premium Access offering. These increases were partially offset by declines in our e-Commerce business. Revenues were also adversely impacted by the economic environment related to COVID-19.

**Editorial.** In Editorial, revenue decreased on a reported basis 9.5% (9.7% CN) for the year ended December 31, 2020. The decline over the prior year was primarily driven by the economic environment related to COVID-19, including the cancellation or postponement of many Sport and Entertainment events. Declines were seen across sport and entertainment, partially offset by news, within Premium Access and ALC licensing along with increases in editorial video largely driven by the U.S. Presidential Election cycle.

**Other.** This category includes music licensing, digital asset management and distribution services, print sales, data licensing revenues and certain retired products including Rights Managed. Revenue for the year ended December 31, 2020 from our Other product decreased on a reported basis by 56.5% (57.0% CN). This decrease was driven primarily by the retirement of our Rights Managed licensing model.

**Cost of revenue (exclusive of depreciation and amortization).** Cost of revenue for the year ended December 31, 2020 was $226.1 million (27.7% of revenue), compared to $245.7 million (28.9% of revenue) in the prior year. The decrease in cost of revenue as a percentage of revenue compared to the prior year was due primarily to revenue mix by product. Generally, cost of revenue rates will vary period over period based on changes in revenue mix by product, as royalty rates vary depending on the license model and use of content. Due to event organizer and league shut downs or postponements of many sports and entertainment events, our editorial assignment revenue significantly declined, which has decreased our overall cost of revenue as a percentage of revenue given the lower margin nature of these products.

**Selling, general and administrative expenses.** Reported SG&A expense decreased by $26.0 million or 7.4% for the year ended December 31, 2020. Many of these increases are tied to cost savings initiatives implemented at the onset of the COVID-19 pandemic. Significant SG&A fluctuations from the prior year period include the following:

- decrease in marketing spend of 15.6% ($9.0 million) for the year ended December 31, 2020. This decrease is due primarily to reduced digital marketing spend, partially offset by increased investment in affiliate marketing. Marketing spend represented 6.0% of revenue for the year ended December 31, 2020.
- decrease in professional fees of $2.9 million for the year ended December 31, 2020. This decrease is primarily driven by a reduction in legal fees due to timing of litigation-related activity, as well as lower project consulting fees.
- decrease in staff costs of $2.6 million for the year ended December 31, 2020.
- decrease in occupancy costs of $1.8 million for the year ended December 31, 2020.
• decrease in computer related expenses of $1.7 million for the year ended December 31, 2020. This decrease is due primarily to cost savings related to our cloud migration.

**Depreciation expense.** For the year ended December 31, 2020, depreciation expense decreased $7.2 million, from the prior year. This decrease is due to the overall trend of declining capital expenditures over the past several years.

**Amortization expense.** Amortization expense was $47.0 million for the year ended December 31, 2020 which was in line with the prior year.

**Restructuring costs.** For the year ended December 31, 2020, restructuring costs increased by $2.2 million, primarily related to employee termination costs.

**Other operating expense — net.** We recognized an insignificant amount of other operating expense for the year ended December 31, 2020, compared to other operating expense of $0.9 million in the prior year.

**Interest expense.** Interest expense of $124.9 million for the year ended December 31, 2020 represented a decrease of $10.5 million from the prior year. Our interest expense primarily consists of interest charges on our outstanding term loans, Senior Notes, the unused portion of our revolving credit facility, the amortization of original issue discount on our term loans, and amortization of deferred debt financing fees. The first quarter of 2019 also included interest on our previous debt facilities, including approximately $1.8 million in additional interest for the period from the close of our debt refinance (February 19, 2019) through the March 4, 2019 settlement, as we were precluded from repaying on the debt refinance close date due to the required notice period for repayment on certain portions of the debt facilities.

**Debt modification transaction expenses.** In connection with the refinancing of our debt in the first quarter of 2019, $18.7 million of third-party debt issuance costs and discounts associated with the new debt were expensed as incurred. There were no such costs in 2020.

**Gain on debt extinguishment.** In conjunction with our debt refinancing consummated in the first quarter of 2019, we recorded a gain on debt extinguishment of $11.5 million. There were no such amounts recognized in 2020.

**Fair value adjustment for swaps and foreign currency exchange contract — net.** We recognized fair value adjustment losses for our swaps and foreign currency exchange contracts, net of $14.3 million and $14.9 million for the years ended December 31, 2020 and 2019, respectively.

**Unrealized foreign exchange losses — net.** We recognized unrealized foreign exchange losses, net of $45.1 million and $4.7 million for the years ended December 31, 2020 and 2019, respectively.

**Other non-operating income — net.** We recognized an insignificant amount of other non-operating income, net for the year ended December 31, 2020 and $1.1 million for the year ended December 31, 2019. Income tax decreased by $20.7 million to an expense of $9.5 million for the year ended December 31, 2020 as compared to a $30.2 million expense for the year ended December 31, 2019. Our effective income tax rate for the year ended December 31, 2020 is (34.2)% compared to (135.1)% for the year ended December 31, 2019. The change in tax expense compared to the prior year is primarily due to a decrease in valuation allowance, decrease in foreign withholding taxes, and tax benefits related to 2020 Coronavirus Aid, Relief, and Economic Security Act (“The CARES Act”).

**Non-GAAP Financial Measures**

In addition to our results determined in accordance with GAAP, we believe the non-GAAP measures of Currency Neutral revenue growth (expressed as a percentage) and Adjusted EBITDA are useful in evaluating our operating performance. We believe that non-GAAP financial information, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance and assists in comparisons with other companies, some of which use similar non-GAAP information to supplement their GAAP results. The non-GAAP financial information is presented for supplemental informational purposes only, and should not be considered a substitute for financial information.
presented. Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most comparable GAAP financial measures.

**Currency Neutral Revenue Growth (expressed as a percentage)**

Currency Neutral revenue growth (expressed as a percentage) excludes the impact of fluctuating foreign currency values pegged to the U.S. dollar between comparative periods by translating all local currencies using the current period exchange rates. We consistently apply this approach to revenue for all countries where the functional currency is not the U.S. dollar. We believe that this presentation provides useful supplemental information regarding changes in our revenue not driven by fluctuations in the value of foreign currencies.

**Adjusted EBITDA**

A reconciliation is provided below to the most comparable financial measure stated in accordance with GAAP.

**Liquidity and Capital Resources**

Our sources of liquidity are our existing cash and cash equivalents, cash provided by operations and amounts available under our revolving credit facility. As of September 30, 2021, and December 31, 2020, we have cash and cash equivalents of $143.3 million and $156.5 million, respectively, and availability under our revolving credit facility, which expires in February 2024, of $80.0 million. Our principal liquidity needs include debt service and capital expenditures, as well as those required to support working capital, internal growth, and strategic acquisitions and investments.

**Future Cash Needs**

We expect to fund our ordinary course operating activities from existing cash and cash flows from operations and believe that these sources of liquidity will be sufficient to fund our ordinary course operations and other planned investing activities for the foreseeable future. From time to time, we may evaluate potential acquisitions, investments and other growth and strategic opportunities. While we believe we have sufficient liquidity to fund our ordinary course operations for the foreseeable future, our sources of liquidity could be affected by current and future difficult economic conditions, payment of certain restructuring expenses, and other unforeseen events.
costs, reliance on key personnel, international risks, intellectual property claims, the resolution of pending or future tax audits or other factors described herein under “Potential liability and insurance” and “Quantitative and qualitative disclosures about market risk.”

We may, from time to time, incur or increase borrowings under the revolving credit facility or issue new debt securities, if market conditions are favorable, to meet our future cash needs or to reduce our borrowing costs. We or our affiliates from time to time consider potential transactions intended to rationalize our Consolidated Balance Sheet. In connection with any such transactions, we may, among other things, seek to retire our outstanding notes or loans through cash purchases and/or exchanges for equity or other securities, in open market purchases, privately negotiated transactions, tenders or otherwise. Such repurchases, exchanges, or other transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors.

Our liquidity may also be adversely affected by the resolution of pending or future tax audits. We may be subject to tax liabilities in excess of amounts reserved for liabilities for uncertain tax positions on our Consolidated Balance Sheet. In addition, certain jurisdictions in which we have current open tax audits require taxpayers to pay assessed taxes in advance of contesting, whether by way of litigation or appeal, an adverse determination or assessment by the relevant taxing authority. The amount of any such advance payment depends upon the amount in controversy and may be material, and payment of any such amount could adversely affect our liquidity. A jurisdiction that collects any such advance payment generally will repay such amounts if we ultimately prevail in the related litigation or appeal. See “Note 10 — Commitments and Contingencies” and “Note 17 — Income Taxes” to our consolidated financial statements for additional discussions of our pending tax audits and our uncertain tax positions and risks related thereto.

Cash provided by operating activities was $129.6 million for the nine months ended September 30, 2021 as compared to cash provided by operating activities of $96.0 million for the nine months ended September 30, 2020. Net cash provided by operating activities for the nine months ended September 30, 2021 is primarily due to net income of $75.9 million adjusted for noncash expenses of $44.5 million, an increase in accrued expenses of $14.5 million which was partially offset by a decrease in our interest payable of $7.3 million.

Our investing activities used $126.0 million and $31.6 million in cash during the nine months ended September 30, 2021 and 2020, respectively, which was used to acquire a business and property and equipment. On April 1, 2021, we acquired Unsplash Inc. in exchange for $89.2 million in net cash plus an additional earnout potential of approximately $20.0 million based on revenue targets over two and three years, funded through existing cash on hand. The property and equipment mainly related to internal software development as we continue to innovate and invest in the design, user experience and performance of our websites.

For the nine months ended September 30, 2021 and 2020, our financing activities used $14.8 million and $18.8 million of cash, respectively. Financing activities for the nine months ended September 30, 2021 included principal payments on both our EUR and USD Term Loans.

Cash provided by operating activities was $148.5 million for the year ended December 31, 2020 as compared to cash provided by operating activities of $90.8 million for the year ended December 31, 2019. Net cash provided by operating activities for the year ended December 31, 2020 is primarily due to the net loss of $37.4 million adjusted for noncash expenses of $175.8 million, a decrease in accounts receivable of $9.1 million and increases in accounts payable of $7.4 million and deferred revenue of $4.5 million. These changes were partially offset by a decrease in accrued expenses of $13.4 million.

Our investing activities used $53.5 million and $46.2 million in cash during years ended December 31, 2020 and 2019, respectively, which was primarily used to acquire property and equipment. The capital expenditures mainly related to internal software development as we continue to innovate and invest in the design, user experience and performance of our websites.

For the years ended December 31, 2020 and 2019, our financing activities used $52.0 million and $23.5 million of cash, respectively. During February 2019, we issued $300 million of Senior Unsecured Notes and also entered into a senior secured credit facility consisting of a $1,040 million term loan facility (“USD Term Loans”) and a €450 million term loan facility (“EUR Term Loans”). Our prior outstanding debt was repaid. In addition, we received $572.6 million in net proceeds from the issuance of redeemable preferred shares and common stock in the first quarter of 2019. Financing activities for the year ended December 31, 2020 included a $30.6 million principal payment on our EUR Term Loans and $21.4 million in principal payments on our USD Term Loans.

\(^{1}\) Offsetting operating lease payments will be immaterial receipts for subleased facilities.

\(^{2}\) Offsetting the minimum royalty guarantee payments to content suppliers will be minimum guaranteed receipts from content suppliers.

Offsetting operating lease payments will be approximately $4.5 million in receipts for subleased facilities each year through 2025 and $1.2 million thereafter. Offsetting the minimum royalty guarantee payments to content suppliers will be approximately $2 million in minimum guaranteed receipts from content suppliers for each of the years through 2025.
As of September 30, 2021 there are no material changes to the commitments since December 31, 2020.

Capital Expenditures

We have historically had a predictable level of capital expenditures, a significant portion of which has been discretionary and growth-related. Our capital expenditures have generally consisted of costs related to imagery and other content creation, capitalized labor for development of software, purchased computer hardware, and leasehold improvements. Content creation capital expenditures include capitalized internal and external labor for ingesting and editing creative content, image acquisition, buying image collections from photographers or Image Partners, and cameras, lenses and miscellaneous imaging equipment primarily used for our editorial operations. Software includes computer software developed for internal use and consists of internal and external costs incurred during the application development stage of software development and costs of upgrades or enhancements that result in additional software functionality.

Off-Balance Sheet Arrangements

From time to time, we may issue small amounts of letters of credit to provide credit support for leases, guarantees, and contractual commitments. The fair values of the letters of credit reflect the amount of the underlying obligation and are subject to fees competitively determined in the marketplace. As of September 30, 2021 and December 31, 2020, we had no material letters of credit outstanding or other off-balance sheet arrangements except for operating leases entered into in the normal course of business.

Effects of Inflation and Changing Prices

We do not believe that inflation has had a material effect on our business, financial condition or results of operations. If our costs were to become subject to significant inflationary pressures, we may not be able to fully offset such higher costs through price increases. Our inability or failure to do so could harm our business and adversely affect our financial condition and results of operations.

Potential Liability and Insurance

We indemnify certain customers from claims related to alleged infringements of the intellectual property rights of third parties or misappropriation of publicity or personality rights of third parties, such as claims arising from copyright infringement or failure to secure model and property releases for images we license if such a release is required. The standard terms of these indemnifications require us to defend those claims upon notice and pay related damages, if any. We typically mitigate this risk by requiring all uses of licenses to be within the scope of our licenses, and by securing necessary model and property releases for Creative Stills content and by contractually requiring contributing photographers and other content partners to do the same prior to submitting any content to us, and by limiting damages/liability in certain circumstances. Additionally, we require all contributors and Image Partners, as well as companies that are potential acquisition targets to warrant that the content licensed to or purchased by us does not and will not infringe upon or misappropriate the rights of third parties. We also require contributing photographers, Image Partners and other content partners and sellers of businesses or image collections that we have purchased to indemnify us in certain circumstances where a claim arises in relation to an image they have provided or sold to us. Image Partners and other content partners are also typically required to carry insurance policies for losses related to such claims and individual contributors are encouraged to carry such policies and we have insurance policies to cover litigation costs for such claims. We will record liabilities for these indemnifications if and when such claims are probable and the range of possible payments and available recourse from content partners can be estimated, as applicable. Historically, the exposure to such claims has been immaterial, as were the recorded liabilities for intellectual property infringement at September 30, 2021 and December 31, 2020 and 2019. As such, management believes the estimated fair value of these liabilities is minimal.

In the ordinary course of business, we also enter into certain types of agreements that contingently require us to indemnify counterparties against third-party claims. These may include:

- agreements with vendors and suppliers, under which we may indemnify them against claims arising from our use of their products or services;
agreements with customers other than those licensing images, under which we may indemnify them against claims and uncollectible trade accounts receivable arising from their use of our products or services in their markets;

• agreements with agents, delegates and distributors, under which we may indemnify them against claims arising from their distribution of our products or services;

• real estate and equipment leases, under which we may indemnify lessors against third-party claims relating to use of their property;

• agreements with directors and officers, under which we indemnify them to the full extent allowed by Delaware law against claims relating to their service to us; and

• agreements with purchasers of businesses we have sold, under which we may indemnify the purchasers against claims arising from our operation of the businesses prior to sale.

The nature and terms of these indemnifications vary from contract to contract, and generally a maximum obligation is not stated. Because management does not believe a liability is probable, no related liabilities were recorded at September 30, 2021 and December 31, 2020 or 2019. We are subject to a variety of claims and suits that arise from time to time in the ordinary course of our business. Although management currently believes that resolving claims against us, individually or in aggregate, will not have a material adverse impact on our financial statements, these matters are subject to inherent uncertainties and management’s judgment about these matters may change in the future. Additionally, we hold insurance policies that mitigate potential losses arising from certain indemnifications, and historically, significant costs related to performance under these obligations have not been incurred.

Income Taxes

We account for income taxes and accruals for uncertain tax positions using the asset and liability approach. Our income tax expense, deferred tax assets and liabilities, and reserves for unrecognized tax benefits reflect management’s best assessment of current and future taxes to be paid. Our judgments, assumptions, and estimates relative to the current provision for income taxes take into account current tax laws, our interpretation of current tax laws and possible outcomes of future audits conducted by foreign and domestic tax authorities. Changes in tax law or our interpretation of tax laws and future tax audits could significantly impact the amounts provided for income taxes in our consolidated financial statements.

We conduct operations on a global basis and are subject to income taxes in the United States and numerous foreign jurisdictions. Significant judgment is required in evaluating and estimating our provision and accruals for these taxes. Our effective tax rate is subject to significant variation due to several factors, including variability in accurately predicting our taxable income and the geographical mix of our pre-tax earnings. In addition, we are subject to audit in various jurisdictions, and such jurisdictions may assess additional income tax liabilities. We record unrecognized tax benefits as liabilities in accordance with ASU 2019-12, “Simplifying the Accounting for Income Taxes (Topic 740)” ("ASC 740") and adjust these liabilities when our judgment changes as result of the evaluation of new information not previously available. Such amounts are based on management’s judgment and best estimate as to the ultimate outcome of tax audits.

Critical Accounting Policies

The preparation of consolidated financial statements in conformity with U.S. GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and revenues and expenses reported during the period. Some of the estimates and assumptions that require the most difficult judgments are:

• the appropriateness of the valuation and useful lives of intangibles and other long-lived assets;

• the appropriateness of the amount of accrued income taxes, including the potential outcome of future tax consequences of events that have been recognized in the consolidated financial statements as well as the deferred tax asset valuation allowances;
• the sufficiency of the allowance for doubtful accounts;
• the assumptions used to value equity-based compensation arrangements;
• the assumptions used to estimate the Contingent Consideration;
• the assumptions used to allocate transaction price to multiple performance obligations for uncapped subscription arrangements; and
• the assumptions used to estimate unused capped subscription-based and credit-based products.

These judgments are inherently uncertain which directly impacts their valuation and accounting. Actual results and outcomes may differ from our estimates and assumptions.

Revenue Recognition

Revenue is derived principally from licensing rights to use images, video footage and music that are delivered digitally over the internet. Digital content licenses are generally purchased on a monthly or annual subscription basis, whereby a customer either pays for a predetermined quantity of content or for access to our content library that may be downloaded over a specific period of time, or, on a transactional basis, whereby a customer pays for individual content licenses at the time of download. Also, a significant portion of revenue is generated through the sale and subsequent use of credits. Various amounts of credits are required to license digital content.

We recognize revenue gross of contributor royalties because we’re the principal in the transaction as we are the party responsible for the performance obligation and we control the product or service prior to transferring to the customer. We also license content to customers through third-party delegates worldwide (approximately 3% of total revenues for the nine months ended September 30, 2021 and years ended December 31, 2020 and 2019). Delegates sell our products directly to customers as the principal in those transactions. Accordingly, we recognize revenue net of costs paid to delegates. Delegates typically earn and retain 35% to 50% of the license fee, and we recognize the remaining 50% to 65% as revenue.

We maintain a credit department that sets and monitors credit policies that establish credit limits and ascertains customer creditworthiness, thus reducing the risk of potential credit loss. Revenue is not recognized unless it is determined that collectability is reasonably assured. Revenue is recorded at invoiced amounts (including discounts and applicable sales taxes) less an allowance for sales returns which is based on historical information. Customer payments received in advance of revenue recognition are contract liabilities and are recorded as deferred revenue. Customers that do not pay in advance are invoiced and are required to make payments under standard credit terms.

Effective January 1, 2019, the Company adopted ASU 2014-09, “Revenue from Contracts with Customers” ("ASC 606") utilizing the modified retrospective method under which previously stated revenues were not revised. The effect of adoption of this guidance on the Consolidated Balance Sheet as of January 1, 2019 was to (i) increase accounts receivable — net by $11.1 million and (ii) decrease deferred revenue by $10.0 million, with an offsetting $21.1 million decrease in 2019 opening accumulated deficit.

The standard has been applied to all contracts at the date of initial application. Under ASC 606, we recognize revenue under the core principle to depict the transfer of control to our customers in an amount reflecting the consideration to which we expect to be entitled. In order to achieve that core principle, we apply the following five-step approach: (i) identify the contract with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract and (v) recognize revenue when a performance obligation is satisfied.

The recognition and measurement of revenue requires the use of judgments and estimates. Specifically, judgment is used in identifying the performance obligations and the standalone selling price of the performance obligations. At contract inception, we assess the product offerings in our contracts to identify performance obligations that are distinct. A performance obligation is distinct when it is separately identifiable from other items and if a customer can benefit from it on its own or with other resources that are readily available to the customer.

255
For digital content licenses, we recognize revenue on capped subscription-based, credit-based sales and single image licenses when content is downloaded, at which time the license is provided. In addition, we estimate the revenue associated with the unused licenses throughout the subscription or credit period. The estimate of unused licenses is based on historical download activity and future changes in the estimate could impact the timing of revenue recognition of our subscription products.

For uncapped digital content subscriptions, we have determined that access to the existing content library and future digital content updates represent two separate performance obligations. As such, a portion of the total contract consideration related to access to the existing content library is recognized as revenue at the commencement of the contract when control of the content library is transferred. The remaining contractual consideration is recognized as revenue ratably over the term of the contract when updated digital content is transferred to the licensee, in line with when the control of the new content is transferred. Management allocates the total contract consideration to each performance obligation based on a relative standalone selling price basis. We do not sell “existing content” and “future content” separately to the customer. We believe that the best estimate for value provided to the customer for each performance obligation is based on our customers’ historical content download and usage patterns. We determine the standalone selling price for each based on these observable patterns.

Revenue associated with hosted software services is recognized ratably over the term of the license. ASC 606 has resulted in a change in the timing of recognizing revenue on our digital content license subscription products as well as the expiry on the credit based products. ASC 606 did not impact revenue recognition on digital content licenses sold on a transactional basis or license revenue associated with hosted software services.

Foreign Currencies
Assets and liabilities for subsidiaries with functional currencies other than the U.S. dollar are recorded in foreign currencies and translated at the exchange rate on the balance sheet date. Revenue and expenses are recorded at average rates of exchange prevailing during the year. Translation adjustments resulting from this process are charged or credited to “Other comprehensive income (loss)” (“OCI”), as a separate component of stockholder’s deficit. Transaction gains and losses arising from transactions denominated in a currency other than the functional currency of the entity involved are included in “Unrealized foreign exchange losses — net” in the Consolidated Statements of Operations. For the nine months ended September 30, 2021 and 2020, the Company recognized net foreign currency transaction gains of $26.9 million and losses of $21.3 million, respectively. For the years ended December 31, 2020 and 2019, the Company recognized net foreign currency transaction losses of $45.1 million and $4.7 million, respectively.

Accounts Receivable, Net
Accounts receivable are trade receivables, net of reserves for allowances for doubtful accounts totaling $7.0 million as of September 30, 2021 and $7.8 million as of December 31, 2020 and 2019.

Allowance for doubtful accounts is calculated based on historical losses, existing economic conditions, and analysis of specific older account balances of customer and delegate accounts. Trade receivables are written off when collection efforts have been exhausted. The allowance for sales returns is estimated based on historical returns as a percentage of revenue. Estimated sales returns are recorded as a reduction of revenue and were insignificant in all periods presented. Less than 7% of the recorded trade receivables were more than 90 days past due as of September 30, 2021, compared to less than 10% at December 31, 2020 and less than 9% at December 31, 2019. Concentration of credit risk with respect to trade receivables is limited due to the large number of customers and their dispersion across many geographic areas.

Identifiable Intangible Assets
Identifiable intangible assets are assets that do not have physical representation but that arise from contractual or other legal rights or are capable of being separated or divided from the Company and sold, transferred, licensed, rented or exchanged. Identifiable intangible assets are amortized on a straight-line basis over their estimated useful lives, unless such life is determined to be indefinite. The remaining useful lives
of identifiable intangible assets are reassessed each reporting period to determine whether events and circumstances warrant revisions to the remaining periods of amortization. Potential impairment of identifiable intangible assets is evaluated annually or whenever circumstances indicate that the carrying value may not be recoverable through projected discounted or undiscounted cash flows expected to be generated by the asset. There have been no significant impairments or significant changes in estimated useful lives during any of the periods presented.

Contingent Consideration

The Company records a liability for contingent consideration at the date of a business combination and reassesses the fair value of the liability each period until it is settled. Upon settlement of these liabilities, the portion of the contingent consideration payment that is attributable to the initial amount recorded as part of the business combination will be classified as a cash flow from financing activities and the portion of the settlement that is attributable to subsequent changes in the fair value of the contingent consideration will be classified as a cash flow from operating activities in the Condensed Consolidated Statement of Cash Flows.

Impairment of Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that carrying amounts may not be recoverable. Impairment exists when the carrying value of an asset is not recoverable and exceeds its fair value. The carrying value of an asset is not recoverable if it exceeds the sum of the undiscounted future cash flows expected to result from the use and eventual disposition of the asset. The fair value of an asset is the price that would be received to sell the asset in an orderly transaction between market participants at the measurement date. Impairments are included in other operating expenses or, if material, shown separately and included in the calculation of income from operations. There have been no significant impairments during any of the periods presented.

Equity-Based Compensation

Equity-based compensation is accounted for in accordance with authoritative guidance for equity-based payments. This guidance requires equity-based compensation cost to be measured at the grant date based on the fair value of the award and recognized as expense over the applicable service period, which is the vesting period, net of estimated forfeitures. Compensation expense for equity-based payments that contain service conditions is recorded on a straight-line basis, over the service period of generally five years. Compensation expense for equity-based payments that contain performance conditions is not recorded until it is probable that the performance condition will be achieved. The estimation of stock awards that will ultimately vest requires judgment, and to the extent actual results or updated estimates differ from our current estimates, such amounts will be recorded as a cumulative adjustment in the period estimates are revised. We consider many factors when estimating expected forfeitures, including types of awards, employee class, and historical experience. Actual results and future estimates may differ substantially from current estimates.

We use the Black-Scholes option pricing model to determine the fair value of the stock options granted. The Black-Scholes option pricing model requires the input of highly subjective assumptions, including the fair value of the underlying share of our common stock, the expected term of the option, the expected volatility of the price of our common stock and risk-free interest rates.

As there is no public market for our common stock, the expected volatility assumption for equity-based compensation is based on historical volatilities of the common stock of public companies with characteristics similar to those of the Company. The risk-free rate of return represents the implied yield available during the month the award was granted for a U.S. Treasury zero-coupon security issued with a term equal to the expected life of the awards. The expected term is measured from the grant date and is based on the simplified method calculation. The assumptions used to determine the fair value of the option awards represent management’s best estimates. These estimates involve inherent uncertainties and the application of management’s judgment.
Certain of our employees are eligible to receive equity-based compensation based on shares of Getty Images pursuant to the Amended and Restated 2012 Equity Incentive Plan which authorizes equity awards to be granted for up to 32.0 million shares of common stock of Getty Images. Under this plan, certain of our employees were granted a combination of time-based and performance-based options. See “Note 14 — Equity-Based Compensation” of our audited consolidated financial statements included elsewhere in this offering memorandum for additional information.

Common Stock Valuations

Our Board of Directors utilized various valuation methodologies in accordance with the framework of the American Institute of Certified Public Accountants’ Technical Practice Aid, Valuation of Privately Held Company Equity Securities Issued as Compensation, to estimate the fair value of our common stock. These estimates and assumptions include numerous objective and subjective factors to determine the fair value of common stock at each grant date, including the following factors:

- relevant precedent transactions including our capital transactions;
- the liquidation preferences, rights, preferences, and privileges of our preferred stock relative to the common stock;
- our actual operating and financial performance;
- our current business conditions and projections;
- our stage of development;
- the likelihood and timing of achieving a liquidity event for the common stock underlying the stock options, such as an initial public offering, given prevailing market conditions;
- any adjustment necessary to recognize a lack of marketability of the common stock underlying the granted options;
- the market performance of comparable publicly traded companies; and
- U.S. and global capital market conditions.

In valuing our common stock, our Board of Directors determined the equity value of the business generally using the income approach and the market approach valuation methods. After the Equity Value is determined and allocated to the various classes of stock, a discount for lack of marketability (“DLOM”), is applied to arrive at the fair value of the common stock. A DLOM is applied based on the theory that as a private company, an owner of the stock has limited opportunities to sell this stock and any sale would involve significant transaction costs, thereby reducing overall fair market value.

In addition, the Board of Directors also considered any secondary transactions involving our common stock. In its evaluation of those transactions, the Board of Directors considered the facts and circumstances of each transaction to determine the extent to which they represented a fair value exchange. Factors considered include transaction volume, timing, whether the transactions occurred among willing and unrelated parties, and whether the transactions involved investors with access to the Company’s financial information.

Application of these approaches involves the use of estimates, judgment, and assumptions that are highly complex and subjective, such as those regarding our expected future revenue, expenses, and future cash flows, discount rates, market multiples, the selection of comparable companies, and the probability of possible future events. Changes in any or all of these estimates and assumptions or the relationships between those assumptions impact our valuations as of each valuation date and may have a material impact on the valuation of our common stock. Upon the consummation of the Business Combination, the fair value of our common stock will be determined based on the quoted market price on the New York Stock Exchange.

Income Taxes

The Company computes income taxes and accruals for uncertain tax positions under the asset and liability method as set forth in the authoritative guidance for accounting for income taxes and uncertain tax
Deferred income taxes are provided for the temporary differences between the consolidated financial statement carrying amounts and the tax basis of the Company’s assets and liabilities and operating loss and tax credit carryforwards. The Company establishes a valuation allowance for deferred tax assets if it is more likely than not that these items will either expire before the Company is able to realize their benefits, or future deductibility is uncertain. Periodically, the valuation allowance is reviewed and adjusted based on management’s assessments of realizability of deferred tax assets. The Company accounts for the global intangible low-tax income ("GILTI") earned by foreign subsidiaries included in gross U.S. taxable income in the period incurred. See "Note 17 — Income Taxes" of our audited consolidated financial statements for further information.

Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Market Risk

We are exposed to changes in LIBOR interest rates on the USD Term Loans of the senior secured credit facilities, subject to a minimum floor of 0.00%. As of September 30, 2021 and December 31, 2020, the principal outstanding of our USD Term Loans of the senior secured credit facility was $1,000.4 million and $1,008.2 million, respectively. As of the date hereof, the applicable LIBOR is above said floor. To offset our exposure to interest rate changes, Getty Images has entered into interest rate swap agreements with notional of $530.0 million, as of September 30, 2021 and December 31, 2020. These swap arrangements also have an embedded floor of 0.00%. Based on the current principal outstanding, incorporating the effect of the swap agreements, each one eighth percentage point increase in the LIBOR rate hereafter would correspondingly increase our interest expense on the senior secured credit facilities by approximately $0.6 million per annum. We are also exposed to changes in EURIBOR interest rates on the senior secured term loan, subject to a minimum floor of 0.00%. As of September 30, 2021 and December 31, 2021, the principal outstanding of our EUR Term Loans of the senior secured term was €419.0 million and €425.0 million, respectively. As of the date hereof, the applicable EURIBOR is below said floor. Based on the current principal outstanding, each one eighth percentage point increase in the EURIBOR rate above the floor would correspondingly increase our interest expense on the senior secured credit facilities by approximately $0.6 million per annum.

Foreign Currency Market Risk

We are exposed to foreign currency risk by virtue of our international operations. For the nine months ended September 30, 2021 and each of the years ended December 31, 2020 and 2019, we derived approximately 50% of our revenue from operations outside the United States. Getty Images and its subsidiaries enter into transactions that are denominated in currencies other than their functional currency, including Euro and British pounds. Some of these transactions result in foreign currency denominated assets and liabilities that are revalued each month. Upon revaluation, transaction gains and losses are generated, which, with the exception of those related to long-term intercompany balances, are reported as exchange gains and losses in our consolidated statements of income in the periods in which the exchange rates fluctuate. Transaction gains and losses on foreign currency denominated long-term intercompany balances for which settlement is not planned or anticipated in the foreseeable future, are reported in “Accumulated other comprehensive” income in our consolidated balance sheets.

Transaction gains and losses arising from revaluation of assets and liabilities denominated in the same foreign currencies may offset each other, in part, acting as a natural hedge. Where our assets and liabilities are not naturally hedged, we may enter into non-exotic foreign currency exchange contracts to reduce our exposure to transaction gains and losses. These foreign exchange contracts are generally up to eighteen months in original maturity and primarily require the sale of either Euro or British Pounds and the purchase of U.S. dollars. The existing contracts have not been designated as hedges as defined by ASC 815, “Derivatives and Hedging,” and therefore gains and losses arising from revaluation of these forward contracts are recorded as exchange gains and losses in our consolidated statements of income in the periods in which the exchange rates fluctuate. These gains and losses generally offset, at least in part, the gains and losses of the underlying exposures that are being hedged.

As of September 30, 2021 and December 31, 2020, the aggregate notional amounts outstanding under our foreign currency exchange contracts is $24.6 million and $36.5 million. A hypothetical 10% strengthening
of the Euro would have decreased the value of our hedges outstanding by $1.7 million and $2.9 million for the periods ended September 30, 2021 and December 31, 2020, respectively, and a hypothetical 10% weakening of the Euro would have increased the value of our hedges outstanding by $1.7 million and $2.9 million for the periods ended September 30, 2021 and December 31, 2020, respectively. A hypothetical 10% strengthening of the British Pound would have decreased the value of our hedges outstanding by $0.6 million and $0.9 million for the periods ended September 30, 2021 and December 31, 2020, respectively, and a hypothetical 10% weakening of the British Pound would have increased the value of our hedges outstanding by $0.6 million and $0.9 million for the periods ended September 30, 2021 and December 31, 2020, respectively. These hypothetical gains and losses would be offset, at least in part, by losses and gains incurred by the underlying exposures these contracts are hedging.

The statements of operations of foreign subsidiaries are translated into U.S. dollars, our reporting currency, at the prior month’s average daily exchange rate. When these exchange rates change from period to period, they cause fluctuations in reported results of operations that are not necessarily indicative of fundamental company operating performance but instead may reflect the performance of foreign currencies.

Narrative Disclosure to 2021 Summary Compensation Table

For 2021, the compensation program for our NEOs consisted of base salary and a cash bonus opportunity under the Non-Sales Bonus Plan. In addition, our NEOs were covered by company-sponsored executive life and disability benefits, and were eligible to participate in any employee benefit programs generally available to all employees. Getty Images’ compensation committee has discretion to grant equity awards as part of the compensation packages of our NEOs and granted an equity award to Ms. Alberti-Perez in 2021.

Base Salary

Base salary is set at a level that reflects the remit, scope, and impact of the role and is commensurate with the NEO’s contributions, prior experience, and sustained performance. Initial base salaries of our executive officers are established through arm’s-length negotiation at the time the individual NEO is hired, taking into consideration any relevant factors as well as experience and comparable market data. Thereafter,
Getty Images’ compensation committee has generally reviewed, and adjusted as necessary, base salaries for each of our NEOs, at a minimum annually and whenever there is a change in the scope of the NEO’s role. In setting base salary levels for 2021, Getty Images’ compensation committee considered a range of factors, including:

- the individual’s anticipated responsibilities and experience;
- the collective experience and knowledge in compensating similarly situated individuals at other companies informed by the Radford Global Technology and Radford Global Sales compensation surveys; and
- the value of the NEO’s existing equity awards.

**Annual Cash Bonus Plan “Non-Sales Bonus Plan”**

Getty Images maintains an annual cash bonus plan for its non-sales employees, including our NEOs. Like our other non-sales employees, our NEOs are eligible for a target bonus opportunity reflected as a percentage of their base salaries, as applicable. Typically, their target bonus payment is based on an individual performance component and a company performance component, each of which is equally weighted.

For 2021, a Non-Sales Bonus Plan was approved by Getty Images’ compensation committee on March 23, 2021 and effective January 1, 2021. For purposes of the 2021 Non-Sales Bonus Plan, Getty Images’ compensation committee selected year on year currency neutral growth of an adjusted EBITDA measure (less capital expenditures and before Non-Sales Bonus payments) as the Company performance component. Further, the individual performance for each NEO was based solely on his or her performance as determined in the discretion of the CEO after taking into consideration the achievement of the objectives and key performance indicators for his or her role, an evaluation of his or her performance as measured against Getty Images’ Leadership Principles, and his or her contribution to the overall success of Getty Images. In the case of the CEO, his individual performance was evaluated by Getty Images’ Board.

Getty Images’ compensation committee evaluated the Company’s performance against the company performance component and each individual NEO’s performance against his or her individual performance component following the end of the year and exercised its discretion to determine the amount to be paid based on the level of achievement of the company performance component and the amount to be paid based on our NEOs’ individual performance and approved the amount of each NEO’s annual bonus as set forth in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table above.

**Long-Term Incentive Compensation**

To date, 100% of our NEO equity compensation has been delivered in the form of options to purchase shares of common stock.

The only equity award granted to our NEOs in 2021 was the Getty Images compensation committee’s grant of an option to purchase 1,800,000 Getty Images Common Shares (the “Option”) under the 2012 Equity Plan to Ms. Alberti-Perez in connection with her commencement of employment as Senior Vice President and Chief Financial Officer. Please see the “Outstanding Equity Awards at 2021 Fiscal Year-End” table and “Potential Payments Upon Termination or Change in Control” below for a description of the vesting, termination and change in control treatment of the Option.

**Section 401(k) Plan**

Getty Images sponsors a tax-qualified Section 401(k) profit-sharing plan (the “401(k) Plan”) for all employees, including our NEOs. Full-time employees of Getty Images are eligible to participate in the 401(k) Plan and may contribute up to a specified percentage of their base salary to the 401(k) Plan. Getty Images makes Safe Harbor matching contributions to the 401(k) Plan on behalf of employees who are eligible to participate in the 401(k) Plan. Getty Images matches 4% of a participant’s salary deferrals. The total matching contribution does not exceed the match allocated based on IRS annual compensation limits.
Pension Benefits

None of our NEOs participated in any defined benefit pension plans in 2021.

Nonqualified Deferred Compensation

None of our NEOs participated in any non-qualified deferred compensation plans, supplemental executive retirement plans, or any other unfunded retirement arrangements in 2021.

Other Benefits and Perquisites

Getty Images offers benefits to our NEOs on the same basis as provided to all of its employees, including health, dental and vision insurance; life insurance (supplemental life insurance at the executive level is Getty Images-paid); accidental death and dismemberment insurance; short- and long-term disability insurance; a health savings account and flexible spending accounts. Additionally, some executives including NEOs may receive gym reimbursement and transit subsidies, and are eligible for split-benefit Getty Images Owned Life Insurance policies and Executive Disability Insurance.

Employment Agreements

We have entered into employment agreements with each of our NEOs that generally set forth the terms and conditions of employment, including base salary, target bonus opportunities, the opportunity to participate in the equity incentive plans of Getty Images, the Partnership and any of their respective affiliates (to be documented in the relevant agreements of each such entity), and including, in the case of Mr. Gandert and Ms. Alberi-Perez, the grant of an option to purchase Getty Images Common Shares on the terms specified in the employment agreement, and standard employee benefit plan participation. In addition, the NEO employment agreements also contain provisions for certain payments and benefits in connection with certain terminations of employment, including a termination of employment in connection with a change in control of Getty Images as described further in “Potential Payments upon Termination or Change in Control” below.

Mr. Peters

We entered into an amended and restated employment agreement with Mr. Peters as of July 1, 2015, providing that commencing on December 31, 2017, and on each annual anniversary thereafter, the employment term would be automatically extended for a one-year term unless Getty Images or Mr. Peters provide three (3) months’ notice not to renew the employment agreement term. Subsequently, the employment agreement was amended on January 27, 2017 (to adjust the annual bonus percentage), on November 3, 2017 (to extend its term until December 31, 2020, subject to automatic one-year extensions unless either party provided three months’ notice of non-renewal), on January 1, 2019 (to elevate Mr. Peters to the position of Chief Executive Officer, adjust his base salary, and to extend its term until December 31, 2021, subject to automatic one-year renewals unless either party provides three (3) months’ notice of non-renewal). On April 1, 2020 we amended Mr. Peters’ employment agreement to reduce his base salary in response to the COVID-19 pandemic and make other corresponding adjustments, and on October 1, 2020 we further amended his employment agreement to restore his base salary to its pre-COVID-19 pandemic level and make other corresponding adjustments.

Additionally, his employment agreement sets forth his duties as well as his annual base salary (currently $955,000 and subject to annual review by the Getty Images Board), a target annual bonus award in an amount equal to a percentage of the named executive officer’s annual base salary (currently 75%), the opportunity to participate in the equity incentive plans of Getty Images, the Partnership, and any of their respective affiliates (to be documented in the relevant agreements of each such entity), and participation in Getty Images’ employee benefit plans on a no less favorable basis as those benefits are generally made available to the other senior executives of Getty Images. The employment agreement also contains certain restrictive covenants involving non-solicitation, non-competition, confidentiality of information, and the treatment and ownership of intellectual property arising during his employment with Getty Images. Further, the employment agreement provides for the rights and responsibilities of the parties in the event of certain
 terminations of Mr. Peters’ employment, as further described in “Potential Payments upon Termination or Change in Control” below.

Ms. Alberti-Perez

We entered into an employment agreement with Ms. Alberti-Perez as of December 9, 2020, as amended on December 30, 2020. According to the terms of the employment agreement, as amended, with Ms. Alberti-Perez, her employment with Getty Images commenced on January 1, 2021, and was subject to an initial term that would expire on December 31, 2024, with automatic one-year renewals thereafter, unless Getty Images or Ms. Alberti-Perez provided three (3) months’ notice not to renew the employment agreement term.

Additionally, her employment agreement set forth her position as Chief Financial Officer and duties as well as an initial annual base salary of $450,000 (subject to annual review by the Getty Images Board but which may not be decreased below its then current level), a target annual bonus award in an amount equal to 50% of her annual base salary (based upon the achievement of the performance goals established by Getty Images’ compensation committee), a cash sign-on bonus in the amount of $50,000 (subject to repayment if her employment was terminated prior to the first anniversary of her initial employment date), the opportunity to participate in the equity incentive plans of Getty Images, the Partnership and any of their respective affiliates as appropriately documented by the Amended and Restated Partnership Agreement of the Partnership (as it may be amended from time to time), the 2012 Equity Plan (as defined below), and award agreements issued in respect of such entity or otherwise, the grant of her Option, and participation in Getty Images’ employee benefit that are no less favorable than those generally made available to other senior executives of Getty Images.

The employment agreement also contained certain restrictive covenants involving non-solicitation, non-competition, confidentiality of information, and the treatment and ownership of intellectual property arising during her employment with Getty Images. Further the employment agreement provided for the rights and responsibilities of the parties in the event of certain terminations of Ms. Alberti-Perez’ employment, as further described in “Potential Payments upon Termination or Change in Control” below.

On January 5, 2022, Getty Images, Inc., a subsidiary of Getty Images, announced that effective January 4, 2022, Milena Alberti-Perez departed the role of Chief Financial Officer. Getty Images, Inc. also announced that effective January 4, 2022, it has appointed Jennifer Leyden as Chief Financial Officer.

Mr. Gandert

We entered into an employment agreement with Mr. Gandert as of June 1, 2016, providing that commencing on December 31, 2019, and on each annual anniversary thereafter, the employment term would be automatically extended for a one-year term unless Getty Images or Mr. Gandert provide three (3) months’ notice not to renew the employment agreement term. On April 1, 2020, we amended Mr. Gandert’s employment agreement to reduce his base salary in response to the COVID-19 pandemic and make other corresponding adjustments, and on October 1, 2020, we further amended his employment agreement to restore his base salary to its pre-COVID-19 pandemic level and make other corresponding adjustments.

The employment agreement sets forth Mr. Gandert’s position as Chief Technology Officer and duties as well as his annual base salary (currently $508,596 and subject to annual review by the Getty Images Board), a target annual bonus award in an amount equal to a percentage of Mr. Gandert’s annual base salary (currently 50%), the opportunity to participate in the equity incentive plans of Getty Images, the Partnership, and any of their respective affiliates (to be documented in the relevant agreements of each such entity), and participation in Getty Images’ employee benefit plans that are no less favorable than those generally made available to other senior executives of Getty Images. The employment agreement also contains certain restrictive covenants involving non-solicitation, non-competition, confidentiality of information, and the treatment and ownership of intellectual property arising during his employment with Getty Images. Further, the employment agreement provides for the rights and responsibilities of the parties in the event of certain terminations of Mr. Gandert’s employment, as further described in “Potential Payments upon Termination or Change in Control” below.
Potential Payments Upon Termination or Change in Control

Each of the NEO’s employment agreements provides for severance payments and benefits upon certain terminations of employment with Getty Images and its affiliates, as described further below. Each NEO’s rights with respect to his or her equity participation in Getty Images or its affiliates is governed by the applicable equity documents (as defined in the respective employment agreement) and the NEO’s rights with respect to employee benefits will be governed by the documents governing such employee benefits.

As provided in the applicable employment agreement, upon the termination of an NEO’s employment term and his or her employment by Getty Images for “cause” or due to his or her resignation without “good reason” (as each such term is defined in his employment agreement), the NEO would be entitled to receive his or her base salary through the date of termination, any annual bonus earned, but unpaid, as of the termination date for the immediately preceding fiscal year, reimbursement for any unreimbursed business expenses that have been properly incurred by him or her prior to the termination date and that are or have been submitted in accordance with the applicable Getty Images policy, and such employees benefits (as defined in his or her employment agreement), if any, that the NEO may be entitled under the employee benefit plans of Getty Images, which will not include payment for any unused vacation or paid time off, as applicable, unless required by applicable law (all of the amounts described in this sentence are referred to the “Accrued Rights”).

Upon the termination of an NEO’s employment term and his or her employment due to the NEO’s death or disability (as defined in the employment agreement), the NEO will be entitled to receive from Getty Images the Accrued Rights and his or her estate will benefit from a term life insurance policy provided by Getty Images and intended to provide a payment of a death benefit equal to the “base severance” (as defined below).

In the event that an NEO’s employment term and his or her employment is terminated by Getty Images without “cause” or by the NEO for “good reason” (as each such term is defined in his or her employment agreement), the NEO will be entitled to receive, in addition to the Accrued Rights, and subject to his or her execution and non-revocation of a release in a form acceptable to Getty Images as provided in his or her employment agreement and continued compliance with restrictive covenants set forth in his or her employment agreement:

- payments totaling in the aggregate (i) the sum of (x) 150% (200% in the case of Mr. Peters) of the NEO’s base salary and (y) 150% (200% in the case of Mr. Peters) of the NEO’s target annual bonus in respect of the fiscal year that the termination date occurs or (ii), in the case of Mr. Peters, his base salary and target annual bonus for the period from the termination date through the last day of the employment term, if greater than such amount in (i), in each case, payable over a 18-month (24-month in the case of Mr. Peters) period (such amounts, the “base severance”); and

- continued coverage under Getty Images group health and welfare plans for a period until the later of 18 months (24 months in the case of Mr. Peters) following the termination date on the same basis (including payment of monthly premiums) as provided by Getty Images to senior-level executives (or, a monthly payment in an amount equal toGetty Images’ cost of providing such benefit if this benefit would trigger adverse tax consequences), which will be discontinued if the NEO becomes eligible for similar benefits from a successor employer (the “Continued Health Benefits”).

In the event the NEO elects not to extend the employment term of their employment agreement, unless terminated earlier, he or she will be entitled to receive the Accrued Rights. In the event Getty Images elects not to extend the employment term of an NEO’s employment agreement, unless terminated earlier, the NEO will be entitled to receive the Accrued Rights and, subject to the NEO’s execution and non-revocation of a release in a form acceptable to Getty Images as provided in the employment agreement, the Continued Health Benefits and equal payments totaling in the aggregate the Base Severance payable over an 18-month (24-month in the case of Mr. Peters) period.

Ms. Alberti-Perez’s employment agreement also provides that, if prior to January 1, 2022 (the first anniversary of her employment start date), her employment is terminated by Getty Images without “cause” or due to her death or disability, or by her for “good reason”, 25% of her Option will vest immediately prior to her termination of employment.

(1) The option award vests over four years, with 25% of the total number of shares vesting on the first anniversary of the vesting commencement date and the remaining 75% vesting in equal quarterly installments thereafter. In addition, the stock option will fully vest and become fully exercisable upon a Change in Control (as defined in the option agreement) of Getty Images subject to the understanding that the Business Combination does not constitute a change in control for purposes of the option agreement.

(2) The option award vests in accordance with the vesting schedule set forth under footnote (1) above, except that, if, prior to January 1, 2022 (the first anniversary of employment start date), employment is terminated by Getty Images without “cause” or due to employee death or disability, or by employee for “good reason”, 25% of the option will vest immediately prior to termination of employment.

2012 Equity Incentive Plan

The 2012 Equity Incentive Plan (the “2012 Equity Plan”) of the Partnership and Getty Images was adopted on October 18, 2012, as amended from time to time (including most recently on September 1, 2021). The 2012 Equity Plan permits the grant of incentive stock options, non-qualified stock options, profits interests, stock purchase rights, restricted stock awards and restricted stock units (each, an “Award”) to eligible employees, directors, and consultants of Getty Images, the Partnership or their Subsidiaries. If the 2012 Equity Plan is terminated, it will continue to govern the terms and conditions of any outstanding Awards previously granted thereunder.

The 2012 Equity Plan is administered by the Getty Images Board or the Partnership Board, as applicable, or any committee designated by the Getty Images Board or the Partnership Board, as applicable, to administer the 2012 Equity Plan in accordance with its terms (the “Administrator”). Subject to the provisions of the 2012 Equity Plan, the Administrator has the authority in its discretion to make all decisions and determinations that may be required pursuant to the 2012 Equity Plan or as the Administrator deems necessary or advisable to administer the 2012 Equity Plan. The Administrator’s powers are specified in the 2012 Equity Plan. The Administrator has all authority and discretion necessary to administer the 2012 Equity Plan and to control its operation, including the authority to construe and interpret the terms of the
2012 Equity Plan and the Awards granted under the 2012 Equity Plan. The Administrator’s decisions are final and binding on all participants.

Subject to any change in the capitalization of the 2012 Equity Plan or other corporate transaction described in the 2012 Equity Plan, the aggregate number of Getty Images Common Shares which may be issued under the 2012 Equity Plan is 32,000,000. As of December 31, 2021, stock options covering 26,271,663 Getty Images Common Shares were outstanding under the 2012 Equity Plan and 1,916,140 Getty Images Common Shares remained to be issued.

Subject to the provisions of the 2012 Equity Plan, the Administrator will select the individuals to whom a stock option may be granted, determine the term of the stock option, determine the number of Getty Images Common Shares subject to the stock option, determine whether the stock option will be a non-qualified stock option or incentive stock option and determine the other terms and conditions of the stock option (including the permissible payment methods and when the stock option may be exercised) as provided in the 2012 Equity Plan. The per share purchase price of the shares subject to each stock option will be set by the Administrator and will not be less than the fair market value of a Getty Image Common Share as of the date of grant.

Unless otherwise approved by the Administrator, Awards may not be sold, pledged, assigned, hypothecated or otherwise transferred in any manner other than by will or by the applicable laws of descent and distribution. In addition, during a Participant’s lifetime, only the participant may exercise their Award.

The 2012 Equity Plan may be amended or otherwise modified, suspended or terminated at any time by the Administrator. Except in certain specified situations, neither the amendment, suspension nor termination of the 2012 Equity Plan will, without the consent of the holder of the Award, materially and adversely alter or impair any rights or obligations under any Award theretofore granted.

2022 Equity Incentive Plan

New CCNB and its stockholder will adopt new equity incentive plans in connection with the Business Combination.

Director Compensation

During 2021, only two of our non-employee directors, Mr. Klein and Ms. Schneider, received compensation for serving as members of the Getty Images Board. Mr. Klein received $200,000 in cash which was paid in four equal quarterly installments. Ms. Schneider received $100,000 in cash, all of which was paid to her during the fourth quarter of 2021. There were no equity awards granted to any of our non-employee directors in 2021. Mr. Peters, our Chief Executive Officer, who is an employee-director, received no compensation for serving as a member of the Getty Images Board.

The following table sets forth information regarding compensation earned by or paid to the non-employee members of our board of directors during the year ended December 31, 2021:

For more information regarding compensation of the non-employee directors following the Closing of the Business Combination, see “Management of New CCNB Following the Closing — Non-Employee Director Compensation” of this proxy statement/prospectus.
Further, we intend to develop an executive compensation program that is consistent with Getty Images’
existing compensation policies and philosophies, which are designed to align compensation with business
objectives and the creation of stockholder value, while enabling us to attract, motivate and retain individuals
who contribute to our long-term success.

After the Closing of the Business Combination, decisions on the executive compensation program will
be made by the compensation committee of the CCNB Board, which will be established at the Closing, and
guided by the advice of an independent compensation consultant. In connection with executive
compensation decisions, the compensation committee of the New CCNB Board expects to retain
Compensia, Inc., a national compensation consulting firm, as its independent compensation consultant. We
anticipate that compensation for our executive officers will continue to consist of base salary, annual cash
incentive bonuses and equity awards.

Board Composition

New CCNB’s business and affairs will be organized under the direction of the New CCNB Board. We anticipate that the New CCNB Board will consist of [•] members. The primary responsibilities of the New CCNB Board will be to provide oversight, strategic guidance, counseling and direction to New CCNB’s management. The New CCNB Board will meet on a regular basis and additionally as required.

The New CCNB Board will be divided into three classes, Class I, Class II and Class III, with members of each class serving staggered three-year terms. The New CCNB Board will be divided into the following classes:

- Class I, which Getty Images anticipates will consist of Mark Getty and [•] whose term will expire at New CCNB’s first annual meeting of stockholders to be held after the Closing;
- Class II, which Getty Images anticipates will consist of [•], [•] and [•] whose term will expire at New CCNB’s second annual meeting of stockholders to be held after the Closing; and
- Class III, which Getty Images anticipates will consist of [•] and [•], whose terms will expire at New CCNB’s third annual meeting of stockholders to be held after the Closing.

At each annual meeting of stockholders to be held after the initial classification, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following their election and until their successors are duly elected and qualified. This classification of the New CCNB Board may have the effect of delaying or preventing changes in New CCNB’s control or management.

In connection with the execution of the Business Combination Agreement, the Sponsor, the equityholders of Getty Images and certain other parties thereto entered into the Stockholders Agreement with New CCNB, pursuant to which, among other things, the initial composition of New CCNB Board will be (i) three directors nominated by Getty Investments, (ii) two directors nominated by Koch Icon, (iii) one director nominated by CC Capital, (iv) the chief executive officer of Getty Images, (which will initially be Craig Peters) and (v) a number of independent directors sufficient to comply with the requisite independence requirements of the NYSE. The number of nominees that each of Getty Investments, Koch Icon and CC Capital will be entitled to nominate pursuant to the Stockholders Agreement is subject to reduction based on the aggregate number of shares of New CCNB Common Stock held by such stockholders, as further described in the Stockholders Agreement attached as Annex K to this proxy statement/prospectus. For more information about the Stockholders Agreement, please see “[•] — Stockholders Agreement.”
Director Independence

The New CCNB Board is expected to determine that each of the directors on the New CCNB Board [other than [•]] will qualify as “independent directors,” as defined under the rules of the NYSE, and the New CCNB Board will consist of a majority of “independent directors,” as defined under the rules of the SEC and the NYSE relating to director independence requirements. The New CCNB Board does not anticipate having a standing risk management committee, but rather anticipates administering this oversight function directly through the New CCNB Board as a whole, as well as through various standing committees of the New CCNB Company Board that address risks inherent in their respective areas of oversight. In particular, (i) the New CCNB Board will be responsible for monitoring and assessing major risks facing New CCNB, (ii) the audit committee of the New CCNB Board will oversee risks relating to financial matters, financial reporting and auditing, and (iii) the compensation committee of the New CCNB Board will oversee risks relating to the design and implementation of New CCNB’s compensation policies and procedures.

[•] will serve as the chair of the audit committee. The New CCNB Board will determine that [•] qualifies as an audit committee financial expert within the meaning of SEC regulations and meets the financial sophistication requirements of the NYSE rules. In making this determination, the New CCNB Board will consider formal education and previous professional experience in financial roles. reviewing and evaluating on an annual basis the performance of the audit committee and the audit committee charter.

The composition and function of the audit committee will comply with all applicable requirements of the Sarbanes-Oxley Act and all applicable SEC rules and regulations. New CCNB will comply with future requirements to the extent they become applicable to New CCNB.

Compensation Committee

New CCNB’s compensation committee will consist of [•]. The New CCNB Board will determine that each of the members of the compensation committee will be a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act, and will satisfy the independence requirements of the NYSE. [•] will serve as the chair of the compensation committee. The functions of the compensation committee are expected to include, among other things:

reviewing and approving the corporate goals and objectives that pertain to the determination of executive compensation;

reviewing and evaluating on an annual basis the performance of the compensation committee and recommending such changes as deemed necessary to the New CCNB Board.

The composition and function of its compensation committee will comply with all applicable requirements of the Sarbanes-Oxley Act and all applicable SEC and NYSE rules and regulations. New CCNB will comply with future requirements to the extent they become applicable to New CCNB.

Nominating and Corporate Governance Committee

New CCNB’s nominating and corporate governance committee will consist of [•]. The New CCNB Board will determine that each of the members of New CCNB’s nominating and corporate governance committee will satisfy the independence requirements of the NYSE and the SEC.

277
The composition and function of the nominating and corporate governance committee will comply with all applicable requirements of the Sarbanes-Oxley Act and all applicable SEC and NYSE rules and regulations. New CCNB will comply with future requirements to the extent they become applicable.

Compensation Committee Interlocks and Insider Participation

None of the intended members of New CCNB’s compensation committee has ever been an executive officer or employee of New CCNB. None of New CCNB’s intended executive officers currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers that will serve as a member of the New CCNB Board or compensation committee.

Limitation on Liability and Indemnification of Directors and Officers

The New CCNB Post-Closing Certificate of Incorporation, which will be effective upon the consummation of the Business Combination, limits New CCNB’s directors’ liability to the fullest extent permitted under the DGCL. The DGCL allows for directors of a corporation to not be personally liable for monetary damages for breach of their fiduciary duties as directors, except for liability:

- for any transaction from which the director derives an improper personal benefit;
- for any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- for any unlawful payment of dividends or redemption of shares; or
- for any breach of a director’s duty of loyalty to the corporation or its stockholders.

If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of New CCNB’s directors will be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. The DGCL and the New CCNB Post-Closing Bylaws provide that New CCNB will, in certain situations, indemnify New CCNB’s directors and officers and may indemnify other employees and other agents, to the fullest extent permitted by law. Any indemnified person is also entitled, subject to certain limitations, to advancement, direct payment, or reimbursement of reasonable expenses (including attorneys’ fees and disbursements) in advance of the final disposition of the proceeding.

New CCNB plans to maintain a directors’ and officers’ insurance policy pursuant to which New CCNB’s directors and officers are insured against liability for actions taken in their capacities as directors and officers. Getty Images believes these provisions in the New CCNB Post-Closing Certificate of Incorporation and the New CCNB Post-Closing Bylaws and these indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

Code of Business Conduct and Ethics for Employees, Executive Officers, and Directors

New CCNB is expected to adopt a Code of Ethics applicable to its directors, executive officers and employees, including its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions that complies with the rules and regulations of the NYSE. A copy of the Code of Ethics that will be in effect after the Business Combination will be filed with the SEC and will be provided on Getty Images’ website. Following the Business Combination, New CCNB intends to disclose on its website all disclosures that are required by law or the NYSE listing standards concerning any amendments to or waivers of certain provisions of its Code of Ethics. The information on any of Getty Images’ websites is deemed not to be incorporated in this proxy statement/prospectus or to be part of this proxy statement/prospectus.

Non-Employee Director Compensation

The New CCNB Board expects to review director compensation periodically to ensure that director compensation remains competitive such that New CCNB is able to recruit and retain qualified directors.

Common Stock

Dividend rights

Subject to preferences that may be applicable to any then outstanding preferred stock, holders of shares of New CCNB Common Stock are entitled to receive such dividends, if any, as may be declared from time-to-time by the New CCNB Board out of legally available funds.

Voting rights

Except as otherwise required by law, each holder of New CCNB Class A Common Stock is entitled to one vote for each share on all matters properly submitted to a vote of the New CCNB Stockholders, including the election of directors. New CCNB Stockholders do not have cumulative voting rights in the election of directors. Accordingly, holders of a majority of the voting shares are able to elect all of the directors.

Liquidation

Subject to applicable Law, the rights, if any, of the holders of any outstanding series of the preferred stock, in the event of any voluntary or involuntary liquidation, dissolution or winding up of New CCNB, after payment or provision for payment of the debts and other liabilities of New CCNB, the holders of shares of New CCNB Class A Common Stock (including shares of New CCNB Class A Common Stock which converted to New CCNB Class A Common Stock from New CCNB Class B Common Stock as a result of such liquidation that results from a Conversion Event (as defined in the New CCNB Post-Closing Certificate of Incorporation)) will be entitled to receive all the remaining assets of New CCNB available for distribution to its stockholders, ratably in proportion to the number of shares of New CCNB Class A Common Stock held by them.

Rights and preferences

Holders of New CCNB Common Stock have no preemptive, conversion, subscription or other rights, and there are no redemption or sinking fund provisions applicable to New CCNB Common Stock. The rights, preferences, and privileges of the holders of New CCNB Common Stock are subject to and may be adversely affected by, the rights of the holders of shares of any series of New CCNB preferred stock that New CCNB may designate in the future.
 Getty Images Equityholders’ Lock-Up Restrictions

Pursuant to the New CCNB Post-Closing Bylaws, Getty Image Equityholders who are not parties to the Stockholders Agreement will be subject to a 180-day lock up period (subject to customary exceptions) in respect of their shares of New CCNB Class A Common Stock received in the Business Combination (subject to certain customary exceptions).

Preferred Stock

The New CCNB Board has the authority, without further action by the New CCNB Stockholders, to issue up to [•] shares of preferred stock in one or more series and to fix the rights, preferences, privileges, and restrictions thereof. These rights, preferences, and privileges could include dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences, sinking fund terms, and the number of shares constituting any series or the designation of such series, any or all of which may be greater than the rights of New CCNB Common Stock. The issuance of New CCNB preferred stock could adversely affect the voting power of holders of New CCNB Common Stock and the likelihood that such holders will receive dividend payments and payments upon liquidation. In addition, the issuance of preferred stock could have the effect of delaying, deferring, or preventing a change of control of New CCNB or other corporate action.

Warrants

Effective upon the consummation of the Business Combination, each CCNB Warrant outstanding for the purchase of one share of CCNB Class A Ordinary Shares prior to the consummation of the Business Combination will be exercisable for one share of New CCNB Class A Common Stock, with all other terms of such warrants remaining unchanged. The following is a description of the New CCNB Warrants.

New CCNB Warrants

The New CCNB Warrants will become exercisable on the later of (i) 30 days after the completion of a Business Combination or (ii) August 4, 2021; provided in each case that New CCNB has an effective registration statement under the Securities Act.

Each New CCNB Warrant entitles the registered holder to purchase one share of New CCNB Class A Common Stock at a price of $11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of August 4, 2021 or 30 days after the completion of the Business Combination, provided in each case that we have an effective registration statement under the Securities Act covering the shares of New CCNB Class A Common Stock issuable upon exercise of the New CCNB Warrants and a current prospectus relating to them is available (or New CCNB permits holders to exercise their warrants on a cashless basis under the circumstances specified in the Existing Warrant Agreement) and such shares are registered, qualified or exempt from registration under the securities, or blue sky laws of the state of residence of the holder. Pursuant to the Existing Warrant Agreement, a warrant holder may exercise its New CCNB Warrants only for a whole number of shares of New CCNB Class A Common Stock. This means only a whole warrant may be exercised at a given time by a warrant holder. No fractional New CCNB Warrants will be issued upon separation of the units and only whole New CCNB Warrants will trade. Accordingly, unless you purchase a multiple of three units, the number of New CCNB Warrants issuable to you upon separation of the units will be rounded down to the nearest whole number of New CCNB Warrants. The New CCNB Warrants will expire at 5:00 p.m., New York City time, on the fifth anniversary of the completion of the Business Combination, or earlier upon redemption or liquidation.

New CCNB will not be obligated to deliver any New CCNB Class A Common Stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the Class A common stock underlying the warrants is then effective and a prospectus relating thereto is current, subject to New CCNB satisfying their obligations described below with respect to registration. No New CCNB Warrant will be exercisable and New CCNB will not be obligated to issue a New CCNB Class A Common Stock upon exercise of a New CCNB Warrant unless the New CCNB Class A Common Stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to

280
a New CCNB Warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. Holders of New CCNB Warrants cannot pay cash to exercise their warrants unless New CCNB has an effective and current registration statement covering the issuance of the shares underlying such warrants and a current prospectus relating thereto. In the event that a registration statement is not effective for the exercised New CCNB Warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the New CCNB Class A Common Stock underlying such unit.

New CCNB has agreed that as soon as practicable, but in no event later than 20 business days after the closing of an initial business combination, New CCNB will use commercially reasonable efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the New CCNB Class A Common Stock issuable upon exercise of the New CCNB Warrants. New CCNB will use commercially reasonable efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the New CCNB Warrants in accordance with the provisions of the Existing Warrant Agreement. If a registration statement covering the issuance of the shares issuable upon exercise of the New CCNB Warrants is not effective within 60 days from the Closing, warrant holders may, until such time as there is an effective registration statement and during any period when New CCNB will have failed to maintain an effective registration statement or a current prospectus, exercise New CCNB Warrants on a cashless basis pursuant to an available exemption from registration under the Securities Act. Notwithstanding the above, if the shares of New CCNB Class A Common Stock are at the time of any exercise of New CCNB Warrants not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act, New CCNB may, at their option, require holders of public New CCNB Warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event New CCNB so elects, New CCNB will not be required to file or maintain in effect a registration statement, and in the event New CCNB does not so elect, New CCNB will use commercially reasonable efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

**Redemption of New CCNB Warrants for Cash when the price per share of New CCNB Class A Common Stock equals or exceeds $18.00**

Once the New CCNB Warrants become exercisable, New CCNB may redeem the outstanding New CCNB Warrants (but not the Private Placement Warrants):

- in whole and not in part;
- at a price of $0.01 per warrant;
- upon a minimum of 30 days’ prior written notice of redemption, which we refer to as the 30 day redemption period; and
- if, and only if, the last reported sale price of the shares of New CCNB Class A Common Stock equals or exceeds $18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

New CCNB will not redeem the New CCNB Warrants as described above unless an effective registration statement under the Securities Act covering the issuance of the shares of New CCNB Class A Common Stock issuable upon exercise of the New CCNB Warrants is effective and a current prospectus relating to those shares of New CCNB Class A Common Stock is available throughout the 30 day redemption period, except if the New CCNB Warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the New CCNB Warrants become redeemable by New CCNB, New CCNB may exercise their redemption right even if New CCNB is unable to register or qualify the underlying securities for sale under all applicable state securities laws.

The redemption criteria for the New CCNB Warrants discussed above have been established to prevent a redemption call unless there is at the time of the call a significant premium to the New CCNB Warrant exercise price. If the foregoing conditions are satisfied and New CCNB issues a notice of redemption of the
New CCNB Warrants, each warrant holder will be entitled to exercise his, her or its warrant prior to the scheduled redemption date. However, the price of the shares of New CCNB Class A Common Stock may fall below the $18.00 redemption trigger price (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) as well as the $11.50 (for whole shares) New CCNB Warrant exercise price after the redemption notice is issued.

**Redemption of New CCNB Warrants for Cash when the price per share of New CCNB Class A Common Stock equals or exceeds $10.00**

Commencing 90 days after the New CCNB Warrants become exercisable, the Company may redeem the outstanding New CCNB Warrants (but not the Private Placement Warrants):

- in whole and not in part;
- at $0.10 per warrant provided that holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares determined by reference to the agreed table based on the redemption date and the “fair market value” of the shares of New CCNB Class A Common Stock;
- upon a minimum of 30 days’ prior written notice of redemption; and
- if, and only if, the last reported sale price of the shares of New CCNB Class A Common Stock equals or exceeds $10.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) on the trading day prior to the date on which the Company sends the notice of redemption to the warrant holders.

The “fair market value” of the shares of New CCNB Class A Common Stock means the average last reported sale price of the shares of New CCNB Class A Common Stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants.

**Redemption Procedures and Cashless Exercise**

If New CCNB calls the New CCNB Warrants for redemption as described above when the shares of New CCNB Class A Common Stock are trading at or above $18.00 per share, New CCNB’s management will have the option to require all holders that wish to exercise their warrants to do so on a “cashless basis.” In making such determination, New CCNB’s management will consider, among other factors, New CCNB’s cash position, the number of New CCNB Warrants that are outstanding and the dilutive effect on New CCNB Stockholders of issuing the maximum number of shares of New CCNB Class A Common Stock issuable upon the exercise of outstanding New CCNB Warrants. In such event, all holders of New CCNB Warrants would pay the exercise price by surrendering their warrants for that number of shares of New CCNB Class A Common Stock equal to the lesser of (i) the quotient obtained by dividing (x) the product of the number of shares of New CCNB Class A Common Stock underlying such New CCNB Warrants, multiplied by the excess of the “fair market value” (as defined above) of shares of New CCNB Class A Common Stock over the exercise prices of the New CCNB Warrants by (y) the fair market value and (ii) 0.365 shares of New CCNB Class A Common Stock per New CCNB Warrant. If New CCNB’s management takes advantage of this option, the notice of redemption will contain the information necessary to calculate the number of shares of New CCNB Class A Common Stock to be received upon exercise of the warrants, including the “fair market value” in such case. Requiring a cashless exercise in this manner will reduce the number of shares to be issued and thereby lessen the dilutive effect of a warrant redemption. If New CCNB calls the New CCNB Warrants for redemption and New CCNB’s management does not take advantage of this option, the holders of the Private Placement Warrants and their permitted transferees would still be entitled to exercise their Private Placement Warrants for cash or on a cashless basis using the same formula described above that other warrant holders would have been required to use had all warrant holders been required to exercise their warrants on a cashless basis, as described in more detail below.

**Holder Election to Limit Exercise**

A holder of a New CCNB Warrant may notify New CCNB in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that
after giving effect to such exercise, such person (together with such person’s affiliates), to the warrant agent’s actual knowledge, would beneficially own in excess of 4.9% or 9.8% (as specified by the holder) of the shares of New CCNB Class A Common Stock outstanding immediately after giving effect to such exercise.

**Anti-Dilution Adjustments**

If the number of outstanding shares of New CCNB Class A Common Stock is increased by a share capitalization payable in shares of New CCNB Class A Common Stock, or by a split-up of shares of New CCNB Class A Common Stock or other similar event, then, on the effective date of such share capitalization, split-up or similar event, the number of shares of New CCNB Class A Common Stock issuable on exercise of each New CCNB Warrant will be increased in proportion to such increase in the outstanding shares of New CCNB Common Stock. A rights offering made to all or substantially all holders of ordinary shares entitling holders to purchase shares of New CCNB Class A Common Stock at a price less than the “historical fair market value” will be deemed a share capitalization of a number of shares of New CCNB Class A Common Stock equal to the product of (i) the number of shares of New CCNB Class A Common Stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for New CCNB Class A Common Stock) and (ii) one minus the quotient of (x) the price per share of New CCNB Class A Common Stock paid in such rights offering and (y) the historical fair market value. For these purposes, (i) if the rights offering is for securities convertible into or exercisable for shares of New CCNB Class A Common Stock, in determining the price payable for shares of New CCNB Class A Common Stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) “historical fair market value” means the volume weighted average price of shares of New CCNB Class A Common Stock as reported during the 10 trading day period ending on the trading day prior to the first date on which the shares of New CCNB Class A Common Stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if New CCNB, at any time while the New CCNB Warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to all or substantially all of the holders of shares of New CCNB Class A Common Stock on account of such shares of New CCNB Class A Common Stock (or other securities into which the warrants are then convertible), other than (i) as described above, (ii) any cash dividends or cash distributions which, when combined on a per share basis with all other cash dividends and cash distributions paid on the shares of New CCNB Class A Common Stock during the 365-day period ending on the date of declaration of such dividend or distribution, does not exceed $0.50 (as adjusted to appropriately reflect any other adjustments and excluding cash dividends or cash distributions that resulted in an adjustment to the exercise price or to the number of shares of New CCNB Class A Common Stock issuable on exercise of each New CCNB Warrant) but only with respect to the amount of the aggregate cash dividends or cash distributions equal to or less than $0.50 per share of New CCNB Common Stock, (iii) to satisfy the redemption rights of the holders of shares of New CCNB Class A Common Stock in connection with a proposed initial business combination, (iv) to satisfy the redemption rights of the holders of shares of New CCNB Class A Common Stock in connection with a shareholder vote to approve an amendment to the New CCNB Post-Closing Certificate of Incorporation that would affect the substance or timing of our obligation to provide for the redemption of shares of New CCNB Common Stock in connection with an initial business combination or to redeem 100% of shares of New CCNB Common Stock if we have not consummated an initial business combination by August 4, 2022, or (v) in connection with the redemption of shares of New CCNB Common Stock upon New CCNB’s failure to complete an initial business combination, then the New CCNB Warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of New CCNB Class A Common Stock in respect of such event.

If the number of outstanding shares of New CCNB Class A Common Stock is decreased by a consolidation, combination, reverse share sub-divisions or reclassification of shares of New CCNB Class A Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse share sub-divisions, reclassification or similar event, the number of shares of New CCNB Class A Common Stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding shares of New CCNB Class A Common Stock.
Whenever the number of shares of New CCNB Class A Common Stock purchasable upon the exercise of the New CCNB Warrants is adjusted, as described above, the New CCNB Warrant exercise price will be adjusted by multiplying the New CCNB Warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of New CCNB Class A Common Stock purchasable upon the exercise of the New CCNB Warrants immediately prior to such adjustment and (y) the denominator of which will be the number of shares of New CCNB Class A Common Stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding shares of New CCNB Class A Common Stock (other than those described above or that solely affects the par value of such shares of New CCNB Class A Common Stock), or in the case of any merger or consolidation of New CCNB with or into another corporation (other than a consolidation or merger in which New CCNB is the continuing corporation and that does not result in any reclassification or reorganization of our outstanding shares of New CCNB Class A Common Stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of New CCNB as an entirety or substantially as an entirety in connection with which New CCNB is dissolved, the holders of the New CCNB Warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the New CCNB Warrants and in lieu of the shares of New CCNB Class A Common Stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of New CCNB Class A Common Stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the New CCNB Warrants would have received if such holder had exercised their warrants immediately prior to such event. However, if such holders were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities, cash or other assets for which each New CCNB Warrant will become exercisable will be deemed to be the weighted average of the kind and amount received per share by such holders in such consolidation or merger that affirmatively make such election, and if a tender, exchange or redemption offer has been made to and accepted by such holders under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act) more than 50% of the issued and outstanding shares of New CCNB Class A Common Stock, the holder of a New CCNB Warrant will be entitled to receive the highest amount of cash, securities or other property to which such holder would actually have been entitled as a shareholder if such New CCNB Warrant holder had exercised the New CCNB Warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the shares of New CCNB Class A Common Stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjutment (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in the Existing Warrant Agreement. If less than 70% of the consideration receivable by the holders of Shares of New CCNB Class A Common Stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or to be so listed for trading or quoted immediately following such event, and if the registered holder of the New CCNB Warrant properly exercises the warrant within 30 days following public disclosure of such transaction, the New CCNB Warrant exercise price will be reduced as specified in the Existing Warrant Agreement based on the Black-Scholes Warrant Value (as defined in the Existing Warrant Agreement) of the New CCNB Warrant. The purpose of such exercise price reduction is to provide additional value to holders of the New CCNB Warrants when an extraordinary transaction occurs during the exercise period of the New CCNB Warrants pursuant to which the holders of the New CCNB Warrants otherwise do not receive the full potential value of the New CCNB Warrants.

**Private New CCNB Warrants**

The Sponsor purchased 18,560,000 Private Placement Warrants at a price of $10.00 per unit for an aggregate purchase price of $18,560,000 in the IPO Private Placement. The New CCNB Warrants received by the Sponsor at the effective time of the First Merger (including the New CCNB Common Stock issuable
upon exercise of the New CCNB Warrants) will not be transferable, assignable or salable until 30 days after
the completion of the Business Combination (subject to limited exceptions to our officers and directors and
other persons or entities affiliated with the Sponsor) and they will not be redeemable by New CCNB so long
as they are held by the Sponsor or its permitted transferees. The Sponsor, or their permitted transferees,
have the option to exercise these Private Placement Warrants on a cashless basis. The Private Placement
Warrants have terms and provisions that are identical to those of the publicly held New CCNB Warrants,
including as to the exercise price, exercisability and exercise period. If the Private Placement Warrants are
held by holders other than the Sponsor or its permitted transferees, the Private Placement Warrants will be
redeemable by New CCNB and exercisable by the holders on the same basis as the public New CCNB
Warrants.

Certain Anti-Takeover Provisions of Delaware Law, New CCNB’s Post-Closing Certificate of Incorporation and
Bylaws

Pursuant to the New CCNB Post-Closing Certificate of Incorporation, New CCNB will opt out of
Section 203 of the DGCL. However, the New CCNB Post-Closing Certificate of Incorporation contains
similar provisions providing that we may not engage in certain “business combinations” with any
“interested stockholder” for a three year period following the time that the stockholder became an interested
stockholder, unless:

- prior to such time, the New CCNB Board approved either the business combination or the transaction
which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested
stockholder, the interested stockholder owned at least 85% of New CCNB’s voting stock outstanding
at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by the New CCNB Board and by
the affirmative vote of holders of at least 66 2⁄3% of the outstanding voting stock that is not owned
by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale or certain other transactions
resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an “interested
stockholder” is a person who, together with that person’s affiliates and associates, owns, or within the
previous three years owned, 15% or more of New CCNB’s voting stock.

Under certain circumstances, this provision will make it more difficult for a person who would be an
“interested stockholder” to effect various business combinations with a corporation for a three year period.
This provision may encourage companies interested in acquiring New CCNB to negotiate in advance with
the New CCNB Board because the New CCNB Stockholder approval requirement would be avoided if the
New CCNB Board approves either the business combination or the transaction which results in the
stockholder becoming an interested stockholder. These provisions also may have the effect of preventing
changes in the New CCNB Board and may make it more difficult to accomplish transactions which
stockholders may otherwise deem to be in their best interests.

The New CCNB Post-Closing Certificate of Incorporation provides that the Investor Stockholders (as
declared therein) and their respective Affiliates, any of their respective direct or indirect transferees of at
least 15% of outstanding New CCNB Common Stock and any group as to which such persons are party to,
do not constitute “interested stockholders” for purposes of this provision.

In addition, the New CCNB Post-Closing Certificate of Incorporation does not provide for cumulative
voting in the election of directors. The New CCNB Board is empowered to elect a director to fill a vacancy
created by the expansion of the New CCNB Board or the resignation, death, or removal of a director in
certain circumstances.

Authorized New CCNB Common Stock and New CCNB preferred stock are available for future
issuances without stockholder approval and could be utilized for a variety of corporate purposes, including
future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of
authorized but unissued and unreserved New CCNB Common Stock and New CCNB preferred stock

285
could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Exclusive Forum Provision

The New CCNB Post-Closing Certificate of Incorporation will provide that, unless New CCNB consents in writing to the selection of an alternative forum, the Court of Chancery will be the sole and exclusive forum for: (1) any derivative action or proceeding brought on behalf of New CCNB; (2) any action asserting a claim of breach of a fiduciary duty owed by, or other wrongdoing by, any current or former director, officer, other employee or stockholder of New CCNB to New CCNB or New CCNB’s stockholders, creditors or other constituents, or a claim of aiding and abetting any such breach of fiduciary duty; (3) any action or proceeding against New CCNB or any current or former director, officer or other employee of New CCNB or any stockholder (a) arising pursuant to any provision of the DGCL, the New CCNB Post-Closing Certificate of Incorporation or the New CCNB Post-Closing Bylaws (as each may be amended, restated, modified, supplemented or waived from time to time) or (b) as to which the DGCL confers jurisdiction on the Court of Chancery; (4) any action or proceeding to interpret, apply, enforce or determine the validity of the New CCNB Post-Closing Certificate of Incorporation or the New CCNB Post-Closing Bylaws (including any right, obligation or remedy thereunder); (5) any action asserting a claim against New CCNB or any director, officer or other employee of New CCNB or any stockholder, governed by the internal affairs doctrine; and (6) any action asserting an "internal corporate claim" as that term is defined in Section 115 of the DGCL. Notwithstanding the foregoing, the provisions of Article XII of the New CCNB Post-Closing Certificate of Incorporation provide that unless New CCNB consents in writing to the selection of an alternative forum, the federal district courts of the United States will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act. Although New CCNB believes this provision benefits New CCNB by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, a court may determine that this provision is unenforceable, and to the extent it is enforceable, the provision may have the effect of discouraging lawsuits against New CCNB’s directors and officers, although New CCNB Stockholders will not be deemed to have waived New CCNB’s compliance with federal securities laws and the rules and regulations thereunder.

Limitations of Liability and Indemnification

The New CCNB Post-Closing Certificate of Incorporation and the New CCNB Post-Closing Bylaws provide that that its officers and directors will be indemnified by New CCNB to the fullest extent authorized by Delaware law, as it now exists or may in the future be amended. In addition, the New CCNB Post-Closing Bylaws provides that New CCNB’s directors will not be personally liable for monetary damages to New CCNB or the New CCNB Stockholders for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to New CCNB or the New CCNB Stockholders, acted in bad faith, knowingly or intentionally violated the Law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors.

The New CCNB Post-Closing Bylaws also permit New CCNB to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit such indemnification. We will purchase a policy of directors’ and officers’ liability insurance that insures New CCNB’s officers and directors against the cost of defense, settlement or payment of a judgment in certain circumstances and insures New CCNB against New CCNB’s obligations to indemnify New CCNB’s officers and directors.

These provisions may discourage stockholders from bringing a lawsuit against New CCNB’s directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit New CCNB and the New CCNB Stockholders. Furthermore, a stockholder’s investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the directors’ and officers’ liability insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.
Insofar as indemnification for liabilities arising under the Securities Act may be permitted to New CCNB’s directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable.

Listing of Securities

New CCNB intends to apply to list its common stock and warrants on NYSE under the symbols “GETY” and “GETY WS,” respectively, following the Business Combination.

Transfer Agent and Registrar

Upon completion of the Business Combination, the transfer agent and registrar for New CCNB Common Stock will be Continental Stock Transfer & Trust Company.
COMPARISON OF CORPORATE GOVERNANCE AND SHAREHOLDER RIGHTS

CCNB is an exempted company incorporated under the Cayman Islands Companies Act. The Cayman Islands Companies Act, Cayman Islands law generally and the Existing Organizational Documents govern the rights of its shareholders. The Cayman Islands Companies Act and Cayman Islands law generally differ in some material respects from laws generally applicable to United States corporations and their stockholders. In addition, the Existing Organizational Documents differ in certain material respects from the New CCNB Post-Closing Certificate of Incorporation. As a result, when you become a stockholder of New CCNB, your rights will differ in some regards as compared to when you were a shareholder of CCNB.

Below are summary charts outlining important similarities and differences in the corporate governance and stockholder/shareholder rights associated with each of CCNB and New CCNB according to applicable law and the organizational documents of CCNB and New CCNB. You also should review the New CCNB Post-Closing Certificate of Incorporation and the New CCNB Post-Closing Bylaws attached to this proxy statement/prospectus as Annex D and Annex E respectively, as well as the Delaware corporate law and corporate laws of the Cayman Islands, including the Cayman Islands Companies Act, to understand how these laws apply to CCNB and New CCNB.

Comparison of Shareholder Rights under the Applicable Organizational Documents

When the Domestication Merger is completed, the rights of stockholders will be governed by Delaware law, including the DGCL, rather than by the laws of the Cayman Islands. Certain differences exist between the DGCL and the Cayman Islands Companies Act that will alter certain of the rights of shareholders and affect the powers of the New CCNB Board and management following the Domestication Merger.

Shareholders should consider the following summary comparison of the laws of the Cayman Islands, on the one hand, and the DGCL, on the other. This comparison is not intended to be complete and is qualified in its entirety by reference to the DGCL and the Cayman Islands Companies Act.

The owners of a Delaware corporation’s shares are referred to as “stockholders.” For purposes of language consistency, in certain sections of this proxy statement/prospectus, we may continue to refer to the share owners of the Company as “shareholders.”

**Perpetual Existence**

The Existing Organizational Documents provide that if we do not consummate a business combination (as defined in the Existing Organizational Documents) within 24 months of the closing of the IPO, CCNB will cease all operations except for the purposes of winding up and will redeem the shares issued in our IPO and liquidate our Trust Account.

See Article 49.7 of our Existing Organizational Documents. This is the default rule under the DGCL.

The New CCNB Post-Closing Certificate of Incorporation does not include any provisions relating to New CCNB’s ongoing existence; the default under the DGCL will make New CCNB’s existence perpetual.

**Takeovers by Interested Stockholders**

The Existing Organizational Documents do not provide restrictions on takeovers of CCNB by an interested stockholder, following a business combination.

See Article IX of the New CCNB Post-Closing Certificate of Incorporation.

The New CCNB Post-Closing Certificate of Incorporation opts out of Section 203 of the DGCL relating to takeovers by interested stockholders, but provides other restrictions regarding takeovers by related shareholder.

Provisions Related to Status as Blank Check Company

The Existing Organizational Documents set forth various provisions company, which no longer will apply upon consummation of the Business Combination, as we will cease to be a blank check company related to our status as a blank check company prior at such time.

See Article 49 of our Existing Organizational Documents.
BENEFICIAL OWNERSHIP OF SECURITIES

Beneficial Ownership of New CCNB Securities

The following table sets forth information known to CCNB and New CCNB regarding the beneficial ownership of CCNB Ordinary Shares as of December 31, 2021 (pre-Business Combination) and, immediately following consummation of the Business Combination (post-Business Combination), ownership of shares of New CCNB Class A Common Stock by the persons set forth below, assuming (i) no shares of CCNB are redeemed and (ii) the maximum number of shares of CCNB are redeemed:

- each person known by New CCNB to be the beneficial owner of more than 5% of the outstanding CCNB Ordinary Shares either on December 31, 2021 (pre-Business Combination) or of shares of New CCNB Class A Common Stock outstanding after the consummation of the Business Combination (post-Business Combination);
- each of CCNB’s current executive officers and directors;
- each person who will (or is expected to) become an executive officer or director of New CCNB upon consummation of the Business Combination;
- all executive officers and directors of CCNB as a group prior to the consummation of the Business Combination; and
- all executive officers and directors of New CCNB as a group after consummation of the Business Combination.

The SEC has defined “beneficial ownership” of a security to mean the possession, directly or indirectly, of voting power and/or investment power over such security. A shareholder is also deemed to be, as of any date, the beneficial owner of all securities that such shareholder has the right to acquire within 60 days after that date through (a) the exercise of any option, warrant or right, (b) the conversion of a security, (c) the power to revoke a trust, discretionary account or similar arrangement, or (d) the automatic termination of a trust, discretionary account or similar arrangement. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, ordinary shares subject to options or other rights (as set forth above) held by that person that are currently exercisable, or will become exercisable within 60 days thereafter, are deemed outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person. Each person named in the table has sole voting and investment power with respect to all of the shares shown as beneficially owned by such person, except as otherwise indicated in the table or footnotes below.

The beneficial ownership of CCNB Ordinary Shares pre-Business Combination is based on 108,500,000 CCNB Ordinary Shares (of which 25,700,000 are Founder Shares held by the Sponsor and the Independent Directors) issued and outstanding as of December 31, 2021.

The expected beneficial ownership of shares of New CCNB Class A Common Stock post-Business Combination, assuming none of our public shares are redeemed, has been determined based upon the following: (i) no CCNB Shareholder has exercised its Redemption Rights to receive cash from the Trust Account in exchange for their CCNB Class A Ordinary Shares; (ii) prior to the Closing no public warrants or Private Placement Warrants will be exercised; (iii) at or after the Closing no New CCNB Warrants will be exercised; (iv) the sale of the Forward Purchase Securities will be consummated; (v) 22,5000,000 shares of New CCNB Class A Common Stock will be issued to the PIPE Investors at Closing; (vi) none of the investors set forth in the table below has purchased or will purchase CCNB Class A Ordinary Shares in the open market; and (vii) there will be an aggregate of * issued and outstanding shares of New CCNB Class A Common Stock at the Closing.

The expected beneficial ownership of shares of New CCNB Class A Common Stock post-Business Combination, assuming the maximum number of CCNB Class A Ordinary Shares have been redeemed and has been determined based on the following assumptions: (i) * CCNB Shareholders have exercised their Redemption Rights (based on the cash held in the Trust Account as of September 30, 2021); (ii) prior to the Closing no public warrants or Private Placement Warrants will be exercised; (iii) at or after the Closing no New CCNB Warrants will be exercised; (iv) the sale of the Forward Purchase Securities will be consummated;
(v) 22,500,000 shares of New CCNB Class A Common Stock will be issued to the PIPE Investors at Closing; (vi) [•] of the Backstop has been subscribed for; (vii) none of the investors set forth in the table below has purchased or will purchase CCNB Class A Ordinary Shares in the open market; and (viii) there will be an aggregate of [•] issued and outstanding shares of New CCNB Class A Common Stock at the Closing.

Unless otherwise indicated, we believe that all persons named in the table below have sole voting and investment power with respect to all shares of capital stock beneficially owned by them. To our knowledge, no shares beneficially owned by any executive officer, director or director nominee have been pledged as security.

The expected beneficial ownership of shares of New CCNB Class A Common Stock post-Business Combination is provided for illustrative purposes only, as actual outcomes may prove different from the assumptions. In particular, the actual number of public shareholders of CCNB who will exercise their redemption rights is uncertain.

(1) The pre-Business Combination percentage of beneficial ownership in the table below is calculated based on 108,500,000 CCNB Ordinary Shares outstanding as of the Record Date. Unless otherwise indicated, CCNB believes that all persons named in the table have sole voting and investment power with respect to all CCNB Ordinary Shares beneficially owned by them prior to the Business Combination.

(2) The post-Business Combination percentage of beneficial ownership is calculated based on [*] shares of New CCNB Class A Common Stock outstanding. Such amount assumes that no public shareholders have redeemed their CCNB Class A Ordinary Shares. Unless otherwise indicated, New CCNB believes that all persons named in the table have sole voting and investment power with respect to all shares of New CCNB Common Stock beneficially owned by them prior to the Business Combination.

(3) The post-Business Combination percentage of beneficial ownership is calculated based on [*] shares of New CCNB Class A Common Stock outstanding. Such amount assumes that the contractual maximum number of CCNB Class A Ordinary Shares have been redeemed, while still satisfying the Net Funded Indebtedness Condition, and the full Backstop has been subscribed for. Unless otherwise indicated, New CCNB believes that all persons named in the table have sole voting and investment power with respect to all shares of New CCNB Common Stock beneficially owned by them prior to the Business Combination.

(4) Unless otherwise noted, the business address of each of the following individuals is 200 Park Avenue, 58th Floor, New York, New York 10166.

(5) Does not include any shares indirectly owned by this individual as a result of his or her partnership interest in our Sponsor or its affiliates.

(6) Interests shown consist of Founder Shares.

(7) Interests shown consist of (i) 32,006 shares of New CCNB Class A Common Stock (excluding 4,066 shares of New CCNB Series B-1 Common Stock and 4,000 shares of New CCNB Series B-2 Common Stock, which are each convertible into shares of New CCNB Class A Common Stock upon meeting certain vesting criteria), (ii) 10,000,000 shares of New CCNB Common Stock to be purchased in connection with the PIPE Financing, (iii) 25,580,000 Founder Shares held of record by the Sponsor.

(8) Represents shares held by the Sponsor. There are four managers of the Sponsor’s board of managers. Each manager has one vote, and the approval of a majority is required to approve an action of the Sponsor. Under the so-called “rule of three”, if voting and dispositive decisions regarding an entity’s securities are made by three or more individuals, and a voting or dispositive decision requires the approval of a majority of those individuals, then none of the individuals is deemed a beneficial owner of the entity’s securities. This is the situation with regard to the Sponsor. Based upon the foregoing analysis, no individual manager of the Sponsor exercises voting or dispositive control over any of the securities held by the Sponsor, even those in which he directly holds a pecuniary interest. Accordingly, none of them will be deemed to have or share beneficial ownership of such shares.

(9) Interests shown consist of 25,580,000 Founder Shares held of record by the Sponsor.

In connection with the entry into the Business Combination Agreement, the Getty Family Entities entered into the Fourth Amendment to the Restated Option Agreement, which provides that the Restated Option Agreement will automatically terminate if, and on the date following the Closing Date on which, the Getty Family Stockholders (together with their respective successors and any permitted transferees) beneficially own less than 27,500,000 shares of New CCNB Common Stock (as adjusted for stock splits, stock combinations, and similar transactions).

Indemnification Agreements

Getty Images currently indemnifies its directors and executive officers to the fullest extent permitted by law. Further, New CCNB intends to enter into customary indemnification agreements with its directors and executive officers. These agreements will require New CCNB to indemnify these individuals to the fullest extent permitted by applicable law against liabilities that may arise by reason of their service to New CCNB, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

There is currently no pending material litigation or proceeding involving any of New CCNB’s directors, officers or employees for which indemnification is sought.

Employment Agreements

See “[•]” for information regarding compensation arrangements with the executive officers and directors of New CCNB, which include, among other things, employment, termination of employment and change in control arrangements, stock awards and certain other benefits.

Policy for Approval of Related Party Transactions

Effective upon the consummation of the Business Combination, the New CCNB Board will adopt a written related person transaction policy that will set forth the following policies and procedures for the review and approval or ratification of related person transactions.

Under such policy:

• any related person transaction, and any material amendment or modification to a related person transaction, must be reviewed and approved or ratified by a committee of the New CCNB Board
composed solely of independent directors who are disinterested or by the disinterested members of the New CCNB Board; and

- any employment relationship or transaction involving an executive officer and any related compensation must be approved by the compensation committee of the New CCNB Board or recommended by the compensation committee to the New CCNB Board for its approval.

In connection with the review and approval or ratification of a related person transaction:

- management must disclose to the committee or disinterested directors, as applicable, the name of the related person and the basis on which the person is a related person, the material terms of the related person transaction, including the approximate dollar value of the amount involved in the transaction, and all the material facts as to the related person’s direct or indirect interest in, or relationship to, the related person transaction;
- management must advise the committee or disinterested directors, as applicable, as to whether the related person transaction complies with the terms of our agreements governing our material outstanding indebtedness that limit or restrict our ability to enter into a related person transaction;
- management must advise the committee or disinterested directors, as applicable, as to whether the related person transaction will be required to be disclosed in our applicable filings under the Exchange Act, and related rules, and, to the extent required to be disclosed, management must ensure that the related person transaction is disclosed in accordance with such Acts and related rules; and
- management must advise the committee or disinterested directors, as applicable, as to whether the related person transaction constitutes a “personal loan” for purposes of Section 402 of the Sarbanes-Oxley Act.

In addition, the related person transaction policy will provide that the committee or disinterested directors, as applicable, in connection with any approval or ratification of a related person transaction involving a non-employee director or director nominee, should consider whether such transaction would compromise the director or director nominee’s status as an “independent” or “non-employee” director, as applicable, under the rules and regulations of the SEC and NYSE.

A “related person transaction” is a transaction, arrangement or relationship in which New CCNB or any of its subsidiaries following the Closing was, is or will be a participant, the amount of which involved exceeds $120,000, and in which any related person had, has or will have a direct or indirect material interest. A “related person” means:

- any person who is, or at any time during the applicable period was, one of New CCNB’s executive officers or one of New CCNB’s directors following the Closing;
- any person who is known by the post-combination company to be the beneficial owner of more than 5% of New CCNB’s voting stock;
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, executive officer or a beneficial owner of more than 5% of the New CCNB Common Stock, and any person (other than a tenant or employer) sharing the household of such director, executive officer or beneficial owner of more than 5% of New CCNB Common Stock; and
- any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

CCNB Related Person Transactions

Founder Shares

On May 19, 2020, CCNB issued 7,875,000 CCNB Class B Ordinary Shares to the Sponsor in exchange for a capital contribution of $25,000. On July 15, 2020, CCNB effected a share capitalization resulting in the Sponsor holding an aggregate of 22,250,000 CCNB Class B Ordinary Shares. Subsequent to this share
capitalization, in July 2020, the Sponsor transferred 40,000 CCNB Class B Ordinary Shares to each of Joel Alsfine and James Quella, the independent directors. On July 30, 2020, CCNB effected a share capitalization resulting in the Sponsor and the Independent Directors holding an aggregate of 25,700,000 CCNB Class B Ordinary Shares, including up to 2,700,000 shares that were subject to forfeiture to CCNB for no consideration to the extent that the option to purchase additional units was not exercised in full or in part, so that the number of CCNB Class B Ordinary Shares would equal 20% of CCNB’s issued and outstanding shares after the IPO plus the number of CCNB Class A Ordinary Shares to be sold pursuant to the Forward Purchase Agreement. All shares and the associated amounts were retroactively restated to reflect the share capitalizations. On August 4, 2020, the underwriters fully exercised the over-allotment option; thus, no Founder Shares are currently subject to forfeiture. On June 8, 2021, the Sponsor transferred 40,000 CCNB Class B Ordinary Shares to Jonathan Gear.

The Sponsor and the Independent Directors have agreed not to transfer, assign or sell, subject to certain limited exceptions, any of their Founder Shares until the earlier to occur of: (i) one year after the completion of a business combination and (ii) subsequent to a business combination (x) the date on which CCNB completes a liquidation, merger, share exchange or other similar transaction that results in all of the shareholders having the right to exchange their CCNB Class A Ordinary Shares for cash, securities or other property or (y) if the closing price of CCNB Class A Ordinary Shares equals or exceeds $12.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after a business combination. Any permitted transferees will be subject to the same restrictions and other agreements of the Sponsor and the Independent Directors with respect to any Founder Shares.

Private Placement Warrants

Simultaneously with the closing of the IPO, CCNB consummated the IPO Private Placement of 18,560,000 warrants at a price of $1.00 per Private Placement Warrant, to the Sponsor, generating gross proceeds to CCNB of $18,560,000.

Each whole Private Placement Warrant is exercisable for one whole CCNB Class A Ordinary Share at a price of $11.50 per share. Certain proceeds from the Private Placement Warrants were added to the proceeds from the IPO held in the Trust Account. The Private Placement Warrants will be non-redeemable and exercisable on a cashless basis so long as they are held by the Sponsor or its permitted transferees.

Registration and Shareholder Rights

The holders of the Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any CCNB Class A Ordinary Shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration and shareholder rights agreement. The holders of these securities are entitled to make up to three demands, excluding short form demands, that CCNB register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the completion of the Business Combination. CCNB will bear the expenses incurred in connection with the filing of any such registration statements.

Concurrently with the Closing, New CCNB, the Sponsor and certain other investors will enter into the Registration Rights Agreement which provides customary demand and piggyback registration rights. For more information about the Registration Rights Agreement, please see the section titled “Shareholder Proposal 2: The Business Combination Proposal — Registration Rights Agreement”.

Related Party Loans

On May 19, 2020, the Sponsor agreed to loan CCNB up to $300,000 to be used for the payment of costs related to the IPO pursuant to a promissory note (the “Note”). The Note was non-interest bearing, unsecured and due upon the closing of the IPO. As of August 4, 2020, CCNB borrowed approximately $267,000 under the Note. CCNB fully repaid the Note on September 10, 2020.

In addition, in order to fund working capital deficiencies or finance transaction costs in connection with a business combination, the Sponsor or an affiliate of the Sponsor, or certain of CCNB’s officers and
directors may, but are not obligated to, loan CCNB funds as may be required. If CCNB completes the Business Combination, CCNB may repay the Working Capital Loans out of the proceeds of the Trust Account released to CCNB. Otherwise, the Working Capital Loans may be repaid only out of funds held outside the Trust Account. In the event that the Business Combination does not close, CCNB may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. The Working Capital Loans will either be repaid upon consummation of the Business Combination, without interest, or, at the lender’s discretion, up to $2.5 million of such Working Capital Loans may be convertible into warrants of the post Business Combination entity at a price of $1.00 per warrant. The warrants would be identical to the Private Placement Warrants. As of the date of this proxy statement/prospectus, CCNB had $800,000 borrowings under a Working Capital Loan.

Administrative Support Agreement

CCNB entered into an agreement whereby, commencing on July 30, 2020, CCNB will reimburse the Sponsor for office space, secretarial and administrative services provided to CCNB in the amount of $20,000 per month. CCNB incurred approximately $100,000 in general and administrative expenses for the period from July 30, 2020 through December 31, 2020.

Forward Purchase Agreement, Backstop Agreement and NBOKS Side Letter

In connection with the IPO, CCNB entered into the Forward Purchase Agreement with NBOKS, which provides for the purchase of up to 20,000,000 CCNB Class A Ordinary Shares and 3,750,000 redeemable warrants to purchase one CCNB Class A Ordinary Share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of an initial business combination (which will be the Business Combination should it occur). In connection with the Business Combination, New CCNB, CCNB and NBOKS entered into the NBOKS Side Letter to the Forward Purchase Agreement, pursuant to which NBOKS confirmed the allocation to CCNB of $200,000,000 under the Forward Purchase Agreement and its agreement to, at Closing, subscribe for 20,000,000 shares of New CCNB Class A Common Stock, and 3,750,000 New CCNB Warrants. The Forward Purchase Securities will be issued only in connection with the Closing. The proceeds from the sale of Forward Purchase Securities may be used as part of the consideration to the sellers in the Business Combination, expenses in connection with the Business Combination or for working capital in the post-transaction company.

On November 16, 2020, CCNB entered into the Backstop Agreement with NBOKS, pursuant to which NBOKS agreed to, subject to the availability of capital it has committed to all special purpose acquisition companies sponsored by CC Capital Partners, LLC and NBOKS on a first come first serve basis, allocate up to an aggregate of $300,000,000 to subscribe for shares of New CCNB Class A Common Stock at $10.00 per share in connection with the Business Combination, which amount will not exceed the number of shares of CCNB subject to redemption. Under the Backstop Agreement, CCNB and NBOKS made customary representations and warranties for transactions of this type regarding themselves. The representations and warranties made under the Backstop Agreement will not survive the consummation of the Backstop. The consummation of the Backstop is subject to the satisfaction or waiver of certain customary closing conditions of the respective parties, including, without limitation, the Closing, and will be consummated simultaneously with the Closing. The Backstop Agreement will terminate automatically upon the termination of the Business Combination Agreement or otherwise in accordance with its terms. Getty Images is a third party beneficiary of CCNB’s rights to enforce NBOKS’ obligation to fund pursuant to the Backstop Agreement, subject to the terms and conditions set forth therein. The NBOKS Side Letter provides for the assignment of CCNB's obligations under the Backstop Agreement to New CCNB to facilitate the Business Combination.

Subscription Agreements

Concurrently with the execution of the Business Combination Agreement, CCNB and New CCNB entered into the Subscription Agreements with the Sponsor and Getty Investments. Pursuant to the Subscription Agreements, the PIPE Investors agreed to subscribe for and purchase, and CCNB and New
CCNB agreed to issue and sell to such investors, on the Closing Date, an aggregate of 15,000,000 shares of New CCNB Class A Common Stock for a purchase price of $10.00 per share, for aggregate gross proceeds of $150,000,000. The shares of New CCNB Class A Common Stock to be issued pursuant to the Subscription Agreements have not been registered under the Securities Act, and will be issued in reliance on the availability of an exemption from such registration.

The Subscription Agreements provide for certain customary registration rights. In particular, the Subscription Agreements provide that New CCNB is required to file with the SEC a registration statement registering the resale of such shares within forty-five calendar days following the Closing Date. Additionally, New CCNB is required to use its commercially reasonable efforts to have the registration statement declared effective as soon as practicable after the filing thereof, but no later than the earlier of (i) 90 calendar days after the filing thereof (or 120 calendar days after the filing thereof if the SEC notifies New CCNB that it will “review” the registration statement) and (ii) 10 business days after the date New CCNB is notified (orally or in writing, whichever is earlier) by the SEC that the registration statement will not be “reviewed” or will not be subject to further review; and New CCNB will not be subject to any form of monetary penalty for its failure to do so. New CCNB will keep the registration statement effective until the earliest of: (i) the second anniversary of the Closing; (ii) the date the investors cease to hold any shares issued pursuant to the Subscription Agreements (the “registrable shares”); or (iii) the first date all registrable shares held by the subscribers may be sold without restriction under Rule 144 within ninety days without the public information, volume or manner of sale limitations of such rule. The Form of Subscription Agreement is attached to this proxy statement/prospectus as Annex H.
SEcurities Act Restrictions on Resale of New CCNB's Securities

Pursuant to Rule 144 under the Securities Act ("Rule 144"), a person who has beneficially owned restricted New CCNB Class A Common Stock for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been an affiliate of New CCNB at the time of, or at any time during the three months preceding, a sale and (ii) New CCNB is subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the twelve months (or such shorter period as New CCNB was required to file reports) preceding the sale.

Persons who have beneficially owned restricted New CCNB Common Stock shares for at least six months but who are affiliates of New CCNB at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of New CCNB Class A Common Stock then outstanding; or
- the average weekly reported trading volume of the New CCNB Class A Common Stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by affiliates of New CCNB under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about New CCNB.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding twelve months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, although New CCNB will be a new registrant, shares of New CCNB Class A Common Stock and New CCNB Warrants may not be eligible for sale pursuant to Rule 144 without registration one year after we have completed our initial business combination.

We anticipate that following the consummation of the Business Combination, New CCNB will no longer be a shell company, and so, once the conditions set forth in the exceptions listed above are satisfied, Rule 144 will become available for the resale of the above noted restricted securities.

STOCKHOLDER PROPOSALS AND NOMINATIONS

Stockholder Proposals

The proposed New CCNB Post-Closing Bylaws establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders. The proposed New CCNB Post-Closing Bylaws provide that the only business to be considered by the stockholders may be made at an annual meeting of stockholders only: (a) as provided in that certain stockholders agreement, dated as of December 9, 2021, by and among New CCNB, the Investor Stockholders (as defined therein) and any other parties party thereto, (b) pursuant to New CCNB’s notice of meeting (or any supplement thereto) delivered pursuant to Article I, Section 3 of the proposed New CCNB Post-Closing Bylaws, (c) by or at the direction of the New CCNB Board or any authorized committee thereof or (d) by any stockholder of New CCNB who is entitled to vote on such election or such other business at the meeting, who has complied with the notice procedures set forth in subparagraphs (2) and (3) of Section 12(A) of the proposed New CCNB Post-Closing Bylaws and who was a stockholder of record at the time such notice was delivered to the secretary of New CCNB. To be timely for New CCNB’s annual meeting of stockholders, New CCNB’s secretary must receive the written notice at New CCNB’s principal executive offices:

- not later than the 90th day; and
- not earlier than the 120th day prior to the first anniversary of the preceding year’s annual meeting.

In the event that the date of the annual meeting is scheduled for more than thirty (30) days before, or more than seventy days following, such anniversary date, or if no annual meeting was held in the preceding year, notice of a stockholder proposal must be received no later than the close of business on the tenth (10th) day following the day on which public announcement of the date of such meeting is first made. Nominations and proposals also must satisfy other requirements set forth in the proposed New CCNB Post-Closing Bylaws. The chairman of the meeting will have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made in accordance with the procedures set forth in this Section 12 and, if any proposed nomination or business is not in compliance with this Section 12, to declare that such defective nomination will be disregarded or that such proposed business will not be transacted.

Under Rule 14a-8 of the Exchange Act, a shareholder proposal to be included in the proxy statement and proxy card for the 2022 annual general meeting pursuant to Rule 14a-8 must be received at our principal office a reasonable time before New CCNB begins to print and send out its proxy materials for such 2022 annual meeting (and New CCNB will publicly disclose such date when it is known).

Stockholder Director Nominees

The proposed New CCNB Post-Closing Bylaws permit stockholders to nominate directors for election at an annual general meeting of stockholders. To nominate a director, the stockholder must provide the information required by the proposed New CCNB Post-Closing Bylaws. In addition, the stockholder must give timely notice to New CCNB’s secretary in accordance with the proposed New CCNB Post-Closing Bylaws, which, in general, require that the notice be received by New CCNB’s secretary within the time periods described above under “— Stockholder Proposals” for stockholder proposals.
APPRAISAL RIGHTS

None of the unit holders or warrant holders have dissent rights in connection the Business Combination under Cayman Islands law. CCNB shareholders may be entitled to give notice to CCNB prior to the extraordinary general meeting that they wish to dissent to the Business Combination and to receive payment of fair market value for his or her CCNB shares if they follow the procedures set out in the Companies Act, noting that any such dissention rights may be limited pursuant to Section 239 of the Companies Act which states that no such dissention rights shall be available in respect of shares of any class for which an open market exists on a recognized stock exchange at the expiry date of the period allowed for written notice of an election to dissent provided that the merger consideration constitutes inter alia shares of any company which at the effective date of the merger are listed on a national securities exchange. It is CCNB’s view that such fair market value would equal the amount which CCNB shareholders would obtain if they exercise their redemption rights as described herein.

ENFORCEABILITY OF CIVIL LIABILITY

CCNB is a Cayman Islands exempted company. If CCNB does not change its jurisdiction of incorporation from the Cayman Islands to Delaware by effecting the Domestication Merger, you may have difficulty serving legal process within the United States upon CCNB. You may also have difficulty enforcing, both in and outside the United States, judgments you may obtain in U.S. courts against CCNB in any action, including actions based upon the civil liability provisions of U.S. federal or state securities laws. Furthermore, there is doubt that the courts of the Cayman Islands would enter judgments in original actions brought in those courts predicated on U.S. federal or state securities laws. However, CCNB may be served with process in the United States with respect to actions against CCNB arising out of or in connection with violation of U.S. federal securities laws relating to offers and sales of CCNB’s securities by serving CCNB’s U.S. agent irrevocably appointed for that purpose.

Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Directors of
CC Neuberger Principal Holdings II

Opinion on the Financial Statements

We have audited the accompanying balance sheet of CC Neuberger Principal Holdings II (the “Company”) as of December 31, 2020, the related statements of operations, changes in shareholders’ equity and cash flows for the period from May 12, 2020 (inception) through December 31, 2020, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2020, and the results of its operations and its cash flows for the period from May 12, 2020 (inception) through December 31, 2020, in conformity with accounting principles generally accepted in the United States of America.

Restatement of Financial Statements

As discussed in Note 2 to the financial statements, the 2020 financial statements have been restated to correct certain misstatements.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, if the Company is unable to complete a business combination by August 4, 2022 then the Company will cease all operations except for the purpose of liquidating. The date for mandatory liquidation and subsequent dissolution raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

/s/ WithumSmith+Brown, PC

We have served as the Company’s auditor since 2020.

Note 1 — Description of Organization, Business Operations and Basis of Presentation

CC Neuberger Principal Holdings II (the "Company") is a newly incorporated blank check company incorporated in the Cayman Islands on May 12, 2020. The Company was incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses that the Company has not yet selected ("Business Combination"). The Company may pursue a Business Combination in any industry or sector.

At December 31, 2020, the Company had not yet commenced operations. All activity for the period from May 12, 2020 (inception) through December 31, 2020 relates to the Company’s formation and its initial public offering ("Initial Public Offering"), and since the closing of the Initial Public Offering, the search for a prospective initial Business Combination. The Company has selected December 31 as its fiscal year end. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company generates non-operating income in the form of interest income on cash and investments from the proceeds derived from the Initial Public Offering.

The Company’s sponsor is CC Neuberger Principal Holdings II Sponsor LLC, a Delaware limited liability company ("Sponsor"). The registration statement for the Initial Public Offering became effective on July 30, 2020. On August 4, 2020, the Company consummated the Initial Public Offering of 82,800,000 units (the "Units" and, with respect to the Class A ordinary shares included in the Units, the "Public Shares"), including the issuance of 10,800,000 Units as a result of the underwriters’ exercise of their over-allotment option, at $10.00 per Unit, generating gross proceeds of $828.0 million, and incurring offering costs of approximately $46.3 million, inclusive of approximately $29.0 million in deferred underwriting commissions (Note 7).

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private placement ("Private Placement") of 18,560,000 warrants (each, a "Private Placement Warrant" and collectively, the "Private Placement Warrants"), at a price of $1.00 per Private Placement Warrant, in a private placement to the Company’s Sponsor, generating gross proceeds to the Company of approximately $18.6 million (Note 5).

Upon the closing of the Initial Public Offering and the Private Placement, $828.0 million ($10.00 per Unit) of the net proceeds of the Initial Public Offering and the sale of the Private Placement Warrants were placed in a trust account ("Trust Account"), located in the United States, with Continental Stock Transfer & Trust Company acting as trustee, and invested in United States "government securities" within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended, or the Investment Company Act, having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of its Initial Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company’s initial Business Combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the Trust Account (as defined below) (net of amounts disbursed to management for working capital purposes and excluding the amount of any deferred underwriting discount held in trust). However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act.
The Company will provide its holders of its Public Shares (the “Public Shareholders”) with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account, calculated as of two business days prior to the consummation of the Business Combination. The per-share amount to be distributed to Public Shareholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (as discussed in Note 7). These Public Shares were recorded at a redemption value and classified as temporary equity upon the completion of the Initial Public Offering, in accordance with the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.” In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least $5,000,001 upon such consummation of a Business Combination and a majority of the shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by applicable law or stock exchange listing requirements and the Company does not decide to hold a shareholder vote for business or other reasons, the Company will, pursuant to the amended and restated memorandum and articles of association (the “Amended and Restated Memorandum and Articles of Association”), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the “SEC”), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a shareholder approval of the transactions is required by applicable law or stock exchange listing requirement, or the Company decides to obtain shareholder approval for business or other reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction or vote at all. If the Company seeks shareholder approval in connection with a Business Combination, the holders of the Founder Shares prior to the Initial Public Offering (the “Initia Shareholders”) have agreed to vote their Founder Shares (as defined in Note 6) and any Public Shares purchased during or after the Initial Public Offering in favor of a Business Combination. In addition, the Initial Shareholders have agreed to waive their redemption rights with respect to their Founder Shares and Public Shares in connection with the completion of a Business Combination. In addition, the Company has agreed not to enter into a definitive agreement regarding an initial Business Combination without the prior consent of the Sponsor.

Notwithstanding the foregoing, the Company’s Amended and Restated Memorandum and Articles of Association provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the Class A ordinary shares sold in the Initial Public Offering, without the prior consent of the Company.

The Company’s Sponsor, executive officers, and directors will have agreed not to propose an amendment to the Company’s Amended and Restated Memorandum and Articles of Association that would affect the substance or timing of the Company’s obligation to provide for the redemption of its Public Shares in connection with a Business Combination or to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Shareholders with the opportunity to redeem their Class A ordinary shares in conjunction with any such amendment.

If the Company is unable to complete a Business Combination within 24 months from the closing of the Initial Public Offering, or August 4, 2022 (the “Combination Period”), the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (less up to $100,000 of interest to pay dissolution expenses and net of taxes paid or payable), divided by the number of then outstanding...
Public Shares, which redemption will completely extinguish Public Shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any) and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the Company’s board of directors, liquidate and dissolve, subject in the case of clauses (ii) and (iii), to the Company’s obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law. The Company’s Amended and Restated Memorandum and Articles of Association provides that, if the Company winds up for any other reason prior to the consummation of the initial Business Combination, the Company will follow the foregoing procedures with respect to the liquidation of the Trust Account as promptly as reasonably possible but not more than 10 business days thereafter, subject to applicable Cayman Islands law.

In connection with the redemption of 100% of the Company’s outstanding Public Shares for a portion of the funds held in the Trust Account, each holder will receive a full pro rata portion of the amount then in the Trust Account, including interest (less up to $100,000 of interest to pay dissolution expenses and net of taxes paid or payable).

The Initial Shareholders have agreed to waive their liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Shareholders should acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commission (see Note 7) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Company’s Public Shares. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only $10.00 per Public Share initially held in the Trust Account. In order to protect the amounts held in the Trust Account, the Sponsor has agreed that it will be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a written letter of intent, confidentiality or other similar agreement or business combination agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) $10.00 per Public Share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the Trust Account, if less than $10.00 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company’s indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the “Securities Act”).

Basis of Presentation

The accompanying financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) and pursuant to the rules and regulations of the SEC.

As described in Note 2 — Restatement of Financial Statements, the Company’s financial statements for the period from May 12, 2020 (inception) through December 31, 2020 (the “Affected Periods”), are
restated in this Annual Report on Form 10-K/A (Amendment No. 2) (this “Annual Report”) to correct the misapplication of accounting guidance related to the Company’s Public Shares in the Company’s previously issued audited and unaudited condensed financial statements for such periods. The restated financial statements are indicated as “Restated” in the audited and unaudited condensed financial statements and accompanying notes, as applicable. See Note 2 —Restatement of Financial Statements and Note 13 —Quarterly Financial Information (Unaudited) for further discussion.

Emerging Growth Company

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the ”JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

This may make comparison of the Company’s financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Risk and Uncertainties

Management continues to evaluate the impact of the COVID-19 pandemic and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company’s financial position, results of its operations and/or search for a target company, the specific impact is not readily determinable as of the date of the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Liquidity and Capital Resources

As of December 31, 2020, the Company had approximately $738,000 in its operating bank account, and working capital of approximately $777,000.

Prior to the completion of the Initial Public Offering, the Company’s liquidity needs had been satisfied through the payment of $25,000 from the Sponsor to cover for certain expenses on behalf of the Company in exchange for the issuance of the Founder Shares, and a loan of approximately $267,000 pursuant to the Note issued to the Sponsor (Note 5). Subsequent to the consummation of the Initial Public Offering and Private Placement, the Company’s liquidity needs have been satisfied with the proceeds from the consummation of the Private Placement not held in the Trust Account. The Company fully repaid the Note on September 10, 2020. In addition, in order to fund working capital deficiencies or finance transaction
costs in connection with a Business Combination, the Sponsor may, but is not obligated to, provide the
Company Working Capital Loans (see Note 6). As of December 31, 2020, there were no amounts
outstanding under any Working Capital Loan (See Note 2).

Note 2 — Restatement of Financial Statements (As Restated)

The Company concluded it should restate its previously issued financial statements by amending
Amendment No. 1 to its Annual Report on Form 10-K/A, filed with the SEC on May 24, 2021, to classify
all outstanding Class A ordinary shares subject to possible redemption in temporary equity. In accordance
with ASC 480 10-S99, redemption provisions not solely within the control of the Company require shares
subject to redemption to be classified outside of permanent equity. The Company had previously classified a
portion of its Class A ordinary shares in permanent equity, or total shareholders’ equity. Although the
Company did not specify a maximum redemption threshold, its charter currently provides that, the Company
will not redeem its public shares in an amount that would cause its net tangible assets to be less than
$5,000,001. Effective with these financial statements, the Company also clarifies that the definition of net
tangible assets includes both permanent equity and redeemable equity. Also, in connection with the change
in presentation for the Class A ordinary shares subject to possible redemption, the Company also revised its
earnings per share calculation to allocate income and losses shared pro rata between the two classes of
shares. This presentation contemplates a Business Combination as the most likely outcome, in which case,
both classes of shares share pro rata in the income and losses of the Company. As a result, the Company
restated its previously filed financial statements to present all redeemable Class A ordinary shares as
temporary equity and to recognize a remeasurement adjustment from the initial book value to redemption
value at the time of its Initial Public Offering.

The Company’s previously filed financial statements that contained the error were initially reported in the
Company’s Form 8-K filed with the SEC on September 25, 2020 (the “Post-IPO Balance Sheet”), the
Company’s Form 10-Q for the quarterly period ended September 30, 2020, and the Company’s Annual
Report on 10-K for the annual period ended December 31, 2020, which were previously restated in the
Company’s Amendment No. 1 to its Form 10-K as filed with the SEC on May 24, 2021, as well as the Form
10-Qs for the quarterly periods ended March 31, 2021 and June 30, 2021 (collectively, the “Affected
Periods”). These financial statements restate the Company’s previously issued audited and unaudited
financial statements covering the periods through December 31, 2020. The quarterly periods ended
March 31, 2021 and June 30, 2021 will be restated in the Company’s Form 10-Q for the quarterly period
ended September 30, 2021.

Impact of the Restatement

The impact of the restatement on the balance sheets, statements of operations and statements of cash
flows for the period from May 12, 2020 (inception) through December 31, 2020 and the balance sheet as of
August 4, 2020 is presented below. The restatement had no impact on net cash flows from operating,
investing or financing activities. The change in the carrying value of the redeemable Class A ordinary shares
at December 31, 2020 resulted in a reclassification of approximately 12 million shares of Class A ordinary
shares from permanent equity to temporary equity. The tables below present the effect of the financial

In addition, the impact of the restatement to the balance sheet dated August 4, 2020, filed on Form 8-K on August 10, 2020 and as updated in the Form 10K/A Amendment No. 1 related to the impact of accounting for the Company’s public shares is presented below. The change in the carrying value of the redeemable Class A ordinary shares at August 4, 2020 resulted in a reclassification of approximately 9.4 million shares of Class A ordinary shares from permanent equity to temporary equity.

#### Going Concern

Subsequent to the Company’s previously issued Form 10-K/A on May 24, 2021, in connection with the Company’s assessment of going concern considerations in accordance with FASB’s Accounting Standards Update (“ASU”) 2014-15, “Disclosures of Uncertainties about an Entity’s Ability to Continue as a Going Concern,” management has determined that if the Company is unable to complete a Business Combination by August 4, 2022, then the Company will cease all operations except for the purpose of liquidating. The date for mandatory liquidation and subsequent dissolution as well as the Company’s working capital deficit raise substantial doubt about the Company’s ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after August 4, 2022. The Company intends to complete a Business Combination before the mandatory liquidation date. However, there can be no assurance that the Company will be able to consummate any business combination by August 4, 2022.

F-13
Use of Estimates

The preparation of these financial statements in conformity with U.S. GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. As of December 31, 2020, the Company had $107,359,030 in cash equivalents held in the Trust Account.

Investments Held in Trust Account

The Company’s portfolio of investments is comprised solely of U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities, or a combination thereof. The Company’s investments held in the Trust Account are classified as trading securities. Trading securities are presented on the balance sheet at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities is included in net gain on investments held in Trust Account in the accompanying statement of operations. The estimated fair values of investments held in the Trust Account are determined using available market information, other than for investments in open-ended money market funds with published daily net asset values (“NAV”), in which case the Company uses NAV as a practical expedient to fair value. The NAV on these investments is typically held constant at $1.00 per unit.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the Federal Depository Insurance Coverage of $250,000, and investments held in Trust Account. At December 31, 2020, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Fair Value Measurement

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Fair Value of Financial Instruments

As of December 31, 2020, the carrying values of cash, prepaid expenses, accounts payable, accrued expenses and accrued expenses — related party approximate their fair values due to the short-term nature of the instruments. As of December 31, 2020, the Company’s portfolio of investments held in the Trust Account is comprised of investments in United States government treasury bills and money market funds that invest in U.S. government securities.

Offering Costs Associated with the Initial Public Offering

Offering costs consisted of legal, accounting, underwriting discounts and other costs incurred that were directly related to the Initial Public Offering. Offering costs are allocated to the separable financial instruments issued in the Initial Public Offering based on a relative fair value basis, compared to total proceeds received. Offering costs associated with warrant liabilities are expensed as incurred, presented as non-operating expenses in the statement of operations. Offering costs associated with issuance of the Class A ordinary shares were charged against the carrying value of the Class A ordinary shares subject to possible redemption upon the completion of the Initial Public Offering. The Company classifies deferred underwriting commissions as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

Derivative Liabilities

The Company does not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. The Company evaluates all of its financial instruments, including issued stock purchase warrants, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and ASC 815-15. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

The Company issued an aggregate of 20,700,000 warrants associated with Units issued to investors in our Initial Public Offering and the underwriters’ exercise of their overallotment option and we issued 18,560,000 Private Placement Warrants. In addition, we entered into a Forward Purchase Agreement in connection with the Initial Public Offering which provides for the purchase of up to $200,000,000 of units, with each unit consisting of one Class A ordinary share and three-sixteenths of one warrant to purchase one Class A ordinary share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of our initial Business Combination. All of our outstanding warrants and the forward purchase agreement are recognized as derivative assets and liabilities in accordance with ASC 815-40.

For equity-linked contracts that are classified as assets or liabilities, we record the fair value of the equity-linked contracts at each balance sheet date and record the change in the statements of operations as a (gain) loss on change in fair value of derivative liabilities. Our public warrants were initially valued using a binomial lattice pricing model, when the public warrants were not yet trading and did not have observable pricing and are now valued based on public market quoted prices. Our Private Placement Warrants are valued using a binomial lattice pricing model when the warrants are subject to the make-whole table, or

F-15
otherwise are valued using a Black-Scholes pricing model. Our Forward Purchase Agreement is valued utilizing observable market prices for public shares and warrants, relative to the present value of contractual cash proceeds, each adjusted for the probability of executing a successful business combination. The assumptions used in preparing these models include estimates such as volatility, contractual terms, discount rates, dividend rate, expiration dates and risk-free rates.

The estimates used to calculate the fair value of our derivative assets and liabilities change at each balance sheet date based on our stock price and other assumptions described above. If our assumptions change or we experience significant volatility in our stock price or interest rates, the fair value calculated from one balance sheet period to the next could be materially different.

Class A Ordinary Shares Subject to Possible Redemption

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in FASB ASC Topic 480 “Distinguishing Liabilities from Equity.” Class A ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, Class A ordinary shares are classified as shareholders’ equity. The Company’s Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to the occurrence of uncertain future events. Accordingly, at December 31, 2020, 82,800,000 Class A ordinary shares subject to possible redemption are presented as temporary equity, outside of the shareholders’ equity section of the Company’s balance sheet.

Immediately upon the closing of the Initial Public Offering, the Company recognized the accretion from initial book value to redemption amount. The change in the carrying value of Class A ordinary shares subject to possible redemption resulted in charges against additional paid-in capital and accumulated deficit.

The Company recognizes changes in redemption value immediately as they occur and adjusts the carrying value of redeemable common stock to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock are affected by changes against additional paid in capital and accumulated deficit.

Net Income Per Ordinary Share

The Company has two classes of shares, Class A ordinary shares and Class B ordinary shares. Income and losses are shared pro rata between the two classes of shares. Net income (loss) per ordinary share is computed by dividing net income (loss) by the weighted-average number of ordinary shares outstanding during the periods. The Company has not considered the effect of the warrants sold in the Initial Public Offering and the Private Placement to purchase an aggregate of 39,260,000, of the Company’s Class A ordinary shares in the calculation of diluted net income (loss) per share, because their exercise is contingent upon future events and inclusion would be anti-dilutive under the treasury stock method. As a result, diluted net income (loss) per share is the same as basic net income (loss) per share for the periods presented.
Accretion associated with the Class A ordinary shares subject to possible redemption is excluded from earnings per share as the redemption value approximates fair value.

**Income Taxes**

FASB ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of December 31, 2020. The Company’s management determined that the Cayman Islands is the Company’s only major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties as of December 31, 2020. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception.

There is currently no taxation imposed on income by the Government of the Cayman Islands. In accordance with Cayman income tax regulations, income taxes are not levied on the Company. Consequently, income taxes are not reflected in the Company’s financial statements. The Company’s management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

**Recent Accounting Pronouncements**

The Company’s management does not believe that any recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying financial statements.

**Note 4 — Initial Public Offering**

On August 4, 2020, the Company consummated the Initial Public Offering of 82,800,000 Units, including the issuance of 10,800,000 Units as a result of the underwriters’ exercise of their over-allotment option, at $10.00 per Unit, generating gross proceeds of $828.0 million, and incurring offering costs of approximately $46.3 million, inclusive of approximately $29.0 million in deferred underwriting commissions.

Each Unit consists of one Class A ordinary share and one-fourth of one redeemable warrant (“Public Warrant”). Each whole Public Warrant entitles the holder to purchase one Class A ordinary share at an exercise price of $11.50 per share, subject to adjustment (see Note 10).

**Note 5 — Private Placement**

Simultaneously with the closing of the Initial Public Offering, the Company consummated the Private Placement of 18,560,000 Private Placement Warrants, at a price of $1.00 per Private Placement Warrant, to the Company’s Sponsor, generating gross proceeds to the Company of approximately $18.6 million.
Each whole Private Placement Warrant is exercisable for one whole Class A ordinary share at a price of $11.50 per share. Certain proceeds from the Private Placement Warrants were added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable and exercisable on a cashless basis so long as they are held by the Sponsor or its permitted transferees.

The Sponsor and the Company’s officers and directors have agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Warrants until 30 days after the completion of the initial Business Combination.

Note 6 — Related Party Transactions

Founder Shares

On May 19, 2020, the Company issued 7,875,000 Class B ordinary shares to the Sponsor (the “Founder Shares”) in exchange for a capital contribution of $25,000. On July 15, 2020, the Company effected a share capitalization resulting in the Sponsor holding an aggregate of 22,250,000 Founder Shares. Subsequent to this share capitalization, in July 2020, the Sponsor transferred 40,000 Founder Shares to each of Joel Alsfine and James Quella, the independent director nominees. On July 30, 2020, the Company effected a share capitalization resulting in the Initial Shareholders holding an aggregate of 25,700,000 Founder Shares, including up to 2,700,000 shares were subject to forfeiture to the Company for no consideration to the extent that the option to purchase additional units is not exercised in full or in part, so that the number of Founder Shares will equal 20% of the Company’s issued and outstanding shares after the Initial Public Offering plus the number of Class A ordinary shares to be sold pursuant to any forward purchase agreement entered into in connection with the Initial Public Offering (the “Forward Purchase Agreement”). All shares and the associated amounts have been retroactively restated to reflect the share capitalizations. On August 4, 2020, the underwriters fully exercised the over-allotment option; thus, no Founder Shares are currently subject to forfeiture.

The Initial Shareholders have agreed not to transfer, assign or sell, subject to certain limited exceptions, any of their Founder Shares until the earlier to occur of: (i) one year after the completion of the initial Business Combination and (ii) subsequent to the initial Business Combination (x) the date on which the Company completes a liquidation, merger, share exchange or other similar transaction that results in all of the shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property or (y) if the closing price of the Company’s Class A ordinary shares equals or exceeds $12.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the initial Business Combination. Any permitted transferees will be subject to the same restrictions and other agreements of the Initial Shareholders with respect to any Founder Shares.

Related Party Loans

On May 19, 2020, the Sponsor agreed to loan the Company up to $300,000 to be used for the payment of costs related to the Initial Public Offering pursuant to a promissory note (the “Note”). The Note was non-interest bearing, unsecured and due upon the closing of the Initial Public Offering. As of August 4, 2020, the Company borrowed approximately $267,000 under the Note. The Company fully repaid the Note on September 10, 2020.

In addition, in order to fund working capital deficiencies or finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company’s officers and directors may, but are not obligated to, loan the Company funds as may be required (“Working Capital Loans”). If the Company completes a Business Combination, the Company may repay the Working
Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans may be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination, without interest, or, at the lender's discretion, up to $2.5 million of such Working Capital Loans may be convertible into warrants of the post Business Combination entity at a price of $1.00 per warrant. The warrants would be identical to the Private Placement Warrants. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. To date, the Company had no borrowings under the Working Capital Loans.

Administrative Support Agreement

Commencing on the effective date of the registration statement on Form S-1 related to the Initial Public Offering through the earlier of consummation of the initial Business Combination and the Company’s liquidation, the Company reimburses the Sponsor for office space, secretarial and administrative services provided to the Company in the amount of $20,000 per month. The Company incurred approximately $100,000 in general and administrative expenses in the accompanying statements of operations for the period from May 12, 2020 (inception) through December 31, 2020 included in accrued expenses — related party on the balance sheet.

Forward Purchase Arrangement

In connection with the consummation of the Public Offering, the Company entered into a forward purchase agreement (the “Forward Purchase Agreement”) with Neuberger Berman Opportunistic Capital Solutions Master Fund LP (“NBOKS”), a member of our sponsor, which will provide for the purchase of up to $200,000,000 of units, with each unit consisting of one Class A ordinary share and three-sixteenths of one warrant to purchase one Class A ordinary share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of our initial business combination. The Forward Purchase Agreement will allow NBOKS to be excused from its purchase obligation in connection with a specific business combination if NBOKS does not have sufficient committed capital allocated to the Forward Purchase Agreement to fulfill its funding obligations under such forward purchase agreement in respect of such business combination. Following the consummation of this offering and prior to an initial business combination, NBOKS intends to raise additional committed capital such that the condition described in the preceding sentence is met, but there can be no assurance that additional capital will be available. The obligations under the Forward Purchase Agreement will not depend on whether any Class A ordinary shares are redeemed by our public shareholder.

Performance Based Compensation

Upon successful completion of the Company’s Business Combination, a payment will be made to our Chief Financial Officer of the greater of $20,000 per month and $120,000 in the aggregate for his services. The Company has not incurred any expenses in the accompanying statements of operations for the period from May 12, 2020 (inception) through December 31, 2020 for this arrangement.

Note 7 — Commitments & Contingencies

Registration and Shareholder Rights

The holders of the Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any Class A ordinary shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration and shareholder rights agreement. The holders of
these securities are entitled to make up to three demands, excluding short form demands, that the Company register such securities. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of the initial Business Combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company granted the underwriters a 45-day option from the date of the prospectus to purchase up to 10,800,000 additional Units at the Initial Public Offering price less the underwriting discounts and commissions. On August 4, 2020, the underwriters fully exercised the over-allotment option.

The underwriters were entitled to an underwriting discount of $0.20 per unit, or approximately $16.6 million in the aggregate, paid upon the closing of the Initial Public Offering. In addition, the underwriters are entitled to a deferred underwriting commission of $0.35 per unit, or approximately $29.0 million in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Note 8 — Class A Ordinary Shares Subject to Possible Redemption

The Company’s Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to the occurrence of future events. The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of $0.0001 per share. Holders of the Company’s Class A ordinary shares are entitled to one vote for each share. As of December 31, 2021, there were 82,800,000 Class A ordinary shares outstanding, all of which were subject to possible redemption and classified outside of permanent equity in the condensed balance sheets.

The Class A ordinary shares issued in the Initial Public Offering were recognized in Class A ordinary shares subject to possible redemption as recorded outside of permanent equity as follows:

Note 9 — Shareholders’ Equity

Class A Ordinary Shares — The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of $0.0001 per share. Holders of the Company’s Class A ordinary shares are entitled to one vote for each share. At December 31, 2020, there were 82,800,000 Class A ordinary shares issued and outstanding, all of which are subject to possible redemption and have been classified as temporary equity (see Note 8).

Class B Ordinary Shares — The Company is authorized to issue 50,000,000 Class B ordinary shares with a par value of $0.0001 per share. On May 19, 2020, 7,875,000 Class B ordinary shares were issued to the Sponsor. On July 15, 2020, the Company effected a share capitalization resulting in the Sponsor holding an aggregate of 22,250,000 Class B ordinary shares. Subsequent to this share capitalization, in July 2020, the Sponsor transferred 40,000 Class B ordinary shares to each of Joel Alsfine and James Quella, the independent director nominees. On July 30, 2020, the Company effected a share capitalization resulting in...
the Initial Shareholders holding an aggregate of 25,700,000 Class B ordinary shares. All shares and the associated amounts have been retroactively restated to reflect the share capitalizations. Of the 25,700,000 Class B ordinary shares, an aggregate of up to 2,700,000 shares were subject to forfeiture to the Company for no consideration to the extent that the option to purchase additional units is not exercised in full or in part, so that the number of Founder Shares will equal 20% of the Company’s issued and outstanding shares after the Initial Public Offering plus the number of Class A ordinary shares to be sold pursuant to any Forward Purchase Agreement. On August 4, 2020, the underwriters fully exercised the over-allotment option; thus, no Class B ordinary shares are currently subject to forfeiture.

Holders of the Company’s Class B ordinary shares are entitled to one vote for each share. The Class B ordinary shares will automatically convert into Class A ordinary shares concurrently with or immediately following the consummation of the initial Business Combination, or earlier at the election of the holder thereof, on a one-for-one basis. However, if additional Class A ordinary shares or any other equity-linked securities (as defined below) are issued or deemed issued in connection with the initial Business Combination, the number of Class A ordinary shares issuable upon conversion of all Founder Shares will equal, in the aggregate, on an as converted basis, 20% of the sum of (i) the total number of ordinary shares outstanding upon completion of the Initial Public Offering plus (ii) the total number of Class A ordinary shares issued, or deemed issued or issuable upon conversion or exercise of any equity-linked securities or rights issued or deemed issued, by the Company in connection with or in relation to the consummation of the initial Business Combination (including any Class A ordinary shares to be sold pursuant to a Forward Purchase Agreement, but not any warrants sold pursuant to a Forward Purchase Agreement), excluding any Class A ordinary shares or equity-linked securities exercisable for or convertible into Class A ordinary shares issued, or to be issued, to any seller in the initial Business Combination and any Private Placement Warrants issued to the Sponsor upon conversion of Working Capital Loans, provided that such conversion of Class B ordinary shares will never occur on a less than one-for-one basis. Any conversion of Class B ordinary shares described herein will take effect as a redemption of Class B ordinary shares and an issuance of Class A ordinary shares as a matter of Cayman Islands law.

Preference Shares — The Company is authorized to issue 1,000,000 preference shares with a par value of $0.001 per share. As of December 31, 2020, there were no preference shares issued and outstanding.

Note 10 — Derivative Liabilities

Warrants — As of December 31, 2020, the Company had 20,700,000 Public Warrants and 18,560,000 Private Placement Warrants outstanding.

Public Warrants may only be exercised for a whole number of shares. No fractional Public Warrants will be issued upon separation of the Units and only whole Public Warrants will trade. The Public Warrants will become exercisable on the later of (a) 30 days after the completion of a Business Combination and (b) 12 months from the closing of the Initial Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the issuance of the Class A ordinary shares issuable upon exercise of the Public Warrants and a current prospectus relating to them is available and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder (or the Company permits holders to exercise their warrants on a cashless basis under certain circumstances). The Company has agreed to use its commercially reasonable efforts to file with the SEC a registration statement covering the issuance of the Class A ordinary shares issuable upon exercise of the warrants as soon as practicable, but in no event later than 20 business days after the closing of the initial Business Combination, to cause the same to become effective within 60 business days following the closing of the initial Business Combination, and to maintain a current prospectus relating to those Class A ordinary shares until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the issuance of the Class A ordinary shares issuable upon exercise of the warrants is not effective by the 60th business day after the closing of the initial Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when
the Company has failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the above, if the Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a "covered security" under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public Warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company so elect, it will not be required to file or maintain in effect a registration statement, and in the event the Company does not so elect, it will use commercially reasonable efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. The Public Warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation.

The Private Placement Warrants are identical to the Public Warrants underlying the Units sold in the Initial Public Offering, except that (1) the Private Placement Warrants and the Class A ordinary shares issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions, (2) the Private Placement Warrants will be non-redeemable so long as they are held by the initial purchasers or such purchasers’ permitted transferees, (3) the Sponsor, or its permitted transferees, has the option to exercise the Private Placement Warrants on a cashless basis and (4) any amendment to the terms of the private placement warrants or any provision of the warrant agreement with respect to the Private Placement Warrants will require a vote of holders of at least 50% of the number of the then outstanding Private Placement Warrants. If the Private Placement Warrants are held by someone other than the Sponsor or its permitted transferees, the Private Placement Warrants will be redeemable by the Company in all redemption scenarios and exercisable by such holders on the same basis as the Public Warrants.

The Company may redeem the Public Warrants (but not the Private Placement Warrants):

- in whole and not in part;
- at a price of $0.01 per warrant;
- upon a minimum of 30 days’ prior written notice of redemption; and
- if, and only if, the last reported sale price of the Class A ordinary shares for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders equals or exceeds $18.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like).

If the Company calls the Public Warrants for redemption as described above, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a “cashless basis,” as described in the warrant agreement.

Commencing 90 days after the Public Warrants become exercisable, the Company may redeem the outstanding Public Warrants (but not the Private Placement Warrants):

- in whole and not in part;
- at $0.10 per warrant provided that holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares determined by reference to the agreed table based on the redemption date and the “fair market value” of the Class A ordinary shares (as defined below);
- upon a minimum of 30 days’ prior written notice of redemption; and
- if, and only if, the last reported sale price of the Class A ordinary shares equals or exceeds $10.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) on the trading day prior to the date on which the Company sends the notice of redemption to the warrant holders.
The “fair market value” of the Class A ordinary shares shall mean the average last reported sale price of the Class A ordinary shares for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants.

The exercise price and number of Class A ordinary shares issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a share capitalization, or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuance of Class A ordinary shares at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants shares. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company’s assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

Forward purchase agreement

The Forward Purchase Agreement provides for the purchase of up to $200,000,000 of units, with each unit consisting of one Class A ordinary share (the “Forward Purchase Shares”) and three -sixteenths of one warrant to purchase one Class A ordinary share at $11.50 per share (the “Forward Purchase Warrants”), for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of the initial Business Combination.

Note 11 — Fair Value Measurements

The Company’s investments in money market funds held in Trust Account are valued using NAV as a practical expedient for fair value under ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), and are therefore excluded from the levels of the fair value hierarchy.

(a) The initial fair value of the private warrants issued in connection with the initial public offering includes $13.7 million in excess fair value over the warrant price which is reflected in change in fair value of warrant liabilities in the statement of operations.
The following table presents information about the Company’s assets that are measured at fair value on a recurring basis as of December 31, 2020 and indicates the fair value hierarchy of the valuation techniques that the Company utilized to determine such fair value:

(1) Excludes $55,645,484 of investments in an open-ended money market fund, in which the Company uses NAV as a practical expedient to fair value, and $51,713,546 in cash.

Transfers to/from Levels 1, 2, and 3 are recognized at the end of the reporting period. The estimated fair value of the Public Warrants transferred from a Level 3 measurement to a Level 1 fair value measurement in September 2020, when the Public Warrants were separately listed and traded.

The fair value of warrants issued in connection with the Initial Public Offering and Private Placement were initially measured at fair value using a binomial / lattice model for the public warrants and the Black-Scholes Option Pricing Model for the private warrants. The fair value of Public Warrants issued in connection with the Initial Public Offering have been measured based on the listed market price of such warrants, a Level 1 measurement, since September 2020. The Company’s Private Placement Warrants are valued using a binomial lattice pricing model when the warrants are subject to the make-whole table, or otherwise are valued using a Black-Scholes pricing model. The company’s Forward Purchase Agreement is valued utilizing observable market prices for public shares and warrants, relative to the present value of contractual cash proceeds, each adjusted for the probability of executing a successful business combination. For the period from May 12, 2020 (Inception) through December 31, 2020, the Company recognized a charge to the statement of operations resulting from an increase in the fair value of liabilities of approximately $40.1 million presented as change in fair value of derivative liabilities on the accompanying statement of operations.

The valuation methodologies for the warrants and forward purchase agreement included in Derivative Liabilities include certain significant unobservable inputs, resulting in such valuations to be classified as Level 3 in the fair value measurement hierarchy. The methodologies include a probability of a successful business combination, which was determined to be 80% as of December 31, 2020. The methodologies also include an expected merger date, which was set as February 4, 2022, which is 18 months after the Initial Public Offering date. The warrant valuation models also include expected volatility, which differ between public and private placement warrants and can vary further depending on where the Company stands in identifying a business combination target. For public warrants and when such warrants have observed pricing in the public markets, we backsolved for the volatility input to our pricing model such that the resulting value equals the observed price. For public warrants and when such warrants are not yet trading and we do not have observed pricing in public markets, we assume a volatility based on research on SPAC warrants and the implied volatilities shortly after they start trading. The volatility of the private placement warrants vary depending on the specific characteristics of the public and private placement warrants. Prior to the announcement of a merger, we assume a volatility based on the median volatility of the Russell 3000 constituents. After the announcement of a proposed business combination and in cases where the public warrants are subject to the make-whole table, then we assume a volatility based on the volatility of the target company’s peer group.
The following table provides quantitative information regarding Level 3 fair value measurements inputs at their measurement dates:

The Company’s sponsor is CC Neuberger Principal Holdings II Sponsor LLC, a Delaware limited liability company (“Sponsor”). The registration statement for the Initial Public Offering became effective on July 30, 2020. On August 4, 2020, the Company consummated the Initial Public Offering of 82,800,000 units (the “Units” and, with respect to the Class A ordinary shares included in the Units, the “Public Shares”), including the issuance of 10,800,000 Units as a result of the underwriters’ exercise of their over-allotment option, at $10.00 per Unit, generating gross proceeds of $828.0 million, and incurring offering costs of approximately $46.3 million, inclusive of approximately $29.0 million in deferred underwriting commissions (Note 6).

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private placement (“Private Placement”) of 18,560,000 warrants (each, a “Private Placement Warrant” and collectively, the “Private Placement Warrants”), at a price of $1.00 per Private Placement Warrant, in a private placement to the Company’s Sponsor, generating gross proceeds to the Company of approximately $18.6 million (Note 4).

Upon the closing of the Initial Public Offering and the Private Placement, $828.0 million ($10.00 per Unit) of the net proceeds of the Initial Public Offering and the sale of Private Placement Warrants were placed in a trust account (“Trust Account”), located in the United States, with Continental Stock Transfer & Trust Company acting as trustee, and invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended, or the Investment Company Act, having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of its Initial Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company’s initial Business Combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the Trust Account (as defined below) (net of amounts disbursed to management for working capital purposes and excluding the amount of any deferred underwriting discount held in trust). However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act.

The Company will provide its holders of its Public Shares (the “Public Shareholders”) with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public
Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account, calculated as of two business days prior to the consummation of the Business Combination (initially anticipated to be $10.00 per share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations). The per-share amount to be distributed to Public Shareholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (as discussed in Note 6). These Public Shares were recorded at a redemption value and classified as temporary equity upon the completion of the Initial Public Offering, in accordance with the Financial Accounting Standards Board’s (“FASB”) Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity” (“ASC 480”). In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least $5,000,001 upon such consummation of a Business Combination and a majority of the shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by applicable law or stock exchange listing requirements and the Company does not decide to hold a shareholder vote for business or other reasons, the Company will, pursuant to the amended and restated memorandum and articles of association (the “Amended and Restated Memorandum and Articles of Association”), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the “SEC”), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a shareholder approval of the transactions is required by applicable law or stock exchange listing requirement, or the Company decides to obtain shareholder approval for business or other reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction or vote at all. If the Company seeks shareholder approval in connection with a Business Combination, the holders of the Founder Shares prior to the Initial Public Offering (the “Initial Shareholders”) have agreed to vote their Founder Shares (as defined in Note 5) and any Public Shares purchased during or after the Initial Public Offering in favor of a Business Combination. In addition, the Initial Shareholders have agreed to waive their redemption rights with respect to their Founder Shares and Public Shares in connection with the completion of a Business Combination. In addition, the Company has agreed not to enter into a definitive agreement regarding an initial Business Combination without the prior consent of the Sponsor.

Notwithstanding the foregoing, the Company’s Amended and Restated Memorandum and Articles of Association provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the Class A ordinary shares sold in the Initial Public Offering, without the prior consent of the Company.

The Company’s Sponsor, executive officers, and directors will have agreed not to propose an amendment to the Company’s Amended and Restated Memorandum and Articles of Association that would affect the substance or timing of the Company’s obligation to provide for the redemption of its Public Shares in connection with a Business Combination or to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Shareholders with the opportunity to redeem their Class A ordinary shares in conjunction with any such amendment.

If the Company is unable to complete a Business Combination within 24 months from the closing of the Initial Public Offering, or August 4, 2022 (the “Combination Period”), the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (less up to $100,000 of interest to pay dissolution expenses and net of taxes paid or payable), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any) and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the Company’s board of directors, liquidate and dissolve, subject in the case of clauses (ii) and (iii), to the Company’s
obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law. The Company’s Amended and Restated Memorandum and Articles of Association provides that, if the Company winds up for any other reason prior to the consummation of the initial Business Combination, the Company will follow the foregoing procedures with respect to the liquidation of the Trust Account as promptly as reasonably possible but not more than 10 business days thereafter, subject to applicable Cayman Islands law.

In connection with the redemption of 100% of the Company’s outstanding Public Shares for a portion of the funds held in the Trust Account, each holder will receive a full pro rata portion of the amount then in the Trust Account, including interest (less up to $100,000 of interest to pay dissolution expenses and net of taxes paid or payable).

The Initial Shareholders have agreed to waive their liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Shareholders should acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commission (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Company’s Public Shares. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only $10.00 per Public Share initially held in the Trust Account. In order to protect the amounts held in the Trust Account, the Sponsor has agreed that it will be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a written letter of intent, confidentiality or other similar agreement or business combination agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) $10.00 per Public Share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the Trust Account, if less than $10.00 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company’s indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the “Securities Act”), in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have vendors, service providers (except the Company’s independent registered public accounting firm), prospective target businesses and other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Basis of Presentation

The accompanying unaudited condensed financial statements of the Company have been prepared in accordance with United States generally accepted accounting principles (“U.S. GAAP”) for interim financial information and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP. In the opinion of management, all adjustments (consisting of normal accruals) considered for a fair presentation have been included. Operating results for the three and nine months ended September 30, 2021 are not necessarily indicative of the results that may be expected for the year ending December 31, 2021.

The accompanying unaudited condensed financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Amendment No. 2 of the Form 10-K/A filed by the Company with the SEC on December 8, 2021.
Emerging Growth Company

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

This may make comparison of the Company’s financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Risk and Uncertainties

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (the “COVID-19 outbreak”). In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve. The impact of the COVID-19 outbreak on the Company’s results of operations, financial position and cash flows will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions. These developments and the impact of the COVID-19 outbreak on the financial markets and the overall economy are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Company’s results of operations, financial position and cash flows may be materially adversely affected. Additionally, the Company’s ability to complete an Initial Business Combination may be materially adversely affected due to significant governmental measures being implemented to contain the COVID-19 outbreak or treat its impact, including travel restrictions, the shutdown of businesses and quarantines, among others, which may limit the Company’s ability to have meetings with potential investors or affect the ability of a potential target company’s personnel, vendors and service providers to negotiate and consummate an Initial Business Combination in a timely manner. The Company’s ability to consummate an Initial Business Combination may also be dependent on the ability to raise additional equity and debt financing, which may be impacted by the COVID-19 outbreak and the resulting market downturn.

Going Concern

As of September 30, 2021, the Company had approximately $361,000 in its operating bank account and working capital of approximately $413,000.

Prior to the completion of the Initial Public Offering, the Company’s liquidity needs had been satisfied through the payment of $25,000 from the Sponsor to cover for certain expenses on behalf of the Company in exchange for the issuance of the Founder Shares, and a loan of approximately $267,000 pursuant to the
Note issued to the Sponsor (Note 5). Subsequent to the consummation of the Initial Public Offering and Private Placement, the Company's liquidity needs have been satisfied with the proceeds from the consummation of the Private Placement not held in the Trust Account. The Company fully repaid the Note on September 10, 2020. In addition, in order to fund working capital deficiencies or finance transaction costs in connection with a Business Combination, the Sponsor may, but is not obligated to, provide the Company Working Capital Loans (see Note 5). As of September 30, 2021, there were no amounts outstanding under any Working Capital Loan.

Based on the foregoing, management believes that the Company will have sufficient working capital and borrowing capacity from the Sponsor or an affiliate of the Sponsor, or certain of the Company’s officers and directors to meet its needs through the earlier of the consummation of a Business Combination or one year from this filing. Over this time period, the Company will be using these funds for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring and consummating the Business Combination.

In connection with the Company’s assessment of going concern considerations in accordance with Financial Accounting Standard Board’s Accounting Standards Updated (“ASU”) 2014-15, “Disclosure of Uncertainties about an Entity’s Ability to Continue as a Going Concern”, management has determined that the mandatory liquidation and subsequent dissolution related to the Combination Period described above raises substantial doubt about the Company’s ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after August 4, 2022.

**Note 2 — Summary of Significant Accounting Policies (as restated)**

**Restatement of Previously Reported Financial Statements**

In preparation of the Company’s unaudited condensed financial statements for the quarterly period ended September 30, 2021, the Company concluded it should restate its previously issued financial statements to classify all Public Shares in temporary equity. In accordance with the SEC and its staff’s guidance on redeemable equity instruments in ASC 480-10-S99, redemption provisions not solely within the control of the Company, require shares subject to redemption to be classified outside of permanent equity. The Company had previously classified a portion of its Public Shares in permanent equity. Although the Company did not specify a maximum redemption threshold, its charter currently provides that the Company will not redeem its Public Shares in an amount that would cause its net tangible assets to be less than $5,000,001. Effective with these condensed financial statements, the Company also clarifies that the definition of net tangible assets includes both permanent equity and redeemable equity.

In accordance with SEC Staff Accounting Bulletin No. 99, “Materiality,” and SEC Staff Accounting Bulletin No. 108, “Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements,” the Company evaluated the corrections and has determined that the related impact was material to the previously filed financial statements that contained the error, reported in the Company’s (i) audited balance sheet as of August 4, 2020 (the “Post IPO Balance Sheet”), as previously revised in the Company’s Annual Report on Form 10-K, as amended, for the fiscal year ended December 31, 2020, filed with the SEC on May 24, 2021 (“2020 Form 10-K/A No. 1”), (ii) audited financial statements included in the 2020 Form 10-K/A No. 1, (iii) unaudited interim financial statements included in the Form 10-Q for the quarterly period ended September 30, 2020 as previously revised in the 2020 Form 10-K/A No. 1; (iv) unaudited interim financial statements included in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2021, filed with the SEC on May 24, 2021; and (v) unaudited interim financial statements included in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2021, filed with the SEC on August 16, 2021 (collectively, the “Affected Periods”), should be restated to report all Public Shares as temporary equity and should no longer be
relied upon. As such, the Company amended the 2020 Form 10-K/A No. 1 on December 8, 2021 to restate its financial statements contained in the 2020 Form 10-K/A No. 1. The Company is restating the financial statements as of and for the three months ended March 31, 2021 and as of and for the three and six months June 30, 2021 (collectively, the “Affected Quarterly Periods”) in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2021, to be filed with the SEC (the “Q3 Form 10-Q”).

The impact of the restatement on the financial statements for the Affected Quarterly Periods is presented below.

In connection with the change in presentation for the Public Shares, the Company has revised its earnings per share calculation to allocate income and losses shared pro rata between the two classes of shares. **Use of Estimates**

The preparation of these financial statements in conformity with U.S. GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

**Cash and Cash Equivalents**

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents.

**Investment Securities Held in Trust Account**

Upon the closing of the Initial Public Offering and the Private Placement, the Company was required to place net proceeds of the Initial Public Offering and certain of the proceeds of the Private Placement in a Trust Account, which may be invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations, as determined by management of the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust
Account. Investments held in Trust Account are classified as trading securities, which are presented on the condensed balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of trading securities is included in investment income on Trust Account in the accompanying unaudited condensed statements of operations. The estimated fair values of investments held in Trust Account are determined using available market information, other than for investments in open-ended money market funds with published daily net asset values (“NAV”), in which case the Company uses NAV as a practical expedient to fair value. The NAV on these investments is typically held constant at $1.00 per unit.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the Federal Deposit Insurance Corporation coverage of $250,000, and investments held in Trust Account. As of September 30, 2021 and December 31, 2020, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Fair Value of Financial Instruments

The fair value of the Company’s assets and liabilities, which qualify as financial instruments under the FASB ASC Topic 820, “Fair Value Measurements,” approximates the carrying amounts represented in the condensed balance sheets.

Fair Value Measurements

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Derivative Liabilities

The Company does not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. The Company evaluates all of its financial instruments, including issued stock purchase warrants, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and ASC 815, “Derivatives and Hedging” (“ASC 815”). The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.
The Company issued an aggregate of 20,700,000 redeemable warrants associated with Units issued in our Initial Public Offering and the underwriters’ exercise of the overallotment option (the “Public Warrants”) and issued 18,560,000 Private Placement Warrants. In addition, the Company entered into a forward purchase agreement in connection with the Initial Public Offering which provides for the purchase by an affiliate of the Sponsor of up to $200,000,000 of units, with each unit consisting of one Class A ordinary share and three-sixteenths of one warrant to purchase one Class A ordinary share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of our initial Business Combination (the “Forward Purchase Agreement”). All of the outstanding warrants and the Forward Purchase Agreement are recognized as derivative assets and liabilities in accordance with ASC 815.

In the event of an unsuccessful business combination, the warrants will expire worthless, with no liability due and a reversal of the accumulated deficit.

For equity-linked contracts that are classified as assets or liabilities, the Company recognizes the fair value of the equity-linked contracts at each balance sheet date and records the change in the statements of operations as a (gain) loss on change in fair value of derivative liabilities. The Public Warrants were initially valued using a binomial lattice pricing model when the Public Warrants were not yet trading and did not have observable pricing, and are now valued based on public market quoted prices. The Private Placement Warrants are valued using a binomial lattice pricing model when the warrants are subject to the make-whole table, or otherwise are valued using a Black-Scholes pricing model. The Forward Purchase Agreement is valued utilizing observable market prices for public shares and warrants, relative to the present value of contractual cash proceeds, each adjusted for the probability of executing a successful business combination. The assumptions used in preparing these models include estimates such as volatility, contractual terms, discount rates, dividend rate, expiration dates and risk-free rates.

The estimates used to calculate the fair value of the Company’s derivative assets and liabilities change at each balance sheet date based on the value of the Company’s stock price and other assumptions described above. If these assumptions change or there is significant volatility in the Company’s stock price or interest rates, the fair value calculated from one balance sheet period to the next could be materially different.

Offering Costs Associated with the Initial Public Offering

Offering costs consisted of legal, accounting, underwriting fees and other costs incurred through the Initial Public Offering that were directly related to the Initial Public Offering. Offering costs were allocated to the separable financial instruments issued in the Initial Public Offering based on a relative fair value basis, compared to total proceeds received. Offering costs associated with derivative warrant liabilities were expensed as incurred and presented as non-operating expenses in the condensed statements of operations. Offering costs associated with the Class A ordinary shares issued were charged against the carrying value of the Class A ordinary shares subject to possible redemption upon the completion of the Initial Public Offering. The Company classifies deferred underwriting commissions as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities. These offering costs are only payable in the event of a successful business combination.

Class A Ordinary Shares Subject to Possible Redemption

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in ASC 480. Class A ordinary shares subject to mandatory redemption (if any) is classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, Class A ordinary shares is classified as shareholders’ deficit. The Company’s Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to the occurrence of uncertain future events.
Accordingly, as of September 30, 2021 and December 31, 2020, 82,800,000 Class A ordinary shares subject to possible redemption is presented at redemption value as temporary equity, outside of the shareholders’ deficit section of the Company’s condensed balance sheet.

Immediately upon the closing of the Initial Public Offering, the Company recognized the accretion from initial book value to redemption amount. The change in the carrying value of Class A ordinary shares subject to possible redemption resulted in charges against additional paid-in capital and accumulated deficit.

The Company recognizes changes in redemption value immediately as they occur and adjusts the carrying value of redeemable common stock to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock are affected by charges against additional paid in capital and accumulated deficit.

**Income Taxes**

FASB ASC Topic 740, “Income Taxes,” prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of September 30, 2021 and December 31, 2020. The Company’s management determined that the Cayman Islands is the Company’s only major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties as of September 30, 2021 and December 31, 2020. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception.

There is currently no taxation imposed on income by the Government of the Cayman Islands. In accordance with Cayman income tax regulations, income taxes are not levied on the Company. Consequently, income taxes are not reflected in the Company’s unaudited condensed financial statements. The Company’s management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

**Net Income (Loss) Per Ordinary Share**

The Company has two classes of shares: Class A ordinary shares and Class B ordinary shares. Income and losses are shared pro rata between the two classes of shares. Net income (loss) per share is computed by dividing net income (loss) by the weighted-average number of ordinary shares outstanding during the periods. Accretion associated with the Class A ordinary shares subject to possible redemption is excluded from earnings per share as the redemption value approximates fair value.

**Reclassifications**

Certain prior year amounts have been reclassified in these condensed financial statements to conform to the current year presentation.

**Recent Adopted Accounting Standards**

In August 2020, the FASB issued ASU No. 2020-06, Debt — Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging — Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity, which simplifies accounting for convertible instruments by removing major separation models required under current U.S. GAAP. The ASU also removes certain settlement conditions that are required for equity-linked contracts to qualify for the derivative scope exception and it also simplifies the diluted earnings per share calculation in certain areas. The Company early adopted the ASU on January 1, 2021. Adoption of the ASU did not impact the Company’s financial position, results of operations or cash flows.

**Recent Accounting Pronouncements**

Management does not believe that any recently issued, but not yet effective, accounting pronouncement if currently adopted would have a material effect on the Company’s unaudited condensed financial statements.

**Note 3 — Initial Public Offering**

On August 4, 2020, the Company consummated the Initial Public Offering of 82,800,000 Units, including the issuance of 10,800,000 Units as a result of the underwriters’ exercise of their over-allotment option, at $10.00 per Unit, generating gross proceeds of $828.0 million, and incurring offering costs of approximately $46.3 million, inclusive of approximately $29.0 million in deferred underwriting commissions. The deferred underwriting commissions will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Each Unit consists of one Class A ordinary share and one-fourth of one Public Warrant. Each whole Public Warrant entitles the holder to purchase one Class A ordinary share at an exercise price of $11.50 per share, subject to adjustment (see Note 7).

**Note 4 — Private Placement**

Simultaneously with the closing of the Initial Public Offering, the Company consummated the Private Placement of 18,560,000 Private Placement Warrants, at a price of $1.00 per Private Placement Warrant, to the Company’s Sponsor, generating gross proceeds to the Company of approximately $18.6 million.

Each whole Private Placement Warrant is exercisable for one whole Class A ordinary share at a price of $11.50 per share. Certain proceeds from the Private Placement Warrants were added to the proceeds from
the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable and exercisable on a cashless basis so long as they are held by the Sponsor or its permitted transferees.

The Sponsor and the Company’s officers and directors have agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Warrants until 30 days after the completion of the initial Business Combination.

Note 5 — Related Party Transactions

Founder Shares

On August 4, 2020, the Company issued 7,875,000 Class B ordinary shares to the Sponsor (the “Founder Shares”) in exchange for a capital contribution of $25,000. On July 15, 2020, the Company effected a share capitalization resulting in the Sponsor holding an aggregate of 22,250,000 Founder Shares. Subsequent to this share capitalization, in July 2020, the Sponsor transferred 40,000 Founder Shares to each of Joel Alsfine and James Quella, the independent directors. On July 30, 2020, the Company effected a share capitalization resulting in the Initial Shareholders holding an aggregate of 25,700,000 Founder Shares, including up to 2,700,000 shares were subject to forfeiture to the Company for no consideration to the extent that the option to purchase additional units is not exercised in full or in part, so that the number of Founder Shares will equal 20% of the Company’s issued and outstanding shares after the Initial Public Offering plus the number of Class A ordinary shares to be sold pursuant to any forward purchase agreement entered into in connection with the Initial Public Offering (the “Forward Purchase Agreement”). All shares and the associated amounts have been retroactively restated to reflect the share capitalizations. On August 4, 2020, the Company closed the issuance of additional Units pursuant to the underwriters’ full exercise of the over-allotment option; thus, no Founder Shares are currently subject to forfeiture. Pursuant to a securities assignment agreement dated June 8, 2021, the Sponsor transferred 40,000 Founder Shares to Jonathan Gear, an independent director.

The Initial Shareholders have agreed not to transfer, assign or sell any of their Founder Shares until the earlier to occur of: (i) one year after the completion of the initial Business Combination and (ii) subsequent to the initial Business Combination (x) the date on which the Company completes a liquidation, merger, share exchange or other similar transaction that results in all of the shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property or (y) if the closing price of the Company’s Class A ordinary shares equals or exceeds $12.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the initial Business Combination. Any permitted transferees will be subject to the same restrictions and other agreements of the Initial Shareholders with respect to any Founder Shares.

Related Party Loans

On May 19, 2020, the Sponsor agreed to loan the Company up to $300,000 to be used for the payment of costs related to the Initial Public Offering pursuant to a promissory note (the “Note”). The Note was non-interest bearing, unsecured and due upon the closing of the Initial Public Offering. As of August 4, 2020, the Company borrowed approximately $267,000 under the Note. The Company fully repaid the Note on September 10, 2020.

In addition, in order to fund working capital deficiencies or finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company’s officers and directors may, but are not obligated to, loan the Company funds as may be required (“Working Capital Loans”). If the Company completes a Business Combination, the Company may repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans are non-interest bearing, unsecured and due upon the closing of the Initial Public Offering.
Capital Loans may be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination, without interest, or, at the lender’s discretion, up to $2.5 million of such Working Capital Loans may be convertible into warrants of the post Business Combination entity at a price of $1.00 per warrant. The warrants would be identical to the Private Placement Warrants. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. To date, the Company had no borrowings under the Working Capital Loans.

Administrative Support Agreement

Commencing on the effective date of the registration statement on Form S-1 related to the Initial Public Offering through the earlier of consummation of the initial Business Combination and the Company’s liquidation, the Company reimburses the Sponsor for office space, secretarial and administrative services provided to the Company in the amount of $20,000 per month. The Company incurred $60,000 and $180,000 in general and administrative expenses in the accompanying statements of operations for the three and nine months ended September 30, 2021, respectively. The Company has accrued $280,000, included in accrued expenses — related party, as of September 30, 2021 related to the administrative services agreement.

Forward Purchase Arrangement

In connection with the consummation of the Public Offering, the Company entered into the Forward Purchase Agreement with Neuberger Berman Opportunistic Capital Solutions Master Fund LP (“NBOKS”), a member of our sponsor, which will provide for the purchase of up to $200,000,000 of units, with each unit consisting of one Class A ordinary share and three-sixteenths of one warrant to purchase one Class A ordinary share at $11.50 per share, subject to adjustment, for a purchase price of $10.00 per unit, in a private placement to occur concurrently with the closing of our initial business combination. The obligations under the Forward Purchase Agreement will not depend on whether any Class A ordinary shares are redeemed by our public shareholders.

Performance Based Compensation

Upon successful completion of the Company’s Business Combination, a payment to our Chief Financial Officer of the greater of $20,000 per month and $120,000 in the aggregate for his services will be paid. The Company has not incurred any expenses in the accompanying condensed statements of operations for the three and nine months ended September 30, 2021, respectively, for this arrangement.

Note 6 — Class A Ordinary Shares Subject to Possible Redemption

The Company’s Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to the occurrence of future events. The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of $0.0001 per share. Holder of the Company’s Class A ordinary shares are entitled to one vote for each share. As of September 30, 2021, there were 82,800,000 Class A ordinary shares outstanding, all of which were subject to possible redemption.

Note 7 — Commitments and Contingencies

Registration and Shareholder Rights

The holders of the Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any Class A ordinary shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration and shareholder rights agreement. The holders of these securities are entitled to make up to three demands, excluding short form demands, that the Company register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the completion of the initial Business Combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company granted the underwriters a 45-day option from the date of the prospectus to purchase up to 10,800,000 additional Units at the Initial Public Offering price less the underwriting discounts and commissions. On August 4, 2020, the Company closed the issuance of such additional Units pursuant to the underwriters’ full exercise of the over-allotment option.

The underwriters were entitled to an underwriting discount of $0.20 per unit, or approximately $16.6 million in the aggregate, paid upon the closing of the Initial Public Offering. In addition, the underwriters are entitled to a deferred underwriting commission of $0.35 per unit, or approximately $29.0 million in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Note 8 — Shareholders’ Equity (Deficit)

Class A Ordinary Shares — The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of $0.0001 per share. Holders of the Company’s Class A ordinary shares are entitled to one vote for each share. As of September 30, 2021 and December 31, 2020, there were 82,800,000 Class A ordinary shares issued or outstanding. All Class A ordinary shares subject to possible redemption have been classified as temporary equity (see Note 6).

Class B Ordinary Shares — The Company is authorized to issue 50,000,000 Class B ordinary shares with a par value of $0.0001 per share. As of September 30, 2021 and December 31, 2020, there were 25,700,000 Class B ordinary shares issued or outstanding.

Only holders of Class B ordinary shares will have the right to appoint directors in any election held prior to or in connection with the completion of our initial business combination. Holders of our public
shares will not be entitled to vote on the appointment of directors during such time. In addition, prior to the completion of our initial business combination, holders of a majority of our Class B ordinary shares may remove a member of our board of directors for any reason. These provisions of our amended and restated memorandum and articles of association relating to the rights of holders of Class B ordinary shares to appoint or remove directors prior to our initial business combination may only be amended by a special resolution passed by a majority of at least 90% of our ordinary shares voting in a general meeting.

Holders of the Company’s Class B ordinary shares are entitled to one vote for each share. The Class B ordinary shares will automatically convert into Class A ordinary shares concurrently with or immediately following the consummation of the initial Business Combination, or earlier at the option of the holder thereof, on a one-for-one basis. However, if additional Class A ordinary shares or any other equity-linked securities (as defined below) are issued or deemed issued in connection with the initial Business Combination, the number of Class A ordinary shares issuable upon conversion of all Founder Shares will equal, in the aggregate, on an as converted basis, 20% of the sum of (i) the total number of ordinary shares outstanding upon completion of the Initial Public Offering plus (ii) the total number of Class A ordinary shares issued, or deemed issued or issuable upon conversion or exercise of any equity-linked securities or rights issued or deemed issued, by the Company in connection with or in relation to the consummation of the initial Business Combination (including any Class A ordinary shares to be sold pursuant to a Forward Purchase Agreement, but not any warrants sold pursuant to a Forward Purchase Agreement), excluding any Class A ordinary shares or equity-linked securities exercisable for or convertible into Class A ordinary shares issued, or to be issued, to any seller in the initial Business Combination and any Private Placement Warrants issued to the Sponsor upon conversion of Working Capital Loans, provided that such conversion of Class B ordinary shares described herein will take effect as a redemption of Class B ordinary shares and an issuance of Class A ordinary shares as a matter of Cayman Islands law.

Preference Shares — The Company is authorized to issue 1,000,000 preference shares with a par value of $0.0001 per share. As of September 30, 2021 and December 31, 2020, there were no preference shares issued or outstanding.

Note 9 — Derivative Liabilities

Warrants:

As of September 30, 2021 and December 31, 2020, the Company has 20,700,000 Public Warrants and 18,560,000 Private Placement Warrants outstanding.

Public Warrants may only be exercised for a whole number of shares. No fractional Public Warrants will be issued upon separation of the Units and only whole Public Warrants will trade. The Public Warrants will become exercisable on the later of (a) 30 days after the completion of a Business Combination and (b) 12 months from the closing of the Initial Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the issuance of the Class A ordinary shares issuable upon exercise of the Public Warrants and a current prospectus relating to them is available and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder (or the Company permits holders to exercise their warrants on a cashless basis under certain circumstances). The Company has agreed to use its commercially reasonable efforts to file with the SEC a registration statement covering the issuance of the Class A ordinary shares issuable upon exercise of the warrants as soon as practicable, but in no event later than 20 business days after the closing of the initial Business Combination, to cause the same to become effective within 60 business days following the closing of the initial Business Combination, and to maintain a current prospectus relating to those Class A ordinary shares until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the issuance of the Class A ordinary shares issuable upon exercise of the warrants is not effective by the 60th business day after the closing of the initial Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when
the Company has failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the above, if the Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public Warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company so elect, it will not be required to file or maintain in effect a registration statement, and in the event the Company does not so elect, it will use commercially reasonable efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. The Public Warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation.

The Private Placement Warrants are identical to the Public Warrants underlying the Units sold in the Initial Public Offering, except that (1) the Private Placement Warrants and the Class A ordinary shares issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions, (2) the Private Placement Warrants will be non-redeemable so long as they are held by the initial purchasers or such purchasers’ permitted transferees, (3) the Sponsor, or its permitted transferees, has the option to exercise the Private Placement Warrants on a cashless basis and (4) any amendment to the terms of the private placement warrants or any provision of the warrant agreement with respect to the Private Placement Warrants will require a vote of holders of at least 50% of the number of the then outstanding Private Placement Warrants. If the Private Placement Warrants are held by someone other than the Sponsor or its permitted transferees, the Private Placement Warrants will be redeemable by the Company in all redemption scenarios and exercisable by such holders on the same basis as the Public Warrants.

The Company may redeem the Public Warrants (but not the Private Placement Warrants):

• in whole and not in part;
• at a price of $0.01 per warrant;
• upon a minimum of 30 days’ prior written notice of redemption; and
• if, and only if, the last reported sale price of the Class A ordinary shares for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders equals or exceeds $18.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like).

If the Company calls the Public Warrants for redemption as described above, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a “cashless basis,” as described in the warrant agreement.

Commencing 90 days after the Public Warrants become exercisable, the Company may redeem the outstanding Public Warrants (but not the Private Placement Warrants):

• in whole and not in part;
• at $0.10 per warrant provided that holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares determined by reference to the agreed table based on the redemption date and the “fair market value” of the Class A ordinary shares (as defined below);
• upon a minimum of 30 days’ prior written notice of redemption; and
• if, and only if, the last reported sale price of the Class A ordinary shares equals or exceeds $10.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) on the trading day prior to the date on which the Company sends the notice of redemption to the warrant holders.
The “fair market value” of the Class A ordinary shares shall mean the average last reported sale price of the Class A ordinary shares for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants.

The exercise price and number of Class A ordinary shares issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a share capitalization, recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuance of Class A ordinary shares at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants shares. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company’s assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

(1) Excludes $51,649,427 and $55,645,484 of investments in an open-ended money market fund, in which the Company uses NAV as a practical expedient to fair value at September 30, 2021 and December 31, 2020, respectively. In addition, it excludes $51,927,122 and $51,713,546 in cash at September 30, 2021 and December 31, 2020, respectively.

Level 1 assets include investments in U.S. Treasury securities. The Company uses inputs such as actual trade data, benchmark yields, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

Transfers to/from Levels 1, 2, and 3 are recognized at the end of the reporting period. There were no transfers between levels for the three and nine months ended September 30, 2021.

The fair value of the Public Warrants and the Private Placement Warrants were initially measured at fair value using a binomial / lattice model for the Public Warrants and a Black-Scholes option pricing model for the Private Placement Warrants. The fair value of Public Warrants have been subsequently measured based on the listed market price of such warrants, a Level 1 measurement, since September 2020. The Company’s Private Placement Warrants are valued using a binomial lattice pricing model when the warrants are subject to the make-whole table, or otherwise are valued using a Black-Scholes pricing model. The company’s Forward Purchase Agreement is valued utilizing observable market prices for public shares and warrants, relative to the present value of contractual cash proceeds, each adjusted for the probability of executing a successful business combination. For the three and nine months ended September 30, 2021, the Company recognized a (loss) benefit to the statements of operations resulting from a change in the fair value of derivative liabilities of approximately $3.4 million and $31.0 million, respectively, presented as change in fair value of derivative liabilities in the accompanying condensed statements of operations.

A reconciliation of the Level 3 derivative liabilities is summarized below:

The valuation methodologies for the Private Placement Warrants and Forward Purchase Agreement included in Derivative Assets include certain significant unobservable inputs, resulting in such valuations to be classified as Level 3 in the fair value measurement hierarchy. The methodologies include a probability of a successful business combination, which was determined to be 80% as of September 30, 2021. The methodologies also include an expected merger date, which was set as May 5, 2022. The warrant valuation models also include expected volatility, which differ between public and private placement warrants and can...
vary further depending on where the Company stands in identifying a business combination target. The fair value of Public Warrants issued in connection with the Initial Public Offering have been measured based on the listed market price of such warrants, a Level 1 measurement, since September 2020. For public warrants and when such warrants are not yet trading and we do not have observed pricing in public markets, we assume a volatility based on research on SPAC warrants and the implied volatilities shortly after they start trading. The volatility of the Private Placement Warrants vary depending on the specific characteristics of the public and private placement warrants. Prior to the announcement of a merger, the Company assumes a volatility for the Private Placement Warrants based on the median volatility of the Russell 3000 constituents. After the announcement of a proposed business combination, then the valuation estimate assumes a volatility based on the volatility of the target company’s peer group.

The following tables provide quantitative information regarding Level 3 fair value measurement inputs at the measurement dates:

1. DESCRIPTION OF THE BUSINESS

Griffey Global Holdings, Inc. ("Griffey Holdings" or "the Company") was incorporated in Delaware on September 25, 2012. In October of the same year, the Company indirectly acquired Getty Images, Inc. ("Getty Images"). Getty Images and its subsidiaries collectively represent the operations of the Company.

Getty Images is a world leader in serving the visual content needs of businesses with over 469 million assets available through its industry-leading sites; gettyimages.com, istock.com and unsplash.com. The Company serves businesses in almost every country in the world with websites in eighteen languages bringing content to media outlets, advertising agencies and corporations and, increasingly, serving individual creators and prosumers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Principles — The consolidated financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Related-Party Transactions — The Company has paid annual management fees to Getty Investments, LLC in the amount of $1.3 million and $1.5 million for the years ended December 31, 2020 and 2019 respectively. These costs are included in "Selling, general and administrative expenses" in the Consolidated Statements of Operations. Getty Investments, LLC is the majority partner in Griffey Investors, LP (the "Parent").

On June 15, 2016, Getty Images SEA Holdings Co., Limited ("Getty SEA"), a subsidiary of Getty Images, entered into various agreements with Visual China Group Holding Limited ("VCG"). As part of those agreements, Getty SEA issued $24.0 million in an unsecured note receivable to VCG. This note receivable bears interest at 2.5% per annum with an August 18, 2036 due date. VCG is also a minority interest stockholder of Getty SEA. As of December 31, 2020 and 2019 this unsecured note receivable is included in "Other long-term assets" in the Consolidated Balance Sheets.

Estimates and Assumptions — The preparation of consolidated financial statements in conformity with U.S. GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and revenues and expenses reported during the period. Some of the estimates and assumptions that require the most difficult judgments are: a) the appropriateness of the valuation and useful lives of intangibles and other long-lived assets; b) the appropriateness of the amount of accrued income taxes, including the potential outcome of future tax consequences of events that have been recognized in the consolidated financial statements as well as the deferred tax asset valuation allowances; c) the sufficiency of the allowance for doubtful accounts; d) the assumptions used to value equity-based compensation arrangements; e) the assumptions used to allocate transaction price to multiple performance obligations for uncapped subscription arrangements; and f) the assumptions used to estimate unused capped subscription-based and credit-based products. These judgments are inherently uncertain which directly impacts their valuation and accounting. Actual results and outcomes may differ from management’s estimates and assumptions.

Principles of Consolidation — The consolidated financial statements and notes thereto include the accounts of Griffey Holdings and its subsidiaries. Equity investments in which the Company exercises significant influence, but does not control and is not the primary beneficiary of, are accounted for using the equity method. Significant accounts and transactions between consolidated entities have been eliminated. Intercompany transactions and balances have been eliminated in consolidation.

Noncontrolling Interest — The Company’s noncontrolling interest represents the minority stockholder’s ownership interest related to the Company’s subsidiary, Getty SEA. The Company reports its noncontrolling interest in subsidiary as a separate component of stockholders’ deficit in the Consolidated Balance Sheets and reports both net loss attributable to the non-controlling interest and net loss attributable to the Company’s
common stockholders on the face of the Consolidated Statements of Operations. The Company’s equity interest in Getty SEA is 50% and the non-controlling stockholder’s interest is 50%. Net Income or Loss from this subsidiary is allocated based upon these ownership interests. This is reflected in the Consolidated Statements of Redeemable Preferred Stock and Stockholders’ Deficit as “Noncontrolling interest”.

Net Loss Per Share Attributable to Common Stockholders — Basic net loss per share attributable to common stockholders is calculated by dividing the net loss attributable to common stockholders by the weighted-average number of shares of common stock outstanding for the period, without consideration of potentially dilutive securities. Net loss available to common stockholders represents net loss attributable to common stockholders adjusted by (i) the Redeemable Preferred Stock dividend (ii) changes in the redemption value of the Redeemable Preferred Stock and (iii) the allocation of income or losses to the noncontrolling interest. Diluted net loss per share attributable to common stockholders is the same as basic net loss per share attributable to common stockholders since the effect of potentially dilutive securities is anti-dilutive given the net loss of the Company.

Foreign Currencies — Assets and liabilities for subsidiaries with functional currencies other than the U.S. dollar are recorded in foreign currencies and translated at the exchange rate on the balance sheet date. Revenue and expenses are translated at average rates of exchange prevailing during the year. Translation adjustments resulting from this process are charged or credited to “Other comprehensive income (loss)” (“OCI”), as a separate component of stockholders’ deficit. Transaction gains and losses arising from transactions denominated in a currency other than the functional currency of the entity involved are included in “Unrealized foreign exchange losses — net” in the Consolidated Statements of Operations. For the years ended December 31, 2020 and 2019 the Company recognized net foreign currency transaction losses of $45.1 million and $4.7 million, respectively.

Derivative Instruments — The Company uses derivative instruments to manage exposures to foreign currency and interest rate risks. The objectives for holding derivatives include reducing or eliminating the economic impact of these exposures. Derivative instruments are recorded as either assets or liabilities and are measured at fair value. The accounting for changes in the fair value of a derivative depends on the intended use of the derivative and whether the instrument is designated as a hedge for accounting purposes. For a derivative instrument designated as a cash flow hedge, the effective portion of the derivative’s gain or loss is initially reported as a component of OCI and is subsequently recognized in earnings when the hedged exposure affects earnings. The ineffective portion of the gain or loss is recognized in earnings. For derivative instruments designated as either fair value or cash flow hedges, changes in the time value are excluded from the assessment of hedge effectiveness and are recognized in earnings. Gains and losses from changes in fair values of derivatives that are not designated as hedges for accounting purposes are recognized in “Fair value adjustment for swaps and foreign currency exchange contracts — net” in the Consolidated Statements of Operations. As of December 31, 2020 and 2019 the Company did not have any derivatives designated as hedging instruments as defined by the derivative instruments and hedging activities accounting guidance. See “Note 3 — Derivative Instruments” for further information.

Cash, Cash Equivalents and Restricted Cash — The following represents the Company’s cash, cash equivalents and restricted cash as of December 31, 2020 and 2019 (in thousands):

Cash equivalents are short-term, highly liquid investments that are both readily convertible to cash and have maturities at the date of acquisition of three months or less. Cash equivalents are generally composed of investment-grade debt instruments subject to lower levels of credit risk, including certificates of deposit and money market funds. The Company’s current cash and cash equivalents consist primarily of cash on hand, bank deposits, and money market accounts.

Restricted cash consists of cash held as collateral related to corporate credit cards and real estate lease obligations.

F-59
Fair Value Measurements — The Company records its financial assets and liabilities at fair value. Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of nonperformance risk including the Company’s own credit risk.

The three-tier fair value hierarchy prioritizes the inputs used in the valuation methodologies. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

**Level 1** — Valuations based on quoted prices for identical assets and liabilities in active markets.

**Level 2** — Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

**Level 3** — Valuations based on unobservable inputs reflecting management’s own assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Accounts Receivable — Net — Accounts receivable are trade receivables, net of reserves for allowances for doubtful accounts totaling $7.8 million as of December 31, 2020 and 2019.

Allowance for doubtful accounts is calculated based on historical losses, existing economic conditions, and analysis of specific older account balances of customer and delegate accounts. Trade receivables are written off when collection efforts have been exhausted.

Allowance for doubtful accounts changed as follows during the years presented (in thousands):

</table>

Deductions represent balances written off, net of amounts recovered that had previously been written off, and the effect of exchange rate fluctuations.

Property and Equipment — Net — Property and equipment are stated at cost, net of accumulated depreciation. Contemporary and archival imagery consists of costs to acquire imagery from third parties and internal and external costs incurred in creating imagery, including identification of marketable subject matter, art direction, digitization, mastering and the assignment of search terms, and other pertinent information to each image. Computer software developed for internal use consists of internal and external costs incurred during the application development stage of software development (except for training costs) and costs of upgrades or enhancements that result in additional software functionality. Costs incurred during the web application, infrastructure, graphics and content development stages of website development are also capitalized and included within computer software developed for internal use. Expenditures that extend the life, increase the capacity or improve the efficiency of property and equipment are capitalized, while expenditures for repairs and maintenance are expensed as incurred.

Depreciation is recognized on a straight-line basis over the estimated useful lives of the assets or, for leasehold improvements, over the shorter of the remaining original term of the lease or the estimated life of the related asset.
Minority Investment without Readily Determinable Fair Value — During the year ended December 31, 2020, the Company recorded a $8.5 million cash purchase price for a minority stake in a privately held, web-based media producer to whom the Company provided content in 2020 and 2019. The carrying amount of the minority investment, which is included within “Other long-term assets” on the Consolidated Balance Sheets, was $8.5 million as of December 31, 2020. Revenue related to content consumed by the minority investee was not material for any of the years ended December 31, 2020 or 2019.

The Company has elected to measure this equity security, without a readily determinable fair value, to its estimated fair value at costs minus impairment, if any, plus or minus any changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issue. This investment is a holding in a privately held media company that is not exchange traded and therefore not supported with observable market prices. The Company periodically evaluates the carrying value of the minority investment, or when events and circumstances indicate that the carrying amount of an asset may not be recovered.

Goodwill — The Company evaluates goodwill for impairment annually or more frequently when an event occurs, or circumstances change that indicate the carrying value of the one reporting unit may not be recoverable. Circumstances that could indicate impairment and require impairment tests more frequently than annually include: significant adverse changes in legal factors or market and economic conditions, a significant decline in the financial results of the Company’s operations, significant changes in strategic plans, adverse actions by regulators, unanticipated changes in competition and market share, or a planned disposition of a significant portion of the business. Management performs the annual goodwill impairment analysis as of October 1 each year. The Company’s 2020 and 2019 goodwill impairment analyses did not result in an impairment charge. As circumstances change, it is possible that future goodwill impairment analysis could result in goodwill impairments, which would be included in the calculation of income or loss from operations.

Identifiable Intangible Assets — Identifiable intangible assets are assets that do not have physical representation but that arise from contractual or other legal rights or are capable of being separated or divided from the entity and sold, transferred, licensed, rented or exchanged. Identifiable intangible assets are amortized on a straight-line basis over their estimated useful lives, unless such life is determined to be indefinite. The remaining useful lives of identifiable intangible assets are reassessed each reporting period to determine whether events and circumstances warrant revisions to the remaining periods of amortization. Potential impairment of identifiable intangible assets is evaluated annually or whenever circumstances indicate that the carrying value may not be recoverable through projected discounted or undiscounted cash flows expected to be generated by the asset.

Loans Receivable — Loans are stated at unpaid principal balances less any allowance for loan losses. Interest is recognized over the term of the loan and is calculated using the compound interest method. Management considers a loan impaired when, based on current information or facts, it is probable that the principal and interest payment will not be collected according to the loan agreement. The Company did not recognize any loan impairment charges during the years ended December 31, 2020 or 2019.

Leases — The Company leases facilities and equipment through operating leases. Operating lease rentals are charged to “Selling, general and administrative expenses” in the Consolidated Statements of Operations on a straight-line basis over the original term of each lease. The leases typically contain rent escalation clauses whereby the amount paid by the Company to the lessors increases each year, while some provide rent holidays, tenant improvement allowances and stated renewal options. None of the Company’s leases contain contingent rentals. Rent escalation causes a difference each year between the amount charged to rent expense on a straight-line basis and the amount paid by the Company to the lessors. This difference is recorded to "Accrued expenses" (the current portion) and "Other long-term liabilities" (the long-term portion) in the Company’s Consolidated Balance Sheets. Such accruals typically increase during the early portions of the lease terms and are reduced during the later portions resulting in ratable recognition of lease expense. Rent holiday and tenant improvement allowances are similarly recognized in rent expense on a straight-line basis over the original term of each lease. Rent expense was $11.8 million and $12.1 million for the years ended December 31, 2020 and 2019, respectively. See “Note 10 — Commitments and Contingencies” for future minimum payments under operating leases and future minimum receipts under subleases.
The Company subleases certain leased facilities that are not currently used for operations. An accrued liability for losses on leased properties is created when the Company vacates a leased space before the end of the lease term to the extent such a loss exceeds the amount of the sublease rental it could reasonably be obtained for the property. For the years ended December 31, 2020 and 2019 sublease receipts were $4.3 million and $4.4 million, respectively.

Restructuring Costs — Restructuring costs consist of lease loss expenses and employee termination costs. The primary reasons the Company will vacate a leased space early are: consolidation of office space, decisions to move from one location to a more suitable location, and closure of excess space acquired in a business combination. An accrued liability for lease loss expenses is initially measured at fair value, based on a best estimate of the remaining lease payments due under the lease plus other costs, less any estimated sublease income, and then discounted using a credit-adjusted risk-free interest rate. These assumptions are periodically reviewed and adjustments are made to the accrued restructuring charge as required. The Company records accretion expense for losses on leased property as the difference between estimated cost and the present value of these costs. Accretion expense is recorded on an ongoing basis through the end of the lease term and is reflected as “Other operating expense — net” in the Consolidated Statements of Operations. Employee termination costs are incurred when the Company has a reduction in force and include one-time termination benefits that are not a part of an existing benefit arrangement. See “Note 16 — Restructuring Costs” for further information.

Revenue Recognition — Revenue is derived principally from licensing rights to use images, video footage and music that are delivered digitally over the internet. Digital content licenses are generally purchased on a monthly or annual subscription basis, whereby a customer either pays for a predetermined quantity of content or for access to the Company’s content library that may be downloaded over a specific period of time, or, on a transactional basis, whereby a customer pays for individual content licenses at the time of download. Also, a significant portion of revenue is generated through the sale and subsequent use of credits. Various amounts of credits are required to license digital content.

The Company recognizes revenue gross of contributor royalties because the Company is the principal in the transaction as it is the party responsible for the performance obligation and it controls the product or service before transferring it to the customer. The Company also licenses content to customers through third-party delegates worldwide (approximately 3% of total revenues for the years ended December 31, 2020 and 2019). Delegates sell the Company’s products directly to customers as the principal in those transactions. Accordingly, the Company recognizes revenue net of costs paid to delegates. Delegates typically earn and retain 35% to 50% of the license fee, and the Company recognizes the remaining 50% to 65% as revenue.

The Company maintains a credit department that sets and monitors credit policies that establish credit limits and ascertains customer creditworthiness, thus reducing the risk of potential credit loss. Revenue is not recorded until it is determined that collectability is reasonably assured. Revenue is recorded at invoiced amounts (including discounts and applicable sales taxes) less an allowance for sales returns which is based on historical information. Customer payments received in advance of revenue recognition are contract liabilities and are recorded as deferred revenue. Customers that do not pay in advance are invoiced and are required to make payments under standard credit terms.

Effective January 1, 2019, the Company adopted ASU 2014-09, “Revenue from Contracts with Customers” (“ASC 606”) utilizing the modified retrospective method under which previously stated revenues were not revised. The effect of adoption of this new guidance on the Consolidated Balance Sheet as of January 1, 2019 was to (i) increase accounts receivable — net by $11.1 million and (ii) decrease deferred revenue by $10.0 million, with an offsetting $21.1 million decrease in 2019 opening accumulated deficit, as follows (in thousands):

The standard has been applied to all contracts at the date of initial application. Under ASC 606, the Company recognizes revenue under the core principle to depict the transfer of control to the Company’s customers in an amount reflecting the consideration to which the Company expects to be entitled. In order to achieve that core principle, the Company applies the following five-step approach: (i) identify the contract with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract and (v) recognize revenue when a performance obligation is satisfied.

For digital content licenses, the Company recognizes revenue on both its capped subscription-based, credit-based sales and single image licenses when content is downloaded, at which time the license is provided. In addition, management estimates expected unused licenses for capped subscription-based and credit-based products and recognizes the revenue associated with the unused licenses throughout the subscription or credit period. The estimate of unused licenses is based on historical download activity and future changes in the estimate could impact the timing of revenue recognition of the Company’s subscription products.

For uncapped digital content subscriptions, the Company has determined that access to the existing content library and future digital content updates represent two separate performance obligations. As such, a portion of the total contract consideration related to access to the existing content library is recognized as revenue at the commencement of the contract when control of the content library is transferred. The remaining contractual consideration is recognized as revenue ratably over the term of the contract when updated digital content is transferred to the licensee, in line with when the control of the new content is transferred.

Revenue associated with hosted software services is recognized ratably over the term of the license.

ASC 606 has resulted in a change in the timing of recognizing revenue on the Company’s digital content license subscription products as well as the expiry on the credit based products. ASC 606 did not impact revenue recognition on digital content licenses sold on a transactional basis or license revenue associated with hosted software services.

See "Note 11 — Revenue" and "Note 19 — Segment and Geographic Information" for additional revenue disclosures.

**Cost of Revenue** — The ownership rights to the majority of the content licensed is retained by the owners, and licensing rights are provided to the Company by a large network of content suppliers. When the Company licenses content entrusted by content suppliers, royalties are paid to them at varying rates depending on the license model and the customers use of that content. Suppliers who choose to work with the Company under contract typically receive royalties between 20% to 50% of the total license fee charged customers. Cost of revenue as a percentage of revenue is higher for content licensed under a rights-managed model as compared to the royalty-free model due to the higher quality and exclusivity of images in the rights-managed collections. The Company also owns the copyright to certain content in its collections (wholly owned content), including content produced by staff photographers for the Editorial Stills product, for which the Company does not pay any third-party royalties. Cost of revenue also includes costs of assignment photo shoots but excludes depreciation and amortization associated with creating or buying content.

F-63
Sales Commissions — Internal sales commissions are generally paid in the quarter following invoicing of the commissioned receivable and is reported in “Selling, general and administrative expenses” on the Consolidated Statements of Operations. The Company expenses contract acquisition costs, including internal sales commissions, as incurred, to the extent that the amortization period would otherwise be one year or less.

Equity-Based Compensation — Equity-based compensation is accounted for in accordance with authoritative guidance for equity-based payments. This guidance requires equity-based compensation cost to be measured at the grant date based on the fair value of the award and recognized as an expense over the applicable service period, which is the vesting period, net of estimated forfeitures. Compensation expense for equity-based payments that contain service conditions is recorded on a straight-line basis, over the service period of generally five years. Compensation expense for equity-based payments that contain performance conditions is not recorded until it is probable that the performance condition will be achieved. The estimation of stock awards that will ultimately vest requires judgment, and to the extent actual results or updated estimates differ from the Company’s current estimates, such amounts will be recorded as a cumulative adjustment in the period estimates are revised. The Company considers many factors when estimating expected forfeitures, including types of awards, employee class, and historical experience. Actual results and future estimates may differ substantially from current estimates.

Advertising and Marketing — The Company markets its products and services mainly through paid search, natural or organic search optimization, affiliate marketing channels, email and website marketing, customer events and public relations initiatives. Costs associated with marketing efforts are recorded in “Selling, general and administrative expenses” when related liabilities are incurred. For paid search and affiliate marketing, liabilities are incurred when potential new customers click through the links in the ad, generating an obligation to the internet search provider or affiliate marketing partner. Advertising and marketing costs expensed for the years ended December 31, 2020 and 2019 were $49.0 million and $58.0 million, respectively.

Income Taxes — The Company computes income taxes and accruals for uncertain tax positions under the asset and liability method as set forth in the authoritative guidance for accounting for income taxes and uncertain tax positions. Deferred income taxes are provided for the temporary differences between the consolidated financial statement carrying amounts and the tax basis of the Company’s assets and liabilities and operating loss and tax credit carryforwards. The Company establishes a valuation allowance for deferred tax assets if it is more likely than not that these items will either expire before the Company is able to realize their benefits, or future deductibility is uncertain. Periodically, the valuation allowance is reviewed and adjusted based on management’s assessments of realizable deferred tax assets. The Company accounts for the global intangible low-tax income (“GILTI”) earned by foreign subsidiaries included in gross U.S. taxable income in the period incurred. See “Note 17 — Income Taxes” for further information.

Segments — The Company has determined that it operates and manages one operating segment, which is the business of developing and commercializing visual content. The Company’s chief operating decision maker (the “CODM”), its chief executive officer, reviews financial information on an aggregate basis for the purpose of allocating resources and making operating decisions.

Concentration of Credit Risk — Financial instruments that are exposed to concentration of credit risk consist primarily of cash and cash equivalents and accounts receivable balances. Cash and cash equivalents are held with financial institutions of high quality. Balances may exceed the amount of insurance provided on such deposits.

Concentration of credit risk with respect to trade receivables is limited due to the large number of customers and their dispersion across many geographic areas. No single customer represented 10% or more of the Company’s total revenue or accounts receivable in any of the years presented.

Recent Accounting Pronouncements — In February 2016, the FASB issued ASU 2016-02, Leases (“ASU 2016-02”). ASU 2016-02 amends the accounting for leases. The new guidance requires the recognition of lease assets and liabilities for operating leases with terms of more than twelve months, in addition to those currently recorded, on the Consolidated Balance Sheets. Presentation of leases within the Consolidated Statements of Operations and Consolidated Statements of Cash Flows will be generally consistent with
the current lease accounting guidance. The effective date of ASU 2016-02 has been extended again by an additional year and is now effective for private companies for reporting periods beginning after December 15, 2021, with early adoption permitted. The Company is in the process of evaluating the impact of this new guidance on the consolidated financial statements and expects to record a right of use asset and lease liability upon adoption.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments — Credit Losses (Topic 326): Measurement of Credit Losses of Financial Instruments (“ASU 2016-13”). ASU 2016-13 replaces the current incurred loss impairment methodology with a methodology that reflects expected credit losses. ASU 2016-13 is intended to provide financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. Adoption of this guidance is required, prospectively, for private companies for annual periods beginning after December 15, 2022, with early adoption permitted. The Company is evaluating the impact of adopting this new standard on its consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Customer’s Accounting For Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract (“ASU 2016-15”), which aligns the requirements for capitalizing implementation costs in a cloud computing arrangement with the requirements for capitalizing implementation costs incurred for an internal-use software license. Adoption of this guidance is required for fiscal years beginning after December 15, 2020 and interim periods within those fiscal years and early adoption is permitted. Entities are permitted to choose to adopt the new guidance (i) prospectively for eligible costs incurred on or after the date this guidance is first applied or (ii) retrospectively. The Company choose to adopt this prospectively and it did not have a material impact on its consolidated financial statements.

In December 2019, the FASB issued ASU 2019-12, Simplifying the Accounting for Income Taxes (Topic 740) (“ASU 2019-12”), which removes certain exceptions to the general principles in Topic 740 and improves consistent application of and simplifies U.S. GAAP for other areas of Topic 740 by clarifying and amending existing guidance. ASU 2019-12 is effective for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years, with early adoption permitted. The Company is evaluating the impact of adopting this new standard on its consolidated financial statements.

In August 2018, the FASB issued ASU 2018-13, Disclosure Framework — Changes to the Disclosure Requirements for Fair Value Measurements (“ASU 2018-13”), which eliminates, adds and modifies certain disclosure requirements for fair value measurements as part of the FASB’s disclosure framework project. Adoption of this guidance was required for fiscal years and interim periods within those fiscal years, beginning after December 15, 2019. The Company adopted ASU 2018-13, effective January 1, 2020. The impact of adoption of this standard on the consolidated financial statements, including accounting policies, processes and systems, was not material.

In January 2020, the FASB issued an ASU 2020-01, Investments — Equity Securities (Topic 321), Investments — Equity Method and Joint Ventures (Topic 323), and Derivatives and Hedging (Topic 815) (“ASU 2020-01”), which clarifies the interaction between the accounting for investments in equity securities, equity method investments, and certain derivative instruments. The new standard is expected to reduce diversity in practice and increase comparability of the accounting for these interactions. The standards update is effective for interim or annual periods beginning after December 15, 2020. The adoption of this new guidance did not have a material impact on the consolidated financial statements.

Subsequent Events — The Company evaluated subsequent events and transactions for potential recognition or disclosure in the consolidated financial statements through January 18, 2022, which is the date the consolidated financial statements were available to be issued.
3. DERIVATIVE INSTRUMENTS

The following table summarizes the fair value amounts of derivative instruments reported in the Consolidated Balance Sheets (in thousands):

| Derivatives not designated as hedging instruments: | As of December 31, |
| | 2020 | 2019 |
| | Liability | Asset | Liability |
| Foreign currency exchange options | $1,827 | $1,402 | $602 |
| Interest rate swaps | 31,325 | — | 18,009 |
| Total derivatives | $33,152 | $1,402 | $18,611 |

Assets are included in “Other current assets” on the Consolidated Balance Sheet. Short-term liabilities are included in “Accrued expenses” and long-term liabilities are included in “Other long-term liabilities” on the Consolidated Balance Sheet.

**Foreign Currency Risk** — Certain assets, liabilities and future operating transactions are exposed to foreign currency exchange rate risk. The Company utilizes derivative financial instruments, namely foreign currency forwards and option contracts, to reduce the impact of foreign currency exchange rate risks where natural hedges do not exist. The Company is exposed to market risk from foreign currency exchange rate fluctuations as a result of foreign currency-denominated revenues and expenses. The Company enters into certain foreign currency derivative contracts, including foreign currency forward options, with varying maturity dates, currently ranging from three to eighteen months, to manage these risks. These contracts are economic hedges of the Company’s exposures but have not been designated as hedges, as defined in the applicable accounting guidance, for financial reporting purposes. The notional amounts outstanding under these contracts as of December 31, 2020 and 2019 were $36.5 million and $85.7 million, respectively. These contracts are carried at fair value, as determined by quoted market exchange rates. The Company recognized losses of $0.9 million and gains of $3.1 million for the years ended December 31, 2020 and 2019, respectively. These gains and losses are recognized in “Fair value adjustment for swaps and foreign currency exchange contract — net” in the accompanying Consolidated Statements of Operations.

**Interest Rate Risk** — In February 2019, the Company entered into two interest rate swaps to hedge interest rate risk associated with the Company’s debt. The notional amounts of one of these swaps is $175.0 million and the other was $355.0 million. As of December 31, 2020, both are considered economic hedges and have not been designated as hedges, as defined in the applicable accounting guidance, for financial reporting purposes. The changes in fair value are recognized in “Fair value adjustment for swaps and foreign currency exchange contract — net” in the accompanying Consolidated Statements of Operations. Under the interest rate swap agreements, the Company pays fixed rates of 2.5010% and 2.6000%, respectively, each month. Each swap contains an embedded floor option under which the Company receives a rate of 0.0% or one-month LIBOR, whichever is greater, to match the terms of the Company’s debt.

For the interest rate swaps, the Company recognized losses of $13.3 million and $18.0 million on these derivative instruments for the years ended December 31, 2020 and 2019, respectively.

The Company does not hold or issue derivative financial instruments for trading purposes. In general, the Company’s derivative activities do not create foreign currency exchange rate risk because fluctuations in the value of the instruments used for economic hedging purposes are offset by fluctuations in the value of the underlying exposures being hedged. Counterparties to derivative financial instruments expose the Company to credit related losses in the event of nonperformance; however, the Company has entered into these instruments with creditworthy financial institutions and considers the risk of nonperformance to be minimal.
4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company’s disclosable financial instruments consist of cash equivalents, forward foreign currency exchange contracts, interest rate swaps and debt. Assets and liabilities measured at fair value on a recurring basis (cash equivalents, forward exchange contracts and interest rates swaps) and a nonrecurring basis (debt) are categorized in the tables below based on the levels discussed in "Note 2 — Summary of Significant Accounting Policies".

The fair value of the Goodwill was estimated using both market indicators of fair value and the expected present value of future cash flows. As of December 31, 2020 and 2019, the accumulated impairment loss on Goodwill was $525.0 million.

In February of 2019, the Company issued $300 million of Senior Unsecured Notes ("Senior Notes") and entered into a senior secured credit facility ("Credit Facility") consisting of (i) a $1,040 million term loan facility ("USD Term Loans"), (ii) a €450 million term loan facility ("EUR Term Loans") (together with the USD Term Loans the "Term Loans") and (iii) an $80 million revolving credit facility that can be upsized to $110 million ("Revolver"). The sale of the preferred stock noted in "Note 12 — Redeemable Preferred Stock" and the common stock noted in "Note 13 — Stockholders’ Deficit" and these debt issuances were used to retire and repay the Company’s previous debt facilities.

The Company recorded a “Gain on debt extinguishment” of $11.5 million in the Consolidated Statements of Operations for the year ended December 31, 2019. The gain on debt extinguishment reflects approximately $23.6 million related to the immediate recognition of the unamortized portion of the deferred gain from the Company’s previous debt facilities, offset by $7.9 million related to non-cash charges resulting from write-offs of unamortized transaction costs and fees, and $4.2 million for an early payment penalty.

An additional $18.7 million related to third-party debt issuance costs and discounts related to the new debt were expensed in the period. These costs were recorded as “Debt modification transaction expenses” in the Consolidated Statements of Operations for the year ended December 31, 2019.
The Senior Notes are due March 1, 2027, and bear interest at a rate of 9.750% per annum. Interest on the notes is payable semi-annually on March 1 and September 1 of each year. The Company may redeem the Senior Notes earlier than March 1, 2027 subject to prepayment premiums.

The USD Term Loans amortizes in quarterly installments of $2.6 million, with the remaining balance due at maturity. There is no amortization on the EUR Term Loan. The USD Term Loans and the EUR Term Loans mature in 2026. The Company may voluntarily prepay loans or reduce commitments under the Credit Facility without premium or penalty.

The face value of the EUR Term Loans was €425 million and €450 million as of December 31, 2020 and 2019, converted using currency exchange rates as of those dates.

The Credit Facility requires a principal payment with the net cash proceeds of certain events and 50% of excess cash flow (subject to reduction based on the achievement of specified net first lien leverage ratios) The Company calculated required excess cash flow payments of $36.6 million and $11.0 million for the years ended December 31, 2020 and 2019, respectively. The calculated excess cash flow payments as of December 31, 2020 were paid against the EUR Term Loans in the amount of €31.0 million. The payments were made in the fourth quarter of 2020 (€25.0 million) and first quarter of 2021 (€6.0 million). The calculated excess cash flow payments as of December 31, 2019 were paid in full against the USD Term Loans in the first quarter of 2020. The excess cash flow payments made in the subsequent year for each reporting period is included in “Short-term debt — net” on the Consolidated Balance Sheet and in the table in “Note 10 — Commitments and Contingencies”.

The obligations under the Credit Facility are secured by a first priority lien on substantially all of the Company’s assets.

For the USD Term Loans, the interest rate for base rate loans is 3.50% plus the greater of the prime rate in effect, the NYFRB Rate plus 0.5% or the Adjusted Eurodollar rate for a one-month interest period plus 1%. The interest rate for Eurodollar loans with respect to the USD Term Loans is the sum of the applicable rate of 4.50%, plus the Adjusted Eurodollar rate. The Eurodollar rate for borrowings denominated in USD is defined as the greater of the LIBO Screen rate per annum for deposits of dollars for the applicable interest period as of 11:00 a.m. London time two business days prior to the first day in such interest period, or 0.0%.

The Adjusted Eurodollar rate is defined as the interest rate per annum (rounded upward, if necessary, to the next 1/16 of 1%), equal to the Eurodollar Rate for the interest period multiplied by the Statutory Reserve Rate. For the EUR Term Loans, the interest rate for loans is the sum of the applicable rate of 5.0%, plus the Adjusted Eurodollar. The Eurodollar rate for borrowings denominated in EUR is defined as the greater of the EURIBOR Screen rate per annum for deposits of Euro for the applicable interest period as of approximately 11:00 a.m. Brussels time two business days prior to the first day in such interest period, or 0.0%. The Adjusted Eurodollar rate is defined as the interest rate per annum (rounded upward, if necessary, to the next 1/16 of 1%), equal to the Eurodollar Rate for the interest period multiplied by the Statutory Reserve Rate. The rate for the USD Term Loan was 4.6875% and 5.0% for the EUR Term Loan for the year ended December 31, 2020.

The Company has not borrowed on the Revolver and incurred fees of $0.4 million during the years ended December 31, 2020 and 2019. The Revolver matures in 2024.

Debt issuance costs and discounts related to the Senior Notes, USD Term Loan and EUR Term Loan are reported in the Consolidated Balance Sheet as a direct deduction from the face amount of the debt. These costs are amortized as a component of “Interest expense” in the Consolidated Statements of Operations utilizing the effective interest method. As of December 31, 2020, the Company was compliant with all debt covenants and obligations.

10. COMMITMENTS AND CONTINGENCIES

Commitments — The Company has entered into agreements that represent significant, enforceable and legally binding contractual obligations that are noncancelable without incurring a significant penalty. If a contract is cancelable with a penalty, the amount shown in the table below is the full contractual obligation, not the penalty, as the Company currently intends to fulfill each of these obligations.

F-71
Liabilities for uncertain tax positions are excluded from this table due to the uncertainty of the timing of the resolution of the underlying tax positions. At December 31, 2020, net uncertain tax positions were $59.7 million, which is reduced by a benefit of $3.5 million. The entire balance as of December 31, 2020 is non-current as the timing of resolution is uncertain and no portion of these liabilities is expected to be cash settled within the next 12 months.

Payments under purchase orders, certain sponsorships, donations and other commitments that are not enforceable and legally binding contractual obligations are also excluded from this table, as are payments, guaranteed and contingent, under employment contracts because they do not constitute purchase commitments.

The Company leases real estate under operating lease agreements that expire on various dates and does not anticipate any difficulties in renewing those leases that expire within the next several years or in leasing other space or hosting facilities, if required. The Company enters into unconditional purchase obligations related to contracts for cloud-based services, infrastructure and other business services as well as minimum royalty guarantees in connection with certain content licenses. The future minimum payments under debt obligations, non-cancelable operating leases and other purchase obligations are as follows as of December 31, 2020 (in thousands):

Contingencies — The Company indemnifies certain customers from claims related to alleged infringements of the intellectual property rights of third parties or misappropriation of publicity or personality rights of third parties, such as claims arising from copyright infringement or failure to secure model and property releases for images the Company licenses if such a release is required. The standard terms of these indemnifications require the Company to defend those claims upon notice and pay related damages, if any. The Company typically mitigates this risk by requiring all uses of licenses to be within the scope of the license, securing all necessary model and property releases for imagery for which the Company holds the copyright, and by contractually requiring contributing photographers and other imagery partners to do the same prior to submitting any imagery to the Company and by limiting damages/liability in certain
circumstances. Additionally, the Company requires all contributors and Image Partners, as well as potential acquisition targets to warrant that the content licensed to or purchased by the Company does not and shall not infringe upon or misappropriate the rights of third parties. The Company requires contributing photographers, other imagery partners and sellers of businesses or image collections that Getty Images has purchased to indemnify the Company in certain circumstances where a claim arises in relation to an image they have provided or sold to the Company. Imagery Partners are typically required to carry insurance policies for losses related to such claims and individual contributors are encouraged to carry such policies and the Company itself has insurance policies to cover litigation costs for such claims. The Company will record liabilities for these indemnifications if and when such claims are probable and the range of possible payments and available recourse from imagery partners can be assessed, as applicable. Historically, the exposure to such claims has been immaterial, as were the recorded liabilities for intellectual property infringement at December 31, 2020 and 2019.

In the ordinary course of business, the Company enters into certain types of agreements that contingently require the Company to indemnify counterparties against third-party claims. These may include:

- agreements with vendors and suppliers, under which the Company may indemnify them against claims arising from Getty Images’ use of their products or services;
- agreements with customers other than those licensing images, under which the Company may indemnify them against claims arising from their use of Getty Images’ products or services;
- agreements with agents, delegates and distributors, under which the Company may indemnify them against claims arising from their distribution of Getty Images’ products or services;
- real estate and equipment leases, under which the Company may indemnify lessors against third-party claims relating to use of their property;
- agreements with directors and officers, under which the Company indemnifies them to the full extent allowed by Delaware law against claims relating to their service to Getty Images;
- agreements with purchasers of businesses Getty Images has sold, under which Getty Images may indemnify the purchasers against claims arising from the Company’s operation of the businesses prior to sale; and
- agreements with initial purchasers and underwriters of the Company’s debt securities, under which Getty Images indemnifies them against claims relating to their participation in the Transactions.

The nature and terms of these indemnifications vary from contract to contract, and generally a maximum obligation is not stated. Because management does not believe a liability is probable, no related liabilities were recorded at December 31, 2020 and 2019.

The Company is subject to a variety of legal claims and suits that arise from time to time in the ordinary course of business. Although management currently believes that resolving such claims, individually or in aggregate, will not have a material adverse impact on the consolidated financial statements, these matters are subject to inherent uncertainties and management’s view of these matters may change in the future. The Company holds insurance policies that mitigate potential losses arising from certain indemnifications, and historically, significant costs related to performance under these obligations have not been incurred.

#### Measurement

The Redeemable Preferred Stock is considered probable of becoming redeemable as the holders have an option to request redemption of their Redeemable Preferred Shares on February 19, 2027. As such, the Company recognized a $127.4 million increase in the redemption value at issuance and any future changes in the redemption value will be recognized in the period they occur. These changes are effected by charges against paid-in capital as the Company is currently in a retained deficit.

The Redeemable Preferred Stock has no voting rights and is not convertible into any other equity interests.

14. EQUITY-BASED COMPENSATION

Certain employees of the Company have been granted equity awards under the Amended and Restated 2012 Equity Incentive Plan of the Parent (the “Equity-Based Compensation Plan”). Under this plan, certain employees of the Company were granted a combination of time-based and performance-based awards. The Equity-Based Compensation Plan generally requires exercise of stock options within 10 years of the grant date. Vesting is determined by the applicable grant agreement and has historically occurred either in time-based installments over four or five years from date of grant, or upon achievement of certain performance targets over a five-year period.

The total number of awards authorized under the Amended Equity-Based Compensation Plan is 31.0 million. All awards have been issued with exercise prices equal to no less than the estimated fair value of the common stock on the grant date. Any awards issued as a result of option exercises are subject to restrictions as outlined in the Second Amended and Restated Certificate of Incorporation.

Equity award activity during the years ended December 31, 2020 and 2019 was as follows (in thousands except weighted average data and years):

</tbody>
</table>
As of December 31, 2020 there was $12.0 million of total unrecognized compensation expense related to outstanding time-based awards, which the Company expects to recognize over a weighted average period of approximately 2.3 years. During the years ended December 31, 2020 and 2019, the fair value of time-based awards that vested was $10.1 million and $4.7 million, respectively.

The weighted-average grant-date fair value, the valuation model used to estimate the fair value, and the assumptions input into that model, for awards granted were as follows:

<table>
<thead>
<tr>
<th>Year Ended December 31,</th>
<th>2020</th>

</tbody>
</table>

The stock volatility assumption for award-based compensation is based on historical volatilities of the common stock of several public companies with characteristics similar to those of the Company since the Company’s common stock is not traded in the public market.

The risk-free rate of return represents the implied yield available during the month the award was granted for a U.S. Treasury zero-coupon security issued with a term equal to the expected life of the awards.

The expected life is measured from the grant date and is based on the simplified method calculation.

Equity-based compensation expense is recorded in “Selling, general and administrative expenses” in the Consolidated Statements of Operations, net of estimated forfeitures. The following table summarizes the impact of equity-based compensation on the results of operations (in thousands):

15. DEFINED CONTRIBUTION EMPLOYEE BENEFIT PLANS

The Company sponsors defined contribution retirement plans in which the majority of employees are able to participate.

The Company sponsors one defined contribution plan in the U.S., a 401(k) plan, in which all U.S. employees over 18 years of age are auto-enrolled unless they opt-out. The Company matches 100% of participant contributions, up to the first 4% of each participant’s eligible compensation (generally including salary, bonuses and commissions), not to exceed the Internal Revenue Service per person annual limitations. Additionally, the Company sponsors one defined contribution pension plan in the U.K. Employees who contribute a minimum of 3% of their eligible compensation (generally including salary, bonuses, and commissions), generally receive a Company contribution of 3% of eligible compensation. Lastly, the Company also has a group registered retirement savings plan (RRSP) for employees in Canada. The Company matches dollar-for-dollar up to 3% of base salary. Employee contributions are deducted on a pre-tax basis and they may begin participating after 3 months of service.
The Company's contributions to these plans and other defined contribution plans worldwide totaled $5.4 million and $6.7 million for the years ended December 31, 2020 and 2019, respectively. These contributions were recorded as “Selling, general and administrative expenses” in the Consolidated Statements of Operations.

16. RESTRUCTURING COSTS

The Company committed to certain restructuring actions intended to simplify the business and improve operational efficiencies, which have resulted in headcount reductions. Restructuring costs were $9.1 million and $7.0 million for the years ended December 31, 2020 and 2019, respectively, composed of employee termination costs and lease loss. Substantially all of the expected charges related to these activities have been incurred during 2020 and 2019. The Company actively evaluates cost efficiencies and may make decisions in future periods to take further actions which could incur additional restructuring charges.

Accrued losses on leased properties and employee termination costs changed during the periods presented as follows (in thousands):

As of December 31, 2020, the remaining accrued employee termination costs will be settled in 2021 and the remaining accrued losses on leased properties will be satisfied over the remaining lease terms, which extend through 2026. These accrued restructuring costs are included in “Accrued expenses” and “Other long-term liabilities” on the Consolidated Balance Sheets.

**Uncertain Tax Positions** — The Company follows the provisions of accounting for uncertainty in income taxes. This guidance clarifies the accounting for uncertainty in income taxes recognized in the consolidated financial statements and prescribes a recognition threshold of more likely than not and a measurement attribute on all tax positions taken or expected to be taken in a tax return for their recognition in the financial statements.

As of December 31, 2020, the Company had $47.6 million of gross unrecognized tax benefits, of which $43.1 million, if fully recognized, would affect our effective tax rate. The timing of resolution for these liabilities is uncertain. The resolution of these items may result in additional or reduced income tax expense. Possible releases of liabilities due to expirations of statutes of limitations will have the effect of decreasing our income tax expense and the effective tax rate, if and when they occur. Although the timing of resolution and/or closure of tax audits cannot be predicted with certainty, the Company believes approximately $19.6 million of its reserves for uncertain tax positions may be released in the next 12 months. As of September 30, 2021, we released $12.6 million of liability related to uncertain tax positions due to expiration of statutes of limitations.

The Company recognizes interest and penalties related to liabilities for uncertain tax positions in income tax expense in the consolidated statements of operations. Interest and penalties were $2.5 million and $3.8 million for the years ended December 31, 2020 and 2019, respectively. The Company has recognized total accrued interest and penalties of approximately $18.6 million as of December 31, 2020, and $16.1 million as of December 31, 2019, relating to uncertain tax positions.

The Company conducts business globally and, as a result, the Company and its subsidiaries file income tax returns in the U.S., including various states, and foreign jurisdictions. In the normal course of business, the Company is subject to examination by taxing authorities throughout the world. With few exceptions, the tax years 2015 and forward are open for U.S. federal and state income tax matters. With few exceptions, foreign tax filings are open for years 2012 and subsequent years. As of December 31, 2020, the Company is currently undergoing audit examinations for tax years 2005 through 2017 by the German Federal Ministry of Finance, for tax years 2015 through 2017 by the New York State Department of Taxation, and for tax years 2012 through 2016 by the Canada Revenue Agency.

Deferred Taxes and Valuation Allowances — The Company follows authoritative guidance for accounting for income taxes, which requires the Company to reduce deferred tax by a valuation allowance if, based on the weight of all available positive and negative evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. After consideration of all available evidence for the realizability of U.S. deferred tax assets, the Company provided a valuation allowance of $101.8 million and $93.0 million for the years ended December 31, 2020 and December 31, 2019, respectively. In future periods, the Company will evaluate the positive and negative evidence available at the time in order to support its analysis for a valuation allowance, and as a result the Company may release its valuation allowance in part, or in total, when it becomes more likely than not that the deferred tax assets will be realized.

20. SUBSEQUENT EVENTS

On April 1, 2021, the Company completed its acquisition of all of the outstanding shares of Unsplash Inc. (“Unsplash”), a company that provides a platform for sharing exclusively curated, world-class images, free for use, for $95.4 million in cash plus additional conditional payments (“Contingent Consideration”). The Contingent Consideration payments are based on future revenue targets of Unsplash. The Company determined the acquisition-date fair value to be $13.2 million, based on the likelihood of paying cash related to the contingent earn-out clauses, as part of the consideration transferred.

The fair value of consideration transferred in this business combination was allocated to the intangible and tangible assets acquired and liabilities assumed at the acquisition date, with the remaining unallocated amount recorded as goodwill.

1. DESCRIPTION OF THE BUSINESS

Griffey Global Holdings, Inc. ("Griffey Holdings" or "the Company") was incorporated in Delaware on September 25, 2012. In October of the same year, the Company indirectly acquired Getty Images, Inc. ("Getty Images"). Getty Images and its subsidiaries collectively represent the operations of the Company.

Getty Images is a world leader in serving the visual content needs of businesses with over 469 million assets available through its industry-leading sites; gettyimages.com, istock.com and unsplash.com. The Company serves businesses in almost every country in the world with websites in eighteen languages bringing content to media outlets, advertising agencies and corporations and, increasingly, serving individual creators and prosumers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation — These unaudited condensed consolidated financial statements and accompanying notes have been prepared in accordance with the generally accepted accounting principles in the United States ("U.S. GAAP") for interim reporting. Certain notes or other information that are normally required by U.S. GAAP have been omitted if they substantially duplicate the disclosures contained in the Company’s annual audited financial statements. Accordingly, the unaudited financial statements should be read in connection with the Company’s audited financial statements and related notes as of December 31, 2020 and 2019 and for the two years ended December 31, 2020 and 2019. The financial data and the other financial information disclosed in the notes to the financial statements related to these periods are also unaudited. The accompanying unaudited interim financial statements, in the opinion of management, include all normal and recurring adjustments necessary for a fair presentation of the Company’s unaudited financial statements for the periods presented.

The results of operations for the nine months ended September 30, 2021 are not necessarily indicative of the results to be expected for the fiscal year ended December 31, 2021 or for any other future annual or interim period.

The accompanying unaudited financial statements include the accounts and operations of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

Deferred Offering Costs — The Company has capitalized direct and incremental qualified legal, accounting and direct costs related to its proposed equity offering and merger with CC Neuberger Principal Holdings II, a Cayman Island except company ("CCNB"). Deferred offering costs are included in other assets on the balance sheets and will be deferred until the completion of the equity offering and merger with CCNB, at which time they will be deducted from the combined companies’ additional paid-in capital. If the Company terminates its planned equity offering and merger or there is a significant delay, all of the deferred offering costs will be immediately written off to operating expenses. As of September 30, 2021, $1.2 million of deferred offering costs were capitalized.

Contingent Consideration — The Company records a liability for contingent consideration at the date of a business combination and reassesses the fair value of the liability each period until it is settled. Upon settlement of these liabilities, the portion of the contingent consideration payment that is attributable to the initial amount recorded as part of the business combination will be classified as a cash flow from financing activities and the portion of the settlement that is attributable to subsequent changes in the fair value of the contingent consideration will be classified as a cash flow from operating activities in the Condensed Consolidated Statement of Cash Flows.

Estimates and Assumptions — The preparation of condensed consolidated financial statements in conformity with U.S. GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and revenues and expenses reported during the period. Some of the estimates and assumptions that require the most difficult judgments are: a) the appropriateness of the
valuation and useful lives of intangibles and other long-lived assets; b) the appropriateness of the amount of accrued income taxes, including the potential outcome of future tax consequences of events that have been recognized in the condensed consolidated financial statements as well as the deferred tax asset valuation allowances; c) the sufficiency of the allowance for doubtful accounts; d) the assumptions used to value equity-based compensation arrangements; e) the assumptions used to allocate transaction price to multiple performance obligations for uncapped subscription arrangements; f) the assumptions used to estimate unused capped subscription-based and credit-based products; and g) the assumptions used to estimate the Contingent Consideration. These judgments are inherently uncertain which directly impacts their valuation and accounting. Actual results and outcomes may differ from management’s estimates and assumptions.

Cash, Cash Equivalents and Restricted Cash — The following represents the Company’s cash, cash equivalents and restricted cash as of September 30, 2021 and December 31, 2020 (in thousands):

Cash equivalents are short-term, highly liquid investments that are both readily convertible to cash and have maturities at the date of acquisition of three months or less. Cash equivalents are generally composed of investment-grade debt instruments subject to lower levels of credit risk, including certificates of deposit and money market funds. The Company’s current cash and cash equivalents consist primarily of cash on hand, bank deposits, and money market accounts.

Restricted cash consists of cash held as collateral related to corporate credit cards and real estate lease obligations.

Accounts Receivable — Net — Accounts receivable are trade receivables, net of reserves for allowances for doubtful accounts totaling $7.0 million as of September 30, 2021 and $7.8 million as of December 31, 2020. During the nine months ended September 30, 2021, the Company recorded bad debt expense of $0.5 million.

Allowance for doubtful accounts is calculated based on historical losses, existing economic conditions, and analysis of specific older account balances of customer and delegate accounts. Trade receivables are written off when collection efforts have been exhausted.

Minority Investment without Readily Determinable Fair Value — As of September 30, 2021 and December 31, 2020, the Company’s long-term investments in equity securities with no readily determinable fair value, totaled $8.5 million, and were reported within “Other assets” on the Condensed Consolidated Balance Sheets. The Company uses the measurement alternative for these equity investments and their carrying value is reported at cost, adjusted for impairments or any observable price changes in ordinary transactions with identical or similar investments.

On a quarterly basis, the Company evaluates the carrying value of its long-term investments for impairment, which includes an assessment of revenue growth, earnings performance, working capital and general market conditions. As of September 30, 2021, no adjustments to the carrying values of the Company’s long-term investments were identified as a result of this assessment. Changes in performance negatively impacting operating results and cash flows of these investments could result in the Company recording an impairment charge in future periods.

Revenue Recognition — Revenue is derived principally from licensing rights to use images, video footage and music that are delivered digitally over the internet. Digital content licenses are generally purchased on a monthly or annual subscription basis, whereby a customer either pays for a predetermined quantity of content or for access to the Company’s content library that may be downloaded over a specific period of time, or, on a transactional basis, whereby a customer pays for individual content licenses at the time of download. Also, a significant portion of revenue is generated through the sale and subsequent use of credits. Various amounts of credits are required to license digital content.
The Company maintains a credit department that sets and monitors credit policies that establish credit limits and ascertains customer creditworthiness, thus reducing the risk of potential credit loss. Revenue is not recognized unless it is determined that collectability is reasonably assured. Revenue is recorded at invoiced amounts (including discounts and applicable sales taxes) less an allowance for sales returns which is based on historical information. Customer payments received in advance of revenue recognition are contract liabilities and are recorded as deferred revenue. Customers that do not pay in advance are invoiced and are required to make payments under standard credit terms.

The Company recognizes revenue under the core principle to depict the transfer of control to the Company’s customers in an amount reflecting the consideration to which the Company expects to be entitled. In order to achieve that core principle, the Company applies the following five-step approach: (i) identify the contract with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract and (v) recognize revenue when a performance obligation is satisfied.

For digital content licenses, the Company recognizes revenue on both its capped subscription-based, credit-based sales and single image licenses when content is downloaded, at which time the license is provided. In addition, management estimates expected unused licenses for capped subscription-based and credit-based products and recognizes the revenue associated with the unused licenses throughout the subscription or credit period. The estimate of unused licenses is based on historical download activity and future changes in the estimate could impact the timing of revenue recognition of the Company’s subscription products.

For uncapped digital content subscriptions, the Company has determined that access to the existing content library and future digital content updates represent two separate performance obligations. As such, a portion of the total contract consideration related to access to the existing content library is recognized as revenue at the commencement of the contract when control of the content library is transferred. The remaining contractual consideration is recognized as revenue ratably over the term of the contract when updated digital content is transferred to the licensee.

Recent Accounting Pronouncements — In February 2016, the FASB issued ASU 2016-02, Leases (“ASU 2016-02”). ASU 2016-02 amends the accounting for leases. The new guidance requires the recognition of lease assets and liabilities for operating leases with terms of more than twelve months, in addition to those currently recorded, on the condensed consolidated balance sheets. Presentation of leases within condensed consolidated statements of operations and condensed consolidated statements of cash flows will be generally consistent with the current lease accounting guidance. The ASU effective date has been extended by an additional year and is now effective for private companies for reporting periods beginning after December 15, 2021, with early adoption permitted. The Company is in the process of evaluating the impact of this new guidance on the condensed consolidated financial statements and expects to record right of use assets and lease liabilities upon adoption.

In June 2016, the FASB issued ASU 2016-13 (Topic 326), Financial Instruments — Credit Losses (“ASU 2016-13”). ASU 2016-13 changes how to recognize expected credit losses on financial assets. The current credit loss standard generally requires that a loss actually be incurred before it is recognized, while the new standard will require recognition of full lifetime expected losses upon initial recognition of the financial instrument. The effective date of ASU 2016-13 for non-public companies is fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. The Company is currently evaluating the impact of ASU 2016-13 on its financial statements for future periods and had not elected early adoption.

3. DERIVATIVE INSTRUMENTS

Foreign Currency Risk — Certain assets, liabilities and future operating transactions are exposed to foreign currency exchange rate risk. The Company utilizes derivative financial instruments, namely foreign currency forwards and option contracts, to reduce the impact of foreign currency exchange rate risks where natural hedges do not exist. The Company is exposed to market risk from foreign currency exchange rate fluctuations as a result of foreign currency-denominated revenues and expenses. The Company enters into
4. ACQUISITION

On April 1, 2021 (the “Closing Date”), the Company acquired all of the outstanding shares of Unsplash Inc. (“Unsplash”) in exchange for $95.4 million in cash plus additional conditional payments (“Contingent Consideration”).

The Contingent Consideration payments are based on revenue of Unsplash for (i) the period commencing May 1, 2021 and ending on the earlier of when the trailing 12-month revenues of Unsplash reaches $10 million (the “Two-Year Earnout”) or two years, and (ii) the period commencing May 1, 2021 and ending on the earlier of when the trailing 12-month revenues of the Unsplash reaches $30 million (the “Three-Year Earnout”) or three years.

If the Two-Year Earnout is met, the payment will be $10 million, plus $1 thousand for every $1 million in revenues that exceed $10 million and $2.5 thousand for every $1 million in revenues that exceeds $20 million in that trailing 12-month period.

If the Three-Year Earnout is met, the payment will be $10 million, plus $1 thousand for every $1 million in revenues that exceed $30 million and $2.5 thousand for every $1 million in revenues that exceeds $60 million in that trailing 12-month period.

To estimate the fair value of the Contingent Consideration, the Company used a variation of an income approach where revenue was simulated in a risk-neutral framework using Geometric Brownian Motion, which is a model of stock price behavior that is used in option pricing models such as the Black-Scholes option pricing model. The real options method extends this model to situations where the asset of interest (revenue in this case) is not priced in the market. The Company determined the acquisition-date fair value of the Contingent Consideration to be $13.2 million, based on the likelihood of paying

F-92
cash related to the contingent earn-out clauses, as part of the consideration transferred. See “Note 5 — Fair Value of Financial Instruments” for subsequent measurements of these contingent liabilities.

The transaction was accounted for using the acquisition method and, accordingly, the results of the acquired business have been included in the Company’s results of operations from the acquisition date. In connection with the acquisition, the Company incurred approximately $0.4 million of transaction costs.

Unsplash provides a platform for sharing exclusively curated, world-class images, free for use. With more than 100 million image downloads and 20 billion image views per month, Unsplash has become a leading source for visuals on the internet. This acquisition will allow the Company to increase its presence across the full spectrum of the world’s growing creative community.

The fair value of consideration transferred in this business combination was allocated to the intangible and tangible assets acquired and liabilities assumed at the acquisition date, with the remaining unallocated amount recorded as goodwill. Goodwill is primarily attributed to assembled workforce of Unsplash and expected synergies from combining operations. Goodwill recognized for this acquisition was allocated to the Company’s one operating segment and is generally not tax deductible.

The identifiable intangible assets, which include contributor content, customer relationships, developed technology, and trade names, have a weighted average life of approximately 6.0 years and are being amortized on a straight-line basis. The fair value of the customer relationships was determined using a variation of the income approach known as the multiple-period excess earnings method. The fair value of the trade names and developed technology were determined using the relief-from-royalty method and the fair value of the contributor content was determined using the cost-to-recreate method.

The revenue and operating loss from Unsplash included in the Company’s unaudited condensed consolidated statements of operations for the nine months ended September 30, 2021 was $3.7 million and $1.3 million, respectively.
Pro forma revenue and earnings amounts on a combined basis have not been presented as they are not material to the Company’s historical pre-acquisition financials.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company’s disclosable financial instruments consist of cash equivalents, forward foreign currency exchange contracts, interest rate swaps and debt. Assets and liabilities measured at fair value on a recurring basis (cash equivalents, forward exchange contracts and interest rates swaps) and a nonrecurring basis (debt) are categorized in the tables below.

The fair value of the Company’s Term Loans and Senior Notes are based on market quotes provided by a third-party pricing source.
The fair value of the Company’s interest rate swap contracts and foreign currency exchange contracts are based on market quotes provided by the counterparty. Quotes by the counterparty are calculated based on observable current rates and forward interest rate curves and exchange rates. The Company recalculates and validates this fair value using publicly available market inputs using the market approach.

As of September 30, 2021, the Company had estimated its obligations to transfer Contingent Consideration relating acquisition of Unsplash to be $13.7 million, respectively. See “Note 4 — Acquisition”. The Company recorded the acquisition-date fair value the Contingent Consideration, based on the likelihood of contingent earn-out payments, as part of the consideration transferred. The earn-out payments are remeasured to fair value each reporting date. Changes in the fair value of the Contingent Consideration are recognized within “Other operating expense — net “of the Condensed Consolidated Statement of Operations. The fair value of the Contingent Consideration is based on significant inputs not observable in the market, and as such the Company classified the financial liability as Level 3. The fair value of the Contingent Consideration may change significantly as additional data is obtained, impacting the Company’s assumptions regarding probabilities of outcomes used to estimate the fair value of the liabilities. In evaluating this information, considerable judgment is required to interpret the data used to develop the assumptions and estimates. The estimates of fair value may not be indicative of the amounts that could be realized in a current market exchange. Accordingly, the use of different market assumptions and/or different valuation techniques may have a material effect on the estimated fair value amounts, and such changes could materially impact the Company’s results of operations in future periods.

The following table provides quantitative information associated with the fair value measurements of the Company’s Level 3 inputs:

<table>

This Contingent Consideration was valued using an income approach where revenue was simulated in a risk-neutral framework using Geometric Brownian Motion, a model of stock price behavior that is used in option pricing models such as the Black-Scholes option pricing model. The real options method extends this model to situations where the asset of interest (revenue in this case) is not priced in the market. The significant unobservable inputs used in the fair value measurement of the Contingent Consideration forecasts of expected future revenues and the probability of achievement of those forecasts. Increases in the assessed likelihood of a higher payout under a Contingent Consideration arrangement contribute to increases in the fair value of the related liability. Conversely, decreases in the assessed likelihood of a higher payout under a Contingent Consideration arrangement contribute to decreases in the fair value of the related liability.

The following table presents changes in the fair value of the Contingent Consideration for the nine months ended September 30, 2021 (in thousands):

The face value of the EUR Term Loans was €419 million and €425 million as of September 30, 2021 and December 31, 2020, converted using currency exchange rates as of those dates.

As of September 30, 2021, the Company was compliant with all debt covenants and obligations.

11. COMMITMENTS AND CONTINGENCIES

In the ordinary course of business, the Company enters into certain types of agreements that contingently require the Company to indemnify counterparties against third-party claims. The nature and terms of these indemnifications vary from contract to contract, and generally a maximum obligation is not stated. Because management does not believe a liability is probable, no related liabilities were recorded at September 30, 2021 and December 31, 2020.

The Company is subject to a variety of legal claims and suits that arise from time to time in the ordinary course of business. Although management currently believes that resolving such claims, individually or in aggregate, will not have a material adverse impact on the condensed consolidated financial statements, these matters are subject to inherent uncertainties and management’s view of these matters may change in the future. The Company holds insurance policies that mitigate potential losses arising from certain indemnifications, and historically, significant costs related to performance under these obligations have not been incurred.

12. REVENUE

The Company distributes its content and services offerings through three primary products:

Creative — Creative is comprised of royalty free photos, illustrations, vectors and videos, that are released for commercial use and cover a wide variety of commercial, conceptual and contemporary subjects, including lifestyle, business, science, health, wellness, beauty, sports, transportation and travel. This content is available for immediate use by a wide range of customers with a depth and quality allowing our customers to produce impactful websites, digital media, social media, marketing campaigns, corporate collateral, textbooks, movies, television and online video content relevant to their target geographies and audiences. We primarily source Creative content from a broad network of professional, semi-professional and amateur creators, many of whom are exclusive to Getty Images. We have a global creative team of over 60 employees dedicated to providing briefing and art direction to our exclusive contributor community.

Editorial — Editorial is comprised of photos and videos covering the world of entertainment, sports and news. We combine contemporary coverage of events around the globe and have one of the largest privately
held archives globally with access to images from the beginning of photography. We invest in a dedicated editorial team of over 300 employees which includes over 120 award-winning staff photographers and videographers to generate our own coverage in addition to coverage from our network of primarily exclusive contributors and content partners.

**Other** — The Company offers a range of additional products and services to deepen the customer relationships, enhance customer loyalty and create additional differentiation in the market. These additional products and services currently include music licensing, digital asset management and distribution services, print sales, data revenues and certain retired products including Rights Managed.

Such dividends are also included as an adjustment to net income (loss) attributable to Griffey Holdings. See “Note 18 — Net Income (Loss) Attributable to Common Stockholders”.

The Company has classified its Redeemable Preferred Stock as mezzanine equity in the balance sheets as the shares are redeemable at the option of the holders.

The Redeemable Preferred Stock is considered probable of becoming redeemable as the holders have an option to request redemption of their Redeemable Preferred Shares on February 19, 2027. The Redeemable Preferred Stock has no voting rights and is not convertible into any other equity interests.

### 14. **EQUITY-BASED COMPENSATION**

In August 2021, the Board of Directors voted to increase the maximum number of shares of common stock authorized for issuance under the Amended and Restated 2012 Equity incentive Plan from 31 million shares to 32 million shares.

Equity-based compensation expense is recorded in “Selling, general and administrative expenses” in the Condensed Consolidated Statements of Operations, net of estimated forfeitures. 15. RESTRUCTURING COSTS

The Company committed to certain restructuring actions intended to simplify the business and improve operational efficiencies, which have resulted in headcount reductions. The final settlement of certain estimated and previously accrued employee termination costs resulted in a net credit to restructuring of $459 thousand for the nine months ended September 30, 2021. The Company incurred $9.6 million in employee termination costs and lease loss for the nine months ended September 30, 2020. Substantially all of the expected charges related to these activities were incurred in 2020. The Company actively evaluates cost efficiencies and may make decisions in future periods to take further actions which could incur additional restructuring charges.

These accrued restructuring costs are included in “Accrued expenses” on the Condensed Consolidated Balance Sheets.

16. INCOME TAXES

The Company recorded an income tax expense of $19.2 million for the nine months ended September 30, 2021, as compared to income tax expense of $20.8 million for the nine months ended September 30, 2020. The change in tax expense compared to the prior year is primarily due to a release of uncertain tax position reserve, partially offset by increases in pre-tax income in certain jurisdictions, jurisdictions with losses and tax attributes for which no tax benefit can be recognized, and an increase in foreign withholding tax expense. The provision for income taxes for interim periods is determined using an estimate of our annual effective rate. Any changes to the estimated annual rate is recorded in the interim period in which the change occurs.

The Company’s effective income tax rates for the nine months ended September 30, 2021 was 20.2%. The most significant drivers of the difference between the Company’s 2021 statutory U.S. federal income tax rate of 21.0% and the Company’s effective tax rate are release of uncertain tax position reserve, partially offset by increases in pre-tax income in certain jurisdictions, jurisdictions with losses and tax attributes for which no tax benefit can be recognized, and an increase in foreign withholding tax expense. The effective income tax rates for the nine months ended September 30, 2020 was (88.8%). The most significant drivers of the difference between the Company’s 2020 statutory U.S. federal income tax rate of 21.0% and the Company’s effective tax rate are jurisdictions with losses, tax attributes for which no tax benefit can be recognized and tax expense that is not analogous to pretax income, primarily withholding tax and U.S. income tax.

Company Equityholders in accordance with the Allocation Schedule and shall consist of:

(ii) Allocation of Merger Consideration. At the First Effective Time (and, for the avoidance of doubt, following the Partnership Liquidation), by virtue of the First Getty Merger and without any action on the part of any Party or any other Person, each Company Share that is issued and outstanding immediately prior to the First Effective Time (including Company Common Shares resulting from the Partnership Liquidation, other than Dissenting Shares and Company Shares, if any, held in the treasury of the Company, which treasury shares shall be canceled for no consideration as part of the First Getty Merger and shall not constitute "Company Shares" hereunder), shall be automatically canceled and extinguished and converted into the right to receive the applicable portion of the Merger Consideration set forth in Section 3.1(b)(i) above, as allocated pursuant to the Allocation Schedule and subject to the terms herein.

(iii) Company Options.

(A) At the First Effective Time (and, for the avoidance of doubt, following the Partnership Liquidation), by virtue of the First Getty Merger and without any action on the part of any Party, each Company Option (whether a Vested Company Option or an Unvested Company Option) that is issued and outstanding immediately prior to the First Effective Time shall, automatically by virtue of the occurrence of the First Effective Time and without any action on the part of any Person, be assumed by New CCNB and converted into an option to purchase a number of New CCNB Class A Common Shares under the EIP (a “New CCNB Option”) equal to (I) the number of Company Common Shares subject to such Company Option immediately prior to the First Effective Time multiplied by (II) the Option Exchange Ratio, and rounded down to the nearest whole number of New CCNB Class A Common Share and at an exercise price per New CCNB Class A Common Share equal to (1) the exercise price per Company Common Share subject to such Company Option divided by (2) the Option Exchange Ratio, and rounded up to the nearest whole cent; provided that the exercise price and the number of New CCNB Class A Common Shares subject to the New CCNB Option shall be determined in a manner consistent with the requirements of Section 409A of the Code, and, in the case of each Company Option that is intended to qualify as an “incentive stock option” within the meaning of Section 422 of the Code, consistent with the requirements of Section 424 of the Code. Except as otherwise provided in this Section 3.1(b)(iii), each New CCNB Option shall continue to be governed by substantially the same terms and conditions (including expiration date, vesting and exercisability terms) as were applicable to the corresponding former Company Option immediately prior to the First Effective Time.

(B) At the First Effective Time, no new awards will be granted under the Company Equity Plan, and the Company Equity Plan shall terminate without any further obligations or Liabilities to the Company or any of its Affiliates (including, for the avoidance of doubt, CCNB or New CCNB) except as expressly contemplated by this Section 3.1(b)(iii).

(C) Prior to the First Effective Time, the Company shall take, or cause to be taken, all reasonably necessary actions (including adopting resolutions by the Company board of directors or a committee thereof) under the Company Equity Plan, under the underlying award agreement and otherwise to give effect to the provisions of this Section 3.1(b)(iii). Prior to such adoption, the Company will provide CCNB and New CCNB with drafts of, and a reasonable opportunity to comment on, such resolutions, with such comments to be reasonably considered by the Company.

(iv) Adjustments to the Cash Consideration and the Preferred Stock Consideration. If the condition specified in Section 9.3(c) is not satisfied as of the Measurement Time and the Company elects to proceed with the Closing, which election shall be in the sole and absolute discretion of the Company, then:
(A) first, the Company shall have the option to cause New CCNB to enter into a Permitted Equity Subscription Agreement with one or more Company Stockholders, as directed by the Company (and New CCNB and CCNB shall so enter into such Permitted Equity Subscription Agreement), with an aggregate subscription amount up to the amount which, when added to Available Cash, would satisfy the condition specified in Section 9.3(c) (the amount so subscribed under this clause (A), the "Optional Equity Cure Amount"); and

(B) second, if the Optional Equity Cure Amount is not sufficient to satisfy the condition specified in Section 9.3(c), then:

1) the Preferred Cash Consideration will be decreased by an amount equal to the difference between (x) the amount of Net Funded Indebtedness after taking into account the Optional Equity Cure Amount minus (y) the Maximum Net Indebtedness Amount (the "Cash Adjustment Amount"); and

2) the Preferred Stock Consideration will be increased by a number of New CCNB Class A Common Shares equal to the quotient obtained by dividing (x) the Cash Adjustment Amount by (y) the Reference Price. If following the application of clauses (A) and (B) of this Section 3.1(b)(iv), the condition specified in Section 9.3(c) is not satisfied, the condition shall not be permitted to be waived and the Closing shall not occur without the consent of each of CCNB and the Company.

(v) Fractional Shares. Notwithstanding anything to the contrary contained herein, no evidence of book-entry shares representing any fractional share of New CCNB Class A Common Shares, New CCNB Series B-1 Common Shares or New CCNB Series B-2 Common Shares shall be issued in exchange for Company Common Shares, Company Preferred Shares, CCNB Class A Ordinary Shares or CCNB Class B Ordinary Shares, as applicable. In lieu of the issuance of any such fractional share, New CCNB shall pay to each former holder of Company Common Shares, Company Preferred Shares, CCNB Class A Ordinary Shares or CCNB Class B Ordinary Shares who otherwise would be entitled to receive such fractional share an amount in cash (rounded up to the nearest cent) determined by multiplying (A) the Reference Price by (B) the fraction of a share (rounded to the nearest thousandth when expressed in decimal form) of New CCNB Class A Common Share, New CCNB Series B-1 Common Share or New CCNB Series B-2 Common Share, as applicable, which such holder would otherwise be entitled to receive pursuant to this Section 3.1.

(c) Legends. Any Equity Interests issued as Merger Consideration hereunder shall bear a restrictive legend that prohibits transfers of such Equity Interests in a manner that would be inconsistent with the Stockholders Agreement or the New CCNB Bylaws.

(d) The Second Getty Merger. At the Second Effective Time, by virtue of the Second Getty Merger and without any action on the part of any Party or any other Person: (i) each share of common stock of the First Surviving Company issued and outstanding immediately prior to the Second Effective Time shall be cancelled and shall cease to exist without any conversion thereof or payment therefor; and (ii) the membership interests of G Merger Sub 2 outstanding immediately prior to the Second Effective Time shall be converted into and become the membership interests of the Final Surviving Company, which shall constitute one hundred percent (100%) of the outstanding equity interests of the Final Surviving Company. From and after the Second Effective Time, the membership interests of G Merger Sub 2 shall be deemed for all purposes to represent the number of membership interests into which they were converted in accordance with the immediately preceding sentence.

Section 3.2 Allocation Schedule.

(a) At least three (3) Business Days prior to the Closing Date, the Company shall deliver to CCNB an allocation schedule (the "Allocation Schedule") setting forth:

(b) Schedule 3.2(b) contains an illustrative Allocation Schedule (the “Illustrative Allocation Schedule”) prepared by the Company as if the Partnership Liquidation and the Closing occurred as of the date of this Agreement and, without limiting any other covenants, agreements, representations or warranties of the Company under this Agreement or any Ancillary Agreement or any Company Equityholder under any Ancillary Agreement or the rights or remedies of a CCNB Party or the Sponsor with respect thereto, the Allocation Schedule will be substantially in the form of the Illustrative Allocation Schedule and will take into account any changes to the Company’s capitalization between the date of this Agreement and the date of delivery of the Allocation Schedule to CCNB pursuant to Section 3.2(a). The Company will review any comments to the Allocation Schedule provided by CCNB or any of its representatives and consider in good faith and incorporate any reasonable comments proposed by CCNB or any of its representatives.

(c) Notwithstanding the foregoing or anything to the contrary herein, (i) in no event shall the securities to be issued by New CCNB as Merger Consideration pursuant to the Allocation Schedule exceed (A) a number of shares of New CCNB Class A Common Shares equal to the Preferred Stock Consideration (calculated in accordance with this Agreement) plus the aggregate Per Common Share Merger Consideration in respect of the Company Common Shares (included in the calculation of Fully Diluted Common Shares Outstanding) and (B) a number of New CCNB Options equal to the
number of New CCNB Options issued in accordance with Section 3.1(b)(i)(A) of this Agreement, excluding the portion thereof in respect of any Company Common Shares being Dissenting Shares (it being further understood and agreed, for the avoidance of doubt, that in no event shall any New CCNB Class A Common Shares in respect of any such Dissenting Shares be allocated to any other Company Equityholder and shall instead not be allocated at the Closing or otherwise, except solely in the circumstances described in Section 3.5), (ii) the CCNB Parties and the Paying Agent will be entitled to rely upon the Allocation Schedule for purposes of allocating the transaction consideration to the Company Equityholders under this Agreement or under the Paying Agent Agreement, as applicable, and (iii) upon delivery, payment and issuance of the Merger Consideration on the Closing Date to the Paying Agent, CCNB and its respective Affiliates shall be deemed to have satisfied all obligations with respect to the payment of consideration under this Agreement (including with respect to the Merger Consideration), and none of them shall have (A) any further obligations to the Company, any Company Equityholder or any other Person with respect to the payment of any consideration under this Agreement (including with respect to the Merger Consideration), or (B) any Liability with respect to the allocation of the consideration under this Agreement, and the Company and the Company Equityholders hereby irrevocably waive and release CCNB, the Sponsor and their Affiliates (and, on and after the Closing, New CCNB, the Company and its Affiliates) from any and all claims arising out of or resulting from or related to such Allocation Schedule and the allocation of the Merger Consideration, as the case may be, among each Company Equityholder as set forth in such Allocation Schedule.

Section 3.3 Exchange Procedures for CCNB Shareholders.

(a) Joint Instruction Letter. Prior to or on the Closing Date, New CCNB and CCNB will jointly instruct the Transfer Agent to issue to each CCNB Shareholder the applicable portion of the Domestication Merger Consideration as determined in accordance with Section 3.1(a)(i)(A) and Section 3.1(a)(i)(B), pursuant to and in accordance with the terms and conditions of an instruction letter to be delivered to the Transfer Agent in connection therewith.

(b) Sponsor Earn-Out Shares. Notwithstanding anything to the contrary set forth herein, New CCNB and CCNB will jointly instruct the Transfer Agent to issue to the Sponsor the Sponsor Earn-Out Shares in the form of New CCNB Series B-1 Common Shares and New CCNB Series B-2 Common Shares in accordance with the Sponsor Side Letter, which issuance shall be treated in exchange for the New CCNB Pre-Closing Class B Common Shares to which the Sponsor is entitled in respect of the Sponsor Earn-Out Shares in connection with the Domestication Merger.

Section 3.4 Exchange Procedures for Company Equityholders.

(a) Deposit with Paying Agent. Immediately prior to the First Effective Time, CCNB shall deposit (or cause to be deposited) with the Transfer Agent, in its capacity as a paying agent for the benefit of the Company Equityholders (the "Paying Agent"): (i) an amount of cash equal to the Preferred Cash Consideration (less any amount actually paid by the Company as a Preferred Dividend) and (ii) the number of New CCNB Class A Common Shares equal to the aggregate Per Common Share Merger Consideration in respect of the Company Common Shares (including in the calculation of Fully Diluted Common Shares Outstanding) plus the Preferred Stock Consideration, payable to each Company Stockholder in accordance with the Allocation Schedule (such consideration, the "Payment Fund").

(b) Letter of Transmittal. Prior to the Closing, the Company shall mail or otherwise deliver, or CCNB or New CCNB shall cause the Paying Agent to mail or otherwise deliver, to (i) each Company Stockholder entitled to receive the applicable portion of the Merger Consideration, a letter of transmittal substantially in the form attached hereto as Exhibit H, with such changes as may be required by the Paying Agent, and reasonably acceptable to the Company and CCNB (the "Company Stockholder Letter of Transmittal", together with any notice required pursuant to Section 262 of the DGCL, if applicable. Upon delivery of such duly executed Company Stockholder Letter of Transmittal of such Company Stockholder to the Paying Agent or the Company, as applicable, such Company Stockholder shall be entitled to receive, subject to the terms and conditions hereof, the applicable portion of the Merger Consideration as set forth in the Allocation Schedule, in respect of his, her or its Company
Common Shares or Company Preferred Shares, as applicable, which shall be referenced in such Company Stockholder Letter of Transmittal. Until surrendered as contemplated by this Section 3.4(a), each Company Common Share and Company Preferred Share shall be deemed at all times after the First Effective Time to represent only the right to receive upon such surrender the applicable portion of the Merger Consideration to which such Company Stockholder is entitled pursuant to the Allocation Schedule and this Article III. If payment of the applicable portion of the Merger Consideration in respect of his, her or its Company Common Shares or Company Preferred Shares, as applicable, is to be made to a person other than the person in whose name referenced in such Company Stockholder Letter of Transmittal it shall be a condition of payment that (i) the person requesting such exchange present proper evidence of transfer or shall otherwise be in proper form for transfer and (ii) the person requesting such payment shall have paid any Transfer Taxes required by reason of the payment of the applicable portion of the Merger Consideration in respect of his, her or its Company Common Shares or Company Preferred Shares, as applicable, to a person other than the person in whose name referenced in such Company Stockholder Letter of Transmittal or shall have established to the reasonable satisfaction of CCNB that such Tax either has been paid or is not applicable.

(c) **Distributions with Respect to Unexchanged Company Shares.** No dividends or other distributions declared or made after the First Effective Time with respect to New CCNB Class A Common Shares issued as the Merger Consideration with a record date after the First Effective Time shall be paid to a former Company Stockholder with respect to any unexchanged Company Shares until a Company Stockholder Letter of Transmittal has been provided to the Paying Agent in accordance with Section 3.4(a). Subject to the effect of escheat Laws, following the delivery of a Company Stockholder Letter of Transmittal and surrender of such Company Shares (as provided in Section 3.4(a) above), such holder will be promptly paid, without interest, the amount of dividends or other distributions with a record date after the First Effective Time and theretofore paid with respect to whole New CCNB Class A Common Shares.

(d) **Transfer Books; No Further Ownership Rights in the Company Shares.** At the First Effective Time, the stock transfer books of the Company shall be closed and thereafter there shall be no further registration of transfers on the stock transfer books of the Company, as applicable, of the Company Shares that were outstanding immediately prior to the First Effective Time. From and after the First Effective Time, the holders of Company Shares that evidenced ownership of the Company Shares outstanding immediately prior to the First Effective Time shall cease to have any rights with respect to such Company Shares other than the right to receive the (i) applicable portion of the Merger Consideration set forth in the Allocation Schedule and (ii) any dividends or other distributions to which such holder is entitled pursuant to Section 3.4(c), in each case without interest, except as otherwise provided for herein or by applicable Law.

(e) **Termination of Payment Fund.** At any time following the [second (2nd)] anniversary of the Closing Date, New CCNB shall be entitled to require the Paying Agent to deliver to it any portion of the Payment Fund that had been made available to the Paying Agent and which has not been disbursed in accordance with this Section 3.4, and thereafter any holder entitled to receive Merger Consideration pursuant to this Section 3.4, shall be entitled to look only to New CCNB (subject to abandoned property, escheat or other similar Laws) as a general creditor thereof with respect to the payment of any Merger Consideration and any dividends or other distributions to which such holder is entitled pursuant to Section 3.4(c), in each case without interest, that may be payable upon surrender of any Company Shares held by such holders, as determined pursuant to this Agreement, without any interest thereon.

(f) **No Liability.** None of the Paying Agent, New CCNB, the Company or the Final Surviving Company will be liable to any holder or former holder of Company Shares for any amounts paid to any Governmental Entity pursuant to applicable abandoned property, escheat or similar Laws as a general creditor thereof with respect to the payment of any Merger Consideration and any dividends or other distributions to which such holder is entitled pursuant to Section 3.4(c), in each case without interest, that may be payable upon surrender of any Company Shares held by such holders, as determined pursuant to this Agreement, without any interest thereon.

**Section 3.5 Dissenting Stockholder.** Notwithstanding anything to the contrary herein, any Company Share for which any Company Stockholder (such Company Stockholder, a “Dissenting Stockholder”) (a) has

A-35
not voted in favor of the First Getty Merger or consented to it in writing and (b) has demanded the appraisal of such Company Shares in accordance with, and has complied in all respects with, Section 262 of the DGCL (collectively, the “Dissenting Shares”) shall not be converted into the right to receive the applicable portion of the Merger Consideration applicable to such Dissenting Shares in accordance with the Allocation Schedule and the terms of this Agreement. From and after the First Effective Time, (i) the Dissenting Shares shall be cancelled and extinguished and shall cease to exist and (ii) the Dissenting Stockholders shall be entitled only to such rights as may be granted to them under Section 262 of the DGCL and shall not be entitled to exercise any of the voting rights or other rights of a stockholder of the First Surviving Company or any of its Affiliates (including New CCNB); provided, however, that if any Dissenting Stockholder effectively withdraws or loses such appraisal rights (through failure to perfect such appraisal rights or otherwise), then the Company Shares held by such Dissenting Stockholder (A) shall no longer be deemed to be Dissenting Shares and (B) shall be treated as if they had been converted automatically at the First Effective Time into the right to receive the applicable portion of Merger Consideration applicable to such Dissenting Shares in accordance with the Allocation Schedule and the terms of this Agreement upon delivery of a duly completed and validly executed a Company Stockholder Letter of Transmittal in accordance with Section 3.4. For the avoidance of doubt, for purposes of determining the Allocation Schedule and the other related definitions and terms that are affected by the total number of Company Shares outstanding immediately prior to the First Effective Time, any and all Dissenting Shares shall be included in all such determinations as if such Dissenting Shares were participating in the First Getty Merger and were entitled to receive the applicable payments under this Agreement. The Company shall give CCNB prompt notice of any written demands for appraisal of any Company Share, attempted withdrawals of such demands and any other documents or instruments served pursuant to the DGCL and received by the Company relating to stockholders’ rights of appraisal in accordance with the provisions of Section 262 of the DGCL, and CCNB shall have the opportunity to participate in all negotiations and proceedings with respect to all such demands. The Company shall not, except with the prior written consent of CCNB (prior to the Closing) (such consent not to be unreasonably withheld, conditioned or delayed), make any payment or deliver any consideration (including Company Shares, New CCNB Class A Common Shares or New CCNB Class B Common Shares) with respect to, settle or offer or agree to settle any such demands.

Section 3.6 Company Closing Deliveries. At the Closing, the Company shall deliver, or shall cause to be delivered, the following:

A-36
Section 3.8 Payment of Transaction Expenses. At the Closing, the Company shall pay or pay down or cause to be paid the Transaction Expenses to the extent due and payable.

Section 3.9 Issuance of Earn-Out Shares.

(a) During the Earn-Out Period, and as additional consideration for Company Stockholders, within ten (10) Business Days after the occurrence of any Triggering Event, as applicable, New CCNB shall issue or cause to be issued to the Company Stockholders (in accordance with their respective Earn-Out Pro Rata Share) New CCNB Class A Common Shares (which shall be equitably adjusted for stock splits, reverse stock splits, stock dividends, reorganizations, recapitalizations, reclassifications, combinations, exchanges of shares or any other like change or transaction with respect to the New CCNB Class A Common Shares occurring after the Closing) (as so adjusted, the “Earn-Out Shares”), upon the terms and subject to the conditions set forth in this Agreement and the other agreements contemplated hereby:

(i) a one-time issuance of the First Tranche Earn-Out Shares upon the occurrence of the First Price Triggering Event;

(ii) a one-time issuance of the Second Tranche Earn-Out Shares upon the occurrence of the Second Price Triggering Event; and

(iii) a one-time issuance of the Third Tranche Earn-Out Shares upon the occurrence of the Third Price Triggering Event.

(b) For the avoidance of doubt, the Company Stockholders shall be entitled to receive Earn-Out Shares upon the occurrence of each Triggering Event; provided, however, that each Triggering Event shall only occur once, if at all, and in no event shall the Company Stockholders be entitled to receive, in the aggregate, more than the Stockholder Allocable Amount.

(c) At all times while Earn-Out Shares are earnable, New CCNB shall keep available for issuance a sufficient number of unissued Class A Common Shares to permit New CCNB to satisfy its issuance obligations set forth in this Section 3.9 and shall take all actions required to increase the authorized number of Class A Common Shares if at any time there shall be insufficient authorized unissued shares to permit such reservation. The Parties understand and agree that (i) the contingent rights to receive any Earn-Out Shares shall not be represented by any form of certificate or other instrument, are not transferable except: (A) by operation of Law relating to descent and distribution, divorce and community property, and do not constitute an equity or ownership interest in New CCNB, (B) any Transfer (as defined in the Stockholders Agreement) permitted in accordance with the Stockholders Agreement or (C) any Transfer (as defined in the Stockholders Agreement) approved with the prior written consent of New CCNB, and (ii) the Company Stockholders shall not have any rights as a stockholder of New CCNB as a result of the Company Stockholders’ contingent right to receive any Earn-Out Shares hereunder.

(d) If, during the Earn-Out Period, there is a Change of Control that will result in the holders of New CCNB Class A Common Shares receiving a per share price (based on the value of the cash, securities or in-kind consideration being delivered in respect of such New CCNB Class A Common Shares and after giving effect to the issuance of any Earn-Out Shares pursuant to this Section 3.9 in connection with and as part of such Change of Control transaction) equal to or in excess of the share price required in connection with the First Price Triggering Event, Second Price Triggering Event or Third Price Triggering Event, as applicable (such Change of Control, an “Acceleration Event”), then immediately prior to the consummation of such Change of Control (i) the applicable Triggering Event that has not previously occurred shall be deemed to have occurred and (ii) New CCNB shall issue the applicable Earn-Out Shares to the Company Stockholders (in accordance with their respective Earn-Out Pro Rata Share), and the Company Stockholders shall be eligible to participate in such Change of Control in respect of such applicable Earn-Out Shares.
(e) Notwithstanding anything to the contrary contained herein, no evidence of book-entry shares representing any fractional share of New CCNB Class A Common Shares shall be issued in connection with the issuance of any Earn-Out Share (and instead the total number of Earn-Out Shares a Person shall be entitled to receive shall be rounded down to the nearest whole Earn-Out Share). In lieu of the issuance of any such fractional share, New CCNB shall pay to each Company Stockholder would be entitled to receive such fractional share an amount in cash (rounded up to the nearest cent) determined by multiplying by (i) the VWAP of the New CCNB Class A Common Shares on the date the applicable Triggering Event occurs by (ii) the fraction of a share (rounded to the nearest thousandth when expressed in decimal form) of New CCNB Class A Common Share, which such holder would otherwise be entitled to receive pursuant to this Section 3.9.

Section 3.10 Withholding and Wage Payments.

(a) The CCNB Parties, the Company and any other applicable withholding agent shall be entitled to deduct and withhold (or cause to be deducted and withheld) from any amount otherwise payable under this Agreement such amounts as are required to be deducted and withheld with respect to the making of such payment under the Code or any other provision of applicable Laws; provided that, other than with respect to withholding (i) with respect to any payments in the nature of compensation or (ii) attributable to the failure of any Person to provide the documents described in Section 8.1(d) and Section 8.1(e) or required under any Company Stockholder Letter of Transmittal, the CCNB Parties will (or will cause the Paying Agent to) prior to any deduction or withholding use commercially reasonable efforts to (A) notify the Company of any anticipated withholding with respect to amounts otherwise payable to the Company Equityholders pursuant to this Agreement, (B) consult with the Company in good faith to determine whether such deduction and withholding is required under applicable Law and (C) reasonably cooperate with the Company to minimize the amount of any such applicable withholding. To the extent that such withheld amounts are paid over to or deposited with the applicable Governmental Entity, such withheld amounts shall be treated for all purposes hereof as having been paid to the Person in respect of which such deduction and withholding were made.

(b) Notwithstanding the foregoing, to the extent that any amount payable pursuant to this Agreement is being paid to any employee or similar Person of any Group Company that constitutes “wages” or other relevant compensatory amount (including any payments in respect of Company Options), such amount shall be deposited in the payroll account of the applicable Group Company and the amounts due to such employee or similar Person (net of withholding) shall be paid to such Person pursuant to the next practicable scheduled payroll of the applicable Group Company.

with vested entitlements and company pensioners) is definitively set out in the actuarial reports
submitted to CCNB, which have been prepared in accordance with GAAP.
(e) Neither the execution or delivery of this Agreement nor the consummation of the transactions contemplated hereby, alone or together with any other event could, directly or indirectly, (i) result in any payment or benefit becoming due or payable, or required to be provided, to any current or former officer, employee, director or individual independent contractor of the Group Companies under a Company Employee Benefit Plan or otherwise, (ii) increase the amount or value of any benefit or compensation otherwise payable or required to be provided to any current or former officer, employee, director or individual independent contractor of the Group Companies under a Company Employee Benefit Plan or otherwise, (iii) result in the acceleration of the time of payment, vesting or funding, or forfeiture, of any such benefit or compensation under a Company Employee Benefit Plan or otherwise, (iv) result in the forgiveness in whole or in part of any outstanding loans made by the Group Companies to any current or former officer, employee, director or individual independent contractor of the Group Companies, or (v) limit or restrict the Group Companies’ or CCNB’s ability to merge, amend or terminate any Company Employee Benefit Plan.

No Person has any right against the Group Companies to be grossed up for, reimbursed or otherwise indemnified for any Tax or related interest or penalties incurred by such Person, including under Sections 409A or 4999 of the Code or otherwise.

(b) Neither the execution or delivery of this Agreement nor the consummation of the transactions contemplated hereby could, either alone or in conjunction with any other event, result in the payment or provision of any amount or benefit that could, individually or in combination with any other payment, constitute a “parachute payment” (as defined in Section 280G(b)(2) of the Code) or in the imposition of an excise Tax under Section 4999 of the Code.

Section 4.16 Insurance Schedule 4.16 contains a complete and accurate list of all material insurance policies carried by or for the benefit of the Group Companies (the “Insurance Policies”) and the scope of coverage of each such Insurance Policy. All premiums due under such policies have been paid in accordance with the terms of such Insurance Policy. No Group Company is in material breach or material default under, nor has it taken any action or failed to take any action which, with notice or the lapse of time, or both, would constitute a material breach or material default under, or permit a material increase in premium, cancellation, material reduction in coverage, material denial or non-renewal with respect to any Insurance Policy. During the twelve (12) months prior to the Effective Date, there have been no material claims by or with respect to the Group Companies under any Insurance Policy as to which coverage has been denied or disputed in any material respect by the underwriters of such Insurance Policy.

(c) CCNB has no Liabilities that are required to be disclosed on a balance sheet in accordance with GAAP, other than (i) Liabilities expressly set forth in or reserved against in the balance sheet of CCNB as of September 30, 2021 (the “CCNB Balance Sheet”); (ii) Liabilities arising under this Agreement, the Ancillary Agreements or the performance by CCNB of its obligations hereunder or thereunder; (iii) Liabilities which have arisen after the date of CCNB Balance Sheet in the Ordinary Course of Business (none of which results from, arises out of or was caused by any breach of warranty or Contract, infringement or violation of Law); and (iv) Liabilities for fees, costs and expenses for advisors, vendors and Affiliates of CCNB or the Sponsor, including with respect to legal, accounting or other advisors incurred by CCNB in connection with the transactions contemplated hereby.

Section 5.13 Compliance with Laws. CCNB is, and has been since its incorporation, in compliance in all material respects with all Laws applicable to the conduct of CCNB and CCNB has not received any written notices from any Governmental Entity or any other Person alleging a material violation of or noncompliance with any such Laws.

Section 5.14 Organization of New CCNB and Merger Subs. Each CCNB Party (other than CCNB) was formed solely for the purpose of engaging in the transactions contemplated hereby, and other than entry into this Agreement and the transactions contemplated hereby, has not conducted any business activities, and has no assets or Liabilities other than those incident to its formation and the transactions contemplated hereby.

Section 5.15 Opinion of CCNB Financial Advisor. The CCNB Board has received the opinion of Solomon Partners Securities, LLC to the effect that, as of the date of such opinion and based on and subject to the assumptions, qualifications and other matters set forth in such opinion, the aggregate Merger Consideration derived from the Transaction Equity Value to be paid by CCNB to the Company Stockholders and holders of Vested Company Options in connection with the transactions contemplated by this Agreement is fair, from a financial point of view, to CCNB and, as of the date of this Agreement, such opinion has not been modified or withdrawn.

Section 5.16 Financing. CCNB has delivered to the Company true, correct and complete copies of each of the Subscription Agreements entered into by New CCNB and CCNB with the PIPE Investors, the NBOKS Side Letter and the Backstop Agreement. To the Knowledge of CCNB and assuming the accuracy of the representations and warranties of the applicable Equity Financing Source set forth in the Subscription Agreements, the Forward Purchase Agreement and the Backstop Agreement, with respect to each Equity Financing Source, as of the Effective Date, the Subscription Agreements, the Backstop Agreement or Forward Purchase Agreement (as amended by the NBOKS Side Letter) (as applicable) are in full force and effect and have not been withdrawn or terminated, or otherwise amended or modified, and no withdrawal, termination, amendment or modification is contemplated by any party thereto. Each of the Subscription Agreements, the Backstop Agreement and the Forward Purchase Agreement (as amended by the NBOKS Side Letter) is a legal, valid and binding obligation of CCNB and, to the Knowledge of CCNB and assuming the accuracy of the representations and warranties of the applicable Equity Financing Source set forth in the Subscription Agreements, Forward Purchase Agreement and Backstop Agreement, each Equity Financing Source, and neither the execution or delivery by any party thereto, nor the performance of any party’s obligations under any such Subscription Agreement, the Backstop Agreement or the Forward Purchase Agreement (as amended by the NBOKS Side Letter) to the Knowledge of CCNB (other than with respect to itself), violates any Laws. The Subscription Agreements, the Forward Purchase Agreement (as amended by the NBOKS Side Letter) and the Backstop Agreement provide that the Company is a third-party beneficiary thereof and is entitled to enforce such agreement against the applicable Equity Financing Source, to the extent set forth therein. Other than the NBOKS Side Letter, there are no other agreements, side letters, or arrangements between CCNB and any Equity Financing Source relating to any Subscription Agreement, the Forward Purchase Agreement (as amended by the NBOKS Side Letter) or the Backstop Agreement, and, as of the Effective Date, to CCNB’s Knowledge, there are no facts or circumstances that may reasonably be expected to result in any of the conditions set forth in any Subscription Agreement, the Backstop Agreement or the Forward Purchase Agreement (as amended by the NBOKS Side Letter) (other than, in the case of the Backstop Agreement, CCNB Share Redemptions or other than as a result in a change of the Utilization Limit (as such term is defined therein, in accordance with the terms thereof)) not being satisfied, or the aggregate amount of all Subscription Amounts (as defined in the Subscription Agreements), the
Forward Purchase Amount or the Backstop Amount not being available to CCNB, on the Closing Date. No event has occurred that, with or without notice, lapse of time or both, would constitute a default or breach on the part of CCNB or, to the Knowledge of CCNB, any Equity Financing Source party thereto, under any term or condition of any Subscription Agreement, the Backstop Agreement or the Forward Purchase Agreement (as amended by the NBOKS Side Letter) and, as of the Effective Date, no event has occurred or circumstance exists that, with or without notice, lapse of time or both, would or would reasonably be likely to (a) make any of the statements by CCNB or any Equity Financing Source party thereto set forth in the Subscription Agreements, the Backstop Agreement or the Forward Purchase Agreement (as amended by the NBOKS Side Letter) inaccurate in any material respect or (b) subject to the satisfaction (or waiver by the CCNB Parties) of the conditions set forth in Section 9.1 and Section 9.2 of this Agreement, otherwise result in any portion of the financing pursuant to the Subscription Agreements, the Backstop Agreement (other than as a result in a change of the Utilization Limit (as such term is defined therein, in accordance with the terms thereof)) or Forward Purchase Agreement (as amended by the NBOKS Side Letter) not being available. The Subscription Agreements, the Backstop Agreement and the Forward Purchase Agreement (as amended by the NBOKS Side Letter) contain all of the conditions precedent to the obligations of the Equity Financing Sources to contribute to CCNB such Equity Financing Source’s Subscription Amount (as defined in the Subscription Agreements), Backstop Amount or the Forward Purchase Amount, as applicable, set forth in such Equity Financing Source’s Subscription Agreement or the Forward Purchase Agreement (as amended by the NBOKS Side Letter) or the Backstop Agreement, as applicable, on the terms therein. No fees, consideration or other discounts are payable or have been agreed to by CCNB to any Equity Financing Source in respect of its PIPE Investment, any Permitted Equity Financing or the contribution of the Forward Purchase Amount or the Backstop Amount, except as set forth in the Subscription Agreements, the Forward Purchase Agreement (as amended by the NBOKS Side Letter) and the Backstop Agreement, as applicable.

Section 5.17 No Other Representations and Warranties. NOTWITHSTANDING THE DELIVERY OR DISCLOSURE TO ANY GROUP COMPANY OR ANY OF THEIR RESPECTIVE REPRESENTATIVES OF ANY DOCUMENTATION OR OTHER INFORMATION (INCLUDING ANY FINANCIAL PROJECTIONS OR OTHER SUPPLEMENTAL DATA), EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS ARTICLE V OR THE ANCILLARY AGREEMENTS, NEITHER CCNB NOR ANY OTHER PERSON MAKES, AND THE CCNB PARTIES EXPRESSLY DISCLAIM, ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND OR NATURE, EXPRESS OR IMPLIED, IN CONNECTION WITH THIS AGREEMENT, THE ANCILLARY AGREEMENTS OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY, INCLUDING AS TO THE MATERIALS RELATING TO THE BUSINESS AND AFFAIRS OF HOLDINGS OF THE CCNB PARTIES THAT HAVE BEEN MADE AVAILABLE TO ANY GROUP COMPANY OR ANY OF THEIR REPRESENTATIVES OR IN ANY PRESENTATION OF THE BUSINESS AND AFFAIRS OF THE CCNB PARTIES BY THE MANAGEMENT OR ON BEHALF OF THE CCNB PARTIES OR OTHERS IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED HEREBY OR BY THE ANCILLARY AGREEMENTS, AND NO STATEMENT CONTAINED IN ANY OF SUCH MATERIALS OR MADE IN ANY SUCH PRESENTATION SHALL BE DEEMED A REPRESENTATION OR WARRANTY HEREUNDER OR OTHERWISE OR DEEMED TO BE RELIED UPON BY ANY GROUP COMPANY IN EXECUTING, DELIVERING OR PERFORMING THIS AGREEMENT, THE ANCILLARY AGREEMENTS OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. EXCEPT FOR THE REPRESENTATIONS AND WARRANTIES EXPRESSLY SET FORTH IN THIS ARTICLE V OR THE ANCILLARY AGREEMENTS, IT IS UNDERSTOOD THAT ANY COST ESTIMATES, PROJECTIONS OR OTHER PREDICTIONS, ANY DATA, ANY FINANCIAL INFORMATION OR ANY MEMORANDA OR OFFERING MATERIALS OR PRESENTATIONS, INCLUDING ANY OFFERING MEMORANDUM OR SIMILAR MATERIALS MADE AVAILABLE BY OR ON BEHALF OF THE CCNB PARTIES ARE NOT AND SHALL NOT BE DEEMED TO BE RELIED UPON BY ANY GROUP COMPANY IN EXECUTING, DELIVERING OR PERFORMING THIS AGREEMENT, THE ANCILLARY AGREEMENTS OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT,

NOTHING IN THIS SECTION 5.17 SHALL LIMIT ANY CLAIM OR CAUSE OF ACTION (OR RECOVERY IN CONNECTION THEREBY) WITH RESPECT TO FRAUD.

ARTICLE VII
PRE-CLOSING AGREEMENTS

Section 7.1 Reasonable Best Efforts; Further Assurances. Subject to the terms and conditions set forth herein, and to applicable Laws, during the Pre-Closing Period, the Parties shall cooperate and use their respective reasonable best efforts to take, or cause to be taken, all appropriate action (including executing and delivering any documents, certificates, instruments and other papers that are necessary for the consummation of the transactions contemplated hereby), and do, or cause to be done, and assist and cooperate with the other Parties in doing, all things necessary, proper or advisable to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated hereby and the Group Companies shall use reasonable best efforts, and CCNB shall cooperate in all reasonable respects with the Group Companies, to solicit and obtain any consents of any Persons that may be required in connection with the transactions contemplated hereby or by the Ancillary Agreements prior to the Closing; provided, however, that other than any fees payable in connection with Notification and Report Forms required pursuant to [the HSR Act], which will be borne and paid by CCNB, no Party or any of their Affiliates shall be required to pay or commit to pay any amount to (or incur any obligation in favor of) any Person from whom any such consent may be required (unless such payment is required in accordance with the terms of the relevant Contract requiring such consent).

Section 7.2 Trust and Closing Funding. Subject to the satisfaction or waiver of the conditions set forth in Article IX (other than those conditions that by their nature are to be satisfied at Closing, but subject to the satisfaction or waiver of those conditions) and provision of notice thereof to the Trustee (which notice CCNB shall provide to the Trustee in accordance with the terms of the Trust Agreement), in accordance with the Trust Agreement and CCNB Governing Documents, at the Closing, CCNB shall (a) cause the documents, opinions and notices required to be delivered to the Trustee pursuant to the Trust Agreement to be so delivered and (b) use its best efforts to cause the Trustee to pay as and when due amounts payable to CCNB Shareholders who shall have validly elected to redeem their CCNB Class A Ordinary Shares pursuant to CCNB Memorandum and Articles and use its best efforts to cause the Trustee to pay as and when due the Deferred Discount (as defined in the Trust Agreement) pursuant to the terms of the Trust Agreement, except to the extent that such Deferred Discount is waived in whole or in part, and use its best efforts to cause the Trustee to make such other disbursements as instructed by CCNB in accordance with this Agreement.

Section 7.3 Status Preservation. (a) Listing and De-Listing. During the Pre-Closing Period prior to the Domestication Merger, CCNB shall cooperate with New CCNB and use their respective reasonable best efforts to take, or cause to be taken, all actions reasonably necessary to (i) de-list CCNB Ordinary A Shares from the Stock Exchange and de-register such securities under the Exchange Act as soon as practicable following the Domestication Effective Time and (ii) to cause New CCNB Class A Common Shares to be listed on the Stock Exchange. (b) Qualification as an Emerging Growth Company. New CCNB shall, at all times during the Pre-Closing Period, use reasonable best efforts to (a) take all customary actions necessary to continue to qualify as an "emerging growth company" within the meaning of the Jumpstart Our Business Startups Act of 2012 ("JOBS Act"); and (b) not take any action that in and of itself would cause New CCNB to not qualify as an "emerging growth company" within the meaning of the JOBS Act. (c) Public Filings. During the Pre-Closing Period prior to the Domestication Merger, CCNB will keep current and timely file all reports required to be filed or furnished with the SEC and otherwise comply in all material respects with its reporting obligations under applicable Securities Laws.

(the "New CCNB Earn-Out Plan") with such terms and conditions that are consistent with those set forth on
the New CCNB Earn-Out Plan Term Sheet, in each case, with any changes or modifications thereto as the
Company and CCNB may mutually agree (such agreement not to be unreasonably withheld, conditioned or
delayed by either the Company or CCNB, as applicable), in the manner prescribed under applicable Laws,
effective as of one (1) day prior to the Closing Date. The initial share reserve will include all Company
Options that will be assumed and converted into New CCNB Options pursuant to Section 3.1(b)(ii)(A). The
number of New CCNB Class A Common Shares reserved for issuance under the new CCNB Earn-Out Plan
shall equal the Plan Allocable Amount. The EIP, ESPP, and the New CCNB Earn-Out Plan shall be
approved by the New CCNB board of directors and CCNB, in its capacity as the sole shareholder of New
CCNB, at least (1) day prior to the Closing Date.

Section 7.5 Confidential Information. During the Pre-Closing Period, each Party shall be bound by
and comply with the provisions set forth in the Confidentiality Agreement as if such provisions were set
forth herein, and such provisions are hereby incorporated herein by reference. Each Party acknowledges and
agrees that each is aware, and each of their respective Affiliates and representatives is aware (or upon
receipt of any material nonpublic information of the other Party, will be advised), of the restrictions
imposed by the United States federal securities Laws and other applicable foreign and domestic Laws on
Persons possessing material nonpublic information about a public company. Each Party hereby agrees, that
during the Pre-Closing Period, except in connection with or support of the transactions contemplated hereby
or at the request of CCNB or any of its Affiliates or its or their representatives, while any of them are in
possession of such material nonpublic information, none of such Persons shall, directly or indirectly
(through its Affiliate or otherwise), acquire, offer or propose to acquire, agree to acquire, sell or transfer or
offer or propose to sell or transfer any securities of CCNB, communicate such information to any other
Person or cause or encourage any Person to do any of the foregoing. The Parties hereby acknowledge and
agree that the Confidentiality Agreement shall be automatically terminated effective as of the Closing
without any further action by any Party or any other Person, provided that the terms of the Confidentiality
Agreement that expressly survive the termination thereof shall continue to apply in full force and effect
pursuant to the terms of the Confidentiality Agreement.

Section 7.6 Access to Information. During the Pre-Closing Period, upon reasonable prior notice, the
Company shall, and the Company shall cause the Company Subsidiaries to, afford the representatives of
CCNB reasonable access, during normal business hours, to the properties, books and records of the Group
Companies and furnish to the representatives of CCNB such additional financial and operating data and
other information regarding the business of the Group Companies as CCNB or its representatives may from
time to time reasonably request for purposes of consummating the transactions contemplated hereby and
preparing to operate the business of the Group Companies following the Closing; provided, nothing herein
shall require any Group Company to provide access to, or to disclose any information to, the CCNB Parties
or any of their representatives if such access or disclosure, in the good faith reasonable belief of the
Company, (a) would waive any legal privilege, (b) would violate any legally-binding obligation of the
Group Companies with respect to confidentiality, non-disclosure or privacy, or (c) would be in violation of
applicable Laws or regulations of any Governmental Entity (including the HSR Act).

Section 7.7 Antitrust Laws.

(a) Each of the Parties will (i) cause the Notification and Report Forms required pursuant to the
HSR Act with respect to the transactions contemplated hereby to be filed no later than twenty (20)
Business Days after the Effective Date; (ii) request early termination of the waiting period relating to
such HSR Act filings, if applicable; (iii) make an appropriate response to any requests for additional
information and documentary material made by a Governmental Entity pursuant to the HSR Act; and
(iv) otherwise use its reasonable best efforts to cause the expiration or termination of the applicable
waiting periods under the HSR Act with respect to the transactions contemplated as soon as practicable.
The Parties shall use reasonable best efforts to promptly obtain, and to cooperate with each other to
promptly obtain, all authorizations, approvals, clearances, consents, actions or non-actions of any
Governmental Entity in connection with the above filings, applications or notifications. Each Party
shall promptly inform the other Parties of any material communication between itself (including its
representatives) and any Governmental Entity regarding any of the transactions contemplated hereby. All filing fees required by applicable Antitrust Law to be paid to any Governmental Entity in order to obtain any such approvals, consents or Orders shall be Transaction Expenses.

(b) The Parties shall keep each other apprised of the status of matters relating to the completion of the transactions contemplated hereby and, to the extent permissible, promptly furnish the other with copies of notices or other communications between any Party (including their respective Affiliates and representatives), as the case may be, and any third party and/or Governmental Entity with respect to such transactions. Each Party shall give the other Party and its counsel a reasonable opportunity to review in advance, to the extent permissible, and consider in good faith the views and input of the other Party in connection with, any proposed material written communication to any Governmental Entity relating to the transactions contemplated hereby, and to the extent reasonably practicable, give the other party the opportunity to attend and participate in any substantive meeting, conference or discussion, either in person or by telephone, with any Governmental Entity in connection with the transactions contemplated hereby.

(c) Each Party shall use reasonable best efforts to resolve objections, if any, as may be asserted by any Governmental Entity with respect to the transactions contemplated hereby under the HSR Act, the Sherman Act, the Clayton Act, the Federal Trade Commission Act, and any other United States federal or state or foreign statutes, rules, regulations, Orders, decrees, administrative or judicial doctrines or other Laws that are designed to prohibit, restrict or regulate actions having the purpose or effect of monopolization or restraint of trade or constituting anticompetitive conduct (collectively, the “Antitrust Laws”). Subject to the other terms of this Section 7.7(c), each Party shall use reasonable best efforts to take such action as may be required to cause the expiration of the notice periods under the HSR Act or other Antitrust Laws with respect to such transactions as promptly as possible after the Effective Date.

Section 7.8 Requisite Stockholder Consent. Within one (1) day of the Effective Date, the Company shall deliver to CCNB evidence of the Company Written Consent.

(b) As promptly as practicable following the Effective Date, CCNB shall prepare and file a Current Report on Form 8-K pursuant to the Securities Exchange Act to report the execution of this Agreement and the Subscription Agreements, and make public certain material nonpublic information provided to potential PIPE Investors prior to the Effective Date (the “Signing Form 8-K”), and CCNB and the Company shall issue a press release (in a form mutually agreed to prior to the execution of this Agreement) announcing the execution of this Agreement (the “Signing Press Release”). Prior to filing with the SEC, CCNB will make available to the Company a draft of the Signing Form 8-K and will provide the Company with a reasonable opportunity to comment on such drafts and shall consider such comments in good faith.

(c) The Company shall provide to New CCNB and CCNB as promptly as practicable after the Effective Date but, in any event on or prior to December 31, 2021 (i) audited consolidated balance sheet of the Company and its Subsidiaries as of December 31, 2019 and 2020, and the related audited

Additionally, the Company shall use reasonable best efforts to provide as soon as reasonably practicable all other audited and unaudited financial statements of the Group Companies and any company or business units acquired by the Group Companies, as applicable, required under the applicable rules and regulations and guidance of the SEC to be included in the Form S-4 and/or the Closing Form 8-K (including pro forma financial information) (together with the financial statements referenced in clauses (i) and (ii) of this Section 7.9(c), the "Company Closing Financial Statements").

(d) As promptly as reasonably practicable following the Effective Date, CCNB, New CCNB and the Company shall jointly prepare, and New CCNB shall file with the SEC the Form S-4, in which the Proxy Statement will be included, in each case, which CCNB, New CCNB and the Company shall each use reasonable best efforts to cause to comply as to form, in all material respects, with, as applicable, the provisions of the Securities Act and the Securities Exchange Act and the rules and regulations promulgated thereunder. Each of New CCNB and CCNB, on the one hand, and the Company, on the other hand, (i) shall provide the other with a reasonable opportunity to comment on such drafts (including the proposed final version of such document or response) and shall consider such comments in good faith and (ii) shall cooperate and mutually agree upon (such agreement not to be unreasonably withheld, conditioned or delayed), any such document or response and any amendment to the Form S-4 filed in response to such comments of the SEC or its staff. New CCNB and/or CCNB will advise the Company promptly after it receives notice thereof, of (A) the time when the Form S-4 has been filed; (B) receipt of oral or written notification of the completion of the review by the SEC; (C) the filing of any supplement or amendment to the Form S-4; (D) any request by the SEC for amendment of the Form S-4; (E) any comments, written or oral, from the SEC relating to the Form S-4 and responses thereto; and (F) requests by the SEC for additional information in connection with the Form S-4, and shall consult with the Company regarding, and supply the Company with copies of, all material correspondence between New CCNB or any of its representatives, on the one hand, and the SEC or the staff of the SEC, on the other hand, with respect to the Form S-4. In consultation with the Company, New CCNB shall promptly respond to any comments of the SEC on the Form S-4, and the Parties shall use their respective reasonable best efforts to have the Form S-4 declared effective by the SEC under the Securities Act and Securities Exchange Act as soon after filing as practicable and keep the Form S-4 effective as long as necessary to consummate the transactions contemplated hereby.
(f) New CCNB shall file an amendment to the Form S-4 containing a definitive proxy statement/ final prospectus to be sent to the CCNB Shareholders relating to the CCNB Shareholder Meeting for the purpose of soliciting proxies from CCNB Shareholders for the matters to be acted upon at the CCNB Shareholder Meeting and providing CCNB Shareholders an opportunity in accordance with CCNB’s Governing Documents to redeem their CCNB Class A Ordinary Shares in the CCNB Share Redemption in conjunction with shareholder vote on the CCNB Shareholder Voting Matters (the “Proxy Statement”) with the SEC and CCNB shall cause the definitive Proxy Statement to be mailed to CCNB Shareholders of record, as of the record date to be established by CCNB Board that is in existence immediately prior to the Domestication Merger, prior to or as promptly as practicable after, but in any event within five (5) Business Days of, the SEC declaring the Form S-4 effective.

(g) If, at any time prior to CCNB Shareholder Meeting, any Party discovers or becomes aware of any information that should be set forth in an amendment or supplement to the Form S-4, so that the Form S-4 would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, such Party shall inform the other Parties hereto and, subject to Section 7.9(g), New CCNB shall promptly prepare with the assistance of the Company, and file with the SEC, an appropriate amendment or supplement describing such information with the SEC and, to the extent required by Law, CCNB shall transmit to CCNB Shareholders such amendment or supplement to the Proxy Statement therein containing such information.

(h) The information supplied or to be supplied by the CCNB Parties and the Group Companies for inclusion in the Form S-4, the Proxy Statement, all material forms, reports, schedules, statements and other documents required to be filed by the CCNB Parties with the SEC following the date of this Agreement through the Closing Date (the “Additional CCNB SEC Filings”), the New CCNB SEC Filing, any other CCNB SEC Filing, any document submitted to any other Governmental Entity or any announcement or public statement regarding the transactions contemplated hereby (including the Signing Press Release) shall not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances in which they are made, not misleading at (i) the time such information is filed, submitted or made publicly available (provided, if such information is revised by any subsequently filed amendment or supplement to the Form S-4 prior to the time the Form S-4 is declared effective by the SEC, this clause (i) shall solely refer to the time of such subsequent revision or supplement); (ii) the time the Form S-4 is declared effective by the SEC; (iii) the time the Proxy Statement (or any amendment thereof or supplement thereto) is first mailed to CCNB Shareholders; (iv) the time the prospectus contained within the Form S-4 is delivered to the Company’s Stockholders; or (v) the time of CCNB Shareholder Meeting. The Proxy Statement will, at the time it is mailed to CCNB Shareholders, comply in all material respects with the applicable requirements of the Securities Act, the Securities Exchange Act and the rules and regulations of the SEC thereunder applicable to the Proxy Statement.

(i) The Additional CCNB SEC Filings (including all financial statements included therein, exhibits and schedules thereto and documents incorporated by reference therein) will comply in all material respects with the applicable requirements of the Securities Act, or the Securities Exchange Act, as the case may be, and the rules and regulations of the SEC thereunder applicable to such Additional CCNB SEC Filings. Each of the financial statements of CCNB that will be included in the Additional CCNB SEC Filings, including all notes and schedules thereto will comply in all material respects, when filed or if amended prior to the Effective Date, as of the date of such amendment, with the rules and regulations of the SEC with respect thereto, will be prepared in accordance with GAAP applied on a consistent basis during the periods involved (except as may be indicated in the notes thereto or, in the case of the unaudited statements, as permitted by Rule 10-01 of Regulation S-X of the Securities Exchange Act) and will fairly present in all material respects in accordance with applicable requirements of GAAP (subject, in the case of the unaudited statements, to normal year-end audit adjustments) the financial position of CCNB, as of their respective dates and the results of operations and the cash flows of CCNB, for the periods presented therein. As soon as practicable after the Closing, New CCNB shall file the Closing Form 8-K with the SEC.

Section 7.10 CCNB Shareholder Meeting.

(a) CCNB, acting through CCNB Board, shall take all actions in accordance with applicable Law, CCNB’s Governing Documents and the rules of the Stock Exchange to duly call, give notice of, convene and promptly hold the CCNB Shareholder Meeting for the purpose of considering and voting upon CCNB Shareholder Voting Matters, which meeting shall be held not more than thirty (30) days after the date on which CCNB commences the mailing of the definitive Proxy Statement to CCNB Shareholders pursuant to Section 7.9(c). Unless this Agreement has been duly terminated in accordance with the terms herein, CCNB shall take all reasonable lawful action to solicit from CCNB Shareholders proxies in favor of the proposal to adopt this Agreement and approve the Required CCNB Shareholder Voting Matters and shall take all other action reasonably necessary or advisable to secure the vote or consent of CCNB Shareholders that are required by the rules of the Stock Exchange and the Companies Act. Notwithstanding anything to the contrary contained in this Agreement, CCNB may (and in the case of the following clause (ii), at the reasonable request of the Company, shall), adjourn or postpone CCNB Shareholder Meeting: (i) for one (1) period of no longer than twenty (20) calendar days to the extent necessary to ensure that any legally required supplement or amendment to the Form S-4 is provided to CCNB Shareholders, (ii) in each case, for one (1) period of no longer than ten (10) calendar days, (A) if as of the time for which CCNB Shareholder Meeting is originally scheduled (as set forth in the Form S-4), there are insufficient voting Equity Interests of CCNB represented (either in person or by proxy) to constitute a quorum necessary to conduct the business of CCNB Shareholder Meeting, or (B) in order to solicit additional proxies from CCNB Shareholders for purposes of obtaining approval of the Required CCNB Shareholder Voting Matters or (iii) for one (1) period of no longer than ten (10) calendar days if the holders of CCNB Class A Ordinary Shares have elected to redeem a number of CCNB Class A Ordinary Shares as of such time that would reasonably be expected to result in the condition set forth in Section 9.3(c) not being satisfied (prior to the implementation of Section 3.1(b)(iv)). Notwithstanding the foregoing, with respect to postponement in the case of this Section 7.10(a), CCNB shall not change the record date for the CCNB Shareholder Meeting without the Company’s prior written consent.

(b) The CCNB Board shall unanimously recommend the adoption of this Agreement and approval of CCNB Shareholder Voting Matters (the “CCNB Board Recommendation”) and include the CCNB Board Recommendation in the Proxy Statement. CCNB covenants that neither CCNB Board nor any committee thereof shall fail to make, amend, change, withhold or qualify, withdraw or modify, or publicly propose or resolve to withdraw or modify in a manner adverse to the Company, the recommendation of CCNB Board that CCNB Shareholders vote in favor of the approval of CCNB Shareholder Voting Matters (any such action a “Change in Recommendation”) except in accordance with Section 7.10(c).
(c) Notwithstanding anything in this Agreement to the contrary, if, at any time prior to obtaining the approval of the CCNB Shareholder Voting Matters, the CCNB Board determines in good faith, after consultation with its outside legal counsel, that, in response to an Intervening Event, a failure to make a Change in Recommendation would be inconsistent with its fiduciary duties under applicable Law, the CCNB Board may, prior to obtaining the approval of the CCNB Shareholder Voting Matters, make a Change in Recommendation; provided, however, that the CCNB Board will not be entitled to make, or agree or resolve to make, a Change in Recommendation unless (i) CCNB delivers to the Company a written notice (an “Intervening Event Notice”) advising the Company that the CCNB Board proposes to take such action and containing the material facts underlying the CCNB Board’s determination that an Intervening Event has occurred (it being acknowledged that such Intervening Event Notice shall not itself constitute a breach of this Agreement), and (ii) at or after 5:00 p.m., Eastern Time, on the fifth (5th) Business Day immediately following the day on which CCNB delivered the Intervening Event Notice (such period from the time the Intervening Event Notice is provided until 5:00 p.m. Eastern Time on the fifth (5th) Business Day immediately following the day on which CCNB delivered the Intervening Event Notice (it being understood that any material development with respect to an Intervening Event (as reasonably determined by the CCNB Board and notified to the Company) shall require a new notice but with an additional four (4) Business Day (instead of a five (5) Business Day) period from the date of such notice), the “Intervening Event Notice Period”)), the CCNB Board reaffirms in good faith (after consultation with its outside legal counsel) that the failure to make a Change in Recommendation would be inconsistent with its fiduciary duties under applicable Law. If requested by the Company, CCNB will, and will cause its Subsidiaries to, and will use its reasonable best efforts to cause its or their representatives to, during the Intervening Event Notice Period, engage in good faith negotiations with the Company and its representatives to make such adjustments in the terms and conditions of this Agreement so as to obviate the need for a Change in Recommendation.

Section 7.11 Fees and Expenses. Except as otherwise set forth in this Agreement, each Party shall be solely liable for and pay all of its own costs and expenses (including attorneys’, accountants’ and investment bankers’ fees and other out-of-pocket expenses) incurred by such Party or its Affiliates in connection with the negotiation and execution of this Agreement and the Ancillary Agreements, the performance of such Party’s obligations hereunder and thereunder and the consummation of the transactions contemplated hereby and thereby. To the extent there are any Transaction Expenses that become due and payable following the Closing or which are not paid at the Closing, such Transaction Expenses shall be borne by New CCNB following the Closing.

Section 7.12 Financing Cooperation. The Company shall determine whether to elect to repay, reprice, refinance, paydown any Indebtedness pursuant to the Company Financing Agreements or otherwise obtain any new debt financing (the “New Debt Financing”), in each case, which determination shall be made in consultation with CCNB. To the extent the Company determines, following consultation with CCNB, as set forth in this Section 7.12, to obtain any New Debt Financing, the Company shall, and shall cause any other Group Company to, use its commercially reasonable efforts to do all things necessary or appropriate to arrange for and obtain such New Debt Financing, including using commercially reasonable efforts to (a) negotiate, syndicate and enter into definitive agreements with respect to such New Debt Financing, (b) satisfy on a timely basis all terms, conditions and covenants that may be required in connection with such New Debt Financing, including with respect to the payment of any commitment, engagement or placement fees, and (c) otherwise consummate and cause such New Debt Financing to be funded at or prior to the time of the Closing; provided, that, (i) the Company shall reasonably consult with CCNB in respect of the foregoing (and all terms and conditions thereof) and consider in good faith any comments provided by CCNB in respect thereof, and (ii) CCNB and its Representatives shall reasonably cooperate in connection therewith.

In lieu of, or in addition to, any New Debt Financing, the Company may determine, in consultation with CCNB, to refinance, rollover or enter into a repricing transaction in respect of all or a portion of the Indebtedness pursuant to the Company Financing Agreements (any such financing, “Continued Financing”); provided that (A) such Continued Financing shall be in full force and effect without any material breach or default thereunder on the Closing Date immediately prior to and immediately following the Closing, (B) the Company shall reasonably consult with CCNB in respect of the foregoing (and all terms and conditions thereof) and consider in good faith any comments provided by CCNB in respect thereof, and (C) CCNB and its Representatives shall reasonably cooperate in connection therewith. In connection with any Indebtedness to be repaid or paid down in connection with Closing, the Company will timely deliver such notices, documents
and instruments, including customary payoff letters, lien release documents and conditional redemption
notices (in each case, in consultation with CCNB) in advance of the Closing (and in any event in accordance
with the Company Financing Agreements or the terms of any New Debt Financing or Continued Financing)
to the extent required in connection with any such repayment or paydown. Notwithstanding anything set
forth in this Section 7.12, the Company shall obtain the written consent (not to be unreasonably withheld,
conditioned or delayed) of CCNB prior to obtaining any New Debt Financing or Continued Financing if
such New Debt Financing or Continued Financing (when taken into account together with the repayment or
paydown of any existing Indebtedness or any New Debt Financing (if applicable)) results in the Net Funded
Indebtedness on the Closing Date immediately following the Closing to be greater than the Maximum Net
Indebtedness Amount.

Section 7.13 Directors’ and Officers’ Indemnification and Insurance

(a) From and after the Closing, New CCNB shall cause the Final Surviving Company and any
applicable Group Company to indemnify and hold harmless (including through reimbursement of
expenses and exculpation) each Person that prior to the Closing served as a director or officer of any
Group Company or who, at the request of any Group Company, served as a director or officer of
another Person (collectively, with such Person’s heirs, executors or administrators, the “Company
Indemnified Persons”) from and against any penalties, costs or expenses (including reasonable
attorneys’ fees), judgments, fines, losses, claims, damages or liabilities incurred in connection with any
Proceeding arising out of or pertaining to circumstances, facts or events that occurred on or before the
Closing Date, to the fullest extent permitted under applicable Law, the Governing Documents in effect
as of the Effective Date and any indemnification agreement between any Group Company and any
Company Indemnified Person in effect as of the Effective Date ("Company D&O Provisions") and

foregoing, New CCNB shall cause the Final Surviving Company and any applicable Group Company to
(i) maintain, for a period of six (6) years following the Closing Date, provisions in its Governing
Documents concerning the indemnification and exoneration (including provisions relating to expense
advancement) of officers and directors/managers that are no less favorable to the Company Indemnified
Persons than the Company D&O Provisions in effect as of the Effective Date, and not amend, repeal or
otherwise modify such provisions in any respect that would affect in any manner the Company
Indemnified Persons’ rights, or any Group Company’s obligations, thereunder.

(b) From and after the Closing, New CCNB shall perform and discharge all obligations to
indemnify and hold harmless (including through reimbursement of expenses and exculpation) each
Person that prior to the Closing served as a director or officer of CCNB or who, at the request of
CCNB, served as a director or officer of another Person (collectively, with such Person’s heirs,
executors or administrators, the “CCNB Indemnified Persons”) from and against any penalties, costs or
expenses (including reasonable attorneys’ fees), judgments, fines, losses, claims, damages or liabilities
incurred in connection with any Proceeding arising out of or pertaining to circumstances, facts or
events that occurred on or before the Closing Date, to the fullest extent permitted under applicable
Law, the Governing Documents in effect as of the Effective Date and any indemnification agreement
between CCNB and any CCNB Indemnified Person in effect as of the Effective Date ("CCNB D&O
Provisions") and acknowledges and agrees such CCNB D&O Provisions are rights of Contract. Without
limiting the foregoing, New CCNB shall (i) maintain, for a period of six (6) years following the
Closing Date, provisions in its Governing Documents concerning the indemnification and exoneration
(including provisions relating to expense advancement) of officers and directors/managers that are no
less favorable to the CCNB Indemnified Persons than the CCNB D&O Provisions in effect as of the
Effective Date, and not amend, repeal or otherwise modify such provisions in any respect that would
affect in any manner the CCNB Indemnified Persons’ rights, or any CCNB’s obligations, thereunder.

(c) Tail Policy

(i) For a period of six (6) years from and after the Closing Date, New CCNB shall purchase
and maintain in effect policies of directors’ and officers’ liability insurance covering the Company
Indemnified Persons, the CCNB Indemnified Persons and New CCNB with respect to claims
arising from facts or events that occurred on or before the Closing and with substantially the same

(ii) At or prior to the Closing Date, New CCNB or the Company, as appropriate, shall purchase and maintain in effect for a period of six (6) years thereafter, “run-off” coverage as provided by any Group Company’s and CCNB’s fiduciary policies, in each case, covering those Persons who are covered on the Effective Date by such policies and with terms, conditions, retentions and limits of liability that are no less advantageous than the coverage provided under any Group Company’s or CCNB’s existing policies (the policies contemplated by the foregoing clauses (i) and (ii), collectively, the “Tail Policy”); provided that in no event shall New CCNB or the Company be required to expend on the premium thereof in excess of three hundred percent (300%) of the annual premium currently payable by the Company or CCNB, respectively, with respect to such current policy (the “Premium Cap”); provided further, that if such minimum coverage under any such Tail Policy is or becomes not available at the Premium Cap, then any such Tail Policy shall contain the maximum coverage available at the Premium Cap. The Company Indemnified Persons and the CCNB Indemnified Persons are intended third party beneficiaries of this Section 7.13.

Section 7.14 Subscription Agreements- Forward Purchase Agreement- Permitted Financing- Backstop Agreement- Redemptions

(a) Subscription Agreements. New CCNB and CCNB may not modify or waive, or provide consent to modify or waive (including consent to termination, to the extent required), any provisions of a Subscription Agreement or any remedy under any Subscription Agreement, in each case, without the prior written consent of the Company; provided, that any modification or waiver that is solely ministerial in nature and does not affect any economic or any other material term (including any conditions to closing) of a Subscription Agreement shall not require the prior written consent of the Company. If New CCNB or CCNB are required to consummate the Closing hereunder, New CCNB and CCNB shall use reasonable best efforts to take, or cause to be taken, all actions and do, or cause to be done, all things necessary, proper or advisable to consummate the transactions contemplated by the Subscription Agreements on the terms and subject to the conditions described therein, including maintaining in effect the Subscription Agreements and to: (i) satisfy on a timely basis all conditions and covenants applicable to New CCNB and CCNB in the Subscription Agreements and otherwise comply with their obligations thereunder; (ii) if all conditions in the Subscription Agreements (other than those conditions that by their nature are to be satisfied at the Closing, but which conditions are then capable of being satisfied) have been satisfied, consummate the transactions contemplated by the Subscription Agreements at or prior to the Closing; (iii) deliver notices to counterparties to the Subscription Agreements as required by and in the manner set forth in the Subscription Agreements in order to cause timely funding in advance of the Closing; and (iv) without limiting the Company’s rights to enforce the Subscription Agreements, enforce New CCNB’s and CCNB’s rights under the Subscription Agreements, subject to all provisions thereof, if all conditions in the Subscription Agreements (other than those conditions that by their nature are to be satisfied at the Closing, but which conditions are then capable of being satisfied) have been satisfied, to cause the applicable Equity Financing Sources to fund the amounts set forth in the Subscription Agreements in accordance with their terms.

(b) Forward Purchase Agreement- Backstop Agreement- NBOKS Side Letter. Unless otherwise approved in writing by the Company, CCNB shall not (i) (A) permit any amendment or modification to be made to, (B) waive (in whole or in part) or (C) provide consent to modify or waive (including consent to termination, to the extent required), any provision or remedy under the Forward Purchase Agreement, the Backstop Agreement or the NBOKS Side Letter or (ii) permit any assignment of the Forward Purchase Agreement or the Backstop Agreement, as applicable, by NBOKS, other than assignments to Affiliates (provided that, notwithstanding any such assignment to an Affiliate, NBOKS shall remain liable under the Forward Purchase Agreement and the Backstop Agreement, as applicable, unless and until the Forward Purchase Amount or the amounts funded pursuant to the Backstop Agreement are actually received by CCNB). To the extent CCNB is required to consummate the Closing hereunder, CCNB shall use reasonable best efforts to take, or cause to be taken, all actions and do, or cause to be done, all things necessary, proper or advisable to consummate the transactions contemplated
by the Forward Purchase Agreement and the Backstop Agreement, as applicable, each as amended by the NBOKS Side Letter, at the Closing on the terms and subject to the conditions in the Forward Purchase Agreement, and the Backstop Agreement, as applicable, each as amended by the NBOKS Side Letter, including maintaining in effect the Forward Purchase Agreement, and the Backstop Agreement, as applicable, each as amended by the NBOKS Side Letter, and to: (1) satisfy on a timely basis all conditions and covenants applicable to CCNB in the Forward Purchase Agreement and the Backstop Agreement, as applicable, each as amended by the NBOKS Side Letter, and otherwise comply with its obligations thereunder; (2) if all conditions in the Forward Purchase Agreement or the Backstop Agreement, as applicable, each as amended by the NBOKS Side Letter (other than those conditions that by their nature are to be satisfied at the Closing, but which conditions are then capable of being satisfied), have been satisfied, consummate the transactions contemplated by the Forward Purchase Agreement and the Backstop Agreement, each as amended by the NBOKS Side Letter, at or prior to the Closing; (3) deliver notices to counterparties to the Forward Purchase Agreement and the Backstop Agreement, as applicable, each as amended by the NBOKS Side Letter, (if any) as required by and in the manner set forth in the Forward Purchase Agreement and the Backstop Agreement, as applicable, each as amended by the NBOKS Side Letter in order to cause timely funding in advance of the Closing; and (4) enforce CCNB’s rights under the Forward Purchase Agreement and the Backstop Agreement, as applicable, each, as amended by the NBOKS Side Letter, subject to the provisions thereof, if all conditions in the Forward Purchase Agreement and the Backstop Agreement, as applicable, each, as amended by the NBOKS Side Letter (other than those conditions that by their nature are to be satisfied at the Closing, but which conditions are then capable of being satisfied), have been satisfied to cause NBOKS to fund the amount set forth in the Forward Purchase Agreement and the Backstop Agreement, as applicable, each in accordance with its terms, as amended by the NBOKS Side Letter.

(c) **Permitted Equity Financing.**

(i) During the Pre-Closing Period, New CCNB and CCNB may execute Permitted Equity Subscription Agreements that would constitute a Permitted Equity Financing; provided that, without the prior written consent of the Company, (i) each Permitted Equity Subscription Agreement shall be in substantially the form of the Subscription Agreement, (ii) no such Permitted Equity Subscription Agreement shall provide for a purchase price of CCNB Class A Ordinary Shares (before the Domestication Merger) or New CCNB Class A Common Shares (after the Domestication Merger) at a price per share of less than ten dollars ($10.00) per share (including of any discounts, rebates, equity kicker or promote), (iii) all the Permitted Equity Subscription Agreements shall not in the aggregate provide for the issuance of CCNB Class A Ordinary Shares (before the Domestication Merger) or New CCNB Class A Common Shares (after the Domestication Merger) in exchange for cash proceeds from all Permitted Equity Financings (the “Permitted Equity Financing Proceeds”) in excess of two hundred million dollars ($200,000,000) (other than with respect to any financing pursuant to Section 3.1(b)(iv)), and (iv) no such Permitted Equity Subscription Agreement shall provide for the issuance of any security other than CCNB Class A Ordinary Shares (before the Domestication Merger) or New CCNB Class A Common Shares (after the Domestication Merger), including CCNB Warrants.

(ii) Prior to the earlier of the Closing and the termination of this Agreement pursuant to Section 11.1, the Company agrees, and shall cause the appropriate officers and employees of the Company, to use commercially reasonable efforts to cooperate, at CCNB’s sole cost and expense (which expense shall be treated as a Transaction Expense hereunder if unpaid as of the Closing Date), in connection with the arrangement of any Permitted Equity Financing as may be reasonably requested by CCNB, including by (i) upon reasonable prior notice and during normal business hours, participating in meetings, calls, drafting sessions, presentations, and due diligence sessions (including accounting due diligence sessions) and sessions with prospective investors at mutually agreeable times and locations and upon reasonable advance notice (including the participation in any relevant “roadshow”), (ii) reasonably assisting with the preparation of customary materials, (iii) providing the Financial Statements, the Company Closing Financial Statements and such other financial information regarding the Group Companies readily available to the Company as is reasonably requested in connection therewith, subject to confidentiality obligations acceptable to the Company and (iv) otherwise reasonably cooperating in CCNB’s efforts.
(d) **Backstop of Redemptions.** In the event of any CCNB Share Redemptions requiring payments from the Trust Account, CCNB shall fund or cause to be funded the amounts required by such CCNB Share Redemptions (either directly or, if such CCNB Share Redemptions are funded from the Trust Account, to fund the payment obligations of CCNB pursuant to this Agreement) (i) first, by applying the PIPE Proceeds (which shall exclude the Getty Investments PIPE Proceeds and the Sponsor PIPE Proceeds) and (ii) second, by applying the Permitted Equity Financing Proceeds. To the extent the amount of CCNB Share Redemptions that require payment from the Trust Account is greater than the funds contemplated by clauses (i) and (ii) above (such excess amount the “Excess Redemption Amount”), then CCNB and New CCNB shall exercise its respective rights under the Backstop Agreement, subject to the terms and conditions thereof, to cause NBOKS to subscribe for additional New CCNB Class A Common Shares in an aggregate subscription amount equal to the lesser of (A) Excess Redemption Amount and (B) three hundred million dollars ($300,000,000) or such lesser amount which is then available to CCNB under the Backstop Agreement in accordance with its terms.

Such cooperation shall include the provision of records and information that are reasonably relevant to any such audit or other Proceeding and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder and after the Closing, making available to Persons who were shareholders of CCNB prior to the Getty Mergers information reasonably necessary to compute any income of any such holder (or its direct or indirect owners) arising (i) if applicable, as a result of CCNB’s status as a “passive foreign investment company” within the meaning of Section 1297(a) of the Code or a “controlled foreign corporation” within the meaning of Section 957(a) of the Code for any taxable period ending on or prior to the Closing, including timely providing (A) a PFIC Annual Information Statement to enable such holders to make a “Qualifying Electing Fund” election under Section 1295 of the Code for such taxable period, and (B) information to enable applicable holders to report their allocable share of “subpart F” income under Section 951 of the Code for such taxable period and (ii) under Section 367(b) of the Code and the Treasury Regulations promulgated thereunder as a result of the Domestication Merger.

This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the Parties and their respective successors and assigns; provided that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by any Party (including by operation of Law) without the prior written consent of the other Parties. Any purported assignment or delegation not permitted under this Section 11.3 shall be null and void.

Section 11.4 Severability. Whenever possible, each provision hereof shall be interpreted in such manner as to be effective and valid under applicable Law, but if any provision hereof or the application of any such provision to any Person or circumstance shall be held to be prohibited by or invalid, illegal or unenforceable under applicable Law in any respect by a court of competent jurisdiction, such provision shall be ineffective only to the extent of such prohibition or invalidity, illegality or unenforceability, without invalidating the remainder of such provision or the remaining provisions hereof. Furthermore, in lieu of such illegal, invalid or unenforceable provision, there shall be added automatically as a part hereof a legal, valid and enforceable provision as similar in terms to such illegal, invalid, or unenforceable provision as may be possible.

Section 11.5 Interpretation. The headings and captions used herein and the table of contents to this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. Any capitalized terms used in any Schedule or Exhibit attached hereto and not otherwise defined therein shall have the meanings set forth herein. The use of the word “including” herein shall mean “including without limitation.” The words “hereof,” “herein,” and “hereunder” and words of similar import, when used herein, shall refer to this Agreement as a whole and not to any particular provision hereof. References herein to a specific Section, Subsection, Recital, Schedule or Exhibit shall refer, respectively, to Sections, Subsections, Recitals, Schedules or Exhibits hereof. Terms defined in the singular shall have a comparable meaning when used in the plural, and vice versa. References herein to any gender shall include each other gender. The word “or” shall not be exclusive unless the context clearly requires the selection of one (1) (but not more than one (1)) of a number of items. References to “written” or “in writing” include in electronic form. References herein to any Person shall include such Person’s heirs, executors, personal representatives, administrators, successors and permitted assigns; provided, however, that nothing contained in this Section 11.5 is intended to authorize any assignment or transfer not otherwise permitted by this Agreement. References herein to a Person in a particular capacity or capacities shall exclude such Person in any other capacity. Any reference to “days” shall mean calendar days unless Business Days are specified; provided that if any action is required to be done or taken on a day that is not a Business Day, then such action shall be required to be done or taken not on such day but on the first succeeding Business Day thereafter. References herein to any Contract (including this Agreement) mean such Contract as amended, restated, supplemented or modified from time to time in accordance with the terms thereof; provided that with respect to any Contract listed (or required to be listed) on the Disclosure Schedules, all material amendments thereto (or with respect to customer or supplier Contracts, only those amendments that include a restrictive covenant or place any other material restriction on the ability of any Group Company to operate) (for the
avoidance, excluding in either case any purchase orders, work orders or statements of work) must also be listed on the appropriate section of the applicable schedule and disclosed. With respect to the determination of any period of time, the word “from” means “from and including” and the words “to” and “until” each mean “to but excluding.” References herein to any Law shall be deemed also to refer to such Law, as amended, and all rules and regulations promulgated thereunder. The word “extent” in the phrase “to the extent” (or similar phrases) shall mean the degree to which a subject or other thing extends, and such phrase shall not mean simply “if.” An accounting term not otherwise defined herein has the meaning assigned to it in accordance with GAAP. Except where otherwise provided, all amounts herein are stated and shall be paid in United States dollars. The Parties and their respective counsel have reviewed and negotiated this Agreement as the joint agreement and understanding of the Parties, and the language used herein shall be deemed to be the language chosen by the Parties to express their mutual intent, and no rule of strict construction shall be applied against any Person. Any information or materials shall be deemed provided, made available or delivered to CCNB if such information or materials have been uploaded to the electronic data room maintained by the Company and its financial advisor on the “Vector” online data site hosted by Datasite for purposes of the transactions contemplated hereby (the “Data Room”) or otherwise provided to CCNB’s representatives (including counsel) via e-mail, in each case with respect to the representations and warranties contained in Article IV and Article V, at least one (1) Business Day prior to the Effective Date.

Section 11.6 Entire Agreement. This Agreement, the Ancillary Agreements and the Confidentiality Agreement (together with the Schedules and Exhibits to this Agreement) contain the entire agreement and understanding among the Parties with respect to the subject matter hereof and thereof and supersede all prior and contemporaneous agreements, understandings and discussions, whether written or oral, relating to such subject matter in any way. The Parties have voluntarily agreed to define their rights and Liabilities with respect to the transactions contemplated hereby exclusively pursuant to the express terms and provisions hereof, and the Parties disclaim that they are owed any duties or are entitled to any remedies not set forth herein. Furthermore, this Agreement embodies the justifiable expectations of sophisticated parties derived from arm’s-length negotiations and no Person has any special relationship with another Person that would justify any expectation beyond that of an ordinary buyer and an ordinary seller in an arm’s-length transaction.

Section 11.7 Governing Law; Waiver of Jury Trial; Jurisdiction. The Law of the State of Delaware shall govern (a) all claims or matters related to or arising from this Agreement (including any tort or non-contractual claims) and (b) any questions concerning the construction, interpretation, validity and enforceability hereof, and the performance of the obligations imposed by this Agreement, in each case without giving effect to any choice-of-law or conflict-of-law rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Law of any jurisdiction other than the State of Delaware. EACH PARTY TO THIS AGREEMENT HEREBY IRREVOCABLY WAIVES ALL RIGHTS TO TRIAL BY JURY IN ANY PROCEEDING BROUGHT TO RESOLVE ANY DISPUTE BETWEEN OR AMONG ANY OF THE PARTIES (WHETHER ARISING IN CONTRACT, TORT OR OTHERWISE) ARISING OUT OF, CONNECTED WITH, RELATED OR INCIDENTAL TO THIS AGREEMENT, THE TRANSACTIONS CONTEMPLATED HEREBY AND/OR THE RELATIONSHIPS ESTABLISHED AMONG THE PARTIES UNDER THIS AGREEMENT. THE PARTIES HERETO FURTHER WARRANT AND REPRESENT THAT EACH HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT EACH KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL. EACH PARTY ACKNOWLEDGES THAT THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE OTHER PARTIES TO ENTER INTO THIS AGREEMENT. Each of the Parties (a) submits to the exclusive jurisdiction and venue of first, the Chancery Court of the State of Delaware or if such court declines jurisdiction, then to the Federal District Court for the District of Delaware, in any Proceeding arising out of or relating to this Agreement, (b) agrees that all claims in respect of the Proceeding shall be heard and determined in any such court and (c) agrees not to bring any Proceeding arising out of or relating to this Agreement in any other courts. Nothing in this Section 11.7, however, shall affect the right of any Party to serve legal process in any other manner permitted by Law or at equity. Each Party agrees that a final judgment in any Proceeding so brought shall be conclusive and may be enforced by suit on the judgment or in any other manner provided by Law or at equity. Notwithstanding the foregoing in this Section 11.7, a Party may commence any Proceeding in a court other than the above-named courts solely

A-88
for the purpose of enforcing an order or judgment issued by one of the above-named courts. Each Party further waives any claim and will not assert that venue should properly lie in any other location within the selected jurisdiction.

**Section 11.8 Non-Survival.** None of the representations, warranties, covenants or agreements set forth herein or in any certificate delivered pursuant to this Agreement including any rights arising out of any breach of such representations, warranties, covenants or agreements, shall survive the Closing if the Closing occurs or are provided (other than the Trust Distributions) for any reason whatsoever; provided that nothing in this Section 11.8 shall limit any right to specifically enforce this Agreement pursuant to Section 11.11. The Company and the Partnership hereby agree and acknowledge that such irrevocable waiver is material to this Agreement and specifically relied upon by CCNB and the Sponsor to induce CCNB to enter into this Agreement, and the Company and the Partnership further intend and understand such waiver to be valid, binding and enforceable against the Company and the Partnership and each of their respective Affiliates and Persons that they have the authority to bind under applicable Law. To the extent that the Company or the Partnership or any of their respective Affiliates or Persons that they have the authority to bind commences any Proceeding against CCNB or any of its Affiliates based upon, in connection with, relating to or arising out of any matter relating to CCNB or any of its Affiliates, which proceeding seeks, in whole or in part, monetary relief against CCNB or its Affiliates, the Company and the Partnership hereby acknowledge and agree that their respective Affiliates’ sole remedy shall be against assets of CCNB not in the Trust Account and that no Liability after the Closing in respect thereof, in each case, except for (i) those covenants and agreements that by their terms contemplate performance, in each case, in whole or in part after the Closing, and then only with respect to the period following the Closing (including any breaches occurring after the Closing), which shall survive until thirty (30) days following the date of the expiration, by its terms of the obligation of the applicable Party under such covenant or agreement. Notwithstanding anything to the contrary contained herein, none of the provisions set forth herein shall be deemed a waiver by any Party of any right or remedy which such Party may have at Law or in equity in the case of Fraud.

**Section 11.9 Trust Account Waiver.** Each of the Company and the Partnership acknowledge that CCNB has established the Trust Account for the benefit of its public CCNB Shareholders, which holds proceeds of its initial public offering. For and in consideration of CCNB entering into this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each of the Company and the Partnership, for itself and the Affiliates and Persons it has the authority to bind, hereby agrees it does not now and shall not at any time hereafter have any right, title, interest or claim of any kind in or to any assets in the Trust Account (or distributions therefrom) (a) the public CCNB Shareholders upon the redemption of their shares and (b) the underwriters of CCNB’s initial public offering in respect of their deferred underwriting commissions held in the Trust Account, in each case as set forth in the Trust Agreement (collectively, the “Trust Distributions”), and hereby waives any claims it has or may have at any time solely against the Trust Account (including the Trust Distributions) as a result of, or arising out of, any discussions, Contracts or agreements (including this Agreement) among CCNB and the Company or the Company’s Equityholders and will not seek recourse against the Trust Account (including the Trust Distributions) for any reason whatsoever; provided that nothing in this Section 11.9 shall limit any right to specifically enforce this Agreement pursuant to Section 11.11. The Company and the Partnership agree and acknowledge that such irrevocable waiver is material to this Agreement and specifically relied upon by CCNB and the Sponsor to induce CCNB to enter into this Agreement, and the Company and the Partnership further intend and understand such waiver to be valid, binding and enforceable against the Company and the Partnership and each of their respective Affiliates and Persons that they have the authority to bind under applicable Law. To the extent that the Company or the Partnership or any of their respective Affiliates or Persons that they have the authority to bind commences any Proceeding against CCNB or any of its Affiliates based upon, in connection with, relating to or arising out of any matter relating to CCNB or any of its Affiliates, which proceeding seeks, in whole or in part, monetary relief against CCNB or its Affiliates, the Company and the Partnership hereby acknowledge and agree that their respective Affiliates’ sole remedy shall be against assets of CCNB not in the Trust Account and that no Liability after the Closing in respect thereof, in each case, except for (i) those covenants and agreements that by their terms contemplate performance, in each case, in whole or in part after the Closing, and then only with respect to the period following the Closing (including any breaches occurring after the Closing), which shall survive until thirty (30) days following the date of the expiration, by its terms of the obligation of the applicable Party under such covenant or agreement. Notwithstanding anything to the contrary contained herein, none of the provisions set forth herein shall be deemed a waiver by any Party of any right or remedy which such Party may have at Law or in equity in the case of Fraud.

**Section 11.10 Counterparts; Electronic Delivery.** This Agreement, the Ancillary Agreements and the other agreements, certificates, instruments and documents delivered pursuant to this Agreement may be executed and delivered in one or more counterparts and by e-mail, each of which shall be deemed an original and all of which shall be considered one and the same agreement. No Party shall raise the use of e-mail to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated
through the use of a fax machine or e-mail as a defense to the formation or enforceability of a Contract and each Party forever waives any such defense.

Section 11.11 Specific Performance. Each Party acknowledges that the rights of each Party to consummate the transactions contemplated hereby are unique and recognize and affirm that in the event any of the provisions hereof are not performed in accordance with their specific terms or otherwise are breached, money damages would be inadequate (and therefore the non-breaching Party would have no adequate remedy at Law) and the non-breaching Party would be irreparably damaged. Accordingly, each Party agrees that each other Party shall be entitled to specific performance, an injunction or other equitable relief (without posting of bond or other security or needing to prove irreparable harm) to prevent breaches of the provisions hereof and to enforce specifically this Agreement or any Ancillary Agreement to the extent expressly contemplated herein or therein and the terms and provisions hereof in any Proceeding, in addition to any other remedy to which such Person may be entitled. Each Party agrees that it will not oppose the granting of specific performance and other equitable relief on the basis that the other Parties have an adequate remedy at Law or that an award of specific performance is not an appropriate remedy for any reason at Law or equity. The Parties acknowledge and agree that any Party seeking an injunction to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in accordance with this Section 11.11 shall not be required to provide any bond or other security in connection with any such injunction.

Section 11.12 No Third-Party Beneficiaries. This Agreement is for the sole benefit of the Parties and their permitted assigns and nothing herein expressed or implied shall give or be construed to give any Person, other than the Parties and such permitted assigns, any legal or equitable rights hereunder (other than (a) Non-Party Affiliates, each of whom is an express third-party beneficiary of Section 11.14 and this Section 11.12, (b) the Company Indemnified Persons and the CCNB Indemnified Persons, each of whom is an express third-party beneficiary of Section 11.14 and this Section 11.12, and (c) the Sponsor, who is an express third-party beneficiary of Section 2.5, Section 7.6 and Article XI).

Section 11.13 Schedules and Exhibits. All Schedules and Exhibits attached hereto, or documents expressly incorporated into this Agreement, are (a) each hereby incorporated in and made a part of this Agreement as if set forth in full herein and (b) qualified in their entirety by reference to specific provisions of this Agreement. Any fact or item disclosed in any Section of the Schedules shall be deemed disclosed in each other Section of the applicable Schedule to which such fact or item may apply so long as (i) such other Section is referenced by applicable cross-reference or (ii) it is reasonably apparent on the face of such disclosure that such disclosure is applicable to such other Section or portion of the Schedule. The headings contained in the Schedules are for convenience of reference only and shall not be deemed to modify or influence the interpretation of the information contained in the Schedules. The Schedules shall not be deemed to expand in any way the scope or effect of any representations, warranties or covenants described herein. Any fact or item disclosing the specification of any dollar amount, disclosing the specification of any dollar amount, disclosing the specification of any dollar amount, shall not by reason only of such inclusion (A) be deemed to be material, to establish any standard of materiality or to define further the meaning of such terms for purposes hereof, (B) represent a determination that such item or matter did not arise in the Ordinary Course of Business or (C) be deemed or interpreted to expand the scope of the Company’s representations and warranties, obligations, covenants, conditions or agreements contained herein or in the Agreements, and matters reflected in the Schedules are not necessarily limited to matters required by this Agreement to be reflected herein and may be included solely for information purposes. The inclusion of any item or information in the Schedules shall not be deemed an admission of any fact, circumstance, liability or obligation to any third party. Moreover, in disclosing the information in the Schedules, the Company expressly does not waive any attorney-client privilege associated with such information or any protection afforded by the work-product doctrine with respect to any of the matters disclosed or discussed therein. The information contained in the Schedules shall be kept strictly confidential by the Parties and no third party may rely on any information disclosed or set forth therein.

Section 11.14 No Recourse. Notwithstanding anything that may be expressed or implied herein (except in the case of the immediately succeeding sentence) or any document, agreement, or instrument delivered contemporaneously herewith, and notwithstanding the fact that any Party may be a partnership or limited liability company, each Party hereto, by its acceptance of the benefits of this Agreement, covenants, agrees and acknowledges that no Persons other than the Parties shall have any obligation hereunder and

A-90
that it has no rights of recovery hereunder, and no recourse hereunder or under any documents, agreements, or instruments delivered contemporaneously herewith or in respect of any oral representations made or alleged to be made in connection herewith or therewith shall be had against, any former, current or future director, officer, agent, Affiliate, manager, assignee, incorporator, controlling Person, fiduciary, representative or employee of any Party (or any of their successors or permitted assignees), against any former, current, or future general or limited partner, manager, stockholder or member of any Party (or any of their successors or permitted assignees) or any Affiliate thereof or against any former, current or future director, officer, agent, employee, Affiliate, manager, assignee, incorporator, controlling Person, fiduciary, representative, general or limited partner, stockholder, manager or member of any of the foregoing, but in each case not including the Parties (each, but excluding for the avoidance of doubt, the Parties, a "Non-Party Affiliate"), whether by or through attempted piercing of the corporate veil, by or through a claim (whether in tort, Contract or otherwise) by or on behalf of such Party against the Non-Party Affiliates, by the enforcement of any assessment or by any Proceeding, or by virtue of any statute, regulation or other applicable Law, or otherwise, it being agreed and acknowledged that no personal Liability whatsoever shall attach to, be imposed on, or otherwise be incurred by any Non-Party Affiliate, as such, for any obligations of the applicable Party under this Agreement or the transactions contemplated hereby, under any documents or instruments delivered contemporaneously herewith, in respect of any oral representations made or alleged to be made in connection herewith or therewith, or for any claim (whether in tort, Contract or otherwise) based on, in respect of, or by reason of, such obligations or their creation. Notwithstanding the forgoing, a Non-Party Affiliate may have obligations under any documents, agreements, or instruments delivered contemporaneously herewith or otherwise contemplated hereby if such Non-Party Affiliate is party to such document, agreement or instrument. Except to the extent otherwise set forth in, and subject in all cases to the terms and conditions of and limitations herein, this Agreement may only be enforced against, and any claim or cause of action of any kind based upon, arising out of, or related to this Agreement, or the negotiation, execution or performance hereof, may only be brought against the entities that are named as Parties hereto and then only with respect to the specific obligations set forth herein with respect to such Party. Each Non-Party Affiliate is intended as a third-party beneficiary of this Section 11.14.

Notwithstanding any provision hereof to the contrary, in no event shall the Group Companies or the Parties (and their respective Affiliates or representatives) seek to recover monetary damages from any Equity Financing Source in connection with the obligations of the Equity Financing Sources for the Equity Financing under the applicable Subscription Agreement, Permitted Equity Subscription Agreement, the Backstop Agreement or the Forward Purchase Agreement (other than pursuant to the Subscription Agreements in accordance with their terms to the extent expressly set forth therein). Nothing in this Section 11.14 shall in any way limit or qualify the rights and obligations of the Equity Financing Sources for the applicable Equity Financing and the other parties to the Subscription Agreements, any Permitted Equity Subscription Agreement, the Backstop Agreement or the Forward Purchase Agreement (as amended by the NBOKS Side Letter), as applicable, to each other thereunder or in connection therewith (including the Company’s rights as a third party beneficiary to the Subscription Agreements, the Backstop Agreement and the Forward Purchase Agreement in accordance with their terms to the extent expressly set forth therein).

Section 11.15 Equitable Adjustments. If, during the Pre-Closing Period, the outstanding shares of CCNB Capital Stock shall have been changed into a different number of shares or a different class, by reason of any stock dividend, subdivision, reclassification, recapitalization, split, combination, consolidation or exchange of shares, or any similar event shall have occurred (including any of the foregoing in connection with the Domestication Merger), then any number or amount contained herein which is based upon the number of shares of CCNB Capital Stock will be appropriately adjusted to provide to the Company Equityholders and CCNB Shareholders the same economic effect as contemplated hereby prior to such event.

Section 11.16 Waiver of Conflicts; Attorney-Client Communications.

(a) Recognizing that (i) Weil has acted as legal counsel to the Group Companies, certain of the Company Equityholders (for the avoidance of doubt, excluding the Preferred Stockholder and Getty Investments) and their respective Affiliates prior to the Closing, and that the certain of the Company Equityholders (for the avoidance of doubt, excluding the Preferred Stockholder and Getty Investments) intend to continue to engage Weil to act as legal counsel to such Company Equityholders, New CCNB, on behalf of itself and each of its Subsidiaries (including, following the Closing, the Group

(b) New CCNB, on behalf of itself and each of its Subsidiaries (including, following the Closing, the Group Companies), irrevocably acknowledges and agrees as follows: (i) all communications of any nature prior to the Closing (and all records of such communications) between any or all of the Company Equityholders (for the avoidance of doubt, excluding the Preferred Stockholder and Getty Investments), the Group Companies, any officer, director, employee, or agent of any Group Company, and their respective Affiliates, any of the financial advisors, attorneys, accountants and other advisors to the foregoing, and Weil and its partners and employees, and all of Weil’s work product with respect to, relating to, or in connection with the negotiation, preparation, execution, delivery and closing under, or any dispute or Proceeding arising under or in connection with, this Agreement or any other Ancillary Agreement or any acquisition proposal, and all matters related to any of the foregoing, in each case, to the extent constituting attorney-client privileged communication, work product, materials or matters (individually and collectively “Attorney-Client Communications”) shall at all times be subject to the attorney-client privilege or attorney work-product doctrine, as applicable, solely in favor of and held by Company Equityholders (for the avoidance of doubt, excluding the Preferred Stockholder and Getty Investments) and shall be deemed to be confidential and proprietary information solely of the Company Equityholders (for the avoidance of doubt, excluding the Preferred Stockholder and Getty Investments); (ii) such privilege or doctrine shall be held solely by, and may be waived only by, the Company Equityholders (for the avoidance of doubt, excluding the Preferred Stockholder and Getty Investments), and not by New CCNB or any of its Subsidiaries (including, following the Closing, the Group Companies), or their Affiliates, successor or assigns; (iii) all Attorney-Client Communications, and all records, and copies or extracts of records, of or maintained by the Group Companies of Attorney-Client Communications in any form, including hard copy or in digital or electronic media, and all rights, privileges and interests therein shall be (and hereby are) irrevocably and completely assigned, transferred and delivered by the Group Companies to the Company Equityholders (for the avoidance of doubt, excluding the Preferred Stockholder and Getty Investments), the Group Companies and the Subsidiaries of CCNB and their Affiliates, successors and assigns shall have no right or interest therein of any nature whatsoever including any access to or possession of such records or copies and any right to waive the attorney-client privilege or attorney work-product doctrine with respect to any Attorney-Client Communications and (iv) Weil shall have no duty whatsoever to reveal or disclose any such Attorney-Client Communications or files to the Group Companies by reason of any attorney-client relationship between Weil and the Group Companies.
(c) The Company and New CCNB, on behalf of itself and each of its Subsidiaries (including, following the Closing, the Group Companies), irrevocably acknowledges and agrees as follows: (i) all communications of any nature prior to the Closing (and all records of such communications) by and among any or all of the CCNB Parties, the CCNB equityholders (including, without limitation, the Sponsor) and their respective Affiliates, and any of their and their Affiliates respective officers, directors, employees, agents, financial advisors, attorneys, accountants and other advisors to the foregoing, and Kirkland and its partners and employees, and all of Kirkland’s Attorney-Client Communications shall at all times be subject to the attorney-client privilege or attorney work-product doctrine, as applicable, solely in favor of and held by the CCNB equityholders (including, without limitation, the Sponsor) and their respective Affiliates; (ii) such privilege or doctrine shall be held solely by, and may be waived only by, the CCNB equityholders (including, without limitation, the Sponsor) and their respective Affiliates, and not by New CCNB or any of its Subsidiaries (including, following the Closing, the Group Companies), or their Affiliates, successor or assigns; (iii) all Attorney-Client Communications, and all records, and copies or extracts of records, of or maintained by the CCNB Parties of Attorney-Client Communications in any form, including hard copy or in digital or electronic media, and all rights, privileges and interests therein shall be (and hereby are) irrevocably and completely assigned, transferred and delivered by the CCNB Parties to the CCNB equityholders (including, without limitation, the Sponsor) and their respective Affiliates, successors and assigns shall have no right or interest therein of any nature whatsoever including any access to or possession of such records or copies and any right to waive the attorney-client privilege or attorney work-product doctrine with respect to any Attorney-Client Communications and (iv) Kirkland shall have no duty whatsoever to reveal or disclose any such Attorney-Client Communications or files to New CCNB, on behalf of itself and each of its Subsidiaries (including, following the Closing, the Group Companies) by reason of any attorney-client relationship between Kirkland, on the one hand, and the CCNB Parties, the CCNB equityholders (including, without limitation, the Sponsor) and their respective Affiliates, on the other hand.

of the New CCNB Certificate of Incorporation, Getty Images Holdings, Inc., a Delaware corporation. As a
result thereof, all references to the “Company” in the Forward Purchase Agreement and the Backstop
Agreement shall be references to “Vector Holding, Inc.”, and following the adoption of the New CCNB
Certificate of Incorporation, Getty Images Holdings, Inc., rather than to CC Neuberger Principal Holdings
II, (ii) all references to “Class A ordinary share” in the Forward Purchase Agreement and the Backstop

“Class B ordinary share” in the Forward Purchase Agreement and the Backstop Agreement shall refer
instead to “Class B common share”, in each case other than with respect to any representation or warranty
made as of the date of such agreement or any provisions regarding the Trust Account or the calculation of

For the avoidance of doubt, each of the parties hereto hereby agrees that (a) the Forward Purchase Shares shall be allocated by New CCNB to the Purchaser in the form of New CCNB Class A Common Shares and (b) the Forward Purchase Warrants shall be allocated by New CCNB to the Purchaser in the form of a right to acquire New CCNB Class A Common Shares on the same contractual terms and conditions as were in effect immediately prior to the
Domestication Merger under the terms of the Forward Purchase Agreement (as amended hereby).

Further, the Purchaser hereby irrevocably waives the covenants of CCNB set forth in Section 5(b) and 5(c) of the Forward Purchase Agreement, and hereby agrees that such covenants shall be disregarded for purposes of determining if the conditions set forth in Section 6(a) of the Forward Purchase Agreement have been satisfied, unless the corresponding condition with respect to such corresponding covenants in the Business Combination Agreement have been waived by the Company in accordance with the Business Combination Agreement (in which case such covenants shall not be so disregarded).

Notwithstanding anything to the contrary set forth in the Forward Purchase Agreement or the Backstop Agreement, as applicable, the Company shall be entitled to enforce, through an action of specific performance or otherwise, CCNB’s or New CCNB’s, as applicable, right to cause the Purchaser to fund the FPS Purchase Price and purchase the Forward Purchase Shares or fund the BPS Purchase Price and purchase the Backstop Purchase Shares, as applicable, and to enforce the prohibition on assignment, termination, amendment, modification or supplementation of this letter agreement, in each case, subject to the terms and conditions Forward Purchase Agreement or Backstop Agreement, as applicable. The Company shall not be required to provide any bond or other security in connection with any such equitable remedy; provided in no event will the Company have any claim for monetary damages against the Purchaser hereunder or thereunder.

Except as expressly provided herein, the terms and conditions of the Forward Purchase Agreement and the Backstop Agreement shall remain in full force and effect.

If the Business Combination Agreement is terminated in accordance with Article X thereof, the Forward Purchase Agreement is terminated in accordance with Section 7(b)(ii) thereof or the Backstop Agreement is terminated in accordance with Section 7(b)(ii) thereof, this letter agreement shall automatically terminate and be of no further force or effect, without any liability or other obligation on the part of any party hereto to any Person in respect hereof or the transactions contemplated hereby, the Business Combination Agreement, the Forward Purchase Agreement or the Backstop Agreement, and no party hereto shall have any claim against another (and no Person shall have any rights against such party), whether under contract, tort or otherwise, with respect to the subject matter hereof, except for any liability on the part of CCNB or New CCNB for a Willful Breach of this letter agreement prior to the date of termination or Fraud.

This letter agreement, together with the Forward Purchase Agreement or Backstop Agreement, as appropriate, and any documents, instruments and writings that are delivered pursuant thereto, constitute the entire agreement and understanding of the parties hereto in respect of the subject matter hereof and supersedes all prior understandings, agreements, or representations by or among the parties hereto, written or oral, to the extent they relate in any way to the subject matter hereof or the transactions contemplated hereby. The provisions of Sections 8(a), 8(e)-(r) of the Backstop Agreement, as appropriate, shall apply mutatis mutandis.

Each such Sponsor Party should consult his tax advisor regarding the consequences of Section 83(b) elections, as well as the receipt, holding and sale of the Restricted Sponsor Shares.

Section 1.9 Further Assurances. New CCNB, CCNB, each Sponsor Party and each Founder Holder shall take, or cause to be taken, all actions and do, or cause to be done, all things reasonably necessary under applicable Laws to consummate the transactions contemplated by this Side Letter on the terms and subject to the conditions set forth herein.

Section 1.14 Waiver of Anti-dilution Protection. With respect to its Founder Shares, each Sponsor
Party hereby waives, effective as of the Closing, and shall refrain from asserting or perfecting, subject to,
conditioned upon and effective as of the Closing (for itself and for its successors and assigns), to the fullest
extent permitted by Law and the Governing Documents of CCNB, any rights to adjustment of the
conversion ratio with respect to the CCNB Class B Ordinary Shares owned by such Sponsor Party set forth
in the Governing Documents of CCNB or otherwise (including the rights set forth in Section 17.3 of the
Amended and Restated Memorandum and Articles of Association of CCNB, effective as of July 30, 2020)
or any similar right set forth in the New CCNB Pre-Closing Certificate of Incorporation with respect to the
Pre-Closing Class B Common Shares. Notwithstanding anything to the contrary contained herein, no
Sponsor Party shall be prohibited from waiving, asserting or perfecting any of the foregoing rights in the
event the Business Combination Agreement is validly terminated in accordance with its terms. If the
Business Combination Agreement is so terminated, then this Section 1.14 shall be deemed null and void ab
initio.

Section 1.15 Exclusivity. During the period between the execution of this Side Letter and the
Closing or the earlier termination of the Business Combination Agreement in accordance with its terms,
each Founder Holder, except in such Founder Holder’s capacity as a director of the Company, agrees not to

provided, that, for the avoidance of doubt a Founder Holder shall not be in breach of this Section 1.15 for
any action taken in respect of any other special purpose acquisition vehicle or investment, which is not
CCNB (nor a subsidiary or parent thereof) and which does not otherwise violate the provisions of this
Section 1.15.

LOCK-UP AGREEMENT
[Intentionally Omitted]
FORM OF SUBSCRIPTION AGREEMENT

CC Neuberger Principal Holdings II
200 Park Avenue, 58th Floor
New York, New York 10166

Ladies and Gentlemen:

This Subscription Agreement (this “Subscription Agreement”) is being entered into as of the date set forth on the signature page hereto, by and between CC Neuberger Principal Holdings II, a Cayman Islands exempted company (“SPAC”), Vector Holding, LLC, a Delaware limited liability company and wholly-owned subsidiary of the SPAC (“New CCNB”), and the undersigned investor (the “Investor”), in connection with the Business Combination Agreement, dated as of December 9, 2021 (as may be amended, supplemented or otherwise modified from time to time, the “Business Combination Agreement”), by and among the SPAC, New CCNB, Griffey Global Holdings, Inc., a Delaware corporation (the “Company”), Vector Domestication Merger Sub, LLC, a Delaware limited liability company and wholly-owned subsidiary of New CCNB (“Domestication Merger Sub”), Vector Merger Sub 1, LLC, a Delaware limited liability company and wholly-owned subsidiary of the SPAC (“Vector Merger Sub 1”), Vector Merger Sub 2, LLC, a Delaware limited liability company and wholly-owned subsidiary of the SPAC (“Vector Merger Sub 2”) and for limited purposes as set forth in the Business Combination Agreement, Griffey Investors, LP, a Delaware limited partnership, pursuant to which, among other things, (i) New CCNB will convert into a Delaware corporation (the “Statutory Conversion”), (ii) following the Statutory Conversion, the SPAC will merge with and into Domestication Merger Sub (the “Domestication Merger”), with Domestication Merger Sub surviving the Domestication Merger (the “Domestication Surviving Company”), (iii) following the Domestication Merger, G Merger Sub 1 will merge with and into the Company (the “First Getty Merger”), with the Company surviving the First Getty Merger (the “First Surviving Company”) and (iv) immediately following the First Getty Merger, the First Surviving Company will merge with and into G Merger Sub 2 (the “Second Getty Merger,” and together with the First Getty Merger, the “Getty Mergers”), and together with the Domestication Merger, the “Mergers”, with G Merger Sub 2 surviving the Second Getty Merger as a wholly owned subsidiary of the First Surviving Company (the “Final Surviving Company”), on the terms and subject to the conditions therein (the transactions contemplated by the Business Combination Agreement, including the Mergers, the “Transaction”). In connection with the Transaction, SPAC is seeking commitments from interested investors to purchase, following the Domestication Merger and prior to the Getty Mergers, shares of New CCNB’s Class A common stock, par value $0.0001 per share (the “Shares”), in a private placement for a purchase price of $10.00 per share (the “Per Share Purchase Price”). On December 9, 2021, SPAC and New CCNB entered into subscription agreements (the “Other Subscription Agreements”) with certain other investors (the “Other Investors”), pursuant to which the Other Investors have agreed to purchase on the closing date of the Transaction an aggregate amount of up to 15,000,000 Shares, at the Per Share Purchase Price (the “Other PIPE Investment Shares”). As of the date hereof, the Investor has agreed to purchase on the closing date of the Transaction an aggregate amount of Shares (as set forth on the signature page hereto), at the Per Share Purchase Price, and such issuance of Shares shall be in addition to the Other PIPE Investment Shares. The aggregate purchase price to be paid by the Investor for the subscribed Shares (as set forth on the signature page hereto) is referred to herein as the “Subscription Amount.”

References to the “Issuer” shall refer to the SPAC for all periods prior to completion of the Domestication Merger and to New CCNB for all periods after completion of the Domestication Merger.

In connection therewith, and in consideration of the foregoing and the mutual representations, warranties and covenants, and subject to the conditions, set forth herein, and intending to be legally bound hereby, each of the Investor and Issuer acknowledges and agrees as follows:

1. Subscription. The Investor hereby irrevocably subscribes for and agrees to purchase from Issuer the number of Shares set forth on the signature page of this Subscription Agreement on the terms and subject to the conditions provided herein. The Investor acknowledges and agrees that Issuer reserves the right to accept or reject the Investor’s subscription for the Shares for any reason or for no reason, in whole or in part.
part, at any time prior to its, his or her acceptance, and the same shall be deemed to be accepted by Issuer only when this Subscription Agreement is signed by a duly authorized person by or on behalf of Issuer; Issuer may do so in counterpart form. The Investor acknowledges and agrees that, as a result of the Transaction, the Shares that will be purchased by the Investor and issued by Issuer pursuant to this Subscription Agreement shall be shares of common stock in a Delaware corporation (and not, for the avoidance of doubt, ordinary shares in a Cayman Islands exempted company).

2. Closing. The closing of the sale of the Shares contemplated hereby (the “Closing”) is contingent upon the substantially concurrent consummation of the Transaction. The Closing shall occur substantially concurrently with and be conditioned upon the effectiveness of, the Transaction. Upon delivery of written notice from (or on behalf of) Issuer to the Investor (the “Closing Notice”), that Issuer reasonably expects all conditions to the closing of the Transaction to be satisfied or waived on a date that is not less than five (5) business days from the date on which the Closing Notice is delivered to the Investor, the Investor shall deliver to Issuer, three (3) business days prior to the closing date specified in the Closing Notice (the “Closing Date”), (i) the Subscription Amount by wire transfer of United States dollars in immediately available funds to the account(s) specified by Issuer in the Closing Notice and (ii) any other information that is reasonably requested in the Closing Notice in order for the Shares to be issued to the Investor, including, without limitation, the legal name of the person in whose name such Shares are to be issued and a duly executed Internal Revenue Service Form W-9 or W-8, as applicable. At the Closing, a number of Shares shall be issued to the Investor set forth on the signature page to this Subscription Agreement and subsequently such Shares shall be registered in book entry form in the name of the Investor on Issuer’s share register; provided, however, that the obligation to issue the Shares to the Investor is contingent upon Issuer having received the Subscription Amount in full accordance with this Section 2. If the Closing does not occur within ten (10) business days following the Closing Date specified in the Closing Notice, Issuer shall promptly (but not later than three (3) business days thereafter) return the Subscription Amount in full to the Investor; provided that, unless this Subscription Agreement has been terminated pursuant to Section 8 hereof, such return of funds shall not terminate this Subscription Agreement or relieve the Investor of its, his or her obligation to purchase the Shares at the Closing upon the delivery by Issuer of a subsequent Closing Notice in accordance with this Section 2. For purposes of this Subscription Agreement, “business day” shall mean a day other than a Saturday, Sunday or other day on which commercial banks in New York, New York are authorized or required by law to close.

3. Closing Conditions.
   a. The obligation of the parties hereto to consummate the purchase and sale of the Shares pursuant to this Subscription Agreement is subject to the following conditions:
      (i) no applicable governmental authority shall have enacted, issued, promulgated, enforced or entered any judgment, order, law, rule or regulation (whether temporary, preliminary or permanent) which is then in effect and has the effect of making the consummation of the transactions contemplated hereby illegal or otherwise restraining or prohibiting consummation of the transactions contemplated hereby; and
      (ii) (A) all conditions precedent to the closing of the Transaction contained in the Business Combination Agreement shall have been satisfied (as determined by the parties to the Business Combination Agreement and other than those conditions under the Business Combination Agreement which, by their nature, are to be fulfilled at the closing of the Transaction, including to the extent that any such condition is dependent upon the consummation of the purchase and sale of the Shares pursuant to this Subscription Agreement) or waived according to the terms of the Business Combination Agreement and (B) the closing of the Transaction shall be scheduled to occur concurrently with or on the same date as the Closing.
   b. The obligation of Issuer to consummate the issuance and sale of the Shares pursuant to this Subscription Agreement shall be subject to the conditions that (i) all representations and warranties of the Investor contained in this Subscription Agreement are true and correct in all material respects at and as of the Closing (except for those representations and warranties qualified by materiality, which shall be true and correct in all respects and those representations and warranties that speak as of a specified earlier date, which shall be so true and correct in all material respects (or, if qualified by
materiality, in all respects) as of such earlier date), and consummation of the Closing shall constitute a reaffirmation by the Investor of each of the representations and warranties of the Investor contained in this Subscription Agreement as of the Closing; and (ii) all obligations, covenants and agreements of the Investor required to be performed by it, him or her at or prior to the Closing shall have been performed in all material respects.

c. The obligation of the Investor to consummate the purchase of the Shares pursuant to this Subscription Agreement shall be subject to the conditions (which may be waived by the Investor) that (i) all representations and warranties of Issuer contained in this Subscription Agreement shall be true and correct in all material respects at and as of the Closing (other than representations and warranties that are qualified as to materiality or Material Adverse Effect (as defined herein), which representations and warranties shall be true in all respects and those representations and warranties that speak as of a specified earlier date, which shall be so true and correct in all material respects (or, if qualified by materiality, in all respects) as of such earlier date), and consummation of the Closing shall constitute a reaffirmation by Issuer of each of the representations and warranties of Issuer contained in this Subscription Agreement as of the Closing; (ii) all obligations, covenants and agreements of Issuer required by this Subscription Agreement to be performed by it at or prior to the Closing shall have been performed in all material respects; (iii) there shall have been no amendment or modification to the Business Combination Agreement that would reasonably be expected to materially and adversely affect the economic benefits that Investor would reasonably expect to receive under this Subscription Agreement, except to the extent consented to in writing by Investor; provided that the foregoing condition shall not apply with respect to any amendment, modification or waiver of Section 9.3(c) of the Business Combination Agreement (or the effects thereof); and (iv) New CCNB's initial listing application with The New York Stock Exchange ("NYSE") in connection with the Transaction shall have been conditionally approved and, immediately following the closing of the Transaction, New CCNB would satisfy any applicable listing requirements of NYSE as at the Closing Date, and the Shares shall have been approved for listing on NYSE, subject to official notice of issuance.

4. Further Assurances. At or prior to the Closing, the parties hereto shall execute and deliver, or cause to be executed and delivered, such additional documents and take such additional actions as the parties reasonably may deem to be practical and necessary in order to consummate the subscription as contemplated by this Subscription Agreement.

5. Issuer Representations and Warranties. Issuer represents and warrants to the Investor that (provided that no representation or warranty by Issuer shall apply to any statement or information in the SEC Reports (as defined below) that relates to the topics referenced in the Statement (as defined below), any reclassification of the Issuer’s public shares or any other accounting matters with respect to Issuer’s securities or expenses or other initial public offering related matters, nor shall any correction, amendment or restatement of Issuer’s filings or financial statements arising from or relating to the Statement or any other accounting matters, nor any other effects that relate to or arise out of, or are in connection with or in response to, any of the foregoing or any changes in accounting or disclosure related thereto, be deemed to be material for purposes of this Subscription Agreement or be deemed to be a breach of any representation or warranty by Issuer or a Material Adverse Effect):

a. As of the date hereof, Issuer is an exempted company duly formed, validly existing and in good standing under the laws of the Cayman Islands (to the extent such concept exists in such jurisdiction). Issuer has all power (corporate or otherwise) and authority to own, lease and operate its properties and conduct its business as presently conducted and to enter into, deliver and perform its obligations under this Subscription Agreement. As of the Closing, following the Domestication Merger, Issuer will be duly formed, validly existing as a corporation and in good standing under the laws of the State of Delaware.

b. As of the Closing, the Shares will be duly authorized and, when issued and delivered to the Investor against full payment therefor in accordance with the terms of this Subscription Agreement, the Shares will be validly issued, fully paid and non-assessable and will not have been issued in violation of or subject to any preemptive or similar rights created under Issuer’s certificate of incorporation (as adopted in connection with the Domestication Merger) or under the General Corporation Law of the State of Delaware.
c. This Subscription Agreement has been duly authorized, executed and delivered by Issuer and, assuming that this Subscription Agreement constitutes the valid and binding agreement of the Investor, this Subscription Agreement is enforceable against Issuer in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, or (ii) principles of equity, whether considered at law or equity.

d. The issuance and sale of the Shares and the compliance by Issuer with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of Issuer or any of its subsidiaries pursuant to the terms of (i) any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which Issuer or any of its subsidiaries is a party or by which Issuer or any of its subsidiaries is bound or to which any of the property or assets of Issuer is subject that would reasonably be expected to materially affect the validity of the Shares or the legal authority of Issuer to timely comply in all material respects with the terms of this Subscription Agreement (a “Material Adverse Effect”); (ii) result in any violation of the provisions of the organizational documents of Issuer; or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over Issuer or any of its properties that would reasonably be expected to have a Material Adverse Effect.

e. As of their respective dates, all reports (the “SEC Reports”) required to be filed by Issuer with the U.S. Securities and Exchange Commission (the “SEC”) complied in all material respects with the applicable requirements of the Securities Act of 1933, as amended (the “Securities Act”) and the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations of the SEC promulgated thereunder, and none of the SEC Reports, when filed or, if amended, as of the date of such amendment, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Each Investor acknowledges that (i) the Staff of the SEC issued the Staff Statement on Accounting and Reporting Considerations for Warrants Issued by Special Purpose Acquisition Companies on April 12, 2021 (together with any subsequent guidance, statements or interpretations issued by the SEC or the Staff relating thereto or to other accounting matters related to Issuer’s securities or expenses or other initial public offering related matters, the “Statement”), (ii) Issuer continues to review the Statement and its implications, including on the financial statements and other information included in the SEC Reports and (iii) any restatement, revision or other modification of the SEC Reports, including, without limitation, any changes to historical accounting policies of Issuer and any reclassification of the Issuer’s public shares in connection with any order, directive, guideline, comment or recommendation from the SEC that is applicable to Issuer, including, without limitation, arising from or relating to Issuer’s review of the Statement shall be deemed not material for purposes of this Subscription Agreement.

f. Assuming the accuracy of the Investor’s representations and warranties set forth in Section 6 of this Subscription Agreement, no registration under the Securities Act is required for the offer and sale of the Shares by Issuer to the Investor hereunder. The Shares (i) were not offered by any form of general solicitation or general advertising and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws.

g. Other than (i) the Other Subscription Agreements, (ii) the Business Combination Agreement and any agreement explicitly contemplated thereby, (iii) any other subscription agreement entered into after the date of this Subscription Agreement with respect to the same class of shares being acquired by Investor hereunder and at the same Per Share Purchase Price and otherwise on substantially similar economic terms and in substantially similar form as this Subscription Agreement (each, a “Subsequent Subscription Agreement” and the investor thereunder, a “Subsequent Investor”), and (iv) any commercial agreement entered into after the date of this Subscription Agreement that is unrelated to the financing of the Company or New CCNB or fundraising in connection with the Transaction, the Issuer has not entered into any side letter or similar agreement with any investor in connection with such
investor’s direct or indirect investment in the Issuer (other than any side letter or similar agreement relating to the transfer to any investor of (i) securities of the Issuer by existing securityholders of the Issuer, which may be effectuated as a forfeiture to the Issuer and reissuance, or (ii) securities to be issued to the direct or indirect securityholders of the Company pursuant to the Business Combination Agreement). No Subsequent Subscription Agreement and no Other Subscription Agreement (other than any subscription agreement entered into by CC Neuberger Principal Holdings II Sponsor LLC or Getty Investment L.L.C., or their affiliates which, however, shall be with respect to the same class of shares being acquired by Investor hereunder and at the same Per Share Purchase Price) includes terms and conditions that are materially more advantageous to any such Subsequent Investor or Other Investor than Investor hereunder, and no such Subsequent Subscription Agreement or Other Subscription Agreement has been amended in any material respect following the date of this Subscription Agreement.

b. The Issuer has prior to the date, or shall on the first (1st) business day immediately following the date hereof, issued or issue one or more press releases or filed with the SEC a Current Report on Form 8-K that disclosed or discloses all material terms of the transactions contemplated hereby, by the Other Subscription Agreements and the Business Combination Agreement and other material nonpublic information that Issuer has provided to the Investor at any time prior to the date hereof.

6. Investor Representations and Warranties. The Investor represents and warrants to Issuer that:

a. The Investor (i) is an “accredited investor” (within the meaning of Rule 501(a) under the Securities Act), satisfying the applicable requirements set forth on Schedule A hereto, (ii) is acquiring the Shares only for its, his or her own account and not for the account of others and (iii) is not acquiring the Shares with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act or any securities laws of the United States or any other jurisdiction. The Investor has completed Schedule A following the signature page hereto and the information contained therein is accurate and complete. The Investor further acknowledges that it, he or she is aware that the sale to it, him or her is being made in reliance on a private placement exempt from registration under the Securities Act and is acquiring the Shares for its, his or her own account.

b. [Reserved.]

c. The Investor acknowledges and agrees that the Shares are being offered in a transaction not involving any public offering within the meaning of the Securities Act and that the offer and sale of the Shares have not been registered under the Securities Act or any other applicable securities laws. The Investor acknowledges and agrees that the Shares may not be resold, resold, transferred, pledged or otherwise disposed of by the Investor absent an effective registration statement under the Securities Act except in compliance with any exemption therefrom, and that any book entries representing the Shares shall contain a restrictive legend to such effect, which legend shall be subject to removal as set forth herein, subject to applicable law. The Investor acknowledges and agrees that the Shares will be subject to transfer restrictions and, as a result of these transfer restrictions, the Investor may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Shares and may be required to bear the financial risk of an investment in the Shares for an indefinite period of time. The Investor acknowledges and agrees that the Shares will not be eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144 promulgated under the Securities Act until at least one year from the date that Issuer files a Current Report on Form 8-K following the Closing that includes the “Form 10” information required under applicable SEC rules and regulations. The Investor acknowledges and agrees that it, he or she has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Shares.

d. The Investor acknowledges and agrees that the Investor is purchasing the Shares directly from Issuer. The Investor further acknowledges that there have been no representations, warranties, covenants and agreements made to the Investor by or on behalf of Issuer, the Company, and Credit Suisse Securities (USA) LLC, Goldman Sachs & Co. LLC, J.P. Morgan Securities LLC and Citigroup Global Markets Inc. (collectively, the “Placement Agents”), any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or any other person or entity, expressly or by implication, other than those representations, warranties, covenants and agreements of Issuer expressly set forth in Section 6 of this Subscription Agreement.
e. The Investor’s acquisition and holding of the Shares will not constitute or result in a non-exempt prohibited transaction under Section 406 of the Employee Retirement Income Security Act of 1974, as amended, Section 4975 of the Internal Revenue Code of 1986, as amended, or any applicable similar law.

f. The Investor acknowledges and agrees that the Investor has received such information as the Investor deems necessary in order to make an investment decision with respect to the Shares, including, with respect to Issuer, the Transaction and the business of the Company and its direct and indirect subsidiaries. Without limiting the generality of the foregoing, the Investor acknowledges that it, he or she has reviewed the SEC Reports and other information as the Investor has deemed necessary to make an investment decision with respect to the Shares. The Investor acknowledges and agrees that the Investor and the Investor’s professional advisor(s), if any, have had the full opportunity to ask such questions, including from the Company directly, receive such answers and obtain such information as the Investor and such Investor’s professional advisor(s), if any, have deemed necessary to make an investment decision with respect to the Shares, including but not limited to access to marketing materials and a virtual data room containing information about the Company and its financial condition, results of operations, business, properties, management and prospects sufficient, in the Investor’s judgment, to enable the Investor to evaluate its, his or her investment. The Investor acknowledges that certain information provided by the Company was based on projections, and such projections were prepared based on assumptions and estimates that are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections. The Investor further acknowledges that it, he or she has reviewed or had the full opportunity to review all disclosure documents provided to such Investor in the offering of the Shares and no statement or printed material which is contrary to such disclosure documents has been made or given to the Investor by or on behalf of Issuer or Company. Based on such information as the Investor has deemed appropriate and without reliance upon the Placement Agents, the Investor has independently made its, his or her own analysis and decision to enter into the Transaction. Except for the representations, warranties and agreements of the Issuer expressly set forth in any Subscription Agreement, the Investor is relying exclusively on its, his or her own sources of information, investment analysis and due diligence (including professional advice it, he or she deemed appropriate) with respect to the Transaction, the Securities and the business, condition (financial and otherwise), management, operations, properties and prospects of the Issuer and the Company, including but not limited to all business, legal, regulatory, accounting, credit and tax matters.

g. The Investor became aware of this offering of the Shares solely by means of direct contact between the Investor and Issuer, the Company or a representative of Issuer or the Company, and the Shares were offered to the Investor solely by direct contact between the Investor and Issuer, the Company or a representative of Issuer or the Company. The Investor did not become aware of this offering of the Shares, nor were the Shares offered to the Investor, by any other means and none of Issuer, Company or their respective representatives or any person acting on behalf of any of them acted as investment advisor, broker or dealer to the Investor. The Investor acknowledges that the Shares (i) were not offered by any form of general solicitation or general advertising and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws. The Investor acknowledges that it, he or she is not relying upon any statement, representation or warranty made by any person, firm or corporation (including, without limitation, Issuer, the Company, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the representations and warranties of Issuer contained in Section 5 of this Subscription Agreement, in making its, his or her investment or decision to invest in Issuer.

h. The Investor acknowledges that it, he or she is aware that there are substantial risks incident to the purchase and ownership of the Shares, including but not limited to those set forth in the SEC Reports. The Investor has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares, and the Investor has sought such accounting, legal and tax advice as the Investor has considered necessary to make an informed investment decision and the Investor has made its, his or her own assessment and has satisfied itself, himself or herself concerning relevant tax and other economic considerations relative to its, his or her
purchase of the Shares. The Investor will not look to the Placement Agents for all or part of any such loss or losses the Investor may suffer, is able to sustain a complete loss on its, his or her investment in the Shares, has no need for liquidity with respect to its, his or her investment in the Shares and has no reason to anticipate any change in circumstances, financial or otherwise, which may cause or require any sale or distribution of all or any part of the Shares.

i. Alone, or together with any professional advisor(s), the Investor has adequately analyzed and fully considered the risks of an investment in the Shares and determined that the Shares are a suitable investment for the Investor and that the Investor is able at this time and in the foreseeable future to bear the economic risk of a total loss of the Investor’s investment in Issuer. The Investor has determined based on its, his or her own independent review and such professional advice as the Investor deemed appropriate that its, his or her purchase of the Securities and participation in the Transaction are fully consistent with its, his or her financial needs, objectives and condition and is a suitable investment for the Investor, notwithstanding the risks inherent in investing in or holding the Securities. The Investor acknowledges specifically that a possibility of total loss exists.

j. The Investor hereby acknowledges and agrees that (a) the Placement Agents are acting solely as placement agents in connection with the Transaction and are not acting as underwriters or in any other capacity and are not and shall not be construed as a fiduciary for the Investor, the Company or any other person or entity in connection with the Transaction, (b) the Placement Agents have not made and will not make any representation or warranty, whether express or implied, of any kind or character and have not provided any advice or recommendation in connection with the Transaction, (c) the Placement Agents will have no responsibility with respect to (i) any representations, warranties or agreements made by any person or entity under or in connection with the Transaction or any of the documents furnished pursuant thereto or in connection therewith, or the execution, legality, validity or enforceability (with respect to any person) or any thereof, or (ii) the business, condition (financial or otherwise), operations, properties or prospects of, or any other matter concerning the Company, the Target or the Transaction, and (d) the Placement Agents shall have no liability or obligation (including without limitation, for or with respect to any losses, claims, damages, obligations, penalties, judgments, awards, liabilities, costs, expenses or disbursements incurred by the Investor, the Company or any other person or entity), whether in contract, tort or otherwise, to the Investor, or to any person claiming through the Investor, in respect of the Transaction. In making its, his or her decision to purchase the Shares, the Investor has relied solely upon independent investigation made by the Investor. Without limiting the generality of the foregoing, the Investor has not relied on any statements or other information provided by or on behalf of the Placement Agents or any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing concerning Issuer, the Company, the Transaction, the Business Combination Agreement, this Subscription Agreement or the transactions contemplated hereby or thereby, the Shares or the offer and sale of the Shares.

l. The Investor has full power, right and legal capacity to execute and deliver this Subscription Agreement and to perform its, his or her obligations hereunder.

m. This Subscription Agreement has been duly authorized, executed and delivered by the Investor. This Subscription Agreement is enforceable against the Investor in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, and (ii) principles of equity, whether considered at law or equity.

n. The Investor is not (i) a person named on the List of Specially Designated Nationals and Blocked Persons, the Executive Order 13599 List, the Foreign Sanctions Evaders List, or the Sectoral Sanctions Identification List, each of which is administered by the U.S. Treasury Department’s Office of Foreign Assets Control (“OFAC”) (collectively, “OFAC Lists”), (ii) acting on behalf of one or more persons that are named on the OFAC Lists; (iii) located, resident or born in, or a citizen or national of,

Part 515 (each, a “Prohibited Investor”). The Investor agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that the Investor is permitted to do so under applicable law. The Investor also represents that, to the extent required, it, he or she maintains procedures reasonably designed to ensure compliance with OFAC-administered sanctions programs. The Investor further represents and warrants that, to the extent required by applicable law, the Investor maintains procedures reasonably designed to ensure that the funds held by the Investor and used to purchase the Shares were legally derived and were not obtained, directly or indirectly, from a Prohibited Investor.

o. The Investor acknowledges that neither the Placement Agents, nor any of their respective affiliates nor any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing have made any independent investigation with respect to Issuer, the Company or its subsidiaries or any of their respective businesses, or the Shares or the accuracy, completeness or adequacy of any information supplied to the Investor by Issuer.

p. In connection with the issue and purchase of the Shares, the Placement Agents have not acted as the Investor’s financial advisor or fiduciary.

q. The Investor acknowledges that it, he or she is aware that Goldman Sachs & Co. LLC and J.P. Morgan Securities LLC are acting as financial advisors to the Company in connection with the Transaction.

r. The Investor has and, when required to deliver payment to Issuer pursuant to Section 2 above, will have, sufficient funds to pay the Subscription Amount and consummate the purchase and sale of the Shares pursuant to this Subscription Agreement.

s. As of the date hereof, the Investor does not have, and during the thirty (30) day period immediately prior to the date hereof the Investor has not entered into, any “put equivalent position” as such term is defined in Rule 16a-1 under the Exchange Act or short sale positions with respect to the securities of Issuer.

r. The Investor is not currently (and at all times through Closing will refrain from being or becoming) a member of a “group” (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act or any successor provision) acting for the purpose of acquiring, holding, voting or disposing of equity securities of Issuer (within the meaning of Rule 13d-5(b)(1) under the Exchange Act), other than a group consisting solely of the Investor and its, his or her affiliates.

7. Registration Rights.

a. Issuer agrees that within forty-five (45) calendar days after the Closing, it will file with the SEC (at its sole cost and expense) a registration statement registering the resale of the Shares (the “Registration Statement”), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof, but no later than the earlier of (i) ninety (90) calendar days after the filing thereof (or one hundred twenty (120) calendar days after the filing thereof if the SEC notifies Issuer that it will “review” the Registration Statement) and (ii) ten (10) business days after Issuer is notified (orally or in writing, whichever is earlier) by the SEC that the Registration Statement will not be “reviewed” or will not be subject to further review. Issuer agrees to cause such Registration Statement, or another shelf registration statement that includes the Shares to be sold pursuant to this Subscription Agreement, to remain effective until the earliest of (i) the second anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its, his or her Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 promulgated under the Securities Act (“Rule 144”) within 90 days without the public information, volume or manner of sale limitations of such rule. The Investor agrees to disclose its, his or her ownership to Issuer upon request to assist it, him or her in making the determination with respect to Rule 144 described in clause (iii) above. In no event shall the Investor be identified as a statutory underwriter in the Registration Statement unless in response to a comment or request from the

Issuer's requirements or (B) in accordance with a bona fide pre-existing document retention policy or (y) to retain a copy of such prospectus (A) in order to comply with applicable legal or regulatory requirements or (B) in accordance with a bona fide pre-existing document retention policy or (y) to copies stored electronically on archival servers as a result of automatic data back-up. Issuer’s obligation to the Shares issued pursuant to this Subscription Agreement (or shares issued in exchange therefor) for resale in the Registration Statement are contingent upon the Investor furnishing in writing to Issuer such information regarding the Investor, the securities of Issuer held by the Investor and the intended method of disposition of such Shares, which shall be limited to non-underwritten public offerings, as shall be reasonably requested by Issuer to effect the registration of such Shares, and shall execute such documents in connection with such registration as Issuer may reasonably request that are customary of a selling shareholder in similar situations.  

b. Indemnification

(i) Issuer shall, notwithstanding any termination of this Subscription Agreement, indemnify, defend and hold harmless Investor (to the extent a seller under the Registration Statement), its officers, directors, agents, partners, members, managers, stockholders, affiliates (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act), and the officers, directors, partners, members, managers, stockholders, affiliates, employees and investment advisers of such controlling person, to the fullest extent permitted by applicable law, from and against any and all claims, suits, actions, or litigation brought by a third party that arise out of or are based upon any untrue or alleged untrue statement of a material fact contained (or incorporated by reference) in the Registration Statement, or arising out of or relating to any omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein (in the case of any prospectus or form of prospectus or supplement thereto, in light of the circumstances under which they were made) not misleading, except to the extent, but only to the extent, that such untrue statements, alleged untrue statements, omissions or alleged omissions are based solely upon information regarding Investor furnished in writing to Issuer by or on behalf of Investor expressly for use therein (“Claim”), and any losses, damages, liabilities, costs (including, without limitation, reasonable attorneys’ fees) and expenses (collectively, “Losses”) as incurred as a result of such Claim. Issuer shall notify Investor of the institution, threat or assertion of any proceeding arising from or in connection with
the transactions contemplated by this Section 7 of which Issuer is aware. Notwithstanding the foregoing, Issuer’s indemnification obligations shall not apply to amounts paid in settlement of any Losses or action if such settlement is effected without the prior written consent of the Issuer (which consent shall not be unreasonably withheld or delayed).

(ii) Investor shall, severally and not jointly with any Other Investor or other selling securityholder named in the Registration Statement, indemnify and hold harmless Issuer, its directors, officers, agents and employees, each person who controls the Issuer (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act), and the directors, officers, agents or employees of such controlling persons, to the fullest extent permitted by applicable law, from and against all Losses, as incurred, arising out of or are based upon any untrue or alleged untrue statement of a material fact contained in any Registration Statement, or arising out of or relating to any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of any prospectus, or any form of prospectus or supplement thereto, in light of the circumstances under which they were made) not misleading to the extent, but only to the extent, that such untrue statements or omissions are based solely upon information regarding Investor furnished in writing to Issuer by or on behalf of Investor expressly for use therein. In no event shall the liability of Investor be greater in amount than the dollar amount of the net proceeds received by Investor upon the sale of the Shares giving rise to such indemnification obligation. Notwithstanding the foregoing, Investor’s indemnification obligations shall not apply to amounts paid in settlement of any Losses or action if such settlement is effected without the prior written consent of Investor (which consent shall not be unreasonably withheld or delayed).

(iii) Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person’s right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent. An indemnifying party who elects not to assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of legal counsel to any indemnified party a conflict of interest exists between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

(iv) The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director, employee, agent, affiliate or controlling person of such indemnified party and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.

(v) If the indemnification provided under this Section 7(b) from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations; provided that in no event shall the liability of Investor be greater in amount than the dollar amount of the net proceeds received by Investor upon the sale of the Shares giving rise to such contribution obligation. The
8. **Termination.** This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, upon the earliest to occur of (a) such date and time as the Business Combination Agreement is terminated in accordance with its terms without being consummated, (b) upon the mutual written agreement of each of the parties hereto and the Company to terminate this Subscription Agreement, or (c) 30 days after the Outside Date (as defined in the Business Combination Agreement as in effect on the date hereof), if the Closing has not occurred by such date (provided, that the right to terminate this Subscription Agreement pursuant to this clause (c) shall not be available to the Investor if the Investor’s breach of any of its, his or her covenants or obligations under this Subscription Agreement (or if an affiliate of the Investor is one of the Other Investors under an Other Subscription Agreement, and such Other Investor’s breach of any of its, his or her covenants or obligations under the Other Subscription Agreement), either individually or in the aggregate, shall have proximately caused the failure of the consummation of the Transaction on or before the Outside Date) (the termination events described in clauses (a) – (c) above, collectively, the “Termination Events”): provided that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination, and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from any such willful breach. Issuer shall notify the Investor in writing of the termination of the Business Combination Agreement promptly after the termination of such agreement. Upon the occurrence of any Termination Event, this Subscription Agreement shall be void and of no further effect and any monies paid by the Investor to Issuer in connection herewith shall promptly (and in any event within one (1) business day) following the Termination Event be returned to the Investor.

9. **Trust Account Waiver.** The Investor acknowledges that Issuer is a blank check company with the power and privileges to effect a merger, asset acquisition, reorganization or similar business combination involving Issuer and one or more businesses or assets. The Investor further acknowledges that, as described in Issuer’s prospectus relating to its initial public offering dated July 30, 2020 (the “Prospectus”) available at www.sec.gov, substantially all of Issuer’s assets consist of the cash proceeds of Issuer’s initial public offering and private placement of its securities, and substantially all of those proceeds have been deposited in a trust account (the “Trust Account”) for the benefit of Issuer, its public shareholders and the underwriters of Issuer’s initial public offering. Except with respect to interest earned on the funds held in the Trust Account that may be released to Issuer to pay its tax obligations and to fund certain of its working capital requirements, the cash in the Trust Account may be disbursed only for the purposes set forth in the Prospectus. For and in consideration of Issuer entering into this Subscription Agreement, the receipt and sufficiency of which are hereby acknowledged, the Investor, on behalf of itself, himself or herself and its, his or her representatives hereby irrevocably waives any and all right, title and interest, or any claim of any kind it, he or she has or may have in the future, in or to any monies held in the Trust Account (or distributions therefrom to Issuer’s public shareholders or to the underwriters of Issuer’s initial public offering in respect of their deferred underwriting commissions held in the Trust Account), and agrees not to seek recourse against the Trust Account; provided, however, that nothing in this Section 9 shall be deemed to limit the Investor’s right, title,
interest or claim to any monies held in the Trust Account by virtue of its record or beneficial ownership of Shares currently outstanding on the date hereof, pursuant to a validly exercised redemption right with respect to any such Shares, except to the extent that the Investor has otherwise agreed with Issuer to not exercise such redemption right.

10. Miscellaneous

   a. Neither this Subscription Agreement nor any rights that may accrue to the parties hereunder (other than the Shares acquired hereunder, if any) may be transferred or assigned without the prior written consent of each of the other parties hereto; provided that (i) this Subscription Agreement and any of the Investor’s rights and obligations hereunder may be assigned to any fund or account managed by the same investment manager as the Investor or by an affiliate (as defined in Rule 12b-2 of the Exchange Act) of such investment manager without the prior consent of Issuer and (ii) the Investor’s rights under Section 7 may be assigned to an assignee or transferee of the Shares (other than in connection with a sale of the Shares); provided further that prior to such assignment any such assignee shall agree in writing to be bound by the terms hereof; provided, that no assignment pursuant to clause (i) of this Section 10(a) shall relieve the Investor of its, his or her obligations hereunder unless otherwise agreed to in writing by Issuer.

   b. Issuer may request from the Investor such additional information as Issuer may deem necessary to register the resale of the Shares and evaluate the eligibility of the Investor to acquire the Shares, and the Investor shall promptly provide such information as may reasonably be requested to the extent readily available. The Investor acknowledges and agrees that if it, he or she does not provide Issuer with such requested information, Issuer may not be able to register the Investor’s Shares for resale pursuant to Section 7 hereof. The Investor acknowledges that Issuer may file a copy of this Subscription Agreement (or a form of this Subscription Agreement) with the SEC as an exhibit to a periodic report or a registration statement of Issuer.

   c. The Investor acknowledges that Issuer, the Company, the Placement Agents, and others will rely on the acknowledgments, understandings, agreements, representations and warranties contained in this Subscription Agreement, including Schedule A hereto. Prior to the Closing, the Investor agrees to promptly notify Issuer, the Company and the Placement Agents in writing (including, for the avoidance of doubt, by email) if any of the acknowledgments, understandings, agreements, representations and warranties made by the Investor as set forth in Section 6 above are no longer accurate in any material respect (other than those acknowledgments, understandings, agreements, representations and warranties qualified by materiality, in which case the Investor shall notify Issuer and the Placement Agents if they are no longer accurate in any respect). The Investor acknowledges and agrees that each purchase by the Investor of Shares from Issuer will constitute a reaffirmation of the acknowledgments, understandings, agreements, representations and warranties herein (as modified by any such notice) by the Investor as of the time of such purchase.

   d. Issuer, the Company and the Placement Agents are each entitled to rely upon this Subscription Agreement and each is irrevocably authorized to produce this Subscription Agreement or a copy hereof to any interested party in any administrative or legal proceeding or official inquiry with respect to the matters covered hereby; provided, however, that the foregoing clause of this Section 10(d) shall not give the Company or the Placement Agents any rights other than those expressly set forth herein and, without limiting the generality of the foregoing and for the avoidance of doubt, in no event shall the Company be entitled to rely on any of the representations and warranties of Issuer set forth in this Subscription Agreement.

   e. This Subscription Agreement may not be amended, modified, waived or terminated (other than pursuant to the terms of Section 8 above) except by an instrument in writing, signed by each of the parties hereto, provided, however, that no modification or waiver by Issuer of the provisions of this Subscription Agreement shall be effective without the prior written consent of the Company (other than modifications, amendments or waivers that are solely ministerial in nature or otherwise immaterial and do not affect any economic or any other material term of this Subscription Agreement). No failure or delay of any party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or
discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or 
further exercise thereof or the exercise of any other right or power. The rights and remedies of the 
parties hereunder are cumulative and are not exclusive of any rights or remedies that they would 
otherwise have hereunder.

f. This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, 
and supersedes all other prior agreements, understandings, representations and warranties, both written 
and oral, among the parties hereto, with respect to the subject matter hereof. Except as set forth in 
Section 8, Section 10(c), Section 10(d), Section 10(e), this Section 10(f), Section 10(k) and Section 11 
with respect to the persons specifically referenced therein, and Section 6 and Section 11 with respect to 
the Placement Agents, this Subscription Agreement shall not confer any rights or remedies upon any 
person other than the parties hereto, and their respective successors and assigns, and the parties hereto 
acknowledge that such persons so referenced are third party beneficiaries of this Subscription 
Agreement with right of enforcement for the purposes of, and to the extent of, the rights granted to 
them, if any, pursuant to the applicable provisions; provided, that, notwithstanding anything to the 
contrary contained in this Subscription Agreement, the Company is an intended third party beneficiary 
of each of the provisions of this Subscription Agreement.

g. Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and 
inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal 
representatives, and permitted assigns, and the agreements, representations, warranties, covenants and 
acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, 
executors, administrators, successors, legal representatives and permitted assigns.

h. If any provision of this Subscription Agreement shall be adjudicated by a court of competent 
jurisdiction to be invalid, illegal or unenforceable, the validity, legality or enforceability of the 
remaining provisions of this Subscription Agreement shall not in any way be affected or impaired 
thereby and shall continue in full force and effect.

i. This Subscription Agreement may be executed and delivered in one (1) or more counterparts 
(including by electronic means, such as facsimile, in .pdf or any electronic signature complying with 
the U.S. federal ESIGN Act of 2000) and by different parties in separate counterparts, with the same 
effect as if all parties hereto had signed the same document. All counterparts so executed and delivered 
shall be construed together and shall constitute one and the same agreement.

j. At any time, Issuer may (a) extend the time for the performance of any obligation or other act 
of the Investor, (b) waive any inaccuracy in the representations and warranties of the Investor contained 
herein or in any document delivered by the Investor pursuant hereto and (c) waive compliance with any 
agreement of the Investor or any condition to its own obligations contained herein. At any time, the 
Issuer may (a) extend the time for the performance of any obligation or other act of Issuer, (b) waive 
inaccuracy in the representations and warranties of Issuer contained herein or in any document 
delivered by Issuer pursuant hereto and (c) waive compliance with any agreement of Issuer or any 
condition to its, his or her own obligations contained herein. Any such extension or waiver shall only 
be valid if set forth in an instrument in writing signed by the party or parties to be bound thereby.

k. The parties hereto acknowledge and agree that irreparable damage would occur in the event 
that any of the provisions of this Subscription Agreement were not performed in accordance with their 
specific terms or were otherwise breached. It is accordingly agreed that the parties hereto shall be 
entitled to an injunction or injunctions to prevent breaches of this Subscription Agreement, without 
posting a bond or undertaking and without proof of damages, to enforce specifically the terms and 
provisions of this Subscription Agreement, this being in addition to any other remedy to which such 
party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and 
agree that the Company shall be entitled to specifically enforce the Investor’s obligations to fund the 
Subscription Amount and the provisions of this Subscription Agreement, in each case, on the terms and 
subject to the conditions set forth herein.

l. This Subscription Agreement shall be governed by and construed in accordance with the laws 
of the State of Delaware (regardless of the laws that might otherwise govern under applicable 
principles
of conflicts of laws thereof) as to all matters (including any action, suit, litigation, arbitration, mediation, claim, charge, complaint, inquiry, proceeding, hearing, audit, investigation or reviews by or before any governmental entity related hereto), including matters of validity, construction, effect, performance and remedies.

m. Each party hereto hereby, and any person asserting rights as a third party beneficiary may do so only if he, she or it, irrevocably agrees that any action, suit or proceeding between or among the parties hereto, whether arising in contract, tort or otherwise, arising in connection with any disagreement, dispute, controversy or claim arising out of or relating to this Subscription Agreement or any related document or any of the transactions contemplated hereby or thereby ("Legal Dispute") shall be brought only to the exclusive jurisdiction of the courts of the State of Delaware or the federal courts located in the State of Delaware, and each party hereto hereby consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it, he or she may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding that is brought in any such court has been brought in an inconvenient forum. During the period a Legal Dispute that is filed in accordance with this Section 10(m) is pending before a court, all actions, suits or proceedings with respect to such Legal Dispute or any other Legal Dispute, including any counterclaim, cross-claim or interpleader, shall be subject to the exclusive jurisdiction of such court. Each party hereto and any person asserting rights as a third party beneficiary may do so only if he, she or it hereby waives, and shall not assert as a defense in any Legal Dispute, that (a) such party is not personally subject to the jurisdiction of the above named courts for any reason, (b) such action, suit or proceeding may not be brought or is not maintainable in such court, (c) such party's property is exempt or immune from execution, (d) such action, suit or proceeding is brought in an inconvenient forum, or (e) the venue of such action, suit or proceeding is improper. A final judgment in any action, suit or proceeding described in this Section 10(m) following the expiration of any period permitted for appeal and subject to any stay during appeal shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable laws. EACH OF THE PARTIES HERETO AND ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY MAY DO SO ONLY IF HE, SHE OR IT IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY ON ANY CLAIMS OR COUNTERCLAIMS ASSERTED IN ANY LEGAL DISPUTE RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY AND FOR ANY COUNTERCLAIM RELATING THERETO. IF THE SUBJECT MATTER OF ANY SUCH LEGAL DISPUTE IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL ASSERT IN SUCH LEGAL DISPUTE A NONCOMPULSORY COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. FURTHERMORE, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL SEEK TO CONSOLIDATE ANY SUCH LEGAL DISPUTE WITH A SEPARATE ACTION OR OTHER LEGAL PROCEEDING IN WHICH A JURY TRIAL CANNOT BE WAIVED.

n. Any notice or communication required or permitted hereunder to be given to the Investor shall be in writing and either delivered personally, emailed, sent by overnight mail via a reputable overnight carrier, or sent by certified or registered mail, postage prepaid, to such address(es) or email address(es) set forth on the signature page hereto, and shall be deemed to be given and received (i) when so delivered personally, (ii) when sent, with no mail undeliverable or other rejection notice, if sent by email, or (iii) three (3) business days after the date of mailing to the address below or to such other address or addresses as such person may hereafter designate by notice given hereunder:

If Investor is a Massachusetts Business Trust, a copy of the Declaration of Trust of Investor or any affiliate thereof is on file with the Secretary of State of the Commonwealth of Massachusetts and notice is hereby given that the Subscription Agreement is executed on behalf of the trustees of Investor or any affiliate thereof as trustees and not individually and that the obligations of the Subscription Agreement are not binding on any of the trustees or stockholders of Investor or any affiliate thereof individually but are binding only upon Investor or any affiliate thereof and its, his or her assets and property.

p. The Issuer shall use commercially reasonable efforts, if requested by Subscriber to, within five (5) business days of such request, (i) issue to the transfer agent a legal opinion instructing the transfer agent that, in connection with a sale or transfer of “restricted securities” (i.e., securities issued pursuant to an exemption from the registration requirements of Section 5 of the Securities Act), the resale or transfer of which restricted securities has been registered pursuant to an effective Registration Statement by the holder thereof named in such Registration Statement, upon receipt of an appropriate broker representation letter and other such documentation as the Issuer’s counsel deems necessary and appropriate and after confirming compliance with relevant prospectus delivery requirements, is authorized to remove any applicable restrictive legend in connection with such sale or transfer and (ii) if the Shares are not registered pursuant to an effective Registration Statement, issue to the transfer agent a legal opinion to facilitate the sale or transfer of the Shares and removal of any restrictive legends pursuant to any exemption from the registration requirements of Section 5 of the Securities Act that may be available to a requesting Investor; provided that, (A) the Issuer and its counsel may request and rely upon customary representations from the Investor in connection with delivery of such opinion and (B) notwithstanding the foregoing, the Issuer and its counsel will not be required to deliver any such opinion, authorization, certificate or direction if it reasonably believes that removal of the legend could result in or facilitate transfers of securities in violation of applicable law.

The Investor acknowledges and agrees that none of (i) any Other Investor pursuant to any Other Subscription Agreement (including such Other Investor’s respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), (ii) the Placement Agents, their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing, or (iii) any other party to the Business Combination Agreement or any Non-Party Affiliate, shall have any liability to the Investor, or to any Other Investor, pursuant to, arising out of or relating to this Subscription Agreement or any other subscription agreement related to the private placement of the Shares, the negotiation hereof or thereof or its subject matter, or the transactions contemplated hereby or thereby, including, without limitation, with respect to any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the purchase of the Shares or with respect to any claim (whether in tort, contract, under federal or state securities laws or otherwise) for breach of this Subscription Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, as

12. **No Hedges.** The Investor agrees that, from the date hereof until the Closing or the earlier termination of this Subscription Agreement, none of the Investor or any person or entity acting on behalf of the Investor or pursuant to any understanding with the Investor will engage in any hedging or other transactions or arrangements (including, without limitation, any short sale or the purchase or sale of, or entry into, any put or call option, or combination thereof, forward, swap or any other derivative transaction or similar instrument, including without limitation equity repurchase agreements and securities lending arrangements, however described or defined) designed or intended, or which could reasonably be expected to lead to or result in, a sale, loan, pledge or other disposition or transfer (whether by the Investor or any other person), in each case, solely to the extent it has the same economic effect as a “short sale” (as defined in Rule 200 promulgated under Regulation SHO under the Exchange Act), of any economic consequences of ownership (excluding, for the avoidance of doubt, any consequences resulting solely from foreign exchange fluctuations), in whole or in part, directly or indirectly, physically or synthetically, of any Shares or any securities of Issuer prior to the Closing, whether any such transaction or arrangement (or instrument provided for thereunder) would be settled by delivery of securities of Issuer, in cash or otherwise, or to publicly disclose the intention to undertake any of the foregoing; provided, however, that the provisions of this Section 12 shall not apply to long sales (including sales of securities held by the Investor, its, his or her controlled affiliates or any person or entity acting on behalf of the Investor or any of its, his or her controlled affiliates prior to the date hereof and securities purchased by the Investor in the open market after the date hereof) other than those effectuated through derivative transactions and similar instruments.

Ladies and Gentlemen:

This Subscription Agreement (this “Subscription Agreement”) is being entered into as of the date set forth on the signature page hereto, by and between CC Neuberger Principal Holdings II, a Cayman Islands exempted company (“SPAC”), Vector Holding, LLC, a Delaware limited liability company and wholly-owned subsidiary of the SPAC (“New CCNB”), and the undersigned investor (the “Investor”), in connection with the Business Combination Agreement, dated as of December 9, 2021 (as may be amended, supplemented or otherwise modified from time to time, the “Business Combination Agreement”), by and among the SPAC, New CCNB, Griffey Global Holdings, Inc., a Delaware corporation (the “Company”), Vector Domestication Merger Sub, LLC, a Delaware limited liability company and wholly-owned subsidiary of New CCNB (“Domestication Merger Sub”), Vector Merger Sub 1, LLC, a Delaware limited liability company and wholly-owned subsidiary of the SPAC (“Vector Merger Sub 1”), Vector Merger Sub 2, LLC, a Delaware limited liability company and wholly-owned subsidiary of the SPAC (“Vector Merger Sub 2”) and for limited purposes as set forth in the Business Combination Agreement, Griffey Investors, LP, a Delaware limited partnership, pursuant to which, among other things, (i) New CCNB will convert into a Delaware corporation (the “Statutory Conversion”), (ii) following the Statutory Conversion, the SPAC will merge with and into Domestication Merger Sub (the “Domestication Merger”), with Domestication Merger Sub surviving the Domestication Merger (the “Domestication Surviving Company”), (iii) following the Domestication Merger, G Merger Sub 1 will merge with and into the Company (the “First Getty Merger”), with the Company surviving the First Getty Merger (the “First Surviving Company”) and (iv) immediately following the First Getty Merger, the First Surviving Company will merge with and into G Merger Sub 2 (the “Second Getty Merger” and together with the First Getty Merger, the “Getty Mergers” and together with the Domestication Merger, the “Mergers”) with G Merger Sub 2 surviving the Second Getty Merger as a wholly owned subsidiary of the First Surviving Company (the “Final Surviving Company”), on the terms and subject to the conditions therein (the transactions contemplated by the Business Combination Agreement, including the Mergers, the “Transaction”). In connection with the Transaction, SPAC is seeking commitments from interested investors to purchase, following the Domestication Merger and prior to the Getty Mergers, shares of New CCNB’s Class A common stock, par value $0.0001 per share (the “Shares”), in a private placement for a purchase price of $10.00 per share (the “Per Share Purchase Price”). On December 9, 2021, SPAC and New CCNB entered into subscription agreements (the “Other Subscription Agreements”) with certain other investors (the “Other Investors”), pursuant to which the Other Investors have agreed to purchase on the closing date of the Transaction an aggregate amount of up to 15,000,000 Shares, at the Per Share Purchase Price (the “Other PIPE Investment Shares”). As of the date hereof, the Investor has agreed to purchase on the closing date of the Transaction an aggregate amount of up to [number of shares] Shares (as set forth on the signature page hereto), at the Per Share Purchase Price, and such issuance of Shares shall be in addition to the Other PIPE Investment Shares. The aggregate purchase price to be paid by the Investor for the subscribed Shares (as set forth on the signature page hereto) is referred to herein as the “Subscription Amount.”

References to the “Issuer” shall refer to the SPAC for all periods prior to completion of the Domestication Merger and to New CCNB for all periods after completion of the Domestication Merger.

In connection therewith, and in consideration of the foregoing and the mutual representations, warranties and covenants, and subject to the conditions, set forth herein, and intending to be legally bound hereby, each of the Investor and Issuer acknowledges and agrees as follows:

1. Subscription. The Investor hereby irrevocably subscribes for and agrees to purchase from Issuer the number of Shares set forth on the signature page of this Subscription Agreement on the terms and subject to the conditions provided for herein. The Investor acknowledges and agrees that Issuer reserves the right to accept or reject the Investor’s subscription for the Shares for any reason or for no reason, in whole or in part.
part, at any time prior to its, his or her acceptance, and the same shall be deemed to be accepted by Issuer only when this Subscription Agreement is signed by a duly authorized person by or on behalf of Issuer; Issuer may do so in counterpart form. The Investor acknowledges and agrees that, as a result of the Transaction, the Shares that will be purchased by the Investor and issued by Issuer pursuant to this Subscription Agreement shall be shares of common stock in a Delaware corporation (and not, for the avoidance of doubt, ordinary shares in a Cayman Islands exempted company).

2. **Closing.** The closing of the sale of the Shares contemplated hereby (the “Closing”) is contingent upon the substantially concurrent consummation of the Transaction. The Closing shall occur substantially concurrently with and be conditioned upon the effectiveness of, the Transaction. Upon delivery of written notice from (or on behalf of) Issuer to the Investor (the “Closing Notice”), that Issuer reasonably expects all conditions to the closing of the Transaction to be satisfied or waived on a date that is not less than five (5) business days from the date on which the Closing Notice is delivered to the Investor, the Investor shall deliver to Issuer, three (3) business days prior to the closing date specified in the Closing Notice (the “Closing Date”), (i) the Subscription Amount by wire transfer of United States dollars in immediately available funds to the account(s) specified by Issuer in the Closing Notice and (ii) any other information that is reasonably requested in the Closing Notice in order for the Shares to be issued to the Investor, including, without limitation, the legal name of the person in whose name such Shares are to be issued and a duly executed Internal Revenue Service Form W-9 or W-8, as applicable. At the Closing, a number of Shares shall be issued to the Investor set forth on the signature page to this Subscription Agreement and subsequently such Shares shall be registered in book entry form in the name of the Investor on Issuer’s share register; provided, however, that the obligation to issue the Shares to the Investor is contingent upon Issuer having received the Subscription Amount in full accordance with this Section 2. If the Closing does not occur within ten (10) business days following the Closing Date specified in the Closing Notice, Issuer shall promptly (but not later than three (3) business days thereafter) return the Subscription Amount in full to the Investor; provided that, unless this Subscription Agreement has been terminated pursuant to Section 8 hereof, such return of funds shall not terminate this Subscription Agreement or relieve the Investor of its, his or her obligation to purchase the Shares at the Closing upon the delivery by Issuer of a subsequent Closing Notice in accordance with this Section 2. For purposes of this Subscription Agreement, “business day” shall mean a day other than a Saturday, Sunday or other day on which commercial banks in New York, New York are authorized or required by law to close.

3. **Closing Conditions.**
   a. The obligation of the parties hereto to consummate the purchase and sale of the Shares pursuant to this Subscription Agreement is subject to the following conditions:
      (i) no applicable governmental authority shall have enacted, issued, promulgated, enforced or entered any judgment, order, law, rule or regulation (whether temporary, preliminary or permanent) which is then in effect and has the effect of making the consummation of the transactions contemplated hereby illegal or otherwise restraining or prohibiting consummation of the transactions contemplated hereby; and
      (ii) (A) all conditions precedent to the closing of the Transaction contained in the Business Combination Agreement shall have been satisfied (as determined by the parties to the Business Combination Agreement and other than those conditions under the Business Combination Agreement which, by their nature, are to be fulfilled at the closing of the Transaction, including to the extent that any such condition is dependent upon the consummation of the purchase and sale of the Shares pursuant to this Subscription Agreement) or waived according to the terms of the Business Combination Agreement and (B) the closing of the Transaction shall be scheduled to occur concurrently with or on the same date as the Closing.
   b. The obligation of Issuer to consummate the issuance and sale of the Shares pursuant to this Subscription Agreement shall be subject to the conditions that (i) all representations and warranties of the Investor contained in this Subscription Agreement are true and correct in all material respects at and as of the Closing (except for those representations and warranties qualified by materiality, which shall be true and correct in all respects and those representations and warranties that speak as of a specified earlier date, which shall be so true and correct in all material respects (or, if qualified by...
materiality, in all respects) as of such earlier date), and consummation of the Closing shall constitute a reaffirmation by the Investor of each of the representations and warranties of the Investor contained in this Subscription Agreement as of the Closing; and (ii) all obligations, covenants and agreements of the Investor required to be performed by it, him or her at or prior to the Closing shall have been performed in all material respects.

c. The obligation of the Investor to consummate the purchase of the Shares pursuant to this Subscription Agreement shall be subject to the conditions (which may be waived by the Investor) that (i) all representations and warranties of Issuer contained in this Subscription Agreement shall be true and correct in all material respects at and as of the Closing (other than representations and warranties that are qualified as to materiality or Material Adverse Effect (as defined herein), which representations and warranties shall be true in all respects and those representations and warranties that speak as of a specified earlier date, which shall be so true and correct in all material respects (or, if qualified by materiality, in all respects) as of such earlier date), and consummation of the Closing shall constitute a reaffirmation by Issuer of each of the representations and warranties of Issuer contained in this Subscription Agreement as of the Closing; (ii) all obligations, covenants and agreements of Issuer required by this Subscription Agreement to be performed by it at or prior to the Closing shall have been performed in all material respects; (iii) there shall have been no amendment or modification to the Business Combination Agreement that would reasonably be expected to materially and adversely affect the economic benefits that Investor would reasonably expect to receive under this Subscription Agreement, except to the extent consented to in writing by Investor; provided that the foregoing condition shall not apply with respect to any amendment, modification or waiver of Section 9.3(c) of the Business Combination Agreement (or the effects thereof); and (iv) New CCNB's initial listing application with The New York Stock Exchange ("NYSE") in connection with the Transaction shall have been conditionally approved and, immediately following the closing of the Transaction, New CCNB would satisfy any applicable listing requirements of NYSE as at the Closing Date, and the Shares shall have been approved for listing on NYSE, subject to official notice of issuance.

4. Further Assurances. At or prior to the Closing, the parties hereto shall execute and deliver, or cause to be executed and delivered, such additional documents and take such additional actions as the parties reasonably may deem to be practical and necessary in order to consummate the subscription as contemplated by this Subscription Agreement.

5. Issuer Representations and Warranties. Issuer represents and warrants to the Investor that (provided that no representation or warranty by Issuer shall apply to any statement or information in the SEC Reports (as defined below) that relates to the topics referenced in the Statement (as defined below), any reclassification of the Issuer’s public shares or any other accounting matters with respect to Issuer’s securities or expenses or other initial public offering related matters, nor shall any correction, amendment or restatement of Issuer’s filings or financial statements arising from or relating to the Statement or any other accounting matters, nor any other effects that relate to or arise out of, or are in connection with or in response to, any of the foregoing or any changes in accounting or disclosure related thereto, be deemed to be material for purposes of this Subscription Agreement or be deemed to be a breach of any representation or warranty by Issuer or a Material Adverse Effect):

a. As of the date hereof, Issuer is an exempted company duly formed, validly existing and in good standing under the laws of the Cayman Islands (to the extent such concept exists in such jurisdiction). Issuer has all power (corporate or otherwise) and authority to own, lease and operate its properties and conduct its business as presently conducted and to enter into, deliver and perform its obligations under this Subscription Agreement. As of the Closing, following the Domestication Merger, Issuer will be duly formed, validly existing as a corporation and in good standing under the laws of the State of Delaware.

b. As of the Closing, the Shares will be duly authorized and, when issued and delivered to the Investor against full payment therefor in accordance with the terms of this Subscription Agreement, the Shares will be validly issued, fully paid and non-assessable and will not have been issued in violation of or subject to any preemptive or similar rights created under Issuer’s certificate of incorporation (as adopted in connection with the Domestication Merger) or under the General Corporation Law of the State of Delaware.
c. This Subscription Agreement has been duly authorized, executed and delivered by Issuer and, assuming that this Subscription Agreement constitutes the valid and binding agreement of the Investor, this Subscription Agreement is enforceable against Issuer in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, or (ii) principles of equity, whether considered at law or equity.

d. The issuance and sale of the Shares and the compliance by Issuer with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of Issuer or any of its subsidiaries pursuant to the terms of (i) any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which Issuer or any of its subsidiaries is a party or by which Issuer or any of its subsidiaries is bound or to which any of the property or assets of Issuer is subject that would reasonably be expected to materially affect the validity of the Shares or the legal authority of Issuer to timely comply in all material respects with the terms of this Subscription Agreement (a “Material Adverse Effect”); (ii) result in any violation of the provisions of the organizational documents of Issuer; or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over Issuer or any of its properties that would reasonably be expected to have a Material Adverse Effect.

e. As of their respective dates, all reports (the “SEC Reports”) required to be filed by Issuer with the U.S. Securities and Exchange Commission (the “SEC”) compiled in all material respects with the applicable requirements of the Securities Act of 1933, as amended (the “Securities Act”) and the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations of the SEC promulgated thereunder, and none of the SEC Reports, when filed or, if amended, as of the date of such amendment, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Each Investor acknowledges that (i) the Staff of the SEC issued the Staff Statement on Accounting and Reporting Considerations for Warrants Issued by Special Purpose Acquisition Companies on April 12, 2021 (together with any subsequent guidance, statements or interpretations issued by the SEC or the Staff relating thereto or to other accounting matters related to Issuer’s securities or expenses or other initial public offering related matters, the “Statement”), (ii) Issuer continues to review the Statement and its implications, including on the financial statements and other information included in the SEC Reports and (iii) any restatement, revision or other modification of the SEC Reports, including, without limitation, any changes to historical accounting policies of Issuer and any reclassification of the Issuer’s public shares in connection with any order, directive, guideline, comment or recommendation from the SEC that is applicable to Issuer, including, without limitation, arising from or relating to Issuer’s review of the Statement shall be deemed not material for purposes of this Subscription Agreement.

f. Assuming the accuracy of the Investor’s representations and warranties set forth in Section 6 of this Subscription Agreement, no registration under the Securities Act is required for the offer and sale of the Shares by Issuer to the Investor hereunder. The Shares (i) were not offered by any form of general solicitation or general advertising and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws.

g. Other than (i) the Other Subscription Agreements, (ii) the Business Combination Agreement and any agreement explicitly contemplated thereby, (iii) any other subscription agreement entered into after the date of this Subscription Agreement with respect to the same class of shares being acquired by Investor hereunder and at the same Per Share Purchase Price and otherwise on substantially similar economic terms and in substantially similar form as this Subscription Agreement (each, a “Subsequent Subscription Agreement” and the investor thereunder, a “Subsequent Investor”), and (iv) any commercial agreement entered into after the date of this Subscription Agreement that is unrelated to the financing of the Company or New CCNB or fundraising in connection with the Transaction, the Issuer has not entered into any side letter or similar agreement with any investor in connection with such
investor’s direct or indirect investment in the Issuer (other than any side letter or similar agreement relating to the transfer to any investor of (i) securities of the Issuer by existing securityholders of the Issuer, which may be effectuated as a forfeiture to the Issuer and reissuance, or (ii) securities to be issued to the direct or indirect securityholders of the Company pursuant to the Business Combination Agreement). No Subsequent Subscription Agreement and no Other Subscription Agreement (other than any subscription agreement entered into by CC Neuberger Principal Holdings II Sponsor LLC or Getty Investment L.L.C., or their affiliates which, however, shall be with respect to the same class of shares being acquired by Investor hereunder and at the same Per Share Purchase Price) includes terms and conditions that are materially more advantageous to any such Subsequent Investor or Other Investor than Investor hereunder, and no such Subsequent Subscription Agreement or Other Subscription Agreement has been amended in any material respect following the date of this Subscription Agreement.

h. The Issuer has prior to the date, or shall on the first (1st) business day immediately following the date hereof, issued or issue one or more press releases or filed with the SEC a Current Report on Form 8-K that disclosed or discloses all material terms of the transactions contemplated hereby, by the Other Subscription Agreements and the Business Combination Agreement and other material nonpublic information that Issuer has provided to the Investor at any time prior to the date hereof.

6. Investor Representations and Warranties. The Investor represents and warrants to Issuer that:

a. The Investor (i) is an “accredited investor” (within the meaning of Rule 501(a) under the Securities Act), satisfying the applicable requirements set forth on Schedule A hereto, (ii) is acquiring the Shares only for its, his or her own account and not for the account of others and (iii) is not acquiring the Shares with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act or any securities laws of the United States or any other jurisdiction. The Investor has completed Schedule A following the signature page hereto and the information contained therein is accurate and complete. The Investor further acknowledges that it, he or she is aware that the sale to it, him or her is being made in reliance on a private placement exempt from registration under the Securities Act and is acquiring the Shares for its, his or her own account.

b. [Reserved.]

c. The Investor acknowledges and agrees that the Shares are being offered in a transaction not involving any public offering within the meaning of the Securities Act and that the offer and sale of the Shares have not been registered under the Securities Act or any other applicable securities laws. The Investor acknowledges and agrees that the Shares may not be offered, resold, transferred, pledged or otherwise disposed of by the Investor absent an effective registration statement under the Securities Act except in compliance with any exemption therefrom, and that any book entries representing the Shares shall contain a restrictive legend to such effect, which legend shall be subject to removal as set forth herein, subject to applicable law. The Investor acknowledges and agrees that the Shares will be subject to transfer restrictions and, as a result of these transfer restrictions, the Investor may not be able to realize on, offer, resell, transfer, pledge or otherwise dispose of the Shares in an active market for an indefinite period of time. The Investor acknowledges and agrees that the Shares will not be eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144 promulgated under the Securities Act until at least one year from the date that Issuer files a Current Report on Form 8-K following the Closing that includes the “Form 10” information required under applicable SEC rules and regulations. The Investor acknowledges and agrees that it, he or she has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Shares.

d. The Investor acknowledges and agrees that the Investor is purchasing the Shares directly from Issuer. The Investor further acknowledges that there have been no representations, warranties, covenants and agreements made to the Investor by or on behalf of Issuer, the Company, and Credit Suisse Securities (USA) LLC, Goldman Sachs & Co. LLC, J.P. Morgan Securities LLC and Citigroup Global Markets Inc. (collectively, the “Placement Agents”), any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or any other person or entity, expressly or by implication, other than those representations, warranties, covenants and agreements of Issuer expressly set forth in Section 6 of this Subscription Agreement.
e. The Investor’s acquisition and holding of the Shares will not constitute or result in a non-exempt prohibited transaction under Section 406 of the Employee Retirement Income Security Act of 1974, as amended, Section 4975 of the Internal Revenue Code of 1986, as amended, or any applicable similar law.

f. The Investor acknowledges and agrees that the Investor has received such information as the Investor deems necessary in order to make an investment decision with respect to the Shares, including, with respect to Issuer, the Transaction and the business of the Company and its direct and indirect subsidiaries. Without limiting the generality of the foregoing, the Investor acknowledges that it, he or she has reviewed the SEC Reports and other information as the Investor has deemed necessary to make an investment decision with respect to the Shares. The Investor acknowledges and agrees that the Investor and the Investor’s professional advisor(s), if any, have had the full opportunity to ask such questions, including from the Company directly, receive such answers and obtain such information as the Investor and such Investor’s professional advisor(s), if any, have deemed necessary to make an investment decision with respect to the Shares, including but not limited to access to marketing materials and a virtual data room containing information about the Company and its financial condition, results of operations, business, properties, management and prospects sufficient, in the Investor’s judgment, to enable the Investor to evaluate its, his or her investment. The Investor acknowledges that certain information provided by the Company was based on projections, and such projections were prepared based on assumptions and estimates that are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections. The Investor further acknowledges that it, he or she has reviewed or had the full opportunity to review all disclosure documents provided to such Investor in the offering of the Shares and no statement or printed material which is contrary to such disclosure documents has been made or given to the Investor by or on behalf of Issuer or Company. Based on such information as the Investor has deemed appropriate and without reliance upon the Placement Agents, the Investor has independently made its, his or her own analysis and decision to enter into the Transaction. Except for the representations, warranties and agreements of the Issuer expressly set forth in any Subscription Agreement, the Investor is relying exclusively on its, his or her own sources of information, investment analysis and due diligence (including professional advice it, he or she deemed appropriate) with respect to the Transaction, the Securities and the business, condition (financial and otherwise), management, operations, properties and prospects of the Issuer and the Company, including but not limited to all business, legal, regulatory, accounting, credit and tax matters.

g. The Investor became aware of this offering of the Shares solely by means of direct contact between the Investor and Issuer, the Company or a representative of Issuer or the Company, and the Shares were offered to the Investor solely by direct contact between the Investor and Issuer, the Company or a representative of Issuer or the Company. The Investor did not become aware of this offering of the Shares, nor were the Shares offered to the Investor, by any other means and none of Issuer, Company or their respective representatives or any person acting on behalf of any of them acted as investment advisor, broker or dealer to the Investor. The Investor acknowledges that the Shares (i) were not offered by any form of general solicitation or general advertising and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws. The Investor acknowledges that it, he or she is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, Issuer, the Company, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the representations and warranties of Issuer contained in Section 5 of this Subscription Agreement, in making its, his or her investment or decision to invest in Issuer.

h. The Investor acknowledges that it, he or she is aware that there are substantial risks incident to the purchase and ownership of the Shares, including but not limited to those set forth in the SEC Reports. The Investor has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares, and the Investor has sought such accounting, legal and tax advice as the Investor has considered necessary to make an informed investment decision and the Investor has made its, his or her own assessment and has satisfied itself, himself or herself concerning relevant tax and other economic considerations relative to its, his or her
purchase of the Shares. The Investor will not look to the Placement Agents for all or part of any such loss or losses the Investor may suffer, is able to sustain a complete loss on its, his or her investment in the Shares, has no need for liquidity with respect to its, his or her investment in the Shares and has no reason to anticipate any change in circumstances, financial or otherwise, which may cause or require any sale or distribution of all or any part of the Shares.

i. Alone, or together with any professional advisor(s), the Investor has adequately analyzed and fully considered the risks of an investment in the Shares and determined that the Shares are a suitable investment for the Investor and that the Investor is able at this time and in the foreseeable future to bear the economic risk of a total loss of the Investor’s investment in Issuer. The Investor has determined based on its, his or her own independent review and such professional advice as the Investor deemed appropriate that its, his or her purchase of the Securities and participation in the Transaction are fully consistent with its, his or her financial needs, objectives and condition and is a suitable investment for the Investor, notwithstanding the risks inherent in investing in or holding the Securities. The Investor acknowledges specifically that a possibility of total loss exists.

j. The Investor hereby acknowledges and agrees that (a) the Placement Agents are acting solely as placement agents in connection with the Transaction and are not acting as underwriters or in any other capacity and are not and shall not be construed as a fiduciary for the Investor, the Company or any other person or entity in connection with the Transaction, (b) the Placement Agents have not made and will not make any representation or warranty, whether express or implied, of any kind or character and have not provided any advice or recommendation in connection with the Transaction, (c) the Placement Agents will have no responsibility with respect to (i) any representations, warranties or agreements made by any person or entity under or in connection with the Transaction or any of the documents furnished pursuant thereto or in connection therewith, or the execution, legality, validity or enforceability (with respect to any person) or any thereof, or (ii) the business, condition (financial or otherwise), operations, properties or prospects of, or any other matter concerning the Company, the Target or the Transaction, and (d) the Placement Agents shall have no liability or obligation (including without limitation, for or with respect to any losses, claims, damages, obligations, penalties, judgments, awards, liabilities, costs, expenses or disbursements incurred by the Investor, the Company or any other person or entity), whether in contract, tort or otherwise, to the Investor, or to any person claiming through the Investor, in respect of the Transaction. In making its, his or her decision to purchase the Shares, the Investor has relied solely upon independent investigation made by the Investor. Without limiting the generality of the foregoing, the Investor has not relied on any statements or other information provided by or on behalf of the Placement Agents or any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing concerning Issuer, the Company, the Transaction, the Business Combination Agreement, this Subscription Agreement or the transactions contemplated hereby or thereby, the Shares or the offer and sale of the Shares.

k. The Investor acknowledges and agrees that no federal or state agency has passed upon or endorsed the merits of the offering of the Shares or made any findings or determination as to the fairness of this investment.

l. The Investor has full power, right and legal capacity to execute and deliver this Subscription Agreement and to perform its, his or her obligations hereunder.

m. This Subscription Agreement has been duly authorized, executed and delivered by the Investor. This Subscription Agreement is enforceable against the Investor in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, and (ii) principles of equity, whether considered at law or equity.

n. The Investor is not (i) a person named on the List of Specially Designated Nationals and Blocked Persons, the Executive Order 13599 List, the Foreign Sanctions Evaders List, or the Sectoral Sanctions Identification List, each of which is administered by the U.S. Treasury Department’s Office of Foreign Assets Control (“OFAC”) (collectively, “OFAC Lists”), (ii) acting on behalf of one or more persons that are named on the OFAC Lists; (iii) located, resident or born in, or a citizen or national of,
Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine or any other country or territory embargoed or subject to substantial trade restrictions by the United States or (iv) a Designated National as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515 (each, a “Prohibited Investor”). The Investor agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that the Investor is permitted to do so under applicable law. The Investor also represents that, to the extent required, it, he or she maintains procedures reasonably designed to ensure compliance with OFAC-administered sanctions programs. The Investor further represents and warrants that, to the extent required by applicable law, the Investor maintains procedures reasonably designed to ensure that the funds held by the Investor and used to purchase the Shares were legally derived and were not obtained, directly or indirectly, from a Prohibited Investor.

o. The Investor acknowledges that neither the Placement Agents, nor any of their respective affiliates nor any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing have made any independent investigation with respect to Issuer, the Company or its subsidiaries or any of their respective businesses, or the Shares or the accuracy, completeness or adequacy of any information supplied to the Investor by Issuer.

p. In connection with the issue and purchase of the Shares, the Placement Agents have not acted as the Investor’s financial advisor or fiduciary.

q. The Investor acknowledges that it, he or she is aware that Goldman Sachs & Co. LLC and J.P. Morgan Securities LLC are acting as financial advisors to the Company in connection with the Transaction.

r. The Investor has and, when required to deliver payment to Issuer pursuant to Section 2 above, will have, sufficient funds to pay the Subscription Amount and consummate the purchase and sale of the Shares pursuant to this Subscription Agreement.

s. As of the date hereof, the Investor does not have, and during the thirty (30) day period immediately prior to the date hereof the Investor has not entered into, any “put equivalent position” as such term is defined in Rule 16a-1 under the Exchange Act or short sale positions with respect to the securities of Issuer.

r. The Investor is not currently (and at all times through Closing will refrain from being or becoming) a member of a “group” (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act or any successor provision) acting for the purpose of acquiring, holding, voting or disposing of equity securities of Issuer (within the meaning of Rule 13d-5(b)(1) under the Exchange Act), other than a group consisting solely of the Investor and its, his or her affiliates.

7. Registration Rights

a. Issuer agrees that within forty-five (45) calendar days after the Closing, it will file with the SEC (at its sole cost and expense) a registration statement registering the resale of the Shares (the “Registration Statement”), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof, but no later than the earlier of (i) ninety (90) calendar days after the filing thereof (or one hundred twenty (120) calendar days after the filing thereof if the SEC notifies Issuer that it will “review” the Registration Statement) and (ii) ten (10) business days after Issuer is notified (orally or in writing, whichever is earlier) by the SEC that the Registration Statement will not be “reviewed” or will not be subject to further review. Issuer agrees to cause such Registration Statement, or another shelf registration statement that includes the Shares to be sold pursuant to this Subscription Agreement, to remain effective until the earliest of (i) the second anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its, his or her Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefore) under Rule 144 promulgated under the Securities Act (“Rule 144”) within 90 days without the public information, volume or manner of sale limitations of such rule. The Investor agrees to disclose its, his or her ownership to Issuer upon request to assist it, him or her in making the determination with respect to Rule 144 described in clause (iii) above. In no event shall the Investor be identified as a statutory underwriter in the Registration Statement unless in response to a comment or request from the
staff of the SEC or another regulatory agency; provided, that if the SEC requests that the Investor be identified as a statutory underwriter in the Registration Statement, the Investor will have an opportunity to withdraw its, his or her Shares from the Registration Statement. Notwithstanding the foregoing, if the SEC prevents Issuer from including any or all of the shares proposed to be registered under the Registration Statement due to limitations on the use of Rule 415 of the Securities Act for the resale of the Shares by the applicable shareholders or otherwise, such Registration Statement shall register for resale such number of Shares which is equal to the maximum number of Shares as is permitted by the SEC. In such event, the number of Shares to be registered for each selling shareholder named in the Registration Statement shall be reduced pro rata among all such selling shareholders. Issuer may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form S-3 at such time after Issuer becomes eligible to use such Form S-3. The Investor acknowledges and agrees that the Issuer may delay the filing or suspend the use of the Registration Statement if the Issuer determines that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed, or if such filing or use could materially affect a bona fide business or financing transaction of Issuer, would require premature disclosure of information that would adversely affect Issuer that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act or would require the inclusion of financial statements that are unavailable to the Issuer for reasons beyond the Issuer’s control; provided, that, (I) Issuer shall not so delay filing or so suspend the use of the Registration Statement for a period of more than ninety (90) consecutive days or more than a total of one hundred-twenty (120) calendar days in any three hundred sixty (360) consecutive day period and (II) Issuer shall use commercially reasonable efforts to make such Registration Statement available for the sale by the Investor of such securities as soon as practicable thereafter. If so directed by Issuer, the Investor will destroy all copies of the prospectus covering the Shares in the Investor’s possession; provided, however, that this obligation to destroy all copies of the prospectus covering the Shares shall not apply (x) to the extent the Investor is required to retain a copy of such prospectus (A) in order to comply with applicable legal or regulatory requirements or (B) in accordance with a bona fide pre-existing document retention policy or (y) to copies stored electronically on archival servers as a result of automatic data back-up. Issuer’s obligations under this Section 3.1(c) are subject to Issuer’s right, in Issuer’s reasonable discretion, to destroy or refuse to provide access to copies of the prospectus covering the Shares issued pursuant to this Subscription Agreement (or shares issued in exchange therefor) for resale in the Registration Statement are contingent upon the Investor furnishing in writing to Issuer such information regarding the Investor, the securities of Issuer held by the Investor and the intended method of disposition of such Shares, which shall be limited to non-underwritten public offerings, as shall be reasonably requested by Issuer to effect the registration of such Shares, and shall execute such documents in connection with such registration as Issuer may reasonably request that are customary of a selling shareholder in similar situations.

b. Indemnification

(i) Issuer shall, notwithstanding any termination of this Subscription Agreement, indemnify, defend and hold harmless Investor (to the extent a seller under the Registration Statement), its officers, directors, agents, partners, members, managers, stockholders, affiliates (within the meaning of Rule 405 under the Securities Act), employees and investment advisers, each person who controls Investor (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) and the officers, directors, partners, members, managers, stockholders, agents, affiliates, employees and investment advisers of each such controlling person, to the fullest extent permitted by applicable law, from and against any and all claims, suits, actions, or litigation brought by a third party that arise out of or are based upon any untrue or alleged untrue statement of a material fact contained (or incorporated by reference) in the Registration Statement, or arising out of or relating to any omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein (in the case of any prospectus or form of prospectus or supplement thereto, in light of the circumstances under which they were made) not misleading, except to the extent, but only to the extent, that such untrue statements, alleged untrue statements, omissions or alleged omissions are based solely upon information regarding Investor furnished in writing to Issuer by or on behalf of Investor expressly for use therein (“Claim”), and any losses, damages, liabilities, costs (including, without limitation, reasonable attorneys’ fees) and expenses (collectively, “Losses”) as incurred as a result of such Claim. Issuer shall notify Investor of the institution, threat or assertion of any proceeding arising from or in connection with
the transactions contemplated by this Section 7 of which Issuer is aware. Notwithstanding the
foregoing, Issuer’s indemnification obligations shall not apply to amounts paid in settlement of any
Losses or action if such settlement is effected without the prior written consent of the Issuer
(which consent shall not be unreasonably withheld or delayed).

(ii) Investor shall, severally and not jointly with any Other Investor or other selling
securityholder named in the Registration Statement, indemnify and hold harmless Issuer, its
directors, officers, agents and employees, each person who controls the Issuer (within the meaning
of Section 15 of the Securities Act and Section 20 of the Exchange Act), and the directors,
officers, agents or employees of such controlling persons, to the fullest extent permitted by
applicable law, from and against all Losses, as incurred, arising out of or are based upon any
untrue or alleged untrue statement of a material fact contained in any Registration Statement, or
arising out of or relating to any omission or alleged omission of a material fact required to be
stated therein or necessary to make the statements therein (in the case of any prospectus, or any
form of prospectus or supplement thereto, in light of the circumstances under which they were
made) not misleading to the extent, but only to the extent, that such untrue statements or omissions
are based solely upon information regarding Investor furnished in writing to Issuer by or on behalf
of Investor expressly for use therein. In no event shall the liability of Investor be greater in amount
than the dollar amount of the net proceeds received by Investor upon the sale of the Shares giving
rise to such indemnification obligation. Notwithstanding the foregoing, Investor’s indemnification
obligations shall not apply to amounts paid in settlement of any Losses or action if such settlement
is effected without the prior written consent of Investor (which consent shall not be unreasonably
withheld or delayed).

(iii) Any person entitled to indemnification herein shall (i) give prompt written notice to the
indemnifying party of any claim with respect to which it seeks indemnification (provided that the
failure to give prompt notice shall not impair any person’s right to indemnification hereunder to
the extent such failure has not prejudiced the indemnifying party) and (ii) permit such
indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the
indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any
liability for any settlement made by the indemnified party without its consent. An indemnifying
party who elects not to assume the defense of a claim shall not be obligated to pay the fees and
expenses of more than one counsel for all parties indemnified by such indemnifying party with
respect to such claim, unless in the reasonable judgment of legal counsel to any indemnified party
a conflict of interest exists between such indemnified party and any other of such indemnified
parties with respect to such claim. No indemnifying party shall, without the consent of the
indemnified party, consent to the entry of any judgment or enter into any settlement which cannot
be settled in all respects by the payment of money (and such money is so paid by the indemnifying
party pursuant to the terms of such settlement) or which settlement does not include an
unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a
release from all liability in respect to such claim or litigation.

(iv) The indemnification provided for under this Subscription Agreement shall remain in full
force and effect regardless of any investigation made by or on behalf of the indemnified party or
any officer, director, employee, agent, affiliate or controlling person of such indemnified party
and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.

(v) If the indemnification provided under this Section 7(b) from the indemnifying party is
unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims,
damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of
indemnifying the indemnified party, shall contribute to the amount paid or payable by the
indemnified party as a result of such losses, claims, damages, liabilities and expenses in such
proportion as is appropriate to reflect the relative fault of the indemnifying party and the
indemnified party, as well as any other relevant equitable considerations; provided that in no event
shall the liability of Investor be greater in amount than the dollar amount of the net proceeds
received by Investor upon the sale of the Shares giving rise to such contribution obligation. The
relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party’s and indemnified party’s relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be subject to the limitations set forth in this Section 7 and deemed to include any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 7(b) from any person who was not guilty of such fraudulent misrepresentation. Each indemnifying party’s obligation to make a contribution pursuant to this Section 7(b)(v) shall be individual, not joint and several, and in no event shall the liability of Investor hereunder exceed the net proceeds received by Investor upon the sale of the Shares giving rise to such indemnification obligation. Notwithstanding anything to the contrary herein, in no event will any party be liable for consequential, special, exemplary or punitive damages in connection with this Subscription Agreement.

8. Termination. This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereto shall terminate without any further liability on the part of any party in respect thereof, upon the earliest to occur of: (a) such date and time as the Business Combination Agreement is terminated in accordance with its terms without being consummated, (b) upon the mutual written agreement of each of the parties hereto and the Company to terminate this Subscription Agreement, or (c) 30 days after the Outside Date (as defined in the Business Combination Agreement as in effect on the date hereof), if the Closing has not occurred by such date (provided, that the right to terminate this Subscription Agreement pursuant to this clause (c) shall not be available to the Investor if the Investor’s breach of any of its, his or her covenants or obligations under this Subscription Agreement (or if an affiliate of the Investor is one of the Other Investors under an Other Subscription Agreement, and such Other Investor’s breach of any of its, his or her covenants or obligations under the Other Subscription Agreement), either individually or in the aggregate, shall have proximately caused the failure of the consummation of the Transaction on or before the Outside Date) (the termination events described in clauses (a) — (c) above, collectively, the “Termination Events”); provided that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination, and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from any such willful breach. Issuer shall notify the Investor in writing of the termination of the Business Combination Agreement promptly after the termination of such agreement. Upon the occurrence of any Termination Event, this Subscription Agreement shall be void and of no further effect and any monies paid by the Investor to Issuer in connection herewith shall promptly (and in any event within one (1) business day) following the Termination Event be returned to the Investor.

9. Trust Account Waiver. The Investor acknowledges that Issuer is a blank check company with the power and privileges to effect a merger, asset acquisition, reorganization or similar business combination involving Issuer and one or more businesses or assets. The Investor further acknowledges that, as described in Issuer’s prospectus relating to its initial public offering dated July 30, 2020 (the “Prospectus”) available at www.sec.gov, substantially all of Issuer’s assets consist of the cash proceeds of Issuer’s initial public offering and private placement of its securities, and substantially all of those proceeds have been deposited in a trust account (the “Trust Account”) for the benefit of Issuer, its public shareholders and the underwriters of Issuer’s initial public offering. Except with respect to interest earned on the funds held in the Trust Account that may be released to Issuer to pay its tax obligations and to fund certain of its working capital requirements, the cash in the Trust Account may be disbursed only for the purposes set forth in the Prospectus. For and in consideration of Issuer entering into this Subscription Agreement, the receipt and sufficiency of which are hereby acknowledged, the Investor, on behalf of itself, himself or herself and its, his or her representatives hereby irrevocably waives any and all right, title and interest, or any claim of any kind it, he or she has or may have in the future, in or to any monies held in the Trust Account (or distributions therefrom to Issuer’s public shareholders or to the underwriters of Issuer’s initial public offering in respect of their deferred underwriting commissions held in the Trust Account), and agrees not to seek recourse against the Trust Account; provided, however, that nothing in this Section 9 shall be deemed to limit the Investor’s right, title,
interest or claim to any monies held in the Trust Account by virtue of its record or beneficial ownership of Shares currently outstanding on the date hereof, pursuant to a validly exercised redemption right with respect to any such Shares, except to the extent that the Investor has otherwise agreed with Issuer to not exercise such redemption right.

10. Miscellaneous

a. Neither this Subscription Agreement nor any rights that may accrue to the parties hereunder (other than the Shares acquired hereunder, if any) may be transferred or assigned without the prior written consent of each of the other parties hereto; provided that (i) this Subscription Agreement and any of the Investor’s rights and obligations hereunder may be assigned to any fund or account managed by the same investment manager as the Investor or by an affiliate (as defined in Rule 12b-2 of the Exchange Act) of such investment manager without the prior consent of Issuer and (ii) the Investor’s rights under Section 7 may be assigned to an assignee or transferee of the Shares (other than in connection with a sale of the Shares); provided further that prior to such assignment any such assignee shall agree in writing to be bound by the terms hereof; provided, that no assignment pursuant to clause (i) of this Section 10(a) shall relieve the Investor of its, his or her obligations hereunder unless otherwise agreed to in writing by Issuer.

b. Issuer may request from the Investor such additional information as Issuer may deem necessary to register the resale of the Shares and evaluate the eligibility of the Investor to acquire the Shares, and the Investor shall promptly provide such information as may reasonably be requested to the extent readily available. The Investor acknowledges and agrees that if it, he or she does not provide Issuer with such requested information, Issuer may not be able to register the Investor’s Shares for resale pursuant to Section 7 hereof. The Investor acknowledges that Issuer may file a copy of this Subscription Agreement (or a form of this Subscription Agreement) with the SEC as an exhibit to a periodic report or a registration statement of Issuer.

c. The Investor acknowledges that Issuer, the Company, the Placement Agents, and others will rely on the acknowledgments, understandings, agreements, representations and warranties contained in this Subscription Agreement, including Schedule A hereto. Prior to the Closing, the Investor agrees to promptly notify Issuer, the Company and the Placement Agents in writing (including, for the avoidance of doubt, by email) if any of the acknowledgments, understandings, agreements, representations and warranties made by the Investor as set forth in Section 6 above are no longer accurate in any material respect (other than those acknowledgments, understandings, agreements, representations and warranties qualified by materiality, in which case the Investor shall notify Issuer and the Placement Agents if they are no longer accurate in any respect). The Investor acknowledges and agrees that each purchase by the Investor of Shares from Issuer will constitute a reaffirmation of the acknowledgments, understandings, agreements, representations and warranties herein (as modified by any such notice) by the Investor as of the time of such purchase.

d. Issuer, the Company and the Placement Agents are each entitled to rely upon this Subscription Agreement and each is irrevocably authorized to produce this Subscription Agreement or a copy hereof to any interested party in any administrative or legal proceeding or official inquiry with respect to the matters covered hereby; provided, however, that the foregoing clause of this Section 10(d) shall not give the Company or the Placement Agents any rights other than those expressly set forth herein and, without limiting the generality of the foregoing and for the avoidance of doubt, in no event shall the Company be entitled to rely on any of the representations and warranties of Issuer set forth in this Subscription Agreement.

e. This Subscription Agreement may not be amended, modified, waived or terminated (other than pursuant to the terms of Section 8 above) except by an instrument in writing, signed by each of the parties hereto, provided, however, that no modification or waiver by Issuer of the provisions of this Subscription Agreement shall be effective without the prior written consent of the Company (other than modifications, amendments or waivers that are solely ministerial in nature or otherwise immaterial and do not affect any economic or any other material term of this Subscription Agreement). No failure or delay of any party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or
discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.

f. This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties hereto, with respect to the subject matter hereof. Except as set forth in Section 6, Section 10(c), Section 10(f), Section 10(g), this Section 10(f), Section 10(k) and Section 11 with respect to the persons specifically referenced therein, and Section 6 and Section 11 with respect to the Placement Agents, this Subscription Agreement shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and assigns, and the parties hereto acknowledge that such persons so referenced are third party beneficiaries of this Subscription Agreement with right of enforcement for the purposes of, and to the extent of, the rights granted to them, if any, pursuant to the applicable provisions; provided, that, notwithstanding anything to the contrary contained in this Subscription Agreement, the Company is an intended third party beneficiary of each of the provisions of this Subscription Agreement.

g. Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assignees, and the agreements, representations, warranties, covenants and acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, executors, administrators, successors, legal representatives and permitted assignees.

h. If any provision of this Subscription Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Subscription Agreement shall not in any way be affected or impaired thereby and shall continue in full force and effect.

i. This Subscription Agreement may be executed and delivered in one (1) or more counterparts (including by electronic means, such as facsimile, in .pdf or any electronic signature complying with the U.S. federal E-SIGN Act of 2000) and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document. All counterparts so executed and delivered shall be construed together and shall constitute one and the same agreement.

j. At any time, Issuer may (a) extend the time for the performance of any obligation or other act of the Investor, (b) waive any inaccuracy in the representations and warranties of the Investor contained herein or in any document delivered by the Investor pursuant hereto and (c) waive compliance with any agreement of the Investor or any condition to its own obligations contained herein. At any time, the Investor may (a) extend the time for the performance of any obligation or other act of Issuer, (b) waive any inaccuracy in the representations and warranties of Issuer contained herein or in any document delivered by Issuer pursuant hereto and (c) waive compliance with any agreement of Issuer or any condition to its, his or her own obligations contained herein. Any such extension or waiver shall only be valid if set forth in an instrument in writing signed by the party or parties to be bound thereby.

k. The parties hereto acknowledge and agree that irreparable damage would occur in the event that any of the provisions of this Subscription Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties hereto shall be entitled to an injunction or injunctions to prevent breaches of this Subscription Agreement, without posting a bond or undertaking and without proof of damages, to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and agree that the Company shall be entitled to specifically enforce the Investor’s obligations to fund the Subscription Amount and the provisions of this Subscription Agreement, in each case, on the terms and subject to the conditions set forth herein.

l. This Subscription Agreement shall be governed by and construed in accordance with the laws of the State of Delaware (regardless of the laws that might otherwise govern under applicable principles
of conflicts of laws thereof) as to all matters (including any action, suit, litigation, arbitration, mediation, claim, charge, complaint, inquiry, proceeding, hearing, audit, investigation or reviews by or before any governmental entity related hereto), including matters of validity, construction, effect, performance and remedies.

m. Each party hereto hereby, and any person asserting rights as a third party beneficiary may do so only if he, she or it, irrevocably agrees that any action, suit or proceeding between or among the parties hereto, whether arising in contract, tort or otherwise, arising in connection with any disagreement, dispute, controversy or claim arising out of or relating to this Subscription Agreement or any related document or any of the transactions contemplated hereby or thereby ("Legal Dispute") shall be brought only to the exclusive jurisdiction of the courts of the State of Delaware or the federal courts located in the State of Delaware, and each party hereto hereby consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it, he or she may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding that is brought in any such court has been brought in an inconvenient forum. During the period a Legal Dispute that is filed in accordance with this Section 10(m) is pending before a court, all actions, suits or proceedings with respect to such Legal Dispute or any other Legal Dispute, including any counterclaim, cross-claim or interpleader, shall be subject to the exclusive jurisdiction of such court. Each party hereto and any person asserting rights as a third party beneficiary may do so only if he, she or it hereby waives, and shall not assert as a defense in any Legal Dispute, that (a) such party is not personally subject to the jurisdiction of the above named courts for any reason, (b) such action, suit or proceeding may not be brought or is not maintainable in such court, (c) such party’s property is exempt or immune from execution, (d) such action, suit or proceeding is brought in an inconvenient forum, or (e) the venue of such action, suit or proceeding is improper. A final judgment in any action, suit or proceeding described in this Section 10(m) following the expiration of any period permitted for appeal and subject to any stay during appeal shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable laws. EACH OF THE PARTIES HERETO AND ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY MAY DO SO ONLY IF HE, SHE OR IT IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY ON ANY CLAIMS OR COUNTERCLAIMS ASSERTED IN ANY LEGAL DISPUTE RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY AND FOR ANY COUNTERCLAIM RELATING THERETO. IF THE SUBJECT MATTER OF ANY SUCH LEGAL DISPUTE IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL ASSERT IN SUCH LEGAL DISPUTE A NONCOMPULSORY COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. FURTHERMORE, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL SEEK TO CONSOLIDATE ANY SUCH LEGAL DISPUTE WITH A SEPARATE ACTION OR OTHER LEGAL PROCEEDING IN WHICH A JURY TRIAL CANNOT BE WAIVED.

n. Any notice or communication required or permitted hereunder to be given to the Investor shall be in writing and either delivered personally, emailed, sent by overnight mail via a reputable overnight carrier, or sent by certified or registered mail, postage prepaid, to such address(es) or email address(es) set forth on the signature page hereto, and shall be deemed to be given and received (i) when so delivered personally, (ii) when sent, with no mail undeliverable or other rejection notice, if sent by email, or (iii) three (3) business days after the date of mailing to the address below or to such other address or addresses as such person may hereafter designate by notice given hereunder:

(i) if to the Investor, to such address or addresses set forth on the signature page hereto;

(ii) if to Issuer, to:

In the event the Business Combination Agreement is terminated in accordance with its terms, this Agreement shall automatically terminate and be of no further force or effect. Unless earlier terminated by the mutual agreement of the Company and each Investor Stockholder, this Agreement shall terminate with respect to a Stockholder Party upon such later time he, she or it (or any of their applicable nominator) ceases to (x) have the right to designate for nomination to the Company Board at least one (1) Director pursuant to Section 3.3(a), Section 3.3(b) or Section 3.3(c), as applicable or (y) own one percent (1%) of the Company Shares; provided that such termination shall not release any party of any liability for any breach of this Agreement occurring prior to such termination.

8.5 Specific Performance. Each Party acknowledges that the rights of each Party to consummate the transactions contemplated hereby are unique and recognize and affirm that in the event any of the provisions hereof are not performed in accordance with their specific terms or otherwise are breached,
money damages would be inadequate (and therefore the non-breaching Party would have no adequate remedy at Law) and the non-breaching Party would be irreparably damaged. Accordingly, each Party agrees that each other Party shall be entitled to specific performance, an injunction or other equitable relief (without posting of bond or other security or needing to prove irreparable harm) to prevent breaches of the provisions hereof and to enforce specifically this Agreement to the extent expressly contemplated herein or therein and the terms and provisions hereof in any Proceeding, in addition to any other remedy to which such Person may be entitled. Each Party agrees that it will not oppose the granting of specific performance and other equitable relief on the basis that the other Parties have an adequate remedy at Law or that an award of specific performance is not an appropriate remedy for any reason at Law or equity. The Parties acknowledge and agree that any Party seeking an injunction to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in accordance with this Section 8.5 shall not be required to provide any bond or other security in connection with any such injunction.

8.6 Counterparts. This Agreement may be executed simultaneously in one or more counterparts, any one of which need not contain the signatures of more than one party, but all such counterparts taken together will constitute one and the same agreement. It shall not be necessary in making proof of this Agreement to produce or account for more than one such counterpart. This Agreement may be executed by facsimile or .pdf signature which shall constitute an original for all purposes.

8.7 Severability. Whenever possible, each provision of this Agreement will be interpreted in such manner as to be effective and valid under applicable Law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable Law or rule in any jurisdiction, such invalidity, illegality or unenforceability will not affect any other provision or any other jurisdiction, and such invalid, illegal or otherwise unenforceable provisions shall be null and void as to such jurisdiction. It is the intent of the parties, however, that any invalid, illegal or otherwise unenforceable provisions be automatically replaced by other provisions which are as similar as possible in terms to such invalid, illegal or otherwise unenforceable provisions but are valid and enforceable to the fullest extent permitted by applicable Law.

8.8 Further Assurances. Subject to the terms and conditions of this Agreement, each party hereto shall do and perform or cause to be done and performed all such further acts and things and shall execute and deliver all such other agreements, certificates, instruments and other documents as any other party hereto reasonably may request in order to carry out the provisions of this Agreement and the consummation of the transactions contemplated hereby.

8.9 Waiver. No course of dealing between or among the Company or its Subsidiaries, any of the Parties or any delay in exercising any rights hereunder will operate as a waiver of any rights of any Party. The failure of any Party to enforce any of the provisions of this Agreement will in no way be construed as a waiver of such provisions and will not affect the right of such Party thereafter to enforce each and every provision of this Agreement in accordance with its terms.

8.10 Entire Agreement. Except as otherwise expressly provided, this Agreement sets forth the entire agreement of the Parties as to the subject matter hereof and supersedes all previous and contemporaneous agreements among all or some of the Parties, whether written, oral or otherwise, as to such subject matter. Unless otherwise provided herein, any consent required by any party hereto may be withheld by such party in its sole and absolute discretion.

8.11 No Third Party Beneficiaries. Except as expressly provided in this Agreement, none of the provisions in this Agreement shall be for the benefit of or enforceable by any Person other than the Parties, their respective heirs, executors, administrators, successors and assigns and, with respect to Section 8.13 only, Related Parties. The covenants and agreements contained herein shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of the respective parties hereto.

8.12 Changes in Company Equity Securities. If, and as often as, there are any changes in the Equity Securities of the Company by way of a dividend, distribution, stock split or combination, reclassification, recapitalization, exchange or readjustment, whether in a merger, consolidation,
conversion or similar transaction, or by any other means, appropriate adjustment shall be made in the provisions of this Agreement, as may be required, so that the rights, privileges, duties and obligations hereunder shall continue with respect to the Equity Securities of the Company as so changed.

8.13 No Recourse. Notwithstanding anything that may be expressed or implied herein (except in the case of the immediately succeeding sentence) or any document, agreement, or instrument delivered contemporaneously herewith, and notwithstanding the fact that any Party may be a partnership or limited liability company, each Party hereto, by its acceptance of the benefits of this Agreement, covenants, agrees and acknowledges that no Persons other than the Parties shall have any obligation hereunder and that it has no rights of recovery hereunder against, and no recourse hereunder or under any documents, agreements, or instruments delivered contemporaneously herewith or in respect of any oral representations made or alleged to be made in connection herewith or therewith shall be had against, any former, current or future director, officer, agent, Affiliate, manager, assignee, incorporator, controlling Person, fiduciary, representative or employee of any Party (or any of their successors or permitted assignees), against any former, current, or future general or limited partner, manager, stockholder or member of any Party (or any of their successors or permitted assignees) or any Affiliate thereof or against any former, current or future director, officer, agent, employee, Affiliate, manager, assignee, incorporator, controlling Person, fiduciary, representative, general or limited partner, stockholder, manager or member of any of the foregoing, but in each case not including the Parties (each, but excluding for the avoidance of doubt, the Parties, a “Related Party”), whether by or through attempted piercing of the corporate veil, by or through a claim (whether in tort, Contract or otherwise) by or on behalf of such Party against the Related Parties, by the enforcement of any assessment or by any Proceeding, or by virtue of any statute, regulation or other applicable Law, or otherwise; it being agreed and acknowledged that no personal liability whatsoever shall attach to, be imposed on, or otherwise be incurred by any Related Party, as such, for any obligations of the applicable Party under this Agreement or the transactions contemplated hereby, under any documents or instruments delivered contemporaneously herewith, in respect of any oral representations made or alleged to be made in connection herewith or therewith, or for any claim (whether in tort, contract or otherwise) based on, in respect of, or by reason of, such obligations or their creation. Notwithstanding the forgoing, a Related Party may have obligations under any documents, agreements, or instruments delivered contemporaneously herewith or otherwise contemplated hereby if such Related Party is party to such document, agreement or instrument. Except to the extent otherwise set forth in, and subject in all cases to the terms and conditions of and limitations herein, this Agreement may only be enforced against, and any claim or cause of action of any kind based upon, arising out of, or related to this Agreement, or the negotiation, execution or performance hereof, may only be brought against the entities that are named as Parties hereto and then only with respect to the specific obligations set forth herein with respect to such Party. Each Related Party is intended as a third-party beneficiary of this Section 8.13.

8.14 Successors and Assigns. The rights under this Agreement may be assigned (but only with all related obligations) by a Party to a Permitted Transferee of such Party; provided, however, that (a) the Company is, within a reasonable time after such transfer, furnished with written notice of the name and address of such Permitted Transferee and the Equity Securities of the Company with respect to which such rights are being transferred; and (b) such Permitted Transferee agrees in a written instrument delivered to the Company to be bound by and subject to the terms and conditions of this Agreement. The terms and conditions of this Agreement inure to the benefit of and are binding upon the respective successors and permitted assignees of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the Parties or their respective successors and permitted assignees any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided herein.
IN WITNESS WHEREOF, the parties have executed this Stockholders Agreement as of the date first written above.

2.1 To the extent that a Registration Statement filed pursuant to Section 2.2 or a Shelf Registration Statement is not available to effect the proposed transaction, each of: (a) the Getty Family Investors that Beneficially Own at least a majority in interest of the then-outstanding number of Registrable Securities held by the Getty Family Investors (the "Getty Family Demandng Holders"); (b) the Koch Investors that Beneficially Own at least a majority in interest of the then-outstanding number of Registrable Securities held by the Koch Investors (the "Koch Demanding Holders"); (c) the Sponsor, (d) CC Capital and (e) NBOKS; may request that the Company register under the Securities Act all or any portion of its Registrable Securities pursuant to a Registration Statement on Form S-1 or any similar long-form registration statement that may be available at such time (each, a "Long-Form Registration"), provided that such Investor(s) reasonably expects to sell Registrable Securities yielding aggregate gross proceeds in excess of $50 million from such Long-Form Registration. Each request for a Long-Form Registration shall specify the number of Registrable Securities requested to be included in the Long-Form Registration. Upon receipt of any such request, the Company shall promptly (but in no event later than ten (10) days following receipt thereof) deliver notice of such request to all other holders of Registrable Securities who shall then have ten (10) days from the date such notice is given to notify the Company in writing of their desire to be included in such registration. The Company shall prepare and file with (or confidentially submit to) the SEC a Registration Statement on Form S-1 or any successor form thereto covering all of the Registrable Securities that the holders thereof have requested to be included in such Long-Form Registration within sixty (60) days after the date on which the initial request is given and shall use commercially reasonable efforts to cause such Registration Statement to be declared effective by the SEC as soon as practicable thereafter. Notwithstanding any other provision of this Agreement to the contrary, the Company shall not be obligated to participate in more than four (4) Long-Form Registrations, pursuant to this Section 2.1 in any twelve (12)-month period.

2.2 Notwithstanding the provisions of Section 2.1, the Company shall, as soon as practicable, but in any event within thirty (30) days after the Closing Date, file (or confidentially submit to) a Registration Statement to permit the public resale of all the Registrable Securities held by the Investors from time to time as permitted by Rule 415 under the Securities Act (or any successor or similar provision adopted by the SEC then in effect) on the terms and conditions specified in this Section 2.2 and shall use its commercially reasonable efforts to cause the Registration Statement to be declared effective as soon as practicable after the filing thereof, but in no event later than the earlier of (a) the nineteenth (19th) calendar day (or one hundred twentieth (120th) calendar day if the SEC notifies the Company that it will "review" the Registration Statement) following the Closing Date and (b) the fifth (5th) business day after the date the Company is notified (orally or in writing, whichever is earlier) by the SEC that the Registration Statement will not be "reviewed" or will not be subject to further review (such earlier date, the "Effectiveness Deadline"). The Registration Statement filed with the SEC pursuant to this Section 2.2 shall be on Form S-3, or if Form S-3 is not then available to the Company, on Form S-1 or such other form of registration statement as is then available to effect a registration for the sale or resale of such Registrable Securities on a delayed or continuous basis pursuant to Rule 415 under the Securities Act or any successor rule or provision similar thereto adopted by the SEC, covering such Registrable Securities, and shall contain a Prospectus in such form as to permit any Investor to sell such Registrable Securities pursuant to Rule 415 under the Securities Act (or any successor rule or similar provision adopted by the SEC then in effect) at any time beginning on the effective date for such Registration Statement. If Form S-3 is not then available to the Company, the Company shall use commercially reasonable efforts to convert the Form S-1 or other available registration statement to a shelf registration statement on Form S-3 (a "Shelf Registration Statement") as promptly as practicable after the Company becomes eligible to use a Form S-3 that covers all Registrable Securities then outstanding for an offering to be made on a delayed or continuous basis pursuant to Rule 415 under the Securities Act or any successor rule thereto (a "Shelf Registration"). A Registration Statement filed pursuant to this Section 2.2 shall provide for the sale or resale pursuant to any method.
or combination of methods legally available to, and requested by, the Investors. The Company shall use commercially reasonable efforts to cause a Registration Statement filed pursuant to this Section 2.2 to remain effective, and to be supplemented and amended to the extent necessary to ensure that such Registration Statement is available or, if not available, that another Registration Statement or Shelf Registration Statement is continuously available, for the resale of all the Registrable Securities held by the holders thereof until all such Registrable Securities have ceased to be Registrable Securities. As soon as practicable following the effective date of a Registration Statement filed pursuant to this Section 2.2, but in any event within one (1) business day of such date, the Company shall notify the Investors of the effectiveness of such Registration Statement. If, after the filing such Registration Statement, a holder of Registrable Securities requests registration under the Securities Act of additional Registrable Securities pursuant to such Registration Statement, the Company shall amend such Registration Statement to cover such additional Registrable Securities. The provisions of Section 2.3 shall apply mutatis mutandis to any resale of Registrable Securities pursuant to a registration statement filed pursuant to this Section 2.2.

2.3 At any time that a Shelf Registration Statement is effective, if a holder of Registrable Securities covered by such Shelf Registration Statement delivers a notice to the Company (a "Shelf Takedown Notice") stating that the holder intends to effect an offering of all or part of its Registrable Securities included in such Shelf Registration Statement in an underwritten offering (a "Shelf Takedown"), provided that such Investor(s) reasonably expects to sell Registrable Securities yielding aggregate gross proceeds in excess of $25 million from such Shelf Takedown, and the Company is eligible to use such Shelf Registration Statement for such Shelf Takedown, then the Company shall take all actions reasonably required, including amending or supplementing (a "Shelf Supplement") such Shelf Registration Statement, to enable such Registrable Securities to be offered and sold as contemplated by such Shelf Takedown Notice. Each Shelf Takedown Notice shall specify the number of Registrable Securities to be offered and sold under the Shelf Takedown. Upon receipt of a Shelf Takedown Notice, the Company shall promptly (but in no event later than five (5) business days, or, in the case of an underwritten overnight Block Trade, two (2) business days, following receipt thereof) deliver notice of such Shelf Takedown Notice to all other holders of Registrable Securities who shall then have five (5) business days, or, in the case an underwritten overnight Block Trade, two (2) business days, from the date such notice is given to notify the Company in writing of their desire to be included in such Shelf Takedown. Each holder of Registrable Securities and the Company agrees to use its good faith efforts to provide advance notice as soon as reasonably practicable to the holders of Registrable Securities of such first holder’s or the Company’s intention to deliver a Shelf Takedown Notice; provided, however, that none of the holders or the Company shall be obligated hereby to provide any such advance notice and, if provided, such advance notice shall not be binding in any respect. The Company shall prepare and file with the SEC a Shelf Supplement as soon as practicable after the date on which it received the Shelf Takedown Notice and, if such Shelf Supplement is an amendment to such Shelf Registration Statement, shall use its best efforts to cause such Shelf Supplement to be declared effective by the SEC as soon as practicable thereafter. Notwithstanding any other provision of this Agreement to the contrary, the Company shall not be obligated to participate in more than four (4) Shelf Takedowns or Block Trades, pursuant to this Section 2.3 or Section 5 (as applicable), in any twelve (12)-month period.

2.4 If the holders of the Registrable Securities initially requesting a Long-Form Registration or Shelf Takedown elect to distribute the Registrable Securities covered by their request in an underwritten offering, they shall so advise the Company as a part of their request made pursuant to Section 2.2, Section 2.3 or Section 2.5, and the Company shall include such information in its notice to the other holders of Registrable Securities. The holders of a majority of the Registrable Securities initially requesting the Long-Form Registration or Shelf Takedown shall select the investment banking firm or firms to act as the managing underwriter or underwriters in connection with such offering.

2.5 The Company shall not include in any Long-Form Registration or Shelf Takedown any securities which are not Registrable Securities without the prior written consent of the holders of a majority of the Registrable Securities included in such Long-Form Registration or Shelf Takedown, which consent shall not be unreasonably withheld or delayed. If a Long-Form Registration or Shelf Takedown involves an underwritten offering and the managing underwriter of the requested Long-Form Registration or Shelf Takedown advises the Company and the holders of Registrable Securities...
in writing that in its reasonable and good faith opinion the number of Equity Securities proposed to be included in the Long-Form Registration or Shelf Takedown, including all Registrable Securities and all other Equity Securities proposed to be included in such underwritten offering, exceeds the number of Equity Securities which can be sold in such underwritten offering and/or the number of Equity Securities proposed to be included in such Long-Form Registration or Shelf Takedown would adversely affect the price per share of the Equity Securities proposed to be sold in such underwritten offering, the Company shall include in such Long-Form Registration or Shelf Takedown (a) first, the Equity Securities that the holders of Registrable Securities propose to sell (pro rata based on the number of Registrable Securities held by such holders at the time the cutback is made), and (b) second, the Equity Securities proposed to be included therein by any other Persons (including Equity Securities to be sold for the account of the Company and/or other holders of Equity Securities) (pro rata, based on (i) with respect to Equity Securities held by any other Persons, the number of Equity Securities held by such holders and (ii) with respect to the Company, the number of Equity Securities proposed to be included therein by the Company, in each case at the time the cutback is made).

2.6 The Company shall not be obligated to effect any Long-Form Registration (a) within ninety (90) days after the effective date of a previous Long-Form Registration or Shelf Takedown or a previous Piggyback Registration in which holders of Registrable Securities were permitted to register the offer and sale under the Securities Act, and actually sold, all of the shares of Registrable Securities requested to be included therein or (b) except with respect to the Registration Statement required to be filed pursuant to Section 2.2, while a lock-up agreement pursuant to Section 6 or any other lock-up agreement relating to such holder’s Registrable Securities is in effect and has not been waived with respect to such holder.

2.7 In the event the SEC informs the Company that all of the Registrable Securities cannot, as a result of the application of Rule 415, be registered for resale as a secondary offering on a single registration statement, the Company agrees to promptly (a) inform each of the Investors and use its commercially reasonable efforts to file amendments to the Shelf Registration Statement as required by the SEC and/or (b) withdraw the Shelf Registration Statement and file a new registration statement (a “New Registration Statement”) on Form S-3, or if Form S-3 is not then available to the Company for such registration statement, on such other form available to register for resale the Registrable Securities as a secondary offering, provided, however, that prior to filing such amendment or New Registration Statement, the Company shall use its commercially reasonable efforts to advocate with the SEC for the registration of all of the Registrable Securities in accordance with any publicly-available written or oral guidance, comments, requirements or requests of the SEC staff (the “SEC Guidance”). Notwithstanding any other provision of this Agreement, if any SEC Guidance sets forth a limitation on the number of Registrable Securities permitted to be registered on a particular Registration Statement as a secondary offering (and notwithstanding that the Company used diligent efforts to advocate with the SEC for the registration of all or a greater number of Registrable Securities), unless otherwise directed in writing by an Investor as to further limit its Registrable Securities to be included on the Registration Statement, the number of Registrable Securities to be registered on such Registration Statement will be reduced on a pro rata basis based on the total number of Registrable Securities held by the Investors, subject to a determination by the SEC that certain Investors must be reduced first based on the number of Registrable Securities held by such Investors. In the event the Company amends the Shelf Registration Statement or files a New Registration Statement, as the case may be, under clauses (a) or (b) above, the Company will use its commercially reasonable efforts to file with the SEC, as promptly as allowed by SEC or SEC Guidance provided to the Company or to registrants of securities in general, one or more registration statements on Form S-3 or such other form available to register for resale those Registrable Securities that were not registered for resale on the Shelf Registration Statement, as amended, or the New Registration Statement.

2.8 A holder of Registrable Securities shall have the right to withdraw from a Registration pursuant to this Section 2 for any or no reason whatsoever upon written notification to the Company and the underwriter(s) (if any) of their intention to withdraw from such Registration prior to the effectiveness of the Registration Statement, in connection with Long-Form Registration, or at least two (2) business days prior to the time of pricing, in the case of a Shelf Takedown.
3. **Piggyback Registration.**

3.1 Whenever the Company proposes to offer or sell any Equity Securities pursuant to a registered offering under the Securities Act (other than a registration (a) pursuant to a Registration Statement on Form S-8 (or other registration solely relating to an offering or sale to employees or directors of the Company pursuant to any employee share plan or other employee benefit arrangement), (b) pursuant to a Registration Statement on Form S-4 (or similar form that relates to a transaction subject to Rule 145 under the Securities Act or any successor rule thereto), (c) filed in connection with an “at-the-market” offering, (d) for an offering in connection with a merger, consolidation or other acquisition, an exchange offer or offering of securities solely to the Company’s existing shareholders, (e) for an offering of debt that is convertible into or exchangeable for Equity Securities of the Company, (f) for a rights offering (including any rights offering with a backstop or standby commitment) or (g) in connection with any dividend or distribution reinvestment or similar plan), whether for its own account or for the account of one or more shareholders of the Company (other than an offering pursuant to Section 2 hereunder) and the form of Registration Statement (a “Piggyback Registration Statement”) to be used may be used for any registration of Registrable Securities (a “Piggyback Registration”), the Company shall give prompt written notice (in any event no later than ten (10) business days prior to either the filing of such Registration Statement) to the holders of Registrable Securities of its intention to effect such a registration and, subject to Section 3.2 and Section 3.3, shall include in such registration all Registrable Securities with respect to which the Company has received written requests for inclusion from the holders of Registrable Securities within five (5) business days (or one (1) business day in the case of a Block Trade) after the Company’s notice has been given to each such holder. The Company agrees to use its good faith efforts to provide advance notice as soon as reasonably practicable to the holders of Registrable Securities of its intention to effect a Piggyback Registration; provided, however, that, other than the notices required ten (10) business days prior to the Registration Statement or prospectus supplement, as applicable, by the immediately preceding sentence, the Company shall not be obligated hereby to provide any such advance notice and, if provided, such advance notice shall not be binding in any respect. A Piggyback Registration shall not be considered a Long-Form Registration for purposes of Section 2.

3.2 If a Piggyback Registration is initiated as a primary underwritten offering on behalf of the Company and the managing underwriter advises the Company and the holders of Registrable Securities (if any holders of Registrable Securities have elected to include Registrable Securities in such Piggyback Registration) in writing that in its reasonable and good faith opinion the number of Equity Securities proposed to be included in such registration or takedown, including all Registrable Securities and all other Equity Securities proposed to be included in such underwritten offering, exceeds the number of Equity Securities which can be sold in such offering and/or that the number of Equity Securities proposed to be included in such underwritten offering, exceeds the number of Equity Securities other than Registrable Securities, the Company shall give prompt written notice (in any event no later than ten (10) business days prior to the Registration Statement or prospectus supplement, as applicable, by the immediately preceding sentence, the Company shall not be obligated hereby to provide any such advance notice and, if provided, such advance notice shall not be binding in any respect. A Piggyback Registration shall not be considered a Long-Form Registration for purposes of Section 2.

3.3 If a Piggyback Registration is initiated as an underwritten offering on behalf of a holder of Equity Securities other than Registrable Securities, and the managing underwriter advises the Company in writing that in its reasonable and good faith opinion the number of Equity Securities proposed to be included in such registration or takedown, including all Registrable Securities and all other Equity Securities proposed to be included in such underwritten offering, exceeds the number of Equity Securities which can be sold in such offering and/or that the number of Equity Securities proposed to be included in any such registration or takedown would adversely affect the price per share of the Equity Securities to be sold in such offering, the Company shall include in such registration or takedown (a) first, the Equity Securities requested to be included therein by the holder(s) requesting such registration or takedown and by the holders of Registrable Securities, allocated pro rata among all such holders on the
basis of the number of Equity Securities, including any Registrable Securities (on a fully diluted, as converted basis) owned by all such holders or in such other manner as such holders may otherwise agree; (b) second, the Equity Securities proposed to be sold by the Company; and (c) third, the Equity Securities requested to be included therein by the other holders of Equity Securities, allocated among such holders as determined by the Company or in such other manner as they may agree.

3.4 If any Piggyback Registration is initiated as a primary underwritten offering on behalf of the Company, the Company shall, subject to the prior written consent of the holders of a majority of the Registrable Securities included in such Piggyback Registration, which consent shall not be unreasonably withheld or delayed, select the investment banking firm or firms to act as the managing underwriter or underwriters in connection with such offering.

3.5 Any holder of Registrable Securities shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Piggyback Registration Statement, in connection with a Piggyback Registration. The Company (whether on its own good faith determination or as the result of a request for withdrawal by persons pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration at any time.

4. Suspension of Sales; Adverse Disclosure. Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, or in the opinion of counsel for the Company it is necessary to supplement or amend such Prospectus to comply with law, each of the Investors shall forthwith discontinue disposition of Registrable Securities until he, she or it has received copies of a supplemented or amended Prospectus correcting the Misstatement or including the information counsel for the Company believes to be necessary to comply with law (it being understood that the Company hereby covenants to prepare and file such supplement or amendment as soon as practicable after the time of such notice such that the Registration Statement or Prospectus, as so amended or supplemented, as applicable, will not include a Misstatement and complies with applicable law), or until it is advised in writing by the Company that the use of the Prospectus may be resumed. If the filing, initial effectiveness or continued use of a Registration Statement in respect of any registration at any time, including the filing of a Shelf Supplement for a Shelf Takedown, would require the Company to make an Adverse Disclosure or would require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company’s control or would render the Company unable to comply with requirements under the Securities Act or Exchange Act, the Company may, upon giving prompt written notice of such action to the Investors, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event more than forty-five (45) consecutive days, determined in good faith by the Chief Executive Officer of the Company or the Board to be necessary for such purpose. The right to delay or suspend any submission, filing, initial effectiveness or use of a Registration Statement pursuant to this Section 4 shall be exercised by the Company, in the aggregate, for not more than ninety (90) total calendar days during any twelve (12) month period, provided that such period may be extended for an additional thirty (30) days with the consent of Holders representing a majority-in-interest of the Registrable Securities, which consent shall not be unreasonably withheld. In the event the Company exercises its rights under the preceding sentence, the Investors agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any registration in connection with any sale or offer to sell Registrable Securities. The Company shall immediately notify the Investors of the expiration of any period during which it exercised its rights under this Section 4. For the avoidance of doubt, any suspension under this Section 4 shall not affect an Investor’s ability to sell Registrable Securities under an exemption from registration.

5. Block Trades. Notwithstanding Section 2 (with the exception of the limitation in number of total Block Trades and Shelf Takedowns established in the final sentence of Section 2.3) but subject to Section 4, if the Investors desire to effect a Block Trade, provided such Investor(s) reasonably expects to sell Registrable Securities yielding aggregate gross proceeds in excess of $25 million from such Block Trade in accordance with any other time periods in Section 2, the Investors shall provide written notice to the Company at least five (5) business days prior to the date such Block Trade will commence. The Company shall use its
commercially reasonable efforts to facilitate such Block Trade, provided that the Investors engaging in such
Block Trade use their reasonable best efforts to work with the Company and applicable underwriters
(including by disclosing the maximum number of Registrable Securities proposed to be the subject of such
Block Trade) in order to facilitate preparation of the Registration Statement, Prospectus and other offering
documentation related to the Block Trade and any related due diligence and comfort procedures. In the
event of a Block Trade, and after consultation with the Company, the participating Investors shall determine
the number of offered securities, the underwriter or underwriters (which shall consist of one or more
reputable nationally recognized investment banks) and share price of such offering. For clarity, the
Company shall not be obligated to participate in more than four (4) Shelf Takedowns or Block Trades,
pursuant to Section 2.3 or this Section 5 (as applicable), in any twelve (12)-month period.

6. Lock-up Agreement. In connection with any registered offering of Equity Securities of the
Company by either the Company for its own account or by holders of Registrable Securities pursuant to this
Agreement, and upon the request of the managing underwriter in such offering, each holder of Registrable
Securities agrees to execute a customary lock-up agreement; provided, that (a) each such holder shall sign a
lock-up agreement that contains restrictions that are no more restrictive than the restrictions contained in the
lock-up agreements executed by any other holder of Registrable Securities participating in such offering,
(b) such lock-up agreement shall not restrict the Transfer of Registrable Securities for more than ninety (90)
days after the date of the underwriting agreement executed with the managing underwriter of such offering and
(c) such lock-up agreement shall not restrict (i) Transfers to Permitted Transferees or (ii) anyGetty
Family Permitted Encumbrance. The Company shall cause its executive officers and its directors, and shall
use reasonable best efforts to cause other holders of Equity Securities who Beneficially Own 5% or more of
the then outstanding Equity Securities (considered on a fully-diluted basis), to enter into lock-up agreements
that contain restrictions that are no less restrictive than the restrictions contained in the lock-up agreements
executed by the holders of Registrable Securities. Each holder of Registrable Securities agrees to execute
and deliver such other agreements as may be reasonably requested by the Company or the managing
underwriter which are consistent with the foregoing or which are necessary to give further effect thereto.
Notwithstanding anything to the contrary contained in this Section 6, each holder of Registrable Securities
shall be released, pro rata, from any lock-up agreement entered into pursuant to this Section 6 in the event
and to the extent that the managing underwriter or the Company permit any discretionary waiver or
termination of the restrictions of any lock-up agreement pertaining to any officer, director or holder of
Equity Securities. Notwithstanding the foregoing, no Investor that does not participate in such offering shall
be subject to such lock-up arrangements so long as such Investor holds less than one percent (1%) of the
Equity Securities (considered on a fully-diluted basis).

7. Registration Procedures. If and whenever any holder of Registrable Securities requests that the
offer and sale of any Registrable Securities be registered under the Securities Act or any Registrable
Securities be distributed in a Shelf Takedown pursuant to the provisions of this Agreement, the Company
shall use its best efforts to effect the registration of the offer and sale of such Registrable Securities under the
Securities Act in accordance with the intended method of disposition thereof, and pursuant thereto the
Company shall as soon as practicable and as applicable take the actions set forth in this Section 7.

7.1 Subject to Section 2.1, Section 2.2, Section 2.3 and Section 2.4, the Company shall
(a) prepare and file with the SEC a Registration Statement covering such Registrable Securities and use
its best efforts to cause such Registration Statement to be declared effective within the applicable time
frame required; and (b) if (i) the Company has filed a Registration Statement (the “Initial Registration
Statement”) with the SEC that covers Registrable Securities (the “Initial Registrable Securities”),
(ii) pursuant to Rule 415(a)(5) under the Securities Act or any successor rule thereto, the Initial
Registration Statement may no longer be used for offers and sales of any of the Initial Registrable
Securities, and (iii) any of the Initial Registrable Securities are Registrable Securities at the time that
(ii) above occurs, the Company shall prepare and file with the SEC within the time limits required by
Rule 415 under the Securities Act or any successor rule thereto a New Registration Statement covering
any Initial Registrable Securities that have not ceased to be Registrable Securities for an offering to be
made on a delayed on continuous basis pursuant to Rule 415 under the Securities Act or any successor
rule thereto and shall use its best efforts to cause such New Registration Statement to be declared
effective by the SEC as soon as practicable thereafter.

L-10
7.2  (a) In the case of a Long-Form Registration or a registration on Form S-3 or any similar short form Registration Statement, the Company shall prepare and file with the SEC such amendments, post-effective amendments and supplements to such Registration Statement and the Prospectus used in connection therewith as may be necessary to keep such Registration Statement effective for a period of not less than one hundred and eighty (180) days, or if earlier, until all of such Registrable Securities have been disposed of and to comply with the provisions of the Securities Act with respect to the disposition of such Registrable Securities in accordance with the intended methods of disposition set forth in such Registration Statement; and (b) in the case of a Shelf Registration, the Company shall prepare and file with the SEC such amendments, post-effective amendments and supplements, including Shelf Supplements, to such Registration Statement and the Prospectus used in connection therewith as may be necessary to keep such Registration Statement effective for a period of not less than one hundred and eighty (180) days, or if earlier, until all of such Registrable Securities have been disposed of and to comply with the provisions of the Securities Act with respect to the disposition of all Registrable Securities subject thereto for a period ending on the earlier of (i) thirty-six (36) months after the effective date of such Registration Statement and (ii) the date on which all the Registrable Securities subject thereto have been sold pursuant to such Registration Statement.

7.3  Within a reasonable time before filing such Registration Statement, Prospectus or amendments or supplements thereto with the SEC, the Company shall furnish to counsel selected by the holders of such Registrable Securities copies of such documents proposed to be filed, which documents shall be subject to the reasonable review, comment and approval of such counsel.

7.4  The Company shall notify each selling holder of Registrable Securities, promptly after the Company receives notice thereof, of the time when such Registration Statement has been declared effective or a supplement, including a Shelf Supplement, to any Prospectus forming a part of such Registration Statement has been filed with the SEC.

7.5  The Company shall furnish to each selling holder of Registrable Securities such number of copies of the Prospectus included in such Registration Statement (including each preliminary Prospectus) and any supplement thereto, including a Shelf Supplement (in each case including all exhibits and documents incorporated by reference therein), and such other documents as such holder may request in order to facilitate the disposition of the Registrable Securities owned by such holder.

7.6  The Company shall use its best efforts to register or qualify such Registrable Securities under such other securities or “blue sky” laws of such jurisdictions as any selling holder requests and do any and all other acts and things which may be necessary or advisable to enable such holders to consummate the disposition in such jurisdictions of the Registrable Securities owned by such holders; provided, that the Company shall not be required to qualify generally to do business, subject itself to general taxation or consent to general service of process in any jurisdiction where it would not otherwise be required to do so but for this Section 7.6.

7.7  The Company shall notify each selling holder of such Registrable Securities, at any time when a Prospectus relating thereto is required to be delivered under the Securities Act, of the happening of any event that would cause the Prospectus included in such Registration Statement to contain a Misstatement, and, at the request of any such holder, the Company shall prepare a supplement or amendment to such Prospectus so that, as thereafter delivered to the purchasers of such Registrable Securities, such Prospectus shall not contain a Misstatement.

7.8  The Company shall make available for inspection by any selling holder of Registrable Securities, any underwriter participating in any disposition pursuant to such Registration Statement and any attorney, accountant or other agent retained by any such holder or underwriter (collectively, the “Inspectors”), all financial and other records, pertinent corporate documents and properties of the Company (collectively, the “Records”), and cause the Company’s officers, directors and employees to supply all information requested by any such Inspector in connection with such Registration Statement.

7.9  The Company shall provide a transfer agent and registrar (which may be the same entity) for all such Registrable Securities not later than the effective date of such registration.

7.10  The Company shall use its best efforts to cause such Registrable Securities to be listed on each securities exchange on which similar Equity Securities are then listed or, if the Equity Securities
are not then listed, on a national securities exchange selected by the holders of a majority of such Registrable Securities.

7.11 In connection with an underwritten offering, the Company shall enter into such customary agreements (including underwriting and, subject to Section 6, lock-up agreements in customary form) and take all such other customary actions as the holders of such Registrable Securities or the managing underwriter of such offering request in order to expedite or facilitate the disposition of such Registrable Securities (including, without limitation, making appropriate officers of the Company available to participate in “road show” and other customary marketing activities (including one-on-one meetings with prospective purchasers of the Registrable Securities)).

7.12 The Company shall otherwise use its best efforts to comply with all applicable rules and regulations of the SEC and make available to its shareholders an earnings statement (in a form that satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 under the Securities Act or any successor rule thereto) no later than thirty (30) days after the end of the twelve (12)-month period beginning with the first day of the Company’s first full fiscal quarter after the effective date of such Registration Statement, which earnings statement shall cover said twelve (12)-month period, and which requirement will be deemed to be satisfied if the Company timely files complete and accurate information on Forms 20-F, 6-K, 10-K, 10-Q and 8-K, as applicable, under the Exchange Act and otherwise complies with Rule 158 under the Securities Act or any successor rule thereto.

7.13 The Company shall furnish to each selling holder of Registrable Securities and each underwriter, if any, with (a) a written legal opinion of the Company’s outside counsel, dated the closing date of the offering, in form and substance as is customarily given in opinions of the Company’s counsel to underwriters in underwritten registered offerings; and (b) on the date of the applicable Prospectus, on the effective date of any post-effective amendment to the applicable Registration Statement and at the closing of the offering, dated the respective dates of delivery thereof, a “comfort” letter signed by the Company’s independent certified public accountants in form and substance as is customarily given in accountants’ letters to underwriters in underwritten registered offerings.

7.14 Without limiting Section 7.6, the Company shall use its best efforts to cause such Registrable Securities to be registered with or approved by such other Governmental Entities as may be necessary by virtue of the business and operations of the Company to enable the holders of such Registrable Securities to consummate the disposition of such Registrable Securities in accordance with their intended method of distribution thereof.

7.15 The Company shall notify the holders of Registrable Securities promptly of any request by the SEC for the amending or supplementing of such Registration Statement or Prospectus or for additional information.

7.16 The Company shall advise the holders of Registrable Securities, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the SEC suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its best efforts to prevent the issuance of any stop order or to obtain its withdrawal at the earliest possible moment if such stop order should be issued.

7.17 The Company shall permit any holder of Registrable Securities which holder, in its sole and exclusive judgment, might be deemed to be an underwriter or a “controlling person” (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) (a “Controlling Person”) of the Company, to participate in the preparation of such Registration Statement and to require the insertion therein of language, furnished to the Company in writing, which in the reasonable judgment of such holder and its counsel should be included.

7.18 The Company shall cooperate with the holders of the Registrable Securities to facilitate the timely preparation and delivery of certificates representing the Registrable Securities to be sold pursuant to such Registration Statement or Rule 144 free of any restrictive legends and representing such number of Equity Securities and registered in such names as the holders of the Registrable Securities may reasonably request a reasonable period of time prior to sales of Registrable Securities pursuant to such Registration Statement or Rule 144; provided, that the Company may satisfy its obligations
hereunder without issuing physical share certificates through the use of The Depository Trust Company’s Direct Registration System, or any successor thereto (the “DTCDRS”).

7.19 Not later than the effective date of such Registration Statement, the Company shall provide a CUSIP number for all Registrable Securities and provide the applicable transfer agent with printed certificates for the Registrable Securities which are in a form eligible for deposit with The Depository Trust Company; provided, that the Company may satisfy its obligations hereunder without issuing physical share certificates through the use of the DTCDRS.

7.20 The Company shall take no direct or indirect action prohibited by Regulation M under the Exchange Act; provided, that, to the extent that any prohibition is applicable to the Company, the Company will take all reasonable action to make any such prohibition inapplicable.

7.21 The Company shall otherwise use its best efforts to take all other steps necessary to effect the registration of such Registrable Securities contemplated hereby.

8. Expenses. All expenses (other than Selling Expenses) incurred by the Company in complying with its obligations pursuant to this Agreement and in connection with the registration and disposition of Registrable Securities shall be paid by the Company, including, without limitation, all (a) registration and filing fees (including, without limitation, any fees relating to filings required to be made with, or the listing of any Registrable Securities on, any securities exchange or over-the-counter trading market on which the Registrable Securities are listed or quoted); (b) underwriting expenses (other than Selling Expenses); (c) expenses of any audits incident to or required by any such registration; (d) fees and expenses of complying with securities and “blue sky” laws (including, without limitation, fees and disbursements of counsel for the Company in connection with “blue sky” qualifications or exemptions of the Registrable Securities); (e) printing expenses; (f) messenger, telephone and delivery expenses; (g) fees and expenses of the Company’s counsel and accountants; (h) Financial Industry Regulatory Authority, Inc. filing fees (if any); and (i) fees and expenses of one counsel for the holders of Registrable Securities participating in such registration as a group (selected by the holders of a majority of the Registrable Securities included in the registration). In addition, the Company shall be responsible for all of its internal expenses incurred in connection with the consummation of the transactions contemplated by this Agreement (including, without limitation, all salaries and expenses of its officers and employees performing legal or accounting duties) and the expense of any annual audits. All Selling Expenses relating to the offer and sale of Registrable Securities registered under the Securities Act pursuant to this Agreement shall be borne and paid by the holders of such Registrable Securities, in proportion to the number of Registrable Securities included in such registration for each such holder.

9.1 The Company shall indemnify and hold harmless, to the fullest extent permitted by Law, each holder of Registrable Securities, such holder’s officers, directors, managers, members, partners, shareholders and Affiliates, each underwriter, broker or any other Person acting on behalf of such holder of Registrable Securities and each other Controlling Person, if any, who controls any of the foregoing Persons, against all losses, claims, actions, damages, liabilities and expenses, joint or several, to which any of the foregoing Persons may become subject under the Securities Act or otherwise, insofar as such losses, claims, actions, damages, liabilities or expenses arise out of or are based upon any untrue or alleged untrue statement of a material fact contained in any Registration Statement, Prospectus, preliminary Prospectus, free writing prospectus (as defined in Rule 405 under the Securities Act or any successor rule thereto) or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, preliminary Prospectus or free writing prospectus, in light of the circumstances under which they were made) not misleading; and shall reimburse such Person for any legal or other expenses reasonably incurred by any of them in connection with investigating or defending any such loss, claim, action, damage or liability, except insofar as the same are caused by or contained in any information furnished in writing to the Company by such holder expressly for use therein or by such holder’s failure to deliver a copy of the Registration Statement, Prospectus, preliminary Prospectus, free writing prospectus (as defined in Rule 405 under the Securities Act or any successor rule thereto) or any amendments or supplements thereto (if the same was required by applicable Law to be so delivered)
after the Company has furnished such holder with a sufficient number of copies of the same prior to any written confirmation of the sale of Registrable Securities. This indemnity shall be in addition to any liability the Company may otherwise have.

9.2 In connection with any registration in which a holder of Registrable Securities is participating, each such holder shall furnish to the Company in writing such information as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by Law, shall indemnify and hold harmless, the Company, each director of the Company, each officer of the Company who shall sign such Registration Statement, each underwriter, broker or other Person acting on behalf of the holders of Registrable Securities and each Controlling Person who controls any of the foregoing Persons against any losses, claims, actions, damages, liabilities or expenses resulting from any untrue or alleged untrue statement of material fact contained in the Registration Statement, Prospectus, preliminary Prospectus, free writing prospectus (as defined in Rule 405 under the Securities Act or any successor rule thereto) or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, preliminary Prospectus or free writing prospectus, in light of the circumstances under which they were made) not misleading, but only to the extent that such untrue statement or omission is contained in any information so furnished in writing by such holder; provided, that the obligation to indemnify shall be several, not joint and several, for each holder and shall be in proportion to and not exceed an amount equal to the net proceeds (after underwriting fees, commissions or discounts and any offering expenses borne by such holder) actually received by such holder from the sale of Registrable Securities pursuant to such Registration Statement.

9.3 Promptly after receipt by an indemnified party of notice of the commencement of any action involving a claim referred to in this Section 9, such indemnified party shall, if a claim in respect thereof is made against an indemnifying party, give written notice to the latter of the commencement of such action. The failure of any indemnified party to notify an indemnifying party of any such action shall not (unless such failure shall have a material adverse effect on the indemnifying party) relieve the indemnifying party from any liability in respect of such action that it may have to such indemnified party hereunder. In case any such action is brought against an indemnified party, the indemnifying party shall be entitled to participate in and to assume the defense of the claims in any such action that are subject or potentially subject to indemnification hereunder, jointly with any other indemnifying party similarly notified to the extent that it may wish, with counsel reasonably satisfactory to such indemnifying party, and after written notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be responsible for any legal or other expenses subsequently incurred by the indemnified party in connection with the defense thereof; provided, that, if (a) any indemnified party shall have reasonably concluded that there may be one or more legal or equitable defenses available to such indemnified party which are additional to or conflict with those available to the indemnifying party, or that such claim or litigation involves or could have an effect upon matters beyond the scope of the indemnity provided hereunder, or (b) such action seeks an injunction or equitable relief against any indemnified party or involves actual or alleged criminal activity, the indemnifying party shall not have the right to assume the defense of such action on behalf of such indemnified party without such indemnified party’s prior written consent (but, without such consent, shall have the right to participate therein with counsel of its choice) and such indemnifying party shall reimburse such indemnified party and any Controlling Person of such indemnified party for that portion of the fees and expenses of any counsel retained by the indemnified party which is reasonably related to the matters covered by the indemnity provided hereunder. If the indemnifying party is not entitled to, or elects not to, assume the defense of a claim, it shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party for that portion of the fees and expenses of any counsel retained by the indemnified party which is reasonably related to the matters covered by the indemnity provided hereunder. If the indemnifying party is not entitled to, or elects not to, assume the defense of a claim, it shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties in respect of such claim. In such instance, the conflicting indemnified parties shall have a right to retain one separate counsel, chosen by the holders of a majority of the Registrable Securities included in the registration, at the expense of the indemnifying party.

9.4 If the indemnification provided for hereunder is held by a court of competent jurisdiction to be unavailable to an indemnified party with respect to any loss, claim, damage, liability or action referred
to herein, then the indemnifying party, in lieu of indemnifying such indemnified party hereunder, shall contribute to the amounts paid or payable by such indemnified party as a result of such loss, claim, damage, liability or action in such proportion as is appropriate to reflect the relative fault of the indemnifying party on the one hand and of the indemnified party on the other in connection with the statements or omissions which resulted in such loss, claim, damage, liability or action as well as any other relevant equitable considerations; provided, that the maximum amount of liability in respect of such contribution shall be limited, in the case of each holder of Registrable Securities, to an amount equal to the net proceeds (after underwriting fees, commissions or discounts and any offering expenses borne by such party) actually received by such seller from the sale of Registrable Securities effected pursuant to such registration. The relative fault of the indemnifying party and of the indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party, whether the violation of the Securities Act or any other similar federal or state securities Laws or rule or regulation promulgated thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any applicable registration, qualification or compliance was perpetrated by the indemnifying party or the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The parties agree that it would not be just and equitable if contribution pursuant hereto were determined by pro rata allocation or by any other method or allocation which does not take account of the equitable considerations referred to herein. No Person guilty or liable of fraudulent misrepresentation within the meaning of Section 11(f) of the Securities Act shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation.

10. Participation in Underwritten Registrations. No Person may participate in any registration hereunder which is underwritten unless such Person (a) agrees to sell such Person’s securities on the basis provided in any customary underwriting arrangements approved by the Person or Persons entitled hereunder to approve such arrangements and (b) completes and executes all questionnaires, powers of attorney, custody agreements, indemnities, underwriting agreements and other documents reasonably required under the terms of such underwriting arrangements; provided, that no holder of Registrable Securities included in any underwritten registration shall be required to make any representations or warranties to the Company or the underwriters (other than customary representations and warranties regarding such holder, such holder’s ownership of its Equity Securities to be sold in the offering and such holder’s intended method of distribution) or to undertake any indemnification obligations to the Company or the underwriters with respect thereto, except as otherwise provided in Section 9.

11. Rule 144 Compliance; Permitted Public Transfers. 11.1 With a view to making available to the holders of Registrable Securities the benefits of Rule 144 and any other rule or regulation of the SEC that may at any time permit a holder to sell securities of the Company to the public without registration, the Company shall:

(a) make and keep public information available, as those terms are understood and defined in Rule 144, at all times after the Registration Date;

(b) use best efforts to file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act, at any time after the Registration Date; and

(c) furnish to any holder so long as the holder owns Registrable Securities, promptly upon request, a written statement by the Company as to its compliance with the reporting requirements of Rule 144 and of the Securities Act and the Exchange Act, a copy of the most recent annual or quarterly report of the Company, and such other reports and documents so filed or furnished by the Company as such holder may request in connection with the sale of Registrable Securities without registration.

12. Preservation of Rights. The Company shall not (a) grant any registration rights to third parties which are more favorable than or inconsistent with the rights granted hereunder, or (b) enter into any agreement, take any action, or permit any change to occur, with respect to its securities that violates or subordinates the rights expressly granted to the holders of Registrable Securities in this Agreement.
13. Notices. All notices, other communications or documents shall be deemed to have been duly given: (a) at the time delivered by hand, if personally delivered; (b) when sent, if by electronic mail (except if any error or “bounce back” electronic mail message is received by the sender and, in such case, upon actual receipt by the party to whom such notice or document is being sent); (c) five (5) business days after having been deposited in the mail, postage prepaid, if mailed by first class mail; and (d) on the first business day with respect to which a reputable air courier guarantees delivery; provided, however, that notices of a change of address shall be effective only upon receipt. Such communications must be sent to the respective parties at the addresses indicated below (or at such other address for a party as shall be specified in a notice given in accordance with this Section 13). Without limiting the foregoing, each of the Company and the other parties agrees to receive notice under the Certificate of Incorporation and Bylaws of the Company or under the Delaware General Corporation Law, or under the organizational documents and applicable entity law of any subsidiary of the Company, by electronic transmission at the e-mail address on file with the Company, and the Investors covenant and agrees to keep a current e-mail address on file with the Company for such purpose.

14. Governing Law; Waiver of Jury Trial; Jurisdiction. The Law of the State of Delaware shall govern (a) all claims or matters related to or arising from this Agreement (including any tort or non-contractual claims) and (b) any questions concerning the construction, interpretation, validity and enforceability hereof, and the performance of the obligations imposed by this Agreement, in each case without giving effect to any choice of law or conflict of law rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Law of any jurisdiction other than the State of Delaware. EACH PARTY TO THIS AGREEMENT HEREBY IRREVOCABLY WAIVES
ALL RIGHTS TO TRIAL BY JURY IN ANY PROCEEDING BROUGHT TO RESOLVE ANY DISPUTE BETWEEN OR AMONG ANY OF THE PARTIES (WHETHER ARISING IN CONTRACT, TORT OR OTHERWISE) ARISING OUT OF, CONNECTED WITH, RELATED OR INCIDENTAL TO THIS AGREEMENT, THE TRANSACTIONS CONTEMPLATED HEREBY AND/OR THE RELATIONSHIPS ESTABLISHED AMONG THE PARTIES UNDER THIS AGREEMENT. THE PARTIES HERETO FURTHER WARRANT AND REPRESENT THAT EACH HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT EACH KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL. EACH PARTY ACKNOWLEDGES THAT THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE OTHER PARTIES TO ENTER INTO THIS AGREEMENT. Each of the parties hereto (i) submits to the exclusive jurisdiction and venue of first, the Chancery Court of the State of Delaware or if such court declines jurisdiction, then to the Federal District Court for the District of Delaware, in any Proceeding arising out of or relating to this Agreement, (ii) agrees that all claims in respect of the Proceeding shall be heard and determined in any such court and (iii) agrees not to bring any Proceeding arising out of or relating to this Agreement in any other courts. Nothing in this Section 14, however, shall affect the right of any party hereto to serve legal process in any other manner permitted by Law or at equity. Each party hereto agrees that a final judgment in any Proceeding so brought shall be conclusive and may be enforced by suit on the judgment or in any other manner provided by Law or at equity. Notwithstanding the foregoing in this Section 14, a party hereto may commence any Proceeding in a court other than the above-named courts solely for the purpose of enforcing an order or judgment issued by one of the above-named courts. Each party hereto further waives any claim and will not assert that venue should properly lie in any other location within the selected jurisdiction.

15. Amendment, Modification. The provisions of this Agreement may only be amended, modified, supplemented or waived with the prior written consent of the Company and Investors holding at least two-thirds of the Registrable Securities; provided, however, that any party may give a waiver as to itself; provided further, however that no amendment, modification, supplement, or waiver that disproportionately and adversely affects, alters, or changes the interests of any Investor shall be effective against such Investor without the prior written consent of such Investor; provided further, however, that the waiver of any provision with respect to any Registration Statement or offering may be given by Investors holding at least at least two-thirds of the then-outstanding Registrable Securities entitled to participate in such offering or, if such offering shall have been commenced, having elected to participate in such offering.

16. Termination. This Agreement shall terminate and be of no further force or effect when there shall no longer be any Registrable Securities outstanding, and shall be of no further force or effect with respect to any party when such party no longer holds Registrable Securities; provided, that the provisions of Section 8 and Section 9 shall survive any such termination.

17. Counterparts. This Agreement may be executed simultaneously in one or more counterparts, any one of which need not contain the signatures of more than one party, but all such counterparts taken together will constitute one and the same agreement. It shall not be necessary in making proof of this Agreement to produce or account for more than one such counterpart. This Agreement may be executed by facsimile or .pdf signature which shall constitute an original for all purposes.

18. Severability. Whenever possible, each provision of this Agreement will be interpreted in such manner as to be effective and valid under applicable Law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable Law or rule in any jurisdiction, such invalidity, illegality or unenforceability will not affect any other provision or any other jurisdiction, and such invalid, illegal or otherwise unenforceable provisions shall be null and void as to such jurisdiction. It is the intent of the parties, however, that any invalid, illegal or otherwise unenforceable provisions be automatically replaced by other provisions which are as similar as possible in terms to such invalid, illegal or otherwise unenforceable provisions but are valid and enforceable to the fullest extent permitted by applicable Law.

19. Further Assurances. Each party hereto shall do and perform or cause to be done and performed all such further acts and things and shall execute and deliver all such other agreements, certificates, instruments and other documents as any other party hereto reasonably may request in order to carry out the provisions of this Agreement and the consummation of the transactions contemplated hereby.
20. **Waiver.** No course of dealing between or among the any of the parties hereto or any delay in exercising any rights hereunder will operate as a waiver of any rights of any party hereto. The failure of any party hereto to enforce any of the provisions of this Agreement will in no way be construed as a waiver of such provisions and will not affect the right of such party thereafter to enforce each and every provision of this Agreement in accordance with its terms.

21. **Entire Agreement.** Except as otherwise expressly provided, this Agreement sets forth the entire agreement of the parties hereto as to the subject matter hereof and supersedes all previous and contemporaneous agreements among all or some of the parties, whether written, oral or otherwise, as to such subject matter. Unless otherwise provided herein, any consent required by any party hereto may be withheld by such party in its sole and absolute discretion.

22. **No Third Party Beneficiaries.** Except as expressly provided in this Agreement, none of the provisions in this Agreement shall be for the benefit of or enforceable by any Person other than the parties hereto, their respective heirs, executors, administrators, successors and assigns; provided, however, the parties hereto hereby acknowledge that the Persons set forth in Section 9 are express third-party beneficiaries of the obligations of the parties hereto set forth in Section 9. The covenants and agreements contained herein shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of the respective parties hereto.

23. **Headings.** The headings in this Agreement are for reference only and shall not affect the interpretation of this Agreement.

24. **Remedies.** Each holder of Registrable Securities, in addition to being entitled to exercise all rights granted by law, including recovery of damages, shall be entitled to specific performance of its rights under this Agreement. The Company acknowledges that monetary damages would not be adequate compensation for any loss incurred by reason of a breach by it of the provisions of this Agreement and the Company hereby agrees to waive the defense in any action for specific performance that a remedy at law would be adequate.

25. **Other Registration Rights.** The Company represents and warrants that no person, other than the Investors, has any right to require the Company to register any securities of the Company for sale or to include such securities of the Company in any registration filed by the Company for the sale of securities for its own account or for the account of any other Person. The parties hereto that were parties to the Prior Agreement hereby terminate the Prior Agreement, which shall be of no further force and effect and is hereby superseded and replaced in its entirety by this Agreement. Further, the Company and each of the Investors agree that this Agreement supersedes any other registration rights agreement or agreement with similar terms and conditions among the parties hereto and in the event of a conflict between any such agreement or agreements and this Agreement, the terms of this Agreement shall prevail.

26. **Successor and Assigns.** This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns. Each Investor may assign its rights hereunder to any purchaser or transferee of Registrable Securities, other than a sale pursuant to a Shelf Registration or under Rule 144; provided, that such: (a) the Company shall have received a written notice of such assignment; and (b) each purchaser or transferee shall, as a condition to the effectiveness of such assignment, be required to execute a counterpart to this Agreement agreeing to be treated as an Investor whereupon such purchaser or transferee shall have the benefits of, and shall be subject to the restrictions contained in, this Agreement as if such purchaser or transferee was originally included in the definition of an Investor herein and had originally been a party hereto. Any Transfer or assignment made other than as provided in this Section 26 shall be null and void.

27. **Changes in Equity Securities.** If, and as often as, there are any changes in the Equity Securities by way of a dividend, distribution, stock split or combination, reclassification, recapitalization, exchange or readjustment, whether in a merger, consolidation, conversion or similar transaction, or by any other means, appropriate adjustment shall be made in the provisions of this Agreement, as may be required, so that the rights, privileges, duties and obligations hereunder shall continue with respect to Equity Securities as so changed.

L-18
28. Aggregation of Equity Securities. All Equity Securities Beneficially Owned by each party to this Agreement, its Affiliates and their Permitted Transferees shall be aggregated together for purposes of determining the rights or obligations of such party or the application of any restrictions to such party under this Agreement in each instance in which such right, obligation or restriction is determined in respect of or with reference to any Beneficial Ownership of Equity Securities; provided however, that the Equity Securities Beneficially Owned by CC Capital and NBOKS as a result of a distribution of the Equity Securities held by the Sponsor’s shall not be aggregated. In the event that, pursuant to a dissolution of the Sponsor, the Sponsor distributes all of its Registrable Securities to its members, each of CC Capital and NBOKS shall be treated as the Sponsor hereunder; provided, that CC Capital and NBOKS, taken as a whole, shall not be entitled to rights in excess of those conferred on the Sponsor, as if the Sponsor remained a single entity party to this Agreement.

29. No Recourse. Notwithstanding anything that may be expressed or implied herein (except in the case of the immediately succeeding sentence) or any document, agreement, or instrument delivered contemporaneously herewith, and notwithstanding the fact that any party to this Agreement may be a partnership or limited liability company, each party hereto, by its acceptance of the benefits of this Agreement, covenants, agrees and acknowledges that no Persons other than the parties hereto shall have any obligation hereunder and that it has no rights of recovery hereunder against, and no recourse hereunder or under any documents, agreements, or instruments delivered contemporaneously herewith or in respect of any oral representations made or alleged to be made in connection herewith or therewith shall be had against, any former, current or future director, officer, agent, Affiliate, manager, assignee, incorporator, controlling Person, fiduciary, representative or employee of any party hereto (or any of their successors or permitted assignees), against any former, current, or future general or limited partner, manager, stockholder or member of any party hereto (or any of their successors or permitted assignees) or any Affiliate thereof or against any formee, current or future director, officer, agent, employee, Affiliate, manager, assignee, incorporator, controlling Person, fiduciary, representative, general or limited partner, stockholder, manager or member of any of the foregoing, in each case not including the parties hereto (each, but excluding for the avoidance of doubt, the parties hereto, a "Related Party"), whether by or through attempted piercing of the corporate veil, by or through a claim (whether in tort, contract or otherwise) by or on behalf of such party against the Related Parties, by the enforcement of any assessment or by any Proceeding, or by virtue of any statute, regulation or other applicable Law, or otherwise; it being agreed and acknowledged that no personal liability whatsoever shall attach to, be imposed on, or otherwise be incurred by any Related Party, as such, for any obligations of the applicable party under this Agreement or the transactions contemplated hereby, under any documents or instruments delivered contemporaneously herewith, in respect of any oral representations made or alleged to be made in connection herewith or therewith, or for any claim (whether in tort, contract or otherwise) based on, in respect of, or by reason of, such obligations or their creation. Notwithstanding the foregoing, a Related Party may have obligations under any documents, agreements, or instruments delivered contemporaneously herewith or otherwise contemplated hereby if such Related Party is party to such document, agreement or instrument. Except to the extent otherwise set forth in, and subject in all cases to the terms and conditions of and limitations herein, this Agreement may only be enforced against, and any claim or cause of action of any kind based upon, arising out of, or related to this Agreement, or the negotiation, execution or performance hereof, may only be brought against the entities that are named as parties hereto and then only with respect to the specific obligations set forth herein with respect to such party. Each Related Party is intended as a third-party beneficiary of this Section 29.

Ladies and Gentlemen:

You have requested our opinion as to the fairness, from a financial point of view, to CC Neuberger Principal Holdings II (“CCNB”), a Cayman Islands exempted company, of the aggregate Merger Consideration (as defined below) derived from an aggregate transaction equity value of $2,912,000,000 (the “Transaction Equity Value”) to be paid to Company Equityholders (as defined below), pursuant to that certain Business Combination Agreement (the “Agreement”) to be entered into by and among (a) CCNB, (b) Vector Holding, LLC, a Delaware limited liability company and wholly-owned subsidiary of CCNB (“New CCNB”), (c) Vector Domestication Merger Sub, LLC, a Delaware limited liability company and wholly-owned subsidiary of New CCNB (“Domestication Merger Sub”), (d) Vector Merger Sub 1, LLC, a Delaware limited liability company and wholly-owned subsidiary of CCNB (“G Merger Sub 1”), (e) Vector Merger Sub 2, LLC, a Delaware limited liability company and wholly-owned subsidiary of CCNB (“G Merger Sub 2”, and together with CCNB, New CCNB, Domestication Merger Sub and G Merger Sub 1, each a “CCNB Party” and, collectively, the “CCNB Parties”), (f) Griffey Global Holdings, Inc., a Delaware Corporation (the “Company”), and (g) for limited purposes set forth therein, Griffey Investors, LP, a Delaware limited liability company.

Pursuant and subject to the terms of the Agreement, the Transaction Equity Value will be delivered in the form of cash (the “Cash Consideration”), which you we understand is currently anticipated to be in the amount of $589 million, and shares of Class A common stock, par value $0.0001 per share of New CCNB (“New CCNB Class A Stock”) or options therefor (the “Stock Consideration” and together with the Cash Consideration, the “Merger Consideration”), based on a contractually agreed value of $10.00 per share (the “Reference Price”). We understand that pursuant to the Agreement, the mix of Cash Consideration and Stock Consideration is subject to adjustment under certain circumstances which could result in a reduction to the Cash Consideration and an increase to the Stock Consideration (and as to which we express no opinion). As more fully described in the Agreement, (i) prior to the effective time of the First Getty Merger, among other things (x) New CCNB will convert from a Delaware limited liability company to a Delaware corporation (the “Statutory Conversion”), and (y) CCNB will merge with and into Domestication Merger Sub (the “Domestication Merger”) and as a result of the Domestication Merger, CCNB will become a wholly-owned subsidiary of New CCNB (the “First Getty Merger”), and (ii) the Company will merge with and into G Merger Sub 2 surviving as a direct subsidiary of Domestication Merger Sub and an indirect subsidiary of New CCNB the “Second Getty Merger” and together with the First Getty Merger, the “Mergers”).

At the First Getty Merger, (A) the Company will become an indirect wholly-owned subsidiary of New CCNB, (B) shares of the Company’s preferred stock, par value $0.01 per share (“Company Preferred Stock”), issued and outstanding immediately prior to the effective time of the First Getty Merger will be cancelled and the holders thereof (the “Preferred Holders”) will be entitled to receive the applicable portion of the Merger Consideration consisting of Cash Consideration and Stock Consideration as set forth in the Agreement, (C) shares of the Company common stock, par value $0.01 per share (“Company Common Stock”), issued and outstanding immediately prior to the effective time of the First Getty Merger will be cancelled and the holders thereof (the “Common Holders”) will be entitled to receive the applicable portion
of the Merger Consideration consisting of the Stock Consideration as set forth in the Agreement, and
(D) Vested Company Options (as defined in the Agreement) outstanding immediately prior to the First Getty
Merger will be assumed by New CCNB and converted into options granting the holder thereof (“Vested
Option Holders” and together with the Preferred Holders and the Common Holders, the “Company
Equityholders”) options to purchase a number of shares of New CCNB Class A Stock as set forth in the
Agreement, which shares of Class A Common Stock are included as part of the Stock Consideration. We
understand that under the Agreement, the Common Holders will also be entitled to receive Earn-Out Shares
(as defined in the Agreement).

For purposes of the opinion set forth herein, we have:

(i) reviewed certain historical internal financial information and other data relating to the Company
    provided to us by CCNB and approved for our use by CCNB;
(ii) reviewed certain financial projections, estimates and other data for the Company provided to us by the
    management of CCNB and approved for our use by CCNB;
(iii) reviewed certain pro forma financial effects of the transactions contemplated by the Agreement (the
    “Transaction”) furnished to us by CCNB;
(iv) conducted discussions with members of the senior management and representatives of the Company
    and CCNB concerning the information described in clauses (i) — (iii) above, as well as the businesses
    and prospects of the Company and CCNB generally;
(v) compared the financial performance and condition of the Company with that of certain publicly traded
    companies that we deemed relevant;
(vi) reviewed a draft, dated December 8, 2021, of the Agreement; and
(vii) performed such other analyses and reviewed such other material and information as we have deemed
    appropriate.

We have assumed and relied upon the accuracy and completeness of the information reviewed by us for
the purposes of this opinion and we have not assumed any responsibility for independent verification of
such information and have relied on such information being complete and correct. We have relied on
assurances of the management and other representatives of CCNB that they are not aware of any facts or
circumstances that would make such information inaccurate or misleading in any respect material to our
analysis or opinion. With respect to the financial projections and other data relating to the Company and
CCNB which you have directed we use for our analysis, we have assumed, that they have been prepared in
good faith and based upon assumptions which, in light of the circumstances under which they were made,
were reasonable, and that such financial projections, and other data are appropriate bases upon which to
evaluate, the future financial performance of the Company and CCNB and the other matters covered
thereby. We have assumed that, (i) the Reference Price represents the fair market value of a share of New
CCNB Class A Stock, (ii) any adjustments to or reallocation of the Merger Consideration in accordance
with the Agreement or otherwise would not be material to our analysis or this opinion, and (iii) the Funded
Net Indebtedness (as defined in the Agreement) will be no greater than the $1.35 billion. We express no
opinion as to any financial projections, estimates or other data or the assumptions on which they are based.

We have not conducted a physical inspection of the facilities or property of the Company or CCNB. We
have not assumed any responsibility for or performed any independent valuation or appraisal of the assets or
liabilities (contingent, accrued, derivative, off-balance sheet or otherwise) of the Company or CCNB, nor
have we been furnished with any such valuation or appraisal, and we have not considered any actual or
potential arbitration, litigation, claims or possible unasserted claims, investigations or other proceedings to
which the Company or CCNB is or in the future may be a party or subject. Furthermore, we have not
considered any tax, accounting, legal or regulatory effects of the Transaction or the Transaction structure on
any person or entity and we have assumed the correctness in all respects material to our analysis and
opinion of all tax, accounting, legal and regulatory advice given to CCNB.

We have assumed that the final Agreement, when signed by the parties thereto, will be substantially the
same as the draft Agreement reviewed by us and will not vary in any respect material to our analysis or
opinion. We also have assumed that the Transaction will be consummated in accordance with the terms of
the Agreement, without waiver, modification or amendment of any material term, condition or agreement
and in compliance with all applicable laws, documents and other requirements and that, in the course of
obtaining the necessary governmental, regulatory or third-party approvals, consents, waivers and releases
for the Transaction, including with respect to any divestitures or other requirements, no delay, limitation,
restriction or condition will be imposed or occur that would have an adverse effect on the combined
business or the Transaction or that otherwise would be in any respect material to our analysis or opinion. We
further have assumed that all representations and warranties set forth in the Agreement are and will be true
and correct as of all the dates made or deemed made and that all parties to the Agreement will comply with
all covenants of such parties thereunder. In addition, for purposes our opinion and analysis, we have
assumed that no Preferred Dividend (as defined in the Agreement) will be paid prior to the effective time of
the Getty Mergers.

Our opinion is necessarily based on economic, monetary, regulatory, market and other conditions as in
effect on December 8, 2021, and other information made available to us as of the date hereof. Although
subsequent developments may affect our opinion, we have no obligation to update, revise or reaffirm our
opinion. We express no opinion as to what the value of the shares of New CCNB Class A Stock actually will
be when issued pursuant to the Transaction or the prices at which such New CCNB Class A Stock or any
other securities of New CCNB may trade at any time. With your consent, we are not expressing any opinion
on any potential future consideration, including equity interests of New CCNB such as the Earn-out Shares,
that may be received by Company Equityholders or others contingent on certain market prices for shares of
New CCNB Class A Stock. In addition, we understand that holders of Unvested Company Options (as
defined in the Agreement) will receive unvested New CCNB options, which are not part of the Merger
Consideration and to which you have instructed us to ascribe no value for purpose of our analysis and
opinion. Accordingly, we express no opinion as to the terms of such unvested options and have assumed at
your direction that they do not affect the capital structure of New CCNB in a manner material to our
analysis. We are not expressing any opinion as to fair value or the solvency of the Company, New CCNB or
CCNB following the closing of the Transaction. We do not express any opinion as to the prices at which the
securities of any of the Company, CCNB or New CCNB may be transferable at any future time or as to the
impact of the Transaction on, or as to, the solvency or viability of the Company, CCNB or New CCNB, or
the ability for obligations associated with the Company, CCNB or New CCNB to be paid when they come
due. Furthermore, our opinion does not address CCNB’s underlying business decision to undertake the
Transaction, and our opinion does not address the relative merits of the Transaction as compared to any
alternative transactions or business strategies that might be available to CCNB. Our opinion is limited to the
fairness, from a financial point of view, to CCNB of the aggregate Merger Consideration having a value
derived from the Transaction Equity Value to be paid to Company Equityholders in connection with the
Transaction and does not address any other term, aspect or implication of the Transaction or the terms of the
Agreement or the documents referred to therein, including, without limitation, the form or structure of the
Transaction, the Statutory Conversion, the Domestication Merger, the Second Getty Merger, the allocation
of the Aggregate Consideration among the Company Equityholders, the treatment of any guarantee,
indemnification arrangement or other agreement, arrangement or understanding entered into in connection
with, or contemplated by or resulting from, the Transaction or otherwise.

Our opinion does not address the fairness, financial or otherwise, of any consideration to the holders of
any class of securities, creditors or other constituencies of the Company, CCNB or New CCNB or any other
entity or relative fairness. We also express no view as to, and our opinion does not address, the fairness
(financial or otherwise) of the amount or nature or any other aspect of any compensation to any officers,
directors or employees of any parties to the Transaction, or any class of such persons, relative to the
Transaction Equity Value, the Merger Consideration or otherwise. The issuance of this opinion has been
authorized by our fairness opinion committee.

In connection with our engagement, we were not authorized to, and we did not, solicit third-party
indications of interest in the acquisition of all or a part of CCNB and we were not requested to, and we did
not, participate in the negotiation or structuring of the Transaction.

Natixis, S.A. (“Natixis”), the holder of a majority of our outstanding voting equity, is, together with its
affiliates, engaged in advisory, underwriting and financing, principal investing, sales and trading, research,
investment management, insurance and other financial and non-financial activities and services for various
persons and entities. Natixis and its affiliates and employees, and funds or other entities they manage or in
which they invest or have other economic interests or with which they co-invest, may at any time purchase,
sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities,
currencies, credit default swaps and other financial instruments of the Company, CCNB, and/or their
respective affiliates or any currency or commodity that may be involved in the Transaction. We have acted
as financial advisor to CCNB with respect to this opinion and will receive a fee for our services which was
earned upon our rendering this opinion. In addition, CCNB has agreed to reimburse our expenses and
indemnify us against certain liabilities related to or arising out of our engagement. During the two years
prior to the date hereof, our affiliate, Natixis Securities Americas LLC (“NSA”), acted as a co-manager of
CCNB’s initial public offering as well as the initial public offering of CC Neuberger Principal Holdings III
(“CCN III”), and received initial underwriting fees in connection therewith and will also be entitled to
receive deferred underwriting fees upon, and subject to, the consummation of CCNB’s and CCN III’s initial
business acquisitions. Under a fee sharing arrangement we have with NSA, we received a portion of such
initial underwriting fees and we will be entitled to receive a portion of CCN III’s deferred underwriting fees
subject to the consummation of CCN III’s initial business acquisition. Further, during the two years prior to
the date hereof, we provided investment banking services to a management group that partnered with
CC Capital and other investors to acquire Wilshire Associates, for which we received compensation.
Although we have not provided financial advisory services to the Company for which we received
compensation, we, Natixis and our respective affiliates in the future may provide such services to CCNB,
New CCNB, the Company and/or their respective affiliates and may receive compensation for rendering
such services.

This letter and our advisory services are provided solely for the benefit and use of the Board of
Directors of CCNB (in its capacity as such) in connection with its evaluation of the Transaction and does
not constitute a recommendation as to how the Board of Directors or any other party should vote or act with
respect to the Transaction or any other matter.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the aggregate
Merger Consideration derived from the Transaction Equity Value to be paid by CCNB to Company
Equityholders in connection with the Transaction is fair from a financial point of view to CCNB.

Very truly yours,

My Commission Expires:
WAIVER AND AMENDMENT TO RESTATED OPTION AGREEMENT

This WAIVER AND AMENDMENT TO RESTATED OPTION AGREEMENT, dated as of February 24, 2008 (this "Agreement"), is by and among Getty Investments L.L.C., a Delaware limited liability company ("Getty Investments"), Getty Images, Inc., a Delaware corporation ("Getty Images"), Getty Communications Limited (f/k/a Getty Communications plc), a company organized under the laws of England and Wales ("Getty Communications"), and Abe Investment, L.P., a Delaware limited partnership ("Parent").

WHEREAS, Getty Investments, Getty Images and Getty Communications entered into a Restated Option Agreement, dated February 9, 1998 (the "Option Agreement"), pursuant to which, among other things, upon the terms and subject to the conditions set forth therein, Getty Investments has the right to obtain control over the Getty Marks in the event that a third party acquires a Controlling Interest in Getty Images;

WHEREAS, concurrently with the execution and delivery of this Agreement, Getty Images, Inc., Parent and Abe Acquisition Corp., a Delaware corporation and wholly owned subsidiary of Parent ("Merger Sub"), are entering into an Agreement and Plan of Merger, dated as of the date hereof (as such agreement may be amended from time to time in compliance with the Interim Investors Agreement of even date herewith among Parent, Merger Sub, Abe Investment Holdings, Inc., Getty Investments and other parties thereto (as amended from time to time), the "Merger Agreement"), pursuant to which, among other things, upon the terms and subject to the conditions set forth therein, Merger Sub will merge with and into Getty Images, and Getty Images will become a subsidiary of Parent (the "Merger");

WHEREAS, prior to and immediately after the consummation of the Merger, a majority of the equity interests of Parent will be beneficially owned by Hellman & Friedman Capital Partners VI, L.P., a Delaware limited partnership and certain of its affiliated investment fund entities ("HFCP VI"); and

WHEREAS, as a condition to the willingness of, and as an inducement to, Parent to enter into the Merger Agreement, Getty Investments has agreed to enter into this Agreement pursuant to which, among other things, Getty Investments has agreed to waive certain rights under the Option Agreement and to amend certain provisions in the Option Agreement effective upon the closing of the Merger (the "Closing").

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, warranties, covenants and agreements herein contained, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

ARTICLE I
CERTAIN DEFINITIONS

1.1 Capitalized Terms. Capitalized terms used in this Agreement and not defined herein have the meanings ascribed to them in the Option Agreement.

ARTICLE II
WAIVER

2.1 Waiver.

(a) Effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Getty Investments hereby waives the right to exercise, and agrees not to exercise, the option granted under the Option Agreement (the "Option") in connection with the consummation of the transactions contemplated by the Merger Agreement, including the Merger and HFCP VI and its investment vehicle and fund Affiliates (collectively, the "H&F Group") obtaining an indirect Controlling Interest in Getty Images. For the purposes of this Agreement, "Affiliate" shall have the meaning set forth in Rule 12b-2 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended. Without limiting the foregoing, subject to the amendments to the Option Agreement set forth in Article III of this Agreement, Getty Investments continues to retain the Option, which it may...
exercise at any time in the future if any third party (or related third party group), other than the H&F Group pursuant to the Merger Agreement, obtains a Controlling Interest in Getty Images, and the waiver contemplated by this Section 2.1 does not constitute a waiver by Getty Investments of any other provisions under the Option Agreement, as amended by this Agreement.

ARTICLE III
AMENDMENTS TO THE OPTION AGREEMENT

3.1 Exercise of Option. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, the Option Agreement is hereby amended to insert a new Section 2(c) as follows:

“(c) Notwithstanding anything to the contrary set forth herein, Getty Investments shall not have the right to exercise the option in Section 2(a) if and for so long as HFCP VI and its investment vehicle and fund Affiliates, collectively, beneficially own, or otherwise have the right to vote, directly or indirectly, a Controlling Interest in Getty Images, whether through beneficial ownership of voting securities of Getty Images or any direct or indirect parent of Getty Images and/or through proxies, voting trusts, voting agreements or otherwise. For the purposes of this Agreement, “Affiliate” shall have the meaning set forth in Rule 12b-2 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended.”

3.2 Phase-Out Period. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 3(a) of the Option Agreement is hereby amended and restated as follows:

“Getty Images shall have eighteen (18) months from the date of the notice referred to in Clause 2(b) above, to phase out all use by Getty Images and its subsidiaries of all the Getty Marks (hereinafter, the “Phase-Out Period”).”

3.3 Phase-Out Period. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 3(b)(i) of the Option Agreement is hereby amended and restated as follows:

“(i) the license shall become effective as of the date of the assignment and shall expire eighteen (18) months from said date;”

3.4 Adoption of New Names and Marks. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 4(b) of the Option Agreement is hereby amended and restated as follows:

“(b) No later than ninety (90) days prior to the expiration of the Phase-Out Period, Getty Images shall submit for the review of Getty Investments its proposed new Names and Marks for the Getty Images businesses. Getty Investments shall have thirty (30) days within which to object to such new Names and Marks solely based on the fact that the new Names and Marks (x) contain the Getty Marks, (y) are confusingly similar to any of the Getty Marks or (z) are disparaging to Mark H. Getty or the “Getty” name. If Getty Investments fails to respond in writing within this period, Getty Investments shall have no further right to object.”

3.5 Integration and Amendments. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 7(g) of the Option Agreement is hereby amended and restated as follows:

“(g) This Agreement, as modified by the Waiver and Amendment to Restated Option Agreement, dated as of February 24, 2008, by and among Getty Investments L.L.C., Getty Images, Inc., Getty Communications Limited (f/k/a Getty Communications plc) and Abe Investment, L.P. (the “Amendment Parties”), embodies the entire agreement of the parties hereto, and supersedes all prior negotiations, understandings and agreements whether written or oral, among the parties, with respect to the subject matter hereof. No part of this Agreement may be varied by any party hereto, except by a writing signed by each of the Amendment Parties.”
3.6 **Survival.** Except as set forth in this Agreement, all other terms of the Option Agreement shall remain in full force and effect without amendment or modification thereof.

**ARTICLE IV**

**MISCELLANEOUS**

4.1 **Termination.** Notwithstanding anything to the contrary set forth herein, it is understood and agreed that if the Merger Agreement is terminated in accordance with its terms, this Agreement shall be void and of no force and effect.

4.2 **Amendment.** This Agreement may not be amended other than in an instrument in writing signed by all of the parties hereto.

4.3 **Severability.** If any term or provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other terms and provisions of this Agreement shall remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to the parties. Upon such determination that any term or provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to amend or otherwise modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner such that the transactions contemplated hereby are fulfilled to the extent possible.

4.4 **Entire Agreement.** Except for the Merger Agreement, the Option Agreement as amended hereby, this Agreement and the other documents and instruments delivered in connection herewith constitute the entire agreement and supersede all prior representations, agreements, understandings and undertakings, whether written and oral, among the parties, or any of them, with respect to the subject matter hereof, and no party is relying on any other prior oral or written representations, agreements, understandings or undertakings with respect to the subject matter hereof.

4.5 **Successors and Assigns.** This agreement is binding upon the parties hereto, their subsidiaries, divisions and all those acting in concert or in participation with them or under their direction or control, and upon their successors and assigns. Notwithstanding the foregoing, this Agreement may only be assigned by a party hereto and its subsidiaries if the Option Agreement, as amended by this Agreement, is assigned together therewith.

4.6 **Counterparts.** This Agreement may be executed in one or more counterparts, which when taken together shall constitute one and the same agreement.

4.7 **Governing Law; Dispute Resolution.** This Agreement is governed exclusively by Delaware law. To the fullest extent permitted by law, any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by mandatory final binding arbitration in New York City, New York, USA under the auspices of and in accordance with the rules, then obtaining, of the American Arbitration Association, to the extent not inconsistent with the Delaware Uniform Arbitration Act and judgment upon the award tendered may be entered in any court having jurisdiction thereof. The reasonable fees, costs and expenses, including legal fees, incurred in connection with such arbitration shall be borne equally by the parties. Nothing in this Section 4.7 shall limit any right that any party may otherwise have to seek to obtain preliminary injunctive relief in order to preserve the status quo pending the disposition of any such arbitration proceeding.

Q-16
4.8 WAIVER OF JURY TRIAL. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS LETTER AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS LETTER AGREEMENT, OR THE TRANSACTIONS CONTEMPLATED HEREBY.

4.9 Exercise of Rights and Remedies. No delay of or omission in the exercise of any right, power or remedy accruing to any party as a result of any breach or default by any other party under this Agreement shall impair any such right, power or remedy, nor shall it be construed as a waiver of or acquiescence in any such breach or default, or of any similar breach or default occurring later; nor shall any such delay, omission nor waiver of any single breach or default be deemed a waiver of any other breach or default occurring before or after that waiver.

4.10 Interpretation. The section headings contained in this Agreement are inserted for convenience only and will not affect in any way the meaning or interpretation of this Agreement. The parties hereto have participated jointly in the negotiation and drafting of this Agreement. If an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the parties and no presumption or burden of proof will arise favoring or disfavoring any party because of the authorship of any provision of this Agreement.

SECOND AMENDMENT TO RESTATED OPTION AGREEMENT

This SECOND AMENDMENT TO RESTATED OPTION AGREEMENT, dated as of July 2, 2008 (this “Agreement”), is by and among Getty Investments L.L.C., a Delaware limited liability company (“Getty Investments”), Getty Images, Inc., a Delaware corporation (“Getty Images”), Getty Communications Limited (UK), a company organized under the laws of England and Wales (“Getty Communications”), and Abe Investment, L.P., a Delaware limited partnership (“Parent”).

WHEREAS, Getty Investments, Getty Images and Getty Communications entered into a Restated Option Agreement, dated February 9, 1998 (the “Option Agreement”), pursuant to which, among other things, upon the terms and subject to the conditions set forth therein, Getty Investments has the right to obtain control over the Getty Marks in the event that a third party acquires a Controlling Interest in Getty Images; and

WHEREAS, Getty Investments, Getty Images, Getty Communications and Parent entered into a Waiver and Amendment to Restated Option Agreement, dated as of February 24, 2008 (the “Waiver and Amendment”), pursuant to which Getty Investments agreed to waive certain rights under the Option Agreement and to amend certain provisions in the Option Agreement.

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, warranties, covenants and agreements herein contained, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

ARTICLE I
CERTAIN DEFINITIONS

1.1 Capitalized Terms. Capitalized terms used in this Agreement and not defined herein have the meanings ascribed to them in the Option Agreement, as amended by the Waiver and Amendment.

ARTICLE II
AMENDMENTS TO THE OPTION AGREEMENT

2.1 Exercise of Option. The parties hereto agree that Section 2 of the Option Agreement, as amended by the Waiver and Amendment, is hereby amended and restated as follows:

“2. EXERCISE OF OPTION

(a) Getty Investment shall have the right to exercise said option at any time in the future, but only after either:

(i) a third party (or related third party group) shall obtain a Controlling Interest in Getty Images (a “Controlling Interest Event”); or

(ii) Abe Investment, L.P. (“Parent”) and its subsidiaries (including, without limitation, Getty Images) cease all use of the Getty Marks in connection with the conduct of any of their businesses (a “Cessation of Use Event”) after the date hereof (for the avoidance of doubt, it is understood that if Parent and its subsidiaries (including, without limitation, Getty Images) commence any phase out or other process for transitioning from the usage of the Getty Marks in connection with the conduct of any of their businesses to the usage of other trade names, trademarks and service marks in connection with the conduct of their businesses (a “Transition Process”), a Cessation of Use Event shall not be deemed to have occurred unless, and until, Parent and its subsidiaries (including, without limitation, Getty Images) have completed such phase out or other process and have ceased all use of the Getty Marks in connection with the conduct of any of their businesses, provided that Parent and its subsidiaries (including, without limitation, Getty Images) continue in good faith to use the Getty Marks in connection with the conduct of their businesses during such phase out or other process)

For the purposes hereof, the phrase “Controlling Interest” shall mean the ability to cast a majority of the total votes capable of being cast at any meeting of the holders of shares of Getty Images. In the event that a Controlling Interest Event or a Cessation of Use Event, as applicable, has occurred, Getty Images will notify Getty Investments in writing of such occurrence within thirty (30) days

Q-22
thereafter. Getty Investments shall have thirty (30) days after being notified in writing that a Controlling Interest Event or a Cessation of Use Event, as applicable, has occurred in which to exercise this option by mailing, by certified mail, return receipt requested, a written notice of its exercise to Getty Images together with the payment of $100.

(b) Within thirty (30) days of the receipt of said notice and payment Getty Images and Getty Communications shall execute and deliver to Getty Investments an assignment of all right, title and interest in and to the Getty Marks (together with all goodwill that is solely associated with the Getty Marks (for the avoidance of doubt, in no event shall such assignment of goodwill include any interest in any of the goodwill or other assets of Parent and its subsidiaries (including, without limitation, Getty Images and Getty Communications) other than the goodwill solely associated with the Getty Marks)) and all applications and registrations for said marks. Said assignment shall be in a form suitable for recordal with the appropriate governmental agencies of the United States, the United Kingdom and the European Union and any other jurisdiction in which the Getty Marks are registered or in which there are applications for registration pending. In the event that the assignments supplied are not in a form suitable for recordal with the appropriate governmental agencies or further documentation is required, Getty Images and Getty Communications undertake to execute any such further documents reasonably required by Getty Investments to effect final recordal of assignment.

(c) In the event that Getty Investments exercises said option after a Cessation of Use Event:

(i) Getty Investments shall not be permitted to use (or license or otherwise permit any other party to use), at any time after the exercise of said option, any of the Getty Marks in connection with any line of business or product line that is competitive with any then existing line of business or product line of Parent and its subsidiaries (including, without limitation, Getty Images) at the time at which the Cessation of Use Event occurs; and

(ii) Getty Investments shall not be permitted to use (or license or otherwise permit any other party to use), at any time during the 18-month period immediately after the Cessation of Use Event occurs, "Getty Images" or any trade name, trademark or services mark containing "Getty Images" or any derivation thereof that contains "Getty" and "Images," for any purpose;

provided, however, that this clause 2(c) shall not apply if, on the date that is the earlier of the Cessation of Use Event and the commencement of a Transition Process, Parent and its subsidiaries (including, without limitation, Getty Images) are in active good faith discussions with one or more specific third parties with respect to a transaction in which one of such third parties potentially would acquire a Controlling Interest in Getty Images.

(d) In the event that Getty Images notifies Getty Investments in writing pursuant to clause 2(a) that a Cessation of Use Event has occurred, Parent agrees that if, at any time during the (30) day period immediately after delivery of such written notification, Parent and its subsidiaries (including, without limitation, Getty Images) are in active good faith discussions with one or more specific third parties with respect to a transaction in which one of such third parties potentially would acquire a Controlling Interest in Getty Images, then Parent shall notify Getty Investments in writing that such discussions are occurring (for the avoidance of doubt, it is understood that Parent and its subsidiaries (including, without limitation, Getty Images) make no representation or warranty in connection with the delivery of any such notice that such potential Controlling Interest transaction or any other Controlling Interest transaction will occur at any time after the Cessation of Use Event).

(e) Notwithstanding anything to the contrary set forth herein, Getty Investments shall not have the right to exercise the option in clause 2(a)(i) if and for so long as Hellman & Friedman Capital Partners VI, L.P., a Delaware limited partnership, and its investment vehicle and fund Affiliates, collectively, beneficially own, or otherwise have the right to vote, directly or indirectly, a Controlling Interest in Getty Images, whether through beneficial ownership of voting securities of Getty Images or any direct or indirect parent of Getty Images and/or through proxies, voting trusts, voting agreements or otherwise. For the purposes of this Agreement, "Affiliate" shall have
the meaning set forth in Rule 12b-2 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended."

2.2 **Phase-Out Period.** The parties hereto agree that Section 3(a) of the Option Agreement is hereby amended and restated as follows:

“(a) Getty Images shall have eighteen (18) months from the date of the notice delivered by Getty Images referred to in Clause 2(a) above with respect to the occurrence of a Controlling Interest Event, to phase out all use by Getty Images and its subsidiaries of all the Getty Marks (hereinafter, the "Phase-Out Period")."

2.3 **Integration and Amendments.** The parties hereto agree that Section 7(g) of the Option Agreement, as amended by the Waiver and Amendment, is hereby amended and restated as follows:

“(g) This Agreement, as modified by (i) the Waiver and Amendment to Restated Option Agreement, dated as of February 24, 2008, by and among Getty Investments, Getty Images, Getty Communications Limited (f/k/a Getty Communications plc) and Abe Investment, L.P. ("Parent") and (ii) the Second Amendment to Restated Option Agreement, dated as of July 2, 2008, by and among Getty Investments, Getty Images, Getty Communications Limited and Parent (collectively, the "Amendment Parties"), embodies the entire agreement of the parties hereto, and supersedes all prior negotiations, understandings and agreements whether written or oral, among the parties, with respect to the subject matter hereof. No part of this Agreement may be varied by any party hereto, except by a writing signed by each of the Amendment Parties."

2.4 **Survival.** Except as set forth in this Agreement, all other terms of the Option Agreement, as amended by the Waiver and Amendment, shall remain in full force and effect without amendment or modification thereof.

ARTICLE III

MISCELLANEOUS

3.2 **Severability.** If any term or provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other terms and provisions of this Agreement shall remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to the parties. Upon such determination that any term or provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to amend or otherwise modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner such that the transactions contemplated hereby are fulfilled to the extent possible.

3.4 **Successors and Assigns.** This Agreement is binding upon the parties hereto, their subsidiaries, divisions and all those acting in concert or in participation with them or under their direction or control, and upon their successors and assigns. Notwithstanding the foregoing, this Agreement may only be assigned by a party hereto and its subsidiaries if the Option Agreement, as amended by the Waiver and Amendment and this Agreement, is assigned together therewith.

3.5 **Counterparts.** This Agreement may be executed in one or more counterparts, which when taken together shall constitute one and the same agreement.
3.6 **Governing Law; Dispute Resolution.** This Agreement is governed exclusively by Delaware law. 3.7 **WAIVER OF JURY TRIAL.** EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS LETTER AGREEMENT, OR THE TRANSACTIONS CONTEMPLATED HEREBY.

WHEREAS, Getty Investments, Getty Images, Getty Communications and Partnership entered into a Waiver and Amendment to Restated Option Agreement, dated as of February 24, 2008, pursuant to which Getty Investments agreed to waive certain rights under the Option Agreement and to amend certain provisions in the Option Agreement;

WHEREAS, Getty Investments, Getty Images, Getty Communications and Partnership entered into a Second Amendment to Restated Option Agreement, dated as of July 2, 2008, pursuant to which the parties thereto agreed to amend certain provisions in the Option Agreement; and

WHEREAS, concurrently with the execution and delivery of this Agreement, Parent, Griffey Intermediate, Inc., a Delaware corporation (“Intermediate”), and Griffey Merger Sub, Inc. (a Delaware corporation and wholly-owned subsidiary of Intermediate) are entering into an Agreement and Plan of Merger, dated as of the date hereof (as such agreement may be amended from time to time in compliance with the Interim Investors Agreement of even date herewith among Parent, Intermediate, Merger Sub, Getty Investments and the other parties thereto (as amended from time to time, the “Merger Agreement”), pursuant to which, among other things, upon the terms and conditions set forth therein, the Partnership and its general partner, Griffey Investors GP, LLC, a Delaware limited liability company and the general partner of the Partnership (“General Partner”) will be merged with and into Intermediate and Merger Sub will be merged with and into Getty Images, and Getty Images will become an indirect subsidiary of Parent (the “Mergers”);

WHEREAS, prior to and immediately after the consummation of the Mergers, a majority of the equity interests in Parent will be beneficially owned by Carlyle Partners V, L.P. (the “Sponsor Investor”) and certain of its investment vehicle and fund Affiliates (the “Sponsor Group”), and a minority of the equity interests in Parent will be beneficially owned by Getty Investments, Mark H. Getty and certain of their affiliated trusts and/or investment funds (the “Getty Family Group”);

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, warranties, covenants and agreements herein contained, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

ARTICLE I
CERTAIN DEFINITIONS

1.1 Capitalized Terms. Capitalized terms used in this Agreement and not defined herein have the meanings ascribed to them in the Option Agreement.

Q-30
ARTICLE II
WAIVER

2.1 Waiver.

(a) Effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Getty Investments hereby waives the right to exercise, and agrees not to exercise, the option granted under the Option Agreement (the “Option”) in connection with the consummation of the transactions contemplated by the Merger Agreement, including the Mergers and the Sponsor Group obtaining an indirect Controlling Interest in Getty Images as a result of the Mergers. For the purposes of this Agreement, “Affiliate” shall have the meaning set forth in Rule 12b-2 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended. Without limiting the foregoing, subject to the amendments to the Option Agreement set forth in ARTICLE III of this Agreement, Getty Investments continues to retain the Option, which it may exercise at any time in the future if any third party (or related third party group), other than the Sponsor Group pursuant to the Merger Agreement or any of the Sponsor Group’s affiliated investment funds (which for the avoidance of doubt are not “third parties” under the Option Agreement), obtains a Controlling Interest in Getty Images, and the waiver contemplated by this Section 2.1 does not constitute a waiver by Getty Investments of any other provisions under the Option Agreement, as amended by this Agreement.

ARTICLE III
AMENDMENTS TO THE OPTION AGREEMENT

3.1 Parent. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, all references in the Option Agreement to “Abe Investment, L.P.” shall refer to Griffey Investors, L.P.

3.2 Exercise of Option. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 2(a)(i) of the Option Agreement is hereby amended and restated as follows:

“(i) a third party (or related third party group) shall obtain, directly or indirectly, a Controlling Interest in Getty Images (a “Controlling Interest Event”); provided that, for the avoidance of doubt, the initial underwritten public offering of securities of Getty Images or any direct or indirect parent of Getty Images pursuant to an effective registration statement (excluding a registration statement on Form S-4 or Form S-8) under the Securities Act of 1933, as amended (the “IPO”), shall not constitute a Controlling Interest Event unless a third party (or related third party group) shall obtain a Controlling Interest in Getty Images as a result of the IPO and shall beneficially own, or otherwise have the right to vote, directly or indirectly, a Controlling Interest immediately after the consummation of the IPO; or”.

3.3 Expiration of Non-Compete Period. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 2(c)(ii) of the Option Agreement is hereby amended and restated as follows:

“(ii) Getty Investments shall not be permitted to use or license (or otherwise permit any other party to use), at any time during the 24-month period immediately after the Cessation of Use Event occurs, “Getty Images” or any trade name, trademark or services mark containing “Getty Images” or any derivation thereof that contains “Getty” and “Images,” for any purpose;”

3.4 Sponsor Investor Controlling Interest. The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 2(e) of the Option Agreement is hereby amended and restated as follows:

“(e) Notwithstanding anything to the contrary set forth herein, Getty Investments shall not have the right to exercise the option in clause 2(a)(i) as a result of Carlyle Partners V, L.P. (the “Sponsor Investor”) and its investment vehicle and fund Affiliates (collectively, the “Sponsor Group”) obtaining an indirect Controlling Interest in Getty Images as a result of the Mergers and for so long as
Sponsor Investor and its investment vehicle and fund Affiliates, collectively, beneficially own, or otherwise have the right to vote, directly or indirectly, a Controlling Interest in Getty Images, whether through beneficial ownership of voting securities of Getty Images or any direct or indirect parent of Getty Images and/or through proxies, voting trusts, voting agreements or otherwise. For the purposes of this Agreement, “Affiliate” shall have the meaning set forth in Rule 12b-2 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended.”

3.5 **Phase-Out Period.** The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 3(a) of the Option Agreement is hereby amended and restated as follows:

“(a) Getty Images shall have twenty-four (24) months from the date of the notice delivered by Getty Investments exercising its option pursuant to the last sentence of the last paragraph under Clause 2(a) above with respect to the occurrence of a Controlling Interest Event to phase out all use by Getty Images and its subsidiaries of all the Getty Marks (hereinafter, the "Phase-Out Period").”

3.6 **Phase-Out Period.** The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 3(b)(i) of the Option Agreement is hereby amended and restated as follows:

“(i) the license shall become effective as of the date of the notice delivered by Getty Investments exercising its option pursuant to the last sentence of the last paragraph under Clause 2(a) above with respect to the occurrence of a Controlling Interest Event, and shall expire twenty-four (24) months from said date;”

3.7 **Integration and Amendments.** The parties hereto agree that, effective as of the Closing without any further action necessary on the part of the parties hereto or any other Person, Section 7(g) of the Option Agreement is hereby amended and restated as follows:

“(g) This Agreement, as modified by (i) the Waiver and Amendment to Restated Option Agreement, dated as of February 24, 2008, by and among Getty Investments, Getty Images, Getty Communications Limited (f/k/a Getty Communications plc) and Abe Investment, L.P. ("Parent"), (ii) the Second Amendment to Restated Option Agreement, dated as of July 2, 2008, by and among Getty Investments, Getty Images, Getty Communications Limited and Parent and (iii) the Waiver and Third Amendment to Restated Option Agreement (the "Waiver and Third Amendment"), dated as of August 14, 2012, by and among Getty Investments, Getty Images, Getty Communications Limited and Parent (collectively, the "Amendment Parties"), embodies the entire agreement of the parties hereto, and supersedes all prior negotiations, understandings and agreements whether written or oral, among the parties, with respect to the subject matter hereof. No part of this Agreement may be varied by any party hereto, except by a writing signed by each of the Amendment Parties. Effective as of the “Closing” (as such term is defined in the Waiver and Third Amendment), Abe Investment, L.P. is no longer party to this Agreement.”

3.8 **Survival.** Except as set forth in this Agreement, all other terms of the Option Agreement shall remain in full force and effect without amendment or modification thereof.

**ARTICLE IV**

**MISCELLANEOUS**

4.1 **Termination.** Notwithstanding anything to the contrary set forth herein, it is understood and agreed that if the Mergers are not consummated, this Agreement shall be void and of no force and effect.

4.3 **Severability.** If any term or provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other terms and provisions of this Agreement shall remain
in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to the parties. Upon such determination that any term or provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to amend or otherwise modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner such that the transactions contemplated hereby are fulfilled to the extent possible.

4.4 **Entire Agreement.** Except for the Merger Agreement, the Option Agreement as amended hereby, this Agreement and the other documents and instruments delivered in connection herewith and therewith constitute the entire agreement and supersede all prior representations, agreements, understandings and undertakings, whether written and oral, among the parties, or any of them, with respect to the subject matter hereof, and no party is relying on any other prior oral or written representations, agreements, understandings or undertakings with respect to the subject matter hereof.

4.5 **Successors and Assigns.** This agreement is binding upon the parties hereto, their subsidiaries, divisions and all those acting in concert or in participation with them or under their direction or control, and upon their successors and assigns. Notwithstanding the foregoing, this Agreement may only be assigned by a party hereto and its subsidiaries if the Option Agreement, as amended by this Agreement, is assigned together therewith.

4.6 **Counterparts.** This Agreement may be executed in one or more counterparts, which when taken together shall constitute one and the same agreement.

4.7 **Governing Law; Dispute Resolution.** This Agreement is governed exclusively by Delaware law. 4.10 **Interpretation.** The section headings contained in this Agreement are inserted for convenience only and will not affect in any way the meaning or interpretation of this Agreement. Following the Closing, if (i) in a single transaction or series of transactions, any merger, consolidation, business combination, conversion, spin-off, restructuring, recapitalization, exchange, tender offer, sale of a material portion of equity or assets or any other non-ordinary course material corporate transaction involving the Company or any of its Subsidiaries or New CCNB or any of its Subsidiaries holding the Company (other than (v) any acquisition of assets, equity or businesses by New CCNB, the Company or their respective Subsidiaries that do not result in a Controlling Interest Event or any conversion or exchange of Company Shares outstanding as of immediately prior to such transaction or series of transactions as a result of which such Company Shares cease to be outstanding (but, for clarity, not a sale, transfer, spinoff or similar transaction which directly or indirectly includes the Getty Marks), (v) issuances or transfers of equity of the New CCNB, the Company or their respective Subsidiaries that do not result in a Controlling Interest Event or any conversion or exchange of Company Shares outstanding as of immediately prior to such transaction or series of transactions as a result of which such Company Shares cease to be outstanding (but, for clarity, not a sale, transfer, spinoff or similar transaction which directly or indirectly includes the Getty Marks) as a result of which the holders of Company Shares immediately prior to such transaction or series of transactions continue to hold Company Shares immediately following such transaction or series of transactions in the same proportions as immediately prior to such transaction, (y) a transaction or series of transactions solely between or among the Company and wholly owned subsidiaries of the Company or other internal reorganization transactions not involving third parties and which do not result in any conversion or exchange of Company Shares outstanding as of immediately prior to such transaction or series of transactions as a result of which such Company Shares cease to be outstanding (but, for clarity, not a
sale, transfer, spinoff or similar transaction which directly or indirectly includes the Getty Marks) or (z) a sale to a third party of assets or equity of the Company (other than the Getty Marks) or a subsidiary of the Company that does not directly or indirectly hold the Getty Marks, in each case in clauses (v) to (z) in a bona fide transaction, that is not for the purpose, or have the effect, of circumventing the intent of the provisions of this Amendment or the Option Agreement) (a “Fundamental Transaction”) shall occur or shall have been entered into and (ii) at the time that the parties to such Fundamental Transaction enter into definitive documentation with respect to such Fundamental Transaction (or if earlier, the time that such Fundamental Transaction is consummated), the Getty Family Stockholders Beneficially Own, in the aggregate, a number of Company Shares that is equal to or greater than the Ownership Threshold, then unless Getty Investments has provided a written waiver of its rights under this Section 2(b) to the Company (which waiver shall only be effective if it is in writing and makes specific reference to this Section 2(b)), this Amendment (but not the Option Agreement) will terminate upon (and effective immediately prior to) the consummation of such Fundamental Transaction. At and following such termination, this Amendment will cease to be of any further force and effect, and no party hereto will thereafter have any rights or obligations hereunder.

3. Acknowledgement. The parties to this Amendment acknowledge and agree that (i) neither the execution of the Business Combination Agreement by the parties thereto nor the consummation of the transactions contemplated by the Business Combination Agreement will constitute a Controlling Interest Event and (ii) Getty Investments shall not, as a result of such execution or consummation, have the right to exercise the option granted under the Option Agreement. For the avoidance of doubt, ownership by New CCNB of Getty Images shall not in and of itself constitute a Controlling Interest Event, even if the Getty Family Stockholders Beneficially Own less than 50% of New CCNB unless a third party (or related third party group) obtains, directly or indirectly, a Controlling Interest in Getty Images.

4. Effectiveness; Termination/Amendment. This Amendment shall be valid and enforceable as of the date of this Amendment and may not be revoked by any party hereto; provided, that the provisions herein (other than this Section 4) shall not be effective until the Closing. In the event the Business Combination Agreement is terminated in accordance with its terms, this Amendment shall automatically terminate and be of no further force or effect. Neither this Amendment nor the Option Agreement may be amended other than in an instrument in writing signed by all of the parties hereto. Prior to the Closing, this Amendment may not be terminated, amended, modified or waived in any respect without the prior written consent of the parties hereto and CCNB. CCNB shall be an express third party beneficiary of this Agreement for these purposes.

5. Entire Agreement. Except for the Business Combination Agreement, the Option Agreement as amended hereby, this Amendment and the other documents and instruments delivered in connection herewith and therewith constitute the entire agreement and supersede all prior representations, agreements, understandings and undertakings, whether written and oral, among the parties hereto, or any of them, with respect to the subject matter hereof, and no party is relying on any other prior oral or written representations, agreements, understandings or undertakings with respect to the subject matter hereof. Sections 4.3 and 4.9 of the Option Agreement shall apply to this Amendment mutatis mutandis.

6. No Other Amendments to Option Agreement. Except as expressly provided for in this Amendment, the Option Agreement is not amended or modified and the Option Agreement remains in full force and effect.

7. Successors and Assigns. This Amendment is binding upon the parties hereto and their successors and assigns. Notwithstanding the foregoing, this Amendment may only be assigned by a party hereto and its Subsidiaries if the Option Agreement, as amended by this Amendment, is assigned together therewith.

8. Counterparts. This Amendment may be executed in one or more counterparts, which when taken together shall constitute one and the same agreement.

9. Governing Law; Dispute Resolution. This Amendment is governed exclusively by Delaware law. To the fullest extent permitted by law, any controversy or claim arising out of or relating to this Amendment, or the breach thereof, shall be settled by mandatory final binding arbitration in New York City, New York, USA under the auspices of and in accordance with the rules, then obtaining, of the American Arbitration Association, to the extent not inconsistent with the Delaware Uniform Arbitration Act and judgment.
upon the award tendered may be entered into any court having jurisdiction thereof. The reasonable fees, costs and expenses, including legal fees, incurred in connection with such arbitration shall be borne equally by the parties hereto. Nothing in this Section 8 shall limit any right that any party may otherwise have to seek to obtain preliminary injunctive relief in order to preserve the status quo pending the disposition of any such arbitration proceeding.

10. **Waiver of Jury Trial.** EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS LETTER AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AMENDMENT, OR THE TRANSACTIONS CONTEMPLATED HEREBY.

11. **Interpretation.** The section headings contained in this Amendment are inserted for convenience only and will not affect in any way the meaning or interpretation of this Amendment. The parties hereto have participated jointly in the negotiation and drafting of this Amendment. If an ambiguity or question of intent or interpretation arises, this Amendment will be construed as if drafted jointly by the parties and no presumption or burden of proof will arise favoring or disfavoring any party because of the authorship of any provision of this Amendment.

12. **Notices.** Notwithstanding anything to the contrary set forth in the Option Agreement, all notices or other communications required or permitted by this Amendment or the Option Agreement shall be in writing and sent to the parties at the following addresses (or any substitute addresses to which the parties are notified pursuant to this Section 15):

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Cayman Islands law does not limit the extent to which a company’s memorandum and articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against willful default, willful neglect, civil fraud or the consequences of committing a crime. Our Amended and Restated Memorandum and Articles of Association provided for indemnification of our officers and directors to the maximum extent permitted by law, including for any liability incurred in their capacities as such, except through their own actual fraud, willful default or willful neglect.

We have entered into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our Amended and Restated Memorandum and Articles of Association. We have purchased a policy of directors’ and officers’ liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

* To be filed by amendment.
Item 22. Undertakings.

The undersigned registrant, hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the “Securities Act”);

ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering price range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement;

iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, will be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(7) That every prospectus: (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of New York, State of New York, on the 18th day of January, 2022.

THIS AMENDED AND RESTATED EMPLOYMENT AGREEMENT (the "Agreement"), dated as of July 1, 2015, is made by and between Getty Images (US) Inc., a New York corporation (the "Company"), and Craig Peters ("Executive").

WHEREAS, Executive currently serves as the Senior Vice President, Business Development, Product and Content of the Company and of Getty Images, Inc. ("Getty Inc.") and the General Manager of Getty Inc. and iStockphoto pursuant to an Employment Agreement, dated as of August 6, 2013 (the "Original Employment Agreement");

WHEREAS, the Company and the Executive wish to amend and restate the Original Employment Agreement in its entirety; and

WHEREAS, in connection with the foregoing, the Company and the Executive desire to memorialize the amended and restated terms of the Executive’s employment relationship with the Company effective as of the date hereof (the "Effective Date") on the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants and promises contained herein, and for other good and valuable consideration, the Company and Executive hereby agree as follows:

1. Term of Employment.
   (a) Term of Employment. Subject to the provisions of Section 6 of this Agreement, Executive shall be employed by the Company for the period commencing on October 18, 2012 (the "Employment Date") and ending on December 31, 2017 (such period, the "Employment Term") and on the terms and conditions set forth herein; provided, however, that commencing on December 31, 2017 and on each annual anniversary thereafter (each an "Extension Date"), the Employment Term shall be automatically extended for an additional one-year period, unless either the Company or Executive provides the other party hereto three (3) months’ prior written notice before the next Extension Date that the Employment Term shall not be so extended; provided, further, that any such notice of non-renewal shall be given in accordance with Section 12(g) of this Agreement.

2. Position and Duties.
   (a) Position. During the Employment Term, Executive shall serve as Senior Vice President, Business Development, Content & Product of the Company and of Getty Inc. and as General Manager of Getty Inc. and iStockphoto. In such positions, Executive shall report directly or indirectly to the Chief Executive Officer of Getty Inc. (the "CEO"). Executive shall have such duties and authority as shall be determined from time to time by the CEO or the Board of Directors of Getty Inc. (the "Board") commensurate with Executive’s position.
(b) **Duties.** During the EmploymentTerm, Executive shall devote Executive’s full business time and attention to the performance of Executive’s duties hereunder and shall not engage in any other business, profession or occupation for compensation or otherwise which would conflict or interfere with the rendition of such services either directly or indirectly, without the prior written consent of the Board; provided that nothing herein shall preclude Executive from serving on any board of directors or trustees of any non-profit or charitable organization; provided, further, that, in each case, and in the aggregate, such activities shall not materially conflict or materially interfere with the performance of Executive’s duties hereunder or conflict with Sections 7 or 8 hereof.

3. **Salary and Annual Bonus.**

   (a) **Base Salary.** From and after the Effective Date, the Company shall pay Executive a base salary at the annual rate of $650,000.00 payable in regular installments in accordance with the Company’s usual payroll practices. The Board shall review Executive’s base salary at least once per annum, and Executive’s annual base salary, as in effect from time to time, shall hereinafter be referred to as the “Base Salary”.

   (b) **Annual Bonus.** During the Employment Term, Executive shall be eligible to earn an annual cash bonus award (the “Annual Bonus”) in respect of each full fiscal year of the Company for which he is employed, in a target amount equal to fifty percent (50%) of Executive’s Base Salary for such fiscal year (the “Target Bonus”), based upon the achievement of the performance goals established by the Compensation Committee of the Board (the “Compensation Committee”), or, if no such committee exists, the Board, within the first three (3) months of each fiscal year during the Employment Term. The Annual Bonus, if any, shall be paid to Executive in the calendar year following the year in which the bonus was earned and after the completion of the consolidated financial audit of Getty Inc. and its Affiliates, as applicable, for the applicable year, but in no event later than March 15 of the year following the year in which the bonus was earned.

4. **Equity Participation.** Executive’s equity participation in Griffey Investors, L.P. (“Parent”), Griffey Global Holdings, Inc., a Delaware corporation (“Global Holdings”), the Company and any of their respective Affiliates is documented, as applicable, pursuant to the Rollover Commitment Letter, dated October 11, 2012, between the Executive and Parent, the Amended and Restated Limited Partnership Agreement of Griffey Investors, L.P., as it may be amended from time to time (the “Partnership Agreement”), the Griffey Global Holdings, Inc. 2012 Stock Incentive Plan (the “Equity Plan”), award agreements issued in respect of such entity or otherwise, and any contribution or subscription agreements relating to the equity of Parent, Global Holdings, the Company or any of their respective Affiliates, each as executed, to the extent applicable, by Parent, Global Holdings, the Company, any of their respective Affiliates, Executive and the other “Partners” (as defined in the Partnership Agreement) (collectively, the “Equity Documents”). The Company and Executive each acknowledges that the terms and conditions of the aforementioned Equity Documents govern Executive’s acquisition, holding, sale or other disposition of Executive’s equity in Parent, Global Holdings, the Company or any of their respective Affiliates, and all of Executive’s rights with respect thereto.
5. Employee Benefits.

(a) General. During the Employment Term, Executive shall be entitled to participate in or be eligible to receive benefits under the Company’s employee benefit plans and payroll practices, as in effect from time to time, including, but not limited to, any medical and dental insurance, life insurance or short-term or long-term disability or death benefit plans or other fringe benefits (collectively, "Employee Benefits"), on a no less favorable basis as those benefits are generally made available to other senior executives of the Company.

(b) Vacation. During the Employment Term, Executive shall be provided with a maximum of twenty-seven (27) days of paid vacation or, if applicable, paid time off per annum in addition to any public holidays to which the Executive is entitled in the country in which Executive performs duties. Such vacation or paid time off shall be taken in accordance with the Company’s vacation or paid time off policy, as applicable, which may be amended by the Company, in its sole discretion, from time to time.

(c) Expense Reimbursement. The Company shall reimburse Executive for the reasonable business expenses incurred by Executive in the performance of Executive’s duties hereunder; provided that such expenses are incurred and accounted for in accordance with the Company’s policies and procedures.

6. Termination of Employment. The Employment Term and Executive’s employment hereunder may be terminated by either party at any time and for any reason; provided, that Executive will be required to give the Company at least three (3) months’ advance written notice of any resignation of employment by Executive and that the Company will be required to give Executive at least three (3) months’ advance written notice of a termination by the Company without Cause (as defined in Section 6(a)(i) below) (the “Notice Period”); provided, further, that during the Notice Period, (a) the Company may, in its sole discretion, elect to suspend Executive from performing any further services for the Company, and/or exclude Executive from Company premises, electronic mail, computer hardware or software, or similar information or resources, (b) Executive may not (i) undertake any other paid or unpaid work for any other company, entity or person, or (ii) contact any clients, customers, or vendors (unless otherwise agreed by the Company), (c) Executive shall continue to owe all the duties of his employment (whether express or implied) and (d) Executive shall continue to receive payments of Base Salary and participate in the Employee Benefits. Notwithstanding any other provision of this Agreement, the provisions of this Section 6 shall exclusively govern Executive’s rights upon termination of employment with the Company and its Affiliates; provided, that Executive’s rights with respect to Employee Benefits shall be governed by the documents governing such Employee Benefits. Upon termination of Executive’s employment for any reason, Executive agrees to resign, as of the date of such termination and to the extent applicable, from all positions with Global Holdings, the Company or any of their respective Affiliates.
For purposes of this Agreement, “Cause” shall mean the occurrence of any of the following:

(A) Executive’s willful, material or persistently repeated nonperformance and continued failure (other than by reason of incapacity due to physical or mental illness) to perform the duties of Executive’s employment after notice from the Company of such failure and Executive’s inability or unwillingness to correct such failure within ten (10) days of receiving notice of such failure;

(B) Executive’s indictment for a felony offense or Executive’s plea of no contest to a crime involving fraud or moral turpitude;

(C) perpetration by Executive of fraud against the Company or any of its Affiliates or the giving, offering, promising or accepting a bribe, or any willful misconduct that brings the reputation of the Company or any of its Affiliates into serious disrepute or causes Executive to cease to be able to perform Executive’s duties;

(D) Executive’s material violation of a material written policy, written program or written code of the Company;

(E) Executive’s commission of a material act of dishonesty against the Company or any of its Affiliates; or

(F) Executive’s material breach of a material term of this Agreement.

(ii) If Executive’s employment is terminated by the Company for Cause, or if Executive resigns without Good Reason, Executive shall be entitled to receive:

(A) the Base Salary through the date of termination, payable on the normal payroll date for such Base Salary;

(B) any Annual Bonus earned, but unpaid, as of the date of termination for the immediately preceding fiscal year in accordance with Section 3 of this Agreement, paid at the time set forth in Section 3;

(C) reimbursement for any unreimbursed business expenses that have been properly incurred by Executive prior to the date of Executive’s termination and that are or have been submitted in accordance with the applicable Company policy, which reimbursement shall be paid promptly and in any event within sixty (60) days after submission in accordance with Company policy; provided that Executive shall submit all outstanding unreimbursed business expenses no later than forty-five (45) days following the date of termination; and
such Employee Benefits, if any, as to which Executive may be entitled under the employee benefit plans of the Company at the time or times provided therein, which shall not include payment for any unused vacation or paid time off, as applicable, unless required by applicable law (the amounts described in clauses (A) through (D) hereof, payable at the times provided herein, being referred to as the "Accrued Rights").

(iii) Following termination of Executive’s employment by the Company for Cause or by Executive without Good Reason, and except as set forth in Section 6(a) (ii) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(b) Death or Disability. The Employment Term and Executive’s employment hereunder shall terminate upon Executive’s death and may be terminated by the Company as a result of Executive’s Disability.

(i) For purposes of this Agreement, "Disability" means that Executive has become physically or mentally incapacitated and is therefore unable for a period of six (6) consecutive months or for an aggregate of nine (9) months in any twelve (12) consecutive month period to perform Executive’s duties. Any question as to the existence of the Disability of Executive as to which Executive and the Company cannot agree shall be determined in writing by a qualified independent physician mutually acceptable to Executive and the Company. All costs associated with the determination by the qualified independent physician shall be paid by the Company. If Executive and the Company cannot agree as to a qualified independent physician, each shall appoint such a physician and those two physicians shall select a third who shall make such determination in writing. To the extent applicable, all costs associated with the appointment and determination by the third physician shall be paid by the Company. The determination of Disability shall be made in writing to the Company and Executive and shall be final and conclusive for all purposes of this Agreement.

(ii) If, during the Employment Term, Executive’s employment is terminated by the Company as a result of Executive’s Disability or due to Executive’s death, Executive shall be entitled to receive from the Company the Accrued Rights. In addition, Executive’s estate shall benefit from a term life insurance policy provided by the Company and intended to provide payment of a death benefit equal to the Base Severance (as defined in Section 6(c)(ii) below).
Following termination of Executive’s employment by the Company as a result of Executive’s Disability or due to Executive’s death, and except as set forth in Section 6(b)(ii) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(c) Without Cause by the Company or for Good Reason by Executive. The Employment Term and Executive’s employment may be terminated by the Company without Cause or by Executive’s resignation for Good Reason:

(i) For purposes hereof, “Good Reason” means the occurrence of any of the following after the Effective Date:

   (A) an adverse and material change in Executive’s duties;

   (B) a material breach by the Company of this Agreement;

   (C) a material reduction in Executive’s (x) Base Salary (without Executive’s written consent), or (y) Annual Bonus opportunity (as contemplated by Section 3(b) of this Agreement) or the failure of the Company to pay Executive any material amount of compensation under this Agreement when due hereunder; or

   (D) a material relocation of Executive’s principal place of business by at least thirty-five (35) miles without Executive’s prior written consent; provided that the occurrence of any of the foregoing events in (A), (B), (C) or (D) shall constitute Good Reason only if the Company fails to cure such event within ninety (90) days after receipt from Executive of written notice of such occurrence; provided, further, that Good Reason shall cease to exist thirty (30) days after the later of its occurrence or Executive’s knowledge thereof, unless Executive has given the Company written notice thereof prior to such date.

(ii) If, during the Employment Term, Executive’s employment is terminated by the Company without Cause or by Executive for Good Reason, Executive shall be entitled to receive, in addition to the Accrued Rights:

   (A) subject to Executive’s continued compliance with the provisions of Sections 7 and 8 of this Agreement, and subject to Executive’s execution and non-revocation of a release substantially in the form attached hereto as Exhibit A (the “Release”), which shall be delivered to Executive within ten (10) days following the termination of Executive’s employment and which must become effective and irrevocable within sixty (60) days of Executive’s date of termination (the “Release Period”),
equal, or substantially equal, payments totaling in the aggregate the greater of (i) the sum of (x) two-hundred percent (200%) of Base Salary, and (y) two-hundred percent (200%) of the Target Bonus in respect of the fiscal year of termination, and (ii) the Base Salary and Target Bonus for the period from the date of termination through the last day of the Employment Term, which shall in either case be payable in accordance with the Company’s normal payroll practices over the twenty-four (24) month period commencing on the date of termination (the greater of such amounts, the “Base Severance”); provided, that the first payment shall be made on the first payroll date that occurs following the date on which the Release becomes irrevocable (the “Release Effective Date”), and shall include any amounts that would have otherwise been due prior to such first payment date; and

(2) continued coverage under the Company’s group health and welfare plans for a period until the later of twenty-four (24) months following the date of termination and December 31, 2017 on the same basis (including payment of premiums) as provided by the Company to senior-level executives; provided, that, (i) if and to the extent that any benefit described in this Section 6(c)(ii)(A)(2) is not or cannot be paid or provided under any Company plan or program without adverse tax consequences to Executive or the Company or for any other reason, then the Company shall pay Executive a monthly payment in an amount equal to the Company’s cost of providing such benefit and (ii) such benefits or payments shall be discontinued in the event Executive becomes eligible for similar benefits from a successor employer (and Executive’s eligibility for any such benefits shall be reported by Executive to the Company) (the “Continued Health Benefits”).

Notwithstanding the foregoing, if the Release Period spans two (2) calendar years, then the first installment of the Base Severance will commence on the first regularly scheduled payment date that occurs in the second calendar year, with any amounts otherwise payable prior to such regularly scheduled payment date being paid instead on such payment date.

Furthermore, notwithstanding the foregoing, if the termination of Executive’s employment occurs within one (1) year following a Change in Control (as defined in Section 12(q) hereof), and such termination is either by the Company without Cause or by Executive for Good Reason, then, subject to the immediately preceding sentence, the Base Severance shall be paid in one lump sum payment on the first payroll date that occurs following the Release Effective Date (instead of in installments over the twenty-four-month period following the date of termination of Executive’s employment).
(iii) Following termination of Executive’s employment by the Company without Cause or by Executive for Good Reason, and except as set forth in Section 6(c) (ii) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(d) Expiration of Employment Term.

(i) Executive’s Election Not to Extend the Employment Term. In the event Executive elects not to extend the Employment Term pursuant to Section 1(b) hereof, unless Executive’s employment is earlier terminated pursuant to paragraphs (a), (b), (c) or (d)(ii) of this Section 6, Executive’s termination of employment hereunder shall be deemed to occur on the close of business on the day immediately preceding the next scheduled Extension Date and Executive shall be entitled to receive the Accrued Rights (payable at the times specified in Section 6(a)(ii)). Following such termination of Executive’s employment hereunder as a result of Executive’s election not to extend the Employment Term, except as set forth in this Section 6(d)(i), Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(ii) Company’s Election Not to Extend the Employment Term. In the event the Company elects not to extend the Employment Term pursuant to Section 1(b) hereof, unless Executive’s employment is earlier terminated pursuant to paragraphs (a), (b), (c) or (d)(i) of this Section 6, Executive’s termination of employment hereunder shall occur on the close of business on the day immediately preceding the next scheduled Extension Date (or such later date on which Executive’s employment is terminated) and Executive shall be entitled to receive:

(A) the Accrued Rights; and
subject to Executive’s continued compliance with the provisions of Sections 7 and 8 of this Agreement, and subject to Executive’s execution and non-revocation of the Release which shall be delivered to Executive within ten (10) days following the termination of Executive’s employment and which must become effective and irrevocable within the Release Period, (1) the Continued Health Benefits and (2) equal, or substantially equal, payments totaling, in the aggregate, the Base Severance, which shall be payable in accordance with the Company’s normal payroll practices over the twenty-four-month period commencing on the date of Executive’s termination of employment; provided that the first payment shall be made on the payroll date that occurs following the Release Effective Date, and shall include any amounts that would have otherwise been due prior to such first payment date. Notwithstanding the foregoing, if the Release Period spans two (2) calendar years, then the first installment of the Base Severance will commence on the first regularly scheduled payment date that occurs in the second calendar year, with any amounts otherwise payable prior to such regularly scheduled payment date being paid instead on such payment date and all other payments to be made as if no such delay had occurred.

Furthermore, notwithstanding the foregoing, if Executive’s termination of employment occurs within one (1) year following a Change in Control, then, subject to the immediately preceding sentence, the Base Severance shall be paid in one lump sum payment on the first payroll date that occurs following the Release Effective Date (instead of in installments over the twenty-four-month period following the date of Executive’s termination of employment).

Following such termination of employment hereunder as a result of the Company’s election not to extend the Employment Term, except as set forth in this Section 6(d)(ii), Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(e) Notice of Termination. Any purported termination of Executive’s employment by the Company or by Executive shall be communicated by written “Notice of Termination” to the other party hereto in accordance with Section 12(g) hereof. For purposes of this Agreement, “Notice of Termination” shall mean a notice that shall indicate the specific termination provision in this Agreement relied upon and shall set forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of Executive’s employment under the provision so indicated.
7. **Protection of Goodwill.** Executive acknowledges and recognizes the highly competitive nature of the businesses of the Company and its Affiliates, Executive’s unique access to strategic information and sensitive Confidential Information (as defined in Section 8(a)(ii) below) and the significance of the privileges and benefits conferred under this Agreement, and accordingly, agrees as follows:

(a) During Executive’s employment and for a period through the later of twenty-four (24) months following termination of Executive’s employment for any reason and December 31, 2017 (the “Restricted Period”), Executive will not, whether on Executive’s own behalf or on behalf of or in conjunction with any person, firm, partnership, joint venture, association, corporation or other business organization, entity or enterprise whatsoever (“Person”), directly or indirectly solicit or assist in soliciting in competition with the Company or any of its Affiliates, the business of any current or actively being pursued prospective customer, client, content provider, image partner, distributor, supplier, partner, member or investor:

   (i) with whom Executive had personal contact or dealings on behalf of the Company or any of its Affiliates during the one-year period preceding Executive’s termination of employment; or

   (ii) with whom key employees reporting directly or indirectly to Executive have had personal contact or dealings on behalf of the Company or any of its Affiliates during the one-year period immediately preceding Executive’s termination of employment.

(b) During the Restricted Period, for the protection of the Company’s Confidential Information and goodwill, Executive will not directly or indirectly:

   (i) carry on or participate in any business that competes with the business of the Company or any of its Affiliates and is listed as a Key Competitor on Exhibit B hereto, as such exhibit may be amended or supplemented from time to time by the Board in its reasonable discretion and with written notice to Executive prior to termination or resignation of Executive’s employment (a “Competitive Business”); it being acknowledged and agreed by Executive that (i) each of the entities set forth on Exhibit B hereto (as amended from time to time as set forth above) is a Competitive Business and (ii) Key Competitors will include any businesses in direct competition with any of the Company’s new business lines and products that generated revenues of not less than 5% of the Company’s consolidated revenues during the fiscal quarter or year ended immediately prior to the date the Board determines to amend or supplement Exhibit B and are listed as Key Competitors on Exhibit B (as amended from time to time as set forth above);

   (ii) enter the employ of, or render any services to, any Person (or any division or controlled or controlling Affiliate of any Person) who or which engages in a Competitive Business;

   (iii) acquire a financial interest in (excluding non-voting debt interests that are not convertible into equity interests), or otherwise become actively involved with, any Competitive Business, directly or indirectly, as an individual, partner, shareholder, officer, director, principal, agent, trustee or consultant; or

   (iv) interfere with, or attempt to interfere with, business relationships (whether formed before, on or after the date of this Agreement) between the Company or any of its Affiliates or their respective agents and any current or actively being pursued prospective customer, client, content provider, image partner, distributor, supplier, partner, member or investor of the Company or any of its Affiliates.
Notwithstanding anything to the contrary in this Agreement, Executive may, directly or indirectly own, solely as an investment, equity securities of any Person engaged in a Competitive Business, which are publicly traded on a national or regional stock exchange or on the over-the-counter market if Executive (i) is not a controlling Person of, or a member of a group which controls, such Person and (ii) does not, directly or indirectly, own five percent (5%) or more of any class of equity securities of such Person.

(c) During the Restricted Period, Executive will not, whether on Executive’s own behalf or on behalf of or in conjunction with any Person, directly or indirectly:

(i) solicit or encourage any then-current employee of the Company or any of its Affiliates to leave the employment of the Company or any of its Affiliates; or

(ii) solicit or encourage to cease to work with the Company or any of its Affiliates any independent contractor, consultant or partner then under contract with the Company or any of its Affiliates; or

(iii) hire any employee who was employed by the Company or any of its Affiliates as of the date of Executive’s termination of employment with the Company or who left the employment of the Company and its Affiliates coincident with, or within one year prior to or after, the termination of Executive’s employment with the Company;

provided that nothing herein will prohibit Executive from hiring any person who held the position of manager or any lower position at the time of such person’s termination of employment with the Company and its Affiliates or a person with whom Executive has not otherwise initiated contact and who responds to a general solicitation published in a journal, newspaper, website or other publication of general circulation and not specifically directed toward such person.

(d) It is expressly understood and agreed that although Executive and the Company consider the restrictions contained in this Section 7 to be reasonable, if a final judicial determination is made by a court of competent jurisdiction that the time or territory or any other restriction contained in this Agreement is an unenforceable restriction against Executive, the provisions of this Agreement shall not be rendered void but shall be deemed amended to apply as to such maximum time and territory and to such maximum extent as such court may judicially determine or indicate to be enforceable. Alternatively, if any court of competent jurisdiction finds that any restriction contained in this Agreement is unenforceable, and such restriction cannot be amended so as to make it enforceable, such finding shall not affect the enforceability of any of the other restrictions contained herein.

(a) Confidentiality.

(i) Executive will not at any time (whether during or after Executive’s employment with the Company, its subsidiaries or any of its Affiliates) (x) retain or use for the benefit, purposes or account of Executive or any other Person (other than the Company or any of its subsidiaries or Affiliates); or (y) disclose, divulge, reveal, communicate, share, transfer or provide access to any Person outside the Company, Parent, Global Holdings or their Affiliates (other than its professional advisers who are bound by confidentiality obligations), any non-public, proprietary or confidential information — including, but not limited to, trade secrets, know-how, research and development, software, databases, inventions, processes, formulae, technology, designs and other intellectual property, information concerning finances, investments, profits, pricing, costs, products, services, vendors, customers, clients, partners, investors, personnel, compensation, recruiting, training, advertising, sales, marketing, promotions, government and regulatory activities and approvals — concerning the past, current or future business, activities and operations of the Company, its subsidiaries or any of its Affiliates and/or any third party that has disclosed or provided any of the same to the Company or any of its subsidiaries of Affiliates on a confidential basis (“Confidential Information”) without the prior written authorization of the Board. Notwithstanding anything in this Agreement to the contrary, nothing in this Agreement prohibits Executive from reporting possible violations of federal law or regulation to any governmental agency or entity.

(ii) “Confidential Information” shall not include any information that is (a) generally known to the industry or the public other than as a result of Executive’s breach of this covenant or any breach of other confidentiality obligations by third parties; (b) received by Executive in good faith from a third party (which is unaffiliated with the Company, its subsidiaries and its Affiliates) who had received such information without breach of any confidentiality obligation; or (c) required by law or legal process to be disclosed; provided that Executive shall use Executive’s best efforts to give prompt written notice to the Company of such requirement, disclose no more information than is so required, and cooperate with any attempts by the Company to obtain a protective order or similar treatment.

(iii) Except as required by law, Executive will not disclose to anyone, other than Executive’s immediate family and legal or financial advisors (and other than through the disclosure of basic personal financial or compensation information for personal reasons), the existence or contents of this Agreement; provided that Executive may disclose to any prospective future employer the provisions of Sections 7 and 8 of this Agreement provided they agree to maintain the confidentiality of such terms.
(iv) Upon termination of Executive’s employment with the Company for any reason, Executive shall (x) cease and not thereafter use any Confidential Information (including, but not limited to, any patent, invention, copyright, trade secret, trademark, trade name, logo, domain name or other source indicator) owned or used by the Company, its subsidiaries or Affiliates; (y) immediately destroy, delete, or return to the Company, at the Company’s option, all originals and copies in any form or medium (including memoranda, books, papers, plans, computer files, electronic files, letters and other data) in Executive’s possession or control (including any of the foregoing stored or located in Executive’s office, home, cloud, laptop or other computer or device, whether or not Company property) that contain Confidential Information or otherwise relate to the business of the Company, its Affiliates and subsidiaries, except that Executive may retain only those portions of any personal notes, notebooks and diaries that do not contain any Confidential Information; and (z) notify and fully cooperate with the Company regarding the delivery or destruction of any other Confidential Information of which Executive is or becomes aware.

(b) Intellectual Property.

(i) If Executive has created, invented, designed, developed, contributed to or improved any works of authorship, inventions, intellectual property, materials, documents or other work product (including, but not limited to, research, reports, software, databases, systems, applications, presentations, textual works, content, or audiovisual materials) (“Works”), either alone or with third parties, prior to or during Executive’s employment by the Company (which includes periods prior to the Effective Date) or any of its Affiliates, that are relevant to or implicated by such employment (“Prior Works”), Executive hereby grants the Company a perpetual, non-exclusive, royalty-free, worldwide, assignable, sublicensable license under all rights and intellectual property rights (including rights under patent, industrial property, copyright, trademark, trade secret, unfair competition and related laws) therein for all purposes in connection with the Company’s current and future business. Notwithstanding anything to the contrary in this Agreement, all prior licenses granted by Executive to the Company or any of its Affiliates with respect to any Works or Prior Works (whether such grant was made prior to, on or following the Effective Date) shall continue in full force and effect following the Effective Date.

(ii) If Executive creates, invents, designs, develops, contributes to or improves any Works, either alone or with third parties, at any time during Executive’s employment by the Company or any of its Affiliates and within the scope of such employment and/or with the use of any of the Company resources (“Company Works”), Executive shall promptly and fully disclose same to the Company and hereby irrevocably assigns, transfers and conveys, to the maximum extent permitted by applicable law, all rights and intellectual property rights therein (including rights under patent, industrial property, copyright, trademark, trade secret, unfair competition and related laws) to the Company to the extent ownership of any such rights does not vest originally in the Company.
With respect to all periods on and after the date of Executive’s initial employment with the Company, Executive agrees to keep and maintain adequate and current written records (in the form of notes, sketches, drawings, and any other form or media requested by the Company) of all Company Works in accordance with the applicable policies and procedures of the Company, as may be amended from time to time, provided such policies and procedures are communicated to Executive in writing in advance. The records will be available to and remain the sole property and intellectual property of the Company at all times.

Executive shall take all requested actions and execute all requested documents (including any licenses or assignments required by a government contract) at the Company’s expense (but without further remuneration) to assist the Company in validating, maintaining, protecting, enforcing, perfecting, recording, patenting or registering any of the Company’s rights in the Prior Works and Company Works. If the Company is unable for any other reason to secure Executive’s signature on any document for this purpose, then Executive hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as Executive’s agent and attorney in fact, to act for and in Executive’s behalf and stead to execute any documents and to do all other lawfully permitted acts in connection with the foregoing.

Executive shall not improperly use for the benefit of, bring to any premises of, divulge, disclose, communicate, reveal, transfer or provide access to, or share with the Company or any of its subsidiaries or Affiliates any confidential, proprietary or non-public information or intellectual property relating to a former employer or other third party without the prior written permission of such third party. Executive shall comply with all relevant policies and guidelines of the Company, including, without limitation, policies and guidelines regarding the protection of confidential information and intellectual property and potential conflicts of interest. Executive acknowledges that the Company may amend any such policies and guidelines from time to time, and that Executive remains at all times bound by their most current version.

9. **Specific Performance.** Executive acknowledges and agrees that the Company’s remedies at law for a breach or threatened breach of any of the provisions of Sections 7 or 8 would be inadequate and the Company would suffer irreparable damages as a result of such breach or threatened breach. In recognition of this fact, Executive agrees that, in the event of such a breach or threatened breach, in addition to any remedies at law, the Company, without posting any bond, shall be entitled to cease making any payments or providing any benefit otherwise required by this Agreement and obtain equitable relief in the form of specific performance, temporary restraining order, temporary or permanent injunction or any other equitable remedy which may then be available.
10. **280G Cutback.** Notwithstanding any other provisions of this Agreement to the contrary, in the event that the Company determines in good faith that any payment or benefit received or to be received by Executive pursuant to this Agreement, or otherwise (all such payments and benefits, including, without limitation, salary and bonus payments, being hereinafter called the “Total Payments”) would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended (the “Code”), by reason of being considered “contingent on a change in ownership or control” of the Company within the meaning of Section 280G of the Code, then such Total Payments shall be reduced to the extent necessary so that the Total Payments will be less than three times Executive’s “base amount” (as defined in Section 280G(b)(3) of the Code), unless the amount of such reduction would equal or exceed one-hundred percent (100%) of the excise taxes that would be imposed by Section 4999 of the Code on such payments and benefits. The reduction of the Total Payments shall apply as follows, unless otherwise agreed and such agreement is in compliance with Section 409A of the Code: (i) first, any cash severance payments due under the Agreement shall be reduced, with the last such payment due first forfeited and reduced, and sequentially thereafter working from the next last payment, and (ii) second, any acceleration of vesting of any equity shall be deferred with the tranche that would vest last (without any such acceleration) first deferred. Notwithstanding the foregoing, to the extent satisfaction of the shareholder approval requirements of Section 280G(b)(5)(B) and Treasury Regulation Section 1.280G-1 Q&A7 (the “Shareholder Approval Exception”) would result in the Total Payments being excluded from tax imposed by Section 4999 of the Code, the Company hereby agrees that it will seek the necessary approval from the stockholders of the Company and take the other steps reasonably necessary, and within its control, to satisfy the requirements of the Shareholder Approval Exception.

11. **Executive’s Representations.** The Executive hereby warrants and represents to the Company that the Executive has carefully reviewed this Agreement and has consulted with such advisors as the Executive considers appropriate in connection with this Agreement, and is not subject to any covenants, agreements or restrictions, including without limitation any covenants, agreements or restrictions arising out of the Executive’s prior employment, which would be breached or violated by Executive’s execution of this Agreement or by the Executive’s performance of his duties hereunder.

12. **Miscellaneous.**

   (a) **Governing Law; Consent to Jurisdiction; Jury Trial Waiver.** This Agreement shall be governed, construed, interpreted and enforced in accordance with its express terms, and otherwise in accordance with the substantive laws of the State of New York without reference to the principles of conflicts of law of the State of New York or any other jurisdiction, and where applicable, the laws of the United States. Except as is otherwise specifically provided in Section 12(o), actions or proceedings relating to this Agreement (including, but not limited to, any court proceeding to obtain injunctive relief pursuant to Section 9 or to challenge or enforce an arbitrator’s award) must be brought in the courts situated in New York County, New York. Each party to this Agreement waives all right to trial by jury in any action, proceeding, claim or counterclaim.

   (b) **Entire Agreement/Amendments.** This Agreement contains the entire understanding of the parties with respect to the employment of Executive by the Company, and this Agreement shall supersede all prior agreements between Executive, Parent and the Company and any of their Affiliates with respect to any matters discussed herein, including, but not limited to the Original Employment Agreement. Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents. There are no restrictions, agreements, promises, warranties, covenants or undertakings between the parties with respect to the subject matter herein other than those expressly set forth herein. This Agreement may not be altered, modified, or amended except by written instrument signed by the parties hereto.
(c) **No Waiver.** The failure of a party to insist upon strict adherence to any term of this Agreement on any occasion shall not be considered a waiver of such party's rights or deprive such party of the right thereafter to insist upon strict adherence to that term or any other term of this Agreement.

(d) **Severability.** In the event that any one or more of the provisions of this Agreement shall be or become invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions of this Agreement shall not be affected thereby.

(e) **Assignment.** This Agreement and all of Executive's rights and duties hereunder, shall not be assignable or delegable by Executive. Any purported assignment or delegation by Executive in violation of the foregoing shall be null and void ab initio and of no force and effect. This Agreement may be assigned by the Company to a person or entity which is a successor in interest to substantially all of the business and operations of the Company. Upon such assignment, the rights and obligations of the Company hereunder shall become the rights and obligations of such Affiliate or successor person or entity.

(f) **Successors; Binding Agreement.** This Agreement shall inure to the benefit of and be binding upon personal or legal representatives, executors, administrators, successors, heirs, distributees, devisees and legatees.

(g) **Notice.** For the purpose of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when delivered by hand or overnight courier or three days after it has been mailed by United States registered mail, return receipt requested, postage prepaid, addressed to the respective addresses set forth below in this Agreement, or to such other address as either party may have furnished to the other in writing in accordance herewith, except that notice of change of address shall be effective only upon receipt.

If to Executive:

(h) **Executive Representation.** Executive hereby represents to the Company and the Parent that the execution and delivery of this Agreement by Executive and the Company and the performance by Executive of Executive’s duties hereunder shall not constitute a breach of, or otherwise contravene, the terms of any employment agreement or other agreement or policy to which Executive is a party or otherwise bound.

(i) **Cooperation.** Executive shall provide Executive’s reasonable cooperation in connection with any action or proceeding (or any appeal from any action or proceeding) which relates to events occurring during Executive’s employment hereunder. The Company shall reimburse all reasonable costs and expenses of Executive as a result of such cooperation. This provision shall survive any termination of this Agreement.

(j) **Withholding Taxes.** The Company may withhold from any amounts payable under this Agreement such federal, state and local taxes as may be required to be withheld pursuant to any applicable law or regulation.

(k) **Counterparts.** This Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

(l) **Compliance with IRC Section 409A.**

(i) The parties intend that this Agreement shall be interpreted and administered so that any amount or benefit payable hereunder shall be paid or provided in a manner that is either exempt from or compliant with Code Section 409A and the Treasury Regulations and Internal Revenue Service guidance promulgated thereunder ("Section 409A") and the parties hereby agree that the amounts and benefits payable under this Agreement are either exempt from or compliant with Section 409A. The parties agree not to take any position inconsistent with the preceding sentence for any reporting purposes, whether internal or external, and to cause their affiliates, successors and assigns not to take any such inconsistent position.
(ii) Notwithstanding anything herein to the contrary, (i) if at the time of Executive’s termination of employment with the Company, Executive is a “specified employee” as defined in Section 409A and the deferral of the commencement of any payments or benefits otherwise payable hereunder or otherwise as a result of such termination of employment is necessary in order to prevent any accelerated or additional tax under Section 409A, then the Company will defer the commencement of the payment of any such payments or benefits hereunder (without any reduction in such payments or benefits ultimately paid or provided to Executive) to the extent necessary to comply with the requirements of Section 409A until the first business day that is more than six months following Executive’s termination of employment with the Company (or the date of Executive’s death or the earliest date as is permitted under Section 409A) and (ii) if any other payments of money or other benefits due to Executive hereunder could cause the application of an accelerated or additional tax under Section 409A, such payments or other benefits shall be deferred if deferral will make such payment or other benefits compliant under Section 409A, or otherwise such payment or other benefits shall be restructured, to the extent possible, in a manner, determined by the Board, that does not cause such an accelerated or additional tax. In the event that payments under this Agreement are deferred pursuant to this Section 12(1) in order to prevent any accelerated tax or additional tax under Section 409A, then such payments shall be paid at the time specified under this Section 12(1) without any interest thereon. The Company shall consult with Executive in good faith regarding the implementation of this Section 12(1); provided that neither the Company nor any of its Affiliates, employees or representatives shall have any liability to Executive with respect to the imposition of any early or additional tax under Section 409A. Notwithstanding anything to the contrary herein, to the extent required by Section 409A, a termination of employment shall not be deemed to have occurred for purposes of any provision of this Agreement providing for the payment of amounts or benefits upon or following a termination of employment unless such termination is also a “Separation from Service” within the meaning of Section 409A and, for purposes of any such provision of this Agreement, references to a “resignation,” “termination,” “termination of employment” or like terms shall mean “Separation from Service.” For purposes of Section 409A, each payment made under this Agreement shall be designated as a “separate payment” within the meaning of Section 409A. Notwithstanding anything to the contrary herein, except to the extent any expense, reimbursement or in-kind benefit provided pursuant to this Agreement does not constitute a “deferral of compensation” within the meaning of Section 409A, (q) the amount of expenses eligible for reimbursement or in-kind benefits provided to Executive during any calendar year will not affect the amount of expenses eligible for reimbursement or in-kind benefits provided to Executive in any other calendar year, (r) the reimbursements for expenses for which Executive is entitled to be reimbursed shall be made on or before the last day of the calendar year following the calendar year in which the applicable expense is incurred and (s) the right to payment or reimbursement or in-kind benefits hereunder may not be liquidated or exchanged for any other benefit.
(m) **No Mitigation.** Executive shall not be required to mitigate the amount of any payment provided for pursuant to this Agreement by seeking other employment or otherwise and the amount of any payment provided for pursuant to this Agreement shall not be reduced by any compensation earned as a result of subsequent employment of Executive following the termination of his employment hereunder.

(n) **Resignation as Member of Board.** If Executive’s employment with the Company is terminated for any reason, Executive hereby agrees to resign, as of the date of such termination and to the extent applicable, as a member of the Board (and any committees thereof), the board of directors of Global Holdings (and any committees thereof) and the board of directors or managers (and any committees thereof) of any of the Company’s Affiliates.

(o) **Arbitration.** Any controversy, dispute, or claim arising out of, in connection with, or in relation to, the interpretation, performance or breach of this Agreement, other than injunctive relief under Section 9 hereof, shall be settled exclusively by arbitration conducted in New York, New York, by and in accordance with the applicable rules of the American Arbitration Association (the "Rules"). Each of the parties hereto agrees that such arbitration shall be conducted by a single arbitrator selected in accordance with the Rules; provided that such arbitrator must be experienced in deciding cases concerning the matter which is the subject of the dispute. Each of the parties hereto agrees to treat as confidential the results of any arbitration (including, but not limited to, any findings of fact and/or law made by the arbitrator) and not to disclose such results to any unauthorized person. The parties intend that this agreement to arbitrate be valid, enforceable and irrevocable. With respect to any arbitration hereunder, each party shall pay its own legal fees and expenses; provided that (i) the Company shall pay the reasonable legal fees and expenses of Executive if the arbitrator determines there was no reasonable basis for the Company’s claim or position, and (ii) Executive shall pay the reasonable legal fees and expenses of the Company if the arbitrator determines there was no reasonable basis for Executive’s claim or position; provided further, that the parties agree to share the cost of the arbitrator’s fees in any event.

(p) **Modification.** No change, modification or waiver of any provision of this Agreement shall be valid unless the same is in writing and signed by the parties hereto.

(q) **Defined Terms.** For purposes of this Agreement, the following capitalized terms shall have their respective meanings set forth below:

(i) **Affiliate** shall mean with respect to any Person, any other Person that controls, is controlled by, or is under common control with such Person. The term "control," as used in this Agreement, means the power to direct or cause the direction of the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise. **Controlled** and **controlling** have meanings correlative to the foregoing.
“Beneficial Owner” shall have the meaning given to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act (or any successor rules thereto). For the avoidance of doubt, no stockholder of Global Holdings shall be deemed to “beneficially own” any securities of Global Holdings or any of its subsidiaries held by any other holder of such securities solely by virtue of the provisions of the Partnership Agreement or any stockholders agreement of Global Holdings.

“Change in Control” shall mean the occurrence in a single transaction or in a series of related transactions, any one or more of the following events on or after the Effective Date:

(A) the sale or disposition, in one or a series of related transactions, of all or substantially all of the assets of Global Holdings and its subsidiaries, taken as a whole, to any “person” or “group” (as such terms are used for purposes of Sections 13(d)(3) and 14(d)(2) of the Exchange Act) other than to any of the Initial Investors or any of their respective Affiliates; or

(B) any person or group, other than any of the Initial Investors or any of their Affiliates, is or becomes the Beneficial Owner, directly or indirectly, of more than fifty percent (50%) of the total voting power of the outstanding voting stock of Global Holdings, including by way of merger, consolidation or otherwise.

“Exchange Act” shall mean the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder, as may be amended from time to time.

“Initial Carlyle Investors” shall mean Carlyle Partners V, L.P. and any affiliated investment fund.

“Initial Investors” shall mean Executive, the Initial Carlyle Investors, the Initial Rollover Partners and their respective Affiliates.

Survival. Notwithstanding the termination of the Employment Term, the provisions of Sections 6, 7, 8, 9, 10, 11, 12(i), 12(1) and 12(o) of this Agreement shall survive any such termination.

Executive also warrants that he has not filed any action, complaint, charge, grievance or arbitration against any of the Released Parties with respect to any Claim.
6. Executive hereby agrees not to defame or disparage the Company or any of its affiliates or any director, officer or employee of the Company or any of its affiliates in any medium to any person without limitation in time. The Company hereby agrees that the Company’s board of directors and the executive officers of the Company shall not defame or disparage Executive in any medium to any person without limitation in time. 9. Executive represents that he has been afforded a reasonable period of time within which to consider the terms of this Agreement, that he has read this Agreement, and is fully aware of its legal effects. Executive further represents and warrants that Executive is entering into this Agreement knowingly and voluntarily, without any mistake, duress or undue influence, and that Executive has been provided the opportunity to review this Agreement with counsel of Executive’s own choosing. SECOND AMENDMENT TO
AMENDED AND RESTATED EMPLOYMENT AGREEMENT
CRAIG PETERS

THIS SECOND AMENDMENT TO THE AMENDED AND RESTATED EMPLOYMENT AGREEMENT (the "Amendment"), dated as of November 3, 2017, is made by and between Getty Images (US) Inc., a New York corporation (the "Company"), and Craig Peters ("Executive").

FOURTH AMENDMENT TO  
AMENDED AND RESTATED EMPLOYMENT AGREEMENT  
CRAIG PETERS

THIS AMENDMENT (this “Amendment”) is entered into as of April 1, 2020 by and between Getty Images (US), Inc. (the “Company”), and Craig Peters (the “Executive”).

WHEREAS, the Executive is currently party to that certain amended and restated employment agreement with the Company, dated as of July 1, 2015, as amended January 27, 2017, November 3, 2017 and January 1, 2019 (collectively, the “Employment Agreement”);

WHEREAS, the Company and the Executive desire to enter into this Amendment to amend certain terms of the Employment Agreement; and

WHEREAS, capitalized terms that are not defined herein shall have the same meaning as set forth in the Employment Agreement, unless specified to the contrary.

NOW THEREFORE, in consideration of the foregoing, the mutual promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

19. Section 3(a) of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(a) Base Salary. During the Employment Term, the Company shall pay Executive a base salary. For a period ending April 30, 2020, the Company paid/will pay Executive a base salary at an annual rate of $927,000 (the “Base Salary”). During the Employment Term and commencing May 1, 2020 (the “Effective Date”), the Company shall pay Executive a base salary at an annual rate of $463,500 (the “Modified Salary”), payable in regular installments in accordance with the Company’s usual payroll practices. The adjustment from Base Salary to Modified Salary is intended to be an extraordinary and temporary measure to address the potential global economic impact of COVID-19. The Modified Salary shall revert to the Base Salary, in whole or in part, at such time as the Company, acting reasonably, determines that such reduction is no longer necessary, which shall be reviewed at least once per month during the time that the Modified Salary is in effect. The Company agrees that it shall not unnecessarily maintain the Modified Salary beyond the extraordinary events caused directly or indirectly by COVID-19. The Board shall review the Executive’s Base Salary at least once per annum. For the avoidance of doubt, the Company shall have no obligation to make any payments to Executive in connection with the reduction of the Base Salary to the Modified Salary.”
20. Section 3(b) of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(b) **Annual Bonus.** During the Employment Term, Executive shall be eligible to earn an annual cash bonus award (the “Annual Bonus”) in respect of each full fiscal year of the Company for which she is employed, in a target amount equal to 75% of the Base Salary (the “Target Bonus”), based upon the achievement of the performance goals established by the Compensation Committee of the Board (the “Compensation Committee”), or, if no such committee exists, the Board, within the first three (3) months of each fiscal year during the Employment Term. The Annual Bonus, if any, shall be paid to Executive in the calendar year following the year in which the bonus was earned and after the completion of the consolidated financial audit of Getty Inc. and its Affiliates, as applicable, for the applicable year, but in no event later than March 15 of the year following the year in which the bonus was earned.”

21. Clause (d) in the first sentence of Section 6 of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(d) Executive shall continue to receive payments of Modified Salary and participate in the Employee Benefits.”

22. Section 6(d)(ii)(A) of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(A) the Modified Salary through the date of termination, payable on the normal payroll date for such Modified Salary;”

23. For greater clarity, except as specifically provided herein, all compensation and benefits provided to the Executive that are calculated by reference to the Base Salary shall continue to be calculated by reference to the Base Salary, including but not limited to life insurance and critical illness benefits.

24. This Amendment constitutes Executive’s written consent to the reduction of the Base Salary to the Modified Salary, such that such action is not Good Reason under the Employment Agreement.

25. Remaining Provisions. Except as expressly modified by this Amendment, the Employment Agreement shall remain in full force and effect. This Amendment and the Employment Agreement embody the entire agreement and understanding of the parties hereto with respect to the subject matter hereof, and supersede all prior and contemporaneous agreements and understandings, oral or written, relative thereto.

26. Governing Law. This Amendment and all claims, causes of action or proceedings (whether in contract, in tort, at law or otherwise) that may be based upon, arise out of or relate to this Amendment will be governed by the internal laws of New York, excluding any conflicts or choice-of-law rule or principle that might otherwise refer construction or interpretation of this Amendment to the substantive law of another jurisdiction.

27. Amendment Effective Date. This Amendment shall be effective as of the Effective Date.

28. Counterparts. This Amendment may be executed in more than one counterpart, each of which shall be deemed to be an original but all of which together will constitute one and the same instrument.

Milena Alberti-Perez

THIS EMPLOYMENT AGREEMENT (the “Agreement”), dated as of December 9, 2020 (the “Effective Date”), is made by and between Getty Images (US), Inc., a New York Corporation (the “Company”), and Milena Alberti-Perez (“Executive”).

WHEREAS, as of the Employment Date (as defined below) Executive will serve as the SVP, Chief Financial Officer of the Company and of Getty Images, Inc. (“Getty Inc.”);

AND WHEREAS, in connection with the foregoing, the Company and Executive desire to memorialize the terms of Executive’s employment relationship with the Company on the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants and promises contained herein, and for other good and valuable consideration, the Company and Executive hereby agree as follows:

1. Term of Employment.

   (a) Term of Employment. Subject to the provisions of Section 6 of this Agreement, Executive shall be employed by the Company for the period commencing on January 4, 2021 (the “Employment Date”) and ending on December 31, 2024 (such period, the “Employment Term”) and on the terms and conditions set forth herein; provided, however, that commencing on December 31, 2024 and on each annual anniversary thereafter (each an “Extension Date”), the Employment Term shall be automatically extended for an additional one-year period, unless either the Company or Executive provides the other party hereto three (3) months’ prior written notice before the next Extension Date that the Employment Term shall not be so extended; provided, further, that any such notice of non-renewal shall be given in accordance with Section 12(g) of this Agreement.

2. Position and Duties.

   (a) Position. During the Employment Term, Executive shall serve as SVP, Chief Financial Officer of the Company and of Getty Inc. In such position, Executive shall report directly to the Chief Executive Officer. Executive shall have such duties and authority as shall be determined from time to time by the Chief Executive Officer commensurate with Executive’s position.

   (b) Duties. During the Employment Term, Executive shall devote Executive’s full business time and attention to the performance of Executive’s duties hereunder and shall not engage in any other business, profession or occupation for compensation or otherwise which would conflict or interfere with the rendition of such services either directly or indirectly, without the prior written consent of the board of directors of Getty Inc. (the “Board”); provided that nothing herein shall preclude Executive from serving on any board of directors or trustees of any non-profit or charitable organization; provided, further, that, in each case, and in the aggregate, such activities shall not materially conflict or materially interfere with the performance of Executive’s duties hereunder or conflict with Sections 7 or 8 hereof. Notwithstanding anything to the contrary contained herein, the Company agrees and acknowledges that Executive can continue service on the boards of following entities: RB Media and Overdrive.
3. Salary and Annual Bonus.

(a) **Base Salary.** From and after the Employment Date, the Company shall pay the Executive a base salary at the annual rate of $450,000 ("Base Salary"), payable in regular installments in accordance with the Company’s usual payroll practices. The Board shall review the Executive’s Base Salary at least once per annum, but the Base Salary shall not be decreased below its then current level during the Employment Term.

(b) **Annual Bonus.** During the Employment Term, Executive shall be eligible to earn an annual cash bonus award (the “Annual Bonus”) in respect of each full fiscal year of the Company for which Executive is employed, in a target amount equal to 50% of the Base Salary (the “Target Bonus”), based upon the achievement of the performance goals established by the Compensation Committee of the Board (the “Compensation Committee”), or, if no such committee exists, the Board, within the first three (3) months of each fiscal year during the Employment Term. The Annual Bonus, if any, shall be paid to Executive in the calendar year following the year in which the bonus was earned and after the completion of the consolidated financial audit of Getty Inc. and its Affiliates, as applicable, for the applicable year, but in no event later than March 15 of the year following the year in which the bonus was earned.

(c) **Sign On Bonus.** Executive shall be paid a cash sign on bonus of $50,000 (the “Sign On Bonus”), subject to Executive’s commencement of employment with the Employer. The Sign On Bonus, less all applicable taxes and withholdings, shall be payable on the first eligible payroll date that occurs following the Employment Date. If Executive’s employment with the Company is terminated pursuant to Section 6(a) of this Agreement prior to the first anniversary of the Employment Date, Executive shall pay back to the Company, net of any taxes and other statutory deductions paid by the Executive in respect of the Sign On Bonus, the Sign On Bonus.

4. Equity Participation.

(a) Executive’s equity participation in Griffey Investors, L.P. ("Parent"), Griffey Global Holdings, Inc., a Delaware corporation (“Global Holdings”), the Company and any of their respective Affiliates shall be documented, as applicable, pursuant to the Amended and Restated Limited Partnership Agreement of Parent, as it may be amended from time to time (the “Partnership Agreement”), the Griffey Global Holdings, Inc. 2012 Equity Incentive Plan (the “Equity Plan”), award agreements issued in respect of such entity or otherwise, and any contribution or subscription agreements relating to the equity of Parent, Global Holdings, the Company or any of their respective Affiliates, each as executed, to the extent applicable, by Parent, Global Holdings, the Company, any of their respective Affiliates, Executive and the other “Partners” (as defined in the Partnership Agreement) (collectively, the “Equity Documents”). The Company and Executive each acknowledges that the terms and conditions of the aforementioned Equity Documents govern Executive’s acquisition, holding, sale or other disposition of Executive’s equity in Parent, Global Holdings, the Company or any of their respective Affiliates, and all of Executive’s rights with respect thereto.
(b) As soon as possible following the Employment Date, Global Holdings shall grant to Executive options (the “Options”) to purchase 1,800,000 shares of Global Holdings common stock, par value $0.01 (“Common Stock”) to be determined by the Compensation Committee of the Board of Directors, at an exercise price consistent with other executive grants, which shall vest 25% on the first anniversary of the Employment Date and the remaining 75% in equal quarterly installments over the following 3 years, subject to the Executive’s continued employment through each applicable vesting date. Notwithstanding the foregoing sentence, if the Employee’s employment is terminated pursuant to either Section 6(b) or (c) hereof prior to the first anniversary of the Employment Date, the initial 25% of the Options shall vest immediately prior to termination of such employment. The Options shall be granted under the 2012 Griffey Investors, L.P. and Griffey Global Holdings, Inc. Equity Incentive Plan, as amended (the “Option Plan”) and subject to the terms and conditions of (i) the Option Plan, (ii) the option agreements entered into between Executive and Global Holdings on or about the date of the grant (the “Option Agreements”) pursuant to the Option Plan and (iii) the Griffey Global Holdings Inc. Amended and Restated Stockholders Agreement, dated as of February 19, 2019, among Global Holdings and its stockholders (as amended from time to time, the “Stockholders Agreement”).

5. Employee Benefits.

(a) General. During the Employment Term, Executive shall be entitled to participate in or be eligible to receive benefits under the Company’s employee benefit plans and payroll practices, as in effect from time to time, including, but not limited to, any medical and dental insurance, life insurance or short-term or long-term disability or death benefit plans or other fringe benefits (collectively, “Employee Benefits”), on a no less favorable basis as those benefits are generally made available to other senior executives of the Company. The Company reserves the right to alter, modify, increase or reduce the Executive's benefits from time to time and any such alteration shall not be considered constructive dismissal.

(b) Vacation. During the Employment Term, Executive shall be provided with the maximum number of days of paid vacation or, if applicable, paid time off per annum in addition to any public holidays to which the Executive is entitled in the country in which Executive performs duties. Such vacation or paid time off shall be taken in accordance with the Company’s vacation or paid time off policy, as applicable, which may be amended by the Company, in its sole discretion, from time to time. If the Company’s vacation or paid time off policy is in conflict with the requirements of the applicable employment standards legislation, the terms of that legislation shall prevail.

(c) Expense Reimbursement. The Company shall reimburse Executive for the reasonable business expenses incurred by Executive in the performance of Executive’s duties hereunder; provided that such expenses are incurred and accounted for in accordance with the Company’s policies and procedures.
6. **Termination of Employment.** The Employment Term and Executive’s employment hereunder may be terminated by either party at any time and for any reason; provided, that Executive will be required to give the Company at least three (3) months’ advance written notice of any resignation of employment by Executive and that the Company will be required to give Executive at least three (3) months’ advance written notice of a termination by the Company without Cause (as defined in Section 6(a)(i) below) (the “Notice Period”); provided, further, that during the Notice Period, (a) the Company may, in its sole discretion, elect to suspend Executive from performing any further services for the Company, and/or exclude Executive from Company premises, electronic mail, computer hardware or software, or similar information or resources, (b) Executive may not (i) undertake any other paid or unpaid work for any other company, entity or person, or (ii) contact any clients, customers, or vendors (unless otherwise agreed by the Company), (c) Executive shall continue to owe all the duties of his employment (whether express or implied) and (d) Executive shall continue to receive payments of Base Salary and participate in the Employee Benefits. Notwithstanding any other provision of this Agreement, the provisions of this Section 6 shall exclusively govern Executive’s rights upon termination of employment with the Company and its Affiliates; provided that Executive’s rights with respect to Executive’s equity participation in Parent, Global Holdings, the Company and any of their respective Affiliates shall be governed solely by the Equity Documents, and Executive’s rights with respect to Employee Benefits shall be governed by the documents governing such Employee Benefits. Upon termination of Executive’s employment for any reason, Executive agrees to resign, as of the date of such termination and to the extent applicable, from all positions with Parent, Global Holdings, the Company or any of their respective Affiliates.

(a) **For Cause by the Company or for Any Reason Other than Good Reason by Executive.** The Employment Term and Executive’s employment may be terminated by the Company for Cause or by Executive’s resignation without Good Reason.

(i) For purposes of this Agreement, “Cause” shall mean the occurrence of any of the following (Executive shall be provided with written notice of any Cause occurrence under this Agreement):

(A) Executive’s willful, material or persistently repeated nonperformance and continued failure (other than by reason of incapacity due to physical or mental illness) to perform the duties of Executive’s employment after notice from the Company of such failure and Executive’s inability or unwillingness to correct such failure within ten (10) days of receiving notice of such failure;

(B) Executive’s indictment for an indictable offense or Executive’s plea of no contest to a crime involving fraud or moral turpitude;
perpetration by Executive of fraud against the Company or any of its Affiliates or the giving, offering, promising or accepting a bribe, or any willful misconduct that brings the reputation of the Company or any of its Affiliates into serious disrepute or causes Executive to cease to be able to perform Executive’s duties;

(D) Executive’s material violation of a material written policy, written program or written code of the Company after written notice from the Company or such material violation and Executive’s inability or unwillingness to cure such material violation within ten (10) days of receiving such notice of material violation (if such material breach is reasonably subject to cure);

(E) Executive’s commission of a material act of dishonesty against the Company or any of its Affiliates; or

(F) Executive’s material breach of a material term of this Agreement after written notice from the Company or such material breach and Executive’s inability or unwillingness to cure such material breach within ten (10) days of receiving such notice of material breach (if such material breach is reasonably subject to cure).

(ii) For purposes of this Agreement, “Good Reason” means the occurrence of any of the following after the Effective Date:

(A) an adverse and material change in Executive’s duties, responsibilities, authority or reporting structure;

(B) a material breach by the Company of this Agreement;

(C) a material reduction in Executive’s (x) Base Salary (without Executive’s written consent), or (y) Annual Bonus opportunity (as contemplated by Section 3(b) of this Agreement) or the failure of the Company to pay Executive any material amount of compensation under this Agreement when due hereunder; or

(D) a material relocation of Executive’s principal place of business by at least thirty-five (35) miles from the city limits of where the Executive is currently located and Executive was required to also relocate without Executive’s prior written consent, provided that the occurrence of any of the foregoing events in (A), (B), (C) or (D) shall constitute Good Reason only if the Company fails to cure such event within ninety (90) days after receipt from Executive of written notice of such occurrence; provided, further, that Good Reason shall cease to exist sixty (60) days after the later of its occurrence or Executive’s knowledge thereof, unless Executive has given the Company written notice thereof prior to such date.
If Executive’s employment is terminated by the Company for Cause, or if Executive resigns without Good Reason, Executive shall be entitled to receive:

(A) the Base Salary through the date of termination, payable on the normal payroll date for such Base Salary;

(B) any Annual Bonus earned, but unpaid, as of the date of termination for the immediately preceding fiscal year in accordance with Section 3 of this Agreement, paid at the time set forth in Section 3;

(C) reimbursement for any unreimbursed business expenses that have been properly incurred by Executive prior to the date of Executive’s termination and that are or have been submitted in accordance with the applicable Company policy, which reimbursement shall be paid promptly and in any event within sixty (60) days after submission in accordance with Company policy; provided that Executive shall submit all outstanding unreimbursed business expenses no later than forty-five (45) days following the date of termination; and

(D) such Employee Benefits, if any, as to which Executive may be entitled under the employee benefit plans of the Company at the time or times provided therein, which shall not include payment for any unused vacation or paid time off, as applicable, unless required by applicable law (the amounts described in clauses (A) through (D) hereof, payable at the times provided herein, being referred to as the “Accrued Rights”).

Following termination of Executive’s employment by the Company for Cause or by Executive without Good Reason, and except as set forth in Section 6(a)(iii) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(b) **Death or Disability.** The Employment Term and Executive’s employment hereunder shall terminate upon Executive’s death and may be terminated by the Company as a result of Executive’s Disability.

(i) For purposes of this Agreement, “Disability” means that Executive has become physically or mentally incapacitated and is therefore unable for a period of six (6) consecutive months or for an aggregate of nine (9) months in any twelve (12) consecutive month period to perform Executive’s duties. Any question as to the existence of the Disability of Executive as to which Executive and the Company cannot agree shall be determined in writing by a qualified independent physician mutually acceptable to Executive and the Company. All costs associated with the determination by the qualified independent physician shall be paid by the Company. If Executive and the Company cannot agree as to a qualified independent physician, each shall appoint such a physician and those two physicians shall select a third who shall make such determination in writing. To the extent applicable, all costs associated with the appointment and determination by the third physician shall be paid by the Company. The determination of Disability shall be made in writing to the Company and Executive and shall be final and conclusive for all purposes of this Agreement.
(ii) If, during the Employment Term, Executive’s employment is terminated by the Company as a result of Executive’s Disability or due to Executive’s death, Executive shall be entitled to receive from the Company the Accrued Rights. In addition, Executive’s estate shall benefit from a term life insurance policy provided by the Company and intended to provide payment of a death benefit equal to the Base Severance (as defined in Section 6(c)(ii) below).

(iii) Following termination of Executive’s employment by the Company as a result of Executive’s Disability or due to Executive’s death, and except as set forth in Section 6(b)(ii) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(c) Without Cause by the Company or for Good Reason by Executive. The Employment Term and Executive’s employment may be terminated by the Company without Cause or by Executive’s resignation for Good Reason.

(i) If, during the Employment Term, Executive’s employment is terminated by the Company without Cause or by Executive for Good Reason, Executive shall be entitled to receive, in addition to the Accrued Rights:

(A) subject to Executive’s continued compliance with the provisions of Sections 7 and 8 of this Agreement, and subject to Executive’s execution and non-revocation of a release substantially in the form attached hereto as Exhibit A (the “Release”), which shall be delivered to Executive within ten (10) days following the termination of Executive’s employment and which must become effective and irrevocable within sixty (60) days of Executive’s date of termination (the “Release Period”),

(1) equal, or substantially equal, payments totaling in the aggregate sum of (x) one-hundred fifty percent (150%) of Base Salary and (y) one-hundred fifty percent (150%) of the Target Bonus in respect of the fiscal year of termination, which shall be payable in accordance with the Company’s normal payroll practices over the eighteen (18) month period commencing on the date of termination (the “Base Severance”); provided that the first payment shall be made on the first payroll date that occurs following the date on which the Release becomes irrevocable (the “Release Effective Date”), and shall include any amounts that would have otherwise been due prior to such first payment date; and
continued coverage under the Company’s group health and welfare plans for a period of eighteen (18) months following the date of termination on the same basis (including payment of premiums) as provided by the Company to senior-level executives; provided, that, (i) if and to the extent that any benefit described in this Section 6(c)(i)(A)(2) is not or cannot be paid or provided under any Company plan or program without adverse tax consequences to Executive or the Company or for any other reason, then the Company shall pay Executive a monthly payment in an amount equal to the Company’s cost of providing such benefit and (ii) such benefits or payments shall be discontinued in the event Executive becomes eligible for similar benefits from a successor employer (and Executive’s eligibility for any such benefits shall be reported by Executive to the Company) (the “Continued Health Benefits”).

Notwithstanding the foregoing, if the Release Period spans two (2) calendar years, then the first installment of the Base Severance will commence on the first regularly scheduled payment date that occurs in the second calendar year, with any amounts otherwise payable prior to such regularly scheduled payment date being paid instead on such payment date.

Furthermore, notwithstanding the foregoing, if the termination of Executive’s employment occurs within one (1) year following a Change in Control (as defined in Section 12(q) hereof), and such termination is either by the Company without Cause or by Executive for Good Reason, then, subject to the immediately preceding sentence, the Base Severance shall be paid in one lump sum payment on the first payroll date that occurs following the Release Effective Date (instead of in installments over the eighteen (18) month period, following the date of termination of Executive’s employment).

Following termination of Executive’s employment by the Company without Cause or by Executive for Good Reason, and except as set forth in Section 6(c)(i) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.
(d) **Expiration of Employment Term.**

(i) **Executive’s Election Not to Extend the Employment Term.** In the event Executive elects not to extend the Employment Term pursuant to Section 1(a) hereof, unless Executive’s employment is earlier terminated pursuant to paragraphs (a), (b), (c) or (d)(ii) of this Section 6, Executive’s termination of employment hereunder shall be deemed to occur on the close of business on the day immediately preceding the next scheduled Extension Date and Executive shall be entitled to receive the Accrued Rights (payable at the times specified in Section 6(a)(iii)). Following such termination of Executive’s employment hereunder as a result of Executive’s election not to extend the Employment Term, except as set forth in this Section 6(d)(i), Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(ii) **Company’s Election Not to Extend the Employment Term.** In the event the Company elects not to extend the Employment Term pursuant to Section 1(a) hereof, unless Executive’s employment is earlier terminated pursuant to paragraphs (a), (b), (c) or (d)(i) of this Section 6, Executive’s termination of employment hereunder shall occur on the close of business on the day immediately preceding the next scheduled Extension Date (or such later date on which Executive’s employment is terminated) and Executive shall be entitled to receive:

(A) the Accrued Rights; and

(B) subject to Executive’s continued compliance with the provisions of Sections 7 and 8 of this Agreement, and subject to Executive’s execution and non-revocation of the Release which shall be delivered to Executive within ten (10) days following the termination of Executive’s employment and which must become effective and irrevocable within the Release Period, (1) the Continued Health Benefits and (2) equal, or substantially equal, payments totaling, in the aggregate, the Base Severance, which shall be payable in accordance with the Company’s normal payroll practices over the eighteen (18) month period commencing on the date of Executive’s termination of employment; provided that the first payment shall be made on the payroll date that occurs following the Release Effective Date, and shall include any amounts that would have otherwise been due prior to such first payment date. Notwithstanding the foregoing, if the Release Period spans two (2) calendar years, then the first installment of the Base Severance will commence on the first regularly scheduled payment date that occurs in the second calendar year, with any amounts otherwise payable prior to such regularly scheduled payment date being paid instead on such payment date and all other payments to be made as if no such delay had occurred.

Furthermore, notwithstanding the foregoing, if Executive’s termination of employment occurs within one (1) year following a Change in Control, then, subject to the immediately preceding sentence, the Base Severance shall be paid in one lump sum payment on the first payroll date that occurs following the Release Effective Date (instead of in installments over the eighteen (18) month period, following the date of termination of Executive’s employment).
Following such termination of employment hereunder as a result of the Company’s election not to extend the Employment Term, except as set forth in this Section 6(d)(ii), Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(e) **Notice of Termination.** Any purported termination of Executive’s employment by the Company or by Executive shall be communicated by written "Notice of Termination" to the other party hereto in accordance with Section 12(g) hereof. For purposes of this Agreement, "Notice of Termination" shall mean a notice that shall indicate the specific termination provision in this Agreement relied upon and shall set forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of Executive’s employment under the provision so indicated as required by common law.

7. **Protection of Goodwill.** Executive acknowledges and recognizes the highly competitive nature of the businesses of the Company and its Affiliates, Executive’s unique access to strategic information and sensitive Confidential Information (as defined in Section 8(a)(ii) below) and the significance of the privileges and benefits conferred under this Agreement, and accordingly, agrees as follows:

(a) During Executive’s employment and for a period of eighteen (18) months, following termination of Executive’s employment for any reason (the "Restricted Period"), Executive will not, whether on Executive’s own behalf or on behalf of or in conjunction with any person, firm, partnership, joint venture, association, corporation or other business organization, entity or enterprise whatsoever ("Person"), directly or indirectly solicit or assist in soliciting in competition with the Company or any of its Affiliates, the business of any current or actively being pursued prospective customer, client, content provider, image partner, distributor, supplier, partner, member or investor:

(i) with whom Executive had personal contact or dealings on behalf of the Company or any of its Affiliates during the one-year period preceding Executive’s termination of employment; or

(ii) with whom key employees reporting directly or indirectly to Executive have had personal contact or dealings on behalf of the Company or any of its Affiliates during the one-year period immediately preceding Executive’s termination of employment.
During the Restricted Period, for the protection of the Company's Confidential Information and goodwill, Executive will not directly or indirectly:

(i) carry on or participate in any business that competes with the business of the Company or any of its Affiliates and is listed as a Key Competitor on Exhibit B hereto, as such exhibit may be amended or supplemented from time to time by the Board in its reasonable discretion and with written notice to Executive prior to termination or resignation of Executive's employment (a “Competitive Business”); it being acknowledged and agreed by Executive that (i) each of the entities set forth on Exhibit B hereto (as amended from time to time as set forth above) is a Competitive Business and (ii) Key Competitors will include any businesses in direct competition with any of the Company’s new business lines and products that generated revenues of not less than 5% of the Company’s consolidated revenues during the fiscal quarter or year ended immediately prior to the date the Board determines to amend or supplement Exhibit B and are listed as Key Competitors on Exhibit B (as amended from time to time as set forth above);

(ii) enter the employ of, or render any services to, any Person (or any division or controlled or controlling Affiliate of any Person) who or which engages in a Competitive Business; or

(iii) acquire a financial interest in (excluding non-voting debt interests that are not convertible into equity interests), or otherwise become actively involved with, any Competitive Business, directly or indirectly, as an individual, partner, shareholder, officer, director, principal, agent, trustee or consultant.

Notwithstanding anything to the contrary in this Agreement, Executive may, directly or indirectly own, solely as an investment, equity securities of any Person engaged in a Competitive Business, which are publicly traded on a national or regional stock exchange or on the over-the-counter market if Executive (i) is not a controlling Person of, or a member of a group which controls, such Person and (ii) does not, directly or indirectly, own five percent (5%) or more of any class of equity securities of such Person.

(c) During the Restricted Period, Executive will not, whether on Executive's own behalf or on behalf of or in conjunction with any Person, directly or indirectly:

(i) interfere with, or attempt to interfere with, business relationships (whether formed before, on or after the date of this Agreement) between the Company or any of its Affiliates or their respective agents and any current or actively being pursued prospective customer, client, content provider, image partner, distributor, supplier, partner, member or investor of the Company or any of its Affiliates.

(d) During the Restricted Period, Executive will not, whether on Executive’s own behalf or on behalf of or in conjunction with any Person, directly or indirectly:
(i) solicit or encourage any then-current employee of the Company or any of its Affiliates to leave the employment of the Company or any of its Affiliates; or

(ii) solicit or encourage to cease to work with the Company or any of its Affiliates any independent contractor, consultant or partner then under contract with the Company or any of its Affiliates; or

(iii) hire any employee who was employed by the Company or any of its Affiliates as of the date of Executive’s termination of employment with the Company or who left the employment of the Company and its Affiliates coincident with, or within one year prior to or after, the termination of Executive’s employment with the Company;

provided that nothing herein will prohibit Executive from hiring any person who held the position of manager or any lower position at the time of such person’s termination of employment with the Company and its Affiliates or a person with whom Executive has not otherwise initiated contact and who responds to a general solicitation published in a journal, newspaper, website or other publication of general circulation and not specifically directed toward such person.

(e) It is expressly understood and agreed that although Executive and the Company consider the restrictions contained in this Section 7 to be reasonable, if a final judicial determination is made by a court of competent jurisdiction that the time or territory or any other restriction contained in this Agreement is an unenforceable restriction against Executive, the provisions of this Agreement shall not be rendered void but shall be deemed amended to apply as to such maximum time and territory and to such maximum extent as such court may judicially determine or indicate to be enforceable. Alternatively, if any court of competent jurisdiction finds that any restriction contained in this Agreement is unenforceable, and such restriction cannot be amended so as to make it enforceable, such finding shall not affect the enforceability of any of the other restrictions contained herein.

(a) Confidentiality.

(i) Executive will not at any time (whether during or after Executive’s employment with the Company, its subsidiaries or any of its Affiliates) (x) retain or use for the benefit, purposes or account of Executive or any other Person (other than the Company or any of its subsidiaries or Affiliates); or (y) disclose, divulge, reveal, communicate, share, transfer or provide access to any Person outside the Company, Parent, Global Holdings or their Affiliates (other than its professional advisers who are bound by confidentiality obligations), any non-public, proprietary or confidential information — including, but not limited to, trade secrets, know-how, research and development, software, databases, inventions, processes, formulae, technology, designs and other intellectual property, information concerning finances, investments, profits, pricing, costs, products, services, vendors, customers, clients, partners, investors, personnel, compensation, recruiting, training, advertising, sales, marketing, promotions, government and regulatory activities and approvals — concerning the past, current or future business, activities and operations of the Company, its subsidiaries or any of its Affiliates and/or any third party that has disclosed or provided any of the same to the Company or any of its subsidiaries or Affiliates on a confidential basis (“Confidential Information”) without the prior written authorization of the Board. Notwithstanding anything in this Agreement to the contrary, nothing in this Agreement prohibits Executive from reporting possible violations of federal law or regulation to any governmental agency or entity.
(ii) “Confidential Information” shall not include any information that is (a) generally known to the industry or the public other than as a result of Executive’s breach of this covenant or any breach of other confidentiality obligations by third parties; (b) received by Executive in good faith from a third party (which is unaffiliated with the Company, its subsidiaries and its Affiliates) who had received such information without breach of any confidentiality obligation; or (c) required by law or legal process to be disclosed; provided that Executive shall use Executive’s best efforts to give prompt written notice to the Company of such requirement, disclose no more information than is so required, and cooperate with any attempts by the Company to obtain a protective order or similar treatment.

(iii) Except as required by law, Executive will not disclose to anyone, other than Executive’s immediate family and legal or financial advisors (and other than through the disclosure of basic personal financial or compensation information for personal reasons), the existence or contents of this Agreement; provided that Executive may disclose to any prospective future employer the provisions of Sections 7 and 8 of this Agreement provided they agree to maintain the confidentiality of such terms.

(iv) Upon termination of Executive’s employment with the Company for any reason, Executive shall (x) cease and not thereafter use any Confidential Information (including, but not limited to, any patent, invention, copyright, trade secret, trademark, trade name, logo, domain name or other source indicator) owned or used by the Company, its subsidiaries or Affiliates; (y) immediately destroy, delete, or return to the Company, at the Company’s option, all originals and copies in any form or medium (including memoranda, books, papers, plans, computer files, electronic files, letters and other data) in Executive’s possession or control (including any of the foregoing stored or located in Executive’s office, home, cloud, laptop or other computer or device, whether or not Company property) that contain Confidential Information or otherwise relate to the business of the Company, its Affiliates and subsidiaries, except that Executive may retain only those portions of any personal notes, notebooks and diaries that do not contain any Confidential Information; and (z) notify and fully cooperate with the Company regarding the delivery or destruction of any other Confidential Information of which Executive is or becomes aware.
(b) Intellectual Property.

(i) If Executive has created, invented, designed, developed, contributed to or improved any works of authorship, inventions, intellectual property, materials, documents or other work product (including, but not limited to, research, reports, software, databases, systems, applications, presentations, textual works, content, or audiovisual materials) ("Works"), either alone or with third parties, prior to or during Executive’s employment by the Company (which includes periods prior to the Employment Date and the Effective Date) or any of its Affiliates, that are relevant to or implicated by such employment ("Prior Works"), Executive hereby grants the Company a perpetual, non-exclusive, royalty-free, worldwide, assignable, sub-licensable license under all rights and intellectual property rights (including rights under patent, industrial property, copyright, trade secret, unfair competition and related laws) therein for all purposes in connection with the Company’s current and future business. Notwithstanding anything to the contrary in this Agreement, all prior licenses granted by Executive to the Company or any of its Affiliates with respect to any Works or Prior Works (whether such grant was made prior to, on or following the Effective Date) shall continue in full force and effect following the Effective Date.

(ii) If Executive creates, invents, designs, develops, contributes to or improves any Works, either alone or with third parties, at any time during Executive’s employment by the Company or any of its Affiliates and within the scope of such employment and/or with the use of any of the Company resources ("Company Works"), Executive shall promptly and fully disclose same to the Company and hereby irrevocably assigns, transfers and conveys, to the maximum extent permitted by applicable law, all rights and intellectual property rights therein (including rights under patent, industrial property, copyright, trademark, trade secret, unfair competition and related laws) to the Company to the extent ownership of any such rights does not vest originally in the Company.

(iii) With respect to all periods on and after the date of Executive’s initial employment with the Company, Executive agrees to keep and maintain adequate and current written records (in the form of notes, sketches, drawings, and any other form or media requested by the Company) of all Company Works in accordance with the applicable policies and procedures of the Company, as may be amended from time to time, provided such policies and procedures are communicated to Executive in writing in advance. The records will be available to and remain the sole property and intellectual property of the Company at all times.
Executive shall take all requested actions and execute all requested documents (including any licenses or assignments required by a government contract) at the Company’s expense (but without further remuneration) to assist the Company in validating, maintaining, protecting, enforcing, perfecting, recording, patenting or registering any of the Company’s rights in the Prior Works and Company Works. If the Company is unable for any other reason to secure Executive’s signature on any document for this purpose, then Executive hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as Executive’s agent and attorney in fact, to act for and in Executive’s behalf and stead to execute any documents and to do all other lawfully permitted acts in connection with the foregoing.

Executive shall not improperly use for the benefit of, bring to any premises of, divulge, disclose, communicate, reveal, transfer or provide access to, or share with the Company or any of its subsidiaries or Affiliates any confidential, proprietary or non-public information or intellectual property relating to a former employer or other third party without the prior written permission of such third party. Executive shall comply with all relevant policies and guidelines of the Company, including, without limitation, policies and guidelines regarding the protection of confidential information and intellectual property and potential conflicts of interest. Executive acknowledges that the Company may amend any such policies and guidelines from time to time, and that Executive remains at all times bound by their most current version.

Notwithstanding anything to the contrary in this Agreement, Sections 8(b)(i) and 8(b)(ii) shall not apply to any Works for which no equipment, supplies, facility or trade secret information of the Company or any of its Affiliates is or was used by Executive and which is or was developed entirely on Executive’s own time, unless (i) the Works relates directly to the business of the Company or any of its Affiliates, (ii) the Works relates to actual or demonstrably anticipated research or development of the Company or any of its Affiliates, or (iii) the Work results from any work performed by Executive for the Company or any of its Affiliates.

9. **Specific Performance.** Executive acknowledges and agrees that the Company’s remedies at law for a breach or threatened breach of any of the provisions of Sections 7 or 8 may be inadequate and the Company may suffer irreparable damages as a result of such breach or threatened breach. In recognition of this fact, Executive agrees that, in the event of such a breach or threatened breach, in addition to any remedies at law, the Company, may be entitled to cease making any payments or providing any benefit otherwise required by this Agreement and seek to obtain equitable relief in the form of specific performance, temporary restraining order, temporary or permanent injunction or any other equitable remedy which may then be available.
10. **280G Cutback.** Notwithstanding any other provisions of this Agreement to the contrary, in the event that the Company determines in good faith that any payment or benefit received or to be received by Executive pursuant to this Agreement, or otherwise (all such payments and benefits, including, without limitation, salary and bonus payments, being hereinafter called the “Total Payments”) would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended (the “Code”), by reason of being considered “contingent on a change in ownership or control” of the Company within the meaning of Section 280G of the Code, then such Total Payments shall be reduced to the extent necessary so that the Total Payments will be less than three times Executive’s “base amount” (as defined in Section 280G(b)(3) of the Code), unless the amount of such reduction would equal or exceed one-hundred percent (100%) of the excise taxes that would be imposed by Section 4999 of the Code on such payments and benefits. The reduction of the Total Payments shall apply as follows, unless otherwise agreed and such agreement is in compliance with Section 409A of the Code: (i) first, any cash severance payments due under the Agreement shall be reduced, with the last such payment due first forfeited and reduced, and sequentially thereafter working from the next last payment, and (ii) second, any acceleration of vesting of any equity shall be deferred with the tranche that would vest last (without any such acceleration) first deferred. Notwithstanding the foregoing, to the extent satisfaction of the shareholder approval requirements of Section 280G(b)(5)(B) and Treasury Regulation Section 1.280G-1 Q&A7 (the “Shareholder Approval Exception”) would result in the Total Payments being excluded from tax imposed by Section 4999 of the Code, the Company hereby agrees that it will seek the necessary approval from the stockholders of the Company and take the other steps reasonably necessary, and within its control, to satisfy the requirements of the Shareholder Approval Exception.

11. **Executive’s Representations.** The Executive hereby warrants and represents to the Company that the Executive has carefully reviewed this Agreement and has consulted with such advisors as the Executive considers appropriate in connection with this Agreement, and is not subject to any covenants, agreements or restrictions arising out of the Executive’s prior employment which would be breached or violated by Executive’s execution of this Agreement or by the Executive’s performance of her duties hereunder.

12. **Miscellaneous.**

   (a) **Governing Law; Consent to Jurisdiction; Jury Trial Waiver.** This Agreement shall be governed, construed, interpreted and enforced in accordance with its express terms, and otherwise in accordance with the substantive laws of the State of New York without reference to the principles of conflicts of law of the State of New York or any other jurisdiction, and where applicable, the laws of the United States of America. Except as is otherwise specifically provided in Section 12(o), actions or proceedings relating to this Agreement (including, but not limited to, any court proceeding to obtain injunctive relief pursuant to Section 9 or to challenge or enforce an arbitrator’s award) must be brought in the courts situated in New York County, New York. Each party to this Agreement waives all right to trial by jury in any action, proceeding, claim or counterclaim.

   (b) **Entire Agreement/Amendments.** This Agreement contains the entire understanding of the parties with respect to the employment of Executive by the Company, and this Agreement shall supersede all prior agreements between Executive, Parent and the Company and any of their Affiliates with respect to any matters discussed herein. Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents. There are no restrictions, agreements, promises, warranties, covenants or undertakings between the parties with respect to the subject matter herein other than those expressly set forth herein. This Agreement may not be altered, modified, or amended except by written instrument signed by the parties hereto.
(c) **No Waiver.** The failure of a party to insist upon strict adherence to any term of this Agreement on any occasion shall not be considered a waiver of such party’s rights or deprive such party of the right thereafter to insist upon strict adherence to that term or any other term of this Agreement.

(d) **Severability.** In the event that any one or more of the provisions of this Agreement shall be or become invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions of this Agreement shall not be affected thereby.

(e) **Assignment.** This Agreement and all of Executive’s rights and duties hereunder, shall not be assignable or delegable by Executive. Any purported assignment or delegation by Executive in violation of the foregoing shall be null and void *ab initio* and of no force and effect. This Agreement may be assigned by the Company to a person or entity which is a successor in interest to substantially all of the business and operations of the Company. Upon such assignment, the rights and obligations of the Company hereunder shall become the rights and obligations of such Affiliate or successor person or entity.

(f) **Successors; Binding Agreement.** This Agreement shall inure to the benefit of and be binding upon personal or legal representatives, executors, administrators, successors, heirs, distributees, devisees and legatees.

(g) **Notice.** For the purpose of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when delivered by hand or overnight courier or three days after it has been mailed by United States registered mail, return receipt requested, postage prepaid, addressed to the respective addresses set forth below in this Agreement, or to such other address as either party may have furnished to the other in writing in accordance herewith, except that notice of change of address shall be effective only upon receipt.

(b) **Executive Representation.** Executive hereby represents to the Company and the Parent that the execution and delivery of this Agreement by Executive and the Company and the performance by Executive of Executive’s duties hereunder shall not constitute a breach of, or otherwise contravene, the terms of any employment agreement or other agreement or policy to which Executive is a party or otherwise bound.

(i) **Cooperation.** Executive shall provide Executive’s reasonable cooperation in connection with any action or proceeding (or any appeal from any action or proceeding) which relates to events occurring during Executive’s employment hereunder. The Company shall reimburse all reasonable costs and expenses of Executive as a result of such cooperation. This provision shall survive any termination of this Agreement.

(j) **Withholding Taxes.** The Company may withhold from any amounts payable under this Agreement such statutory or other deductions as may be required to be withheld pursuant to any applicable law or regulation.

(k) **Counterparts.** This Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

(l) **Compliance with IRC Section 409A.**

(i) The parties intend that this Agreement shall be interpreted and administered so that any amount or benefit payable hereunder shall be paid or provided in a manner that is either exempt from or compliant with Code Section 409A and the Treasury Regulations and Internal Revenue Service guidance promulgated thereunder (“Section 409A”) and the parties hereby agree that the amounts and benefits payable under this Agreement are either exempt from or compliant with Section 409A. The parties agree not to take any position inconsistent with the preceding sentence for any reporting purposes, whether internal or external, and to cause their affiliates, successors and assigns not to take any such inconsistent position.
(ii) Notwithstanding anything herein to the contrary, (i) if at the time of Executive’s termination of employment with the Company, Executive is a “specified employee” as defined in Section 409A and the deferral of the commencement of any payments or benefits otherwise payable hereunder or otherwise as a result of such termination of employment is necessary in order to prevent any accelerated or additional tax under Section 409A, then the Company will defer the commencement of the payment of any such payments or benefits hereunder (without any reduction in such payments or benefits ultimately paid or provided to Executive) to the extent necessary to comply with the requirements of Section 409A until the first business day that is more than six months following Executive’s termination of employment with the Company (or the date of Executive’s death or the earliest date as is permitted under Section 409A) and (ii) if any other payments of money or other benefits due to Executive hereunder could cause the application of an accelerated or additional tax under Section 409A, such payments or other benefits shall be deferred if deferral will make such payment or other benefits compliant under Section 409A, or otherwise such payment or other benefits shall be restructured, to the extent possible, in a manner, determined by the Board, that does not cause such an accelerated or additional tax. In the event that payments under this Agreement are deferred pursuant to this Section 12(l) in order to prevent any accelerated tax or additional tax under Section 409A, then such payments shall be paid at the time specified under this section 12(I) without any interest thereon. The Company shall consult with Executive in good faith regarding the implementation of this Section 12(l); provided that neither the Company nor any of its Affiliates, employees or representatives shall have any liability to Executive with respect to the imposition of any early or additional tax under Section 409A. Notwithstanding anything to the contrary herein, to the extent required by Section 409A, a termination of employment shall not be deemed to have occurred for purposes of any provision of this Agreement providing for the payment of amounts or benefits upon or following a termination of employment unless such termination is also a “Separation from Service” within the meaning of Section 409A and, for purposes of any such provision of this Agreement, references to a “resignation,” “termination,” “termination of employment” or like terms shall mean “Separation from Service.” For purposes of Section 409A, each payment made under this Agreement shall be designated as a “separate payment” within the meaning of Section 409A. Notwithstanding anything to the contrary herein, except to the extent any expense, reimbursement or in-kind benefit provided pursuant to this Agreement does not constitute a “deferral of compensation” within the meaning of Section 409A, (x) the amount of expenses eligible for reimbursement or in-kind benefits provided pursuant to this Agreement during any calendar year will not affect the amount of expenses eligible for reimbursement or in-kind benefits provided to Executive during any calendar year, (y) the reimbursements for expenses for which Executive is entitled to be reimbursed shall be made on or before the last day of the calendar year following the calendar year in which the applicable expense is incurred and (z) the right to payment or reimbursement or in-kind benefit hereunder may not be liquidated or exchanged for any other benefit.

(m) **No Mitigation.** Executive shall not be required to mitigate the amount of any payment provided for pursuant to this Agreement by seeking other employment or otherwise and the amount of any payment provided for pursuant to this Agreement shall not be reduced by any compensation earned as a result of subsequent employment of Executive following the termination of his employment hereunder.

(n) **Resignation as Member of Board.** If Executive’s employment with the Company is terminated for any reason, Executive hereby agrees to resign, as of the date of such termination and to the extent applicable, as a member of the Board (and any committees thereof), the board of directors of Global Holdings (and any committees thereof) and the board of directors or managers (and any committees thereof) of any of the Company’s Affiliates.
Arbitration. Any controversy, dispute, or claim arising out of, in connection with, or in relation to, the interpretation, performance or breach of this Agreement, other than injunctive relief under Section 9 hereof, shall be settled exclusively by arbitration conducted in New York, New York, by and in accordance with the applicable rules of the American Arbitration Association (the “Rules”). Each of the parties hereto agrees that such arbitration shall be conducted by a single arbitrator selected in accordance with the Rules; provided that such arbitrator must be experienced in deciding cases concerning the matter which is the subject of the dispute. Each of the parties hereto agrees to treat as confidential the results of any arbitration (including, but not limited to, any findings of fact and/or law made by the arbitrator) and not to disclose such results to any unauthorized person. The parties intend that this agreement to arbitrate be valid, enforceable and irrevocable. With respect to any arbitration hereunder, each party shall pay its own legal fees and expenses; provided that (i) the Company shall pay the reasonable legal fees and expenses of Executive if the arbitrator determines there was no reasonable basis for the Company’s claim or position, and (ii) Executive shall pay the reasonable legal fees and expenses of the Company if the arbitrator determines there was no reasonable basis for Executive’s claim or position; provided, further, that the parties agree to share the cost of the arbitrator’s fees in any event.

Modification. No change, modification or waiver of any provision of this Agreement shall be valid unless the same is in writing and signed by the parties hereto.

Defined Terms. For purposes of this Agreement, the following capitalized terms shall have their respective meanings set forth below:

(i) “Affiliate” shall mean with respect to any Person, any other Person that controls, is controlled by, or is under common control with such Person. The term “control,” as used in this Agreement, means the power to direct or cause the direction of the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise. “Controlled” and “controlling” have meanings correlative to the foregoing.

(ii) “Beneficial Owner” shall have the meaning given to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act (or any successor rules thereto). For the avoidance of doubt, no stockholder of Global Holdings shall be deemed to “beneficially own” any securities of Global Holdings or any of its subsidiaries held by any other holder of such securities solely by virtue of the provisions of the Partnership Agreement or any stockholders agreement of Global Holdings.

(iii) “Change in Control” shall mean the occurrence in a single transaction or in a series of related transactions, any one or more of the following events on or after the Effective Date:
(A) the sale or disposition, in one or a series of related transactions, of all or substantially all of the assets of Global Holdings and its subsidiaries, taken as a whole, to any "person" or "group" (as such terms are used for purposes of Sections 13(d)(3) and 14(d)(2) of the Exchange Act) other than to any of the Initial Investors or any of their respective Affiliates; or

(B) any person or group, other than any of the Initial Investors or any of their Affiliates, is or becomes the Beneficial Owner, directly or indirectly, of more than fifty percent (50%) of the total voting power of the outstanding voting stock of Holdings, including by way of merger, consolidation or otherwise.

Notwithstanding the foregoing, a transaction or series of related transactions shall not constitute a Change in Control, unless such transaction or series of transactions also constitutes a change in ownership of the Company or Global Holdings within the meaning of Treasury Regulation Section 1.409A-3(i)(5)(v) or a change in the ownership of a substantial portion of the Company’s or Global Holdings’ assets within the meaning of Treasury Regulation Section 1.409A-3(i)(5)(vii).

(iv) "Exchange Act" shall mean the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder, as each may be amended from time to time.

(v) "Initial Investors" shall mean the Initial Rollover Partners and their respective Affiliates.

THIS EMPLOYMENT AGREEMENT (the “Agreement”), dated as of June 1, 2016 (the “Effective Date”), is made by and between Getty Images (Seattle) Inc., a Washington corporation (the “Company”), and Nate Gandert (“Executive”).

WHEREAS, as of the Employment Date (as defined below) Executive will serve as the SVP, Chief Technology Officer of the Company and of Getty Images (Seattle), Inc. (“Getty Inc.”); and

WHEREAS, in connection with the foregoing, the Company and Executive desire to memorialize the terms of Executive’s employment relationship with the Company on the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants and promises contained herein, and for other good and valuable consideration, the Company and Executive hereby agree as follows:

1. Term of Employment.
   (a) Term of Employment. Subject to the provisions of Section 6 of this Agreement, Executive shall be employed by the Company for the period commencing on June 1, 2016 (the “Employment Date”) and ending on December 31 2019 (such period, the “Employment Term”) and on the terms and conditions set forth herein; provided, however, that commencing on December 31, 2019 and on each annual anniversary thereafter (each an “Extension Date”), the Employment Term shall be automatically extended for an additional one-year period, unless either the Company or Executive provides the other party hereto three (3) months’ prior written notice before the next Extension Date that the Employment Term shall not be so extended; provided, further, that any such notice of non-renewal shall be given in accordance with Section 12(g) of this Agreement.

2. Position and Duties.
   (a) Position. During the Employment Term, Executive shall serve as SVP, Chief Technology Officer, of the Company and of Getty Inc. In such position, Executive shall report directly or indirectly to Chief Executive Officer. Executive shall have such duties and authority as shall be determined from time to time by Chief Executive Officer commensurate with Executive’s position.

   (b) Duties. During the Employment Term, Executive shall devote Executive’s full business time and attention to the performance of Executive’s duties hereunder and shall not engage in any other business, profession or occupation for compensation or otherwise which would conflict or interfere with the rendition of such services either directly or indirectly, without the prior written consent of the Board; provided that nothing herein shall preclude Executive from serving on any board of directors or trustees of any non-profit or charitable organization; provided, further, that, in each case, and in the aggregate, such activities shall not materially conflict or materially interfere with the performance of Executive's duties hereunder or conflict with Sections 7 or 8 hereof.
3. **Salary and Annual Bonus.**

(a) **Base Salary.** During the Employment Term, the Company shall pay Executive a base salary at the annual rate of $350,000.00 payable in regular installments in accordance with the Company’s usual payroll practices. The Board shall review Executive’s base salary at least once per annum, and Executive’s annual base salary, as in effect from time to time, shall hereinafter be referred to as the "Base Salary".

(b) **Annual Bonus.** During the Employment Term, Executive shall be eligible to earn an annual cash bonus award (the “Annual Bonus”) in respect of each full fiscal year of the Company for which he is employed, in a target amount equal to fifty percent (50%) of Executive’s Base Salary for such fiscal year (the “Target Bonus”), based upon the achievement of the performance goals established by the Compensation Committee of the Board (the “Compensation Committee”), or, if no such committee exists, the Board, within the first three (3) months of each fiscal year during the Employment Term. The Annual Bonus, if any, shall be paid to Executive in the calendar year following the year in which the bonus was earned and after the completion of the consolidated financial audit of Getty Inc. and its Affiliates, as applicable, for the applicable year, but in no event later than March 15 of the year following the year in which the bonus was earned.

4. **Equity Participation.**

(a) Executive’s equity participation in Griffey Investors, L.P. (“Parent”), Griffey Global Holdings, Inc., a Delaware corporation (“Global Holdings”), the Company and any of their respective Affiliates shall be documented, as applicable, pursuant to the Amended and Restated Limited Partnership Agreement of Parent, as it may be amended from time to time (the “Partnership Agreement”), the Griffey Global Holdings, Inc. 2012 Stock Incentive Plan (the “Equity Plan”), award agreements issued in respect of such entity or otherwise, and any contribution or subscription agreements relating to the equity of Parent, Global Holdings, the Company or any of their respective Affiliates, each as executed, to the extent applicable, by Parent, Global Holdings, the Company, any of their respective Affiliates, Executive and the other “Partners” (as defined in the Partnership Agreement) (collectively, the “Equity Documents”). The Company and Executive each acknowledges that the terms and conditions of the aforementioned Equity Documents govern Executive’s acquisition, holding, sale or other disposition of Executive’s equity in Parent, Global Holdings, the Company or any of their respective Affiliates, and all of Executive’s rights with respect thereto.

(b) Within six (6) months following the Effective Date, Global Holdings shall grant to Executive options (the “Options”) to purchase [●] shares of Global Holdings common stock, par value $0.01 (“Common Stock”), at an exercise price equal to the fair market value of the Common Stock on the date of the grant, which shall vest 20% on the first anniversary of the date of grant and the remaining 80% in equal quarterly installments over the following 4 years, subject to the Executive’s continued employment through each applicable vesting date. The Options shall be granted under the 2012 Griffey Investors, L.P. and Griffey Global Holdings, Inc. Equity Incentive Plan, as amended (the “Option Plan”) and subject to the terms and conditions of (i) the Option Plan, (ii) the option agreements entered into between Executive and Global Holdings on or about the date of the grant (the “Option Agreements”) pursuant to the Option Plan and (iii) the Griffey Global Holdings Inc. Stockholders Agreement, dated as of December 18, 2012, among Global Holdings and its stockholders (as amended from time to time, the "Stockholders Agreement").
5. **Employee Benefits.**

   (a) **General.** During the Employment Term, Executive shall be entitled to participate in or be eligible to receive benefits under the Company’s employee benefit plans and payroll practices, as in effect from time to time, including, but not limited to, any medical and dental insurance, life insurance or short-term or long-term disability or death benefit plans or other fringe benefits (collectively, “Employee Benefits”), on a no less favorable basis as those benefits are generally made available to other senior executives of the Company.

   (b) **Vacation.** During the Employment Term, Executive shall be provided with a maximum of twenty-seven (27) days of paid vacation or, if applicable, paid time off per annum in addition to any public holidays to which the Executive is entitled in the country in which Executive performs duties. Such vacation or paid time off shall be taken in accordance with the Company’s vacation or paid time off policy, as applicable, which may be amended by the Company, in its sole discretion, from time to time.

   (c) **Expense Reimbursement.** The Company shall reimburse Executive for the reasonable business expenses incurred by Executive in the performance of Executive’s duties hereunder; provided that such expenses are incurred and accounted for in accordance with the Company’s policies and procedures.

6. **Termination of Employment.** The Employment Term and Executive’s employment hereunder may be terminated by either party at any time and for any reason; provided, that Executive will be required to give the Company at least three (3) months’ advance written notice of any resignation of employment by Executive and that the Company will be required to give Executive at least three (3) months’ advance written notice of a termination by the Company without Cause (as defined in Section 6(a)(i) below) (the “Notice Period”); provided, further, that during the Notice Period, (a) the Company may, in its sole discretion, elect to suspend Executive from performing any further services for the Company, and/or exclude Executive from Company premises, electronic mail, computer hardware or software, or similar information or resources, (b) Executive may not (i) undertake any other paid or unpaid work for any other company, entity or person, or (ii) contact any clients, customers, or vendors (unless otherwise agreed by the Company), (c) Executive shall continue to owe all the duties of his employment (whether express or implied) and (d) Executive shall continue to receive payments of Base Salary and participate in the Employee Benefits. Notwithstanding any other provision of this Agreement, the provisions of this Section 6 shall exclusively govern Executive’s rights upon termination of employment with the Company and its Affiliates; provided that Executive’s rights with respect to Executive’s equity participation in Parent, Global Holdings, the Company and any of their respective Affiliates shall be governed solely by the Equity Documents, and Executive’s rights with respect to Employee Benefits shall be governed by the documents governing such Employee Benefits. Upon termination of Executive’s employment for any reason, Executive agrees to resign, as of the date of such termination and to the extent applicable, from all positions with Parent, Global Holdings, the Company or any of their respective Affiliates.
(a) For Cause by the Company or for Any Reason Other than Good Reason by Executive. The Employment Term and Executive’s employment may be terminated by the Company for Cause or by Executive’s resignation without Good Reason.

(i) For purposes of this Agreement, “Cause” shall mean the occurrence of any of the following:

(A) Executive’s willful, material or persistently repeated nonperformance and continued failure (other than by reason of incapacity due to physical or mental illness) to perform the duties of Executive’s employment after notice from the Company of such failure and Executive’s inability or unwillingness to correct such failure within ten (10) days of receiving notice of such failure;

(B) Executive’s indictment for a felony offense or Executive’s plea of no contest to a crime involving fraud or moral turpitude;

(C) perpetration by Executive of fraud against the Company or any of its Affiliates or the giving, offering, promising or accepting a bribe, or any willful misconduct that brings the reputation of the Company or any of its Affiliates into serious disrepute or causes Executive to cease to be able to perform Executive’s duties;

(D) Executive’s material violation of a material written policy, written program or written code of the Company;

(E) Executive’s commission of a material act of dishonesty against the Company or any of its Affiliates; or

(F) Executive’s material breach of a material term of this Agreement.

(ii) For purposes of this Agreement, “Good Reason” means the occurrence of any of the following after the Effective Date:

(A) an adverse and material change in Executive’s duties;

(B) a material breach by the Company of this Agreement;

(C) a material reduction in Executive’s (x) Base Salary (without Executive’s written consent), or (y) Annual Bonus opportunity (as contemplated by Section 3(b) of this Agreement) or the failure of the Company to pay Executive any material amount of compensation under this Agreement when due hereunder; or
(D) a material relocation of Executive’s principal place of business by at least thirty-five (35) miles without Executive’s prior written consent; provided that the occurrence of any of the foregoing events in (A), (B), (C) or (D) shall constitute Good Reason only if the Company fails to cure such event within ninety (90) days after receipt from Executive of written notice of such occurrence; provided, further, that Good Reason shall cease to exist thirty (30) days after the later of its occurrence or Executive’s knowledge thereof, unless Executive has given the Company written notice thereof prior to such date.

(iii) If Executive’s employment is terminated by the Company for Cause, or if Executive resigns without Good Reason, Executive shall be entitled to receive:

(A) the Base Salary through the date of termination, payable on the normal payroll date for such Base Salary;

(B) any Annual Bonus earned, but unpaid, as of the date of termination for the immediately preceding fiscal year in accordance with Section 3 of this Agreement, paid at the time set forth in Section 3;

(C) reimbursement for any unreimbursed business expenses that have been properly incurred by Executive prior to the date of Executive’s termination and that are or have been submitted in accordance with the applicable Company policy, which reimbursement shall be paid promptly and in any event within sixty (60) days after submission in accordance with Company policy; provided that Executive shall submit all outstanding unreimbursed business expenses no later than forty-five (45) days following the date of termination; and

(D) such Employee Benefits, if any, as to which Executive may be entitled under the employee benefit plans of the Company at the time or times provided therein, which shall not include payment for any unused vacation or paid time off, as applicable, unless required by applicable law (the amounts described in clauses (A) through (D) hereof, payable at the times provided herein, being referred to as the “Accrued Rights”).

(iv) Following termination of Executive’s employment by the Company for Cause or by Executive without Good Reason, and except as set forth in Section 6(a) (iii) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(b) Death or Disability. The Employment Term and Executive’s employment hereunder shall terminate upon Executive’s death and may be terminated by the Company as a result of Executive’s Disability.
For purposes of this Agreement, “Disability” means that Executive has become physically or mentally incapacitated and is therefore unable for a period of six (6) consecutive months or for an aggregate of nine (9) months in any twelve (12) consecutive month period to perform Executive’s duties. Any question as to the existence of the Disability of Executive as to which Executive and the Company cannot agree shall be determined in writing by a qualified independent physician mutually acceptable to Executive and the Company. All costs associated with the determination by the qualified independent physician shall be paid by the Company. If Executive and the Company cannot agree as to a qualified independent physician, each shall appoint such a physician and those two physicians shall select a third who shall make such determination in writing. To the extent applicable, all costs associated with the appointment and determination by the third physician shall be paid by the Company. The determination of Disability shall be made in writing to the Company and Executive and shall be final and conclusive for all purposes of this Agreement.

If, during the Employment Term, Executive’s employment is terminated by the Company as a result of Executive’s Disability or due to Executive’s death, Executive shall be entitled to receive from the Company the Accrued Rights. In addition, Executive’s estate shall benefit from a term life insurance policy provided by the Company and intended to provide payment of a death benefit equal to the Base Severance (as defined in Section 6(c)(ii) below).

Following termination of Executive’s employment by the Company as a result of Executive’s Disability or due to Executive’s death, and except as set forth in Section 6(b)(ii) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(c) Without Cause by the Company or for Good Reason by Executive. The Employment Term and Executive’s employment may be terminated by the Company without Cause or by Executive’s resignation for Good Reason.

(i) If, during the Employment Term, Executive’s employment is terminated by the Company without Cause or by Executive for Good Reason, Executive shall be entitled to receive, in addition to the Accrued Rights:

(A) subject to Executive’s continued compliance with the provisions of Sections 7 and 8 of this Agreement, and subject to Executive’s execution and non-revocation of a release substantially in the form attached hereto as Exhibit A (the “Release”), which shall be delivered to Executive within ten (10) days following the termination of Executive’s employment and which must become effective and irrevocable within sixty (60) days of Executive’s date of termination (the “Release Period”),
(1) equal, or substantially equal, payments totaling in the aggregate sum of (x) one-hundred fifty percent (150%) of Base Salary, and (y) one-hundred fifty percent (150%) of the Target Bonus in respect of the fiscal year of termination which shall be payable in accordance with the Company’s normal payroll practices over the eighteen (18) month period commencing on the date of termination (the “Base Severance”); provided that the first payment shall be made on the first payroll date that occurs following the date on which the Release becomes irrevocable (the “Release Effective Date”), and shall include any amounts that would have otherwise been due prior to such first payment date; and

(2) continued coverage under the Company’s group health and welfare plans for a period of eighteen (18) months following the date of termination on the same basis (including payment of premiums) as provided by the Company to senior-level executives; provided, that, (i) if and to the extent that any benefit described in this Section 6(c)(i)(A)(2) is not or cannot be paid or provided under any Company plan or program without adverse tax consequences to Executive or the Company or for any other reason, then the Company shall pay Executive a monthly payment in an amount equal to the Company’s cost of providing such benefit and (ii) such benefits or payments shall be discontinued in the event Executive becomes eligible for similar benefits from a successor employer (and Executive’s eligibility for any such benefits shall be reported by Executive to the Company) (the “Continued Health Benefits”).

Notwithstanding the foregoing, if the Release Period spans two (2) calendar years, then the first installment of the Base Severance will commence on the first regularly scheduled payment date that occurs in the second calendar year, with any amounts otherwise payable prior to such regularly scheduled payment date being paid instead on such payment date.

Furthermore, notwithstanding the foregoing, if the termination of Executive’s employment occurs within one (1) year following a Change in Control (as defined in Section 12(q) hereof), and such termination is either by the Company without Cause or by Executive for Good Reason, then, subject to the immediately preceding sentence, the Base Severance shall be paid in one lump sum payment on the first payroll date that occurs following the Release Effective Date (instead of in installments over the eighteen (18) month period following the date of termination of Executive’s employment).

(ii) Following termination of Executive’s employment by the Company without Cause or by Executive for Good Reason, and except as set forth in Section 6(c)(i) directly above, Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.
(d) **Expiration of Employment Term.**

(i) **Executive’s Election Not to Extend the Employment Term.** In the event Executive elects not to extend the Employment Term pursuant to Section 1(b) hereof, unless Executive’s employment is earlier terminated pursuant to paragraphs (a), (b), (c) or (d)(ii) of this Section 6, Executive’s termination of employment hereunder shall be deemed to occur on the close of business on the day immediately preceding the next scheduled Extension Date and Executive shall be entitled to receive the Accrued Rights (payable at the times specified in Section 6(a)(iii)). Following such termination of Executive’s employment hereunder as a result of Executive’s election not to extend the Employment Term, except as set forth in this Section 6(d)(i), Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(ii) **Company’s Election Not to Extend the Employment Term.** In the event the Company elects not to extend the Employment Term pursuant to Section 1(b) hereof, unless Executive’s employment is earlier terminated pursuant to paragraphs (a), (b), (c) or (d)(i) of this Section 6, Executive’s termination of employment hereunder shall occur on the close of business on the day immediately preceding the next scheduled Extension Date (or such later date on which Executive’s employment is terminated) and Executive shall be entitled to receive:

- (A) the Accrued Rights; and

- (B) subject to Executive’s continued compliance with the provisions of Sections 7 and 8 of this Agreement, and subject to Executive’s execution and non-revocation of the Release which shall be delivered to Executive within ten (10) days following the termination of Executive’s employment and which must become effective and irrevocable within the Release Period, (1) the Continued Health Benefits and (2) equal, or substantially equal, payments totaling, in the aggregate, the Base Severance, which shall be payable in accordance with the Company’s normal payroll practices over the eighteen (18) month period commencing on the date of Executive’s termination of employment; provided that the first payment shall be made on the payroll date that occurs following the Release Effective Date, and shall include any amounts that would have otherwise been due prior to such first payment date. Notwithstanding the foregoing, if the Release Period spans two (2) calendar years, then the first installment of the Base Severance will commence on the first regularly scheduled payment date that occurs in the second calendar year, with any amounts otherwise payable prior to such regularly scheduled payment date being paid instead on such payment date and all other payments to be made as if no such delay had occurred. Furthermore, notwithstanding the foregoing, if Executive’s termination of employment occurs within one (1) year following a Change in Control, then, subject to the immediately preceding sentence, the Base Severance shall be paid in one lump sum payment on the first payroll date that occurs following the Release Effective Date (instead of in installments over the eighteen (18) month period following the date of Executive’s termination of employment).
Following such termination of employment hereunder as a result of the Company’s election not to extend the Employment Term, except as set forth in this Section 6(d)(ii), Executive shall have no further rights to any compensation or any other benefits under this Agreement; provided that Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents.

(e) Notice of Termination. Any purported termination of Executive’s employment by the Company or by Executive shall be communicated by written “Notice of Termination” to the other party hereto in accordance with Section 12(g) hereof. For purposes of this Agreement, “Notice of Termination” shall mean a notice that shall indicate the specific termination provision in this Agreement relied upon and shall set forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of Executive’s employment under the provision so indicated.

7. Protection of Goodwill. Executive acknowledges and recognizes the highly competitive nature of the businesses of the Company and its Affiliates, Executive’s unique access to strategic information and sensitive Confidential Information (as defined in Section 8(a)(ii) below) and the significance of the privileges and benefits conferred under this Agreement, and accordingly, agrees as follows:

(a) During Executive’s employment and for a period of eighteen (18) months following termination of Executive’s employment for any reason (the “Restricted Period”), Executive will not, whether on Executive’s own behalf or on behalf of or in conjunction with any person, firm, partnership, joint venture, association, corporation or other business organization, entity or enterprise whatsoever (“Person”), directly or indirectly solicit or assist in soliciting in competition with the Company or any of its Affiliates, the business of any current or actively being pursued prospective customer, client, content provider, image partner, distributor, supplier, partner, member or investor:

(i) with whom Executive had personal contact or dealings on behalf of the Company or any of its Affiliates during the one-year period preceding Executive’s termination of employment; or

(ii) with whom key employees reporting directly or indirectly to Executive have had personal contact or dealings on behalf of the Company or any of its Affiliates during the one-year period immediately preceding Executive’s termination of employment.
(b) During the Restricted Period, for the protection of the Company’s Confidential Information and goodwill, Executive will not directly or indirectly:

(i) carry on or participate in any business that competes with the business of the Company or any of its Affiliates and is listed as a Key Competitor on Exhibit B hereto, as such exhibit may be amended or supplemented from time to time by the Board in its reasonable discretion and with written notice to Executive prior to termination or resignation of Executive’s employment (a “Competitive Business”); it being acknowledged and agreed by Executive that (i) each of the entities set forth on Exhibit B hereto (as amended from time to time as set forth above) is a Competitive Business and (ii) Key Competitors will include any businesses in direct competition with any of the Company’s new business lines and products that generated revenues of not less than 5% of the Company’s consolidated revenues during the fiscal quarter or year ended immediately prior to the date the Board determines to amend or supplement Exhibit B and are listed as Key Competitors on Exhibit B (as amended from time to time as set forth above);

(ii) enter the employ of, or render any services to, any Person (or any division or controlled or controlling Affiliate of any Person) who or which engages in a Competitive Business;

(iii) acquire a financial interest in (excluding non-voting debt interests that are not convertible into equity interests), or otherwise become actively involved with, any Competitive Business, directly or indirectly, as an individual, partner, shareholder, officer, director, principal, agent, trustee or consultant; or

(iv) interfere with, or attempt to interfere with, business relationships (whether formed before, on or after the date of this Agreement) between the Company or any of its Affiliates or their respective agents and any current or actively being pursued prospective customer, client, content provider, image partner, distributor, supplier, partner, member or investor of the Company or any of its Affiliates.

Notwithstanding anything to the contrary in this Agreement, Executive may, directly or indirectly own, solely as an investment, equity securities of any Person engaged in a Competitive Business, which are publicly traded on a national or regional stock exchange or on the over-the-counter market if Executive (i) is not a controlling Person of, or a member of a group which controls, such Person and

(v) does not, directly or indirectly, own five percent (5%) or more of any class of equity securities of such Person.

(c) During the Restricted Period, Executive will not, whether on Executive’s own behalf or on behalf of or in conjunction with any Person, directly or indirectly:

(i) solicit or encourage any then-current employee of the Company or any of its Affiliates to leave the employment of the Company or any of its Affiliates; or

(ii) solicit or encourage to cease to work with the Company or any of its Affiliates any independent contractor, consultant or partner then under contract with the Company or any of its Affiliates; or
(iii) hire any employee who was employed by the Company or any of its Affiliates as of the date of Executive’s termination of employment with the Company or who left the employment of the Company and its Affiliates coincident with, or within one year prior to or after, the termination of Executive’s employment with the Company; provided that nothing herein will prohibit Executive from hiring any person who held the position of manager or any lower position at the time of such person’s termination of employment with the Company and its Affiliates or a person with whom Executive has not otherwise initiated contact and who responds to a general solicitation published in a journal, newspaper, website or other publication of general circulation and not specifically directed toward such person.

(d) It is expressly understood and agreed that although Executive and the Company consider the restrictions contained in this Section 7 to be reasonable, if a final judicial determination is made by a court of competent jurisdiction that the time or territory or any other restriction contained in this Agreement is an unenforceable restriction against Executive, the provisions of this Agreement shall not be rendered void but shall be deemed amended to apply as to such maximum time and territory and to such maximum extent as such court may judicially determine or indicate to be enforceable. Alternatively, if any court of competent jurisdiction finds that any restriction contained in this Agreement is unenforceable, and such restriction cannot be amended so as to make it enforceable, such finding shall not affect the enforceability of any of the other restrictions contained herein.

(a) Confidentiality.

(i) Executive will not at any time (whether during or after Executive’s employment with the Company, its subsidiaries or any of its Affiliates) (x) retain or use for the benefit, purposes or account of Executive or any other Person (other than the Company or any of its subsidiaries or Affiliates); or (y) disclose, divulge, reveal, communicate, share, transfer or provide access to any Person outside the Company, Parent, Global Holdings or their Affiliates (other than its professional advisers who are bound by confidentiality obligations), any non-public, proprietary or confidential information — including, but not limited to, trade secrets, know-how, research and development, software, databases, inventions, processes, formulae, technology, design and other intellectual property, information concerning finances, investments, profits, pricing, costs, products, services, vendors, customers, clients, partners, investors, personnel, compensation, recruiting, training, advertising, sales, marketing, promotions, government and regulatory activities and approvals — concerning the past, current or future business, activities and operations of the Company, its subsidiaries or any of its Affiliates and/or any third party that has disclosed or provided any of the same to the Company or any of its subsidiaries of Affiliates on a confidential basis ("Confidential Information") without the prior written authorization of the Board. Notwithstanding anything in this Agreement to the contrary, nothing in this Agreement prohibits Executive from reporting possible violations of federal law or regulation to any governmental agency or entity.
(ii) "Confidential Information" shall not include any information that is (a) generally known to the industry or the public other than as a result of Executive's breach of this covenant or any breach of other confidentiality obligations by third parties; (b) received by Executive in good faith from a third party (which is unaffiliated with the Company, its subsidiaries and its Affiliates) who had received such information without breach of any confidentiality obligation; or (c) required by law or legal process to be disclosed; provided that Executive shall use Executive's best efforts to give prompt written notice to the Company of such requirement, disclose no more information than is so required, and cooperate with any attempts by the Company to obtain a protective order or similar treatment.

(iii) Except as required by law, Executive will not disclose to anyone, other than Executive's immediate family and legal or financial advisors (and other than through the disclosure of basic personal financial or compensation information for personal reasons), the existence or contents of this Agreement; provided that Executive may disclose to any prospective future employer the provisions of Sections 7 and 8 of this Agreement provided they agree to maintain the confidentiality of such terms.

(iv) Upon termination of Executive's employment with the Company for any reason, Executive shall (x) cease and not thereafter use any Confidential Information (including, but not limited to, any patent, invention, copyright, trade secret, trademark, trade name, logo, domain name or other source indicator) owned or used by the Company, its subsidiaries or Affiliates; (y) immediately destroy, delete, or return to the Company, at the Company's option, all originals and copies in any form or medium (including memoranda, books, papers, plans, computer files, electronic files, letters and other data) in Executive's possession or control (including any of the foregoing stored or located in Executive's office, home, cloud, laptop or other computer or device, whether or not Company property) that contain Confidential Information or otherwise relate to the business of the Company, its Affiliates and subsidiaries, except that Executive may retain only those portions of any personal notes, notebooks and diaries that do not contain any Confidential Information; and (z) notify and fully cooperate with the Company regarding the delivery or destruction of any other Confidential Information of which Executive is or becomes aware.

(b) **Intellectual Property.**

(i) If Executive has created, invented, designed, developed, contributed to or improved any works of authorship, inventions, intellectual property, materials, documents or other work product (including, but not limited to, research, reports, software, databases, systems, applications, presentations, textual works, content, or audiovisual materials) ("Works"), either alone or with third parties, prior to or during Executive's employment by the Company (which includes periods prior to the Employment Date and the Effective Date) or any of its Affiliates, that are relevant to or implicated by such employment ("Prior Works"), Executive hereby grants the Company a perpetual, non-exclusive, royalty-free, worldwide, assignable, sublicensable license under all rights and intellectual property rights (including rights under patent, industrial property, copyright, trademark, trade secret, unfair competition and related laws) therein for all purposes in connection with the Company's current and future business. Notwithstanding anything to the contrary in this Agreement, all prior licenses granted by Executive to the Company or any of its Affiliates with respect to any Works or Prior Works (whether such grant was made prior to, on or following the Effective Date) shall continue in full force and effect following the Effective Date.
(ii) If Executive creates, invents, designs, develops, contributes to or improves any Works, either alone or with third parties, at any time during Executive’s employment by the Company or any of its Affiliates and within the scope of such employment and/or with the use of any of the Company resources (“Company Works”), Executive shall promptly and fully disclose same to the Company and hereby irrevocably assigns, transfers and conveys, to the maximum extent permitted by applicable law, all rights and intellectual property rights therein (including rights under patent, industrial property, copyright, trademark, trade secret, unfair competition and related laws) to the Company to the extent ownership of any such rights does not vest originally in the Company.

(iii) With respect to all periods on and after the date of Executive’s initial employment with the Company, Executive agrees to keep and maintain adequate and current written records (in the form of notes, sketches, drawings, and any other form or media requested by the Company) of all Company Works in accordance with the applicable policies and procedures of the Company, as may be amended from time to time, provided such policies and procedures are communicated to Executive in writing in advance. The records will be available to and remain the sole property and intellectual property of the Company at all times.

(iv) Executive shall take all requested actions and execute all requested documents (including any licenses or assignments required by a government contract) at the Company’s expense (but without further remuneration) to assist the Company in validating, maintaining, protecting, enforcing, perfecting, recording, patenting or registering any of the Company’s rights in the Prior Works and Company Works. If the Company is unable for any other reason to secure Executive’s signature on any document for this purpose, then Executive hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as Executive’s agent and attorney in fact, to act for and in Executive’s behalf and stand to execute any documents and to do all other lawfully permitted acts in connection with the foregoing.

(v) Executive shall not improperly use for the benefit of, bring to any premises of, divulge, disclose, communicate, reveal, transfer or provide access to, or share with the Company or any of its subsidiaries or Affiliates any confidential, proprietary or non-public information or intellectual property relating to a former employer or other third party without the prior written permission of such third party. Executive shall comply with all relevant policies and guidelines of the Company, including, without limitation, policies and guidelines regarding the protection of confidential information and intellectual property and potential conflicts of interest. Executive acknowledges that the Company may amend any such policies and guidelines from time to time, and that Executive remains at all times bound by their most current version.
(vi) Notwithstanding anything to the contrary in this Agreement, Sections 8(b)(i) and 8(b)(ii) shall not apply to any Works for which no equipment, supplies, facility or trade secret information of the Company or any of its Affiliates is or was used by Executive and which is or was developed entirely on Executive's own time, unless (i) the Works relates directly to the business of the Company or any of its Affiliates, (ii) the Works relates to actual or demonstrably anticipated research or development of the Company or any of its Affiliates, or (iii) the Work results from any work performed by Executive for the Company or any of its Affiliates.

9. Specific Performance. Executive acknowledges and agrees that the Company's remedies at law for a breach or threatened breach of any of the provisions of Sections 7 or 8 would be inadequate and the Company would suffer irreparable damages as a result of such breach or threatened breach. In recognition of this fact, Executive agrees that, in the event of such a breach or threatened breach, in addition to any remedies at law, the Company, without posting any bond, shall be entitled to cease making any payments or providing any benefit otherwise required by this Agreement and obtain equitable relief in the form of specific performance, temporary restraining order, temporary or permanent injunction or any other equitable remedy which may then be available.

10. 280G Cutback. Notwithstanding any other provisions of this Agreement to the contrary, in the event that the Company determines in good faith that any payment or benefit received or to be received by Executive pursuant to this Agreement, or otherwise (all such payments and benefits, including, without limitation, salary and bonus payments, being hereinafter called the "Total Payments") would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended (the "Code"), by reason of being considered "contingent on a change in ownership or control" of the Company within the meaning of Section 280G of the Code, then such Total Payments shall be reduced to the extent necessary so that the Total Payments will be less than three times Executive's "base amount" (as defined in Section 280G(b)(3) of the Code), unless the amount of such reduction would equal or exceed one-hundred percent (100%) of the excise taxes that would be imposed by Section 4999 of the Code on such payments and benefits. The reduction of the Total Payments shall apply as follows, unless otherwise agreed and such agreement is in compliance with Section 409A of the Code: (i) first, any cash severance payments due under the Agreement shall be reduced, with the last such payment due first forfeited and reduced, and sequentially thereafter working from the next last payment, and (ii) second, any acceleration of vesting of any equity shall be deferred with the tranche that would vest last (without any such acceleration) first deferred. Notwithstanding the foregoing, to the extent satisfaction of the shareholder approval requirements of Section 280G(b)(5)(B) and Treasury Regulation Section 1.280G-1 Q&A7 (the "Shareholder Approval Exception") would result in the Total Payments being excluded from tax imposed by Section 4999 of the Code, the Company hereby agrees that it will seek the necessary approval from the stockholders of the Company and take the other steps reasonably necessary, and within its control, to satisfy the requirements of the Shareholder Approval Exception.

11. Executive's Representations. The Executive hereby warrants and represents to the Company that the Executive has carefully reviewed this Agreement and has consulted with such advisors as the Executive considers appropriate in connection with this Agreement, and is not subject to any covenants, agreements or restrictions arising out of the Executive's prior employment which would be breached or violated by Executive's execution of this Agreement or by the Executive's performance of his duties hereunder.
12. **Miscellaneous.**

(a) **Governing Law; Consent to Jurisdiction; Jury Trial Waiver.** This Agreement shall be governed, construed, interpreted and enforced in accordance with its express terms, and otherwise in accordance with the substantive laws of the State of Washington without reference to the principles of conflicts of law of the State of Washington or any other jurisdiction, and where applicable, the laws of the United States. Except as is otherwise specifically provided in Section 12(o), actions or proceedings relating to this Agreement (including, but not limited to, any court proceeding to obtain injunctive relief pursuant to Section 9 or to challenge or enforce an arbitrator’s award) must be brought in the courts situated in King County, Washington. Each party to this Agreement waives all right to trial by jury in any action, proceeding, claim or counterclaim.

(b) **Entire Agreement/Amendments.** This Agreement contains the entire understanding of the parties with respect to the employment of Executive by the Company, and this Agreement shall supersede all prior agreements between Executive, Parent and the Company and any of their Affiliates with respect to any matters discussed herein. Executive’s rights with respect to Executive’s equity participation with Parent, Global Holdings, the Company or any of their respective Affiliates shall be governed solely by the Equity Documents. There are no restrictions, agreements, promises, warranties, covenants or undertakings between the parties with respect to the subject matter herein other than those expressly set forth herein. This Agreement may not be altered, modified, or amended except by written instrument signed by the parties hereto.

(c) **No Waiver.** The failure of a party to insist upon strict adherence to any term of this Agreement on any occasion shall not be considered a waiver of such party’s rights or deprive such party of the right thereafter to insist upon strict adherence to that term or any other term of this Agreement.

(d) **Severability.** In the event that any one or more of the provisions of this Agreement shall be or become invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions of this Agreement shall not be affected thereby.

(e) **Assignment.** This Agreement and all of Executive’s rights and duties hereunder, shall not be assignable or delegable by Executive. Any purported assignment or delegation by Executive in violation of the foregoing shall be null and void ab initio and of no force and effect. This Agreement may be assigned by the Company to a person or entity which is a successor in interest to substantially all of the business and operations of the Company. Upon such assignment, the rights and obligations of the Company hereunder shall become the rights and obligations of such Affiliate or successor person or entity.
(f) **Successors; Binding Agreement.** This Agreement shall inure to the benefit of and be binding upon personal or legal representatives, executors, administrators, successors, heirs, distributees, devisees and legatees.

(g) **Notice.** For the purpose of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when delivered by hand or overnight courier or three days after it has been mailed by United States registered mail, return receipt requested, postage prepaid, addressed to the respective addresses set forth below in this Agreement, or to such other address as either party may have furnished to the other in writing in accordance herewith, except that notice of change of address shall be effective only upon receipt.

If to Executive:

(h) **Executive Representation.** Executive hereby represents to the Company and the Parent that the execution and delivery of this Agreement by Executive and the Company and the performance by Executive of Executive’s duties hereunder shall not constitute a breach of, or otherwise contravene, the terms of any employment agreement or other agreement or policy to which Executive is a party or otherwise bound.

(i) **Cooperation.** Executive shall provide Executive’s reasonable cooperation in connection with any action or proceeding (or any appeal from any action or proceeding) which relates to events occurring during Executive’s employment hereunder. The Company shall reimburse all reasonable costs and expenses of Executive as a result of such cooperation. This provision shall survive any termination of this Agreement.
(j) **Withholding Taxes.** The Company may withhold from any amounts payable under this Agreement such federal, state and local taxes as may be required to be withheld pursuant to any applicable law or regulation.

(k) **Counterparts.** This Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

(l) **Compliance with IRC Section 409A.**

(i) The parties intend that this Agreement shall be interpreted and administered so that any amount or benefit payable hereunder shall be paid or provided in a manner that is either exempt from or compliant with Code Section 409A and the Treasury Regulations and Internal Revenue Service guidance promulgated thereunder "(Section 409A") and the parties hereby agree that the amounts and benefits payable under this Agreement are either exempt from or compliant with Section 409A. The parties agree not to take any position inconsistent with the preceding sentence for any reporting purposes, whether internal or external, and to cause their affiliates, successors and assigns not to take any such inconsistent position.

(ii) Notwithstanding anything herein to the contrary, (i) if at the time of Executive’s termination of employment with the Company, Executive is a “specified employee” as defined in Section 409A and the deferral of the commencement of any payments or benefits otherwise payable hereunder or otherwise as a result of such termination of employment is necessary in order to prevent any accelerated or additional tax under Section 409A, then the Company will defer the commencement of the payment of any such payments or benefits hereunder (without any reduction in such payments or benefits ultimately paid or provided to Executive) to the extent necessary to comply with the requirements of Section 409A until the first business day that is more than six months following Executive’s termination of employment with the Company (or the date of Executive’s death or the earliest date as is permitted under Section 409A) and (ii) if any other payments of money or other benefits due to Executive hereunder could cause the application of an accelerated or additional tax under Section 409A, such payments or other benefits shall be deferred if deferral will make such payment or other benefits compliant under Section 409A, or otherwise such payment or other benefits shall be restructured, to the extent possible, in a manner, determined by the Board, that does not cause such an accelerated or additional tax. In the event that payments under this Agreement are deferred pursuant to this Section 12(l) in order to prevent any accelerated tax or additional tax under Section 409A, then such payments shall be paid at the time specified under this Section 12(l) without any interest thereon. The Company shall consult with Executive in good faith regarding the implementation of this Section 12(l); provided that neither the Company nor any of its Affiliates, employees or representatives shall have any liability to Executive with respect to the imposition of any early or additional tax under Section 409A. Notwithstanding anything to the contrary herein, to the extent required by Section 409A, a termination of employment shall not be deemed to have occurred for purposes of any provision of this Agreement providing for the payment of amounts or benefits upon or following a termination of employment unless such termination is also a “Separation from Service” within the meaning of Section 409A and, for purposes of any such provision of this Agreement, references to a “resignation,” “termination,” “termination of employment” or like terms shall mean “Separation from Service.” For purposes of Section 409A, each payment made under this Agreement shall be designated as a “separate payment” within the meaning of Section 409A. Notwithstanding anything to the contrary herein, except to the extent any expense, reimbursement or in-kind benefit provided pursuant to this Agreement does not constitute a “deferral of compensation” within the meaning of Section 409A, (x) the amount of expenses eligible for reimbursement or in-kind benefits provided to Executive during any calendar year will not affect the amount of expenses eligible for reimbursement or in-kind benefits provided to Executive in any other calendar year, (y) the reimbursements for expenses for which Executive is entitled to be reimbursed shall be made on or before the last day of the calendar year following the calendar year in which the applicable expense is incurred and (z) the right to payment or reimbursement or in-kind benefits hereunder may not be liquidated or exchanged for any other benefit.
(m) **No Mitigation.** Executive shall not be required to mitigate the amount of any payment provided pursuant to this Agreement by seeking other employment or otherwise and the amount of any payment provided for pursuant to this Agreement shall not be reduced by any compensation earned as a result of subsequent employment of Executive following the termination of his employment hereunder.

(o) **Resignation as Member of Board.** If Executive’s employment with the Company is terminated for any reason, Executive hereby agrees to resign, as of the date of such termination and to the extent applicable, as a member of the Board (and any committees thereof), the board of directors of Global Holdings (and any committees thereof) and the board of directors or managers (and any committees thereof) of any of the Company’s Affiliates.

(o) **Arbitration.** Any controversy, dispute, or claim arising out of, in connection with, or in relation to, the interpretation, performance or breach of this Agreement, other than injunctive relief under Section 9 hereof, shall be settled exclusively by arbitration conducted in Seattle, Washington, by and in accordance with the applicable rules of the American Arbitration Association (the “Rules”). Each of the parties hereto agrees that such arbitration shall be conducted by a single arbitrator selected in accordance with the Rules; provided that such arbitrator must be experienced in deciding cases concerning the matter which is the subject of the dispute. Each of the parties hereto agrees to treat as confidential the results of any arbitration (including, but not limited to, any findings of fact and/or law made by the arbitrator) and not to disclose such results to any unauthorized person. The parties intend that this agreement to arbitrate be valid, enforceable and irrevocable. With respect to any arbitration hereunder, each party shall pay its own legal fees and expenses; provided that (i) the Company shall pay the reasonable legal fees and expenses of Executive if the arbitrator determines there was no reasonable basis for the Company’s claim or position, and (ii) Executive shall pay the reasonable legal fees and expenses of the Company if the arbitrator determines there was no reasonable basis for Executive’s claim or position; provided, further, that the parties agree to share the cost of the arbitrator’s fees in any event.
Modification. No change, modification or waiver of any provision of this Agreement shall be valid unless the same is in writing and signed by the parties hereto.

Defined Terms. For purposes of this Agreement, the following capitalized terms shall have their respective meanings set forth below:

(i) “Affiliate” shall mean with respect to any Person, any other Person that controls, is controlled by, or is under common control with such Person. The term “control,” as used in this Agreement, means the power to direct or cause the direction of the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise. “Controlled” and “controlling” have meanings correlative to the foregoing.

(ii) “Beneficial Owner” shall have the meaning given to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act (or any successor rules thereto). For the avoidance of doubt, no stockholder of Global Holdings shall be deemed to “beneficially own” any securities of Global Holdings or any of its subsidiaries held by any other holder of such securities solely by virtue of the provisions of the Partnership Agreement or any stockholders agreement of Global Holdings.

(iii) “Change in Control” shall mean the occurrence in a single transaction or in a series of related transactions, any one or more of the following events on or after the Effective Date:

(A) the sale or disposition, in one or a series of related transactions, of all or substantially all of the assets of Global Holdings and its subsidiaries, taken as a whole, to any “person” or “group” (as such terms are used for purposes of Sections 13(d)(3) and 14(d)(2) of the Exchange Act) other than to any of the Initial Investors or any of their respective Affiliates; or

(B) any person or group, other than any of the Initial Investors or any of their Affiliates, is or becomes the Beneficial Owner, directly or indirectly, of more than fifty percent (50%) of the total voting power of the outstanding voting stock of Holdings, including by way of merger, consolidation or otherwise.

Notwithstanding the foregoing, a transaction or series of related transactions shall not constitute a Change in Control, unless such transaction or series of transactions also constitutes a change in ownership of the Company or Global Holdings within the meaning of Treasury Regulation Section 1.409A-3(i)(5)(v) or a change in the ownership of a substantial portion of the Company’s or Global Holdings’ assets within the meaning of Treasury Regulation Section 1.409A-3(i)(5)(vii).

(iv) “Exchange Act” shall mean the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder, as each may be amended from time to time.

(v) “Initial Carlyle Investors” shall mean Carlyle Partners V, L.P. and any affiliated investment fund.
(vi) "Initial Investors" shall mean Executive, the Initial Carlyle Investors, the Initial Rollover Partners and their respective Affiliates.

(vii) "Initial Rollover Partners" shall mean Getty Investments L.L.C., Cheyne Walk Trust, Ronald Family Trust B, October 1993 Trust and Mark H. Getty.

(c) Survival. Notwithstanding the termination of the Employment Term, the provisions of Sections 6, 7, 8, 9, 10 11, 12(j), 12(l) and 12(o) of this Agreement shall survive any such termination.

Executive agrees, on behalf of [himself/herself], [his/her] agents, assignees, attorneys, successors, assigns, heirs and executors, to, and Executive does hereby, fully and completely forever release the Company and its affiliates, predecessors and successors and all of their respective past and/or present officers, directors, partners, members, managing members, managers, employees, agents, representatives, administrators, attorneys, insurers and fiduciaries in their individual and/or representative capacities (collectively, the "Released Parties"), from any and all grievances, claims, demands, causes of action, obligations, damages and/or liabilities of any nature whatsoever, whether known or unknown, suspected or claimed, which Executive ever had, now has, or claims to have against the Released Parties, by reason of any act or omission occurring before the date hereof and involving or arising out of Executive’s employment by the Company or the termination thereof, including, without limiting the generality of the foregoing, (a) any act, cause, matter or thing stated, claimed or alleged, or which was or which could have been alleged in any manner against the Released Parties prior to the execution of this Agreement, (b) all claims in connection with or in relation to Executive’s employment or other service relationship with the Company, the termination of such relationship and any applicable employment, benefit, compensatory or equity arrangement with the Company or its affiliates (each, a "Claim"), provided that nothing contained in this Agreement shall affect Executive’s right to enforce this Agreement or Executive’s entitlement (if any) under the Equity Documents or the Option Agreements, as defined in the Employment Agreement, which will remain in full force and effect. Without limiting the generality of the foregoing, Executive expressly releases the Released Parties from any and all claims (including but not limited to claims for wages, benefits, discrimination, harassment and/or retaliation), under Title VII of the Civil Rights Act of 1964, as amended, the Civil Rights Act of 1991, as amended, the Fair Labor Standards Act of 1938, as amended, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act, the Rehabilitation Act of 1973, the Family and Medical Leave Act of 1992, the Employee Retirement Income Security Act of 1974, the Older Workers Benefit Protection Act of 1990, the National Labor Relations Act, the Equal Pay Act, and any and all claims for wrongful discharge, breach of contract, fraud, misrepresentation, intentional infliction of emotional distress, defamation, assault, battery, false imprisonment, interference with contractual or advantageous relationship, any and all claims relating to compensation, benefits or equity, and any and all claims arising out of any actual or alleged contract of employment, whether written, oral, express or implied, or any other federal, state or local civil or human rights or labor law, ordinances, rules, regulations, guidelines, statutes, common law, contract or tort law, or arising out of or relating to Executive’s employment with and/or separation from the Company, and/or any events occurring prior to the execution of this Agreement. Executive expressly understands and agrees that the Company’s obligations under this Agreement are in lieu of any and all other amounts to which Executive may be, is now, or may become entitled to receive from any of the Released Parties upon any claim whatsoever, including but not limited to any claim for employment, reinstatement of employment, payment for salary, back pay, front pay, interest, bonuses, contributions to or vesting in any employee benefit or equity incentive plan, program or arrangement, damages, accrued vacation, accrued sick leave, medical benefits, life insurance coverage, overtime, severance pay, and/or attorneys’ fees or costs, except as are expressly set forth in this Agreement.

Executive warrants that [he/she] has not made any assignment, transfer, conveyance or alienation of any potential claim, cause of action, or any right of any kind whatsoever as it relates to any Claim, including but not limited to, potential claims and remedies for discrimination, harassment, retaliation, or wrongful termination, and that no other person or entity of any kind has had, or now has as to any Claim, any financial or other interest in any of the demands, obligations, causes of action, debts, liabilities, rights, contracts, damages, costs, expenses, losses or claims which could have been asserted as to such Claim by Executive against the Company. Executive also warrants that [he/she] has not filed any action, complaint, charge, grievance or arbitration against any of the Released Parties with respect to any Claim.
6. Executive hereby agrees not to defame or disparage the Company or any of its affiliates or any director, officer or employee of the Company or any of its affiliates in any medium to any person without limitation in time. FIRST AMENDMENT TO
EMPLOYMENT AGREEMENT
NATE GANDERT

THIS AMENDMENT (this “Amendment”) is entered into as of April 1, 2020 by and between Getty Images (Seattle), Inc., a Washington corporation (the “Company”), and Nate Gandert (the “Executive”).

WHEREAS, the Executive is currently party to that certain employment agreement with the Company, dated as of June 1, 2016 (the “Employment Agreement”);

WHEREAS, the Company and the Executive desire to enter into this Amendment to amend certain terms of the Employment Agreement; and

WHEREAS, capitalized terms that are not defined herein shall have the same meaning as set forth in the Employment Agreement, unless specified to the contrary.

NOW THEREFORE, in consideration of the foregoing, the mutual promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

12. Section 3(a) of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(a) Base Salary. During the Employment Term, the Company shall pay Executive a base salary. For a period ending April 30, 2020, the Company paid/will pay Executive a base salary at an annual rate of $493,782 (the “Base Salary”). During the Employment Term and commencing May 1, 2020 (the “Effective Date”), the Company shall pay Executive a base salary at an annual rate of $345,647 (the “Modified Salary”), payable in regular installments in accordance with the Company’s usual payroll practices. The adjustment from Base Salary to Modified Salary is intended to be an extraordinary and temporary measure to address the potential global economic impact of COVID-19. The Modified Salary shall revert to the Base Salary, in whole or in part, at such time as the Company, acting reasonably, determines that such reduction is no longer necessary, which shall be reviewed at least once per month during the time that the Modified Salary is in effect. The Company agrees that it shall not unnecessarily maintain the Modified Salary beyond the extraordinary events caused directly or indirectly by COVID-19. The Board shall review the Executive’s Base Salary at least once per annum. For the avoidance of doubt, the Company shall have no obligation to make any payments to Executive in connection with the reduction of the Base Salary to the Modified Salary.”

13. Section 3(b) of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(b) Annual Bonus. During the Employment Term, Executive shall be eligible to earn an annual cash bonus award (the “Annual Bonus”) in respect of each full fiscal year of the Company for which she is employed, in a target amount equal to 50% of the Base Salary (the “Target Bonus”), based upon the achievement of the performance goals established by the Compensation Committee of the Board (the “Compensation Committee”), or, if no such committee exists, the Board, within the first three (3) months of each fiscal year during the Employment Term. The Annual Bonus, if any, shall be paid to Executive in the calendar year following the year in which the bonus was earned and after the completion of the consolidated financial audit of Getty Inc. and its Affiliates, as applicable, for the applicable year, but in no event later than March 15 of the year following the year in which the bonus was earned.”
14. Clause (d) in the first sentence of Section 6 of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(d) Executive shall continue to receive payments of Modified Salary and participate in the Employee Benefits.”

15. Section 6(a)(iii)(A) of the Employment Agreement is hereby deleted in its entirety and replaced with the following:

“(A) the Modified Salary through the date of termination, payable on the normal payroll date for such Modified Salary;”

16. For greater clarity, except as specifically provided herein, all compensation and benefits provided to the Executive that are calculated by reference to the Base Salary shall continue to be calculated by reference to the Base Salary, including but not limited to life insurance and critical illness benefits.

17. This Amendment constitutes Executive’s written consent to the reduction of the Base Salary to the Modified Salary, such that such action is not Good Reason under the Employment Agreement.

18. Remaining Provisions. Except as expressly modified by this Amendment, the Employment Agreement shall remain in full force and effect. This Amendment and the Employment Agreement embody the entire agreement and understanding of the parties hereto with respect to the subject matter hereof, and supersede all prior and contemporaneous agreements and understandings, oral or written, relative thereto.

19. Governing Law. This Amendment and all claims, causes of action or proceedings (whether in contract, in tort, at law or otherwise) that may be based upon, arise out of or relate to this Amendment will be governed by the internal laws of the State of Washington, excluding any conflicts or choice-of-law rule or principle that might otherwise refer construction or interpretation of this Amendment to the substantive law of another jurisdiction.

20. Amendment Effective Date. This Amendment shall be effective as of the Effective Date.

21. Counterparts. This Amendment may be executed in more than one counterpart, each of which shall be deemed to be an original but all of which together will constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the Effective Date.
